THE COLLECTIVE MIND OF THE COMMUNISTS
FINALLY AND COMPLETELY EXPOSED

In the 1950s the Second Red Scare came into being. Today we need to expose the results of the Socialists’ almost complete take-over of the Nation.

“ Enemies from Within”: Senator Joseph R. McCarthy’s Accusations of Disloyalty—Anticommunist crusader Senator Joseph R. McCarthy stepped into national prominence on February 9, 1950 -- McCarthy, in a speech at Wheeling, West Virginia, mounted an attack on Truman’s foreign policy agenda by charging that the State Department and its Secretary, Dean Acheson, harbored “traitorous” Communists.
(http://historymatters.gmu.edu/d/6456)

Speech (part) of Joseph McCarthy, Wheeling, West Virginia, February 9, 1950

“The great difference between our western Christian world and the atheistic Communist world is not political, gentlemen, it is moral. For instance, the Marxian idea of confiscating the land and factories and running the entire economy as a single enterprise is momentous. Likewise, Lenin’s invention of the one-party police state as a way to make Marx’s idea work is hardly less momentous.

Stalin’s resolute putting across of these two ideas, of course, did much to divide the world. With only these differences, however, the east and the west could most certainly still live in peace.

The real, basic difference, however, lies in the religion of immoralism . . . invented by Marx, preached feverishly by Lenin, and carried to unimaginable extremes by Stalin. This religion of immoralism, if the Red half of the world triumphs—and well it may, gentlemen—this religion of immoralism will more deeply wound and damage mankind than any conceivable economic or political system.

Karl Marx dismissed God as a hoax, and Lenin and Stalin have added in clear-cut, unmistakable language their resolve that no nation, no people who believe in a god, can exist side by side with their communistic state.

Karl Marx, for example, expelled people from his Communist Party for mentioning such things as love, justice, humanity or morality. He called this “soulful ravings” and “sloppy sentimentality.” . . .

Today we are engaged in a final, all-out battle between communistic atheism and Christianity. The modern champions of communism have selected this as the time, and ladies and gentlemen, the chips are down—they are truly down.”
The truth of his RED SCARE accusations/statements is becoming terrifyingly clear as we see this country each day losing on every front. Today we are being hit in the face by the Socialist’s religion of immoralism which today we call it “SATANISM”. “McCarthyism” could have saved us: “Are you now, or have you ever been, a member of the Communist party?” But McCarthy forgot the fact that all communists will lie to protect themselves from exposure –remember they are immoral? Today they have re-labeled themselves into names such as Liberals, and Progressives with help from the socialist media

THE MAJOR REASON MCCARTHY FAILED IS THAT HE NEVER FULLY EDUCATED THE PUBLIC!!!

He never wrote about the horror and slavery that they would surely face, if the Communists fully created the NEW WORLD ORDER.

FEAR ALONE NEVER WORKS WITHOUT KNOWING WHY YOU SHOULD FEAR.

WHAT HAS SOCIALISM GOTTEN US TODAY -- IF NOT POVERTY, MISERY, ILLNESSES, DISEASES, WAR, DEATH, DESTRUCTION AND GENOCIDE?

Why is the creature known as a liberal/progressive/communist/socialist different than us?

To know the soul or the true source of his being is to know him, to his very foundation.

The key to the mind and soul of a communist, progressive or liberal, etc., has been found -- IT IS HIS COLLECTIVE MENTALITY OR "COLLECTIVISM".

By knowing what makes him foreign to our way of thinking, gives you the key to defeating him in society.

PLEASE NOTE- THE LABELS OR NAMES: LIBERAL/PROGRESSIVE/COMMUNIST/SOCIALIST/MARXIST/LENINIST DESCRIBE THE SAME MIND, EMOTIONAL STATE, SOUL, CHARACTER AND PERSONALITY AND AGENDA. THEY ARE ALL THE SAME INTERNALLY WHERE THEY LIVE AS A COLLECTIVE ENTITY.
COLLECTIVISM IS THE SOUL OF THE COMMUNISTS/SOCIALISTS.

"COLLECTIVISM: Collectivism is defined as the theory and practice that makes some sort of group rather than the individual the fundamental unit of political, social, and economic concern. In theory, collectivists insist that the claims of groups, associations, or the State must normally supersede the claims of individuals." -- Stephen Grabill and Gregory M. A. Gronbacher

"collectivism ... treats society as if it were a super-organism existing over and above its individual members, and which takes the COLLECTIVE in some form (e.g., tribe, race, or State) to be the primary unit of reality and standard of value." -- Prof. Fred D. Miller HERE

"Collectivism means the subjugation of the individual to a group -- whether to a race, class or State does not matter. Collectivism holds that man must be chained to COLLECTIVE ACTION and Collective thought for the sake of what is called 'the common good'." -- Ayn Rand, HERE http://fare.tunes.org/liberty/library/toptt.html

"Collectivism is a form of anthropomorphism (Attribution of human motivation, characteristics, or behavior to inanimate objects, animals, or natural phenomena). It attempts to see a group of individuals as having a single identity similar to a person. ... Collectivism demands that the group be more important than the individual. It requires the individual to sacrifice himself for the alleged good of the group." -- Jeff Landauer and Joseph Rowlands HERE

"Collectivism requires self-sacrifice, the subordination of one's interests to those of others." -- Ayn Rand, Letters of Ayn Rand

"Collectivism, unlike individualism, holds the group as the primary, and the standard of moral value." -- Mark Da Cunha HERE www.objectivistcenter.org

"G. W. F. Hegel (1770-1831), and Karl Marx (1818-83) ... both viewed political phenomena as the inevitable result of historical processes, and regarded COLLECTIVES as of greater reality and value than their individual members." -- Prof. Fred D. Miller HERE

"COLLECTIVIST ETHICAL PRINCIPLE: MAN IS NOT AN END TO HIMSELF, BUT IS ONLY A TOOL TO SERVE THE ENDS OF OTHERS. Whether those 'others' are a dictator's gang, the nation, society, the race, (the) god(s), the majority, the community, the tribe, etc., is irrelevant -- the point is that man in principle must be sacrificed to others." -- Mark Da Cunha HERE

"Collectivism is the political theory that States that the will of the people is omnipotent, an individual must obey; that society as a whole, not the individual, is the unit of moral value. ... Collectivism is the application of the altruist ethics to politics." -- Dr. Andrew Bernstein, HERE
"The antipode of individualism is collectivism, which subordinates the individual to the group -- be it the 'community,' the tribe, the race, the proletariat, etc. A person's moral worth is judged by how much he sacrifices himself to the group. [Under collectivism] the more emergencies (and victims) the better, because they provide more opportunity for 'virtue'." -- Glenn Woiceshyn http://capitalismmagazine.com/

"Collectivism is the doctrine that the social Collective -- called society, the people, the State, etc. -- has rights, needs, or moral authority above and apart from the individuals who comprise it. We hear this idea continually championed in such familiar platitudes as 'the needs of the people take precedence over the rights of the individual,' 'production for people, not profits,' and 'the common good.'

"Collectivism often sounds humane because it stresses the importance of human needs. IN REALITY, IT IS LITTLE MORE THAN A RATIONALIZATION FOR SACRIFICING YOU AND ME TO THE DESIRES OF OTHERS." -- Jarret B. Wollstein in The Causes of Aggression, HERE http://www.isil.org/resources/lit/causes-aggression.html

"Don't forget that pure democracy is a form of collectivism -- it readily sacrifices individual rights to majority wishes. Since it involves no constitutional bill of rights, or at least, no working and effective one, the majority-of-the-moment can and does vote away the rights of the minority-of-the-moment, even of a single individual. This has been called 'mob rule,' the 'tyranny of the majority' and many other pejorative names. It is one of the greatest threats to liberty, the reason why America's founding fathers wrote so much so disparagingly of pure democracy." -- Bert Rand http://freedomkeys.com/collectivism.htm#pd

"A social system is a code of laws which men observe in order to live together. Such a code must have a basic principle, a starting point, or it cannot be devised. The starting point is the question: Is the power of society limited or unlimited?

"Individualism answers: The power of society is limited by the inalienable, individual rights of man. Society may make only such laws as do not violate these rights.

"Racism is the lowest, most crudely primitive form of collectivism. It is the notion of ascribing moral, social or political significance to a man's genetic lineage -- the notion that a man's intellectual and characterological traits are produced and transmitted by his internal body chemistry. Which means, in practice, that a man is to be judged, not by his own character and actions, but by the characters and actions of a Collective of ancestors. [...] When men began to be indoctrinated once more with the notion that the individual possesses no rights, that supremacy, moral authority and unlimited power belong to the group, and that a man has no
significance outside his group -- the inevitable consequence was that men began to gravitate toward some group or another, in self-protection, in bewilderment and in subconscious terror. The simplest Collective to join, the easiest one to identify -- particularly for people of limited intelligence -- the least demanding form of "belonging" and of "togetherness" is: race. [...] It is thus that the theoreticians of collectivism, the 'humanitarian' advocates of a 'benevolent' absolute State ... led to the rebirth and the new, virulent growth of racism in the 20th century." -- Ayn Rand in "Racism", HERE http://freedomkeys.com/ar-racism.htm

"The core of racism is the notion that the individual is meaningless and that membership in the Collective -- the race -- is the source of his identity and value. ... The notion of 'diversity' entails exactly the same premises as racism -- that one's ideas are determined by one's race and that the source of an individual's identity is his ethnic heritage." -- Peter Schwartz in "The Racism of 'Diversity'," HERE http://capitalismsmagazine.com/2003/12/the-racism-of-diversity-2/

"Primitive communism ... once existed among all peoples and still survives in many uncivilized countries. All production in this stage of society is under the direction of chiefs or councils of elders. No individual responsibility exists." -- George Winder, HERE http://freedomkeys.com/economies.htm

INDIVIDUALISM IS THE ENEMY OF COLLECTIVISM

"Individualism is at once an ethical-psychological concept and an ethical-political one. As an ethical-psychological concept, individualism holds that a human being should think and judge independently, respecting nothing more than the sovereignty of his or her mind; thus, it is intimately connected with the concept of autonomy. As an ethical-political concept, individualism upholds the supremacy of individual rights ..." -- Nathaniel Branden HERE http://www.fff.org/freedom/1194e.asp

"INDIVIDUALISM: The term 'individualism' has a great variety of meanings in social and political philosophy. There are at least three types that can be distinguished: (1) ontological individualism (Of or relating to essence or the nature of being ), (2) methodological (The branch of logic that deals with the general principles of the formation of knowledge) individualism, and (3) moral or political individualism. Ontological individualism is the doctrine that social reality consists, ultimately, only of persons who choose and act. Collectives, such as a social class, State, or a group, cannot act so they are not considered to have a reality independent of the actions of persons. Methodological individualists hold that the only genuinely scientific propositions in social science are those that can be reduced to the actions, dispositions, and decisions of individuals. Political or moral individualism is the theory that individuals should be left, as far as possible, to determine their own futures in economic and moral matters. Key thinkers include Ludwig von Mises, Friedrich Hayek, Milton Friedman, Robert Nozick, John Locke, and Herbert Spencer." -- Stephen Grabill and Gregory M. A. Gronbacher HERE
"The foundation of individualism lies in one's moral right to pursue one's own happiness. This pursuit requires a large amount of independence, initiative, and self-responsibility.

"But true individualism entails cooperating with others through trade, which facilitates the pursuit of each party's happiness, and which is carried out not just on the level of goods but on the level of knowledge and friendship. Trade is essential for life; it provides one with many of the goods and values one needs. Creating an environment where trade flourishes is of great importance and great interest for the individualist.

"POLITICALLY, TRUE INDIVIDUALISM MEANS RECOGNIZING THAT ONE HAS A RIGHT TO HIS OWN LIFE AND HAPPINESS. BUT IT ALSO MEANS UNITING WITH OTHER CITIZENS TO PRESERVE AND DEFEND THE INSTITUTIONS THAT PROTECT THAT RIGHT." -- SHAWN E. KLEIN

"Individualism regards man -- every man -- as an independent, sovereign entity who possesses an inalienable right to his own life, a right derived from his nature as a rational being. Individualism holds that a civilized society, or any form of association, cooperation or peaceful co-existence among men, can be achieved only on the basis of the recognition of individual rights -- and that a group, as such, has no rights other than the individual rights of its members." -- Ayn Rand

"Individual rights are the means of subordinating society to moral law." -- Ayn Rand

"Individual rights are not subject to a public vote; a majority has no right to vote away the rights of a minority; the political function of rights is precisely to protect minoritites from oppression by majorities (and the smallest minority on earth is the individual)." -- Ayn Rand

"National Socialism is what Marxism might have been if it could have broken its absurd and artificial ties with the democratic order." -- Adolph Hitler to Rauschning, The Voice of Destruction, pg. 186

"The unity of a nation's spirit and will are worth far more than the freedom of the spirit and will of an individual; and that the higher interests involved in the life of the whole must here set the limits and lay down the duties of the interests of the individual." -- Adolph Hitler

"To be a socialist is to submit the I to the thou; socialism is sacrificing the individual to the whole." -- Joseph Goebbels, Minister of Propaganda, National Socialist German Workers' ("Nazi") Party
"Fascist ethics begin ... with the acknowledgment that it is not the individual who confers a meaning upon society, but it is, instead, the existence of a human society which determines the human character of the individual. According to Fascism, a true, a great spiritual life cannot take place unless the State has risen to a position of pre-eminence in the world of man. The curtailment of liberty thus becomes justified at once, and this need of rising the State to its rightful position." -- Mario Palmieri, "The Philosophy of Fascism" 1936

"Comrades! We must abolish the cult of the individual decisively, once and for all." -- Soviet Premier Nikita S. Khrushchev, addressing the 20th Congress of the Soviet Communist Party, 2-25-56

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. --That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness." -- Jefferson et al, The Declaration of Independence

"Individualism is a concept which the advocates of most political systems try desperately to avoid. They'd prefer that political contests, debates and symposia were limited to answering loaded questions such as, 'WHICH type of powerful government should we have?', 'WHICH type of dictatorship do you tend to prefer?', 'WHAT KINDS of intrusiveness should government engage in?' and, 'WHICH type of control freaks are best suited to run your life for you?' ... They often get upset, even hysterical, if you point out that socialism, fascism, communism and mixed-economy welfare-Staters have a lot in common.¹ They carry on and on as if non-essentials such as style(!) or WHAT anybody sacrifices individual rights in the name of (the master race, the proletariat, the society, the common good, the majority, the country, the fatherland, the motherland the brother-in-law-land, the revered leader or savior or god or whatever) is a big freakin' deal, especially as only in their particular fantasies do they imagine everyone, the enforcers and even their victims, acting forever polite and cooperative in the sacrifice-extracting rituals (as have many fledgling and would-be dictators, including the incredibly bloody Pol Pot at first)." -- Rick Gaber

Statism

"Collectivism holds that the individual has no rights, that his life and work belong to the group (to "society," to the tribe, the state, the nation) and that the group may sacrifice him at its own whim to its own interests. The only way to implement a doctrine of that kind is by means of brute force -- and statism has always been the political corollary of collectivism." -- Ayn Rand, HERE

"State-mandated compassion produces, not love for one's fellow man, but hatred and resentment. The breakdown of 'basic civility' and the rise of the welfare State occur concurrently." -- Lizard http://web.archive.org/web/20030216084545/users.rcn.com/lizard.dnai/

"The Nazis are well remembered for murdering well over 11 million people in the implementation of their slogan, 'The public good before the private good,' the Chinese Communists for murdering 62 million people in the implementation of theirs, 'Serve the people,' and the Soviet Communists for murdering more than 60 million people in the implementation of Karl Marx's slogan, 'from each according to his ability, to each according to his needs.' Anyone who defends any of these, or any variation of them, on the grounds of their 'good intentions' is an immoral (NOT 'amoral') enabler of the ACTUAL (not just the proverbial) road to hell." -- Rick Gaber http://freedomkeys.com/selfishness.htm#utopians

"If men want to oppose war, it is statism that they must oppose. So long as they hold the tribal notion that the individual is sacrificial fodder for the Collective, that some men have the right to rule others by force, and that some (any) alleged 'good' can justify it -- there can be no peace within a nation and no peace among nations." -- Ayn Rand, The Roots of War http://www.freedomkeys.com/ar-rootsofwar.htm

"Comrades! We must abolish the cult of the individual decisively, once and for all." -- Soviet Premier Nikita S. Khrushchev, addressing the 20th Congress of the Soviet Communist Party, 2-25-56

"The unity of a nation's spirit and will are worth far more than the freedom of the spirit and will of an individual; and that the higher interests involved in the life of the whole must here set the limits and lay down the duties of the interests of the individual." -- Adolph Hitler

"We need to stop worrying about the rights of the individual and start worrying about what is best for society." -- Hillary Clinton

"...we understand only the individual's capacity to make sacrifices for the community, for his fellow men." -- Adolf Hitler, 10-7-33
"We’re going to take things away from you on behalf of the common good." -- Senator Hillary Rodham Clinton, June 28, 2004.

"To be a socialist is to submit the I to the thou; socialism is sacrificing the individual to the whole." -- Joseph Goebbels, Minister of Propaganda, National Socialist German Workers' ("Nazi") Party

"What, actually, is the difference between communism and fascism? Both are forms of statism, authoritarianism. The only difference between Stalin’s communism and Mussolini’s fascism is an insignificant detail in organizational structure." -- Leonard E. Read

"Racism, as a set of beliefs based upon the arbitrary assertion that the content of one's mind and one's character are inherited and unchangeable, is something I can demonstrate to be complete and total bullshit just from my own personal experience. You see, I disagree with more than half the teachings of my own parents, and probably 90% of my other ancestors. And I'm a cheerful, friendly optimist, while the vast majority of them have been cynical, suspicious pessimists. The only people who can consistently claim racism could be valid are those people who agree with and act like their parents and ancestors 100% of the time, have accepted everything they believe on blind faith, and have done absolutely no thinking, let alone corroborating, of their own. Who in their right minds would ever want to take seriously whatever such a pathetic creature has to say anyway?" -- Rick Gaber

"I have often lamented that with the collapse of the Soviet bloc, the forces of liberalism did not spend nearly enough time ruthlessly driving intellectual stakes through the hearts of all those who supported the 'Evil Empire' or preached appeasement or claimed that the Soviet system was 'just another way of living' rather than a mass murderous tyranny." -- Perry de Havilland

"Most modern intellectuals congratulate themselves for having achieved the allegedly momentus insight that capitalism and altruism are ultimately incompatible. Yet they're still too damned ignorant to realize, or too damned stubborn to acknowledge, that altruism is definitely NOT the only moral code available to mankind; it is, in fact, the bloodiest and most regressive one of all. Such stunted thinking on the part of the intelligentsia has resulted in their committing the intellectual atrocity of rejecting the capitalism and freedom instead of the altruism and coercion." -- Rick Gaber http://freedomkeys.com/paradox.htm#pcdt

"The three values which men held for centuries and which have now collapsed are: mysticism, collectivism, altruism. Mysticism -- as a cultural power -- died at the time of the Renaissance. Collectivism -- as a political ideal -- died in World War II. As to altruism -- it has never been alive. It is the poison of death in the blood of Western civilization, and men survived it only to the extent to which they neither believed nor practiced it. ..." -- Ayn Rand
"[Altruism] is a moral system which holds that man has no right to exist for his own sake, that service to others is the sole justification of his existence, and that self-sacrifice is his highest moral duty, value and virtue. This is the moral base of collectivism, of all dictatorships." -- Ayn Rand

"Republicans don't know how to defend morally an individual's right to achieve wealth and to keep it, and that is why they fail. ... It's part and parcel with their ambivalence over the individualist heritage of the nation. ... One of the things that people have to understand is that the American Revolution was truly an epic revolution in the way individuals were perceived in relation to the rest of the society. Throughout history individuals had always been cogs in some machine; they'd always been something to be sacrificed for the king, the tribe, the gang, the chieftain, the society around them, the race, whatever, and the real revolution, in America especially, was a moral revolution. It was a moral revolution in that ... suddenly, with the Declaration of Independence and the Constitution, the individual, his life, his well-being, his property, his happiness became central to our values, and that is what really made America unique. People came here from all over the world to try to escape the kind of oppression they had and experienced in the past. They came here for freedom; they came here for self-expression and self-realization, and America offered them that kind of a place." -- Robert Bidinotto

"Collectivism, as an intellectual power and a moral ideal, is dead. But freedom and individualism, and their political expression, capitalism, have not yet been discovered." -- Ayn Rand

"It is not as late as you think. It is merely early -- in the age of the rebirth of individualism." -- Ayn Rand

All the property of this country now belongs to the state and will be used for the good of the state. -- FDR, 1933

"The socialists believe the best way to change a culture, a civilization, a way of thinking, is to infiltrate and begin to move as a member of the aristocracy, as a member of that group and infiltrate from within and use those principles. ... The concept of infiltrating and changing from within is the socialist mentality to get where you want to go."

-- Ted Flynn, author of 'Hope of the Wicked'
"Ideas are more powerful than guns. We would not let our enemies have guns, why should we let them have ideas?" -- Joseph Stalin

“Democracy is indispensable to Socialism.”
-- V. I. Lenin

"A lie told once remains a lie but a lie told a thousand times becomes the truth".
-- Joseph Goebbels (Hitler's propaganda minister)

"A nation...cannot survive treason from within...the traitor ...wears the face of his victims,...and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation— he works secretly...he infects the body politic so that it can no longer resist. A murderer is less to be feared......." Cicero, 42 B.C.E.

The agenda, and the mental and social behavior of: A Communist, Socialist, Liberal, Progressive, Marxist,
Leninist, etc., or any combination of the these, is only understood, by knowing what they have in
common mentally and emotionally and in what they want and believe in:

They are a danger to us by their most common beliefs:

Anti-Self Defense, Anti-Second Amendment, Anti-Constitution, Anti-[Real] Constitutional History, Anti-
Family Values, Anti-Business, Pro-Big Government, Pro-New World Order, Pro-Criminals, Anti-Natural
Nutrients, Pro-Excessive Taxation, Pro-Excessive Federal Regulations, Pro-Abortion Or Anti-Life, Anti-
Real Causes Of Illnesses And Pro-Symptom Cures, Anti-Natural Doctors And Pro-Symptom Doctors, Anti-

Perversion, Pro-Bestiality, Etc., And Etc..

THEY THINK THE SAME, THEY ACT AND BEHAVE THE SAME AND THEY ARE THE SAME, NO MATTER
WHAT NEW NAMES THEY USE.

ALL Socialists (aka - Liberals, Progressives etc.) are part of the “COLLECTIVE” - in mind, body and
soul!

THE CRIME OF BEING A LIBERAL (SOCIALIST)

WRITTEN BY EDGARD NEGRON

The purpose of writing this file is for the Americans of all colors and nationalities, sovereigns,
non-sovereigns, dejure grand jury, and all patriots to know how to spot, disconnect from, avoid,
refuse to befriend them, refuse to talk to them, help or hire them, report and fire or transfer a
Liberal, from any job, position or office in the new republic.

“If one has the right to communicate, then one must also have the right to not receive
communication from a traitor, or a real and deadly enemy. It is this latter corollary of the right
to communicate that gives us our right to privacy.”

Sun Tzu said: “If you know the enemy and know yourself, you need
not fear the result of a hundred battles. If you know yourself but not
the enemy, for every victory gained you will also suffer a defeat. If
you know neither the enemy nor yourself, you will succumb in every battle.”  http://classics.mit.edu/Tzu/artwar.html

Why should we fire them or avoid them? Because they have selectively chosen to put their own kind in positions of power, and have hired many and infiltrated them in all governments for decades, and because the mind, behavior and purpose of a Liberal is more like that of the criminal mind than yours. These Liberals, Progressives or Socialists are the same person with a different name to keep you off guard. “He is the enemy from within”

You have heard about bleeding heart liberals?

Then you know that they relate more to the criminal, than to the innocent victim.

The Bleeding Heart Liberal's emotions are sensitive to the criminal's needs more than to our needs.

I will list the most obvious attributes, habits and personality traits of the liberal for your education.

I saved the best for last:

1. He wants more government control over our lives.

2. He wants a one world (communist) government, called the New World Order, whose leaders would be the power-elites or the International bankers -- such as the Rothschild dynasty and others of the twelve bloodlines.

3. He wants the elimination of all national borders, which in effect will destroy the customs, language, culture and racial balance of each country.

4. He wants to have only one language for all countries and wants to eliminate all other languages of the world. He feels that the "new world order", only needs just one language. He will use Esperanto or maybe English as the only allowed language for the entire world.

5. He opposes the organic constitution for the major reason that it is designed to limit and control the government and set men free.

6. The liberal, a communist, a progressive, a socialist, a Marxist and a criminal think just about the same. Once you know one you will know them all. The commie wants to rob you of your individuality, property rights, ownership rights, freedom and soul, the sociopathic criminal wants to rob you just as much, of everything he can take.
7. The criminal thinks that property ownership is a fantasy; in his mind he knows that possession of a thing is ownership of a thing. If he can take it, it belongs to him, and the liberal thinks that individual ownership is a crime; because he feels in his heart, that only the government should own everything. So, both feel that you should not own it.

8. He wants elimination of family values. He hates the concept that we should have respect for our elders. That means that respect for your mother and father is un-necessary, because the only one that should take care of you is the government.

9. The liberal wants government wards, in where your children will live and have the wards be their parents.

10. The liberals' morals and ethics are so low, that they feel that immorality is the best way to live. Observe the moral decline of our culture and country, and know it is only the liberal that has done this harm to us.

11. The liberal wants to control what we learn and what he feels we should not learn in our schools. There is a need in their socialist agenda to limit your knowledge of the real world.

12. The elimination of respectful and well behaved children is a goal that they have almost accomplished.

13. The liberal feels that disciplining a child is a crime. He feels that the child should be free to be immoral, disrespectful and sinful if he so desires.

14. The liberal hates private schools. He wants all schools to be under government control and government funded by heavy taxation.

He wants your children to only learn, what the State and Federal government wants your children to learn or not learn. Why? Please read what drives their agenda and mentality –see collectivism.

15. The liberal wants the elimination of all natural vitamins or nutrients. Because he knows that a sick person is not a threat to his agenda, but a healthy person is. Plus he knows that sick people spend lots of money by buying drugs, creating the demand for more State owned health industries and requiring more rules, regulations and collection of more taxes.

16. He wants you to go to a symptom doctor when you get sick, and only receive symptom cures. Liberals have opposed every natural way of curing the real causes of all illnesses.

17. The symptom doctors who are protected by the liberals in the government are opposed to the natural doctors that try to find the true causes of your illness.
18. The symptom doctors who are protected by the liberals in the government, are opposed to you trying to help anyone find their real cause of their illness and will jail you for your humanity.

19. The liberal wants a corporate communist government by absolute rule. The mind of the liberal thinks that he is saving you from yourself. He feels that we are not capable of taking care of ourselves and our family.

20. The liberal attorneys have made STATUTES to ban and/or control, all natural foods, natural vitamins, organic seeds and only allow us to have genetically mutated seeds, to grow our foods with. Today, wheat, rice, flour, canola oil, cotton seed oil, soy oil, corn, tomatoes, and many more foods are all genetically mutated and harmful according to the scientists. It is almost impossible to find packages, bottled or can goods, that don’t have one or more genetically mutated ingredients in it. Plus too many of our foods are made with arsenic and other poisonous chemicals.

21. The liberal attorneys have opposed our attempts to have all food companies, give full and complete disclosure of all ingredients of what we are eating and putting on and in our bodies.

22. The liberals also want just one religion called Satanism (Practiced by the Khazars) to be practiced in the new world order. They have chosen this cult, as your only religion allowed to be practiced.

23. The liberal uses the ignorant votes of minorities for their own agenda. Then they make you think that all democrats support their agenda. They obtained votes by false promises, which is being discovered by minorities and they are now changing more and more and are voting as conservatives and as sovereigns (free men).

24. The liberal man is just as gossipy as a woman, because he enjoys hearing the dirt and spreading the dirt on people. Any secret told in confidence is spread like the wind.

25. The liberal does not believe in God, but only pretends to be religious; he is more likely to be an atheist. See how God and religion has disappeared from our schools, courts and government buildings?

26. Mainly because of the fact that liberals have loose morals, and are very unethical, they are the easiest to bribe. To clean out corruption -- always get rid of the Liberals.

27. Liberals are the first ones to betray any group that is not to their liking. Loyalty to an individual or to a group of individuals of free men and free women is a concept not respected by them.
28. So, by having a disloyal liberal in your employment, you put yourself and the republics at risk.

29. By hiring and/or making friends with a liberal in your job, will cause confusion, and delay of our goals, because their intent is to indoctrinate you to accept their socialist beliefs as true and yours as untrue.

30. A sad fact of criminals is that they do not recognize what they do as evil or bad. The mind of a liberal believes and works the same. To accuse him of any wrong will not penetrate into his conscience or soul. He absolutely believes in the socialist or communist agenda as the best thing for humanity.

31. To try to convert a liberal is a waste of time; it just gives him more time to work on your mind.

32. The liberal is at heart a hypocrite and a murderer, when you find one against your rights of self-protection, they will secretly have a gun. When he is for animal rights, he will secretly eat meat and wear leather and furs, when he is against the life of the fetus and for abortion, he will secretly have many affairs, thus encouraging the killing of more innocents.

33. The bleeding heart liberal does not care, does not sympathize with the victim. Some of them may enjoy the pain caused by a rapist, child molester and murderer to your loved one; because to a communist, one free woman or one man is a threat and needs to be punished. Collectivism teaches them that the life of one or a few means nothing, as long as the Collective survives.

34. The extreme bleeding heart liberal suffers in extreme agony, if the child molester, rapist and murderer suffers the slightest pain, when we put him into the final sleep we call death.

35. Cruel and unusual punishment caused to his best friend, is grounds to sue, institutionalize you and/or jail you, if you dare give the monster he adores, defends, supports, any pain.

36. The liberal media adores criminals and tries to make them famous by buying the movie rights. This is a part of their immoral mentality; they consider him a hero and will seek to make him famous.

37. The liberal does not care to make a movie on decent people, learning to defend themselves against criminals. To a liberal, we are not considered heroes, when we die fighting for and defending our families.

38. All thru out our history as a socialist corporate democracy, the liberal has been the true cause of our enslavement, torment, wars, poverty and major cause of death and illnesses.
If you disagree with these facts, then you need to read more on the socialist agenda.

39. The liberal sincerely believes that patriots, secured party creditors, sovereigns, oath keepers, republicans, and conservatives are the real monsters in the world.

40. The fact is that our minds operate in the exact opposite way, to the way a criminal and liberal minds works.

41. The liberal thinks that the world believes as he does and that is not true. The world is not pro-criminal, anti-self-protection, anti-family values, anti-god, anti-religion, etc and etc. we are the majority and we are the sane ones.

42. Minorities, gays and lesbians cannot be automatically classed as liberals or progressives, or even as communists, they will vote for any democrat that supports their rights. Liberals are the best liars and have convinced these groups to vote for the Democratic Party, where they hide.

43. The two legged animals or things called by these names: communist, liberal, socialist, progressive, Marxist and Leninists etc., always blames the object as the true cause of crime.

He blames the gun and rifle as the reason we have so much crime. He then joins the anti-gun movement because, to blame a living man, is not part of his kind of mentality.

He uses many excuses and reasons why banning the gun, will solve all our crime problems.

But know this as a fact, that the blaming of an object as the cause of a crime is a neurosis. It is a phobia so obsessive that even the sight of a gun, can make these neurotics very sick.

There is no way to change their minds that an object is not dangerous. That an object needs a person to turn it into an evil act.

The object by itself is harmless, it can stay in a closet for a thousand years, and never do an evil act by itself. But that is not understood by any liberal. All he sees is a dangerous object. The ones with a little more sanity, know that the NEW WORLD ORDER cannot survive if the men and women were free to protect themselves from tyranny.

44. To the communist, he thinks that by banning the evil object will save mankind. He truly believes these neurotic thoughts, he does not care that we are being prohibited from being able to defend ourselves. His neurosis is total and dangerous to all sovereigns, and all non-liberals that want the ability for self-defense.

45. When a communist, liberal, or progressives speaks about "we the people", he does not see the people as we do. He sees "we the people" as the mass within the Collective. He does not see the people as we see them as a group of individuals.
We are living beings, we are individualists, we believe in self-reliance, we believe in independence, and we believe in total freedom.

That is a concept and behavior that these sick beings can’t stand.

They want us to be part of the Collective of their idea of "we the people".

By being so dynamic and free minded, they see us as a threat to be destroyed, because we are to them only cells within the Collective and have no right to act, apart from the mass mind of the Collective.

Look back upon the history of these united States, and how all our problems came only from liberals and their anti-social genocidal agenda.

46. The liberal is against big businesses, but in favor of big government. Why is this so? The mind of the communist can only see the State government as the mother corporation and the Federal government as the father corporation.

Any other corporations are suspect and not a part of his idea of the Collective. That is why he wants to tax big businesses to death. Plus the kind of people or employers that create jobs are free thinking individualists, and are very independent minded. These risk takers are not the kind of people that make good communist New World Order slaves.

47. The liberal uses high taxes both as a means to obtain control over the rich and/or successful people, and as a punishment over the businesses that stand out from the Collective.

48. Any living being that stands out as a dynamic being, any that earns more than the masses, is a threat to the Collective and must be taxed and selected for tax punishment.

To the mind of a liberal, this kind of business or man or woman, is viewed as an enemy, and not cut out to be a cell within the Collective.

You don’t have to watch Glenn Beck or Judge Napolitano every night to see and understand the need to believe in what I am trying to teach you.

If you have studied sovereignty, and our history, you will know and believe in what I say. These sick beings are dangerous to our survival, as free and sovereign individuals, as a Nation and as the Republics.

The names we use to describe the commie liberal, bleeding heart liberal, progressive, fascist, communist, socialist, Marxist, are not what we need to learn or worry about, the labels or names by which they call themselves, are not a problem. It is the way their insect hive like
mind, personality and character works, that we need to study and learn about and exposed to the people.

So if we are to protect the republics, we need to spot, report and fire or transfer, all liberals that have important positions, or are placed in jobs that can hurt us. In order for us to retain our new won freedoms, he needs to be replaced with a sovereign immediately.

**QUESTION:** Why should an employer hire the very type of people that want to destroy all businesses by excessive taxation, and over regulations only designed to kill a business, so that the only remaining employer will be the One World Government?

To employ a communist/socialist/liberal/progressive in your place of business, is like permitting a child molester to rent a room, right next to your daughter's room. He will betray all that you stand for, and poison the minds of your loyal workers against you.

The entrepreneur, the risk taker, the inventor, the mom and pop store owners, the tradesmen, the business men and women of a nation, is the life blood of that nation. If you punish them with extremely high taxes for wanting to succeed, you kill them and the prosperity of the Nation and reduce the amount of jobs. Success is not a crime and success is not evil as the communists/socialists would have you believe.

This is a fact -- Only a small minority of a Nation creates jobs, freedom and prosperity – These INDIVIDUALS OF THE NATION, are the strength and hope of the world. The MASSSES OR THE WORKERS, do not create jobs, only a small percentage of humanity has the drive, ambition, determination, inventiveness, genius, inspiration, and guts etc., to succeed. But it is these special living souls that the Commie hates, and wants destroyed. These SPECIAL living souls are always the target of the Commie, because he alone can create a brand new and better future for humanity.

The Socialist New World Order Corporate Government can only create slavery and death.

Mark my words -- he will destroy us and will oppose us in every way that he can. He must be neutralized by being fired and/or transferred to a less important position, where he can do us no harm.

One further thing to know about liberals -- they come in all colors, all nationalities and can be born of any religion. You will only spot them when you know what makes him tic.

Here is the best for the last. Liberals, progressives, communists, socialists etc., are not numerous in the world. They may seem to be, but only because they may control a country, industry, or a large business, and thereby you would think that the total population might be socialists. Not so!!!
They are less in number worldwide than the total people in prison in the world or far less than one percent of the world. But because the socialist International Bankers, Cabal, Illuminati, The 12 bloodlines, etc., have put them in positions of power and influence, they are able to control the government or news media, or Unions etc., and take it over, like they are doing in European countries; where the HIVE INSECTS act openly as Communists and/or Socialists.

There are no accurate counts possible about who has the real Hive/Collective Mentality of a true Socialist, because some people or democrats have no idea what a real Socialist or Communist is, and may falsely claim to be a Liberal or Progressive.

But here is another fact; the HIVE/COLLECTIVE MENTALITY is weak and easily broken. It is easy to hurt them emotionally and mentally. You have just learned the first step in order to be able to destroy the mind of the commie.

The Collective mind subconsciously considers himself to be a “CELL” within the greater collective mind. But to consciously realize that he/she is now a cell outside of a Collective is insanity to a Commie. Their strength comes from without and ours comes from within ourselves.

With proper exposure of the HIVE INSECTS in the media, we could theoretically start a mass suicide of Liberals. But we would not want them to do that—would we? They are so weak individually and collectively also, as to be easily defeated.

Remember they have a “WE”, “WE ARE” personality, and we have an “I”, “I AM” personality.

The “I AM” is stronger because it can survive by its self, whereas, the HIVE INSECT we call Liberal cannot survive in his own mind by Himself.

Solitary confinement can destroy a commie a lot faster than us. When a commie really is made to believe he is completely alone, and not wanted or appreciated, he rapidly goes down an emotional and mental decline far worse than any of “I AM” people would.

The “WE”, and “WE ARE” HIVE mind needs a lot of social interaction, and acceptance from others, and can be hurt when we kick him/her out of all our society or social interactions, by exposing him/her true genocidal One World Order agenda to the world and general population.

Their strength in the public’s view comes from believing that they are NOT alone in the world. But their numbers tell another story of inferiority in numbers. They need to feel numerous or else they live in constant worry.

Liberals are not made by society, they are born with the subconscious need to belong to a group, and feel scared, threatened and terrified when you expose them as a small group of sick beings.
Their hatred of God and religions is the reason why God and religions are banned in our schools, businesses with government contracts, and in the courts. The fact is they are a very small Godless minority in the world. And they take their false emotional and mental strength from thinking that the workers of the world think as they do, which is totally false.

The Godless Commie Hive Mind is very weak and needs secrecy to infiltrate and quietly take over a group, City, State or Federal government.

Faith to us is a source of strength, a source of goodness, love, generosity, and charity and compassion. But faith cannot grow in soil that is evil, Godless and soulless. The commie has NO inner strength; he has absolutely NO spiritual strength, he will easily destroy his own kind, just as fast as they have destroyed the world.

Satanists have no love, no loyalty, no honesty, no integrity, because Satanists are completely self-interested just exactly like any other criminal.

Think how a violent criminal has no respect or love for anyone, including other criminals. A criminal will betray anyone if he thinks he can take anything he wants from that person. A Commie acts the same way, he will betray or kill everyone for any reason if it is best for the Collective.

When they are totally exposed, their nightmare will begin. Exposure and the TRUTH of their real agenda is their weak point.

So, the more you educate the people about these Sociopathic Socialists (The “SS”), the better we will be.

The Commie is basically an ANTI-SOCIAL PERSONALITY, because a small part of his/her agenda is to kill the special drive and ambition of all men, and force them to give up their individuality and accept the enslavement of being a “CELL” or brain-washed slave within the greater collective.

I make no claim to want to slap their wrists, or to forgive them their countless attempts of genocide, to downsize the world to get a manageable New World Order population. Nor do I make any claims to want them punished as they should be. I am here to supply you with the truth of what they are and what they have done to us, and what they believe in. It is up to you to counter and safeguard yourselves from now on. But it is best not to put commies together in prison; they should be put with the general criminal population so that they can feel at home with similar minds.

But if we are to succeed and never again give power to any Commie, we MUST have them registered and their whereabouts always known.
The Commie has the ability to lie and destroy a Nation and must always be recognized and the public must always be aware of who he/she is, what he/she is and where he/she is at all times.

Commie registration and violent criminal registration makes more sense, than gun registration; because only people can be evil and never an object.

One last FACT: Some Commies will claim that they are innocent of any crime. But within this eBook it proves that their agenda is itself a criminal AND/OR ANTI-SOCIAL act towards all of us.

So I ask each and every one of you: What part of their genocidal agenda is not anti-social? And what part of their agenda has never hurt us?

[Anti-Self Defense, Anti-Second Amendment, Anti-Constitution, Anti-Real Constitutional History, Anti-Family Values, Anti-Business, Pro-Big Government, Pro-New World Order, Pro-Criminals, Anti-Natural Nutrients, Pro-Excessive Taxation, Pro-Excessive Federal Regulations, Pro-Abortion Or Anti-Life, Anti-Real Causes Of Illnesses And Pro-Symptom Cures, Anti-Natural Doctors And Pro-Symptom Doctors, Anti-God, Anti-Religion, Pro-Godless Cults, Anti-Patriotism, Pro-Corruption, and Pro-Immorality, Pro-Perversion, Pro-Bestiality, Etc., And Etc..]

As far as I am concerned, the CRIME OF BEING A LIBERAL (SOCIALIST) IS VERY REAL. They are all guilty of crimes and/or anti-social acts against humanity and have to be registered and watched.

DAWN OF THE DAY OF THE PATRIOT IS ONLY POSSIBLE IF YOU REALLY KNOW YOUR ENEMY!

FREEDOM IS SIMPLE—EXPOSE THEM AND THEY DISAPPEAR FROM OUR LIVES.

You must know these attributes of the liberal by hard or you will befriend our mortal enemy and allow him/her to hurt us all.
