[www.freedomfiles.org](http://www.freedomfiles.org)

This book was written by Life for Life in Co creation with our Living Creator in a language only known to the living creators of Life and only interpretable by Life.

Whatever you believe will be truth, not because it is, because you believe or imagine it too be. There can be no truth in Illusion for truth has no Illusion. Infinite Love is the only truth, Everything else is Illusion.

When the World wakes up to and sees that all power resides in each individual as being absolutely sacred, we will all be free. Nobody has any more or less power than anyone else and that is what they don't want you to believe. Law is an illusion when no one can prove where they get their authority over others from. Laws are only created to support illusions. Truth has no illusions. The entire world's Political, Legal and Religious systems are built upon a house of cards, which is the illusion of the few having authority over masses. Nobody can prove that they have authority over others and that is the ultimate thing that will set you free. This book destroys that illusion and examines the mechanisms that hold that illusion in place. The abuse of power openly has a short life and those that perpetrate that abuse are always defeated. Freedom does not come with a price; it comes with the dispelling of illusion.

### **Disclaimer**

I am not offering Legal Advice in this book just a culmination of thoughts and ideas concerning Law and how people have over come difficulties within it. If you want Legal advice speak with a Lawyer.

### **Some Defining:**

#### **Elite**

**El** = God

**Ite** = Chosen

#### ***God's Chosen Ones***

**Family** latin root is Familae, = A household, of Slaves

**Surname** Suri + Nomen = Suri, A Syrian, especially a Slave

**I highly suggest that before read this book** that you read this article linked bellow. Why? The purpose of this book was to discover a solution to our enslavement from within the System. There is none. The Article bellow was based upon this book and other information for sure, which Arthur refined and shows that the solution to our enslavement resides outside of the system, not within it. The system is based upon dead fiction, designed to destroy LIFE. However that said, this book offers a wealth of insight for those who want to be free of the System.

Jurisdiction - The Creators Standing How To Handle The Courts of "The System"

<http://loveforlife.com.au/content/11/01/14/jurisdiction-creators-standing-how-handle-courts-system-arthur-fiona-cristian-love->

The purpose of reading this article is that I want to make it clear here and now, that I made use of God giving us dominion over all the earth as a means to the solution as per Genesis 1:26-28. God is a copy right concept of the System and thus by making use it, we are renting their copyright to God as it is contained in their Bible and their Religion. Thus they can hold claim over us for making use of it and thus bring us under their Jurisdiction.

This has been a long drawn out process of 4 years of work now to come to this very simple realization that everything and I mean everything that they have given us is based upon their ownership of what they give us to regurgitate back to them in any form of defense. This includes all laws from all sources and the use of anything within their world of fiction. They have fraudulently overlaid the real living earth and all life with an imaginary copyright of thought, which includes names of all things and making them the owners of all things, however we are not things and neither is the earth. They are waging a war upon all of us and deliver this war through fraud. The above article is an excellent one in that it encompasses much of what is going on. There are also previous articles he wrote leading up to this one that are also well worth reading. I may not have found the ultimate solution to this, but I feel that this book opened the thought process of others to find it.

### **Terry: Baca**

After writing *The Extortion System of the Ruling Elite* I was getting feedback that there were lots of grammar and spelling mistakes and subjects were not connected together properly. I spent hours going over it trying to correct these errors. I simply do not have the English writing skill needed to find all the errors. Terry was intrigued by the work and offered to help me edit the book. I accepted the offer and Terry has become a co-author to the book. The fundamental messages of the book are carefully protected and simply between the two of us we are reworking the book. Terry has taken on this without any compensation for his time and his work is a gift to all of you, who read this book in the same spirit that it may help set you free.

### **Daniel J.: Lavigne**

Daniel came to Edmonton in 2000 and hosted a weekend lecture concerning his Tax Refusal program and brought in other speakers to discuss issues concerning Taxes. It was then that my eyes were opened to the agenda of the New World Order. Up to this point I had no idea about the agenda and how the world truly operated. Thank you Daniel for all you do. Unfortunately defending yourself with fiction against fiction does not work too well. Although what he says is true, there is little ability to enforce the law of not supporting a Society that commits Genocide against humanity. Canada is one of those Societies.

### **Mary-Elizabeth: Croft**

Mary wrote a book called, *How I Clobbered Every Bureaucratic Cash-Confiscatory Agency Known to Man*. Many people have read it and I started to write this book as I was inspired by her. She was instrumental in encouraging me and also played an important part in helping me realize fundamental truths revealed in Chapter 6. Mary has spent time traveling, conducting talks and expanding people's awareness of what is going on. She has had some success in what she does, but essentially removed herself from the SYSTEM by not working within it.

### **Ken: Kirk**

Past President of the Alberta Marijuana Party. Ken is a Minister of Christ and has spent many years helping street people and those caught up in the SYSTEM in relation to using Marijuana. Ken may not agree with some or many things I bring forward in the book concerning Christianity and other Religions, but he was there for me in some of my most difficult times. He holds a PhD in Divinity and is well respected by many in the community.

### **Edward-Jay-Robin: Belanger, Minister of Christ**

Robin has spent many years helping those caught within the SYSTEM. It was actually an article that was written about him that helped me in my early days. It was his focus on the Bible that drew me to much of what I know about it today. Robin has founded a Church whose members are all Ministers of Christ, if they choose to be. If it were not for Robin's hard work and desire to be free, many of us would still be in the dark about many things concerning the SYSTEM and its inner workings. Ultimately Robin has realized the simple

truth that the SYSTEM is based upon Religion of Zionism and the Torah and Talmud are their books of law. They created these Countries and Institutions for us to become dependent upon in order to live, and then accuse us of bowing to there false gods. Yet they attack and commit Genocide against those who are free of their System. It is both mine and Robin's belief that the only way to stop them is to use the King James Bible and Privately Petition the Queen by her real name, Elizabeth-Alexander-Mary: Windsor about issues and show how you tried to resolve them through the use of the Bible and ask her to intervene.

### **Robert-Arthur: Menard**

Rob has done a great deal of work in establishing the framework for the Free-Man-on-the-Land status for those that seek it. I had an opportunity to meet with Rob in Edmonton one evening and corresponded with him on some issues discussed in my book. Rob's approach deals with things within fiction, but I wonder how far one can go in relying on fiction for freedom, when it is truth and facts that bring forth freedom. Rob has a web site located at:

### **Eldon-G.: Warman**

Eldon has been working hard to educate people about the Tax SYSTEM and his Detaxing program for many years now. He gave me a place to start and from there I have gained many insights into Law that I would have never had if it were not for Eldon. Eldon's methods don't always work for people, but I have come to realize that if you don't think on your own about things, nothing will work. You have to look at things and see what their outcomes are for you. Nobody is boxing you into doing anything one way. When I had nobody to turn too and knew nothing about what I was doing, Eldon was there for me. His website and many emails we shared guided me out of an abyss. What I knew then and what I know now are like night and day, but without Eldon I am not sure what I would have done. Eldon taught me to never give up.

### **David: Icke**

I have never met David and frankly it took me 6 months to swallow his story about the Lizard people that walk among us. However, if it was not for David's Work, I would not have been able to gain the insights I have today about how the world works and about the frequency prison we find ourselves in. I wish people would start listening too him more and stop putting their heads in the sand as it were. Much of what he has to say is very accurate and in his heart he only wants us to be free. Infinite Love is the Only Truth, Everything Else is Illusion.

### **Winston Shrout**

I have never met Winston but have gleaned many important insights into Law and the SYSTEM. Winston works within the SYSTEM rather than fighting it. In fact he shows you how to actually take peaceful control of the SYSTEM for the benefit of all. The difficulty I have seen again is Canada has no lawful Courts. His methods may be correct, but all the Judge cares about is your confession to being a Name, thus a Fiction. Once that is done you are a slave to them. Bonding a Judge with an Indemnity bond is not necessary, for there is

nothing to hold them accountable for their actions and only the Crown Prosecutor can lay charges. However. Winston states the proper way of doing things in Commerce, but also says he can't guarantee what others in the SYSTEM will do with it. It is a good idea to learn how to do Commerce for it does broaden your perspective on law, but don't get a false sense of security when dealing with the Courts. It is very difficult to work in fiction, when fiction is not based on truth.

### **Fran: Millar**

A Spiritual Healer and Medium, a friend and the one that helped me through a very difficult transition in my life. She can be credited for teaching me the power of love and opening my eyes and mind to multi-dimensional infinity. It is rare to find people among us that have the ethics to go with the power they wield. She always taught me that those who have more knowledge and ability have a greater responsibility to share it with others. I passed and surpassed her Meditation class inside of 6 weeks. The spirit world is as much apart of us as is our physical world, we just have been cheated from learning how to interact with it safely. If the world were to have the extent of access to the spirit as Fran, others and myself have, there would be no wars, just love, life and freedom.

### **Dragana**

My big sister in the Universe. She showed me that each one of us is a Universe unto ourselves, slowly growing and expanding. Multidimensional Infinity is real and one by one we will all awaken to that reality within us.

### **Dr. Sam Kennedy**

Sam has spent many years teaching and researching the SYSTEM. He has created a mentoring system in that the people who want the latest information and techniques in dealing with the SYSTEM must earn it based on merit. He is very good at removing the illusions around us and has much to teach. Unfortunately, Sam has not yet taken the position I have on the Bible being about Genesis 1:26-28, which you will learn more about as you read on. He is very right that they cannot proceed against you without your consent. But going to their Court Room and telling them so is kind of a mute point, because you can send them a letter giving them a lawful reason why you can't go, backed up by 3 witnesses or verifiers if you like. I tend to like verifiers over witnesses, for "witness" is their term, not mine. We are all of the light; the System is all about darkness. Do you want to be light or dark? You can listen too him on his Internet radio program *Take no Prisoners* on Sundays, or listen to the archived shows at:

## **My Preamble**

Law resides within darkness and pure fiction. It cannot sustain the scrutiny of truth when light is shone upon it. Law only exists because we have been lied too about who we are and the nature of the reality in which we live. The entire house of cards relies on the belief that someone external to you has power over you, when in fact by careful and simple observations, you find that they don't. Money, the other partner in this mass fraud, is created out of thin air by the banks and people who wish undermine the natural creative growth of our world and implement destructive policies that induce fear and various levels of war. You are enslaved because you have accepted fiction as being truth. Whenever you see people protecting something from scrutiny ask yourself why? Truth requires no laws to protect it.

## **"God does not Play Dice" - Albert Einstein**

Some questions for you:

Why would you settle for a Country when God gave you the entire planet? What gives someone authority over you if we all came from the same spark of creation? If freedom was as simple as a change of perspective, then who controls your perspective?

A Spaceman Came Traveling

<http://www.youtube.com/watch?v=4087bCXne7s&feature=related>

This song will have deeper meaning too you as you read along in my book. In truth it will unfold in ways you probably never expected, but on with the book for now...

Note: if you are having problems with the Government and need to fast track to help, I would suggest that you read through Eldon Warman's Website at, [www.detaxcanada.org](http://www.detaxcanada.org). It covers both Canada and the USA issues and much of the info there, like in this book, can be duplicated all over the world.

You might also want to skip to Chapter 9 and read the letter I wrote in Appendix IV to CRA. There are two approaches; one is in fiction, which everyone seems to be doing including the Eldon's Website [www.detaxcanada.org](http://www.detaxcanada.org), or you can learn how to stay in truth, which upon all authority remains with you and you regain your freedom. Staying in truth is not an easy task at all and much of the book here is dedicated to exposing how we have been conditioned to think in terms of fiction, and are trying to find answers within fiction, where there are none.

# Introduction

## **In The Beginning God created the heaven and the earth...**

And evil people created Persons. The word Person comes from the Latin word *Persona*, which means mask. A Person is a fictional entity in an imaginary world. It does not and cannot exist in the reality where you and I live. A PERSON has two attributes, a Name and a Birth Date, both of which are hearsay. Law books have skewed the definition to include corporations as being a Person, which is the crux of the Fraud and the truth of the illusion. A Corporation cannot be a man created male or female by God. A human being is not a living man created male or female by God, human means Color of man and thus is not a species of man of God. Corporations exist in an imaginary world, we do not. The idea of there being a natural or artificial Persons being the same as a man created male or female by God is a fraud, for a Natural Person is a person, thus a fiction with some fictional attributes. It is also important to note that a man created male or female by God is only a reference point from the King James Bible, in terms of LAW franchised from the BAR in THE CITY OF LONDON. This is the best way to describe ourselves in relation to that fraud, for they make use of the King James Bible, although it is truly the Torah and the Talmud, but we'll get into that later.

The foundation of all LAW on the planet is to fraudulently equate a PERSON, a fictional entity, as being a man created male or female by God. The main trick that they use is to attempt to get you to sign on fraudulently as a SURETY for the PERSON and thus whatever they do in their imaginary world, they can do to you as the SURETY. Thus because it is an imaginary world they are indemnifying themselves from what they do to you through fraudulent contracts. It is a scam. There is hope though in that by learning the truth you can set yourself free. In time we will all be free, but it will take time. The simple foundation of PERSON is that they want you to buy into the fact that a PERSON is the same as a fictional entity called a CORPORATION, and as such a Corporation can have GOD status over us, like a Country or Government has. Thus, because we can create then it is okay to say that fictional entities can create, and therein is the foundation of the Tyranny, in that we are considered to be imaginary things.

As you read through this book keep one simple thing in mind: simple truths always lead to freedom. There are many people who have been led to believe untrue things or simply go along with the SYSTEM because it is easier for them to do so. All that people have to do to become free is to ask the simple question *why?* or rather know the why. This book is a guide for those who stand in the face of oppression that is unlike any seen before on the planet. It is for those who dare to question authority and challenge all aspects of its validity and purpose. This book is for the few, so that one day there may be many who take this path for freedom. For the most part breaking free from the prison of what others think of you is the first step in obtaining freedom. This book is for those who see the world as a mass prison, where the masses are forced into slavery, while the few enjoy the fruits of that slavery. I will not pretend that I know everything that is happening, but I know enough. Enough to know that what is going on is destroying our planet and the species of man. There is a war raging quietly and most deceptively against us all. It is the most insidious war imaginable, where the people pulling the strings sit quietly in the background, getting us to enslave and destroy each other at their whim. Perhaps if nothing else, you will gain an appreciation for how much you have been made to believe to be true when in fact it was all nothing more than a pack of lies, lies in which to enslave you and others; while the few in the background pull the strings, within the illusion.

For your first step on this path, take out your BIRTH CERTIFICATE and look at how your name is spelled. All CAPITAL letter names are fictions, corporations, and things of the imaginary. Thus this name is not you, it is a CORPORATION created by the Government for which all laws apply to. The laws they create do not apply to you - only to that NAME on

the BIRTH CERTIFICATE. They trick you into believing that NAME is actually you, but it isn't. The BIRTH CERTIFICATE is a bond instrument for which you have been made the SURETY for the Canadian Government, along with many other NATIONS, to borrow millions of dollars against your CORPORATION. The ACCOUNT NUMBER listed on the BIRTH CERTIFICATE is held by the UNITED NATIONS and there are millions of dollars sitting there for you to draw upon through your exemption held in trust by the Revenue Ministers of the various nations involved in this scam. No, you won't be able to find this in your public library, and your local politician will look at you strangely if you enquire about it. The Social Insurance Number or rather Slave Identification Number is the offset account for the exemption when dealing with taxes, but unless you know about it you can't access it.

I will be talking a fair bit about Religion in this book. This is not to trample upon your belief system but rather to expose how Religion has been used to enslave you and others through distorting the facts and outright lying. Anyone who believes that the Bible is absolute truth and is God's Word should be prepared to be challenged about it. We see churches everywhere we go, so how could it be that they could possibly be lying to us about anything in the Bible, or the Holy Koran for that matter. Well if you believe in the Bible or the Koran then Matthew 22 should be paramount in your life. *Love thy Neighbor as thy Self*. Have you seen this practiced much? It is the foundation of all Law that there be equality under law. Anything that transpires outside of this is not lawful. What we do see is a set of laws based on slavery and serfdom, a system where you have absolutely no rights, but are extended privileges.

The other factor involved here is that the world revolves on Commerce. Commerce is a form of warfare, thus love is not possible within Commerce, only winners and losers. This game called Commerce is played in an imaginary world, and the people who created the scheme benefit the most as they control the money. To be more concise, they can print as much money as they want to achieve outcomes that are good for them and bad for us. Remember this is a war that is going on, and it is being waged against us. On a spiritual and physical level they may somehow think that they can wash their hands of the enormity of the crimes that they are committing because it all takes place within a fictional world. So too they may believe their innocence because the "dumb people" are falling for their trickery. Once you begin to open your eyes to how this war is being played out, it feels safer to stick your head in the sand rather than watch the horrific calculated battles taking place on a daily basis. However, if we are ever going to be free then many of us need to be leaders and begin to say no to their games, until there are no games. When we say no, there is no game and no more war. Peace only comes through love not through killing or harming others. Fighting for Peace is like fucking for celibacy, it won't work. They want you to lash out, for it gives them an excuse to hurt you more. Don't play their game; you can't win their game. They are holding all the cards, or at least they make the illusion that they are.

There is another factor involved with all this, that is Judging. The Bible has many verses within it saying not to judge others. So why then do we have a SYSTEM that has judges within it? Well that's the other part to all this. Who are we to judge others? In simple terms the Judging that takes place is the judging of FICTIONAL entities, not actually you. Because the SYSTEM operates in a fictional world which you are tricked into believing is real, you really just contract away yourself. You do this by signing the Judges Orders; the Judge didn't judge you he just presented you with a contract for you to sign. If you sign it then you are agreeing to it. They don't tell you this, however. No court has any authority to Judge any man created male or female by God upon the earth. Thus the trick is to create an imaginary world and make you the SURETY for an imaginary fiction called a PERSON. This is how they wash their hands of the abuse they are putting you through, and somehow still believe they are loving their neighbor as their self. Very distorted? Yes. Cruel and inhumane? Yes.

The underlying why and purpose to all this is a spiritual one. This will become more

apparent as you read through the book, and I'll draw some conclusions based on what I have experienced within my own life and learned from others. In some ways I believe that perhaps we created this ourselves as infinite beings on an infinite journey. However there is a mass awakening taking place and forces outside of our world are gathering to help us and save us. We are not alone in this by any stretch of the imagination, but we need to do some work here to help things along.

"Infinite love is the only truth, everything else is illusion." - David Icke

What the ruling elite have done is create a giant imaginary prison. They have created a never ending Script Play, using the world as the stage for their actors and actresses. They have through fraud and trickery gotten you to volunteer in taking part in their grand play. Of course the ruling elite also take part in the play, but they get to pick the best parts. You should take notice that they use the word Act on most of their legislation, if not all. Look up the definition of the word Act and you will see it has nothing to do with law, but everything to do with acting in a play. They created a new language for the play called Legalese, which looks similar to the language of your primary language such as English, but it is not English. It has it's own definitions and only Lawyers are allowed to interpret the law within their Courts, or Temple. Once they get you into their prison by becoming an employee, and by voluntarily getting a SIN number or a license of any kind you have become a SURETY for a PERSON or Actor/Actress inside their play. The ruling elite pretends to have a democracy and say that you are represented. How can 300 people possibly represent 30 million or even 300+ million people? They can't and that is the fraud in and of itself. This book will help you gain your freedom back and expose the extortion SYSTEM for what it truly is. There is a huge awakening starting to take place and the more people that know this information the harder it is going to be for them to keep us locked up in their prison.

In terms of getting out of this prison it will take a great deal of love to do so. Revenge will be on the forefront of a lot of people's minds, and they thrive on conflict and evil. It is their way, not ours. They want us to thrash out at them and their illusions instead of finding peace. Their fraudulent use of law based on fictional values, fictional maxims and the use of brutal force against peaceful people has to stop. The simple way to do this is to stop playing their games. Putting our energy towards helping each other, poor and rich alike, will go a long way to bring about stability and harmony. I know this is not going to be easy, but it is much easier to do this than to be slaves for the rest of our lives. I don't see how they can stop all of us from uniting in peace against their SYSTEM. They can only lead us to misery and hardships; we can take back our world and live in truth. If we simply insist on living in truth, love will always be there. The ones that use force to perpetuate a lie and gain power over those who are living in truth will find over time it will be harder and harder to do so. It is time to choose freedom over enslavement.

**"Everyone is equal under the law, which is mandatory and paramount."**

**- Legal Maxim**

## **Countries**

So who created Countries and what are they anyways? Simply put, they are a form of Kingdoms, which the Emperor of Rome, the Pope, delegates authority to. QUEEN ELIZABETH II and others with various impressive sounding titles. Since God created the earth, I must have missed where he gave the few permission to divide the earth up or is it simply a scam? And did you ever notice that there always seems to be someone between you and God? Yes God being all powerful and creative, doesn't have time to talk with his children, but he does to key selected people, such as George W. Bush who said, "God told me to invade Iraq." Maybe God did, so why isn't George on the front line invading Iraq? Can anyone say that God told him or her to do such a thing? Just wondering...

This book is about destroying illusions of power that a small group of evil people has been using to manipulate and control billions of people on this planet. Their objective is to bring

in a One World Fascist Global Government, where all will be enslaved. It will govern those left alive after they wipe out 80% to 95% of the world's population, which Henry Kissinger signed off on in 1974. They want this by the year 2012, for a great awakening and transforming creative force will be at a peak by then. They can only succeed if we allow them to. This is happening right now and the purpose of this book is to expose the SYSTEM and to help you break free. To do this you must be willing to unlearn what you have learned and come to the truth about reality and the illusions presented before you. In doing this we shall create a world based on love and peace.

I also want to make it clear that there is a creative force involved here that is based in infinite love and is more powerful than anything that these people who dwell in darkness could ever imagine. The object is to become *disillusioned*, and through that you will find truth, for truth has no illusions. The Illusion has sacred items like the Holy Bible, Holy Koran and other scriptures, which are the cornerstones of their faith movements. They claim these works have originated from the Creator, that these are the unequivocal word of God. The Creator has been given numerous names throughout the ages, but I refer to him as the Creator or the Creative Force, which is based in infinite love and thought. These people are at war with the Creator and thus at war with his Children, the species of man. They have done much to suppress the truth for the truth destroys their illusions of lies, and as you read on I will explain how they have manipulated the word, existence, intent and our relationship with God.

So let's look at an illusion for a moment. What is your name? You're kidding, right? No, what is your name? So you say, "John Smith is my name", for example. You diligently have written this down on some "Official" form somewhere. Isn't it a fraud to give hearsay evidence on official documentation? Did you have the mental capacity to know your name when you were born, when your parents gave it to you? I rather think not. Most people don't remember anything until they were maybe 3 or 4 years of age, thus your name is only hearsay. Further, where does it say that God gave himself a name, and where does it say God gave man created male or female a name? You say, "Adam was given his name by God." Really? Read it again, it was LORD God who appears in Genesis Chapter 2 that gave Adam his name. If you go back to the Hebrew text all it gives is a simple description: "First Man", which is what Adam means. Adam named all the animals and everything that there was to name, but are the names true? Just because you name something doesn't mean that is its true name. In the times of Rome people changed their names frequently based on their personality attributes. For what purpose would God have for names anyways, doesn't God know everyone? Go back to Genesis Chapter 1 again and read it. Note the differences between Genesis Chapter 1 and 2. The fact is that we have given names, not true names. Given means an offer, which means an acceptance, did you accept your name? Is it your true name?

How do you know if the name is true or not? God didn't feel it was necessary to name man created male or female, probably because it wouldn't be true. Names are descriptions, look up names in baby books and you'll see. How many people named Mohammed, Smith, Robert, John etc. do you know? Probably quite a few. If we are individual creations, shouldn't we have individual names, or descriptions? If God didn't feel it was necessary for us to have names, why are we bothering with it, considering a good amount of the planet seems to believe in God and it is supposed to be a democracy, right? So the first thing you do when you go to court is you lie by stating your name. Of course it is not a true court and we will get into that later as well. In fact Jesus never had a true name. The King James Bible makes use of all capital letters designating him as a PERSON or rather FICTION.

Matthew 1:25 And knew her not till she had brought forth her firstborn son: and he called his name *JESUS*.

Oh yes democracy, One PERSON, One vote. So if 50% say we take the property of the other 50% and throw them in the street penniless, that's law right? What if maybe thirteen people

say to do that, but gave an illusion that Elected 300 or so people, who are then pretending to represent the interests of some 30 million people and create that same law? It's democracy, right? What if the Country has the ability to print all the money it needs to run its operations, but chooses to borrow from PRIVATE banks and pays INTEREST payments on the borrowed money, which was created out of thin air, and then turns on the PEOPLE of the Country and orders them to pay the taxes which pay the INTEREST on the imaginary loans, and set it up so that the wealthy don't pay at all, but everyone else does, that's democracy right? Did God create democracy? No. Nature? No. Hmm...

Simply put there is an equation of sorts that these people go by. They avoid Abundance=Choice=Freedom in favor of Scarcity=Dependency=Control. Because they control the currencies throughout the world they can set the value attached to them artificially. Thus they can move resources in or out of areas of the world, creating horrible situations for the people living there, making them dependant on the controlling government. These controlling governments are armed well to ensure that the status quo is maintained.

You will see me mention God at times through this book. If you don't believe in God, that's okay, the book isn't about God. I make reference to it because all Countries through some form of facade make believe their values and conduct come through Christian, Islamic or other similar religious system of beliefs, which in fact is not true and is only used as an illusion to get people thinking that somehow the ultimate authority is some form of God's will.

What has happened is they have created an artificial world and overlaid it over the real world. This even includes God as something artificial, as we will soon see. They divided people up into various regions over time by introducing different languages so we could no longer communicate with each other and put forward different traditions, which they call culture. Somehow being a culture in a petri dish isn't my idea of how I would want to live my life, but it is what they have done. They have walled in segments of the world's population and created boundaries around them, rather than celebrating the diversity. Yes we have been genetically manipulated to look different, but we are all the same. Anyone who says different ought to look at their basic needs of life and see that nothing is different, and being prejudiced against another only serves the interest of those who wish to enslave us. At the moment they are involved in genocide attempting to wipe out all non-Caucasian (White) for reasons I will get into later. The important thing to note here is that they have created an imaginary world and overlaid it onto the real. The imaginary world is based on Commerce, and everyone and everything in it is a corporation or product. Yes you are deemed to be a corporation. Of course a corporation cannot eat, breath or be animated in reality, but it is an imaginary world.

This imaginary world is based in slavery utilizing the Babylonian Talmud as the source for all law, that is to say codified law such as, postal codes, criminal codes, building codes, all sorts of codes. The Talmud is based on how to treat your slaves; it is a guide on Master/Slave relations. And yes they may pass legislation, but in the end they refer to it as POLICY. Yes they are corporations. In 1933 A.D. there was a gathering of all the countries in the world and the leaders all agreed to allow their countries to go BANKRUPT. Of course they hid the truth of this from their people, because it was high Treason. They also determined that people would register their children's birth and issue each child a birth certificate, thus making children SURETIES for the bankrupt countries. Then later in life these people pay for the bankruptcy through high taxation, fines, license fees and everything else they can possibly think of. Of course the bankruptcy is only imaginary because it only exists in the imaginary world, but they've got you signing "official" documents everywhere, saying you have to or they use force and/or intimidation on you until you do.

Mark my words, **Do not sign anything they give you, especially an appearance Bond.**

They are attempting to get you to admit to being a fiction. Names are fictions. You are only a man created male or female by God, Names and addresses are only hearsay. They are making use of hearsay everywhere and in everything they do, don't buy into it. So in essence the few have their hands on trillions of dollars, which is used to pay off corrupt politicians and officials to do their bidding. They have a SYSTEM in place that is based on Master/Slave relations for which you have no rights or freedom, only privileges. And ultimately they are sucking the life energy from you and me and keeping us all in a state of fear, so they can quite literally feed off of us, as that is their food. Fear is the food of these energy vampires and they have been with us for a very long time. I'll get into this in more detail later in the book, but for now just know that we are on the cusp of transition and the race is on. They want a prison planet with a reduction of 80% to 95% of the world's population. For those of you that are in law enforcement or the Justice SYSTEM in any capacity this is what you are involved in. The other side, with education of each other we are increasing the awareness of the world population to what is truly going on and creating resistance to their growing plans. They need us to help them with their plans, and so we are being used as instruments for our own destruction.

The other thing that is going on is the *hundredth-monkey syndrome*. This phenomenon occurs when enough people know the truth and start acting on it a transition begins. A study showed that when 10% of monkeys in a group started doing something different, all the rest of the monkeys started doing the same thing, without being shown what the original 10% were doing. All life is connected and it is through our DNA that we broadcast and receive information. Our entire body is akin to a giant transmission and reception system that is constructed through resonant frequencies. The Sun, Earth and Heaven are nothing more than illusions. They are frequencies that are generated, from which our subconscious constructs and our conscious mind observes, combining into what we call reality. However, if you study an atom, you see great distances between electrons and the nucleus and thus nothing is solid. In fact you will remember from high school physics that a photon can be both a particle and a frequency and also shows intelligence. Or an electron particle, for example, can also have spin and the direction of that spin will have different effects.

The Bible is a blue print for the New World Order. It is symbolic of what has been going on with man over many thousands of years. You and I may not believe in the Bible but be sure that the New World Order Elite do. They use the Babylonian Talmud as a basis of oppressing those that don't believe, and to a greater extent those who are not one of them. You may believe in the Bible and be a Christian, but more and more it will not save you in a court proceeding. The only way to win a court proceeding is to shut it down anyway possible. You cannot win under their system. You only win if they decide that they wanted you to win to further their agenda. The Book of Revelations predicted what is going on today and what is still to come. It tells of the implanting of microchips into our bodies for the use of commerce, microchips that also have the ability to control and transmit our emotions. I recently read an article that the chips were hacked. This beast system is being put into place because the Elite believe that Lucifer is going to win. The world is being converted into a giant prison. Cities are nothing more than giant slave camps, where you are made to pay for your own enslavement. Things may get worse before they get better, but hopefully together we can stop this.

It is unfair to say that we must shut down every court proceeding we go to because we lack the ability to win. The problem is we don't have enough knowledge at this point to win. Later in the book, Chapter 9, I will be going into detail of some strategies that may help you. One only needs to give a lawful excuse of why you do not need to go to court, then back it up with 3 verifiers, and send that into the clerk of the court. When we show up in court we are granting jurisdiction. We can argue the point, but we are there aren't we? The only way to deal with the court is to deconstruct their illusions of power. Commercial Law allows us to extend a remedy to the court, but in the end that remedy can be rejected and

they could jail you, enslave you, or worse! Commerce is the process of finding a solution within fiction. Maybe they will accept it and maybe they won't.

In this book I am going to be using Canada as the focal point to explain the SYSTEM, mostly because I am most familiar with it and also because it is a de facto Government. De facto adds another level of sophistication, as they have had to hide things more and put up a greater illusion in which to trick the people into believing that they live in a COUNTRY that is legitimate. Canada promotes itself as a Free world COUNTRY when in fact it is Fascist dictatorship. The USA is more straightforward. They put in Article 14 that if you receive a benefit from the State you enter into SLAVERY. Thus if you receive mail at home you are receiving a benefit from the State, because under common law all mail is delivered to local Post Office where you could go and ask for it. Then there are all those unlawful contracts such as driver's licenses. Much of this is translatable into the systems of every other country on the planet which I will discuss further on in the book.

It is clear throughout the world that "Human Beings" are used as slaves by other "Human Beings". The rationalization for doing this is varied and in the western world, it is hidden through a sophisticated monetary system. Openly you see enslaved people in some African Countries and North Korea, India and China. The United Nations Peace Keeping Missions in the Balkans has been caught 3 times now with involvement in white sex slavery (soldiers kidnapping young white girls and selling them). Israel, Great Britain, Japan and other Countries do little to stop the horrific Sex slavery that resides within their borders.

Saudi Arabia, Kuwait and other such oil-rich COUNTRIES bring in poor immigrants from places such as the Philippines and India. They are used as house servants and are paid very little outside of attending to their most basic needs. There they have hangings of poor Indians and Filipino people on a weekly basis, accused of crimes such as rape. A Kuwaiti can find you at fault after rear ending you in a car "accident" when sitting at a red light by saying you were in their COUNTRY. It's a travesty of LAW. The oil-rich COUNTRY is a dictatorship and is highly discriminatory against classes of people within the COUNTRY, and is run by a ruling Family headed by a man named Emir, who hand picks the Leaders of the Institutions and Government. In Saudi Arabia, Emir heads the Royal Family and there are a gaggle of about 20,000 people that consume 50% of the Country's GDP in dollars shared amongst them, leaving the masses with little to live on.

It is ironic that the first Gulf War went to save the people of Kuwait from Iraqi invasion, restoring freedom to the People of Kuwait. Saddam attacked because he found evidence that Kuwait had been performing horizontal drilling into Iraqi Oil fields and the USA gave every indication that they were not going to intervene. The USA and BRITISH maintain military bases in Kuwait and Iraq under the guise of protection, but instead they are using them as a main staging and headquarters for killing millions of people in the region. The soldiers are not there to bring freedom to Iraq but rather to bring about a slow moving genocide of the people of Iraq and the region.

It makes me sick to my stomach when I see people singing the National Anthems of Canada and the USA at Hockey Games on the TV or listening to it on the Radio. People take so much pride in singing these Anthems, totally believing that they are free, when they have been tricked into mass slavery. The other aspect is that the people singing these anthems can afford the \$400 or higher ticket prices to the Stanley Cup playoffs, and live in comfort compared to the other 99% of the population that struggles just to live. Yes, it is the land of the free for the few and privileged. They have all kinds of slaves working for them to prop up their standard of living. CAPITALISM is a slave-based system from which the few exploit the masses for their benefit. The System fosters large bank loans to the few, and mass tax write-offs for those people who are the elite within the system. This leaves the COMMONERS with peanuts and endless work to make a living. Poverty is everywhere in CANADA. People dig through garbage to find a few bottles to sell at bottle depots just for food, never mind about having any shelter. When the temperature dips below -20 degrees

Celsius, they "may" open some of the subway stations for a few hours so the homeless won't freeze to death. In a COUNTRY where the oil deposits are quoted as being second only to Saudi Arabia, it is a crime against us, that people have to sleep outside in minus twenty degree Celsius weather or colder during the harsh winters because no shelters have room for them. The Shelters only provide people with 5 hours of sleep at a time before they are pushed out the door. For those lucky enough there may be a mat to sleep on in a large room full of people.

In fact, Ralph Klein, the Premier of Alberta, walked into a shelter one night drunk throwing money on the floor, calling them names, making them feel worthless and telling them to get jobs etc. Most of them have jobs working at temp agencies making minimum wages for hard work. They are among the most exploited workers within the SYSTEM and just make enough to feed themselves, but not much more. ALBERTANS re-elected him in the next election, with a majority Government. Welfare gives people a mere \$380.00 per month to live on when rent averages \$500.00 per month for a cheap bachelor apartment. There is no escape for some people and many resort to crime just to survive. In fact, the crime rate in CANADA exceeds that of the United States. People for the most part are just desperate. Youth are forced selling themselves on the street. Many Native women within the inner cities go missing every year and numerous people freeze to death in the winters. This is just Edmonton, Alberta, the "Wealthiest" province in the world. When you have an impoverished people they are more easily exploited. In Kuwait people related to the Royal Family are given about \$20,000 per month per child they have in order to help raise them. In Saudi Arabia the 20,000 related Royal family gobbles up 50% or more of the Countries GDP to finance their life style. It is interesting how the Leaders of these COUNTRIES all live in luxury and cater to every whim they have and then say they are Leaders of the people. The CLERGY throughout the world all take a vow of poverty but seldom do you see any of them freezing to death on the street begging for money for food as you see in cities across the world. Look at the POPE and other Religious Leaders who have all taken vows of Poverty and see how they live in comparison to you. Don't get me wrong there are a lot of well meaning people within the churches around the world, but somehow I don't think they would be there if they had to endure the poverty levels that many people do in this world. Imagine having to dig through mountains of garbage and waste everyday just to find a few pennies for food. See if the Pope or other religious leaders would do that and still pound out their dogma. If you are ever going to be free you have to start letting go of the illusions being put before you. Lies and disinformation conceal the underlying truth of the reality from which you are living.

If you wish to maintain the status quo and remain a SLAVE, that's your choice. However if you don't help create a change, the few will enslave you and your fellow man. Read this book and share it with others. The few can only continue to enslave you and others if you allow them to. No it isn't going to be easy as the people running the SYSTEM see you as a SLAVE, and they do not want you to fight them in any way. They want your cooperation and servitude to them through their illusions, which will perpetuate their lifestyle, exploitation and war on man. The ultimate goal is to enslave you, and for you to pay for your own enslavement, and that is exactly what is going on.

One other point before we begin. I wrote the book originally using men and women as the format of the norm of what God created. This is not what God created at all. In fact God created man as a male or female. It was LORD God that created man as Adam, and as woman, Eve. I have now edited the book to reflect this. It was only from a lifetime of conditioning that I originally wrote it like that, thinking we were part of the Adamic Race when we are actually part of God and all that exists. The other word edited out for the most part is humanity. We are not human, so that has been changed as well. These subtle changes in words and how they are used are what makes the difference between enslavement and freedom. Also you will find that God is plural and inclusive rather than singular and separate. We are one with God and God is One with us. Where all the

manipulation is coming from is a topic I discuss and try to expand on as best I can. Surely the manipulation is an inverse mirror of creation that has consciousness. However, it does not operate the way we normally think things operate and that is how we over look it and get so confused. We are not the creations of LORD God, but they will do everything they can to try and make you believe we are, and through believing we become their slaves.

# Chapter 1

## The Foundations of COUNTRIES that Never Were

*Canada was founded on the supremacy of God and Rule of Law. (The supremacy of the Emperor of Rome and his Rule of Law)*

There are many de facto COUNTRIES, which means that there is no lawful authority between the PERSONS and the Government. I am going to focus on Canada as a model as I am most familiar with that structure. However, you can simply look at this model and you will find similarities with other COUNTRIES. Australia, for example, has no statements within its Constitution connecting it to the Queen's Heirs and Successors. Everything is very subtle and hidden out in the open for the purpose of giving the Illusion that a Democracy that represents the wishes of the people is Governing them. In truth these Democracies are nothing more than Corporations, and a Feudal System of Serfdom has been set up for which the people have no rights or freedoms, only privileges. They have selective enforcement of laws to give the Illusion that the law applies to all when in fact they only selectively apply. My objective here is to expose the system and the fraudulent controls within that system, making it easier to identify in other COUNTRIES and situations.

### British North American Act

CANADA has a constitution. You hear in the news now and then that there is a big constitutional challenge being brought forward to the courts. The Charter of Rights and Freedoms says this or that and someone is saying that their rights or freedoms were violated. This is droned on to lull you into believing that you live in a COUNTRY, that you are free and that you have rights and freedoms. Yet when I talk to people very few have ever read the Constitution. Even those who took some advanced education in law received very little if any information on the Constitution. In fact, the British North American Act isn't even taught in Law School. This is after students spend 4 years getting a Bachelor of Fine Arts or Arts degree then another 2 to 4 years in law school. Why? Well if you read the Constitution you would find very quickly that there is none. In fact there is absolutely no authority for the institutions to be operating and controlling your life to any degree.

Section 2 of the BNA Act was repealed in 1893:

[http://www.solon.org/Constitutions/Canada/English/ca\\_1867.html](http://www.solon.org/Constitutions/Canada/English/ca_1867.html)

this section, repealed by the Statute Law Revision Act, 1893, 56-57 Vict., c. 14 (U.K.), read as follows:

2. The Provisions of this Act referring to Her Majesty the Queen extend also to the Heirs and Successors of Her Majesty, Kings and Queens of the United Kingdom of Great Britain and Ireland.

Canada does not have a Monarch because when Queen Victoria Died in 1901, so did the provisions of this Act to the British Monarchy.

Section 9 of the BNA Act states:

9. The Executive Government and Authority of and over Canada is hereby declared to continue and be vested in the Queen.

If Queen Victoria died in 1901, then who has executive power in Canada anymore? Further, Executive power is a CORPORATE term, and does not make reference to living beings. It identifies people as being PERSONS, which are imaginary fictions, as are CORPORATIONS. It is important for you to know right now that you are not a PERSON, but in accordance to the SYSTEM a man created male or female by God. Also take note of the title, "The British North American Act". You don't see the word Canada anywhere in the Title, do you? So if

Canada is to be a COUNTRY, shouldn't it have its own Constitution? Apparently not, as this is not a Constitution it is merely an Act, or more accurately an Act of the U.K. Parliament. You see, CANADA was nothing more than a CORPORATION listed on the British Board of Trade. It was used for commercial purposes to run the colony with. That is a Colony of PERSONS.

Now consider this. A person is something that is imaginary. It is pure fiction. It does not exist in our world. So what evidence do you have that the PERSON Queen Victoria was actually born, or died? There is none. That is the whole point of this. The Coronation, which I will expand on later, is a complete fraud, for it is nothing more than a make believe play creating a birth of a PERSON. Thus the foundations of their laws are based in the imaginary not the real. So why are we following them?

The British North American Act was the tool used to create the Dominion of Canada. However, as seen above, Section 2 was repealed in 1893. Thereby two days after Queen Victoria Died in 1901, the Statutory Laws could not be reinstated, as the Queen was dead, and so too all contracts with her were null and void. From *The City*, a sovereign state within the City of London (much like Washington D.C.), The international Bankers claimed Salvage rights to the CORPORATION called Canada or Dominion of Canada, and quietly usurped power from the Canadian People. Nobody ever was Canadian, and be sure that they never told anyone that. At some point they stopped calling Canada the Dominion of Canada and started calling it CANADA.

A friend of mine tells me that the Dominion of Canada still Lawfully exists, as it was an act of Treason to repeal section 2 of the BNA Act. Statutory Law never actually dies. A statute once made is always in place, because of any prior contracts that relate to the statute being over turned the original statute still stands. Thus the simple fact that the Queen did not inform her subjects that she was withdrawing lawful authority for her heirs and successors without letting us know or allowing us to agree with it, is in and of itself a validation that her heirs and successors still do have executive power, in principle. To understand what this means starts with knowing who to ask. Elizabeth-Alexander-Mary: Windsor, man created female by God, is the only one who is real. Thus it is her that we must address our talk too. Is She the holder of the Title HER MAJESTY QUEEN ELIZABETH II? She certainly is not denying this, but we as the living cannot negotiate with fiction (i.e. her Title), for that is a Person not a man, created female by God. It would be akin to talking to empty room, fiction is fiction.

So what makes a COUNTRY a COUNTRY anyways? Well COUNTRIES are said to be created through the *Law of Nations* ([http://www.constitution.org/vattel/vattel\\_pre.htm](http://www.constitution.org/vattel/vattel_pre.htm)). In reality, they are almost exclusively created by the Emperor of Rome. The current Emperor of Rome is the Pope, of course. I believe He holds TITLE to most of the COUNTRIES on the planet, if not all of them, even the Islamic States. Because the Pope is the Emissary to God, he holds all titles to the earth, which is a complete fraud, as this book will explain. I'll get further into the Islamic religion later in the book, just be aware that in truth Mohammed was a Cardinal in the Roman Catholic Church who wanted to be Pope. He was denied this, as Popes are always selected by birth right within bloodline families, as are most heads of states throughout the world. Consequently, Mohammed then created the Holy Qu'ran and created his own empire. You will note that in the Qu'ran there is a heavy use of the word Person, which is Roman Based. If truly Allah were giving Mohammed direction why would God want Mohammed to make use of the word Person, since a Person is an imaginary fiction? COUNTRIES or States have an official Religion that they push, it goes hand in hand with the state. This partnership exists as a means to create legitimacy between GOVERNMENT and PERSON. In the original text, the Qu'ran does not make use of the PERSON I am told, but they have altered the text so to suit the needs of the Government to swear persons in. I know Cannon Law makes heavy use of the word PERSON, so I am not so sure if the Qu'ran was actually altered or simply updated to make use of the word Person.

The Law of Nations makes it Clear that PERSONS within a land mass must come together to form the Government. They form the institutions and type of Government. The Law of the Land was formed by the Native People, and it is my assertion that the Native Law System is the only legitimate system of Law within Canada today. I'll get into this more later in the book, but for now let's realize that the Native System of Law deals with real living People and not imaginary. Further it is based on Love thy Neighbor as thy Self, from which all Law must be based; hence Equality under Law is Mandatory and Paramount. However, any System of Law can only be enforced if you agree to that system of law. So far I have seen no one being asked if they agree to any system of law. People are just tricked and/or forced into the system of Merchant Law for the benefit of the Bankers and their minions that run their SLAVERY System. All Law is simply a contract, nothing more or less. We either agree or disagree on everything. The LORD God of the Bible dished out Laws and Punishments that were extreme in nature. These laws were not based on equality and did not allow for agreement or disagreement. This is the type of law we are tricked into by the system presently, contrary to law based on love thy neighbor as thy self (Matthew 22), something so called leaders seem to constantly ignore.

Even more glaring and self-evident is that under the Law of Nations only Persons can form these Countries. When did any of us convert from being a man, created male or female by God to a PERSON? It's impossible for us to do it, as only Governments create PERSONS, if they create at all. PERSONS were created originally in Rome from what I understand. The very name on your Birth Certificate was created by your parents thoughts, so even that does not define you as a living being. The Government has living individuals working the SYSTEM, but the Government does not exist in the real world, and nor do their Persons. A PERSON is an imaginary entity, thus it is not possible for the imaginary to create anything, hence the lie and fraud. The simple fact that everyone on a land mass must be persons to form a Country is kind of like putting the cart before the Horse. PERSONS do not exist in the realality to begin with. PERSONS live in the imaginary lands of CANADA, USA and every other COUNTRY; we as man, created male or female by God, do not.

It is all about tricks and illusion and suppressing the truth so the masses cannot see what is really happening. It's about giving away your power and critical thinking to those who promise to take care of you. They take care of you only to the extent that they can fleece you for your hard works thus making you a slave. Simply put, the truth is that we only have one planet that we all live on. Countries are imaginary entities and were not created by the Creator of this planet. The System of Ownership is also very deceptive because only PERSONS can own anything, and all things are imaginary things. Ownership exists only in terms of things, as things are owned. The earth is not a thing and neither are we. We are part of all that exists in the image created by God, thus there is no way to separate us from the image and so there is no concept of ownership (commerce). I will be getting into this much more later in the book.

## **Canadian Charter of Rights and Freedoms**

The Preamble says:

"Whereas Canada is founded upon the principles that recognize the supremacy of God and the rule of law:"

Okay, now if God is number one, then who is number two? It may surprise you that you are not exactly that high up on the food chain. The Government is number two. Who is God then? Well the Romans used to name just about anything a God, and people worshipped maybe 50 some deities they called a God. In this case because God is not defined, God could be a cockroach. The same thing is true with the Queen's Coronation Oath. You see, unless they define God, then God can be anything. We can assume God is the God in Genesis Chapter 1 of the King James Bible, the book used in the Courts and by the QUEEN during the Coronation. In truth this preamble is a fraudulent statement because once you state that God is Supreme, nothing else matters. To finish with the statement "and Rule of

Law" is a complete fraud, as it is saying that Law is somehow to be considered after you have made God Supreme. Flip open the Bible to Genesis Chapter 1 and specifically read where it says, "And God said..." There in you will find what ultimately matters. Chasing any rule of law after this point is absolutely meaningless. Even so, they push the law part onto us, making us believe that in some way it applies to us. It does not, and neither does the Bible for that matter, but the Bible is the only tool we have within their "World" to peacefully resolve any issues. Later in the book, I will get into this much deeper, as it is of monumental importance. I will also expose how Religion was created as a means of enslavement rather than a means to freedom. If you don't know how you are being manipulated into being a slave, then you must believe you are free. It is hard to change heart felt truths, even when proven false, but hang in there, you don't have to give up Religion to be free, you just need to be aware of the true meaning of Creation.

There is also the Constitutional Act of 1982. The QUEEN traveled to CANADA and signed it into LAW, giving it ROYAL ASCENT. CANADA is finally a COUNTRY with a Constitution. Right? Err, well no actually. I want you to read the following, Section 32 of the Charter, very carefully:

Application of the Charter:

The Charter applies

(a) to the Parliament and government of Canada in respect of all matter within the authority of Parliament including all matters relating to the Yukon Territory and Northwest Territories; and

(b) to the legislature and government of each province in respect of all matters within the authority of the legislature of each province.

Now read it over again. There is something very, very important missing from this. The charter does not apply to the people of Canada, only to the Government of Canada! It is absolutely true.

## GUIDE TO THE CANADIAN CHARTER OF RIGHTS AND FREEDOMS

### Part II: The Contents of the Canadian Charter of Rights and Freedoms

#### Section 32

##### *Application of Charter*

This Charter applies

to the Parliament and government of Canada in respect of all matter within the authority of Parliament including all matters relating to the Yukon Territory and Northwest Territories; and

to the legislature and government of each province in respect of all matters within the authority of the legislature of each province.

Notwithstanding subsection (1), section 15 shall not have effect until three years after this section comes into force.

The purpose of this section is to make it clear that the Charter only applies to governments, and not to private individuals, businesses or other organizations.

Now Section 52 of the Constitutional Act of 1982 states:

The Constitution of Canada is the supreme law of Canada, and any law that is inconsistent with the provisions of the Constitution is, to the extent of the inconsistency, of no force or effect.

Take Sections 32 and 52 together and you now have it, all Laws in CANADA only apply to Governments, not to the people.

So let's say that somehow you still don't believe that this can't be true. Take a look at Section 1 of the Charter:

The *Canadian Charter of Rights and Freedoms* guarantees the rights and freedoms set out in it subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.

Okay, now who gets to determine what is "reasonable"? Pretty vague isn't it? And exactly which law are they referring to? In actuality this is an offer of enslavement. The Charter has nothing to do with granting anyone any rights or freedoms. It is used as a tool to subdue the masses into believing that they have a Constitution and a legitimate Government running the COUNTRY. The other aspect to this is that it makes use of the word Citizen, which is a PERSON. You are not a Citizen. Can you show me your citizenship within a fictional COUNTRY? Countries are just lines drawn on the map, you live on the earth, nothing more or less. I think for the most part democracy can work if proper controls are put in place to ensure transparency and freedom for the people. The democracy that is practiced today is nothing more than in name only, and is in fact a dictatorship. In truth though, democracies or any body politic are not necessary. They only serve to separate us from each other and the world that our creator made for us.

Notice too that FICTIONAL things are capitalized in this book, because that is the basis of the SYSTEM. The System is based on creating FICTIONAL entities called PERSONS. PERSONS are created by the GOVERNMENT and they are the property of the GOVERNMENT. Because the GOVERNMENT created the FICTIONAL entities, the GOVERNMENT takes the role of being GOD over those FICTIONAL entities; hence the Creator and thus Ownership exist in terms of LORD God. According to the Bible in Genesis 1, God Created man and so your creator is God, and infinite omni-present love and part of you. However, God is not recognized as a Source of Law within this SYSTEM, the Pope as (LORD) God's Emissary is. So then, where does the GOVERNMENT OF CANADA get it's moral guidance for the laws it creates? The Babylonian Talmud of course. The Talmud is taught by Rabbis and deals with Master/Slave Laws. *Rabbi* actually translates into the words "My Master." Not all Jewish People are involved in this, but rather a small faction of people are engaged in using this as a basis of Law. Many Jewish people will tell you Zionism, from which much of this stems, is not part of their Religion. Torah actually means "the Law" and it contains the Laws of God. 636 of them were actually created by LORD God and not God. Again go back to Section 1 of the Charter, which Law are they referring to?

The way the SYSTEM functions is by working in layers of lies, while at the same time keeping everything hidden out in the open. It is the nature of the belief system at work. Thus as you begin to dig into this you find that one lie leads to another, until the truth is finally revealed because of one simple premise: lies can only reside within illusion. Find the source of the illusion and you find the truth. Ultimately where the truth will lead you is the premise behind this book. I won't reveal it to you at this point as there are plenty of illusions going on at the moment that need to be dispelled first. Jumping ahead will actually slow you down because it will generate so many questions for you that you won't have a good grasp of what is really happening. I will do my best to keep you on the edge of your seat as we go through the layers of lies. The lies are there to distract the masses from the truth, controlling them while allowing the people who run the SYSTEM to be free of the Laws that apply to the masses. There are laws that the masses are not told about but are used in the background for those running the SYSTEM. One such system of laws is the Uniform Commercial Code, which the UNITED STATES operates under. Canada or rather the Crown in Right of Canada has signed onto the UNCITRAL Law system. These can be viewed at:

[http://www.uncitral.org/uncitral/en/case\\_law.html](http://www.uncitral.org/uncitral/en/case_law.html)

There will be more information available on the UNCITRAL Law system later in the book.

Now let's move onto SOURCES OF CANADIAN LAW. Read through the following paragraphs,

copied from the Canadian Government website, then I will discuss what they really say.

Sources of Canadian Law as stated by the Canadian Government Link:

[http://canada.justice.gc.ca/en/dept/pub/just/CSJ\\_page7.html](http://canada.justice.gc.ca/en/dept/pub/just/CSJ_page7.html)

Canada's present legal system derives from various European systems brought to this continent in the 17th and 18th centuries by explorers and colonists. Although the indigenous peoples whom the Europeans encountered here each had their own system of laws and social controls, over the years the laws of the encroaching immigrant cultures began to prevail. After the English defeat of the French at Quebec in 1759, the country fell almost exclusively under English law. Other than in Quebec, where the civil law was codified on the model of the French Code Napoléon, Canada's criminal and private law has its basis in English common and statutory law.

The common law, which developed in Great Britain after the Norman Conquest, was based on the decisions of judges in the royal courts. It is called judge-made law because it is a system of rules based on "precedent". Whenever a judge makes a decision that is to be legally enforced, this decision becomes a precedent: a rule that will guide judges in making subsequent decisions in similar cases. The common law is unique in the world because it cannot be found in any "code" or "legislation"; it exists only in past decisions. However, this also makes it flexible and adaptable to changing circumstances.

The tradition of civil law is quite different. It is based on Roman law, which was consolidated by the Roman Emperor Justinian. The law in ancient Rome was scattered about in many places: in books, in statutes, in proclamations. Justinian ordered his legal experts to put all the law into a single book to avoid confusion. Ever since, the civil law has been associated with a "civil code", containing almost all private law. Quebec's Civil Code was first enacted in 1866, just before Confederation (as the *Civil Code of Lower Canada*), and periodically amended over the years. The reformed *Civil Code of Quebec* came into effect in 1994. Like all civil codes, such as the Code Napoléon in France, it contains a comprehensive statement of rules, many of which are framed as broad, general principles so as to deal with any dispute that may arise. Unlike common-law courts, courts in a civil-law system first look to the Code, and then refer to previous decisions for consistency.

When discussing the law as it pertains to Aboriginal people in Canada it is also necessary to consider Aboriginal rights and treaty rights which are protected under the Constitution. Aboriginal rights are those related to the historical occupancy and use of the land by Aboriginal peoples; treaty rights are those set out in treaties entered into between the Crown and a particular group of Aboriginal people.

What we see here are dictatorship law systems. Roman Civil Law has but one principle within it: the Emperor's will has force and effect. Thus any laws that may apply to a case can be circumvented by the Emperor's will to do so. Napoleonic Code is based on the simple fact that you are guilty until proven innocent. If you are already judged as being guilty how can you be innocent? British-Common Law, a Judge Made Law, is a sham because the Judge can make a new precedent at anytime, thus it doesn't matter what any previous rulings are, it is simply what the Judge determines. There is no rule of law here or rights or freedoms to consider.

Now notice that something very important is missing, having to do with the foundation of Law. There is no mention of God. In the Charter of Rights and Freedoms the preamble says: "Canada was founded upon the Supremacy of God and Rule of Law." It is interesting that this is not mentioned in the Sources of Canadian Law. This implies that the King James Bible with the Letters of Patent is the Supreme Law within the Dominion of Canada. So the Dominion still exists in theory, but the Bankers usurped power in 1901, two days after Queen Victoria died. The BNA Act describes CANADA as being the Dominion of Canada. Saying the Dominion is different than CANADA is rather meaningless as both are one in the same according to this document. However, the question remains as to who actually owns

Canada?

The Bankers were able to take control over CANADA because Canada was a Corporation listed on the British Board of Trade, I have been told, much like today it is listed on the SECURITY EXCHANGE COMMISSION in the USA (Check Washington DC listings).

<http://www.sec.gov/cgi-bin/browse-edgar?action=getcompany&CIK=0000230098&owner=include&count=40#Canada>

The Bankers simply claimed Salvage Rights of the Abandoned Ship called CANADA. What is interesting is how CANADA could be abandoned if a Government representing the people (Great Britain) still existed as caretakers of the Colony. Furthermore, the Articles of Confederation state:

Article XI. Canada acceding to this confederation, and adjoining in the measures of the United States, shall be admitted into, and entitled to all the advantages of this Union; but no other colony shall be admitted into the same, unless such admission be agreed to by nine States.

<http://www.usconstitution.net/articles.html#Article11>

For now just be aware that you are absolutely and totally free. The Laws of the International Bankers Corporation Canada do not apply to you. In truth no laws apply to you unless you agree that they do. Law is Contract. Commercial Law deals in Contracts, the living deal in Agreements. If the judges had absolute authority then why do they ask you to sign their orders if found convicted after a trial? It is a Contract that they want you to sign so they can impose the sentence on you. If you don't sign it, they have no lawful right to imprison your PERSON for whom they are making the SURETY.

## The Private Mixed War

The use of the word Private is also highly important to take note of. many Nations around the world are involved in a mixed war with the people that they are pretending to represent.

A mixed war is defined in Black's 7<sup>th</sup> Dictionary as a War between a Nation and Private Individuals. Simply put, when many people write a notice to Government Officials, they make a point of saying that they are a private man or woman. To say such a thing is to identify yourself as an enemy combatant within the mixed war, of their imaginary world. You are only a man created male or female by God, nothing more or less in terms of communicating with those in the SYSTEM.

Further there is a declaration of war against your PERSON by the Nation/Corporation and that is held in secret away from prying eyes. The above discussion about section 32 of the Charter of Rights and Freedoms makes a point to say on the Government web page that, "The purpose of this section is to make it clear that the Charter only applies to governments, and not to **private individuals**, businesses or other organizations". Private denotes the enemy within the mixed war, thus you should not be using the label Private at all. Same with Private Businesses, Private Organizations, and Private Property, I would think.

If the Government were to admit that they were at war with us, the Government would be shut down overnight, however it has more to do with the Kabala than with a war against the people. Be aware of what they do, not say and finally as well as what they do say. What they want you to do is to identify yourself as a private individual to them, thereby saying that their laws don't apply to you. By stating that you are a private Man or Woman you are stating that you are at war with the Nation, which is the Corporation. You should not address people as being private anything in any type of correspondence. A man and woman are property of LORD God and are his slaves. Don't confuse with a man created male or female by God.

There is one final point to keep in mind about using the word Private. When you use the

word Private to address yourself or someone else you are assigning rank. By assigning rank you are making a statement that you are a combatant. Perhaps this is why Civilians are bombed in wars because they are military targets due to their private nature. Because the Government sees all PERSONS as combatants, Private anything designates a military ranking of the PERSON(s) involved. This is probably also why people can be fired for insubordination, they all carry the rank of private, just they haven't been told which army they are in.

In truth if reference is made to us, and we are aware of it, we have the right to define what those words mean to us. There can be difference of opinion between people, but we remain in honor by honoring ourselves and making it clear to others how we define it. The other party cannot argue around it, but must honor it as well. If there is a disagreement then that is all it is, neither can control the other through the use of words, unless each side accepts that control. Black's Dictionary has lots of definitions for words, but they have no meaning or relevance until we give them relevance through our acceptance of those definitions. We could even take it as far to create our own definition for a word if we so choose, as language is ever changing. However we must be aware of how others are using the words, so that we may interpret what they are saying correctly and not become confused. One last point, God did not create you as a slave, so the terms of any control become a mute point, only through agreement can we equally do things in terms of control.

## **Native Law Decimated**

Under international Law all PERSONS on the land mass must come together to form the COUNTRY. Thus they form the type of Government and Institutions that they want. When was this ever done in Canada? Never. The Quebec Conference that went to London in 1866 to have the Canadian Constitution drawn up was completely shut out of the process. The BNA Act was created by one U.K. Minister of Parliament and Officers in the Colonial Office. Everyone born within Canada would automatically become Subjects of the QUEEN. Where is the fairness in that? Further, how were the Native People considered? There were numerous treaties set up, however these treaties were under Admiralty Law of fictions. Were they told this? No. How can anyone contract with something that doesn't exist in real life? No one can, which means fraud. Additionally, within the Treaties they all make use of capital letters in the names of all the people involved, thus indicating they are fictions, which coerced the Chiefs to sign on as Sureties for these fictions, unbeknownst to them. Now the GOVERNMENT of OTTAWA was free to do whatever they wanted because the Natives only had privileges, not rights. The underlying truth is that they got the Native Chiefs to identify themselves and their tribesmen as being PERSONS. This allowed the QUEEN, doing her utmost to uphold the laws of God (i.e. LORD God) to have no respect for PERSONS and thereby the Babylonian Talmud was applied. You can jump up and down shouting "the QUEEN is a PERSON," and indeed she is, but via the CORONATION the QUEEN was made SOVEREIGN, which is to say above the imaginary laws.

The Law of the land was the Native Law System, which primarily focuses on restoring balance and harmony with nature. The people that made their way into Canada had no respect for the Native customs or laws. They came to destroy and conquer. In the Eastern region of Canada some tribes were completely wiped out, while others were forced to accept vague treaties, which would not provide clear, adequate help to the Native peoples. The treaties said that the Government would take care of them if they would just move onto tiny reserve lands and farm for a living. Because the people were mostly starving they had little choice but to agree to these terms.

An interesting aspect to the treaties was that the Native people were to take up farming. However, they were not given adequate equipment or instructions on how to go about farming. The open pages of the Talmud talk about how one treats their slaves who work the fields of their farm. This is symbolic to the history of this oppressive group of criminals. They were indeed using the Talmud then, as they are today, in organizing their

master/slave operations.

Prior to the treaties being signed a large portion of the Native population were wiped out by small pox. They were knowingly given blankets that were contaminated with small pox and it spread fast throughout the population. This allowed the spread of the white people across North America to happen quickly, and the people had hardened attitudes about taking over land that belonged to the Native people. They gave no consideration to the native way of life. It would seem to me that when you give people small pox knowing that it is a quick and deadly killer, then cut off their food supply and give them no support, you are involved in genocide.

This is exactly what was going on and continues to this day. Entire communities go without safe drinking water and the Government does nothing. If you visit the Reserves you find people living in third world, poverty stricken conditions, despite the fact that these lands may be rich in oil deposits.

As time went on, money grew short, and instead of helping the Natives the Government opted to put resources into building the Railroad. Interestingly, the Railroad was built primarily by Chinese immigrants who had to pay a large head tax to come into the country. The pay was so little that it caused great hardship for them. Many died from a lack of vitamin C, which lead to scurvy. In 2006, Prime Minister HARPER made an apology for this to the Chinese community after many of the people who built the railway had died.

The money for buying food for the Native people on these tiny pieces of land grew short and hunting and fishing for food was very difficult. The farming equipment sent to the Native people was inadequate and few if any cattle were sent out as well. People began to starve. The Native people in Rupert Land, Western Canada, sought out Louis Riel for help. He was a deeply religious man and teacher, who knew how to read and write in both French and English. He had fled to the United States earlier in his life for trying to help form a new province in Canada called Manitoba, which was based on having rights and freedoms for the people living there. Imagine that, rights and freedoms!

When Riel returned the native people were in very bad shape and suffering from starvation. Food was stolen to feed the people from one of the Farming Instructors, who was ordered via wire from Ottawa not to give the people any food. The 1885 Northwest Rebellion was started simply because these starving people took food and equipment they needed from Forts and white people's settlements in order to survive. Some of the white settlers were killed in the process, so instead of trying to help the Native People the Canadian Government sent troops out to capture the Natives responsible for the thefts and killings. There was also rampant sexual and physical abuse by the Catholic Church against the Native children and there was a lot of discrimination against the Native people by the local MAGISTRATES. Some Priests were also killed, I was told and Louis Riel had temporarily restored justice to Western Canada. For doing this Ottawa sent troops to crush the so called Rebellion.

In the end, Louis Riel and eight other natives were hung for trying to help starving people. A native called One Arrow was believed to be a person called Batoche and was convicted for Treason and put in prison for three years for making war against HER MAJESTY. Again the exact Charge was "did levy and make war against our said Lady the Queen.... her Crown and dignity." Of course the law is based on PERSONS and the fictional world so there never was any Subject matter at the trial to show that the QUEEN was a living breathing human being with real title to the Land. I'm still waiting to see the document signed by God for that one. A native called Poundmaker allowed a letter to be sent to Louis Riel with his name on it, which called for war. Poundmaker was given 3 years for Treason. Another native called Big Bear had done nothing wrong, and in fact evidence presented to the court showed that instead he had done much to help the Government during the Rebellion. He and his people never harmed anyone. He gave a 2 hour speech which follows here in part:

Your Lordship, I am Big Bear, Chief of the Crees. The North West was mine. It belonged to me and to my tribe. For many, many moons I ruled it well. . . .

I am old; my face is ugly; my heart is on the ground. In future this land will be ruled by White men with handsome faces. . . .

When White men were few in this land, I gave them my hand in friendship. No man can ever be witness to any act of violence by Big Bear to any White man. Never did I take the White man's horse. Never did I order any one of my people to one act of violence against the White man. . . .

I ask for pardon and help for my tribe. They are hiding in the hills and trees now afraid to come to White man's government. When the cold moon comes the old and feeble ones, who have done no wrong, will perish. Game is scarce. . . .

Because I am Big Bear, Chief of the Crees. Because I have always been a friend of the White man. Because I have always tried to do good for my tribe. I plead with you now; send help and pardon to my people.

After this it only took 15 minutes to find him guilty of Treason. He was told he had a jury of his peers, so there was no prejudice amongst the jury right? Big Bear was handed down a sentence for three years in a small filthy dark prison cell, where he died from Tuberculosis. Consideration was given to fact that the whole rebellion was instigated by the Canadian Government in the first place by willfully disallowing support to these people and putting them in a position of either starving to death or taking what they needed to survive.

Louis Riel was hung for Treason primarily because he did have power. He was a politician in Ottawa and did have the ability help the Native People. There was a strong outrage amongst both Canadian and European people of the hanging of Louis Riel and also the fact that the QUEEN should have intervened. It was a Kangaroo Court where the crime of genocide against a peaceful people was being ignored. The people running the court (the ones committing the Genocide) were selecting the Jury and making all decisions concerning identity of people and what would be considered as evidence. These were not trials. They were mere optics to get the settlers to go along with the idea that Justice was being served and that truth prevailed.

Residential schools were set up at one point where native children were subjected to corporal punishment for the most frivolous things. Sexual, physical and mental abuse by institutional employees was horrible. In one school an electric chair was used as a form of punishment. The objective was to traumatize a generation of children making it difficult or impossible for them to mature naturally. This effectively destroyed their way of life, culture and sense of love. Forced sterilization programs also took place. There is a good book out called **War Against the Weak**, which details the massive war that took place against impoverished people in the USA and to some extent in Canada after the Second World War. It explains how Nazis fled Germany to set up shop in the USA after the war, trading their uniforms for Suits. It is a book that is well worth the read. You can find out more by going to: <http://www.waragainstheweak.com/>

There is a very good website which goes into the Hidden Genocide against the Native People of Canada. There has been much hush money paid out and many threats put against the people promoting the site. I strongly suggest you go to the site and read up on the information they have there.

<http://canadiangenocide.nativeweb.org/>

Remember the people behind the scenes are seriously into Slavery. The native people did not take well to their forced enslavement. Remember that this was their land before the white settlers took over. This prompted genocide of the native population. The people orchestrating the Genocide did it in a way that allowed them to do it with impunity. If the objective had been to open up North America to European Settlers in a peaceful way, much

work would have been done to protect the Native People's way of life and create harmony. Instead it was an outright invasion to destroy as much of the ancient culture and independence, freedom and way of life as they possibly could. They destroyed as much as possible to hide the true history of the planet and our past. If you can control the knowledge of the past you can give a false picture of the present, making it easier for people to go along with what you want them to do.

The Native people of Africa were brought to the USA as a slave labor force. It is slave owners who created the Protestant work ethic, meaning that you must work for a living. If you don't work, you starve. Christian people found it okay to have African Slaves work for them in the United States on farms etc. Many of them died during the journey from Africa to the United States from lack of food, water and a clean environment in which to live. It is unknown how many people died as they disposed of the bodies while at sea, long before they reached the harbors in the USA, the home of the free and the brave. Well that's all well and good if you are a slave owner.

Who are the slave owners today? Slavery was abolished and it is a human right not be enslaved, the United Nations Declaration of Human Rights even says so. So how is it that the world is operating on the premise of slavery today? It's a matter of changing some of the wording around to make you think that you are free. It will become much clearer as you read further, but for now realize that it is hidden out in the open and just because you don't see people being whipped for not working hard enough, doesn't mean that the whip hasn't been taken on in other forms. I find it interesting that the Governmental Parties find it necessary to have a Party whip? Are the people that are sent to govern free to vote anyway that they want to? Who makes the real decisions? Furthermore, after 1901 exactly who had authority to exercise executive power within Canada? The Treaties signed by the Native people were with the QUEEN, who allowed all authority to be relinquished once she died.

## **Statute of Westminster of 1931**

The Statute Confirms that Canada is under Admiralty Law and not the Common Law based on the King James Bible.

Without prejudice to the generality of the foregoing provisions of this Act, section seven hundred and thirty-five and seven hundred and thirty-six of the **Merchant Shipping Act, 1894**, shall be construed as though reference therein to the Legislature of a British possession did not include reference to the Parliament of a Dominion.

Without prejudice to the generality of the foregoing provisions of this Act, section four of the **Colonial Courts of Admiralty Act, 1890** (which requires certain laws to be reserved for the signification of His Majesty's pleasure or to contain a suspending clause), and so much of section seven of that Act as requires the approval of His Majesty in Council to any rules of Court for regulating the practice and procedure of a **Colonial Court of Admiralty**, **shall cease to have effect in any Dominion as from the commencement of this Act.**

There is the complete disclosure that Canada was founded under Admiralty Law. Why is this so important? Well Admiralty Law has but one principle: the Captain may break any laws he/she wishes for the safety and security of the ship. However there is one problem, nobody is at sea here and nobody is on a ship. Thus you are granted privileges not rights and freedoms. This is common throughout the world not just CANADA or the Commonwealth. They don't tell you this because you are a Slave in their system.

Although the U.K. Parliament gave up all controlling power over Canada, Schedule 17 of the Constitutional Act reinstated section 4 of the Statute of Westminster in 1982, giving the U.K. Parliament complete and direct control over Government of Canada. Thus those elected to Canadian Parliament must do as the U.K. Parliament tells them. CANADA is controlled by the U.K. Parliament under Admiralty Law.

**4.** No Act of Parliament of the United Kingdom passed after the commencement of this Act shall extend or be deemed to extend, to a Dominion as part of the law of that Dominion, unless it is expressly declared in that Act that that Dominion has requested, and consented to, the enactment thereof.

[Note: As far as Canada is concerned, section 4 was repealed by the Constitution Act, 1982]

It's important to note that they never removed the repealing of Section 2 of 1893. The QUEEN has no power. So what is going on? Who is running the Asylum? Well no one is actually running it for then there would be someone to hold accountable. Such is the nature of a de facto Government. The Acts are merely policy manuals for the CORPORATION.

The Statute of Westminster was put forward to show that the U.K. Parliament had no say over Canadian affairs at all, produced just prior to the BANKRUPTCY of CANADA and over 100 other COUNTRIES in 1933. This was done so they could apply Talmudic Law against the FICTION PEOPLE called PERSONS and use the unsuspecting living real people as sureties. Of course some caught onto the scam, but the courts being Admiralty in nature gave nobody any avenue for an impartial and fair trial to plead their case. In the United States all rulings prior to 1933 were abolished, meaning the rulings which agreed that people were not PERSONS, were thrown out in one fell swoop. That's fair right? Common Law courts all over the United States were closed down and Commercial Admiralty Merchant Courts took their place, of course the people were not told this. Treason? Yes, beyond Treason as the Bankers seized control over the Judicial processes, ensuring that they could force their will against the people. Since Canada never had anything but Admiralty Merchant Courts, all laws from the inceptions of Canada are invalid and unlawful.

The primary purpose of the Statute of Westminster was to simply decommission the ship called Canada, listed on the British Board of Trade. This prepared it for the 1933 worldwide Bankruptcy and to bring forward the Babylonian Talmud as the rule of law for the planet, creating a world of debtors with no rights or freedoms. To support this, Real people are tricked into becoming the sureties. This also enabled the Bankers to obtain massive wealth at the expense of the world. Why? Because the Agenda must progress and be in place prior to 2012, which is the end of the Mayan Calendar and possibly the end of the world as we know it. I'll leave that open to speculation for now. There has been a great deal of conjecture regarding the outcome of 2012. These Ruling Elite are working hard to see to it we won't get there as free people.

So what is the significance of the year 1982? Well it is the Jubilee, of course. Jubilees go back to the time of Ancient Egypt, where after 49 years the Slaves would get 1 year of freedom and then be re-enslaved. 1982 is 49 years after 1933. These people are seriously into Slavery and see us all as their property to use and dispose of as they wish. As you read through this book you will discover more about this. They built the Pyramids in Jubilees, the Great Pyramid taking 3 Jubilees to build. So what are they building now? A New World Order, as announced by George Bush Senior in 1991. The New World Order is a One World Government based on enslavement of the people for the benefit of the Ruling Elite. Unless you are one of them, you might want to sit up and start taking notice of what is going on.

## **Magna Carta**

From time to time you hear the *Magna Carta* discussed and how it relates to law. It takes about a half hour to read through. It was written to stop the abuses coming from the Royal Officers and King against the Barons mainly, but all men in General. King John signed the Magna Carta in 1215. The difficulty I have with the Magna Carta is it makes a lot of use of the word PERSON, which is a fiction. It tells me the foundation of this law is founded in fiction and that you can promote the freedom of men as much as you want, but within the Courts exists Commercial Law, and fictional PERSONS have no rights, only privileges.

The Magna Carta dealt with a Feudal System where the people at large were serfs having no title to any of the land. The Barons were given land to care for by the King and thus they

were responsible for the Serfs on their lands, which simply meant extracting their wealth from them in various taxation schemes and getting young men to sign up for military service to oppress the people of their own and neighboring lands. This is eerily similar to what is going on today. The Magna Carta did not address the fact that the King had no title over the lands to begin with. The current QUEEN is part of the Black Nobility, which upon further scrutiny is revealed to have no ties to the land at all. El-Lizard-Birth II or rather ELIZABETH II (a title), holds title to imaginary lines on a map. Let's give her the Map and be done with it. You can all draw up a map of the world and send it too ELIZABETH II and say you can rule your imaginary map, just leave me alone in the real world. The Magna Carta was intended to last forever but it is not recognized as a form of law anymore. The only aspect of the Magna Carta that I find important is the first section:

"1. First, that we have granted to God, and by this present charter have confirmed for us and our heirs in perpetuity, that the English Church shall be free, and shall have its rights undiminished, and its liberties unimpaired. That we wish this so to be observed, appears from the fact that of our own free will, before the outbreak of the present dispute between us and our barons, we granted and confirmed by charter the freedom of the Church's elections - a right reckoned to be of the greatest necessity and importance to it - and caused this to be confirmed by Pope Innocent III. This freedom we shall observe ourselves, and desire to be observed in good faith by our heirs in perpetuity. We have also granted to all free men of our realm, for us and our heirs for ever, all the liberties written out below, to have and to keep for them and their heirs, of us and our heirs:"

In simple terms we do not live in realms, yet another fiction. "Pope Innocent III" is a title, not a real man, as there is no proper noun expression of his name. The statement "the English Church shall be free" is saying that a fiction shall be free. Interestingly in 1207 King John had a quarrel with the Pope over who should be the Archbishop of Canterbury. As a result the Pope excommunicated John and put England under a Church law saying that only christened people could go to Heaven, and that people born out of wedlock would be condemned to Hell. Then in 1214 the Pope proclaimed that anybody who tried to overthrow John would be legally entitled to do so. This leaves questions about who is running the Countries, the Pope or the people? John had no merit signing anything into Law, including the Magna Carta in 1215. The Pope as the Emperor of Rome was ruling then and still rules to this day, except that the Sovereignty of the British Crown was transferred to the Chancery of Temple Bar in 1215, which is *The City*, inside London, a Sovereign State that is not under Cannon Law of the Pope. Outwardly King John Surrendered the Kingdom of England to God and to Saints Peter and Paul for 1000 Marks per year. Though called surrender, it was really a contract, giving the Overlord Pope power to enforce the will of the Catholic Church onto the people. This destroyed the rights and freedoms of the people of England, and at the same time secured King John a bargaining chip with the Barons in control of the Temple Bar.

Once the Pope had taken over control of England people were made to work on Church Lands for no pay. The control that the church had over the people was total, and any work that they did outside of the church lands was taxed to the level of 10%. This sounds like freedom doesn't it? Note how section 1 of the Magna Carta states that the church is "made free", but then the church went about enslaving the people because it was free. This wording also meant the church did not have to pay taxes. You also have to realize this was a time when the people were not allowed to read the Bible because the Bible as the word of God was and is a complete fraud. There are important truths within the Bible, but it is not God's Word. If people had read and comprehended what Jesus stated in Matthew 22 concerning Love thy Neighbor as thy self it would be all over for the slavery system that the Pope and others were "employing".

## The QUEEN'S Oath

The Queen's Oath is rather important, for in terms of laws that the Queen extends rights and privileges to others, of which are all fictions; of which you are not a fiction. Who determines what laws appertain to you? Well you do of course! But the catch is that they don't tell you this and use all kinds of implied contracts that make use of hearsay all capital letter names and thus trickery to get you to comply with their SYSTEM. Furthermore, Elizabeth is only Acting as QUEEN ELIZABETH II, a FICTION. Because QUEEN ELIZABETH II is an imaginary entity it is impossible for this entity to take an oath at all, the imaginary doesn't exist in reality. This is a scam they have been playing for hundreds of years. The Oath appears below, with comments about each section.

The Queen having returned to her Chair (her Majesty having already on Tuesday, the fourth day of November, 1952, in the presence of the two Houses of Parliament, made and signed the Declaration prescribed by Act of Parliament), the Archbishop standing before her shall administer the Coronation Oath, first asking the Queen,

Madam, is your Majesty willing to take the Oath?

And the Queen answering,

I am willing,

It is interesting how this deflects the Oath away from the real man created female by God standing before the actor, Archbishop. He is really asking, "is your imaginary PERSON willing to take the Oath?" Elizabeth is acting as the go between or rather a facilitator. She is not the one taking the Oath. The Majesty is taking the Oath, which is a person. She is saying the words for the imaginary fiction.

The Archbishop shall minister these questions; and the Queen, having a book in her hands, shall answer each question severally as follows:

Archbishop: Will you solemnly promise and swear to govern the Peoples of the United Kingdom of Great Britain and Northern Ireland, Canada, Australia, New Zealand, the Union of South Africa, Pakistan and Ceylon, and of your Possessions and other Territories to any of them belonging or pertaining, according to their respective laws and customs?

Queen: I solemnly promise so to do.

There is a bunch of stuff going on here. Take note that nowhere in Canadian Law does it say that QUEEN ELIZABETH II is the Head of State and has any say about anything. Some people take Oaths to QUEEN ELIZABETH II, however some oaths are actually false Oaths, as we will see later.

Another aspect to this is that she states she is going to Govern her Possessions and other Territories. Define Possessions please? That would not mean Subjects would it? As for Territories, Countries like India and the United States of America, that gained their Independence from the QUEEN, are still under her rule, but the people are not told this. However, like most things we are ruled when it suits their agenda and not ruled when it doesn't.

*Archbishop:* Will you to your power cause Law and Justice, in Mercy, to be executed in all your Judgments?

*Queen:* I will.

Exactly what power is being referred too? God never came to me and said that she could Judge things for him. Never mind that God said that an Arch Bishop could grant power for her rule over God's creation as a Queen. Lord God never gave mercy to Adam and Eve so why would the QUEEN need too? In fact Jesus never judged anyone for any crimes, so how can the QUEEN determine that she has any power at all to pass any kind of Judgment onto

anyone? She has no power and neither does the Arch Bishop. I haven't seen anything signed by God saying this is true and if God could talk to man as in Genesis Chapter One, then why doesn't he simply talk to us all now? Or is it only the chosen ones he talks too?

*Archbishop:* Will you to the utmost of your power maintain the Laws of God and the true profession of the Gospel?

Now this is where the Torah and Talmud comes into play. The Torah which means the Law, is the first 5 chapters of the Bible. If someone breaks a Law of God (and there's 636 of them), then what? Does God come strike you down if you fail to obey one Law? If you open your Bible you will find that there are two Gods, God and LORD God. I'll bet they didn't tell you that in Bible School! Read Genesis Chapters 1 and 2 and you'll see. It is LORD God that made Laws, God never made any laws nor did God give man created male or female a name, God did not create fictional things. I use the King James Bible exclusively in reference to the Bible. It is the King James Bible and its supreme law that the Queen swears her Oath upon. This is also important for Jewish Money Changers as the SYSTEM of Usury they deploy throughout the world allows them to do whatever they want to their "Beasts", as we are named by Lord God.

Will you to the utmost of your power maintain in the United Kingdom the Protestant Reformed Religion established by law?

Will you maintain and preserve inviolably the settlement of the Church of England, and the doctrine, worship, discipline, and government thereof, as by law established in England?

And will you preserve unto the Bishops and Clergy of England, and to the Churches there committed to their charge, all such rights and privileges, as by law do or shall appertain to them or any of them?

Remember the Magna Carta? Well here she is swearing that the Church is free. Note the last bit, "any of them". Any of them is everyone else who isn't in their church. So if you don't belong to the church then where do your rights and freedoms come from? They come from where ever you say they do. You may do anything you want as long as it doesn't forcibly interfere with others. I haven't seen or heard God give her the title to the planet or come to you to say that she has any authority at all. In terms of Religion being established by Law, what Law? Admiralty Law? A law of fiction? Well yes.

You wont hear anywhere in the Oath where it says that she grants you freedom. She only grants privileges. She is not ruling by Jesus Christ's will she is ruling by Admiralty Law, which only extends privileges. Thus the Church is free, but controlled by her, so is it cannot really be free when she only will only grant privileges. Also, it is QUEEN ELIZABETH II's Coronation, not Elizabeth-Alexander-Mary: Windsor. It is a title in a fictional world, as the planet has no title holder, so they make up a fictional world and lay it over the real. In truth no one but the creator has title to the planet and the creator operates on truth and love, for any other mode would bring death and destruction to anything created. That creative loving force is within all of us. We are infinite beings caught up in an illusion generated by a matrix of fear. I will discuss things we can do to break out of the illusion in the later part of the book but for now I just want to concentrate on the SYSTEM.

*Queen:* All this I promise to do.

*Then the Queen arising out of her Chair, supported as before, the Sword of State being carried before her, shall go to the Altar, and make her solemn Oath in the sight of [The Bible to be brought.]*

*all the people to observe the premisses: laying her right hand upon the Holy Gospel in the great Bible (which was before carried in the procession and is now brought from the altar by the Archbishop, and tendered to her as she kneels upon the steps), and saying these words:*

The things which I have here promised, I will perform, and keep. So help me God.

*[And a Silver Standish.]*

*Then the Queen shall kiss the Book and sign the Oath.*

*The Queen having thus taken her Oath, shall return again to her Chair, and the Bible shall be delivered to the Dean of Westminster.*

If God is real, then why all this imaginary stuff? The Emperor of Rome established the Roman Catholic Church because he wanted a State religion. Roman law again has but one principle and that is the Emperor's will has force and effect. The Emperor is worshiped as a God. The deification of man into God does not detract from the fact that he/she is still man. However when your objective is to rule the planet you overlook these types of things. So how then does the Church of England define God? You will find the answer in the WESTMINSTER CONFESSIO OF FAITH 1646. It was created by "Learned, godly and judicious Divines", as a document which would provide advice on issues of worship, doctrine, government and discipline of the Church of England and other churches as well that adopted it. The authors of it were mainly people from the Church of England.

WESTMINSTER CONFESSIO OF FAITH 1646 Chapter II, section III

In the unity of the Godhead there be three **Persons** of one substance, power, and eternity: God the Father, God the Son, and God the Holy Ghost. The Father is of none, neither begotten nor proceeding; the Son is eternall begotten of the Father; the Holy Ghost eternally proceeding from the Father and the Son.

WESTMINSTER CONFESSIO OF FAITH 1646 Chapter VIII, Section II

The Son of God, the second **Person** in the Trinity, being very and eternal God, of one substance, and equal with the Father, did, when the fullness of time was come, take upon him man's nature, with all the essential properties and common infirmities thereof; yet without sin: being conceived by the power of the Holy Ghost, in the womb of the Virgin Mary, of her substance. So that two whole, perfect, and distinct natures, the Godhead and the manhood, were inseparably joined together in one **person**, without conversion, composition, or confusion. Which **person** is very God and very man, yet one Christ, the only Mediator between God and man.

Based on this, if Christ is the Mediator then for what purpose do we need a Queen? This says Jesus Christ has taken the job of mediator. Isn't that why we pray to Jesus and not to the Queen or the Pope? Additionally, the name Jesus Christ wasn't even used until the mid 1500's when the church settled in on the name, as there were no records kept by the Romans of Jesus Christ existence. We'll get into more of the Bible Fraud aspects later, but for now just realize that the Bible has been manipulated and designed to give credence of authority to those who have none. It is not God's word. I have never seen God write it or tell me about it.

There are many other sections in the WESTMINSTER CONFESSIO OF FAITH 1646 that state God is a person. What it also states is that the rest of us are humans. Chapter I, Section III says:

The books commonly called Apocrypha, not being of divine inspiration, are no part of the Canon of Scripture; and therefore are of no authority in the Church of God, nor to be any otherwise approved, or made use of, than other human writings.

This is interesting because it says that humans wrote the Bible under divine inspiration. Look up the word human in Blacks Law Dictionary and you will not find a definition for Human Being, but rather you'll find it mentioned under the definition of Monster. That's right, Black's refers to Human Beings as Monsters that have no property rights. The muddling of the word Person and Man has been done so to confuse the unaware, but let me make it clear that a Person is a Roman invention that comes from the Latin word Persona,

which means mask. The entire SYSTEM is based on an imaginary world so the people in it have to be imaginary too, hence the word Person. Human Beings are real and thereby do not exist within the imaginary world of Countries. For those who say they do, please show me how someone could live and breath inside an imaginary thing?

Now the most important thing you must understand about the Oath is this, Elizabeth Alexander-Mary: Windsor does not appear on any documents or in any oath. She mouthed the words for an imaginary fiction, a person, QUEEN ELIZABETH II. Where is QUEEN ELIZABETH II? She doesn't exist in reality. So much for having the right to face your accuser. All laws of LORD God can be broken including the 10 commandments because it is a fictional world in which everything is being played out. Each individual contracts as a Surety for these imaginary fictions and so what happens to the fictions happens to us. However, they don't let you know about this, nor the fact that contracts are based on fraud and hearsay, we can only have agreements with other living individuals like ourselves. Once you get your head around the fact that everything occurs in an imaginary world you can quickly pick apart the system and see what is really going on. The Queen is only talking about the world of fiction and the fictional entities therein, not you a man created male or female by God. Why are they doing this? Well it has much to do with the nature of darkness and their desire to enslave us and make use of us as a resource for their satanic and sexual abuse rituals for one. We live within an illusion, which I will explain in more detail later in the book.

The WESTMINSTER CONFESSION OF FAITH OF 1646, was supposed to be the document which regulated the Governing and Religious actions of the QUEEN and her Officers. It gives clear direction about the church and it's Faith. However, it is written within a corporate fictional world and again it makes use of the word Person. From a religious perspective I am going to show you why this is bad, and how this denies rights or freedoms under the laws that they create in this fictional world. You do have rights and freedoms; they just don't want you to know how to access them.

For the moment let's focus on the King James Bible. Note that there are many different Bibles from different parts of Christianity. They all claim of course to be God's Word. However, because the King James Bible is the one that is being used in the Courts it will be what is referenced in this book. The Bible used in the courts must have the Letters of Patent within it, but as I have mentioned, everything happens in an imaginary world and anything can be changed on a whim including a King James Bible with the Letters of Patent in the Court. Again, never go to court for anything unless you want a high-risk gamble of your money and your freedom and thus incarceration.

Here are some excerpts from the King James Bible:

Deuteronomy 1:16-17 (Moses)

[16] And I charged your judges at that time, saying, Hear the causes between your • brethren, and judge righteously between every man and his brother, and the stranger that is with him.

[17] Ye shall not respect persons in judgment; but ye shall hear the small as well as the great; ye shall not be afraid of the face of man; for the judgment is God's: and the cause that is too hard for you, bring it unto me, and I will hear it.

Note in the USA, all Judges as part of their oath say in their oath that they will have no regards towards persons. Thus it matters not what you go into court with in terms of a defense, they have no regards to you as a person. Thus it is at their predetermined whims as to what the outcome will be, regardless of what the law says. This is why those who go into Court asking to see the law that says that they must pay taxes, when there isn't any, lose. They lose because the Judge has no regards to persons. A person has 2 attributes, a name and a birth date primarily. Also you should be aware by now if law exists in fiction and you are not a fiction, then why are you allowing yourself to be drawn into the court system

to begin with, there is nothing to discuss or prove.

Deuteronomy 10:17-19 (Moses)

[17] For the LORD your God is God of gods, and Lord of lords, a great God, a mighty, and a terrible, which regardeth not persons, nor taketh reward:

[18] He doth execute the judgment of the fatherless and widow, and loveth the stranger, in giving him food and raiment.

[19] Love ye therefore the stranger: for ye were strangers in the land of Egypt. Acts 10:33-34

[33] Immediately therefore I sent to thee; and thou hast well done that thou art come.

- Now therefore are we all here present before God, to hear all things that are commanded thee of God.

[34] Then Peter opened his mouth, and said, Of a truth I perceive that God is no respector of persons:

Romans 2:6-14

[6] Who will render to every man according to his deeds: •

[7] To them who by patient continuance in well doing seek for glory and honour and immortality, eternal life:

[8] But unto them that are contentious, and do not obey the truth, but obey unrighteousness, indignation and wrath,

[9] Tribulation and anguish, upon every soul of man that doeth evil, of the Jew first, and also of the Gentile;

[10] But glory, honour, and peace, to every man that worketh good, to the Jew first, and also to the Gentile:

[11] For there is no respect of persons with God.

[12] For as many as have sinned without law shall also perish without law: and as many as have sinned in the law shall be judged by the law;

[13] (For not the hearers of the law are just before God, but the doers of the law shall be justified.

[14] For when the Gentiles, which have not the law, do by nature the things contained in the law, these, having not the law, are a law unto themselves:

James 2:1-10

[1] My brethren, have not the faith of our Lord Jesus Christ, the Lord of glory, with respect of persons.

[2] For if there come unto your assembly a man with a gold ring, in goodly apparel, and there come in also a poor man in vile raiment;

[3] And ye have respect to him that weareth the gay clothing, and say unto him, Sit thou here in a good place; and say to the poor, Stand thou there, or sit here under my footstool:

[4] Are ye not then partial in yourselves, and are become judges of evil thoughts?

[5] Hearken, my beloved brethren, Hath not God chosen the poor of this world rich in faith, and heirs of the kingdom which he hath promised to them that love him?

[6] But ye have despised the poor. Do not rich men oppress you, and draw you

before the judgment seats?

[7] Do not they blaspheme that worthy name by the which ye are called?

[8] If ye fulfil the royal law according to the scripture, Thou shalt love thy neighbour as thyself, ye do well:

[9] But if ye have respect to persons, ye commit sin, and are convinced of the law as transgressors.

[10] For whosoever shall keep the whole law, and yet offend in one point, he is guilty of all.

James 2:1-10 is very telling that what has happened in the past is happening today. The rich are rich because they owned the courts for which they used to oppress the poor. They do not follow Love thy Neighbor as thyself and make use of fictions. Further you can see that the QUEEN is nothing more than a Fiction that Elizabeth-Alexander-Mary: Windsor is acting for. Elizabeth Alexander-Mary: Windsor is not taking any oath; she is uttering the words for the imaginary Fiction QUEEN ELIZABETH II. Getting everyone to be a SUBJECT of HER MAJESTY QUEEN ELIZABETH II is the key. The trap is laid, and once you sign on as a SURETY for a PERSON you lose all your rights and freedoms under God, in that God did not create any laws to Govern you. Govern means to control and ment comes from mental, ie latin roots and means mind, thus Govern-mental means mind control. Now you are caught in their imaginary world, where they get to extend you privileges and deny your rights. They use oppression and lies to get your full cooperation in doing all this. Try getting a job without a Social Insurance Number, Drivers License, Insurance and Diploma, etc. with an all caps name on it, work contracts or even buy property. Everything has the word Person written on it, or has a corruption of your name by using the proper noun format.

The true history of our planet has been stolen from us so that the few may hide their tracks of the past and give us a false fix on the present. This is not just hearsay; it is supported by the past Pope's orders to destroy books that expose truth, and the worldwide destruction of ancient cultures and knowledge. They were not able to destroy everything and it is clear that the earth once had a Global Society, hence the Pyramids located all over the planet and quantity of underwater cities. Nothing has been more effective in imprisoning people's minds than religion. The notion that it is okay to kill others as long as you believe in JESUS Christ, that you would still enter heaven, was used to slaughter millions in the Crusades. Non-believers in Islam are considered by extremists as infidels and must be killed. In Somalia anyone not attending prayer services five times a day is killed for being an infidel.

Tony Bushby, an Australian researcher has written several books exposing the fraud, titled *Bible Fraud, Secrets in the Bible and Crucifixion of the Truth*. The books bring forward a monumental amount of evidence showing that Christianity was invented and that historical accounts of JESUS are fictional. Simply put, nothing happened the way it says it did in the New Testament. Further the first 10 chapters of the Old Testament are pure fiction as well, although there are some truths interlaced with it to lend it credibility. An Archeologist by the name of Professor Thompson performed excavations on locations of the Israelites as described in the Bible, comparing dates etc., and found no evidence of truth. In many cases, events and places the Bible describes produced nothing at all during the digs. We are talking about thousands of years of activity and nothing was found. His book, called *The Early History of the Ancient Israelites*, sells on amazon.com. It is proof beyond a reasonable doubt that the Bible is a work of fiction. Moses is a fictional Character that never existed according to the research done, along with Abraham, Isaac, Jacob, Solomon and David. Thus where does the QUEEN as the Monarch draw it's Divine right to rule? There is none. In truth there are no Laws of God if you accept the massive evidence presented by Bushby and Thompson, let alone the fact that all law resides within a fictional world to begin with, as truth requires only love as a guide; fictions can't love. The very foundation of LAW is supposed to be based on a higher power we are all answerable to. Perhaps there is a higher

power (I will comment on that later) but everything that the QUEEN in her CORONATION swore to was fraudulent because it assumed that the Bible was true and everything in it was true. Further, if Mohammed was a descendent of Abraham and Abraham never existed, then even further questions arise. The simple truth is that they are using religious extortion to gain your acceptance of their laws and morals. The very foundation of these religions is fraudulent and their applications are meant to enslave and oppress you, not free you.

If Moses did not exist, and LORD God never existed as evidenced in these books, then LAW itself is a fiction in terms of the Creator making LAWS to begin with. If there are no LAWS other than natural ones based on harmony and well being, then it is obvious that we have been sold a bunch of garbage. It is important to know that MOSES was told the Torah and the Talmud by LORD God, not God. Although MOSES wrote the Torah, the Talmud was given as Oral Law to Moses. The Talmud is over 4 million words and much of it does not relate to MOSES at all, it can't be totally from LORD God, yet all commercial law is based upon it. Yet this oral law has been passed down orally since the time of MOSES. I don't know of anyone who could remember 4 million words in the right exact order and context do you?

The Queen swore her Oath on the Bible, yet Genesis is based only on hearsay, in that we only have this fellow MOSES no one alive has ever met to, confer with. Considering that there are over 33,000 translation errors in the Bible, I would easily conclude that the Bible can't be considered to be the, whole truth and nothing but the truth. We cannot swear an Oath to God based on hearsay and in doing so deny others the freedom God gave to everyone, yet this is the foundation of all oaths. If we know the Bible and the Koran have been corrupted, then why do we use it for Oaths? Well there is no truth in fiction, so having corrupted Bibles is not a problem. Hence you are not being judged on the law anyways, ultimately it is about your knowing who you are, not what the law says or doesn't say.

We are free sentient beings and the earth is our home. This is easy to see by how the wildlife migrates everywhere, undaunted by imaginary lines on a map. The simple fact is that the Missionaries followed the explorers to soften up the people for exploitation. This was an effective way to destroy the ancient knowledge of the past. It is akin to the good cop, bad cop scenario. The missionaries would teach about God and the gentle teachings of JESUS to get the people into a frame of mind of forgiving others for doing horrible things to them, like Genocide, Killing off of food supplies, abuse or stealing their land via starvation. I am not saying killing is something one should do, but if a mosquito is sucking blood from your face let's say, what do you do?

Why hasn't this come out before? Scholars and others have released the information, but information gets suppressed and books get burned. Even the Talmud was ordered burned by a Pope at one point because it exposed details about the life of Jesus and his brother Kristus, (hence Jesus Christ). The burning down of the Library of Alexandria five times and the mere fact that Universities will not offer Degrees that counter Christianity are other examples.

The ancient law, called the Law of One, which was expressed in Matthew 22, Love thy neighbor as thyself, has been completely obliterated. Instead through commerce we are put in a position of fighting a war for money. In truth we are infinite love, spiritual entities of great power and capacity to create and love. The objective of the ruling elite is to shut down our capacity to love as much as possible and get us operating in a state of fear. When they can't do that they simply use force to oppress us.

Who is the Queen? She is one of the top people in 13 bloodline families currently in positions of power running the planet today. She is one of the Owners of the Bank of Canada, Federal Reserve and the Bank of England, all central banks that have no lawful money in them. I look at her as the focal point of Darkness and Light within our spiritual reality. She operates as a facilitator between the two. Darkness puts up a massive illusion and uses oppression and any other means necessary to enslave you, and get you to willingly

or grudgingly go along with their SYSTEM. Some have found that contacting her and using the Torah as the basis of their plea for freedom has worked. However, following 636 laws of LORD God is a very difficult challenge; although I notice lots of license plates on cars in parking lots at the Synagogues.

There is a set of laws that we are not told about that do apply to individuals based on Common Law. Common Law is derived from the Bible as supreme law. The whole system also resolves around hidden commercial law, based on the Talmud, and deals with creditor/debtor, master/slave situations. I am not convinced that Elizabeth-AlexanderMary:Windsor has any authority over me or anyone else in her capacity. I have seen nothing written anywhere about this. As for QUEEN ELIZABETH II, that entity lives within an imaginary world and has absolutely no authority over anyone in our reality, only over fictions. Although in terms of secret societies, she has enormous power I hear.

Although the Bible is a fraud there are truths within it. Again it is all part of the illusion and the Jewish, Christian and many other Religions have been set up to support a system of enslavement for the people of the planet, while the ones doing the enslaving quietly operate in hidden positions of power. This is no joke and anyone rolling their eyes back are not looking at the facts. As near as I can tell from my research and that of others, there was some powerful knowledge left in the hands of a few concerning the creation of our universe, planet and who we are. One of the secrets this involved was immortality here on earth, that is to say we have the capacity within us to reverse aging or stop it all together. To people who seek power and control over others this knowledge and ability is priceless. In the ancient world the gods that created the Great Pyramid with the BenBen (eventually stolen) on the top, were the ones that passed this knowledge onto initiates of the Mystery Schools. One of the keys behind the Masonic Order is to hide and control some of this information. The people who do get eternal life are still in bondage. They can be Kings or Queens but are still in bondage and must obey their masters and never reveal the secret knowledge. Jesu (JESUS) was murdered because he opted to try and share this knowledge with all mankind. Tony Bushby explains the secret the aforementioned book. Jesu was born of Royal Bloodline and thus revealed the Royal Law, Love thy Neighbor as thyself.

It is still unclear what exactly happened, but the knowledge did manage to get out to some people who decided to use the knowledge for evil rather than good. They turned spirituality based on the heavens and beauty into a system of sorcery and evil. We may never know exactly what happened but the creator's gifts were stolen by Darkness as it were. One important thing about Darkness is that it operates within absolute truth, meaning that it lies constantly about anything in order to maintain the illusions. Additionally, there is a lack of feeling in what they do. They cannot feel so they act. The underlying aspect to all of this is that there is indeed a creator and that entity is based on truth and love. They have to numb the feelings for truth and love in order to wage war against us, in which I suspect we are all one consciousness caught up in a dream. We can be a droplet or an ocean of love but we are love. More importantly we are infinite and we are fast approaching a transitional time where our vibrational force is increasing in a frequency beyond the ability of illusion to keep us suppressed or oppressed. We are infinite where the illusion is finite and soulless. We are beginning to break free of the illusion on mass scale and it is freaking our oppressors out. They are desperate and afraid as the sleeping giant is beginning to wake.

If you compare the same sections we just reviewed to the Catholic Bible you see completely different statements. Remember though that the King James Bible is the only Bible "Officially" allowed in the Commonwealth Courts system. It is worth comparing just to see the contrast and the outright fraud that is going on in reference to translation and editing.

## **The De Facto Government of Canada**

It is important to emphasize the point that Canada is a De Facto Government and what that really means, as it is not something we should take lightly. It means that an undisclosed coup has taken place and the people who run the Government do not represent the people

of Canada, rather foreign interests through the Privy Council. Canada is a power house filled with key manipulators who hoard the countries resources to assist in the enslavement of the world. The use of fraudulent bank loans and concentration of resources and wealth are primarily what Canada is about. Most people are unaware of the fact that a De Facto Government such as Canada is an occupation and war against the people who live on the land.

The Governor General Web site states this:

"Canada is a parliamentary democracy and a constitutional monarchy."

This means Canadians recognize The Queen as our Head of State. Canada's Governor General carries out Her Majesty's duties in Canada on a daily basis and is Canada's de facto Head of State.

[http://www.gg.ca/gg/rr/index\\_e.asp](http://www.gg.ca/gg/rr/index_e.asp)

Here is a good definition of usurpation or simply usurp, which is what has happened in Canada, USA and other Countries around the world.

USURP', v. t. s. as z. [Fr. usurper ; L. usurpo.]

To seize and hold in possession by force or without right; as usurp a throne; to usurp the prerogative of the crown; to usurp power. To usurp the right of a patron, is to oust or dispossess him.

Vice sometimes usurps the place of virtue. Denham. American Dictionary of the English Language, Noah Webster 1828, Vol. II, page 105.

The above definition would fit Canada and the Catholic Church, as the Church holds the real land titles to all the world.

In Governmental Law. The tyrannical assumption of the government by force, contrary to and in violation of the constitution of the country. Bouvier's Law Dictionary, Third Revision (8th Edition)(1914), Volume 3, page 3380.

The above definition would apply to the USA and Counties it controls through the military and CIA. The leaders of the USA are mere puppets, who are destroyed if they do not do as they are told.

Okay let's look at a definition for de facto:

de facto government. A government wherein all the attributes of sovereignty have, by usurpation, been transferred from those who had been legally invested with them to others, who, sustained by a power above the forms of law, claim to act and do act in their stead. 30 Am Jur 181. Law Dictionary, James A. Ballentine, Second Edition, 1948, page 345. De facto. In fact; actually; indeed; in reality. Ridout v. State, 161 Tenn. 248, 30 S.W.2d 255, 257, 71 A.L.R. 830.

As you can see, a de facto government is a totally unlawful act, that requires the use of force on people who have the true right and standing to create a Government of their own. The people of Canada are under an Occupation of a foreign power and unfortunately most either don't care or don't know. Their rights and freedoms have been Usurped by people that pretend to be their representatives. Acknowledgment of this situation is the first step towards restoring those rights and freedoms.

## **Sovereigns**

If we are not PERSONS then what are we in terms of Law? As I said before we are living within a dream world reality. Nothing is solid here. Take a look at an atom for example. There is space between the electrons and the nucleus and even in the nucleus there is space. What fills that space is Æther. Our thoughts create form and the Æther is like the medium for which we create first the spiritual form and then translate it into what we call

physical form. Our subconscious minds create the reality about one and half seconds or more before our conscious mind observes it. We are creating this reality from moment to moment; it is a dream or rather a nightmare. Just because LORD God creates an illusion of man created man and woman, doesn't change the fact that he is using God's creation to do it with. LORD God has no say at all as to laws and belief systems. God never created laws or names because love and truth require no such things. The mere fact that you are not a bunch of dust held together by some energy field called a soul wearing a skin, is a testament to the fact that you are not LORD God's creation. It would seem LORD God simply made up the story to usurp power from God.

I am jumping ahead a bit so I need to give you a quick explanation of spiritual energy. We read in John 1: 1-9 that in the beginning there was a *word*, meaning sound vibration. This is highly important to understand because the Universe is essentially an infinite orchestra of sound and Æither, from which we transmute into physical reality and transmit out in a symphony. We exist in a multidimensional reality from which different things occur in time and in the infinite to create the observable reality we are experiencing. Although John 1: 1-9 talks about creation, it does so from the perspective of fiction, not reality. As you advance through this book this will become clearer. For now, just recognize that John 1:1-9 talks about a world, not the earth. I'll leave it at that for now.

Nikola Tesla discovered many things during his life and Æither was one of them. Through it he discovered that the Sun was a massive generator of Æither and the Earth was a great collector of it. By making devices that were in tune with the Earth's resonant frequency at the Æither level he was able to extract electricity to run appliances, lights and other electrical devices. In fact he had a shoebox size gadget full of electric tubes that enabled him to power his electric car to 90 miles per hour! Not bad, eh? Since then there have been many other inventions that utilize free energy, but many of the inventors have been murdered or threatened to prevent any mass production of their inventions. Dr. Steven Greer who heads the Disclosure Project in the United States is working very hard to bring free energy to the people of the world. However, the nature of these inventions cuts too close to the core of the truth about our universe, and this technology would also set the planet free. Imagine having all the free energy you would ever need? How would that tilt the balance of power?

The point about Æither is that there are various types of Æither, which Tesla discovered. The Human Energy Field has a form of Æither as well, and it takes on various colors and patterns. Our spiritual anatomy could not exist without it, except once you move into the Haric level, which is where our Core Star resides. We are all Stars in a vast infinite universe on the Haric level, neat eh? I travel to this level of experience from time to time and it is nothing but pure love and bliss there. There is much to do and learn within our spiritual world. There is life that does not reflect light but which we can see through our spiritual eyes. Some people can easily see these Spiritual beings while others have not been taught how to see. You can start seeing the spiritual world around you by simply putting your eyes into a soft gaze and ask the creator to help you tune your sight to the various frequencies. I like to imagine that I am standing on the Creator's hand while doing this, seeing him smile or in a beautiful Glass temple out in the Universe, with the creator helping me grow spiritually as he shares the treasures of the Universe with me. The universe is as much his home as it is ours, so ask him/her for help.

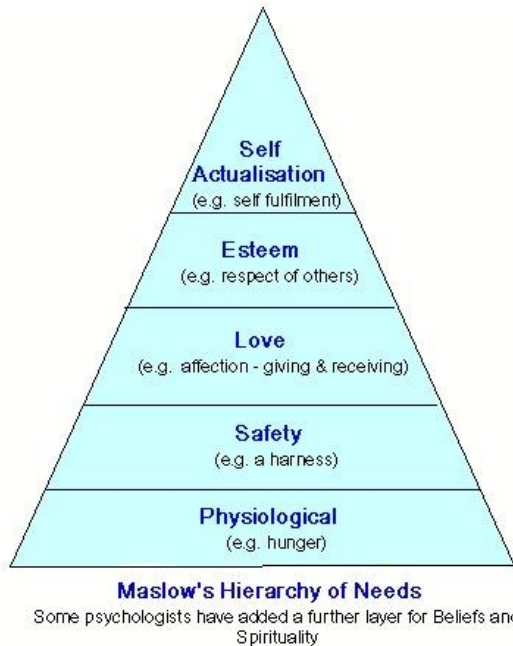

As you begin to see, you will see colored mists around people and perhaps some Organon in the air if it is a sunny day. Organon are highly charged life force particles that swirl around us and are charged by the sun. Our spiritual anatomy needs these particles in order to keep our physical bodies healthy. This makes me worry about the massive destruction that is happening to our planet. We need life to maintain life, yet the list of extinctions is growing every year. Soon the environment will no longer be able to support life, then where will you go?

Energy is neither bad nor good, it is just there. It is our intent and emotion that we put into it that makes it good or bad. If we have free will then why is it that there is always someone somewhere trying to impose his or her will onto us? The Creator never created Religion, Governments or Territories. These are methods of control used to violate what you see all around you. I would imagine that if it were possible the powers that be would like to claim that they own the Universe too. They would only have to visit an estimated 200 billion stars in the Milky Way just to get started, and then there are 100 Billion Galaxies in the observable Universe, with new ones forming all the time. By the way, does anyone know the true names for all the stars in the Milky Way? It's hard to claim rights over something that has no true name, but onward we go.

One way to see all of this is that we are God's Children, and it is we that are the masters of the illusion. What Darkness is doing is very simple: they must stay within truth at all times, and that truth is not ours, it is theirs. They must lie to us at all times, and they also need to get our agreement that it is okay for them to do whatever it is that they want to do to us. They count on the simple fact that we have forgotten who we are and we don't know that we are controlling the illusion. If you look at Elizabeth (the man created as female) as a facilitator of the illusion, she is only doing what you have agreed to and allowed her to do.

She has provided you with the instructions of how the illusion works with the Bible, and simply asks you if you agree with it. There are many levels to this contract and so too many different aspects to Christian and other religions, all based on the same premise of offer and contract. To them this is a ritual of sorts. Their objective is always the same. They want to oppress you so you will help them keep their illusion going, which you are helping to generate. They need your feelings of fear to stay alive, as it is the food that darkness feeds on. One way of looking at darkness in comparison with light is that in darkness everything is fragmented and separated. Darkness cannot see beyond itself so it cries out into the wilderness as a scared child would. We give darkness life, by focusing our attention on it, hence why in this reality we are being forced to focus on darkness for our survival, which is an illusion in of itself. It is a healing process of letting go of that scared child, letting go and realizing that in light there is no separateness, only infinite ways we lovingly connect to each other. We create darkness through our own feelings of being separated from others; being like that scared traumatized child crying out in the wilderness. For it is man that is the light and life within God and the true light of this world (John 1).

Hopefully this is not too cryptic, and part of what you must realize is that we are living in a dream reality. The QUEEN and all her minions are simple manifestations of the darkness we hold within ourselves. When we begin to reach out to each other in love, and help each other, and bring balance back to each other's lives the manifestation of darkness becomes less and less. This is a natural law that whatever you focus your energy on will grow. The difficulty is that we are a multidimensional infinity and this aspect about us has been highly suppressed, and on various levels of our spiritual bodies we hold trauma there. This trauma freezes our capacity to grow both psychologically and spiritually.

In 1943 Abraham Maslow created a pyramid called the Hierarchy of Needs, wherein people's needs are defined from the most basic (psychological) at the base to self-actualization at the apex. Most of the world's population doesn't even make it past the most basic needs of protection, food, water and clothing. Very few can actually take time to self-actualize amidst their daily struggle. Self-actualization requires abundance, choice and freedom. Hence we have a lot of work to do to help others self-actualize, and ourselves as well. What happens when a group of people self-actualize may be represented in the legend of Shangri la, where an entire city self actualized into a higher plane of consciousness. They all literally left this plane of existence. If this power is not true, then why would so much time be spent trying to oppress us. We live in a spiritual reality where we are the masters of the illusion. The goal of the SYSTEM is to get us to project the illusion they want rather than what we want.

Darkness ultimately leads to death and thus everything that they do revolves around a culture of death. They feed off of the agony and suffering of everyone. They want that low frequency vibration of fear, as it is in fact their food. They feed off us like parasites because they have no way of sustaining their own life. They must feed off of us, as we are the light and life within God. Their objective is about keeping their food supply in a herd and to get the herd to police itself, leaving them to feast and enjoy the comforts that their fodder provides them. Outrageous? It is closer to the heart of the matter, than you might think. The QUEEN'S wealth is estimated at \$67 Trillion, what is your wealth at? Considering that the entire economy of the planet runs on \$40 trillion, this is truly obscene.

The way the system is set up is that they must contract with us every step of the way. They have to ask us a question and we if we respond with an answer to their question we are implying that they have jurisdiction. This is why you are asked your name for the record in Court. What you need to do is to start by asking them the questions and watch them squirm. One good one is, "Do you stand for your Oath of Office?" or "How exactly do you have jurisdiction over me as a child of God within in his creation?" The Bible is merely a playbook on how to interact with us on this level of the illusion, but it is not our playbook, it is theirs and they have ensured that all the traps are laid well in advance of our running to their courts with their Bible in our hands. We have to stop playing their game, so that there is no game. Realize this as well, everything you are belongs to God and ultimately it is God's decision as to what law applies to you, not theirs. Ask to see a written agreement from God that says they can pass judgment on you. Ask them if God could join us right now and explain to you and everyone in the room how and why they have jurisdiction.

Everything revolves around a contract of a TRUST ACCOUNT OF A FICTION and the illusion that you are the name on the contract, thus the fiction. Canada is special in that it was never formed into a Country to begin with, and is run by a de facto Government. The people in Canada are totally free of all laws as they are all man created by God, male or female. The powers that be work on obtaining fraudulent contracts through the use of extortion, intimidation and trickery. Anything that you sign is not lawful, for you are not entering a contract freely with all the information disclosed. All they are trying to do is get you to be a surety for an imaginary PERSON, so they can enslave you. This is what they do all over the world. Once you sign, even under torture, they think that they have all that they need to proceed against you.

The extortion aspect comes from the fact that they do not allow the truth to be known to the masses so everyone believes in the fiction. Others and myself take courageous steps in reaching out to people in an attempt to effect change. It is never easy being in the crosshairs of oppression and lies, but once enough people start challenging them the word gets out and change does occur. Some people will be in total disbelief about all this and never check things out for themselves. It's easier to attack the messenger than start challenging the people that are enslaving them. I know that Love does not abandon and neither will I, as love is who we are.

I have given you a bit of background here so that you would start to appreciate perhaps what Sovereignty is and means. Wikipedia <http://en.wikipedia.org/wiki/Sovereignty> defines it as:

Sovereignty is the exclusive right to exercise supreme political (e.g. legislative, judicial, and/or executive) authority over a geographic region, group of people, or oneself.

In Canada, because a body Politic was never actually formed and there is no clear documented connection to the monarchy; thus each man, woman and child is considered to be sovereign, but they won't tell you this. Instead they are saying the QUEEN is Sovereign and everyone else in her Kingdom is a PERSON, essentially a slave fiction. However we are not Sovereigns as that is a title. We are beyond laws of any Country or Corporation because we exist in reality, we are real. It is simply a way of declaring the status of a fictional thing within a fiction based reality. We don't stand for fiction or thus the strawman, for doing so puts us under their laws and jurisdiction. We simply hold dominion over them.

They say Countries are Sovereign and yet a Country is a fiction, incapable of making any decisions or interacting with us. It is supposed to represent a body politic of imaginary fictions called PERSONS who have no capacity to interact with us. The people involved with this are mere actors that are protected by Title as being Honorable, which indemnifies them from any liability of breaking any laws. A Judge is a good example, holding the title *The HONORABLE SO AND SO* or in Parliament *The Right HONORABLE SO AND SO*. The leaders are not held accountable by anything that they do and of course they control the Private Police forces within the Country and squash any investigations that might come close to exposing the wide spread fraud and corruption that takes place on a daily basis, using their indemnification as being HONORABLE.

In terms of Sovereign as it relates to God, I'd rather use the term Creator instead of God, as that more accurately describes our relationship. To think of God as a one singular living entity when in fact he is infinite is a really just attaching a name to the infinite. It can't be done. Infinite multidimensional beings cannot have a name primarily because names are descriptions and our descriptions change based on our state of being. The same is true of God from which we are all part of. The Universe is our home, but it is also the medium for which spiritual creation is transformed into this dimensional experience. The Star Systems, planets and Galaxies all give off or reflect it as light. They speculate, but unproven that ninety percent of the Universe is Dark Matter, which we cannot see, but it is light that facilitates the creation of life. Form follows thought. For example, move your hand. You had to think it first. Nothing is different in the context of the Universe. Thought is always creating form. In the spiritual planes of existence thought does not stop. New species of life are not just created through mutations in genetics, but also created through light. Credo Mutwa explained that his people arrived on the Earth through their thought travel to here. They simply materialized on the earth in their travel amongst the stars. This is not outrageous, as we are infinite and much of the esoteric knowledge that backs this up was destroyed in the five great fires of the Library of Alexandria

The simple fact is that we are God and this is our illusionary playground. We are the masters of the illusion. The mirror reality creatures know this and this is the primary reason why they try to contract with us all the time, getting us to agree with them so they can suck

life force energy from us through fear. The core aspect of Satanism is fear. Human sacrifice is the sacrifice of the color of man, in that the man kind involved has forgotten who they are and are allowing themselves to experience being sacrificed. In truth you cannot sacrifice an illusion, what they are doing is trying to get us to expel fear energy for them to feed off of.

Sovereignty is a term used within their SYSTEM. If you attempt to fight them within their SYSTEM chances are you are going to lose. However, there are times that skirting the edges of the SYSTEM can be helpful. That they are even claiming that countries are sovereign is a lie. This is because the monetary SYSTEMS in those countries are based off the World Bank or some Central Bank that is connected to the consortium of International Bankers that are involved in running the "world". A country cannot be sovereign if a foreign entity dictates to them what their monetary and economic policies shall be. This is the case with all the money the banks loan throughout the world. Multinational corporations lobby Governments to put in place laws that help them maximize profits within the countries they operate. Since when does a corporation have any say in a democracy where living people are supposed to be represented? Supposedly sovereign Nations are constantly being invaded for frivolous reasons, mainly to get access to resources such as Oil.

QUEEN ELIZABETH II or rather Elizabeth was born in Germany. So how is it that she can be the Monarchy for England? That is not sovereignty, but rather an occupation. Germany isn't even part of the Commonwealth. But one only has to remember that it is all taking place in the imaginary world. Elizabeth was born on the earth, just like you and me, end of story. QUEEN ELIZABETH II was created in England via the Coronation. Interestingly, if we break up the word Coronation into two parts *Coro* and *Nation* we get the following definitions:

Coro <http://en.wikipedia.org/wiki/Coro>

(person), a singer/actor

Nation <http://en.wikipedia.org/wiki/Nation>

The most popular modern ethical and philosophical doctrines state that all humans are divided into groups called nations. The nationals (born of the "nation" in this sense) are distinguished by common identity and origin. ...

The English word "nation" is derived from the Latin term *natio* (stem *nation-*), meaning: The goddess personifying birth...

The trickery and extortion that they use to get you to comply with them, designating you as a PERSON, does not detract from the simple truth that you are indeed not a person. You are not an imaginary fiction. Because law is only contract you must agree to what they are saying is true, even though they are only speaking in regards to an imaginary world. Talk about know thy self. Their objective is to extort wealth and freedom from you. They like their mammon.

In terms of anyone being sovereign, I would be careful in using this word. It is a word used in their imaginary world. Rather I would simply use statements like, "Where do you draw your authority from? If it is from the imaginary world then you have no power. It isn't real." All authority stems from ourselves. Law is contract and unless you see your signature on the constitution or legislation you haven't agreed to it. What word would I use in place of Sovereign? I'm not sure if a word exists. Sovereign implies the ability to exercise control over others. Each of us can only agree to each other's requests to form contracts within their fictional world. Contracts do not exist in the real world. Instead, we perhaps have agreements. I would think it would only apply to having sovereignty over the actors in fictions that present themselves to you. There is no sovereignty between us as we are all equal to each other.

## **Canadian Flag and the Tree of Knowledge**

The Canadian Flag is a flag recognized the world over. Flags are used on ships and hence the world is made up of imaginary ships. The Ship that Canada uses is named the Crown. Yes the name is called the Crown, and it is not referring to the British Crown, as they would like you to believe. A gold strip or tassels around the outside of any flag indicates that you are under Admiralty Law, a law which only extends privileges and limits your capacity severely in defending yourself in their courts. For example, U.S. Soldiers in Iraq have a gold stripe around the US flag indicating that they are under admiralty law. You will find gold tassel flags in every courtroom in the world, I would think. The nature of admiralty law is that the judge can use law in any jurisdiction in order to draw a verdict. For example, he could draw law from Saudi Arabia and state that because you took a loaf of bread your hand must be chopped off as part of your punishment, then some whipping, and then starvation in the prison. Then of course he gets your agreement to it by implying you must sign the judge's orders. Again, the reasons for signing are that there are no true courts on the planet, and all law is contract.

My observations of the Canadian Flag are my own and I don't know if this is what they had in mind when they created it, but here we go. The Canadian Flag is a flaming sword that marks the path to the tree of knowledge. It is red in color because red signifies on the light spectrum the lowest frequency of the spectrum, which is akin to the lowest form of life. This color attribute is referenced to the BenBen that illuminated and energized the Great Pyramid prior to it being stolen. In the Bible LORD God cast Adam and Eve out of the Garden of Eden and marked the path to the tree of knowledge with a flaming sword. As a side point have you or has anyone else ever come across this flaming sword? Considering that LORD God created an illusion based on fear and trickery, all blame should be squarely placed on LORD God and not Adam and Eve, for he was the instigator. How could you not protect your children from evil? LORD God was excited that Adam and Eve were now like us by knowing good and evil. That indicates that we are indeed God's Children caught up in LORD God's Illusion. LORD God is a de facto God just as Canada is a de facto Government. This is why I say that Canada never was and never will be a real Country, if that were even possible in the real world.

One other thing about Canada: some say the Word Canada came from the word Kanata, which was a Native word for Village. But the word bears resemblance to the Bible where God commanded Abraham to leave his home and take his wife Sarah and family to a new land called Canaan. Canaan versus Canada, you decide.

## **Title to Lands of Canada**

The QUEEN went to the Native people using Treaties to obtain rights to the land. Of course this was after destroying their source of food and willfully giving out blankets that were contaminated with Small Pox, an act of Genocide that wiped out large amounts of Native people. From where did the Native people have any Title to the land to begin with? The Creator is the only one who has any rights to the land and us for that matter. They know this and that's why everything operates in an imaginary world. So much for Love thy Neighbor as thyself. The simple fact is that these treaties were signed under duress and threat of Genocide and have no lawful merit to be considered as binding. Let's take a look at Treaty 8.

### **Treaty No. 8**

ARTICLES OF A TREATY made and concluded at the several dates mentioned therein, in the year of Our Lord one thousand eight hundred and ninety-nine, between Her most Gracious Majesty the Queen of Great Britain and Ireland, by Her Commissioners the Honourable David Laird, of Winnipeg, Manitoba, Indian Commissioner for the said Province and the Northwest Territories; James Andrew Joseph McKenna, of Ottawa, Ontario, Esquire, and the Honourable James Hamilton

Ross, of Regina, in the Northwest Territories, of the one part; and the Cree, Beaver, Chipewyan and other Indians, inhabitants of the territory within the limits hereinafter defined and described, by their Chiefs and Headmen, hereunto subscribed, of the other part:

In all contracts using dates, the dates are wrong and thus make an untrue statement. Jesus was Crucified during the Passover, which happens in spring around mid April, thus all Calendars should start the year in April not January. I know this is a trivial point but it is a subtle tip off to the true nature of the horrific level of lies, deceit and outright extortion that has and is taking place.

WHEREAS, the Indians inhabiting the territory hereinafter defined have, pursuant to notice given by the Honourable Superintendent General of Indian Affairs in the year 1898, been convened to meet a Commission representing Her Majesty's Government of the Dominion of Canada at certain places in the said territory in this present year 1899, to deliberate upon certain matters of interest of Her Most Gracious Majesty, of the one part, and the said Indians of the other.

This is the second time "Her Most Gracious Majesty" is used. Take careful note that you will never, ever see Alexandrina Victoria's name used on any documents anywhere. Why? Because *Her Most Gracious Majesty the Queen of Great Britain and Ireland* is only a Title, a fiction. Alexandrina Victoria cannot have Title to real land because it all belongs to the Creator, and they know this. The entire treaty is created from the context of the imaginary world taken from the PERSON'S perspective.

AND WHEREAS, the said Indians have been notified and informed by Her Majesty's said Commission that it is Her desire to open for settlement, immigration, trade, travel, mining, lumbering and such other purposes as to Her Majesty may seem meet, a tract of country bounded and described as hereinafter mentioned, and to obtain the consent thereto of Her Indian subjects inhabiting the said tract, and to make a treaty, and arrange with them, so that there may be peace and good will between them and Her Majesty's other subjects, and that Her Indian people may know and be assured of what allowances they are to count upon and receive from Her Majesty's bounty and benevolence.

At what point did the Native people become Subjects of the Queen, a Fiction in an imaginary world? No one is a Subject of the Queen. We all live in the real world and are the Creator's Children. We are all self-determining and free. Once you become a Subject of the Queen you have no rights or freedom, you only have privileges, as you are a slave.

AND WHEREAS, the Indians of the said tract, duly convened in council at the respective points named hereunder, and being requested by Her Majesty's Commissioners to name certain Chiefs and Headmen who should be authorized on their behalf to conduct such negotiations and sign any treaty to be founded thereon, and to become responsible to Her Majesty for the faithful performance by their respective bands of such obligations as shall be assumed by them, the

said Indians have therefore acknowledged for that purpose the several Chiefs and Headmen who have subscribed hereto.

Here we see that the treaty assumes that an Indian Band is a Body Politic and that one or the few may speak for the rest of the people. In truth no one can speak for you, only you can speak for yourself. If your name is not on the Contract then you haven't agreed to it. In fact the Native People would join and leave bands as they wished. They simply grouped together for ease of survival and necessity. Family ties were important, and people stayed together based on family ties, much like everyone else in the world. But this does not mean that they were operating as a Body POLITIC.

AND WHEREAS, the said Commissioners have proceeded to negotiate a treaty with

the Cree, Beaver, Chipewyan and other Indians, inhabiting the district hereinafter defined and described, and the same has been agreed upon and concluded by the respective bands at the dates mentioned hereunder, the said Indians DO HEREBY CEDE, RELEASE, SURRENDER AND YIELD UP to the Government of the Dominion of Canada, for Her Majesty the Queen and Her successors for ever, all their rights, titles and privileges whatsoever, to the lands included within the following limits, that is to say:

In terms of surrendering the land to the Government of the Dominion of Canada, Canada at this point was nothing more than a CORPORATION listed on the U.K. Board of Trade and run by the U.K. Parliament. A fictional entity cannot hold land for it does not exist in the real world. The same goes for Her Majesty the Queen and Her successors. They do not exist in the real world. In terms of rights, titles and privileges, what do you think that they are referring to here? I have never seen any document by the Creator saying that it is okay for a fictional entity to take away his gift from his children, have you? This assumes that somehow these are rights that can be given and taken, of which no one has that authority. This is a CONTRACT albeit a fraudulent one. If they did have rights, titles and privileges to the land to begin with, then what were the colonists doing there? Why were they destroying that which was not theirs to begin with? In essence the Queen or rather the people hiding behind their fantasy world of PERSONS created excuses for themselves for occupying, destroying and genocide against the Native People. In today's terms, if someone invaded another Country and did what these Murderers and thieves did, the entire world would send in their armies to destroy them and restore peace and harmony to the people. So why is it that the world sits by and allows this atrocity to go unchecked? The Agenda was to get the entire planet under the control of the few through the use of an imaginary world of PERSONS. Now that it is accomplished, they can control large populations of people through Body POLITICS, from which the few could create the Holy Roman Empire also known as the New World Order.

Commencing at the source of the main branch of the Red Deer River in Alberta, thence due west to the central range of the Rocky Mountains, thence northwesterly along the said range to the point where it intersects the 60th parallel of north latitude, thence east along said parallel to the point where it intersects Hay River, thence northeasterly down said river to the south shore of Great Slave Lake, thence along the said shore northeasterly (and including such rights to the islands in said lakes as the Indians mentioned in the treaty may possess), and thence easterly and northeasterly along the south shores of Christie's Bay and McLeod's Bay to old Fort Reliance near the mouth of Lockhart's River, thence southeasterly in a straight line to and including Black Lake, thence southwesterly up the stream from Cree Lake, thence including said lake southwesterly along the height of land between the Athabasca and Churchill Rivers to where it intersects the northern boundary of Treaty Six, and along the said boundary easterly, northerly and southwesterly, to the place of commencement .

What is interesting about this part is that HER MAJESTY QUEEN ELIZABETH II, the corporation, uses names and numbering SYSTEMS to describe the land boundaries. You can simply change the names and geographical numbering system and then what does the treaty refer to? The simple fact is that the treaty only references imaginary things, not real. Names are imaginary. For example, you can rename the Red Deer River to anything else you can imagine, but the river remains the same, just the name changes. The reality is that the fictional entity is creating a treaty of fictional things, not the earth. The earth still belongs to all, given to all by the Creator. Thus it is just another form of fraud. The idea that the QUEEN puts herself above God does not detract from the fact that the woman prostituting her body as the QUEEN is still a creation of the creator and has no more authority over anyone or anything on the planet than anyone else does. This is the same for all property on the planet. Many buildings use capital letters in the name of the Building

or fancy font logos etc. The truth remains that these structures are still the earth, it's just molded into a different form. You can change the name of the structure but the structure remains, so the names are fiction the structures are real. This goes for all the Countries in the world too. You can change the names of Countries and set up new ideologies or social structures, but the people remain the same, as does the Earth. They are in an imaginary world trying to overlay the imaginary onto the real, until you point out the obvious, that it is fraud. When you do that the scam is over.

AND ALSO the said Indian rights, titles and privileges whatsoever to all otherlands wherever situated in the Northwest Territories, British Columbia, or in any other portion of the Dominion of Canada.

Again reference is brought about rights, titles and privileges to the land. Where did the Native People gain these from, the Creator? There is nothing written by the Creator anywhere. In truth the land we are on is not ours to give away, it belongs to everyone. Is it saying that somehow the Dominion of Canada was extending these rights, titles and privileges to the Native People prior to the treaty? At what point did the Colonists seek permission from the Natives to occupy their land? The Land wasn't a country when they arrived, so was it the Colonists idea that the land belonged to them? That would mean exactly what I have been saying, that the planet belongs to everyone, and not to fictional entities called Countries. But because of selective observation in most people, this was ignored.

TO HAVE AND TO HOLD the same to Her Majesty the Queen and Her successors for ever. And Her Majesty the Queen HEREBY AGREES with the said Indians that they shall have right to pursue their usual vocations of hunting, trapping and fishing throughout the tract surrendered as heretofore described, subject to such regulations as may from time to time be made by the Government of the country, acting under the authority of Her Majesty, and saving and excepting such tracts as may be required or taken up from time to time for settlement, mining, lumbering, trading or other purposes.

Here we see extending of rights from a Fiction. Can the Queen present herself in the real world and protect their rights as this describes? No because she is a fiction. Here they give the rights to hunt, trap and fish with one hand and take them all back by saying that it is subject to regulations. Thus these are only privileges and not rights.

And Her Majesty the Queen hereby agrees and undertakes to lay aside reserves for such bands as desire reserves, the same not to exceed in all one square mile for each family of five for such number of families as may elect to reside on reserves, or in that proportion for larger or smaller families; and for such families or individual Indians as may prefer to live apart from band reserves, Her Majesty undertakes to provide land in severalty to the extent of 160 acres to each Indian, the land to be conveyed with a proviso as to non-alienation without the consent of the Governor General in Council of Canada, the selection

of such reserves, and lands in severalty, to be made in the manner following, namely, the Superintendent General of Indian Affairs shall depute and send a suitable person to determine and set apart such reserves and lands, after consulting with the Indians concerned as to the locality which may be found suitable and open for selection.

Now the truth about the Colony comes out. In fact it is a military occupation headed by the Governor General. Canada, or *the Crown*, is the Imaginary Ship and the Governor General is the Commanding Officer. The Superintendent General is another Military position, and all of this puts the Native people under Admiralty Law. At this point it does not matter what the contract says, in essence it is saying we can do anything we want to you but you can't do anything to us. It is tyranny.

Provided, however, that Her Majesty reserves the right to deal with any settlers within the bounds of any lands reserved for any band as She may see fit; and also that the aforesaid reserves of land, or any interest therein, may be sold or otherwise disposed of by Her Majesty's Government for the use and benefit of the said Indians entitled thereto, with their consent first had and obtained.

This is saying that they can sell off Native Reserve lands at anytime, with their consent. Wow! They just finished committing genocide, wiping out the millions of Buffalo as the main source of food and way of life, and now they going to ask permission first before selling the land you and your ancestors have lived on for centuries or more? Okay...

It is further agreed between Her Majesty and Her said Indian subjects that such portions of the reserves and lands above indicated as may at any time be required for public works, buildings, railways, or roads of whatsoever nature may be appropriated for that purpose by Her Majesty's Government of the Dominion of Canada, due compensation being made to the Indians for the value of any improvements thereon, and an equivalent in land, money or other consideration for the area of the reserve so appropriated.

This means that once you have spent all your time clearing brush, plowing a field and making it good for growing crops, they can come just take it from you and do whatever they want. That sounds fair, right?

And with a view to show the satisfaction of Her Majesty with the behaviour and good conduct of Her Indians, and in extinguishments of all their past claims, She hereby, through Her Commissioners, agrees to make each Chief a present of thirty-two dollars in cash, to each Headman twenty-two dollars, and to every other Indian of whatever age, of the families represented at the time and place of payment, twelve dollars.

Here is the money part of the Contract. In exchange for all your land we are going to give you \$32 cash and each of your headmen \$22 and everyone else gets \$12. Try and buy a small lot in a city for that amount of money. The treaty allowed for the seizure of millions of Acres of Land for peanuts.

Her Majesty also agrees that next year, and annually afterwards for ever, She will cause to be paid to the said Indians in cash, at suitable places and dates, of which the said Indians shall be duly notified, to each Chief twenty-five dollars, each Headman, not to exceed four to a large Band and two to a small Band, fifteen dollars, and to every other Indian, of whatever age, five dollars, the same, unless there be some exceptional reason, to be paid only to heads of families for those belonging thereto.

In terms of the agreement the cash being used today is unlawful because it has no value, as it is not backed by anything real such as Gold or Silver. They may still be getting Cash, but it is not the same kind of cash. Not that this really matters much because they were forced to contract with a fiction or die from starvation. You will notice that Father LACOMBE was on the treaty as an interpreter. Where was this missionary in terms of trying to help these starving people? Shouldn't he have sent a letter to the Pope requesting financial aid to feed the people? Somehow that must have been overlooked. Since his death, Father LACOMBE has been declaimed as a Saint. Another missionary Priest, Bishop Grandin, had a house in St. Albert that was over 5000 square feet (see picture below), yet there was no money to help the starving Native people who give 10% of their income to and work on land projects for the establishment of the Roman Catholic Church.

Bishop Grandin's House in St. Albert, Alberta, CANADA

FURTHER, Her Majesty agrees that each Chief, after signing the treaty, shall receive a silver medal and a suitable flag, and next year, and every third year thereafter, each Chief and Headman shall receive a suitable suit of clothing.

Here they are giving them the flag to the Ship and the Silver Medal might be akin to the Great Seal of Canada, their "Official CORPORATE SEAL".

FURTHER, Her Majesty agrees to pay the salaries of such teachers to instruct the children of said Indians as to Her Majesty's Government of Canada may seem advisable.

This created Residential Schools, which killed around 800 children and traumatized thousands through physical, mental and sexual abuse. Some children were put in electric chairs as a form of punishment. The idea of educating was more about destroying the culture. Schooling in the pioneering days was very limited and even few white settlers ever went beyond grade six. One-room schoolhouses were about all that there was in those days. How much schooling the natives got in the beginning is unclear, but farming instruction was clearly inadequate or nonexistent, which lead to further starvation.

<http://canadiangenocide.nativeweb.org/>

FURTHER, Her Majesty agrees to supply each Chief of a Band that selects a reserve, for the use of that Band, ten axes, five hand-saws, five augers, one grindstone, and the necessary files and whetstones.

These are supplied to clear the brush for farmland, which will later be taken away to build cities and towns on.

FURTHER, Her Majesty agrees that each Band that elects to take a reserve and cultivate the soil, shall, as soon as convenient after such reserve is set aside and settled upon, and the Band has signified its choice and is prepared to breakup the soil, receive two hoes, one spade, one scythe and two hay forks for every family so settled, and for every three families one plough and one harrow, and to the Chief, for the use of his Band, two horses or a yoke of oxen, and for each Band potatoes, barley, oats and wheat (if such seed be suited to the locality of the reserve), to plant the land actually broken up, and provisions for one month in the spring for several years while planting such seeds; and to every family one cow, and every Chief one bull, and one mowing-machine and one reaper for the use of his Band when it is ready for them; for such families as prefer to raise stock instead of cultivating the soil, every family of firepersons, two cows, and every Chief two bulls and two mowing-machines when ready for their use, and a like proportion for smaller or larger families. The aforesaid articles, machines and cattle to be given one for all for the encouragement of agriculture and stock raising; and for such Bands as prefer to

continue hunting and fishing, as much ammunition and twine for making nets annually as will amount in value to one dollar per head of the families so engaged in hunting and fishing.

Read the above carefully. Can you see yourself or a group of people able to survive on this? Because money was in short supply the Government failed to ship out everything that they promised here, which left the Native people with even less to work with. Because all of this is based on Admiralty Law it is a blatant Breach of Contract. Since it is all of fiction, it doesn't matter. There are only privileges, so fighting them in court (if there were a court) isn't going to resolve anything, as they had no rights under this system of LAW.

The bit about, "TO HAVE AND TO HOLD the same to Her Majesty the Queen and Her Successors for ever", is akin to a passage in Genesis 2:22-24:

[22] And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:

[23] Therefore the LORD God sent him forth from the garden of Eden, to till the ground from whence he was taken.

[24] So he drove out the man; and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned every way, to keep the way of the tree of life.

Note that LORD God made Adam and Eve into Farmers of the Land that was taken from them by LORD God for eating from the Tree of Knowledge. The same thing was done to the Indians, and while this is highly symbolic it is not very practical. Both the Indians and White Settlers struggled, but due to the lack of proper farm equipment and training the Indians began to starve, which was the main catalyst behind the calculated Northwest Rebellion. The Babylonian Talmud gives directions on how to treat your farming slaves in its first chapter. Again it is very symbolic to the ruling elite forcing the Indians to farm. Perhaps the Queen thinks of herself as LORD God?

And the undersigned Cree, Beaver, Chipewyan and other Indian Chiefs and Headmen, on their own behalf and on behalf of all the Indians whom they represent, DOHEREBY SOLEMNLY PROMISE and engage to strictly observe this Treaty, and also to conduct and behave themselves as good and loyal subjects of Her Majesty the Queen.

THEY PROMISE AND ENGAGE that they will, in all respects, obey and abide by the law; that they will maintain peace between each other, and between themselves and other tribes of Indians, and between themselves and others of Her Majesty's subjects, whether Indians, half-breeds or whites, this year inhabiting and

hereafter to inhabit any part of the said ceded territory; and that they will not molest the person or property of any inhabitant of such ceded tract, or of any other district or country, or interfere with or trouble any person passing or travelling through the said tract or any part thereof, and that they will assist the officers of Her Majesty in bringing to justice and punishment any Indian offending against the stipulations of this Treaty or infringing the law in force in the country so ceded.

"The country so ceded." Here the treaty admits that the Native people were in a Country (hence the term *First Nations People*). The Native people never looked at the land in terms of it being a country. Rather they looked at it as regions. They lived peacefully amongst each other for a very long time migrating to and from different areas in the USA and Canada. The Mexicans lived mainly along the west coast of California and down into Mexico, but those were never states or counties, just land. This is yet another fraud by saying that the Native People acknowledged countries and were a Body POLITIC. In terms of Contract the entire treaty is fraudulent because it is based on fiction entities. The only reason that

they got away with the fraud is that the same people who are creating the fictions are controlling the International Courts, and therefore they have no Lawful claim to the land. You go to any court and simply ask the judge where does he/she get the authority to pass judgment on real, living sentient beings that are children of the Creator? They have none. This is the premise of this book. Unless you know what they have done and are doing you are easily tricked by their scam. It has taken them 2000 years to get to this point, and as you see things are not good for the for the majority of the people living on the planet today.

IN WITNESS WHEREOF Her Majesty's said Commissioners and the Cree Chief and Headmen of Lesser Slave Lake and the adjacent territory, HAVE HEREUNTO SET THEIRHANDS at Lesser Slave Lake on the twenty-first day of June, in the year herein first above written.

I have included the names of the PERSONS involved with the treaty so you can see that indeed that contract/treaty was based in a fictional world of PERSONS. I wanted you to see the CAPITALIZATION of the names so that you would know that they are using the imaginary world of FICTIONS.

By using words to date the treaty, e.g. "the year of Our Lord," they infer this treaty pertains to God. It is somehow trying to justify that God is in agreement with the treaty. We also know that the New Year should start in April not January. Further, everything is written in Legalese and there are people listed here as interpreters that are not lawyers and have no authority to translate between Legalese and Cree.

Here we have two Priests acting as interpreters and signing this document. Father A. LACOMBE was made a Saint by the Catholic Church and was noted as the Founder of St. Albert, Alberta.

O.M.I. is the Oblate Priests and Nuns that worked from the St. Albert parish. Today you can go and pray at Father A. LACOMBE'S resting place inside the crypt of the St. Albert Church. I am not saying that Father A. LACOMBE knowingly deceived people, but this shows how the hidden hand works though good people by putting a friendly face forward that talks about love and peace, helping Satan as it were, to steal land from starving Native People.

In witness whereof the Chairman of Her Majesty's Treaty Commissioners and the Chief and Headman of the Chipewyan Indians of Fond du Lac (Lake Athabasca) and the adjacent territory, in behalf of themselves and the Indians whom they represent, have hereunto set their hands at the said Fond du Lac on the twenty-fifth and twenty-seventh days of July, in the year of Our Lord one thousand eight hundred and ninety-nine.

The Beaver Indians of Dunvegan having met on this sixth day of July, in this present year 1899, Her Majesty's Commissioners, the Honourable James Hamilton Ross and James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty, and agree to adhere to the terms thereof in consideration of the undertakings made therein.

In witness whereof Her Majesty's said Commissioners and the Headman of the said Beaver Indians have hereunto set their hands at Dunvegan on this sixth day of July, in the year herein first above written.

The Chipewyan Indians of Athabasca River, Birch River, Peace River, Slave River and Gull River, and the Cree Indians of Gull River and Deep Lake, having met at Fort Chipewyan on this thirteenth day of July, in this present year 1899, Her Majesty's Commissioners, the Honourable James Hamilton Ross and James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty, and agree to adhere to the terms thereof in consideration of the undertakings made therein. In witness whereof Her Majesty's said Commissioners and the Chiefs and Headmen of the said Chipewyan and Cree Indians have hereunto set their hands at Fort Chipewyan on this thirteenth day of July, in the year herein first above written.

The Chipewyan Indians of Slave River and the country thereabouts having met at Smith's Landing on this seventeenth day of July, in this present year 1899, Her Majesty's Commissioners, the Honourable James Hamilton Ross and James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country, set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty, and agree to adhere to the terms thereof in consideration of the undertakings made therein.

Take note of the "Honourable" Title given to James Hamilton Ross, which identifies him as a commissioner of breaking laws. Knowing that the treaty is unlawful, he proceeds with it. Another title is Esquire, given to James Andrew Joseph McKenna, which refers mainly to Attorneys. This gives them status of being one above Gentlemen and one below Knight. He is also listed as a military Officer (all esquires are military officers of the King).

In witness whereof Her Majesty's said Commissioners and the Chief and Headmen of the said Chipewyan Indians have hereunto set their hands at Smith's Landing, on this seventeenth day of July, in the year herein first above written.

The Chipewyan and Cree Indians of Fort McMurray and the country thereabouts, having met at Fort McMurray, on this fourth day of August, in this present year 1899, Her Majesty's Commissioner, James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty and agree to adhere to the terms thereof in consideration of the undertakings made therein.

In witness whereof Her Majesty's said Commissioner and the Headmen of the said Chipewyan and Cree Indians have hereunto set their hands at Fort McMurray, on this fourth day of August, in the year herein first above written.

The Indians of Wapiscow and the country thereabouts having met at Wapiscow Lake on this fourteenth day of August, in this present year 1899, Her Majesty's Commissioner, the Honourable James Hamilton Ross, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country set their hands on the twenty-first day of June in the year herein first above written, do join in the cession made by the said Treaty and agree to adhere to the terms thereof in consideration of the undertakings made therein.

In witness whereof Her Majesty's said Commissioner and the Chief and Headmen of the Indians have hereunto set their hands at Wapiscow Lake, on this fourteenth day of August, in the year herein first above written.

Some of the signatures from the above sections are omitted save room, but again the last names are all capitalized, and so all are corporate fictions. You can get a full copy of the Treaty from the Internet at:

[http://www.ainc-inac.gc.ca/pr/trts/trty8/trty\\_e.html](http://www.ainc-inac.gc.ca/pr/trts/trty8/trty_e.html)

Now the fact that all these people signed the document saying that title belonged to the QUEEN, a Fictional entity, does not negate that the QUEEN never signed the document and never will, because she is FICTION. There is absolutely no evidence in any treaties anywhere in the world that a corporation can own land, as corporations are FICTION and not capable of it. Everyone on the planet has equal interest in the Earth, nothing more nothing less. Nothing can change that.

This was completely and totally a military occupation and war against the Native people. The use of the church as a way to destroy their ancient beliefs and knowledge was

paramount to coerce the native people they did not kill. These people came from Ancient Lemuria and Atlantis and the knowledge that they held (like the people in Africa) could easily counter the goals of the Bankers in their bid to completely take over the world and turn it into a giant prison. The race is on as more and more people begin to awaken to the truth of what is really happening and begin to resist the efforts of the Bankers. They are very far behind schedule in creating this planetary prison, as we were supposed to be imprisoned by 1985, and 2012 is approaching fast.

The Settler's lands were all stolen through the ignorance of the people. They were told to walk out as far as you can, create a description of the land you found and come back to the Magistrate and register your newly found land. No one bothered to look up what the word Register means, and why would they? The word register relates to sea vessels. Merchant Captains would come to a port and register all their chattel property with the Harbor Master, so to register is to identify something as chattel and when you register something you are handing over ownership. Chattel property was sold to pay for harbor fees etc., and includes slaves among other commodities. When the settlers registered their lands, they handed over the property to the King as chattel property, for which the King could do whatever he wished to with it. So much for, "Home of the Brave and Land of the Free".

Regarding any rights to land, nowhere in any legislation anywhere in any country will you find them make reference to the earth, and by not referencing the earth they continue the illusion of fiction. In Canada, they make use of the Interpretations Act to define ultimately what is or isn't. Section 35 of the Canadian Interpretations Act states:

"Canada", for greater certainty, includes the internal waters of Canada and the territorial sea of Canada;

<http://www.solon.org/Constitutions/Canada/English/Statutes/I-21-RSC-1985.html>

This makes no reference to the earth at all, only to water, meaning Canada is simply that in their imaginary world, water. "Includes" means, "just this" (only the water), leaving Canada undefined because Canada does not exist on the earth, it is a Corporation and a fiction.

## **The de facto UNITED STATES CORPORATION**

For greater clarity of what has happened in the United States of America and why we are seeing the destruction of the Bill of Rights there, I thought it would be important to explain what has happened and to a smaller degree why. I know there will be many that up until reading this book thought you lived in the United States, and providing you with some insight on what has happened to the U.S.A. is important and relevant to those who have been conned into believing they are "free".

One of the essential ideas of this book is that all Countries today are bankrupt corporations that use all capital letter names (a fiction) throughout the ministries, departments and sub-corporations they control. In 1868 the Zionist Bankers created a Corporation called the UNITED STATES CORPORATION with the trade names, UNITED STATES GOVERNMENT, UNITED STATES OF AMERICA and UNITED STATES. The problem is you cannot tell the difference between the corporation and the actual United States of America Trust, which is the trust for the trustees and the Corporation. This was done to subvert the wealth and freedom of the people of the Trust, and along with the Corporation came the introduction of the IRS and Federal Reserve in 1913. What eventually happened was that they used contract law to move people from the de jure (legitimate) United States of America Republic to the Private Corporation United States of America. Of course this is treason, but they did it and got away with it, until now that is.

The U.S. Constitution is subverted because only the individual States are sovereign, not the Republic or the Corporation, each of which are bankrupt entities working under a system based on liberty, which grants rights and privileges. Liberty is what is given to seamen that are not free, and all laws are related to Admiralty law or Law of the Sea. We that hold

dominion have no liberty, privileges or rights; we all have freedom, end of story. The people that are elected into office are elected into both the Corporation and the Government offices at the same time, thus they are in a conflict of interest, which is again Treason.

Because Canada is the thirteenth district of the Federal Reserve, Canada is also a private Corporation of the Zionist Bankers in The City of London. The de jure Canada exists, but her Government offices lie vacant rather than filled as they are in the USA, from what I have heard and seen. In essence they did the old bait and switch game on everyone and only now are people becoming aware of it. I do focus a lot on Canada, but again everything is duplicated throughout the world, but Canada and the USA are the Bankers powerhouse. Canada has the natural resources to feed the Military forces of the USA, enabling it to oppress the world under the bidding of the Zionist Banksters.

Part of the control of the Zionists comes from the fact that the epicenter of all the world commerce flows through Jerusalem. They found the center cross point of the four corners of the earth, and set up shop at the intersection point of that cross, which was Jerusalem. All commerce and banking flows through Jerusalem so the Zionists get their cut of all commerce of the planet. In 1933 all Countries in the world went bankrupt, and so commenced this ancient system of commerce that goes back before mankind even appeared on the earth. The complexity of it is based in deception and fraud, and it is important to realize that all nations or countries are de facto by nature in that they only represent bankrupt corporations, not the living people on the land masses.

Did you catch that word, *People*? I bet most of you thought People included you. Again it's a matter of definition. Most English dictionaries would define People as Human Beings. Are you a Human Being? No you are not. In fact Legal Dictionaries don't define Human Beings, so if they won't define it Legally, how do you know if you are or aren't a human being? How can you be held responsible for laws that apply to human beings if you don't definitively know for sure what a human being is? In Genesis 1:26-28 we read that God created man, both male and female, so if you allow someone to redefine who you are other than a man created male or female by God, then you lose all rights under the law since God gave the specific kind called man dominion over all the earth, and man created male or female by God dominion over every living thing upon the earth. **Dominion means to rule.** You are above these laws enacted by a constitution because they don't apply to you; they apply to human beings or more precisely persons, not man created male or female by God. "We the People" in the in the Preamble of the

U.S. Constitution clearly means *not* you as you are not a people. We are so used to using this word people, because the establishment teaches us this in our (indoctrination) school system.

In Black's Seventh Edition Dictionary, People is defined as, "The citizens of state as represented by the prosecution in a criminal case". It makes no mention of a man created male or female by God. And since when does a prosecutor represent anyone? How can a PROSECUTOR Fictional entity, a slave, make any determination over the living or over his own creator for that matter, being us. A Citizen is defined as being a person and a person is not defined as being a living man created male or female by God. Everyone is to believe that they are Citizens of the State, but they don't get to be Citizens until the Prosecutor says so? So if the word PEOPLE does not apply to you, why are you bothering with the Constitution, as it simply only applies to persons upon which a fiction called a (crown) prosecutor decides at his/her discretion to be a citizen that deserves representation as a defendant. The Crown represents the PEOPLE only because all PEOPLE are entities created by the Crown to begin with, and only if the case happens to be criminal in nature. What if they decide not to represent you as a citizen? Then of course the constitution and bill of rights don't apply to you. It's all in fiction, so they have no authority over man created male or female by God, and should be told that. They all swore to it in their oath to God, but then again all their oaths are done in perjury and therefore are false oaths to begin with.

Canada's Preamble is much the same. It says, "Whereas Canada was founded upon principles that recognize the supremacy of God and rule of law". As soon it states that God is supreme what else matters but God? In Genesis Chapter 1:26-28 you see that God only created the kind, of which is man as male and female and gave them and us dominion over all the earth and over every living thing upon the earth. The Canadian Charter of Rights and Freedoms and all the laws in Canada only apply to PERSONS, which are imaginary entities, privately owned as ships/corporations that the Government controls. The first line of each document's Preamble tell you that the document does not apply too you. Section 32 of the Canadian Charter even says it doesn't apply too you. The problem many people will have with this is that if law doesn't apply to me or anyone else then we will have anarchy. On the contrary, you have freedom and that should never be forgotten, as God set us all free. God created the universe and has the highest authority over everyone, in accordance to the SYSTEM. In truth though, love has the highest authority, for without love, life could not exist within the universe and we are love.

It is worth mentioning here that nobody ever voted on the U.S. Constitution, Canadian Constitution or any Constitution in any Country from that I know of. This is why it is called negative law, and why the laws only apply to the people of the Law Society or Group that created it (a.k.a. Founding Fathers, Fathers of Confederation), and not to everyone else. Unless they get your acceptance that the law applies to you, it simply does not. That is what the Extortion System is all about, getting you to give compliance to their laws and granting them authority over you. It is all fraud, but if you don't know it, then they perpetuate it. In reference to the Law of Nations, even if others voted for a Constitution it still does not apply to those that didn't. We don't get our rights and freedoms from some piece of paper, we get our rights and freedoms from our creator, and until our creator tells us otherwise nothing can take the place of that. What those rights and freedoms are is part of what you will discover in the subsequent chapters.

One last thing I like to mention before we leave the de facto USA behind us. There is no difference between a de facto Government or a de jure Government, they both operate in fiction. It is really just a shell game to switch a country between them. Fiction is fiction and you do not obtain your rights and freedoms from a fiction, when in fact you have dominion. I say this because of what Sam Kennedy is trying to do in re-establishing de jure Governments for the USA and the world. The operations of the Government are still controlled by the few, but it is a way of putting in some checks and balances in terms of the laws and that they be followed correctly. A de jure Government is much better than de facto one, but Government comes in two parts, Govern which means to control and ment to mental, which has it's roots in Latin, which means mind, thus mind control. The Restore America Plan, thus TRAP is an interesting process to follow. It keeps everything still under the Pope and thus LORD God's world, but it forces people within the system to follow the laws and not orders from a corporation set in Admiralty. In the end we really don't need Government we need a distribution system and a communication system.

## Chapter 2

### The Courts A.K.A Temple of Baal - The Sun Temple

**"A proof is a proof. What kind of a proof? It's a proof. A proof is a proof. And when you have a good proof, it's because it's proven." Prime Minister Jean Chrétien, PC, QC, BA, LLL, LLD**

Now comes the time of truth. Truth is sovereign as your Word is your Bond. The Truth will set you free. We are equal before the law. They tell you that you have rights and freedoms, that the constitution guarantees them and nobody can change that. If your rights or freedoms are violated in any way you can seek protection by taking the perpetrators to court where the truth will prevail and you will be okay. As you read in the last chapter this is a fantasy. In fact you only have privileges, not rights and freedoms. The fundamental truth is that fictions do not deal in truth, but rather in argument and conjecture. Having good proof as P.M. Jean Chrétien stated in his famous quote has nothing to do with truth. Can you have good or bad truth? Our lives depend on us living in truth, if it didn't we would die.

For a lot of people the only contact that they ever have with the court system is what they see on Television, in fictional shows. There, people's rights and freedoms are defended and the bad people are put away. It is played over and over again. There are Lawyers everywhere you look, advertising as much as they can everywhere. We are conditioned to go running to a Lawyer for help for any problems we have. At times we go to court ourselves to testify and are made to feel that we are doing our duty as a Citizen. When we are accused of something we did not do, we know that people are there to help us and protect our freedom. We are told we are innocent until proven guilty and through habeas corpus we must be considered innocent and be free until a verdict is rendered saying otherwise.

The entire SYSTEM is based not so much on proving the truth but rather extorting large sums of money and freedom from you as the truth has no value to the SYSTEM. The Canadian and US and British Courts are a complete fraud, as are most other jurisdictions around the world. It is this way not by accident. The Courts are mere Temples for which the unknowing enter as a sacrifice. They must exchange their wealth and/or freedom to be let go. There are Maxims to Commercial Law that are being ignored, in favor of the Government and people who ultimately are controlling and extorting huge sums of money from the people, and little if nothing is done to stop it. They use money to bribe people in positions of power, or those that can't be bribed have unfortunate accidents, suicides and heart attacks. This has been going on for a very long time and it has now brought the world to the point where a few own most of everything, and have set up a world wide slavery grid based on money.

Now remember God did not give man, male or female, a name nor did he create any laws. If the Bible did not exist, then from where would one draw for Divine authority over others? If indeed the Bible is a fraud, as stated a number of times in the last chapter, then from where do they draw any authority to use force against the Creator's children? In fact there is no authority, only contract, and that is all that matters. The difficulty is that they know we are multidimensional infinite beings of light and consciousness. We are everything that exists we are the masters of this illusionary world. We are the most beautiful expression of life within the Universe and at our most fundamental level we are love. This is our home. This is our Garden of Eden. This is our paradise. Where do the courts get the authority to do what they do to us? Why do we have POLICE running around all over the planet intimidating us into believing that some LAW applies to us when indeed no laws apply to us at all?

I am not sure if I have all the answers to these questions but perhaps over time, together we can find the answers. A great awakening is taking place, yet the few are working to put

the final pieces together for a world government based on their SYSTEM of law, on which the few have absolute power over a world of SLAVES. The prison is being built all around you. Technology that can see through walls, listen through doors, watch your every move throughout a city. Computers can identify you even if you change your appearance. In Mexico people have been micro chipped of so that they can be tracked and identified. The POLICE State is here. Laws like The Patriot Act (which destroyed the Bill of Rights in the USA) extend to all Countries on the Planet. The powers that be are bringing together an all-powerful, one-world government from which no escape will be possible.

Those involved in the Court SYSTEMS throughout Canada and the world are only there because the people have been lulled into a false sense of trust in the SYSTEM and how it works. Some POLICE Constables have no idea what they are involved with and truly believe that they are there to provide safety and security for the societies in which they live. They never question the origins of Law or the basic premise of what Law is and means. To some extent, some Lawyers believe that they are indeed working to help their clients, and have difficulty realizing why judgments go against them, even though the evidence presented proved otherwise. There are Lawyers that do know the truth but keep silent and just do their job. The core of this, the Judges, take all their direction for rendering verdicts on each case from the Law Societies, and verdicts are mainly decided prior to the start of the trials. It has been noted that the Canadian Government has never lost a Case in Court concerning taxes. That's amazing considering the mass treason that continues to go on.

Running to the Pope isn't going to change matters at all. The Pope is the ruler of the Sovereign State called the Holy See, the Vatican City. It is about 109 acres large and he is the absolute authority there. Think he believes in Fictions? Does he have the Title to the World with God's signature on it? He does not. He is an actor, another PERSON within the SYSTEM, the Emperor of Rome incognito. It's interesting that he recognizes the reality of International law based on the imaginary world of PERSONS. The Catholic Church has gone hand in hand with the spread of imperialism all over the Earth, with missionaries following the explorers. Everywhere they went they brought the concepts of imaginary fictions called Countries and a Religion, which limited the realm of possibilities of spirituality for the people. The Churches will not talk about these things for it would be the death knell for them. They know it is better to keep you focused on doing "good", dismissing the problems of the world because you are headed for an eternal life with Jesus in heaven. But if you are a PERSON, maybe not.

There should be no confusion over the role that the Vatican and Pope are playing in this game called the New World Order. Pay close attention to the integration of the Catholic Church with Governments all over the world. They are using civil law to shut down the smaller churches that speak out about the truth of what is happening. They are concentrating a great deal of decision making power for the entire world into the hands of the Pope. The Pope uses Civil law to do all his dirty work so the church can be perceived as an institution that stands for human rights and freedom. As you read earlier in the WESTMINSTER CONFESSIO OF FAITH the Pope was wrongly identified as the savior (he should have been identified as the ANTI CHRIST). On the contrary, the Roman Catholic (Babylonian) Church headed by the Pope in Rome is the Principal dictator of a great deal of the world. Some Muslim states have not ceded to his will and this is where you see a lot of unrest and regional insecurities happening.

My case in point is the Code of Canon created by the Catholic Church. Note that the word Code is used here, as it is in the Talmud and various other codes throughout the world.

Here is a link to the Code:

<http://www.vatican.va/archive/cdc/index.htm>

Can. 1401 By proper and exclusive right the Church adjudicates:1/ cases which regard spiritual matters or those connected to spiritual matters;

2/ the violation of ecclesiastical laws and all those matters in which there is a question of sin, in what pertains to the determination of culpability and the imposition of ecclesiastical penalties.

Can. 1405 §1. It is solely the right of the Roman Pontiff himself to judge in the cases mentioned in can. 1401: 1/ those who hold the highest civil office of a state; 2/ cardinals; 3/ legates of the Apostolic See and, in penal cases, bishops; 4/ other cases which he has called to his own judgment. §2. A judge cannot review an act or instrument confirmed specifically (in forma specifica) by the Roman Pontiff without his prior mandate.

Now hold onto your socks...

Can. 1404 The First See is judged by no one.

This means that through Roman Civil Law the Emperor of Rome hands out kingdoms and nation states. Through this process the leaders of these entities are only accountable to the Pope and may do whatever they want as long as it is sanctioned by the Pope. Further the Pope hides behind the Holy See, a fictional entity, stating that the Holy See cannot be judged. I would suggest that you watch the following linked video for some further information. I do not have a problem at all with people believing anything they want to believe, however I do have a problem with people forcing their will onto others.

Vatican Control Through Civil Law

<http://video.google.ca/videoplay?docid=-7695778559946532278&q=Law>

Now take a breath and think about this for a moment. We have established that the Bible has been proven to have no historical value. We see the church acting as the Church of Babylon, representing the Court of Baal, among other things that are reflected in the Bible. I do not doubt that Molech exists in California, and that the Bible has plenty of supporting factors as being a book of truth. However, are these things put in place because the Bible said so or because they were there originally? As I said before, the Bible is their guidebook to projecting a realism that is based on a plan for their New World Order. If the Bible itself is a fraud, based on the massive supporting evidence, then why would we allow the Vatican to have dictatorial control over Nation States, which fraudulently use Civil Law to enslave us?

In regards to Islamic and any other religious state, one only has to look at each situation to see how the government operates. Use the litmus test *does it operate in a mode to ensure freedom, or oppression?*

Here is another video that is very interesting:

Who is Pope Benedict XVI?

<http://video.google.com/videoplay?docid=1692157467411214807&pr=goog-sl>

If you take a look through the Code of Canon you will discover very quickly it makes heavy use of the word Person. As we have already discussed you are not a PERSON, so none of the laws apply to us, only to the imaginary fiction. This is the primary reason why there is so much forgery and fraud related to church documents. Religion, much like the CHURCH OF ENGLAND, is based within a fictional world, not this one. The Pope, Cardinals, Bishops, Priests, etc. are all actors in reality, although a majority of them believe that they are the Person they represent. If you are angry in any way with this, turn to these "Spiritual Leaders" for answers. I didn't make any of this up, and as they say, don't shoot the messenger. All of these points are valid, though I do know many will have a difficult time releasing the illusion of religion. *The Extortion System of the Ruling Elite* is the title of this book and what we want to uncover. It is extortion when we are told what God is and that the only salvation we have from our "sins" is through their SYSTEM. It only took 600 years of violence, torture and genocide for the Catholic Church to establish itself and employ this

SYSTEM. If indeed they were speaking the truth, the truth would stand on it's own. The Ruling Elite flex their influence from a number of areas of your life, attempting to instill their way of life onto yours. They do not wish you to have free thought or free expression for that threatens them.

### **A Sneak Peak at a Court**

Here's a scenario...for some insane reason you decide to go into their courtroom over a speeding ticket. Before you got there you asked to speak to the JUSTICE OF THE PEACE and enter a plea of Not Guilty. By going before the JUSTICE OF THE PEACE you are acknowledging that their SYSTEM has Jurisdiction over you. But you're smart and you know you can talk to the CROWN PROSECUTOR and explain to him/her the idea that they are imposing an imaginary world of fictions on you and have no right to do so and should drop the charges. Now you have implied for the second time that they have jurisdiction over you by speaking with the CROWN PROSECUTOR and giving your name again, which is an untrue statement because you don't know your true name.

After pleading out your reasons why none of this applies to you, you are instructed to return the Justice of the Peace because the Crown Prosecutor says this is something for the JUDGE to decide. The only course of action the Prosecutor wants is to get you before a JUDGE. You have researched everything and even put a case together to present to the JUDGE about fictions and maybe even the unfairness of the TRAFFIC TICKET. Once in the courtroom you hear them say, "Please come to me the CROWN PROSECUTOR and tell me your NAME so I know you are here". So you run up and tell the CROWN PROSECUTOR your NAME. He thanks you and asks you to have a seat and wait until you are called. As you sit you notice the Gold fringed flag in the COURT ROOM and that everyone is dressed in black. There on the wall is a nice picture of the QUEEN and the ROYAL COAT OF ARMS, which has the Goat representing humanity chained to the ground (humanity because to be human is not to be a man created male or female by God). You see the LAWYERS come in and notice how friendly they are with the CROWN PROSECUTOR, and some of them may say outright that the CROWN PROSECUTOR is their friend, as indeed he/she is in their Temple. You may even notice the LAWYERS kneel towards the altar as they came in. Next you hear the clerk of the COURT say, "All stand, JUDGE so and so presiding". The JUDGE walks in usually looking well fed and cared for and in good shape from all the vacations he has taken, and sits down at the top of a very large desk overlooking the entire room, where he/she sits down and gives the order for all to be seated. You sit down and do as your told, because you respect the JUDGES authority and there are POLICE in the room watching to see that everyone complies. In the COURT, compliance equals contract. By standing and then sitting you have just made an implied contract with the JUDGE that he has JURISDICTION over you. Next the LAWYERS and the CROWN PROSECUTOR all bow or kneel towards the JUDGE. The CROWN PROSECUTORS makes two key proclamations: "Your WORSHIP how are your today?" and "Your HONOR we have a number of cases which we need to speak with you about today". You sit there watching and hearing this, saying nothing to object to these statements. What just happened is that you have bowed before a false God, his/her WORSHIP, violating a LORD God's Law, and further you have accepted the implication that the JUDGE has HONOR and thus is indemnified from breaking any laws against you. HONOR is a Title as well which indemnifies anyone using it, Political Leaders use it in Parliament where they constantly lie, deceive and abuse people's intelligence on a daily basis.

Bouvier's Law Dictionary defines WORSHIP as:

The honor and homage rendered to the Creator. Eng. law. A title or addition given to certain persons. 2 Inst. 666; Bac. Ab. Misnomer, A 2.

[http://www.constitution.org/bouv/bouvier\\_w.htm](http://www.constitution.org/bouv/bouvier_w.htm)

Take note of "2 Inst. 666". Who is referenced here as the CREATOR through title, and what are they the Creator of? They are the Creator of all Fictions within their imaginary world.

Now you know why the whole system revolves around honor and dishonor. The JUDGE is also referenced as, "Your Honor". The JUDGE is playing the role of God and the SYSTEM wants you to bow before him in various ways so you break the Mosaic Law, "Though shall not bow (before false Gods)". With the establishment of the JUDGE as God unchallenged, you have seriously undermined your position in getting any kind of Justice, as if that ever meant anything to these Criminals.

The proceedings continue as they call out "your" (Thier all caps name which they own) LEGAL NAME and ask you to approach the Bar. You gleefully go up believing it is finally your turn to have your say and explain the fraud brought before you and others. You State your name for the Record, now entering into yet another Contract with the Court. The CROWN PROSECUTOR reads out the charges and begins the Prosecution. The Judge may look at you directly and ask you if you UNDERSTAND the CHARGES being presented to you. If you say yes, you just stated that you stand for them, as it was a choice question that is an offer of CONTRACT. At this point you have stepped up to the Bar or in some cases even crossed the Bar. Once inside or at the Bar you are now on the Bridge of the Ship called the CROWN in the Case of Canadian Courts and are now under the Judge's Jurisdiction. Once you plead your case the Judge may hear from WITNESSES or POLICE OFFICERS and then render his VERDICT, which is only an offer of CONTRACT. If you sit there and say nothing, your silence is your acceptance of the CONTRACT. However it is the name that is contracted, not the man created as male or female, by God, but they try very hard to ignore this fact, as man we are above all laws.

In Criminal court the sentencing is another time when they are offering you a CONTRACT. The JUDGE will say, "Is there anything you would like to say before I render the Verdict or Sentence". Some people will ramble on about how the charges were unfair or retell different aspects of the case. What the JUDGE is asking here in fact is, "Do you agree with me on everything that has transpired thus far?" This is done because you are in a Commercial Court that can only recognize fictional entities and operates on CONTRACT. In cases where the JUDGE has read out the Verdict or Sentence, you should simply state, "I do not agree with your offer of Contract, Verdict or Sentence." They must get your compliance to the verdict or sentence. Otherwise it is not a lawful Contract. They know this and will use intimidation and trickery to get to get your agreement. This is not a Court about Justice it is a Court about Bondage and Slavery. Also in many cases they will simply ignore your questions or assertions that you do not wish to Contract. This is because they are not talking to you they are talking to the chattel property all caps NAME they own, not you. It is a Kangaroo court through and through and truly they only care that they got your signature on some piece of paper and that you showed up in their court, both granting them jurisdiction over you.

You are now deep within their Temple and Satan is rubbing his hands, for yet another Soul has agreed to enter into Bondage under him. You are doomed. The only thing that will release you is if you pay out enough money to LAWYERS in exchange for your freedom. The LAWYERS are there to "Practice" LAW not "defend" you in LAW. They are told which cases to win and lose before the trial begins. When you step into their Temple you are offering yourself as a Sacrifice. They are kind in that they only take your wealth and/or freedom, rather than your life, in most cases. The black Robes symbolize what they worship, within their cult of darkness and death.

In this Chapter we are going to examine the Origins of the Courts and take a closer look at The City, a Sovereign State within the City of London, which houses the Financial district and Temple Bar. It is a crossroads of power where the few have managed to unlawfully gain control over the world Financial and Court Systems. From there they orchestrate with impunity the wars, famines and economic direction for entire Countries. It goes hand in hand with the Holy Roman Empire, which quietly operates in the background in Concert. Behind all this we find 13 bloodline families who dominate and control the major institutions of all Countries in the world. We outnumber them greatly but they are the creators and

orchestrators of this imaginary world of PERSONS. The use of secret societies and outright sorcery is second nature to them. They are masters at lulling you and the masses to sleep, while they push forward their agenda. However, concurrent with their desire to create a One World Government based on Bondage and Slavery, people are beginning to wake up and take notice. This chapter will be very helpful for anyone finding themselves within their grip by providing some tools to help set people free of their unjust SYSTEM.

One final thing before we move on concerns Equity Courts, which all courts are. Courts of Equity are defined as:

EQUITY, COURT OF. A court of equity is one which administers justice, **where there are no legal rights, or legal rights, but courts of law do not afford a complete, remedy**, and where the complainant has also an equitable right. Vide Chancery (Bouvier's Law Dictionary)

[http://www.constitution.org/bouv/bouvier\\_e.htm](http://www.constitution.org/bouv/bouvier_e.htm)

### Winning the Contract

Truly the only way to win in their SYSTEM is to not enter it to begin with. Never go to court unless you are literally forced to at gunpoint. You cannot win in their courts when matters of Rights and Freedoms are concerned. There have been some people that win cases of rights and freedoms (which amount only to PRIVILEGES), but these wins are wins based on an agenda such as Gay Marriage and other Social Engineering, which have no consequence to them stealing your wealth and freedoms. Anything that exposes the corruption of their SYSTEM in any way is dragged into their courts so they can silence the people involved. Commercial entities deal only in Contracts, while the Living deal only in agreements. Ultimately you have no right to contract yourself into their slavery based system because God your Creator did give you dominion, thus you and they have no authority under God to remove your dominion from you.

Everything you do should be done outside of the Courts. If you enter the Courts it is all over. If you find yourself in a situation where you have no choice but to go to their courts, and believe me you do have a choice, then the following information will be of great value to you. It is all about how to shut down a Court Room.

You can call me John, I prefer to be called John because I'm used to it. My friends call me John. I'm here to represent a fictional entity called JOHN RUIZDEMPSEY, spelled in all capital letters. Am I allowed to speak on behalf of JOHN

RUIZ DEMPSEY ALL CAPS NAME?

Before we proceed, I have a few questions to ask you, is it ok to ask you a few questions?

As a Child of God and a Minister with indisputable title, I am standing in the Kingdom of God, where do you stand?

Are we in a common law court or an admiralty court?

Are you a Mason?

Is there anyone here who is a member of any Masonic organization?

Did you receive a copy of my letter to you dated October 31, 2005?

Then you know that I am here on a special appearance and under the invitation of the fictional Petitioner, THE LAW SOCIETY OF BRITISH COLUMBIA who agreed to pay me my fees, which is \$5,000 per hour for making a special appearance here, correct?

Under the terms of my acceptance of the Law Society's offer, I counter-offered that I will be here if they pay me \$5,000 per hour for a minimum of 8 hours.

Anyways, I have a copy of the contract, which I am entering on the record, you may read it if you want. A Demand for Payment has been served to Mr. Peter Voith; a copy of said Demand for Payment, which I also want to enter on the record.

Did you bring a copy of your Oath of Office and your Bond today James?

If not, why not James? I asked you in my letter to you of October 31st that you duces tecum must bring a copy of your Oath of Office and a copy of your Bond, why did you not bring it?

Do you have certified copies of these documents here in the courthouse or elsewhere?

(If no Oath or Bond) Let the record show that James W. Williams, d/b/a JUSTICE(JAMES W.) WILLIAMS/PUBLIC SERVANT, does not have his Oath of Office and his Bond in his possession today.

Without your Oath, how can I be sure that you will act in an impartial manner here today as you did not do so last time I was here?

How can I be sure that you have no bias, or that you have no conflict of interest, or no interest in the outcome of this case? Since you don't have your Oath today, would you be willing to swear an Oath today?

How about you Mr. Voith, (law society), would you be willing to swear an Oath today? I want to enter this on record that these men are not here to tell the truth – they are here to tell lies.

You made a decision on September 13, 2005, despite the fact you have seen a copy of my Constructive Notice of Child of God status, now where in God's name did you obtain the authority to make such an order?

Are you above God?

Are you equal to God?

Do you stand between me and God?

Do you have any document with any verifiable signature of God that you have the power over me?

When did I, John-Ruiz: Dempsey, a Child of God and a Minister of God with an indisputable title consent to your jurisdiction? Especially over me, the man, a Sovereign, free born, sentient, living and breathing soul?

How did you obtain jurisdiction over me? I want to know, especially when I'm not even a citizen of your country – my citizenship is in Heaven you can look it up in the King James Bible

– Philippians 3:20.

Or maybe you think I'm a slave, do you say I'm a slave, or am I a freeman?

Could you show me anything, any statute, any law that could prove that you have jurisdiction over me?

I want to make it clear at this point, my name is John-Ruiz: Dempsey, not JOHNRUIZ DEMPSEY all capital letters as it appears on the style of cause. John-Ruiz:Dempsey and JOHN RUIZ DEMPSEY ALL CAPS are not the same; JOHN RUIZ DEMPSEY ALLCAPS is a fictional name created by the state, it is not me, yet you and the law[less] society used that name to drag me into this muddle.

Do you understand the difference between the ALL CAPS name and the real Christian name?

The bottom-line here is: which one is more important to you, is it the People, or the law[less] society. Your action speaks volumes, you don't care about justice, you don't care about mercy, you don't care what's going to happen to all the real People I represent, these are not fictional characters created by your statutes; these men and women are created by God and by interfering with my work, you are interfering with God. This is what God's Word says about you in Luke 11:52 " Woe Unto you Lawyers! For Ye have Taken Away the Key of Knowledge: Ye entered not in Yourselves, and Then That Were Entering in Ye Hindered"

In Matthew 23:23 it says this about you: "Woe unto you, scribes and Pharisees, hypocrites! for ye pay tithe of mint and anise and cummin, and have omitted the weightier matters of the law, judgment, mercy, and faith: these ought ye to have done, and not to leave the other undone."

How long do you think you guys are going to go on with your injustice and abuse of power until the people start a revolution?

I'm not dealing with your Court until the jurisdiction has been proven.

Since the judge refused to answer my questions, these questions will be sent to him personally, after which, these questions will become part of an affidavit and entered on the file as public record.

Now seriously, I would like you to read Cicero's definition of natural law from his book, On the Republic, published in 51 BC.

"True law is right reason in agreement with nature, universal, consistent, everlasting, whose nature is to advocate duty by prescription and to deter wrongdoing by prohibition. Good men obey its prescriptions and prohibitions, but evil men disobey them. It is forbidden by God to alter this law, nor is impermissible to repeal any part of it, and it is impossible to abolish the whole of it. Neither the Senate nor the People can absolve us from obeying this law and we do not need to look outside ourselves for an expounder or interpreter of this law. There will not be one law at Rome and another law at Athens. There is now and will be forever one law, valid for all peoples and all times. And there will be one master and ruler for all of us in common, God, who is the author of this law, its promulgator, and enforcing judge. Whoever does not obey this law is trying to escape himself and to deny his nature as a human being. By this very fact, he will suffer the greatest penalties, even if he should somehow escape conventional punishments."

Cheers, John-Ruiz: Dempsey BSc. LL.B

John no longer Practices LAW but rather defends real living people from the SYSTEM. I cannot express enough about the bravery, conviction and wealth of knowledge that he has. If it were not for John and others like him we would all be in concentration camps by now, making widgets 16+ hours a day and slowly being starved to death. The Court is indeed nothing more than a Temple. Ancient accounts of Moses and other characters in the Bible are complete lies, according to the books by Bushby and Thompson. It is not difficult to see the fraud within the Bible by simply comparing like passages to older Bibles or even the Older Greek and Hebrew texts. Even The Dead Sea Scrolls conflict with today's Bibles. The fact is they operate in a world of FICTION and thus they can change anything they want about the history of that world without telling us anything, because it is all inside fiction of course. They do this because they want us as their slaves.

John never got past the Jurisdiction question as the Judge refused to answer his question, so he simply left the Court. If the Judge cannot prove Jurisdiction, then there is no point in being there, unless you want to play their game, with their rules. There were questions about Masons because Masons along with people of the Jewish Faith can take part in a

prayer called the Kol Nidre. It disavows them of all their Oaths and oaths they may take over the coming year. By considering that these Groups of people occupy positions of power in Court Rooms throughout the world, yet are also obligated to carry out orders within a hierarchy of Masonic Lodges, you begin to see how the few can control the many and how corrupt it is. People taking part in this fraud knowingly have no respect for their fellow men. Some do it, just so that they are in the SYSTEM and will be well cared for, but in the end all tyrants do turn on their own minions as their usefulness comes to an end. Typically you are only punished if you mess something up bad enough, then your life may be in danger. The whole SYSTEM is based on command and control and they must obey their Temple Masters.

If they cannot answer your questions then they can have no power over you and they cannot enslave you. When they ask you, "What is your name," you could respond, "Are you could respond, "Are you asking me that question in English or Legalese?" If they say Legalese then say, "Well I just asked you a question in English so because you can communicate with me in English and I do not understand Legalese, just communicate in English with me. Everyone is equal before the law and because you can speak English, I would like to only be presented with laws written in English. Are all your laws in legalese? (He answers yes.) Then I don't see how we can continue this because I cannot be equal before a law written and interpreted in a foreign language. Up to this point I thought you were speaking and communicating with me in English and clearly this is a misunderstanding. When you can present me laws written in English, a court in which the people speak English and show me a law in English that I have broken as a living sentient human being then perhaps we can talk again. I see no further reason for us to continue our discussion on this matter. Good-bye."

You can also ask, "is this a de facto court? Does this court deal in fiction or truth?"

You can ask the Judge, "because we are both equal before the law could you give me aid and direction?"

The objective is to expose the truth for the truth will set you free. They are the enemy and will lie and cheat, but when you point that the judge is sitting on a bond and an oath, you can call them on it. Unfortunately in Canada and the U.S.A. some Judges take false oaths and have no bonds.

Do you swear to tell the truth, the whole truth and nothing but the truth, so help you God? My answer might be, "Only if you swear to tell the truth, the whole truth and nothing but the truth, so help you God, as well. By the way do you know of anyone that knows the whole truth about anything? Well I don't know of anyone, do you? So I guess that leaves reasonable doubt everywhere does it not? Since you are stating via this Oath you want me to agree to, that I am God, as it ends in, so help "you (being me)" God, then I as God order the Court to dismiss all charges and upon the accused and he/she is free to go. Get up and leave. Case closed, next.

## **The True Nature of the Court**

Whenever you go to Court your Straw Man is being charged with a debt. The objective of the court is to get you to take the bait and act as the Straw Man and go into dishonor of that debt. It does not matter to them what statute or act that they say you broke, that is a smoke screen. The entire Court System revolves around getting you to unknowingly assume a debt because they are using legalese words, not English, to trick you into the old bait and switch. To argue over jurisdiction is to put yourself into dishonor, what you need to do is to discharge the debt, which can be done by asking the JUDGE to write out a cheque to the ALL CAPS NAME and give it to you to deposit in your bank account to discharge it for them. It is a Civil Court not Criminal Court that you are in. The Attorney's job is to bring you into dishonor. They use a lot of smoke and mirrors to accomplish this. Whether a court is lawful or not seems to have no bearing on the protection of your rights and freedoms under the

Constitution, which is nothing more than an offer of enslavement anyways. Countries are fictional entities that have no power over the people of the planet because they have no substance. They gain power over you via the use of your signature and assumptive agreements. These are all the tricks of Babylon. It is not fair, it is indeed cruel, and they know exactly what they are doing to you. It is all about, what is in it for them, \$\$\$.

Everything circulates around Bonds supposedly. It is truly sick beyond belief what they are doing. By showing up in (Attend) court you are taking on a debt of another (FICTION), and with that they get you to sign bonds, which end up giving them money and put you into prison. What people fail to do is redeem their Bid Bond. The Bid Bond is your Return on Recognizance Bond, the one that they say you have to sign in order to be let out. It is money that has a penal value attached too it. You created it and you can use it to discharge the debt, rightfully ask for closure of the Account on the docket (a.k.a. case number) and final settlement. Watch the rats scurry from the courtroom when you ask for that one! Or they will say that they do not know what you are talking about and simply rail road you through.

The truth is, even if they say that you must sign the RoR Bond, which binds your person to an obligation which has a penal value too it, you as the principle can refuse to sign it. If you choose to sign it you can sign it under protest and duress, because you are a free man, male or female. Signing it under protest and duress voids the document, and because you complied with their offer (sign this to be let out), you are free and the RoR bond is void technically, however they don't follow their laws all the time. In many cases all they care about is that you sign the RoR bond so you can get out of jail, thus confessing to be a fiction. Fictions have no concern about the law, just concern if you confess to being a fiction or not. Yes it is extortion and yes they may hold you for several days or months to try and get you to sign it. You can follow up with a letter from a public Notary asking them to present the bond to the public Notary to verify that the bond is signed under protest and duress which will release you from it's obligation to show up in court, providing you can find a Notary. It would be best not to sign a RoR bond or an Appearance Bond. This is all they want and all they care about. Do not sign it or anything else they might slide your way, for that matter.

Because they hold people unlawfully in jail until they sign off on the RoR, which can be several months, knowing this following simple solution is helpful. Simply teach the inmates about statutory law and how the system works and you will find that they want you out of there so fast it makes light look slow. I am still researching the aspect about the RoR bond that the objective is to get you into default so that when you do show up you are in dishonor and they can decide either way what they want to do with you. I am assuming that you must use the bond to discharge the debt of the warrant, which is the charge, and back it up with a Performance Bond and Payment Bond. The Principle is You the Human Being, Robert-Thomas: Hay and the Surety being ROBERT THOMAS HAY. This is a reversal of making you the human being the surety. Not doing this results in them selling the RoR Bond in Brussels for Trillions of Dollars, which is funneled back into the Illuminati controlled private prison Systems all around the world.

All this bonding stuff is discussed later in the book in some detail. However, you are already operating under a bond, that being your bond is your word. It supercedes any bond they have because fictions cannot operate in the real world; fictions have no mind, physical body or way to communicate. They have no authority over you whatsoever. In fact by thier own oath you were given dominion over the earth and they as fictions have no authority over you on the earth.

The articles I am getting this information from come from Jean Keating. I would suggest reading his material for a more clear view of what is going on and remedy within it.

When an Officer comes to arrest you on a warrant it is really a lawsuit that he is presenting you with. A warrant represents a debt or statutory obligation, and the simple fact is they are asking you to be party to a lawsuit. The so-called charge of what you did is a smoke screen because the commercial instrument represents their desire to enter into a lawsuit with you. You simply tell them that you do not wish Joinder and you do not wish to contract with them. If they persist, saying that it is a Judges Order and that they are acting under orders, tell them that they and the Judge will have to pay the bill for the Order that they are presenting to you under the Law and Equity Act. This is nothing different from pulling up to a fast food window and giving an order and being presented a bill. Just write up a bill, maybe \$500 trillion dollars would be a nice start. It is all commercial Law, so make sure every step of the way that if you can't get out of it to have the officers note in their books that you are only allowing them to do what they are doing under protest and duress. There is no obligation binding you to their laws. The laws were made for the Government not for the People. People live under common law not Statutory law of imaginary fictions called persons.

Despite the smoke and mirrors, knowing the biblical side of the law is helpful to some degree. In Canada the Judges, Justices of the Peace and Police Officers all have willingly or unwittingly pledged false oaths, so in truth the only law that applies is Commercial Law under UNCITRAL. The entire SYSTEM seemingly revolves around the use of Bonds, the use of Debtors and Creditors. It is a scam beyond belief, but it goes on perpetually. Countries are merely Corporate shells for imaginary entities called PERSONS, and they prey on people to become SURETIES for the laws that only apply to PERSONS. They fraudulently trick you into believing you are responsible for this PERSON and the law. It is this pure evil that is the powerhouse behind the funding of their New World Order. They have made you into a TRUSTEE and you have to settle the charges presented too you or you go into dishonor and thus jail.

The whole system of trials is nothing more than a dog and pony show that has absolutely nothing to do with anything. It is about getting a PERSON to take on a debt, so an account can be opened for which you are the owner and principle. You can simply ask for the Bid Bond back as the principle of the account they more than likely have sold after your first appearance. Although I think they will never acknowledge the bid bonds etc., so be careful of that. If you play with fiction, then you are playing with fire.

## **The Temple**

"And Moses went up unto God, and the LORD called unto him out of the mountain, saying, Thus shalt thou say to the house of Jacob, and tell the children of Israel; Ye have seen what I did unto the Egyptians, and how I bare you one eagles' wings, and brought you unto myself. Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine: And ye shall be unto me a kingdom of priests, and an holy nation. These are the words which thou shalt speak unto the children of Israel." Exodus 19:3-6 LORD God telling the Jews they are his Slaves and that they are Masters over all others.

The Temple Masters are from *Temple Bar* in *The City*, within the City of London, ENGLAND. Again the City is a SOVEREIGN State and has it's own SYSTEM of LAW. It's rumored that the Queen must kneel before her Master within the inner Temple when she visits, which I am inclined to believe. The LAWYERS bought the temple from the Knights Templar, who protected the early Christians and became very wealthy from Commerce and Conquest

against the Muslims. They were created by the Pope and were the de facto Law Enforcement throughout Europe. They provided safe passage for pilgrims going to Jerusalem and charged a fee for doing so. They provided the foundation of the current banking system we have today. They were in the end accused (based on hearsay) of demonic and satanic acts, giving the Pope and King of ENGLAND a reason to shut them down. Some escaped to aid Scotland in helping King Robert the Bruce in his fight for independence from Britain. Darkness likes to hide itself in the light, and I think that the vast wealth that the Templar Knights acquired was of great envy to the King of France and the Pope. There was a usurpation of power through destroying the Knights Templar, which was replaced by evildoers who plundered their wealth and system.

Interestingly the only way to get certain jobs within The City is that you have to be a Satanist. The wealthy Bankers, World Leaders etc. go to Bohemian Grove in California every July for a 2week holiday. The first night they perform the Cremation of Care Ceremony, where an effigy of a small child or more probable, a real child is sacrificed and burned in a 40-foot stone Owl called Moloch. Interestingly at the point where the child is sacrificed these people smack their lips strangely like they have just eaten or are about to eat a meal. You can download and watch a video of this, called *Dark Secrets Inside Bohemian Grove*, by Alex Jones. Alex snuck in and filmed a lot of what was going on there.

The nature of this Tyranny we call LAW COURTS comes from people with no lawful title to the land which they use to extort money from the people. The concept of the Star Chamber Courts used in the medieval times (and I begin to wonder if these are not the later evil times) is based on presenting no evidence or charges, but simply asking how you plea. The Judge then swiftly determines one's fate from evidence not presented in court, and without their knowledge renders his decision. These Star Chamber Courts are the very essence of what the courts of the extortion system are really about today, as all are slaves before the Court. It is not about truth or justice; it is about making it appear that the people are getting fair treatment, while they extort their money, property and at times take their very lives.

The Temple of Baal was the Sun Temple in Ancient Rome, BAAL being the God of the Landlords. The fundamental purpose behind the Temple of Baal was to impose a system of law onto the poor, which would allow the affluent to steal their land and property. *Sound familiar?* The SYSTEM of law put forward by the Temple of Baal focused on stripping the poor of their three basic rights under God's Law in the Torah. The three basic rights were: The Law of Redemption on the Land, the right to return to his land in the jubilee if not previously redeemed, and the right to have his debts cancelled in the Sabbatical year. The Sabbatical year is when you reach 49 years and 10 months of age. You send in your temple coins of silver and all debts are forgiven. You will notice that Jubilees are celebrated by HER MAJESTY QUEEN ELIZABETH II from time to time, last one being in 2002 for her Golden Jubilee and 2012 will be her Diamond Jubilee.

The landlords and the temple of today are much the same. The names have been switched around, but the Ancient SYSTEM of law is still with us, designed to enrich the few while enslaving the masses. They have done well by getting us to police each other, making sure that we all do our civil duty. The Royal Canadian Mounted Police in Canada have little to do with being the QUEEN's Police force, and they don't even pledge their allegiance to HER MAJESTY QUEEN ELIZABETH II. It all revolves around a few hand picked people at the top, dictating through a command and control structure to the unaware pit bulls below. The us versus them mentality and other head games that they instill into their culture keeps the Police forces focused on enforcing law, not asking questions pertaining to lawfulness or jurisdiction. The Bankers and ruling elite make it hard on those in the system who speak out, and they promote the ignorant and incompetent, thus ridding the system of intelligent and wise people that could work against them. It is about serving their God, Satan. It is

not about truth and certainly not about Justice.

In Biblical times land was passed onto people within their clan. It was called heritage. It was LORD God's law, but under the Baal SYSTEM this was not recognized. The concept of Heritage is very important to understand. It means that the land is LORD God's property, God by the way does not see things in terms of property; but as part of God, as in our image and after our likeness. The Possessor is given the use of God's land with the understanding that he must pass it on to his decedents. The 35% tax on estates in Canada after someone dies is a clear violation of this ancient law. The Bankers and criminal elite simply slurp 35% off the top for no reason other than to enrich themselves, and more importantly to oppress the poor and make them poorer. Under their SYSTEM Canada is a PERSON, Canada gets the Heritage not the living people.

In the Temple, Blasphemy is not speaking against LORD God's Law, but rather challenging the laws of the Temple or King. It is a dictatorship and the emperor's will has force and effect, regardless of what the law says. This is what we face in courts around the world. In fact The Temple of Baal was demolished and all but one of the people associated with it wiped out at one point in its history.

2 Chronicles 23:9-21 describes the destruction of Baal and all the people associated with oppressing the people. It is a good read:

[9] Moreover Jehoiada the priest delivered to the captains of hundreds spears, and bucklers, and shields, that had been king David's, which were in the house of God.

[10] And he set all the people, every man having his weapon in his hand, from the right side of the temple to the left side of the temple, along by the altar and the temple, by the king round about.

[11] Then they brought out the king's son, and put upon him the crown, and gave him the testimony, and made him king. And Jehoiada and his sons anointed him, and said, God save the king.

[12] Now when Athaliah heard the noise of the people running and praising the king, she came to the people into the house of the LORD:

[13] And she looked, and, behold, the king stood at his pillar at the entering in, and the princes and the trumpets by the king: and all the people of the land rejoiced, and sounded with trumpets, also the singers with instruments of musick, and such as taught to sing praise. Then Athaliah rent her clothes, and said, Treason, Treason.

[14] Then Jehoiada the priest brought out the captains of hundreds that were set over the host, and said unto them, Have her forth of the ranges: and whoso followeth her, let him be slain with the sword. For the priest said, Slay her not in the house of the LORD.

[15] So they laid hands on her; and when she was come to the entering of the horse gate by the king's house, they slew her there.

[16] And Jehoiada made a covenant between him, and between all the people, and between the king, that they should be the LORD's people.

[17] Then all the people went to the house of Baal, and brake it down, and brake his altars and his images in pieces, and slew Mattan the priest of Baal before the altars.

[18] Also Jehoiada appointed the offices of the house of the LORD by the hand of the priests the Levites, whom David had distributed in the house of the LORD, to offer the burnt offerings of the LORD, as it is written in the law of Moses, with rejoicing and with singing, as it was ordained by David.

[19] And he set the porters at the gates of the house of the LORD, that none which was unclean in any thing should enter in.

[20] And he took the captains of hundreds, and the nobles, and the governors of the people, and all the people of the land, and brought down the king from the house of the LORD: and they came through the high gate into the king's house, and set the king upon the throne of the kingdom.

[21] And all the people of the land rejoiced: and the city was quiet, after that they had slain Athaliah with the sword.

Those who like their Mammon brought back the SYSTEM of LAW that was created at the Temple of Baal. It is a religion based on lies, in which the oppression of the poor (or rather made poor through Tyranny) and those outside the clan is paramount. The Bloodline families that support and flaunt this SYSTEM of LAW onto unknowing people of the world have very little regard for their well-being or ability to live. It is completely about them and their selfish desires to live the luxurious life, surrounded by slaves, and do anything they want with impunity. In terms of LORD God's Law, Moses had promised that if the worship of the Lord in the three great feasts of redemption, Passover, Pentecost, and Tabernacles, were kept faithfully, "no man will covet your land" (Ex. 34.24). This was and is long forgotten then and now. Again it is my assertion that LORD God is not God and that he usurped power from God and created an illusion based in fear, within the context of the Bible.

The reality is that the Temple of Baal has replaced the Temple of the LORD, and although there is strong evidence to show that the historical aspects of the Bible are completely untrue, this is the foundation of their SYSTEM of LAW. It resides in a make believe world where anything contrary to the King or the Temple of Baal is considered Blasphemy. The people in positions of power within the Temple have put themselves above God and consider everyone else as their Slaves. The Temple Bar in the City has an inner and an outer Court. There, people grow in power and are given specific knowledge as to the true nature of the Court, a.k.a. the Temple, as they progress deeper into the inner Court. Similar to all secret society networks everything is based on command and control. The unfortunate part is that the people involved literally end up having their very Souls sucked out of them and become more or less the walking dead. Their eyes are vacant and they become instruments of evil. They must obey their masters or else they don't live very long. It is all fear-based religion, just at a higher intensity than other fear based religions, I would say. Just look into the eyes of your political leaders and you will see what I mean.

The primary aspect of the Religion being put forward by the Temple is that everything must be hidden out in the open. This is why we have Constitutions, which make people constitutors, i.e. responsible for another person's debt. It is why 666 is embedded into building structures and corporate logos. The three references the tri star system of Sirius in Orion. Canada Place tops the windows off with a pyramid embedded into the roof. The Toronto Dominion Tower in Edmonton, Alberta, Canada also had an upgrade using golden colored windows representing

the Sun, set in 3 columns. When you count the large windows in the 3 columns they all add up to 666. The CIBC bank in the west end of Edmonton, has 2 sides of the building with 3 rows of 6 windows and a small pyramid at the end, 666. This goes hand in hand with the Holy See, where the Pope is the dictator. Only 555 citizens are allowed at any one time to be Citizens of the Holy See, a tri star symbol of Sirius. Also if you run the word Five through a Numerology Calculator or do the Numerology yourself, Five works out to the number 6 in Numerology, meaning the sign of the Beast, 666 to the 555 citizens (each Citizen is a corporate entity, not a living man).

If the Bible were true everyone on the Planet would know it, for that kind of creation does not disappear from cultural knowledge. Native people in North America and other people throughout the world would have had no need of these Military Officers on a Mission posing as Missionaries if what they indeed were saying was true. The fact is that religion is invented and passed onto the Rabble as truth. Rabble are the uneducated or easily fooled

people. Once you get enough people believing something it gains momentum, like the 100 monkey syndrome. If 10% of the population knew the knowledge contained within this book and began promoting a more balanced approach to life in terms of Law and money their SYSTEM would collapse.

If you would like to read more about the Temple there are some excellent articles about it around on the Internet. I drew some of my information from:

[www.cooperativeindividualism.org/torrey\\_baal-god-of-the-land-lord\\_s.html](http://www.cooperativeindividualism.org/torrey_baal-god-of-the-land-lord_s.html)

In the UK Parliament there is the House of LORDS. This is a tricky thing because with all the Bishops and rich families sitting there it might be mistaken for LORDS Spiritual, when really it is the LORDS of Baal, they just overlay the words. There is only one LORD in the Bible, that being LORD God. So all these LORDS are really Land Lords determining what laws are appropriate for the SLAVES. It is really a sad, sad situation when you sit back and see it for what it is. Again in the Coronation of the HER MAJESTY QUEEN ELIZABETH II, she puts herself in Gods place and grants the rights and freedoms to the Clergy and the Church. Her COMMERCIAL entity commits Blasphemy against LORD God and God, by saying she is above him. This is another mechanism of the Temple. The Law is not LORD God's Law but the Temple of Baal's Law. It is not Blasphemy within the Temple, for they want you to believe that somehow an imaginary corporate fiction acted out by this Woman going by the name Elizabeth-Alexander-Mary: Windsor can have the power of God over living people. In essence it is really our failure to recognize that we are man created as male or female by God that is at the heart of the matter in terms of the system. If we take on a name we become a men and women created by LORD God and hold no dominion over the earth. Thus as property of LORD God, we are seen as abandoned chattel and thus gobbled up by the Temple of Baal, hence the Queen and her criminal elite family friends.

## Words

The very nature of LAW is word play. This comes from John 1, "In the beginning was the word, and the Word was with God and the word was God." All words spoken come from God as thus we are all in part God. This is why Oaths end in so help me/you God. Word is also a vibration and there are 22 levels of density or realms as it were that the earth and we can manifest into, like the musical scale, each octave is a realm. Thus the vibratory frequencies at each octave offer more and more density and programmability. The Atlantians and Lemurians knew a great deal about creation and were playing with creation to create life in the density just past us. They were unable to manifest into this realm or octave and ended up merging with the earth's Oceans from what I have been told. All crystals resonate at a certain range of frequencies and will hold matter within that frequency range if encompassed by the same type of crystals; natural diamonds have an infinite range of frequencies and thus octaves to them. Without getting to side tracked here the entire system is based words because it is our words that create the final sound vibration fields of

intent which form our reality.

Yes they are sound fields, but the silicon crystals and other crystals in our environment take on what is called a peizo electric effect. All crystals give off sound and absorb sound. The process creates an electromagnetic field. Our chakras also respond to sound vibration and will fix themselves when damaged if the proper sounds are directed at them. Our chakras give off ectoplasm and form energy bodies through sound and energy fields using aether and other matter energy. Thus what they are doing is creating a prison for us based on the words we utter, which enhances the peizo electric and sound vibration fields which form us and our reality around us so that we are made into slaves. Our blood has silicon within it and forms a structure to our body, which can be seen under a high powered microscope. Our DNA is the transmission and reception system between all life in the universe along with our spiritual bodies cords and chakras. Thus laws are formed into words so when we speak them, we are putting these laws into energy, which assists in creating this prison we are in. There are major transitional sound waves that move through the universe that have a dramatic effect on creation, last one causing the extinction of the dinosaurs. I tend to think that the sound vibrations are a result of the position of stars and planets etc., but that is simple speculation.

In fact David Icke has uncovered a video that shows how planets, Galaxy's and us are formed through sound waves. These sound waves reflect off the edges of the universe and cause a lot of new creations to take place when they intersect. The earth is in the orbit it is because of sound wave fields coming from the Sun. Some people can hear these sounds and it is much like a symphony from the stars etc. Thus we make sounds with our voice and thus co-create in harmony or disharmony in some cases with the universe. What medium the sound waves travel through I am not certain, but I think it may be the AEther. Further the earth has what is called Leigh Lines and are also called Song Lines by the Aborigines in Australia. It is very apparent that we manifest in density based upon the octave we and the earth resonates too, allowing other dimensions in the Universe to occupy the same space, just at different Octaves,

Words are invented; they are not part of our natural condition of communication, which is based in telepathy, it is mimicry of this realm we are in. The Bible mentions in Genesis 11:1 that, "And whole earth was of one language and of one speech." Twins will often develop a language of their own at birth in order to communicate with one another. The creation of language is simple and natural to us. Words used in LAW have multiple meanings intent behind the words is important. Thus unless you know all the meanings of the words you speak and are able to communicate those meanings in a context that is clear to everyone in the room, it will be difficult to defend oneself, because not everyone thinks or decodes words the same way as you. Just look at the numerous definitions of the word "if" in a legal dictionary, and you'll begin to get an appreciation for this. Some words are created to trick us, such as the word PERSON and Understand. Again, PERSON is the concept that a Corporation can be of the same status of a human being. Understand is used by Judges etc. in a statement, "Do you understand the charges before you?" To understand something is simply to stand for them, meaning you accept their offer of contract that the Charges apply to you when in fact they only apply the imaginary world corporate entity all cap name. They use words as a form of trickery to make it appear that they are giving you a fair, open and honest trial, when in fact the very foundation of it is based on fraud.

Now here is a key item you should realize. All Law is written in Legalese not the official language of the Country it is supposed to reflect. That in of itself is fraud and no one can be held accountable for any laws not written in the official language of the Country. Hence, if only persons belong to a society or Country then where does it say that a man created as male or female by God belongs to that Country or Society?

Section 16 of the Charter of Rights and Freedoms of Canada states:

16. (1) English and French are the official languages of Canada and have equality of status and equal rights and privileges as to their use in all institutions of the Parliament and government of Canada.

So why are they using legalese in all their laws, which includes the Charter of Rights and Freedoms? The difficulty in using their law as a form of defense is that if you use their law to gain a benefit then all the law applies to you, which is in part how this prison without bars works. The only way to approach it is to state from a common law perspective that you do not understand legalese and cannot be held accountable for laws written in a foreign language. Also, because they are using legalese as their language it identifies them as a society separate from the one they are pretending to represent. Their society is unnamed and takes on masks such as the BC Law Society etc. Since you don't belong to that society, then the laws only apply to that society and not to you.

Statutes are only rules of a society, not law, and have no force of law until you voluntarily agree that they do. That's why neither George W. Bush nor the Geneva Convention wants to define what torture is for prisoners. Without a clear definition of what torture is they can do anything to get a prisoner to sign a form confessing to something. Still, they can only act on your person, not you, but if you don't present them with a person to act on then you are in common law jurisdiction and they have no lawful right to do anything to you. We are dealing with insane criminals here though, and at some point they don't care what the law says. If they want something from you bad enough they'll get it. Have you noticed how top Biological and Nano-technology Scientists have been disappearing or been found dead over the past couple of years?

When it comes to high priced lawyers, some are more skilled than others at the use of words. By having a lawyer who is part of their SYSTEM represent you; you become a Ward of the court. This means once again you have entered into a contract with the Court, accepting their lie that you are the one who committed crimes that do not apply to you. Words are all created from the imaginary and are simply naming tags on objects and concepts. Words we use reflect our truth, for whatever we say in thought or verbally, we are creating the energy fields to manifest the intent behind those words. Words are not truth in terms of translation, it is the intent behind the words that is important. Thus there are over 6000 known languages on the planet today, which require translators for people, and translations are never 100% accurate because the different systems of words called languages do not have words in them for some things. Much like not having a true name we do not have a true language that can reflect our full intentions. What this underpins is the fact that LAW in and of itself is not true, for written word does not and cannot fully describe the intent behind the laws or meanings. If Language is the foundation of communicating law, for which words have multiple meanings and are not based on truth, then LAW itself is untrue. More simply put, LAW is an unnatural and a destructive force to common nature of our kind. Even the word *human being* is not defined by law dictionaries, but only referenced as "Monster, that has no property rights". You will however see the word Human used in a number of key aspects of legislation, such as Human Rights and Human Resources. The idea that Humans have rights is again a misnomer in the SYSTEM; it is there only to trick you into believing that you have rights when in fact you only have privileges. Human Resources identifies human beings as a resource, a resource greedily exploited within the SYSTEM. Lastly it is important to note that both God and LORD God did not create human beings, look again. So why do they make reference to human beings and point their finger at us as there is nothing that defines us being human beings? Maybe you ought to ask that question sometime to one of your politicians.

Not only do words have different meanings, some words are strategically removed from current dictionaries. In fact a word defined as something different 500 years ago still stands today as a valid definition, even though the word isn't even used within the Oxford

Dictionary or any other Dictionary. The same goes for Law Dictionaries, Catholic Encyclopedias, Jewish Dictionaries, and all dictionaries over the course of history, even clay tablet's going back to the times of Ancient Babylon. The law that says, "There is no excuse for not knowing the law" as a form of defense is actually about the two Commandments that Jesus gave in Matthew 22:

[35] Then one of them, which was a lawyer, asked him a question, tempting him, and saying,

[36] Master, which is the great commandment in the law?

[37] Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

[38] This is the first and great commandment.

[39] And the second is like unto it, Thou shalt love thy neighbour as thyself.

[40] On these two commandments hang all the law and the prophets.

They have made this apply for every law ever created in all jurisdictions of the entire planet. Have you read them all? Do you know them all? Never mind that people take false oaths and perjure themselves by stating their name, even committing treason by pledging their allegiance to a foreign entity such as OUR SOVEREIGN LADY or HER MAJESTY QUEEN ELIZABETH II. Oaths are used as a way to form a contract with the court and getting you to confess you are a fiction, such as again, "Do you swear to tell the truth, the whole truth, so help you God." The correct answer to this question is "No." How can you tell the truth when your name isn't even true and they are presenting a corporate entity, asking you, an all-caps name, to be it's surety. The mere fact that language is not based in truth means everything you say is only hearsay. The Judge may say that you are in contempt of court, but the one in contempt is the corporate entity. It is all happening in the imaginary world, and again you should never go to court, there is no reason to. They have no authority to hear the cases and at best you are just wasting your time sitting around all day waiting to be called to the stand.

The letters that form words are in reality just symbols, of which symbols are the language of Telekinesis. The symbols of the Hebrew Language used to create the Torah are referred to as shadows of a serpent. The Serpent is created from shining a beam of light into the top of a glass or crystal pyramid made in the same dimensions of the Great Pyramid; the light forms an image of a curled snake inside the pyramid. If you create a wood carving of this same shape of the curled snake and project a light against it, it produces 22 distinct shadows, which is also represents of the 22 density levels and the 22 solar cycle of the Sun. These letter symbols have deep spiritual meanings to us all and help to unlock the secret of immortality.

You can read in-depth about this in Tony Bushby's book, *The Secrets in the Bible*. In essence, it is the serpent race that created the Bible. We have a Reptilian Complex dubbed the R-Complex in our lower brain, which works in the unconscious realm. It sees everything as symbols and responds to the Hebrew letter symbols via programming. This is highly important as we live in an imaginary universe created moment by moment by us, as we are infinite beings. Interestingly in Genesis 3:1 it states:

Now the serpent was more subtil than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden?

Where is the Garden of Eden? Well you are living in it or at least what is left of it. Genesis 3:23 says,

"Therefore the LORD God sent him forth from the garden of Eden, to till the ground from whence he was taken"

As we go along you will learn a great deal more about this serpent and it's ways.

I want you to count the number of F's in the following small paragraph, but don't look ahead first, just count the F's you see.

FINISHED FILES ARE THE RESULT OF YEARS OF SCIENTIFIC STUDY COMBINED WITH THE EXPERIENCE OF YEARS...

Did you count 6 F's on the first try? Probably not. Our brains do not process the word "of". It is possible to write a page that says one thing to the unsuspecting but actually says something entirely different, if you are someone with knowledge of such things. The simple fact that we cannot even accurately see the symbology of language before us underscores it as being an unnatural and manipulative process of communication. Manipulation works via subtle differences, and unless you are aware of the SYSTEM, you will generally miss these subtle differences. The destruction of the ancient world's Esoteric knowledge, replaced with Exoteric knowledge, is the foundation of the religious manipulation going on today, one of light and one of darkness. The knowledge still exists but is kept away from the uninitiated. The Illuminati, those illuminated into knowledge that the rest of us are denied, have access to this hidden system of knowledge, which is used to manipulate us from moment to moment.

The fact that the same exact symbols are used to make up other widely used languages such as French and Spanish, having their origins in the European continent, just screams that the languages were created so we could not communicate with each other. This pitted each linguistic culture against one another in wars, which the ruling elite profited greatly from, not to mention their enjoyment from the people's great suffering. Educator David Butterfield describes that during a process of presenting a Human Rights Complaint at the United Nations concerning the deceptive use of fictions applied against living people in CANADA, a lawyer was asked what is Law. The answer given was simply, "Law is the masterful use of language." Nothing has been done about this complaint thus far in the United Nations (really the United Corporations controlled by the international bankers). For the UN to take action would expose the foundation of their existence as being only fiction and that indeed the United Nations operates under Admiralty Law and not Common Law.

<http://www.indymedia.org/en/2005/10/826340.shtml>

I'll also make mention here that Law is interpreted only by Lawyers. This means that anything that is written down as law, can be interpreted in any way or form, a Lawyer wants to interpret it. Thus the statement "Canada was Founded upon the Supremacy of God and Rule of Law", can be interpreted any way the Lawyer wants it to suit the purposes of the moment. If you're not a lawyer, you don't get to interpret the Law because you are not a member of their Society, of which only laws apply to. Only those members within these various Law Societies around the world can interpret law, which means they can draw you into their system using force/manipulation and not allow you to protect yourself from their SYSTEM using their laws.

Law is not about truth. Reference again Genesis Chapter 1, where God created no laws and no names for man. This is why in truth you cannot harm another without harming yourself. We are all from one same consciousness. We live in a world of illusion where we have been made to believe that we are separate, but on a spiritual level all life is connected and interdependent. If we poison our environment we poison ourselves. We must live in truth or we die.

### **Types of Courts**

There are numerous types of Courts used throughout the world. Common Law Courts no longer exist, wiped out because they actually had some merit in acknowledging the rights of man being over that of a corporation. They build big fancy courts, some of which are even shaped like hulls of Ships like the LAW COURTS building in Edmonton, Alberta, Canada. The

Buildings do not make the court. It is the people involved, primarily the Judges, which are the court. It is just a let's just pretend game.

Star Chamber courts as mentioned before were used in medieval times, and in which the accused were not even told the evidence against them. Do you think JESUS had a court? Pontius Pilot, under influence of the Judean Sanhedrin, simply asked the mob if they wanted to choose him or the thief Barrabas, even though Jesus was innocent of any crime they tried to pin on him.

Civil Courts have nothing to do with the living, as again Civil is a term used by corporate entities and comes from Roman Civil Law. Criminal Courts don't define the nature of anything but those being accused of criminal activity within a system of law, which does not apply to the living, unless it is used within the context of the living, and then who are we to judge one another? We must take measures to restore balance, but judging and condemning someone for their actions does not restore balance, but rather causes a great deal of disharmony and negative feelings that permeate everyone. You cannot bring harm or suffering to another without it affecting everyone in some way. We are transmitters and receivers of thought and emotional energy and this is the only pond and we all swim in it.

The use of Sharia Law has been put into various law codes throughout the world. Code is a word derived from Talmudic Law, which is codified Law on Master/Slave relations. You will see code used on things such as Criminal Code, Postal Code etc. Women are essentially sold as slaves to their adoring husbands in places like Saudi Arabia and in the west are given away as property at wedding ceremonies by her father. In some Countries, if you have no money you can't buy yourself a wife. I cannot judge Islam for what it is, it is. I can only say that since the foundations of Islam are in the Bible, which is untrue, there is a huge amount of disharmony created from implementing a religion and a way of life based on the Holy Koran. Once again the masses are made to suffer. The Ruling Elite use their courts, their money and their law to keep the masses enslaved and at war with each on many levels, while they enjoy the good life as it were. Women are slaves merely by their label "women", though they are classified as property as per LORD God. It is simply a lie as all women are not women; they are man created female by God. It is women are thought of as things, thus property; separate from the whole as men are, but that is the ego mind LORD God's thinking. A thing needs a belief system for it is separate from the whole and has no knowing, which comes from connection to the whole. Thus a thing is named as it is a thing, not thought of as an energy structure within the whole. God did not create women, God created a man as male or female. Ever notice that LORD God, ego mind, never mentions God in his talk, as LORD God sees himself as God.

There are many different types of courts, but in the end their only objective is to create more disharmony within the pond. Truth does not require a court for the truth is absolute. Courts make a lot of money for the lawyers and judges. The end result is that their Banker Masters can easily control things in the background, unseen by prying eyes. The very notion that the "Scale of Justice" is based on truth is a fantasy. Common Law Courts never existed in Canada as far as I know, but did in the United States until they were all closed around the early 1900's.

The use of Anglo Saxon Common Law is an approach where the Jury runs the court and makes decisions based on factors such as the state of mind of the accused, and then creates case based law. The sheriff selects the people involved and the laws are based on *Do not unto others as you would not have others do unto you*. It has a balance mechanism built into it that somewhat ensures a fair trial and fair treatment. It was in fact too fair as people were beheaded in France for trying to spread knowledge about this system.

If we examine the history of the world dating back to ancient Babylon, we see a constant theme of Babylon created courts under the guise of different kinds of civilizations, which only grant privileges and not rights. Is it any wonder that the George H. W. Bush family line can be traced back to Cleopatra in Ancient Egypt? The amount of evidence that thirteen

Bloodline families are controlling the Financial and Legal SYSTEMS of the world and that they present their corporations as Countries is staggering. If you're interested in more information about this, I suggest going to [www.davidicke.com](http://www.davidicke.com), [www.infowars.com](http://www.infowars.com) or even [www.rense.com](http://www.rense.com) as good resources on that topic.

The highest court in Canada and most countries is supposed to be the Parliament, though this is not the case. All legislation put through the Canadian Federal Government must be approved by the Privy Council. The Privy Council is made up of the Queen, Bankers, past cabinet ministers, Prime Ministers, and people from various foreign countries. This is obvious treason, but in a fictional world with fictional laws, what does it matter? The mere fact that politicians perjure themselves and commit Treason by pledging their allegiance to HER MAJESTY QUEEN ELIZABETH II, a foreign entity, should raise eyebrows. This is just what goes on in Canada, never mind what goes on in more corrupt regimes.

The Highest court is the Court of Truth based in Common Law. This court does exist and is accessible through a Notary Public. I will explain later in the book on how to use Notaries, but for now just be aware that the system is stacked in the favor of the criminal element running the show, but they cannot circumvent truth. When presented with truth, their house of cards begins to crumble. Parliament does not deal at all in truth, it deals in fiction, for which the rules can be changed at any time to benefit the needs and goals of their interests, not yours. A Notary Public is another actor, but an actor that has a great deal of power within the fictional world and allows you to settle things without conflict or going to their fictional courts.

Just because the people in Parliament send out a notice after an election saying that they are your new representatives does not mean that you have to accept this. Return their little card and notice back to them saying that they are not your representative. Why would you want them to represent you in the Highest Court in a Fictional world? Because they are in fiction they cannot deal in truth and don't. They are minions of the people who own these CORPORATIONS called Countries.

## **Observations from my time in Court**

Like most people, over the years I have had to go to court for various reasons. For the most part I never thought much about it other than it was my *duty* to do so. PERSONS have duties, they are under servitude, man created as male or female do not. The entire courtroom looks akin to a church, with the pews in the back and the pulpits up at the front. The Courts are truly Temples, wherein those that are charged and brought before the court are there to be sacrificed. This is no different than how conflicts were resolved in the ancient world, but since they can't yet sacrifice you by blood, they get you to offer up your freedom and wealth in exchange for your life.

I remember one day I went to court just to observe the proceedings. I had taken a course in Law and Government in High School, and I was always curious as to how Law actually worked and the inner workings of a courtroom. I visited a family court one day and listened to the testimony of a divorce case about who slept with who and so on, and in the end the judge granted the divorce. It peaked my curiosity that a Judge could do this and not a Priest, but I didn't think much of it at the time. A beautiful young lady with long blonde hair presented one case, representing the wife of a lawyer who was seeking alimony payments from her husband. The ex-husband lawyer stated via his lawyer that he made \$90,000.00 the previous year but had \$80,000.00 in expenses and was not in a position to pay alimony. The Judge rendered that the lawyer should take on more cases and work harder to pay the \$3000.00 a month alimony including child support. The female lawyer, happy for her victory, stated that she wanted the judge to do something else so that she wouldn't have to keep charging her client \$5000.00 per hour. The Judge stated that he wanted to speak with her in his chambers. She kept saying that she wanted to send a representative from her office to speak with him because she was very busy. The Judge kept insisting. I noticed that she actually had kneeled down towards him prior to presenting her case. The men in

the courtroom all started to snicker and laugh as she desperately attempted to squirm out of the judge's request. In the end she had to obey and agree to go to his chambers. She also kept addressing him as, "my Lord". Hence Lord God, the preamble that Canada was founded upon the supremacy of God in the Charter of Rights and Freedoms. What Lord God wants Lord God gets. It seemed that the Judge wanted to give her some extra duties to perform in his Chambers for her to earn her \$5000.00 per hour. As bad as it may seem, it could just as easily have been a guy that the male judge might want to speak with in his chambers.

One day I was pulled for Jury *duty* and had to appear for in the court house or I would be arrested and charged with failure to report. Curious as I was about the courts, I was not overly eager to get seated as a Jury member. We watched a nice video explaining the process of Jury selection and why it was important in society, as well as some basic protocols about what to do during the selection process. The accused stood on a pulpit type thing watching all this transpire while the Judge and lawyers sat watching a lottery taking place. They first took attendance then the lottery began. The lawyers refused people who appeared to not have the maturity or mental capacity to make decisions (yes mentally handicapped people were drawn into the court). Anyone involved in Security or law enforcement in any way were also refused automatically. Interestingly, lawyers can be on a Jury. My PERSONS name was never called, but they went through about 3/4 of the room, about 130 people total, before twelve people were selected. The excuses that people came up with to tell the judge that they couldn't do jury duty was amazing. It occurred to me much later in life that the Jury is actually made up of people who were not smart enough to come up with an excuse not to do Jury duty! During the selections, every step of the way they are seeking consent from the accused, having him stand there and not say anything about the process, or the simple fact that it isn't him that is being accused but rather his fictional sidekick the PERSON, and his silence makes the contract.

Everyone is equal under the law, but they are actors in a play and we have all been invited to join along.

Another time I had to go to court as a witness to some assaults and threats. No matter how bad the assaults were, as long as weapons were not used, the crown would seek a peace bond, which would remove the criminal aspect and just keep it CIVIL. The outcome from this is that the accused would have to agree that he should stay away from the victim for 6 months. One victim did not know English very well and because his interpreter showed up late he did not understand what was happening and was made to agree with this. The guy who pounded this poor guy nearly to death walked out the court with a promise that he would stay away from him for 6 months. Try doing that to a cop and see what happens. I saw three or four of these situations and could only shake my head at how shameful it was.

Now what really turned the worm on my thought process of the justice system was when I had to go to court to testify against a young man who had aided his friends in robbing me. He had a 300-pound friend of his stand beside him while he threatened my life and then proceeded to punch me after I had thrown him to the ground for being in my face and previously punching me. I was well reserved trying to get my money back and trying to talk sense to this young man. Of course things would have been much different if he didn't have his friends backing him up. This dragged on for about two years before it got into a trial.

The first Crown prosecutor, who was absolutely snaky with me, only spent 15 minutes reading up on the case, totally unprepared to prosecute and only wanted to seek a Peace BOND. I was outraged. He also said that the robbery part was removed from the trial because they got the guy who actually did it, but his cohorts were not responsible in some way! It got put over because my witness never showed. The Crown prosecutor stated that it was his decision alone if they were going to prosecute. That blew my mind right there. What's the point of going through all of this if there isn't going to be a prosecution?

When we finally got to trial about again a year later my witness did not show yet again, but

they proceeded anyways. There was a different CROWN prosecutor this time and he seemed very kind. The Lawyer of the DEFENSE made reference to the CROWN prosecutor as being his friend to me. It was court talk, but I wondered just how friendly are these guys, later to find that he was saying he was a friend of the court, which tends to deal decisions his way, what a fraud!

What transpired from there was the one of the lamest prosecutions I have ever seen. It was a complete dog and pony show. The judge actually had to intervene a bit and ask the young fellow questions pointing out his perjury and lies trying to obscure the obvious. In the end the Judge said he couldn't decide who had hit whom first, even though they I had been robbed and they had just put one fellow into alternative measures for the robbery. They do that for first offenders to avoid giving them a criminal record.

The fellow who robbed me made an apology to me via a letter. He mentioned how insane it was as to the amount of money he was spending on lawyers versus the \$25 he stole from me. I am sure the young man in the trial had spent a large sum of money on his lawyer as well. At the end both the Crown Prosecutor and Defense Lawyer turned to me to get my take on what had just transpired. I told them that I knew what the young fellow did to me and perhaps the money he spent on lawyer fees would deter him in the future for doing what he did. The aura that they put out was like I was in a church or something. It was like they were saying you are an adult and this is a child; you should have handled things differently. That was the underlying message I took away from it all.

As soon as I left the courtroom I gave my head a shake and said to myself what a dog and pony show I just saw. In terms of what I saw they were actors. They put on a play for me, for which I was invited to be one of the actors. The outcome was perhaps not what I wanted, but the underlying message about grow up and take responsibility for your own actions and treat others who rob and assault you as children that do not know better, resonated loud and clear.

This is the true nature of the courts. They only exist because we do not take personal responsibility for our own actions, because if we do we become a criminal as well. There is no law. In fact there is no justice. This is the fundamental nature of the courts. The Judge has no power over you or anyone. He is the same as you, equal under the law. He cannot do anything to you, without you first giving him permission to do so. In our child like behavior we are allowing these imaginary governments and courts to exist. They make lots of money because we have missed their underlying purpose and more importantly have forgotten who we are. Who are we? We are everything that exists, we are infinite beings caught up within our own illusion of fear. That is why we are all equal under the law; we are the same infinite consciousness that can be either a droplet or an ocean. The actors are man created as male or female by God we must not forget that, although some are not based upon the Genetic Manipulation, which I will get into later in the book. The people who are organizing all of this in the distant background, and keeping us in ignorance, are soulless creatures. They do what they do because they are pure illusion, fictions. Much like the movie *The Matrix*, there are many among us that are not like us, but pull the strings to keep the illusion going.

They want us to keep throwing temper tantrums at the illusion, when in fact it is us that are creating our own reality from moment to moment. They are doing this because we allow them to, because they live in a world based on fiction, truth is meaningless to them and Truth is absolutely the most important thing, for without it we cannot exist. It is perfectly okay for them to lie to us because everything we do with them is not based in truth. They want you lash out at their illusion to get into conflict, for that feeds the illusion more. The only weapon that they use is words, nothing more. They only use force when force is used against them. Of course this is not entirely true, but for the most part if you use force it gives them an excuse to use force back. They want to create as much pain and suffering as they possibly can to us. It is because we are ignoring our wound. In order to enter into the

illusion there was a wound created. We hide the wound and protect it with a great deal of energy for we feel it will be more harmful to expose and heal it than to cover it up with illusion. Barbara Ann Brennan talks about this in her Book, *Emerging Light*, in which we all as natural healers come here to heal but get caught up in the illusion of protecting this wound thing. We are ignoring the fact that we are all one in the same and we need to love each other, not conflict with each other. The mind is a powerful tool that allows us to create illusion, but it has an ego and that's part of what we are here to learn about, how to control our minds so that outside forces do not control our minds for us.

We are coming up to 2012 when huge changes to our reality and lives are coming, from what many are saying. Would you hand over the power of being co-creator of the universe to a child that lashes out at illusion? I think not. They could have devised a different way to prepare us, but this is what we have, so we have to work with it, to be an adult and stop lashing out at the illusion, and to learn to ask questions. Not everyone in the SYSTEM is going to follow their laws because law is not based on truth, and there is no such thing as law in fiction, because it is all fiction. Their Admiralty courts grant them the immunity from enforcing or obeying their laws.

All Courts are in fiction. If there is an address to the court, then the court resides within hearsay. There is truly only one court and that court is the court of our creator. In truth our Creator has no name and is not a fiction, just like us. You may have never thought about it that way. To say our Creator has a name is only hearsay. The court exists because we create it, not because fiction creates it. If we are the only ones there in truth we can simply say it is our court and we are holding court. How can a fiction possibly object? There are no laws that apply to a living man, male or female created by God.. Keep in mind that the courts were set up by the Pope and the Pope only decrees ownership over human creatures, not man created female or male created by God. A human means the color of man, a fiction. So again, destroy their illusions and set yourself free. You can read up on the Popes enslavement of human creatures in the *THE BULL UNAM SANCTAM* , 1302.

## **Back to Baal**

Perhaps beating down on the illusion is not the best method of handling things. It's obvious there is an incredible injustice that is transpiring here, but it is only us that are allowing it to happen. If someone does not want to acknowledge that we are equal under the law, I really don't want to have anything to do with him or her. The best thing to do is slide their stuff back to them and don't accept what they offer. The only law that is being practiced today is Commercial Law. In truth all law is being practiced but selectively I would say. The hardest thing for everyone to come to terms with, is that again, this is all happening in an imaginary world. The scripts that are played out are called Acts. Did you ever notice that the laws all come from Acts or Codes? Here are some definitions of Act:

Black's 7th defines Act as:

1. Something done or performed, esp. voluntarily; a deed.

Nowhere in the definitions of Act does it ever mention that an Act is Law. Are you volunteering to enter into the act? Yes through your acceptance of the words being presented to you.

Blacks 7th defines Code as:

Strictly, a code is the compilation not just of existing statutes, but also of much of the unwritten law on a subject, which is newly enacted as a complete system of law.

The Criminal Code is based on unwritten laws (fiction) and this is where those laws get their entrance. Criminal courts using codes can draw from unwritten laws, which are any laws they want to dream up, usually to your detriment. As soon as you acknowledge that Codes

apply to you, you are saying any unwritten laws apply to you.

The word Statutes is also important. According to Rob Menard, Statutes are not laws. A Statute is defined as "a legislated rule of society which has the force of law." A society is defined as, "A number of people joined together through mutual consent to deliberate, determine and act for a common goal." If you are not a member of the society then their rules and statutes have no force of law over you. If you simply remove your consent to be represented by your MP or whatever actor makes their appearance to you, then you are not part of that society and they have no force of law over you. How soon will it be now before you send a notice out to your MP, MLA and City Councilor?

The cult of Baal doesn't really exist today, yet it's practices still abound. The Christians, Muslims etc. join these societies (Countries) and thereby live by their rules. When they force these societies onto others, as was the case with the Temple of Baal, conflict erupts because they are violating people's natural right to choose and be self-determining. The enslavement and death of others to raise the standard of living for a few is always the basis of Tyranny. For those in the Christian movement who believe in the Laws of LORD God, which he calls statutes (fiction), just look at the courts as perhaps the Temple of Baal. The Bible is all about an invitation into a society where you will get salvation and eternal life if you follow its rules. Although this would be nice, is there anyone that this offer has been made good on that didn't die long ago? Perhaps then we should pay more attention to the living to figure out how we might get eternal life here on earth if that is possible. I don't think you will find the answers in the Bible. For the most part the Bible and the Holy Koran are devices to form statute societies, which only benefit the few while leaving the masses in ignorance and disarray. They make lots of money from the Holy Wars and from enslaving people to work on various projects that benefit the few rather than society as a whole. Perhaps it is time to reexamine the risk reward issues from belonging to such societies. Is the Creator a member of the society? Do you see the Creator at the temples every day?

If you we are ever going to break free and be free, we need pay attention and be observant of what is going on around us. We have to ask questions. If we don't get the answers then perhaps it is time to move along. Did the destruction of the House of Baal stop the use of law systems not based in LORD God's Laws? What it did though was amplify it more and created a system that was even more deceitful. Did the slaying of these people who used words to gain power over their fellow men resolve any issues? I am not saying what they are doing is right and justifiable, it is a war that they have started against us that has been going on now for thousands of years. Conflict is their key and they can divide and conquer, conquer being the optimum word. Of course they use force and intimidation to enforce their will onto others, and they are using us as their tools for doing it. When have you ever seen leaders of countries doing the dirty work themselves? They reserve that dangerous work to the ignorant that follow them.

It is our ignorance that is the enemy and education is our defense. They don't want us to start teaching each other about what is going on, because that would totally destroy their house of cards. They pounce on people's ability to have free speech to quiet the rebellion. They want their slaves happy and content. They don't want them to know that they are indeed enslaved, for then they would have more challenges to deal with.

## **Final Thoughts on The Temple of Baal**

Elizabeth-Alexander-Mary: Windsor is not HER MAJESTY QUEEN ELIZABETH II. She is not part of any society I can see in relation to Government. I don't see her name listed anywhere on any of the legislation, nor is yours. When the Elizabeth is in the CITY, she must walk behind LORD MAYOR. When she is outside the city acting as HER MAJESTY the actors must walk behind her. Temple BAR is the holder for the Slaves called PERSONS within their Society. The QUEEN PERSON is nothing more than a slave denoted as a leader of the slaves.

In terms of her Oath granting rights and freedoms to people, your rights and freedoms do not come from the QUEEN for that would identify you as being a slave. Further your rights do not come from the GOVERNMENT for they are only interested in chattel slaves. Your rights and freedoms come from you. You have the right to claim your rights and freedoms. They cannot take away your rights so long as you are not forcibly interfering with others in a harmful way. We are free to do what we want as long as we cause no harm to others. The air we breathe and the land we live on is for the common good of all of us. Without it we would die, so sharing equally that which the creator made for us is paramount. It will take time to get to that state of mind, but we are moving there.

The Courts as Temples of Baal deal in argument. You show up in court over a traffic ticket you are automatically in dishonor as they gave you 30 days to discuss the matter with the Justice of the Peace or a Notary etc. involving the individual that wrote you the ticket to begin with. They do not have force of law over you unless you give them in some way of having it. Silence is consent. The very nature of pleading not guilty is ignorance because if you are not guilty then what are you? Only you can claim your own innocence, and that cannot happen in their Temple. We are blessed by God (Genesis 1:29), which means to be without sin.

## Chapter 3

### The Hidden Occupation

There is a huge Monolith in St. Peter's Square of the Holy See. Amazingly enough, it is an ancient Egyptian monolith. Now ask yourself, what does an Ancient Egyptian monolith have to do with Christianity? The very nature of Darkness is to hide their religion out in the open, essentially hiding it within the light. In truth their symbology takes on deep meaning for them in terms of how they subjugate and enslave us versus what they tell us their icons stand for. This is the nature of their occupation and enslavement of mankind. They never reveal the true meaning of their symbols, for it would tip you off to knowing the truth about your enslavement and crushed dominion. They are extremely patient and will wait hundreds of years before advancing certain steps in their agenda, couple would be getting us use to using names and identifying ourselves as a fiction rather than who we truly are. This has been going on for thousands of years on smaller scales, but because we are now approaching 2012 where our consciousness will shift to the point allowing us to ascend, they are going all out to try and stop us from ascending. There is no doubt that we are at a point of great change and they know it. The beginnings of this tyranny can be traced back to the creation of various religions, all dating back to roughly the same time period and from regions in Europe and Africa.

Religion is and has been used to pacify the masses into accepting Tyranny, God did not create Religion, man did. The foundation of religion is as a weapon to subjugate people through wars of division, to divide and conquer. The core of religious belief is that it is okay to murder others in the name of some prophet or deity, so long as you believe in the prophet you will progress to heaven. In Islam you must kill an infidel in order to go to heaven, so then what happens when everyone is a Muslim? Even today wars are raging over Religion in the Middle East and elsewhere. These conflicts are not deemed as a war against man created male or female by God, but against people who are labeled in some way other than man created by God, these are the "holy wars". It is a testament to the true nature of the people who we consider to be holy and spiritual leaders. The very nature of the fraudulent beginnings and practices of these prison religions should give people a pause for thought, and lead us to question why religion would be involved in enslaving others, destroying cultures and committing genocide on large segments of the population? In truth the Creator speaks to us everyday through total unconditional love, not religious doctrine. There is no intervention by the Creator of this world into your life or anyone else's unless we choose to invite it.

The Holy Roman Empire is only one aspect of the Occupation taking place today. The entire Occupation is designed to set up false flags so that the occupied cannot really pin point exactly who or what is part of the Occupation. If you go chasing after the Crusaders (a.k.a. the Christians), the Jews, Islamic Extremists, Masons etc. you are going to miss the plot. All of these institutions operate with a command and control pyramid structure. Everything is compartmentalized so only a few see the big picture of what the hidden hand of manipulation at the top is doing. Many of the people in these institutions are there for benevolent reasons even in the various Governments. The truth is that if you want to control large institutions and concentrate the power into the hands of the few you must have these command and control structures in place. This is how it was in the Ancient world and this is how it is today.

Each year the people in control of these structures meet in an event called the Bilderberg meeting. They coined the name the Bilderbergers after first meeting in the Hotel Bilderberg. Generally people are put into key positions of Government power are involved in this group. Even the coveted Prime Minister Steven Harper attended a Bilderberger meeting a year prior to becoming Prime Minister of Canada in 2003. It is but one example of how a select few make decisions in secret that affect all of us. There are attendees of these meetings that

are leaking information about what occurs, and some journalists do report on it such as Alex Jones at [www.infowars.com](http://www.infowars.com). I strongly suggest that you watch this video put together by Alex Jones to get an idea of what this group is truly about and the evil that they are perpetrating on the world.

<http://video.google.de/videoplay?docid=6690392308244586173>

The enslaving and takeover of the planet went into high gear about 500 years ago with the expansion of white Europeans into the Americas and elsewhere in the world through the use of ships. Just think about that for a moment. The occupation can only work if these people wanting to enslave us for their own selfish ends can only do so by pitting us against each other. The hidden occupation will be crushed once enough of us wake up and start saying no, no to secrecy and deception, and no more enslavement. There is nothing to fear about this for we live in light, they live in darkness. They are in fear and they grasp onto power through their fear. They cannot survive when we deny fear and take back our freedom in love.

What has made this expansion of the Holy Roman Empire and all forms of Imperialism possible was the use of contracts as shown in the first chapter. The fact that people were for the most part forced into these contracts under great duress is unlawful, but remember that legal is not lawful. The creation of all these Countries, States, Provinces etc. only exists in the real world as Fictions. They are merely corporations. The fact that in Fiction there can be no truth means the entire SYSTEM is based on lies. Their objective is to get you to voluntarily enter into contract with them and for them, not to disclose the true nature of the contracts as they are operating in legal, which allows for fraud to take place versus lawful. They do things in ways to obscure the truth so they can play the old Bait and Switch game on the unwitting.

The Christian values that the Queen and others claim to adhere to such as love thy neighbor as thyself are complete lies. The SYSTEM is designed to enslave you and to take away as much wealth and energy from you as possible. Children who are in their School SYSTEMS are loaded up with hours of homework each night, even at the kindergarten levels they get homework, which does little to educate them, but rather enslaves them and gets them used to working long hours for little or nothing in return. The curriculum there is designed to cause confusion and dumb them down to the reality of what is happening around them. The Occupation is controlled through a pyramid structure of compartments, where only the people at the top have the greatest view of what is going on, keeping the rest of us in ignorance of the true goals and reality being achieved.

In truth the major fundamental religions all take from their followers for the use of the Church and "God's Works". In some regions, referred to as Countries, religious leaders are so corrupt that they take almost whatever they want from the people, usually the working class. Iran is a good example of this. The money and property taken is usually not traced. It always seems there are certain well-known families that are very rich within these countries and not surprisingly have great influence within the various institutions that are used to control the lives of the people. The SYSTEM spreads out like a spider web to these bloodline families and their minions. It is an organized crime SYSTEM for which they hide behind the various religious and government institutions as a way to gain a higher level of credibility in their exploitation of people. That is what the SYSTEM is all about, exploitation. It allows the few to benefit from the labors of the many.

Everything depends on you volunteering to enter into contract with the SYSTEM. Don't believe for a minute that they won't intimidate, torture, oppress and do almost whatever it takes to get you to volunteer though. The extent that they will go varies from geographic region to region. Any illusion of democracy should be thrown out, as democracies do not exist because only a small number of people in comparison to the rest of the population hold all the decision making power, not those elected generally. The Votes in the various

institutions such as parliament are fraud because the politicians are trained seals and are obligated by their party line to do what they are told or else. Because it is Admiralty Law that they are working within, they have a duty to pass only the laws that the Captain of the Ship wants passed. This is why many Countries have a Governor General, who is a military Officer who supposedly represents the Queen. However, in de facto Countries they leave the word "do" out of their Oaths and so they represent no one. In fact the country Canada is a corporation controlled by the International Bankers in London, England. It is listed on the Securities Exchange Commission in the UNITED STATES. Indeed Canada is a Corporation just like a car dealership or bakery etc. It is not a Sovereign Country, but more accurately a State of the U.S.A.

### [Canada's Listing Under the Security Exchange Commission](#)

What you find within the structure of the Occupation are titles of Officers, Generals and other military designations all reflecting the Admiralty Law of their imaginary ship on land. They will mix in some religious designations as well, such as Constables, to confuse the situation. Isn't it interesting that you can go to a Catholic Church, confess all your sins to a priest and your sins are forgiven and yet by doing the same thing to an Officer you may end up in Jail. The simple fact is that even the Catholic Church is a REGISTERED corporation of the various Countries it resides in and thus is subservient to the Government. If the Government wanted to they could force that priest to tell them everything that you said in confession. The SYSTEM makes sure that no one within it has any rights or freedoms, only privileges. In the Preamble Canada's Charter of Rights and Freedoms it says Canada was founded upon the Supremacy of God and Rule of Law. Perhaps this means God is not supreme within a fiction, and if God isn't Supreme then what are you? If you take their bait, you become a slave to the owners of the Corporation/Society of Canada. Remember that God never made any laws; so acting as God they can do whatever they want within their SYSTEM, Government is God to them.

## **Law**

In terms of Law some say there is God's Law and Man's Law. God's Law is the Torah, or more specifically LORD God's Laws and Statutes, although the word Law is never used by Moses or LORD God. There are people who say that you have to follow God's Law or else you fall under Man's Law, Zionists in particular. The Religious hardliners of the world like this situation because they can get you coming and going. They only allow you two choices. In some places they just kill you if you don't follow God's law, based on their Holy Qu-ran, if you are an Infidel. In Somalia they passed a law saying that if you didn't show up to pray 5 times a day, that you will be executed. That's freedom for you.

Law is Society-based, and is a voluntary thing, and since laws are voluntary, why are we following laws at all? A Country is not a Geographical area in the physical world, only Geographical in the imaginary world, under the law of nations that contains within it an imaginary society. Only names can be part of these societies, but you have no true name. To say you have a name is to attach something of the imagination to yourself.

What we have are competing interests to some degree who want their version of LAW utilized within the Courts. To accomplish this they incorporated other SYSTEMS of LAW into the Laws of Commerce, and that is used in most of the courts through out the world. The Torah states in Deuteronomy 4:2;

"Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the LORD your God which I command you."

And in Deuteronomy 12:32;

"What thing soever I command you, observe to do it: thou shalt not add thereto, nor diminish from it."

If you are an Orthodox Jew then this is the extent of your life. It is one of the primary reasons why there are many Jewish people involved in Law. The Talmud is well integrated into Modern Commercial Law as well as some aspects of Canon Law. Civil Law is the cover used to impose various systems of law onto people, which in turn are designed primarily to enslave and steal property from the people to enrich the few. The Creator made no laws so why are they?

We identified in the last chapter that law was defined as the "masterful use of words" at a UN human rights complaint commission concerning the use of fictions as a form of tricking people into losing their natural rights. It is only fair then to say that Law as it's presented is in and of itself unlawful. . The truth is that in order for law to have any lawful force, it must be based on truth. This is the crux of the negative dichotomy of law, that it requires manipulation and entrapment. In fact all law is not based upon truth, it is based upon fiction as truth requires no laws to support it. Laws only exist to support a fiction based reality. There are really only two laws that have stood the test of time under common law. The first is, "Do all that you said you were going to do." The second is, "Do not harm others or encroach on their property." Although based upon your conditioning these would make sense, in terms of God they both violate our naturally held dominion, right to rule and equality.

There is a third way for law to work that is purposefully eradicated. That is simply to stop the lies and make people accountable for the truth, without all the obscurity and tricks and intimidation. Getting to that point would totally destroy their SYSTEM, and when we do all start living in truth and not allow others to get away with using trickery to gain our cooperation, we will be free of this menace that the ruling elite have devised for us all. But this is the point of Government, they do not rule by Rule of law, they Rule, by Rule of Force and have no interest in what the law says other than charging a person with imaginary things. It is all legal and nothing is lawful. Their God is Government and the elected people are high preists who practice creating legislation to solve all their problems for them, it is really sick when you think of it. The more they pull away from dominion and equality in love as it should be naturally, the more trouble they get into because they have to bribe more people with stolen money and pass more laws to make the masses submit to their tyranny. They are trying to play God, when if they simply structured everything around equality and dominion for all, it would be a much simpler and happier experience we call life for all.

Law, or what they want us to accept as Law, is the tool that is used to fuel the hidden occupation of God's created earth. The Goals of the occupation are two things, one to extract our energy to feed demonic entities and extract Gold from the earth for use on Niburu. We extorted into a system of self-enslavement for the benefit of alien races, which are and have been shitting on us for thousands of years now, if not longer. Basically this is an alien ant farm. Whether you believe it or not this is the true reality of what is going on.

In terms of trials, everyone is supposed to accept that because someone got a trial that it was fair and impartial, and any sentence handed out was fair and just for those that were found guilty. We must be our brothers keepers if we are to get through this. What the system does to one of us, they do to all of us. There is no impartiality to the process and the Justice of the Peace never if ever listens to those charged, just acts as a rubber stamp to finish off the arrest process.

When the truth about the SYSTEM is exposed and actually win, records of the cases are destroyed or simply disappear. Transcripts are usually altered to a great degree as well to omit evidence exposing the SYSTEM and or people they wish to protect within the SYSTEM. The system is rampant with pedophilia and Satanic Human Sacrifice. They use these two keep their minions in line to do the bidding of evil when called upon.

As I have mentioned, the ruling elite have created a giant prison in an imaginary world and called it a play. They use PLAY SCRIPT and have Acts to the Play. Everything works by you

giving the Actors the voluntary permission in order for them to use the force of Law against you, if they don't they are dispensed with in short order, thus it really is voluntary through illusion. They do this through lots of deception, and benefit from getting you into their Play so they can confiscate your wealth and enslave you. Law and money are their tools of occupation and Tyranny.

The Talmud considers anyone who is not a Jew to be a beast and therefore subject to man's laws instead of God's laws is of itself a false doctrine. How can anyone be subject to God's laws if they are not part of the society of people that believe in God's Laws? How can anyone be subject to God's laws without any proof of, or historical confirmed existence of, their God as LORD God? And thus who are they to dictate to the rest of the world what laws we should be following? Indeed the occupation has many different aspects to it with law as a tool. The Talmud makes it okay for Jews, but mainly Zionists, to lie and extort from others. It is justified because LORD God says others are beasts with no rights, thus if you are not one of them you are a beast and it is okay for them to enslave you. Slavery goes against the very foundation of Common Law. This matches up perfectly with the use of the King James Bible in the Commonwealth Courts of Canada. Elizabeth-Alexander-Mary: Windsor, the Actress for HER MAJESTY QUEEN ELIZABETH II has told the Canadian courts to remove the King James Bible because she no longer wants to be responsible for the mass fraud that is going on there. The Bible represents a Belief system, but it does not represent truth. The Queen is feeling the pressure of the people beginning to stand up and rebel against the tyranny of the occupation. Like a scared rat, she is jumping off the ship in hopes that she won't be held accountable for what has and is going on. We are winning this battle and war. It is going to be painful at times, but perhaps these tyrants will finally learn that people just want to be free. You can't hold us down forever, as LORD God arrogantly thought when he created an illusion of the world in Genesis Chapter 2. There it says that LORD God created an unreal illusion and by that usurped the Creator's creation from him. He created a prison of fear where he got to pick the best part, the part of the play where he gets to make the rules and impose them on others.

## **POLICE and the SYSTEM**

POLICE means different things in different places around the world, that is to say police mandates differ. When the Bankers have control over the Planet, *to Serve and Protect* takes on a different meaning. They serve the SYSTEM and protect the SYSTEM, but do not serve you. Sure there are some good people in the POLICE forces that would do anything to help you. Few however may actually realize whom it is that they are working for. There is now little doubt that the USA is now a dictatorship run under the Executive puppet in office, multi-billionaires and the Bankers who seized control of that Country via a 1913 Coup d'etat. At that time an amending of the Constitution allowed money printing by the private bank called the FEDERAL RESERVE, as well as an amendment to collect income tax. It was unlawful and should have been stopped; yet to this day Congress, which has the power to stop them, does nothing.

People should be angry. The spineless, do nothing individuals in Congress ensure the promotion of the New World Order plans and agenda for a One World Government based in Tyranny. The POLICE and MILITARY are part of the hidden Occupation, and have been turned into a private army for the International Bankers, not for the protection of the People. Their mandates are now to protect and serve the Government and not to uphold the Constitution, which is the opposite of what they all swore an Oath to do. The US Constitution is all but gone now, just an empty shell of what it once was. It is truly sad that people entrusted in upholding the Constitution, a document which provided freedom through civil law, could become a Roman-like dictatorship, with Caesar's will having full force and effect. The passing of the Military Commissions Act and loss of Habeas Corpus allows the Government to strip any PERSON of their citizenship, ship them out of the country as an enemy combatant, where they can be tortured and tried under a military tribunal and executed in secrecy. Without Habeas Corpus you cannot even go before a Judge and ask

what body of evidence exists indicting you as a terrorist. You won't be judged by your peers, not that you would get a fair trial anyways, but at least you would be able to show others what is happening to you. This should give you pause for thought. This is absolute Tyranny.

The sad thing is that the POLICE and MILITARY personnel think that they are safe because they are in the SYSTEM. As long as they do the bidding of their Banker Masters they will be fine. I know some are absolutely sick and disgusted with what they are seeing, but at this point they are scared. To release their fear of the destruction of their own lives by the SYSTEM they impose it on others. This is beyond sick and I can't find the words to explain how this makes me feel, but I know that it is coming to a head. When the government can abduct people at any time, when people that speak out against the government are punished by force, and when physical, mental and sexual abuse of all kinds is accepted by these servants of the government, then outright murder of people can't be far behind. Even your baby can be designated as an enemy combatant as there are no restrictions on the definition! Now perhaps people will begin to start listening and help us to start holding these tyrants accountable for their actions.

All of this is happening because you present the POLICE or MILITARY a document that shows that a PERSON is fraudulently attached to you. A PERSON is not who you are but something that you have or rather property of the Government, of which we are above as mankind. You can talk about your PERSON as a third party but you do not have a name. They can only ACT on the PERSON not on a man created as male or female by God. If you have a Social Security Number that makes you an employee of the Government, so turning that in is an important thing to do, and the IRS can't do anything to you if you don't have that. However gaining employment without a SIN number can be very difficult. More on this later, but we can overcome this problem through our dominion.

The IRS can't show the law that says you have to pay taxes. They use their police in unlawful intimidation techniques, such as raiding your house and taking everything from you without even stating what law they are acting under. The key is to never give them a name that they can assume to be you, allowing them to act on it as being a PERSON. I am sure at some point even this will become moot as they don't observe their Oaths now, they won't observe what law is in the future. But for now, just keep in mind that they are Actors and they are acting on the PERSON, which is not you. Another thing you can do is send in a notice saying that you no longer require a license of any kind, for that license is only for a PERSON and you are not a PERSON and have no need for such documents. Doing this may create some financial hardships, but it allows you to step outside of their SYSTEM. If they cannot see that there is a PERSON attached to you then by what authority do they have to use force of law on you? I strongly suggest that if you haven't watched Robert Menard's video, called *The Magnificent Deception* that you do so now.

Part 1

<http://video.google.com/videoplay?docid=6399325693468031456&hl=en>

Part 2

<http://video.google.com/videoplay?docid=-7257545709470673839&hl=en>

A difficulty with Rob Menard's approaches is it doesn't allow you to bring evidence into the Public from the Private side. He has some excellent info, but in the end you are entering into Admiralty Court and unless you are aware of its intricacies, you are not going to have a great deal of success. The best you can do is to stop them from making you the Surety, if you can get evidence in Fact into the record. Another problem is that most if not all Notaries are Lawyers. Their Bonds are given to them by the State and it is their insurance. They must do what the State tells them to do through the Law Societies, and so they can play games with you. For example, if you want them to witness your signature, they ask you to show them some I.D. As soon as you show them your government issued

identification you are not the one signing the document, it is your person and they have brought you back into the Public realm. The Notary works within the fiction and fiction holds no truth. A Notary can only deal with matters of the Dead or Fiction.

Anything that they throw at you is an offer to you to contract with them. They must get your compliance every step of the way to be lawful or they may simply try to railroad you with force and intimidation, ignoring your questions to try and convict you. If they try to railroad you or intimidate you, you need to challenge them on it, they have no authority to do so. They do it because they see you as a slave. Don't be a slave! If you are not getting anywhere with them I would myself just get up and leave, even if I were in handcuffs. Compliance equals contract. You don't have to show your I.D. or anything for that matter, for your I.D. is evidence of perjury as you are not a person. Ultimately you can say that your rights and freedoms come from God and no one can change that.

The God created the earth and you and I are of the earth. Everything that you experience is of the earth made through God. God gave Man Dominion over the earth in Genesis Chapter 1:26-28

You can find remedies within Commercial Law as well by just taking what they throw at you and throw it all back at them with a bunch of questions that they cannot answer. I discuss Commercial Law in the next chapter, but you must be aware of the Biblical Law that exists. The more you know the easier it is for you to push back at them. By simply saying, "I refuse your offer of Contract," or stating, "Compliance equals contract and I do not wish to contract with you," are powerful statements within commercial law.

Some people in police and military forces gain great self-esteem from having power over other people. Getting them to recognize the fraud they are committing will eliminate the power that they hold so dear over people. It is mostly brainwashing, early childhood traumas and bullying that bring people to this type of tunnel vision. Regardless, people are lied to and conditioned to believe they can have power over others, in a SYSTEM that has no lawful right to exist. Just because an official is given mandate to catch criminals violent and otherwise does not excuse them from ignoring the truth. We are only to use force to stop harm in defense only. To use force in any other way is to violate the natural order of creation.

The abuse perpetrated on the homeless and impoverished people by the POLICE around the world is horrible. People are tortured with tasers, beaten up for no reason, forced to live in freezing and complete squalor, and left to die. Sometimes these atrocities are reported on, but very few are ever followed up with any kind of action that would be considered justice. One area that is difficult for me to fathom is the amount of drugs available on the streets. It is monumental, and considering the level of technology they have today to track you and watch you, the higher echelon law enforcement people involved in this must be in positions of great trust and thus power within the SYSTEM in order to avoid detection or prosecution. The simple fact that the Bankers cannot control the ability of people to grow Marijuana has sparked a huge crackdown on it. It has been documented that Marijuana it is one of the purest forms of food and it has so many beneficial attributes for healing and manufacturing of goods that it is a crime not to allow it. In fact Genesis Chapter 1 states that all plants are God's Gifts. So how they got around it is that they named the plants, thus applying fiction to it and thus control the plant usage through the fiction. A plant name is just hearsay, but this is the scam. So these enforcers of the SYSTEM even seem to think that they are above God on these matters, but that only works in fiction.

Those that take on POLICE OR MILITARY roles have some how bought into the idea that they are safe from the SYSTEM as long as they are part of the SYSTEM, which is simply self-denial of truth. The Occupation is not so much hidden as it is about the twisting and concealing of truth. I cringe every time I hear some Politician or talk show host say something along the lines that truth and justice will prevail. It is a dogma that has not existed for over 2000 years.

The Oaths that POLICE OR MILITARY take are a sticky situation, as some oaths end up being false by leaving the word "do" out of the oath. This puts us all into a very precarious situation, for they are not standing for any laws, only what they want.

Lets take a look at the Royal Canadian Mounted Police Oath of Office:

#### OATH OF OFFICE

I, . . . . ., solemnly swear that I will faithfully, diligently and impartially execute and perform the duties required of me as a member of the Royal Canadian Mounted Police, and will well and truly obey and perform all lawful orders and instructions that I receive as such, without fear, favour or affection of or toward any person. So help me God.

#### OATH OF SECRECY

I, . . . . ., solemnly swear that I will not disclose or make known to any person not legally entitled thereto any knowledge or information obtained by me in the course of my employment with the Royal Canadian Mounted Police. So help me God.

<http://lois.justice.gc.ca/en/R-10/index.html>

Despite all we have read about oaths and Queens in fiction, there is no sworn allegiance to HER MAJESTY QUEEN ELIZABETH II by the RCMP. So what's Royal about them? Nothing. In fact there is nothing that ties them anywhere to any form of authority. These are false oaths because they do not include the word "do". It should read *I so and so, **do** solemnly swear*, and with no action verb, no Oath exists. Notice the all-capital play script fiction OATH OF OFFICE, meaning it is an Oath of a FICTIONAL Office not a real one, as is the OATH OF SECRECY. The Secrecy section is nice because it means they don't have to disclose the truth to people about the scam they committing. This would of course also include evidence in a trial. There are no limits on what they can deem secret using something like National Security as a disguise to cover their tracks. However we are not persons, we are man created as male or female by God and have authority over the RCMP.

They make use of the word "execute", which is executive power. From where are they deriving executive power as no one has any in Canada? If you are an actor for a PERSON then isn't it the PERSON that must carry out the lawful or rather legal orders and instructions? The man created as male or female by God, swearing the oath is not a person, so what exactly is going on here? What is a lawful order and instruction? Lawful is not considered LEGAL, so why are they given the responsibility to do legal things, which are not lawful? When was the last time you saw them present a document showing that they are carrying out Lawful Orders signed off by a JUDGE, giving it force of law? It is always legal isn't it? It is because the law comes from the Law Society, not of the people. Governments are creations of Law Societies not the common people. Thus there is nothing lawful about them, only legal, which is not lawful.

The oaths continue with, "without fear, favour or affection of or toward any person." If you have no fear then why are you running around with Guns? If "Favour" were true, how come there is a code of silence among these police? It makes one hesitate to report any type of crime. As far as "affection" is concerned, police show affection to those within the system or their controllers, but not the people.

It all comes back to things written in legalese, which is the Official language of the Society they work for, not that of the Country, which they are told to protect. These Oaths are complete frauds because they imply that we are fictional entities. The final part, "So help me God", must give pause for thought. God is not defined. Judges are Ordained by God, as are priests, but their God is not a living God it is Government.

The thing that will stop a Police Officer in his tracks is simply this. If Legalese is indeed a language that only Lawyers can understand, then how is it that a Police Officer, who is not a Lawyer, able to understand the Law and know that he is following lawful orders? If the Justice System insists that only Lawyers can practice Law then what are the Police doing enforcing it, since they like the rest of us have no capacity to interpret or understand law.

Many other police departments swear an allegiance to HER MAJESTY QUEEN ELIZABETH II, but as shown earlier that is a foreign corporate entity and it is treason to do so, if Canada were actually a Country to begin with, which it isn't. Add to that the fact that everything is written in Legalese, meaning it is the Law Society (which is not named) that they are operating under. Every COUNTRY in the world having legalese as the basis of their laws is actually a different society than what they are portraying. This is another part of the hidden occupation. The underlying occupation is formulated to maintain Control through the use of privately owned Central Banks in the "City" inside London Proper, England, and Temple BAR. They create an illusion of a separate sovereign COUNTRY and then usurp power of UK by implementing their language, Legalese and their Law Society created Governments.

I will look at other oaths later in the book, as they are very easy to pick apart and see the frauds within them. It is kind of entertaining. U.S. JUDGES are fun as they are absolutely squirming now in desperation to distance themselves from the onslaught of awareness of what they are doing. Many of them give Oaths that go against the Constitution completely, while even those that swear to what is considered a proper Oath are still committing fraud. In truth a POLICE officer is fraudulently rendering a Judgment against you as being a PERSON, and then carrying out a form of execution as per what his OATH states. The only important thing about all Oaths is they end with So help me God, which means they do regard God, above and beyond all law.

In John 8:7 it says:

"So when they continued asking him, he lifted up himself, and said unto them, He that is without sin among you, let him first cast a stone at her."

Jesus was not arguing with the judgment. He was speaking to **execution**. Judgment had already been passed in accordance with the laws of the time. Which is why I tend to believe no one may take a life, no matter what the sin. So too, no one has authority to execute any type of arrest, incarceration, torture or otherwise no matter what law was broken. Genesis 1:29 says God blessed man, to bless is to make without sin. So we don't sin and this will become very obvious later in the book as we go into who we are.

## **Vassal Law**

Vassal Law is the SYSTEM of law most of the world operates under today. There are two objectives to putting this SYSTEM of law in place. One is for the imaginary leaders to gain ownership over the land and then allow access to the land by entering people into agreements of servitude. The Spanish Inquisition and expansion of the British Empire along with France accomplished the first task. The second is to get the people into a mode of servitude. This is done with the utmost trickery of course, but that is the basis of the law. It is law totally based on FICTION.

The following definition is from The 'Lectric Law Library's Lexicon,

VASSAL - Obs. Someone who, by a series of formal acts, usually homage, commits themselves to serve another, usually receiving a fief in return.

The name given to the holder of a fief, bound to perform feudal service; this word was then always correlative to that of lord, entitled to such service.

<http://www.lectlaw.com/def2/u023.htm>

The vassal himself might be lord of some other vassal. Historically, this word was used to signify a species of slave who owed servitude, and was in a state of dependency on a

superior lord. A species of slave is all they want you to be. Interestingly, they also allow for levels of slaves within the SYSTEM, which underlines the fact that the QUEEN herself is a slave. If people knew the true nature of how the SYSTEM worked, much of this nonsense would be stopped very quickly.

In terms of a law system we have never really had an opportunity to establish one based on freedom. For the most part tribal societies have had systems of law based on customs and truth, although these systems do get distorted to favor one family bloodline for their leaders. There always seems to be this hierarchy in place in all cultures and people. For the most part though, war was not something practiced much amongst tribal people prior to the expansion of the Illuminati Empire in the middle ages. The earth was peaceful and abundant with life. I have not done a great deal of study into the ancient cultures, but what I have studied indicates that their systems were based on the real world and truth. It would seem that is where we must return if we are to end this insane SYSTEM of law. Money is and always has been a tool of tyrants. God created this planet for us and not for the few to claim ownership of fictional land masses and imply it applies to the earth.

## **The People from the Stars**

Zulu translates literally into *The People from the Stars*. The Zulu people of South Africa say that they originally came here via teleportation through thought and got stuck here. It is a testament to the true nature of human beings and what we are. If you order the tape called the Reptilian Agenda from David Icke's website you will see a comprehensive interview with Credo, the official historian of the Zulu people and one of the last high level Shamans left on the planet. The information that he presents in the video rewrites many history books and gives us a much better fix on where we came from and why we are here.

There is an abundance of evidence that alien races that have visited the earth in the past and still do to this day, spawning the exponential growth of UFOLOGY. The human species has been genetically manipulated throughout time to dumb us down and make us into a slave labor force. Because of the level of secrecy behind this, it is difficult to pull out the smoking Guns and say for certain that this is indeed what is going on. Even the evolution of science is subdued. At one time people were imprisoned and tortured for not agreeing that the earth was the center of the Universe and life only existed here. With a Billion Trillion Stars in the Universe it is beyond lunacy to believe that we are the only intelligent life in the Universe. Hence the motive operandi of these people is to lie about the truth no matter how absurd the lie in order to keep the lid on who we are and our true history.

It would seem that the military along with alien races are trying to keep us in a state of slavery and dumbed down for their own purposes. It takes them to use a great deal of force to keep us from self-actualizing and remembering who we are. The Disclosure Project headed by Dr. Steven Greer has done a great deal to uncover the reality of such a clandestine operation. Hi level military and civilian officials have come forward to verify in testimony that these things are indeed happening. David Icke has uncovered much concerning shape shifting Reptilians that through holography hide behind a human form and take on positions of power in large corporations and government.

Fear can only exist within Illusion for truth has no room for fear, only love. Perhaps what is keeping us alive is the fact that we do live in truth and despite all the subjection of propaganda and behavior conditioning, they can't eliminate the essence of who we are, that being infinite love. The hidden occupation has done a great deal of harm to this planet, our home in the Universe, and indeed this is our home and we would share it in an instant with all peaceful life. The earth sadly has reached a turning point and I am highly concerned about what I see happening to ecosystems that are ravished by greed and neglect. Large resource based mining corporations and chemical industries do the most damage, not to mention the wars that are dumping uranium all over the planet, irradiating the air, which we all must share. The prospects for surface life to continue living for the next 100 years is becoming less and less likely each day. If there are underground Alien bases and that is

their home, we as surface life are perhaps expendable to them, I don't know. Whatever happened to Mars could easily happen to earth in less than a hundred years from now if we don't do something.

There is a great deal of geological evidence to show that a number of pole shifts have occurred and with the massive melting of the polar regions it may not be much longer now before such a thing happens. I don't think you can ever be prepared for such a thing, I don't know what you could do or where you could go to be safe from it. The Ice Age happened so quickly that Woolly Mammoths died while eating, the food was still in their mouths! To me, that is not something natural but something very unnatural, based on the pace which nature works. It seems like that would happen if you focused a scalar weapon on the earth, sucking the energy from it and cooling it. This is just one of many technologies that are kept very quiet and out of sight from people. For an overview of scalar weapons technology there is a rare video made by Tom Bearden that goes into the hard science of it, which can be watched here:

<http://www.cheniere.org/sales/buy-ttt.htm>

The very nature of these ruling elite is that they thrive on us like parasites. They are energy vampires that flourish on fear. Our DNA is much like a computer program and through rituals such as those practiced by the Masons, they can unlock DNA codes and allow ethereal entities to possess their victims with greater ease. Imagine the horror of being consciously pushed aside, still able to see what is happening, while another entity controls your body, Reptilian most likely. Those that play the game of enslavement do so at a great price. We are very powerful spiritual beings and do not take too kindly to being lied to or manipulated. The perpetrators of this insanity stay in the background and use their minions as cannon fodder. You will never see a world leader or one of the Banksters out leading the charge for any of their schemes. It is not their way. They hide in shadows and run for cover whenever the jig is up. September 11, 2001 is a prime example of that. It was a poorly orchestrated plan, and their entire Official story has been picked apart and shown to be the complete and total lie that it is. It was a major wake up call for us all and now they are getting extremely desperate. They are passing draconian laws where they can name anyone a terrorist without defining what a terrorist is, and are trying hard to shut down the Internet as a method for us to communicate with each other.

The true Occupation of our world is a spiritual one. The Courts are simply the manifestation of darkness. Ever notice how many politicians, bankers and Community Leaders wear black all the time? It reflects the void of emptiness where fear dwells. Judges, lawyers, court clerks etc. all wear black. Even popes wear black. The key is that black signifies colorless, the opposite of the full spectrum of light and truth of which we are. Fear compartmentalizes and sets up a chain of command, leading to the same bloodline families that are behind the manipulation of this Occupation. The Universe itself is nothing more than a holographic projection that is not real but just an illusion, which the manipulating consciousness wants us to see. The advances in millimeter microwave technology and nano-technology is indeed exposing the mechanisms of how the illusion operates. They are able to bend light around copper objects now so you don't see reflected light coming from the object. I am sure that the Black Ops technology is far ahead of anything they would ever tell us about. Indeed free energy technology exists now, but their release into the public is being blocked.

It would seem that we are indeed the food supply for these creatures, as they feed off our fear and strong emotions. Ever feel a bunch of pins and needles hit you when someone cuts you off in traffic and you had barely enough time to hit the brakes? Life exists outside our ability to perceive it. That is to say just because it does not reflect light does not mean that it is not there.

Spiritually, we do have a way out of this. It is with love and golden white light. You surround yourself via your imagining your body being immersed in a golden white light and

imagine that you are in the palm of the creator hand and ask him for help. You will see opportunities presented to you, and positive things will begin to happen. You are always offered choices; pick the ones that offer truth and love, and the doors will only open faster. People are keys to doors and your interaction with them in positive ways opens those doors and lifts everyone involved. In the end, as we are able to hold more light and thus energy, our infinite selves will be more fully expressed through us. It will become incredibly hard for us to be manipulated and challenged when we are surrounded by love and light of truth. Your imagination is the key. Your imagination is just as real as this reality is and is the catalyst for what is manifested here. This is primarily I think where they got the idea of an imaginary SYSTEM of PERSONS. Reptilians are real but they are also projections.

Ever notice how some world leaders take so much time to answer a question put to them? It seems almost like the manipulating entity hiding behind the illusion has to formulate some kind of response and then the response that comes is not an answer at all just a deflection of some kind from the question being asked. My instincts tell me that something is seriously wrong there and I sense no emotion from them, like they aren't even there. It is truly entertaining at times watching this process once you can see behind the curtain. It helps me that I am very empathic and I can see auras among other things. It is quite a story how I got to this point and I'll share it later in the book. For now imagine these leaders as puppets on a string, controlled by an entity we cannot yet see. After some time you will tune in to similar traits in others such as Judges and some Police Officers. Trust your instincts and deep feelings rather than what the illusion presents itself through your normal vision. Your body does not lie, and it has to live in truth to stay in balance and dis-ease free.

Be aware what messages and values are being broadcasted to you via the television and radio and other sources of media. There is a great deal of thought conditioning going on and the manipulation is based on getting you to think about things in ways they want you to. The lack of will to help the homeless is part of this. It is a war unfolding around you in a quiet but sure way. Instead of spending some money to provide affordable housing The BC Government put out a pamphlet for people about how to do dumpster diving. Some cities in the USA are literal war zones. When they can spend billions on phony wars and nothing on the people at home who need the help the most you know something is seriously wrong. The money is being spent to create opportunities to oppress and destroy lives in other places around the planet. They will not stop until we stop playing their game. The mere fact that they entered a bill on June 6, 2006 (666), to draft everyone from the age of 18 to 42 into the US Military should give you some pause for thought. Recruiters go to impoverished neighborhoods and use the bait and switch game on people. They offer education and then throw them on the front lines in their phony wars to create more suffering.

The Saudi Government is one of the biggest threats in the world in terms of the spread of fanatic Islamic values. Females in Afghanistan had their heads sawed off slowly in soccer stadiums just for showing an ankle. The Saudi Government was the instigator that set this up, yet was not held accountable. Instead they allowed the U.S. to use bases to fight a war against Saudi neighbors. The mere fact that the United Nations did not step in and hold Saudi Arabia accountable is amazing. Even a majority of the so-called 9/11 hijackers were from Saudi Arabia, yet somehow that led to an attack on Afghanistan and Iran!

The Government of Canada makes use of a military hierarchy. Everyone in the government is an Officer or some kind of General such as the Lieutenant Governor General or Receiver General. It reflects Offices held in Admiralty Law. Commerce itself is a form of warfare, and Canada is a military dictatorship that is disguised in order to glean maximum penetration of resources to use against all of us. Outright dictatorships have a short life span and it is very dangerous for those engaged in it. To give people just enough freedom to make them believe that they are free, while knowing that at any time they can pull the rug out from under you and make you do their bidding is not freedom. While I hope this

helps to explain somewhat of what is going on, I don't know everything and am just observing what I can see happening. Once you acknowledge all of this you begin to see how the SYSTEM operates as an Occupation force rather than as a servant to us all.

## Remedy Through Faith

We have discussed the fact that the Bible is riddled with fraud, mistranslation and it cannot possibly be God's Word or God's Law (notice word and law are not the same). What we are dealing with is a simple matter of Faith. Faith is very different than truth in that Faith is a belief in something being true even though the evidence produced shows that it is not. There are many people that balk at such an avenue of defense; however Law is totally about Religion. This is the driving force behind it. As much as I know and I do know a great deal, what Minister Robin Belanger says in the series of videos linked below is the truth and does work to set you free. This sheds a great deal of light on why things are the way they are and what you can do about it. You are free through Faith, but you must tell the individuals who are pretending to be "Ministers" of a de facto Government or more accurately of a False God called Government, who you are, and question where they get the authority to intimidate you. Who knows who actually reads your letters you send in? But the end result is someone does and they decide how they are going to deal with you. The hidden hand runs the Government, not necessarily the people who are portrayed as your "Representatives". Overlooking the simple fact that the powers that be are a group of **People**, Zionists who feel that if you are not following God's Law then you must be enslaved and destroyed, is a reality. Confronting them on the issue of Faith may be the only avenue we have to deal with them. They have their hands on the mechanisms of power that they are using to destroy us all, that is tyranny. Law is Talmud to them. Either you are a man created as male or female by God or you are a living thing and thus a slave. There is nothing else in terms of Law as man created by God is above all law. God did not make any laws, because God does not create fiction, but they do not see themselves as man created by God for the most part, as they follow LORD God and attach any number of labels one of which is, God's Chosen Ones, which is actually LORD God's Chosen Ones, not God.

As simple as this seems, non-belief for non-knowing in the man created as male or female by God standing in dominion over all the earth and over every living thing upon the earth, is the driving force behind the enslavement. The simple fact is that they don't teach you this for then they could not carry out the scams they do. The reality we are faced with is either you are bowing to their falsely created God called Government or you simply recognize your dominion. They control the money and the LAW as these are the foundations of enslavement and tyranny. You cannot win in their courts for to win would mean an end to their game and their illusions (there is no solution in fiction), which is what you must do to win, destroy their illusion of power. It is difficult for me to believe that for benevolent reasons. It is instead Religious persecution that has been going on for a very long time.

The insidious thing is they have muddled with the Bible so much that unless you have a copy of one of the original Torahs, you will only know their interpretation of God's word. So how then do you know if you are following his Laws? That is also part of the scam and one of the demented aspects to all this. What I find even more amazing is that there are so many people willing to go along with the idea that it is okay to enslave and destroy the people who do not accept God's Laws. They draw a benefit of extracting wealth and property from their fellow man they have labeled as Cattle. They do this without asking if the information contained within the Torah is true or if the Creating Forces involved originate from some other mechanism than what they refer to as God. They also fail to note that LORD God usurped power from God in Genesis Chapter 2 by creating an illusion based on fear. Ultimately the Offer being made is which God do you worship, that of Jealousy and Fear or that of infinite love? The offer has always been there, but for greed and power there are those who ignore that in Genesis, where it says that the species of man was created "after our image", it meant the image of everything that exists. It represents that although we may appear separate we are indeed infused with the Creators Love and Infinite

Consciousness.

In the proceeding chapters, we will visit the various mechanisms you can use to maintain your own faith, whatever that might be, and still remain outside of their grasp in terms of LAW. In Chapter 6, we will get into how correspond with these people and put them in a Position of Liability if they do anything to interfere with your life. It does not always work as we are dealing with people who may not care about us on any level. They laugh at the thought of someone other than themselves having any restrictions put on them through LAW. Whatever their motivations, they are dangerous and should be exposed to the best of our ability. It is time to rise up against this Tyranny and put an end to it. Force should not be necessary, as once their scams are exposed the power over others will be taken away. Treason under the Talmud is punishable by death in many Countries, perhaps we may be kinder to these soulless creatures than they have been to us, Only time will tell.

# Chapter 4

## The Illusion We Call Commerce

### The only true Currency is Love.

The only thing that matters in Commerce is your Signature. Your Signature is worth a lot of money. Lots and lots of money. When you sign anything you are giving that instrument value. It is also one way we enter into contracts. You are completely sovereign and everything in this world is already paid for. For example, the goods in a super market are yours for the taking. All that's required is a promissory note and a receipt to complete the transaction, you present promissory notes and in exchange you get a receipt. Your signature is your credit, a form of promissory note. It can be assigned value for fictions cannot have any value. This is why all statements from Corporations and Government have no signature on them. They have no way of assigning value, only you can assign value to it, because you are the creditor in truth.

The truth can only come from the living not from fiction so your word is your bond. You have an incredible amount of power within the SYSTEM but due to the tricks played on you, you are given the illusion that you have none. In part this has been what the master illusionists have been playing on us all and our ancestors for thousands of years, those who catch on to the scam were disposed of in various ways. It is truly a testament to how powerful we really are. The scale necessary to trap an infinite being within an illusion is astounding. They want you to thrash out at the illusion that is the courts and all the actors within it. They are well paid and are very comfortable, but in the end are merely actors for the illusion. They are asking us over and over again, are we infinite beings or one of them, caught up in the illusion. Even LORD God said as much in Gen 3:22

"And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:"

It's a common fact that nobody lives forever, or do they? We'll revisit that idea later, but for now realize that the illusion is not what seems. It is an offer. The illusion can only offer you things. You have to be the one to accept it as valuable or believable. Up to this point I have been rather hard on the actors within the Illusion for I wanted to drive the point home that none of us agree with the amount of damage and unfairness that is going on within the SYSTEM. It's to get you to understand that everything, and I mean everything that is happening, is coming from your lack of knowing who you are. When you know who you are, everything falls into place and you will know what to do in any situation. The Illusion can only offer you things; it requires your acceptance to act on you. This is how it is supposed to work and from what I have observed you can put the brakes on at any time and stop the illusion from acting on you. You just need to know what a thing called Commercial Law is all about.

Is your Signature on the Constitution? If not, then you are not a party to it. Is your signature on any of the acts or laws? Once again, you are not a party to it. They can only act on your person, which is the imaginary fellow that walks along beside you but doesn't exist until you point him out with your awareness. The Actors cannot act on him until you bring him into the PLAY. Thus if they can't see him they can't act on him. Your attention to what you decide to bring into your awareness is the key to everything. The one thing that will help you a great deal through all of this is to realize that truth cannot exist within the SYSTEM, and that the SYSTEM operates within total truth. It operates from the premise that Evil and Lies are permissible within the Illusion and those in leadership positions are indeed illusions operating within their realm of truth. Good also exists within the Illusion but good is a relative term depending on who's good you are talking about. You cannot fault the Illusion for being parasitic and full of lies and deceit for these are the instruments

of an illusion. Instead recognize the simple fact that this is how illusions work and they are living within their truth. They are merely our servants. These illusionary creatures with no soul are only projections serving us, nothing more. We just haven't realized that the Illusion is operating in truth. Fear as part of the illusion is a low vibrational energy, but we can change that through keeping perspective of what is illusion and what is real. Real comes through us. We are the only thing that is real and we are holding all the power. The Illusion has no power and is using parasitic acts to take power from us, when in fact we have the power to stop it from doing so. Asking questions about what they are doing to us results in their exposure of what indeed they are trying to do. If they cannot answer our questions, they lose power over us.

Now lets look at Bills of Exchange. It derives its value from a signature. No signature no value. Your acceptance of bills of exchange can be as simple as accepting mail from the Government. If you accept it you become a party to it. If you don't open it and simply send it back then you are not party to it. These are what Robert Menard calls Sliders.

## **Commercial Instruments and Oaths**

Affidavits are commercial instruments and are supposed to reflect the truth. By swearing an Oath to God that something is true it puts us into a position of perjury if what we state is not true. Unfortunately there are a number of fundamental problems with this. First, it is a commercial instrument based in Fiction, and second you have no true name. One may think that not swearing Oaths would bring Anarchy, but swearing them has brought us Chaos. Jesus stated in Matthew 5: 33-35 that you are not to swear oaths.

[33] Again, ye have heard that it hath been said by them of old time, Thou shalt not forswear thyself, but shalt perform unto the Lord thine oaths:

[34] But I say unto you, Swear not at all; neither by heaven; for it is God's throne:

[35] Nor by the earth; for it is his footstool: neither by Jerusalem; for it is the city of the great King.

As discussed in the previous chapter, in the corporation of CANADA and in many parts of the world as well, people are taking false Oaths by leaving the word "do" out. Those that are of the Jewish Faith or Free Masons are allowed at to partake in the Kol Nidre', which disavows them of their Oaths. It is a prayer, which is perhaps a way of asking forgiveness for taking an Oath? I see nothing wrong with this practice, as long as you tell the people who have put you in Office that you are no longer under that Oath of Office and remove yourself from the Office. When has that ever happened? They neglect to tell the people they claim to have authority over that they disavowed their oath in this way. Of course because they did swear an Oath within the SYSTEM anything they say is considered to be absolutely true and because you come to them without an oath everything you say is an absolute lie. You can find the Kol Nidre listed on page 183 of the Masonic Handbook and Jewish Encyclopedia (1901) Vol V, Page 539.

## **The Kol Nidre':**

"All Vows, obligations, oaths, and anathemas, whether called 'konam,' 'Konas,' or by any other name, which we may vow, or swear or pledge, or whereby we may be bound, from this Day of Atonement until the next (whose happy coming we await), we do repent. May they be deemed absolved, forgiven, annulled and void, and made of no effect; they shall not bind us nor have power over us. The vows shall not be reckoned vows; the obligations shall not Obligatory; nor the oaths be oaths."

For example, if you swear an Oath to God for an Affidavit in this manner: "Is everything in this Affidavit True and Correct? Yes, So help me God", you are committing perjury based on what is written in the King James Bible. From Matthew 5: 33-5 (shown above) you have just committed blasphemy. Yet the Old Testament is full of sections where Abraham and

others have taken Oaths. Again the Bible itself is a story of FICTION with the exception of Genesis Chapter 1. The mere fact that the Earth and the Universe were created about 6000 years ago has been proven by Science to be utterly wrong as we still today see the creation process unfolding.

Why do they ask you to swear oaths on Commercial documents? It is so you will go into dishonor and that is all that matters in the honor and dishonor game. They don't care about the truth or who did what. It is part of a smoke and mirrors game, getting you to somehow believe that by stating the truth on a Commercial document such as an Affidavit it will somehow lift you out of their SYSTEM, when in fact it puts you into dishonor and a position of perjury. Just swearing to God is an act of perjury in of itself because God did not make any laws nor did God give man, male or female a name.

They only care about making off with your wealth or making money off you by throwing you into one of their Jails and using you as a form of credit to make billions of dollars off you through your signature and life. The courts have very little to do with Justice as they are just money making schemes set up to enslave people.

Because you use commercial paper all the time they don't tell you the laws surrounding Commercial Law, especially Admiralty Merchant Law because you are deemed to be an expert at it. Yet they have the books and laws at their finger tips, so would that make them non-experts? It is rule by deceit not by law. Because it is fiction, anytime a word is defined in any dictionary that word definition still has merit to be used with that definition forever. Look up the definition of, "if" sometime and you will get the idea how complex and unfair it is.

Oaths have always brought chaos when used because it promotes the idea that we can let our guard down because someone is under oath. Judges are supposed to be bonded so if they step out of their Oaths that bond becomes yours and they get removed from Office. The truth is they have no bond at all. If you ask a JUDGE to prove that he/she has one, they cannot and will not produce it. You come to the Court with full Commercial Liability and the JUDGE sits there with none. It is because you are a slave, if you'll remember, and his or her WORSHIP are Gods that are more than willing to find a nice damp dark cell for you when this is all over. I hope you are beginning to see just how arrogant these people truly are that purport to be pillars of society.

Now that you know about Oaths, what do you think about the Queen and her Coronation Oath, that she is handed the King James Bible after she states the Oath? She never swore an Oath at all on the Bible. It was presented to her after she took the Oath. Section V, which follows the Oath of Section IV is titled, "The Presenting of the Holy Bible". Take a look:

<http://www.oremus.org/liturgy/coronation/cor1953b.html>

What do they make you do in Court? "Please place your hand on the Bible and state do you swear to tell the truth, the whole truth, so help you God." Here is where we all know to answer, "I do". Really, how about answering, "No"? How can anyone know or understand the whole truth? By answering I do or yes you are also creating a contract and putting yourself into dishonor and blasphemy at the same time. From there, when they try to take the Bible away from you hold onto it and ask, "on what page is the law you are talking about?" They offered it to you so don't let it go. Then refer to Genesis Chapter 1. You tell them, "Oh no, you asked me to swear on this, this is the extent of which I have sworn." Another favorite is, "I will say yes if you all swear the same oath as well. Let's start with the Crown Prosecutor."

The organization that goes by Zionism works under strict interpretation of the Torah. There are no laws beyond God's Law and they are in control of the Courts. If you delve into commercial law then all of commercial law applies to you and you are exposed to a system of privilege and argument, not of truth and rights. In the same manner, JESUS was a Jew

and Christianity is an addition to God's Laws. Remember that the Queen never swore on the Bible so you would be wise to keep your references to the Torah only. Beyond the Torah, Ezekiel 33:6 allows you to warn them as PERSONS that their laws apply only to them within their framework as Actors in an imaginary world of PERSONS. This keeps you rooted within the Bible as a form of law and from stepping into their law for a defense. Ezekiel 33:6 is a disclaimer. The basis of Christianity and the Torah are all based within FICTION and have no historical value at all. The attempt is to show you how to maximize this as a tool of defense in the face of tyranny. Bearing False Witness would be another reference, since all PERSONS are indeed bearing false witness.

What has happened in the past is happening today. The objective is to cultivate groups of people and teach them how to manipulate the SYSTEM so they can suppress knowledge and independent thinking. In the past, under the guise of religion, people were murdered in the millions amidst the confiscation of their wealth and freedoms. This was done to prop up the criminals that are working hard to enslave us all. The Catholic Church for hundreds of years manipulated law in Countries they controlled so that the church was self-policing in criminal manners. This resulted in widespread corruption, pedophilia, murder and anything else that they wanted to do was done with impunity. This still continues today, though public outrage has limited these practices to some extent. Every year the Catholic Church pays out millions in hush money to silence the accusations of pedophilia against their "authorities" of God. This is only what the news reports! Much is not reported, and that is the basis of research of David Icke and others. Satanism is at the root of much of this for it dove tails nicely what a criminal mind is trying to do. Satanism comes to mind because I have never seen anything based on so many lies and deceit with the idea that human sacrifice is okay as happens via the SYSTEM. Imagine going to Court and standing before a Judge that had just finished sexually abusing, slowly torturing and killing a child the night before. Do you think you will get a fair trial, or that the Judge cares about you or anything beyond his/her own needs and pleasure? Because Judges in Canada are appointed without any public scrutiny we have no idea who these people are. Based on what they accept as a "fair" SYSTEM of law, many others and I have very low regards for all involved in this SYSTEM.

## **Nature of Feudalism in Commercial Law**

The word Feud is old English for Oath, and Canada and most of the world is based on Feudalism. The land is owned by the Monarchy or a State and it is rented out to the commoners in return for property taxes. All wealth is derived from the land. We live on the land and we come from the land, it is our home. So how is it that a few can dictate to us where we can go and how we can peacefully and without harm use the land for our living? They can't and they don't, as everything they are doing is based in a fictional world. They only make reference to Persons.

Because they point guns at us and confiscate our property doesn't mean that it is right. It means that they are willing to lie and cheat us out of our hard work and labor for their benefit of having us as their slaves. This abuse power always creates a rebellion, when the concentration of wealth becomes so large that people (much like the Native People) are forced to starve or rebel. This is played over and over again and the Bloodline families love it! It creates fear and a high level of emotional release, which is their food. They are parasites to say the least. The mere fact that history is written by the victor rarely allows the impoverished people to have their say. The concept that International Law and Justice protects those impoverished people so that they can live in peace is again a lie and a pipe dream. One only has to look at Darfur to see genocide happening right before our eyes that no one is helping to stop.

If this system of slavery is happening in an imaginary world then how do we separate ourselves from it? It is essential to raise your awareness to various aspects of their scam, and to educate everyone you can about it. I mentioned earlier that one of the ways to extract oneself from the SYSTEM was to use your Faith. Your Faith may be anything you

want it to be so long as you do not register it with the State or Government, which is the same as signing over ownership of your faith to them. All the Major religions do this as a ruse to give Civil authority power over the people rather than freedom through faith. There are two basic aspects to stopping them. First is do not open their mail. Return everything, as it is only an offer of contract. They use the trick of putting a postal code on the envelope, which identifies the receiver of the mail as being a commercial entity if they open it, as it is a form of codified law. By accepting this form of law, you confirm that you exist within their imaginary world and are acting as the surety for a PERSON in the imaginary world.

Because Feudalism makes use of Oaths it detracts from faith by saying that you have no faith and are just a thing, not of God as Creator. Thus you must be careful not to mix commercial law with faith. You could write to the Man/Woman Acting as the Minister of Justice, but do not write to the PERSON or the title for that is an imaginary thing. Keep in mind that their soul is owned and judged by LORD God, God the Creator does not judge. It is the experience of myself and others that they will not drag you into court over not "paying debts" etc. because you have given them notice, but they will keep trying to send their offers of contract in the mail to you. Just mark the outside of the envelope, "Return for Fraud", put it back into the mailbox, and nothing more need be done. Do not open their mail. Until you see it addressed as John-Henry: Doe nothing is addressed to you anyways. Everything else is fiction. They want you to accept fiction so they can impose their fictional world of control on you.

The question that arises is who is doing this? A fiction cannot send mail or do anything in the real world. Ultimately someone is doing this, but hides behind the fiction or illusion as to operate with impunity. When you are in a Courtroom and a JUDGE asks you your name, if you respond you are giving tacit consent through trickery on their part that the imaginary world can converse with you. You might respond to it by asking the JUDGE, "who is asking the question? A human being, the man I see in front of me, or the Imaginary entity called a PERSON?" Bringing to the forefront the living man puts that man into a position of LIABILITY rather than the PERSON. Keep in mind though that you are not commercial so LIABILITY is not an avenue you want. Instead, keep it within faith and state that your faith does not allow you to deal with fictional entities, as God has no respect for them. There may be foundation that the QUEEN in her Oath may help. However, keep guarded that the QUEEN is a title and not real, so you cannot derive any protection from something that is not real.

In either case, to escape from the System you must return your Social Security Number or Social Insurance Number, which removes you as an employee of the Corporation passing itself off as being a Country. Because most of the Countries in the world went Bankrupt in 1933, handed over to the Banksters in a form of high Treason, they are really just branch corporations of the Major Central Banks in The City, London, England. The downside is that you need to convince an employer that he can hire you without a Social Security Number, or work independently on your own. It can be done and that is why it is important to educate others on what is happening.

It is serious business dealing with criminals who have no care about the laws that they break within the SYSTEM. If they see you escaping their twisted logic they feel it is their obligation to do whatever it takes to keep you within their SYSTEM. There have been many people who have been successful using the Faith based method to extract themselves. It also means giving up state sponsored health care as well. You do not want to contract with them in any way. What is very unfortunate is that we have allowed these criminals for so long to do what they are doing. The only way to peacefully stop them is through education of one another. They thrive on conflicts, which gives them excuses to use horrible weapons against us. As this book is titled, this is indeed extortion.

The flip side of being free is taxation, children injected with mercury-laced vaccination

shots, eating genetically modified food and a government subsidized life just to name a few. It is a war on all of us, and the nonstop propaganda poses them as our heroes. The level of auto-genocide occurring through homelessness is at an all time high, and how far are you from being homeless within their SYSTEM? Are you one to six months of being out of work, like many people are? If you examine the level of help that they are giving now imagine what it will happen when they finish getting the Pan American Union in place. Then only Multi-National Corporations will own all the utilities, hospitals or anything else pertinent to our current way of life. The corporations are already unaccountable to how they treat their employees, so how will they treat the people they pretend to serve?

The move to give police powers to private security firms and having foreign and domestic Military troops patrolling the streets will not bring about more accountability, but understand that is where they are going. The few are trying to trick us into believing that they have the rights to our bodies, land and beliefs. God never created the system of LAW that they swore their Oath to. It makes for a very dangerous game on their part. Feudalism on steroids is what we have today. They forgo their Oath to the people and give Jurisdiction to the tyrants to just trample you with trickery. It is okay to trick you if (as they believe) you don't know the law, but switch the tables on them and they go running to their courts, banks, special interest groups etc. They want their slaves to be obedient and punctual with their payments to them and take care of their needs. Until you are compensated in the same way as the Queen is for the work she does, I think perhaps there are some issues to be resolved here.

In the end you are non-commercial, meaning that through your faith you do not believe in their imaginary world only the real one. You do not accept their presentation of debt, for God gave you and everyone else dominion over the Earth and debt cannot exist within the Earth. They present you documents that are just molded forms of the Earth, but are the Earth and you have dominion over them.

As presented so far, religion itself is based on fiction. This is not so much to attack Religious beliefs, but to expose the perpetrators working behind the scenes to ensure that there is no escape for those turning to them for help. That people run to their major organized religions, all of which are registered with these bankrupt corporations called Countries, must be exposed. The root of escaping the prison is your faith and what you believe to be real, not theirs. That's all it comes down to. Law is contract, and doing as much as you can to separate yourself from their SYSTEM is the best way to remove yourself from it.

What is Lawful to a criminal organization is another matter to consider. You can only go so far into this before you are faced squarely with the tyrants themselves. There are those that refuse to let you leave the SYSTEM even though you have lawfully done everything you can to do. They do not want to answer your questions and they do not want to give you any kind of platform to express the truth of what is happening. All they want to do is to shut you up. These are the hard-core criminal elite and have no care for laws other than if it helps them in their oppression of us all. The fact that for hundreds of years it was okay for the Priests in the Catholic church to burn people alive for saying anything against the Church and it's teachings should give you some insight on how far these people have gone and are still willing to go to maintain their power over the slaves. Courts are not about truth they are about arguments. Not much has changed over the centuries; just different takes on the same agenda.

## **The Banking SYSTEM**

So much has been written about the Banking System already and there are lots of very good books out there on the subject. I suggest you read *The Creature from Jeckyll Island* as it was the first to go into the history of Central Bank Tyranny. There is also a video on the web called the Money Masters and can be watched at:

<http://video.google.com/videoplay?docid=-8753934454816686947&q=money+masters>

The highpoint of the crimes that are being put on the people of Canada and most of the world is that of Usury. Usury is loaning money to you and charging interest on it. It is a scam played out by Zionists, the Catholic Church and others through out history. Today it is at a massive level for they are not only stealing money through Usury they are also stealing money through your signature as mentioned earlier.

Anytime you sign a commercial document and do not put "non-negotiable" on it, it becomes a negotiable instrument. Because the banks deal in Promissory Notes and not Lawful Money backed by something tangible such as Gold, they steal the acceptance of value you give to almost everything. As long as the paper has a date, monetary amount and signature on it, it is considered money to them.

When you go for a bank loan and you sign an application form for the loan, which states you will pay back to the bank X amount of dollars by such and such a date. You sign it and hand it over to the Loan Officer (Officer being the Officer on the Bankers ship called the Crown). The Loan Officer puts the application through a number of departments to get permission to give you the loan to make sure you can pay it back. At this point the bank does not care if it is approved or not. You just gave them money to be put into a private side account, which they draw from. This private side account is really an unlimited amount of funds as living beings have infinite potential for wealth. They monetize the promissory note, which explains the application form, and deposit the funds into your public side account, the all caps name account. Then you draw the funds and buy the item that you wanted and the now owe the bank x amount of funds. Some banks must have a percentage of the money deposited in their accounts to be able to loan money out to begin with. For example, the car dealership takes the money you gave them for a new car and puts it in their account. Now the bank can give a loan based on that money. It is the same money they just gave out! This is called Fractional Reserve Banking. In Canada they removed this requirement and banks can loan as much money as they want regardless of what deposits they might have. In Fractional Reserve Banking they usually had 10% in reserve deposits for the loans they made. Then you have to pay the bank back the loan plus interest. The bank only monetized your money to begin with and put nothing up front as valuable consideration. In fact, the bank never even signs the application form to become a party in the contract, so there is no contract. The reason the bank doesn't sign is because they can't, they are fiction and cannot be made lawful parties in contracts with living people.

The next part to this is that you pay the money that was yours to begin with to the bank with interest. The bank put up nothing, took no risk and profits from your payments. If you default, they simply take back your car or house from you. The catch to all this is that the banks only loan the money for the principle and not the interest. So where does the money come from for you to pay the interest? Someone else must borrow money into circulation for you to get the funds you need to pay the interest. If no loans are made the whole system collapses and does so by design, at the whim of the bankers. It is a scam; a crime against all of us of mega-proportions which causes an auto-genocide of people in a society by taking their own lives or starving to death on the streets due to a lack of funds in circulation to discharge alleged debts. It is a form of genocide that goes unchallenged and those that benefit from it have no desire at all to change it. In fact they get a kick out of the fact that you apply for your own money, apply meaning to beg for something.

The fact that we carry on commerce on land by purchasing items gives them (by design) the excuse they wanted to impose Admiralty Merchant Law on everyone. Since it only has force and effect with matters related to the Sea, the need to make Countries into Ships becomes paramount and was the same System used in Ancient Rome. Again everything that is happening is happening in an imaginary world, their private society. The Lawyers private society has no name but contains the countries they're in and they are gatekeepers of the BAR societies that hold us as their slaves.

The World Bank and Swiss banks are nothing more than facades, used as instruments by

the criminal elite posing as leaders to facilitate disparity throughout the world. There is some competition about which currency should be used as the dominant currency, competitors being the U.S. Dollar, the Euro, the British Pound and the Hong Kong Dollar based on the Chinese Yuan. The Weapons of mass destruction in Iraq were not weapons of physical destruction, but the Federal Reserve money printing plates given to Saddam Hussein in exchange for the oil that he sold to them. Saddam was printing dollars like it was going out of style, enriching himself and his friends with it, as well as buying as many weapons as possible from Russia and others. The fact that he was about to switch over to the Euro Dollar just before the invasion of Iraq was very telling. I would assume he was printing the dollars and exchanging them for Euros rapid fire, which was causing the slide of the US Dollar against the other currencies. Today the US Dollar is about to collapse and the Federal Reserve has stopped reporting on how much money it is actually printing. The dollar is next to worthless and eventually we will see its collapse from hyperinflation, devaluation, or a combination of the two.

## **Budgets and Deficits**

We can't end this chapter without talking about the Budgets and Deficits. Politicians are frequently saying that we are over budget or are running a deficit and the only solution is to borrow from banks or raise taxes. By now you know that taxation is created by spending money into the economy by the Government and thus we all pay equally based on the money supply. The manipulation in this is to create the inflation and then go after the sheep for more money to pay for the services they have paid for already through inflation. The monumental focus on the budget and tightening the reins gives the impression of fiscal responsibility, when in fact the Budget is created upon a fraction of the overall revenue drawn from all available sources. The Budget is not based on the actual cash flow, but what the ruling elite actually feel like funding, using a small percentage of the actual money in the coffers as an excuse not to fund needed programs. In truth there are many regional funds set up that reflect the true amount of funds extracted from the sheep. You can see this done openly and no one ever questions it. Governments make huge surpluses and nothing is reported about what happens to those surpluses, as taxes seem to increase every year.

Instead, governments go running to the banks to get loans when they have artificially created deficits, and the people pay even more taxes to cover the costs of the interest on the loans. The main scam that is played out in the USA and very likely many other Countries is the use of Comprehensive Annual Financial Reports. Type CAFR into the Google Search Engine and it will bring up myriad of these reports showing that only a small portion of what the various levels that governments take in are a result of taxation. They own about 80% of the Stock Markets and charge service fees through companies they own to increase their intake, running under the guise that the companies must create a profit to be viable, when they are just extensions of the Government. The wealth created from the use of the CAFR model has made some cities alone worth trillions of dollars. The have cooked the books and the profits that they have created for themselves are being used to create and prop up their New World Order. The true Owners of these Cities and Countries are not the people that live there, but rather the all-capital-letter PERSONs who are all owned by the Bankers via an obvious Fraud and Treason. But when they own the Justice system, the police and the Military, where do you turn?

If you want some further information on CAFRs I would suggest the following website:

<http://cafr1.com/>

If you are wondering about CANADA's participation in CAFR, since they don't put CAFRs on the Web as the USA does, take a look at the training schedule of the institution that regulates CAFRs in the USA whereee Canadian cities and provinces are listed as attendees.

## Some Final Thoughts

In the end all this debt can easily be discharged with a stroke of a pen as the money spent has caused inflation, which is a form of taxation. There is no debt. The interest on the private money can also be eliminated with a stroke of a pen by putting the central banks out of business of creating money, which John F. Kennedy attempted just prior to his assassination. Why this isn't done is because the Ruling Elite want WW III and mass destruction of the planet and every living thing on it. They are a cult of death and live in their own, very unbalanced world. The notion that we have to work for a living is perhaps reserved for primitive times, but today the technologies that they are holding back from us would set our world free. With that technology we would be able to create all the food, fresh water and energy we needed on an individual basis. Advances in medical technologies that have been suppressed like the Rife Machine and others would easily and cheaply cure people with little intervention from doctors or the health care System.

Commerce itself is a tool of misdirection. We can only exchange the earth for the earth. What we are actually subject to in is Piracy. Commerce is all about Pirates that are gambling that you don't know how to protect yourself commercially. They use Admiralty Courts wherein at any time you show up as a defendant you are considered to be in dishonor. Once a Plaintiff and a defendant are established, the Plaintiff only has to ask the Judge for a Summary Judgment and case closed; there is no presentation of any evidence. Piracy has become the legitimate form of Commerce and has replaced Common Law. I say Legitimate in light of the insanity that runs the planet at the moment. Commerce exists within the imaginary world and as long as you remain a man, male or female created by God, they cannot touch you. Any signature or picture that is on their files or ID Cards etc. is not you and you can say that it is not your picture or signature. You must remain detached from the PERSON that is your ship that is BERTHED on some Port called a Country. Because there is no truth in fiction the entire system of Justice is based in fraud. They try to intimidate you into giving them a name. Unless you really know what you are doing, you should only say that you are a man created by God as a male or female. You might also try saying, "I am who I say I am." You must always separate yourself as a man, male or female created by God to keep out of their claws. You must also nullify all invisible contracts and ask them to bring forward any contracts that they wish to enter into, of which you will say no to if any appear before you.

None of this is fair, and yes it is warfare against you by the ruling elite. They are doing this to keep you in serfdom and to make your life miserable so you constantly feed them the low frequency vibrations that they thrive on. Remember all this is done to extract energy from us as their food. It sounds nuts to some, but that's what is going on.

This Picture to the left was a monument put in place at Edmonton City Hall. A side plaque says this, "THE TWISTED AND FRACTURED CIRCLE REPRESENTS THE LIFE CYCLE BEING TORN APART BY AN UNNATURAL FORCE; EMACIATED HANDS RESIST. GRASP, THEN BEG FOR AN END TO THEIR INHUMANE CONDITION." The other plaque states this, "LET US ALL STAND GUARD AGAINST TYRANNY VIOLENCE AND INHUMANITY" The Monument states up top, "IN MEMORY OF THE MILLIONS THAT PERISHED IN THE GENOCIDAL FAMINE INFLICTED UPON THE UKRAINE BY THE SOVIET REGIME IN MOSCOW 1932 - 1933".

It's incredible that here stands a monument that describes the exact plight that we are all experiencing, victims of a tyrannical de facto government bent on destroying the lives of the people it purports to represent, for the economic gain of the few.

# Chapter 5

## History Lessons You Were Never Taught

So far we have identified HER MAJESTY QUEEN ELIZABETH II as the Crown for the Commonwealth Countries and thereby the Head of State of those Countries. Canada, for example, commissions officers called Governor General and Lieutenant Governor for each Province. Additionally we learned that all executive power was lost to the Corporation called Canada after Queen VICTORIA died in 1901 due to extraction of Section 2 of the BNA Act, which extended the provisions of the Act to her Heirs and Successors. Two days after she died the Bankers moved in and claimed salvage rights over the lost ship at sea called Canada, and created the Crown in Right of Canada in my estimation, based on the difficulty in accessing that information.

There are questions remaining. If the Queen did not have any power over Canada then who does and how does this relate to other Countries around the world? Have other Countries been taken over the same way? As mentioned earlier, everything is written in Legalese, which is the language of the Lawyers as Attorneys of the BAR Association. The Different Bar Associations throughout the world are just Franchises of the Temple Bar in The City of London, not London England. These are foreign controlled corporations pretending to be Courts of jurisdiction within each Country they are set up in. In truth, all Countries are created through the Bar Association, making them entities owned by the Bar. Through that Countries are owned by the Bankers in Switzerland, the mainstay of the World Banking System, operated and controlled primarily through the Vatican.

Since the time of King John (circa 1215) all royal sovereignty of the old British Crown was passed to the Crown Temple in Chancery. The Barons had King John inside the inner Temple of the Church demanding that he confirm the rights of the Barons enshrined in the Magna Carta. The result of this was the Barons, a.k.a. Bankers, obtained the Sovereignty of the British Crown. The Barons were the Land LORDS and kept the people in a perpetual state of Slavery through indenture for the use of the land. This is outright fraud, because unless they can provide a deed with the Creators Signature on it, the land belongs to everyone. The perpetrators of the fraud kept people ignorant by preventing literacy via the Catholic Church Cannons, and enslaving them for the waking hours of the day just to stay alive. With all the wars, crusades and general turmoil it was never quiet enough for people to figure out the ruse. The thing people forget is that all of this is happening in an imaginary world and it is imaginary land. They don't need the creator's signature, because nothing is happening supposedly on the real earth, only in fiction.

The Bankers are hiding behind the British Crown, using it as a puppet institution to gain control over the world. The nature of the post 16<sup>th</sup> century expansion of the European's into all parts of the world was primarily to spread the Catholic Religion and seize land with conquest and extortion. Using their fraudulent LEGAL system they overlaid the imaginary onto the real and killed or incarcerated those who opposed it. The decimation of culture and spiritual practices of "Savages" (other races) was high on the agenda. They brought with them diseases such as small pox and the common cold, the latter nearly wiped out the Eskimos in the far north of Canada. So rather than helping other people throughout the world with knowledge that would help them they went on a rampage of raping and pillaging the earth of anything of value.

So much for the Queen being head of a Church and being the defender of the Faith. Love thy Neighbor as thyself is only a fading thought to these people who would call themselves leaders of the world. Much of the wealth the QUEEN sits on today was stolen from the world through armed conquest with superior weaponry against people who had little or no means to protect themselves. Many cultures did not even know the concepts of war or stealing, as things were shared amongst the communities of people to ensure overall survival.

## **Knights Templar and Temple Bar**

There have been a number of excellent papers written on the Knights Templar and Temple Bar and truly I am just walking in those footsteps here. I want to summarize some of what has been discussed and point out further information on the topic. We just discussed that the Crown of the Bankers usurped the power of the British Crown and then used it as a cover for creating a world based on Countries of Fiction. The purpose was to create a deceptive level of thievery by equity (chancery) contracts and ultimately to enslave us, but not particularly man created male or female by God. This is very serious stuff here and they play for keeps, and should not be overlooked. For generations they have been at war against us and care little of the harm they cause in achieving their objectives, and have primarily used illusions and worthless money backed by fraudulent courts to manipulate according to their will.

The Knights Templar was initially created by the Pope to provide security over trade routes in Europe. In the beginning they were needed and appreciated by those that traveled the trade routes. Over time though they became corrupted and greedy and people began to loathe them. The Knights built Temple Bar in The City of London, which is now a Sovereign State within London, England. Notice the slight differences in the name, their signature card in creating illusions. The City of London is a 677-acre site within London England. The estimated wealth of the Bankers there is \$300 Trillion Dollars, but lets not stop there when they can simply print the money they want. The Knights Templar ended up selling Temple Bar to the Lawyers who then created an inner and outer Temple. The inner Temple deals with extortion practices focused on CANADA and Great Briton, the outer Temple on The UNITED STATES OF AMERICA. The Word "States" denotes their franchises and Corporation. At least five Attorneys with sworn allegiance to Temple Bar (and not to the colonists) were involved in signing the UNITED STATES CONSTITUTION, which nullifies it as a Lawful document, relegating it to simply that of a memo. Their allegiance and oath to a society other than the colonists is the nullifying factor, the kind of sleight of hand we see with lawyers and judges in a court proceeding. Law does not exist in their reality, only within their imaginary world of fiction. Another slight of hand was the Treaty of Paris. King George III agreed in the Treaty to establish the legal Crown entity of the incorporated United States, referred to internally as the Crown Temple States. States spelled with a capital letter "S" denotes a legal entity of the Crown. Similarly, CANADA signs all of its treaties as the CROWN IN RIGHT OF CANADA, designating it as property of the Banker's Crown and not the British Crown.

The aforementioned Temple Bar is the juristic arm of the (Bankers) Crown and holds an exclusive monopoly on global legal fraud through their Bar Association franchises. The Temple Bar is comprised of four Inns of Court: the Middle Temple, Inner Temple, Lincoln's Inn and Gray's Inn. The entry point to these closed secret societies is only to be found when one is called to their Bar.

## **The Demise of the Knights Templar**

In the end, the Knights Templar became Pirates that sailed on Letters of Mark from the British Crown. They were protected by British Navy and would gain plunder and Booty from foreign vessels. Their flag was the skull and crossbones, known as the Jolly Roger, which the secret society of *Skull and Cross Bones* has descended from the world over. Each chapter takes in about 15 people per year and holds various strange rituals, akin to witchcraft. Alex Jones at [www.infowars.com](http://www.infowars.com) has more information about this through his films and articles. In essence they have moved Piracy off the high seas and onto land through the use of their Fictional World. Each Country is a port on the Ocean where we BERTH our Vessels, hence our Birth Certificates. We use our Vessel to do Commerce, and

through their fiction, trickery and pirate's tactics they plunder the wealth of our Vessels.

## **The Bloodline Tribe of Rulers**

We have come to a point where one has to question who these Bankers are and why isn't anything being done to stop them? It's important to know first that underlying all this law is a tribal society. The advent of law imposed on Native people throughout the world was that when they left their "lawless" tribal ways of life they would come under Common Law, which was a fraud. The true nature of tribes is that they do recognize territories, but they do not name them or create Countries, realizing the simple fact that the earth is the earth and it belongs to everyone. The earth has many different ethnic groups with slight differences in Genetics and they all seem to have regional areas that they have thrived or survived in.

The tribe of the Bankers is somewhat different as their tribe is a metaphysical one rather than simply a Genetic one. There has been a great deal of work by [Zecharia Sitchin](#), [David Icke](#) and many others to uncover this knowledge. There are 13 Bloodline families or tribes that are interconnected in running this scam on the world. They view us as their slaves and believe we should worship them as our gods. The book called [Bloodlines of the Illuminati](#) by Fritz Springmeier delves deep into these families and brings forward the truth of who these people are, revealing that they are the gatekeepers and are referenced as the Giants or Nephilim. I heard that 9 people died trying to bring this book into publication.

There have been reports of key people in positions of power shape shift between human and Reptilian form. These are the fallen Angels from heaven as it were. The human race was created by the Reptilians as a slave race to mine gold for them. Some Reptilians interbred with the daughters of men, as it says in the Bible, and created the offspring called the Nephilim. The Nephilim are able to shape shift between Human and Reptilian form. They have no feeling of emotions so they don't have a conscience about what they do to us. Their Satanic Human Sacrificing rituals are held to extract fear from their victims and to drink the blood of their victims. This helps to keep their genetic codes closed in the Human side so they can continue to walk among us looking human.

The true history of our planet is very different than that of God created the Universe in six days and rested on the seventh. Most people have been conditioned to laugh off such things as aliens and UFOs, yet every year more and more evidence is collected that indeed UFOs visit the earth in large numbers. For the most part the Media and Governments are very quiet about these reports. I do not want to stray too much off the topic of Law, but it's necessary to uncover who these people really are. This is the 2% that cannot be proven openly, but has been recorded in history and passed down through different peoples or tribes. There are Clay tablets in Iraq, (Ancient Babylon) which reveal the very same things that were passed down by the Mayans, Zulus and other tribes.

The tribe we are concerned with here may have an outer shell of any human race, but within it is a Reptilian hybrid. What I find interesting is that some judges will not look at you in the eye, and their eyes move in quick well-placed movements, like they need to record images at certain angles. They also act out rather than express true emotion. The poorly orchestrated acting gives away the fakes. For example, if you look at the eyes of Prime Minister Steven Harper you will sense something very wrong with them, as if his soul had been sucked out through his eyes. A friend of mine said he projected no spiritual light or Aura. He may have the mental abilities but the spiritual aspects that make us Human are not there. Those are some of the outward aspects. Behind the scenes are rituals that Masons and Satanists hold that allow possession of one's body by another entity, a Reptilian entity they may think of as a demon. I will delve deeper into teaching you about spirituality later in the book so you can learn how to see metaphysical things and sense things better. For now just realize that we are multidimensional infinity and these Reptilians and hybrids are not, rather they are projections within this matrix we call earth.

Not everyone that comes from these bloodline families are shape shifters. David Icke has

said that they incestuously interbreed with each other to hold a corrupted genetic pattern in place, which allows them to shape shift. They have lots of children outside of the families as well, which are unable to hold their corrupted genes, yet still are much more easily possessed by reptilian demon types and through their rituals can spiritually augment the genetic structure of people. The white race is the easiest to manipulate, primarily why the Nazis and closet Nazis are so focused on making the white race the dominant race on the planet.

What the Reptilian's feed on is emotion, fear based emotion. They had a war with God (the real one) and lost. For this they were made to have their mouths shut and they then fed off of emotions, of fear mainly. This fear is fed back into the matrix as it were and feeds the underlying manipulative consciousness that is driving the entire illusion, perhaps. In truth there is only consciousness, which is composed of light and intelligence. The earth is made of light and light is slowed down or interfered with by electron states. When an electron changes its energy states it emits a photon of light. Thus what are electrons and why are they here? It is part of the puzzle I'll get into later, but for now just realize that something is very wrong with these bloodline families, 13 of them that are ruling the planet through the hidden hand of secret societies.

Who are these families? Here is a list from the book *Bloodlines of the Illuminati*:

1. Astor
2. Bundy
3. Collins
4. DuPonts
5. Freeman
6. Kennedy
7. Li
8. Onassis
9. Reynolds
10. Rockefeller
11. Rothschild
12. Russell
13. Van Duyn

These names have changed throughout the Centuries, and from what I understand the bloodlines go back 6000 years. They are tribes but they are soulless in that they are merely mind body computer that is possessed by a Sangarian/Reptilian spirit. Keep in mind that as you learn more about their scams you will recognize the trails all lead back to one or more of these bloodline families. Just follow the money as they say.

## **The 13th Tribe**

What is it about 13? Everything is set up around 12, but yet there are 13 Bloodline families. In truth I do not know exactly why this is. It may have a great deal to do with Egyptian rituals performed by people that attended Mystery Schools to learn about spiritual matters and how to create illusions. In the corporation UNITED STATES OF AMERICA there are 12 districts of the FEDERAL RESERVE, with CANADA being the 13th. There are 10 Provinces and 3 territories in CANADA. What I want to focus on here is the 13th tribe of Egypt.

At some point 13 tribes of people from Egypt left that land and migrated throughout the world. I believe this happened after the BenBen was stolen that energized the Great Pyramid. The European settlers became known as Gypsies, but the 13th tribe got on small boats and made their way to what is known today as Polynesia or the Hawaiian Islands area. During their journey there they were able to control the weather and create situations

through their thoughts that allowed them to travel anywhere they wanted to. Max Freedom Long wrote a series of Books describing their history and the nature of how they worked their Mysticism. Unlike the Aztecs these people did not engage in human ritual sacrifice or things that would harm others. The entire focus of their culture was simple: do not hurt the feelings of others and quickly make amends to them if you do so, so they'll feel better. Their lives reflected Love thy Neighbor as thy Self and the Law of One.

The language that they spoke can be found in certain sections of the Bible. They lived in harmony with nature. They were involved with activities like fire walking on hot rocks with lava flowing around them. They were even able to control the future through spirit communication to redirect the outcomes of events with what they called the Higher Self. The Kuwhana was the head of the tribe and well endowed in the spiritual techniques. In all respects it was a culture that was very sustainable and loving. Once the expansion of European Imperialism arrived with its "Olive branch explorers", much of what they had built and their ways of life were destroyed.

The Kuwhanas initially embraced the explorers, but eventually questioned the Missionaries about where the magic was behind their prayers? They would pray but would have no outcomes for what they prayed for. Because they saw through the forgery, it made it very difficult for the Missionaries to convert these people to Christianity. The missionaries had no knowledge of the Ancient Mystery schools, and like today we can assume that it was more about money than saving souls.

It is important to know that reality is very much a dream state that we accept as real. There are mechanisms for controlling this dream state that have been highly guarded. The people that are involved in the mass illusion of dividing the earth up into Countries and making us all their slaves have hoarded this knowledge of spirituality and are using it against us. There is nothing to fear about mysticism and spiritual nature of the metaphysical if you approach it with love and respect. I have met people involved in Wicca that have been misled to believe it is all about having power over others instead of helping others. There are essentially 2 paths. One leads to darkness the other to light. Sitting on the fence in ignorance feeds the darkness. The learned of the Mystery Schools of Ancient Egypt were highly sought after as teachers of life and for the most part they were warm and loving people. Many were on a path of learning the secret of immortality, which Jesu (Jesus) had learned and shared with others, and for trying to do so was eventually murdered. There are gatekeepers to this knowledge, but it is available and not something to be frightened of. The Catholic Church with all its crimes against humanity keeps all of this from us, and one should ask why. The 13th tribe of Egypt is good to study as their history is widely accessible and their knowledge is taught in many parts of the world.

The world itself is an illusion. Law should be considered as a SYSTEM of control to benefit the few. There are obstacles and barriers put up in front of the many things that are concealed by the masters of the illusion. Imagine seeing a crack in that barrier and then driving a Sherman Tank through it. If you don't know the truth then you are in the illusion, a constructed illusion of power. You go and ask any Police Officer where they get their authority from and they can only point to fictional entities. How this fraud is perpetuated has more to do with lack of awareness and ego stroking the addicts of power. As more people wake up to this simple truth it will become harder and harder for them to hold their illusion together. They are using dark arts, but once you shine love and light onto it, it dissolves and the people involved are usually healed.

You may have noticed that tribal cultures are an important part of this book. It is not because I think we should all live in primitive conditions but these tribal cultures were sustainable cultures and had very simple systems of law based on love thy neighbor as thy self. When something hurtful was done, their objective wasn't to hurt back, but to find the cause and heal that individual emotionally and spiritually. You will hear on the News from time to time how the tribes in Afghanistan that are helping the Taliban and Al-Qaida are

Lawless. Also for the most part the Europeans when they expanded into CANADA and other parts of the world considered these new geographical regions as unsettled and lawless. Yet the very statement in Matthew 22 that Jesus taught the Lawyers that all Law should be based on Love thy Neighbor as thy self had little or no meaning to these explorers. Much of what they did was out of ignorance for very few knew how to read. Yet those Missionaries that did, touting Jesus as their savior, neglected to explain Jesus' perspective on the law. It suited their purposes better to present Jesus as someone that would give you passage to heaven as long as you believed, regardless of your transgressions. This way one man could trample all over another without caring about the consequences because Jesus would forgive.

There are many ways that the ancient history and wisdoms are being revealed. Barbara Anne Brennan, one of the most gifted spiritual healers in the world, studies with native people to learn how they used their Human Energy Fields in their healing work. David Icke consults Credo Mutwa, a Zulu Shaman in South Africa and their Tribal Historian, whose knowledge stretches back thousands of years. There are clay tablets from Ancient Babylon in Iraq, which document the more recent side of ancient history. Even farther back, over 100,000 years ago, there was a globally based society as well in Lumeria and Atlantis. The earth went through a period of great cataclysm at this time, resulting in the many small villages and cities that we are now discovering under the oceans of the world. Some say they are trying to build a new Atlantis, I am not sure of this but whatever their goals are it seems that everything is geared to 2012.

In relation to spiritual matters, the "Primitive" people have much to teach us about spirituality and way of life. The Illuminati seek to control the flow of knowledge and create false histories, so that those they are trying to control do not have an accurate point of reference from which to work and expand from. Science is the new religion, and unless someone has numerous letters after their name they are largely ignored. Their primary focus is to keep you informed on issues through official sources and highly edited texts, the Bible being a chief example.

Realizing that the Illuminati or Zionists imagine themselves as above and God and thus the creators of Gods to serve them, which they call Countries, should enlighten you to the utter emptiness and soulless nature of their belief system. They are more like automatons that act but have no feelings, at least feelings for what they do to us. They are desperate, and because they are disconnected from the infinite, they operate on a command and control structure, based in fear. Worshipping death and war are just a form of mass human sacrifice to them and they love it, feeding on the emotional fear released and the ongoing stress levels. George W. Bush talked about them in a speech, which is written out for you here:

The hijackers were instruments of evil who died in vain. Behind them is a cult of evil which seeks to harm the innocent and thrives on human suffering. Theirs is the worst kind of cruelty, the cruelty that is fed, not weakened, by tears. Theirs is the worst kind of violence, pure malice, while daring to claim the authority of God. We cannot fully understand the designs and power of evil. It is enough to know that evil, like goodness, exists. And in the terrorists, evil has found a willing servant.

<http://www.september11news.com/PresidentBushPentagon.htm>

Indeed the entire human race has been turned into an instrument of evil. Through their command and control structure of unjust laws and unlawful wars they have consolidated power into the hands of the few through the help of those who would serve evil. We are being used as the instrument of our own destruction by a few selfish, careless people. Unless we stop this and reverse the damage that has been done, the earth's population will be drastically reduced as a final step in the carefully laid plans of the few in control.

In addition, there are serious environmental repercussions that must be addressed immediately, all stemming from a system of corporate greed and disregard for the earth.

The spiritual awareness of the 13<sup>th</sup> tribe, reflected in all native people, was in tune with the environment and lived in a harmonic balance with it. They would not allow abuses to occur for they knew that without that balance, their lives would be destroyed. This Global warming fraud now called Global climate change, is simply a way of transferring wealth out of the rich nations to the bank accounts of the Bankers, it has nothing to do with healing the planet. The earth has always cycled to and from ice ages. What is important is the amount of oxygen we have. If oxygen falls below 15% of the atmosphere content of gas, we begin to die. It currently is hovering around 18%. Interestingly every day the world's aircraft suck up 52,000 times more oxygen than we the 6 billion people that live on earth.

The lethal toxins in our food, cosmetics, toiletries, cleaners and water supply need to be removed as each affects our spiritual ability to perceive other dimensions and communicate with spirits, who are as much apart of our lives as we are with them. The perception that communicating with the dead is evil or wrong is just not true. A great deal of knowledge and guidance comes through them, though there are some who would serve evil and focus on those spirits that do not have good intentions for them or us. It is scary how many people involved in the Justice System are also involved in worshiping Satan, directly or indirectly. They may gain some psychic ability as many do, but do they use it for good or bad? The agenda is the same, but the methods are different as they work through these various organizations to destroy us. I wonder what they would think if they knew that they were being robbed of their spirituality and true infinite potential by following such nonsense. To do harm to others is to do harm to ones self.

Why am I focusing on primitive tribes, religion and other topics that seem to have no bearing on law? Because in truth law does not exist, and the system is created by design to enslave you by making you believe you have to follow law. They have set up a culture of war, fear and depravity, traumatizing us and making us on a mass consciousness scale more susceptible to methods of mind control. This mind control is the only way that this system of tyranny is maintained. By reading this book and applying the acquired knowledge for good you will help end the control a very few people have fraudulently gained over the world population. It is through the human spirit and the love that flows from our inner spirit that we will ultimately expose and heal this nonsense. If you get the sense that there is nothing you can do to stop this, it is only because of the constant bombardment of mass media telling you that you have no power and cannot affect change. In truth we are an incredible expression of life and by simply educating ourselves about the truth we create a momentum that cannot be stopped. Though primitive, the 13<sup>th</sup> tribe from Egypt lived in harmony and love, sharing a great deal of knowledge about spirit and what a gift our world truly is. Those that seek to enslave us have no understanding of love or have any ability to understand spirit. They are soulless creatures, human projections trying to latch onto something they can never have.

It is their objective to shut down your ability to logically or critically think. They want the decisions you make to be the ones that they constantly broadcast. They want you to believe that abusive behavior by people in positions of trust and power is acceptable, using "elected" or "appointed" as taglines. In a loving, caring, spiritual based society they could never perpetuate such a fraud. They specifically target your children and inject them with everything from mystery vaccinations to "educational" indoctrinations to disbelief in their own spiritual potential. In the end they grow up to be exactly what they want us all to be: slaves to their system.

## **The Language of the Illuminati**

The language of the Illuminati is all around you, yet unless you are made aware of it you will never know it. It is part of their religion that everything they do is hidden out in the open. Similar to the codifying that went into the Old Torahs concerning various secrets about immortality, the Illuminati work to hide things out in the open that have strong symbolic representations. For example, the Gavel that a Judge uses is a very Ancient

Masonic instrument used to knock initiates out for their final journey within their Mystery School. They hit the initiate on the head so his/her soul will travel among the heavens and meet with God their Creator. If and when they return they are shown the secret and placed under a pyramid object to finalize their conscious ability to regenerate the instrument of consciousness known as the human body. It is odd that they would use the Gavel in court Proceedings, but I think it reflects the very true nature of who they are and what they are tasked to do, and is but one example of how they hide their secrets in plain sight.

What is not revealed is that this is a farming of souls. Some say you have to go through hell to get to heaven, but I question that thinking. Rather it seems that on a mass consciousness scale we are about to transcend into the infinite. Perhaps they are providing a path for that transcendence, yet guarding the secrets of it all along. Even though initiates gained the knowledge of immortality they were told that they were still in bondage. It did not matter where they were or what they were doing, if they revealed the secrets they had learned, they would be killed. It makes me question the methods of containing such knowledge, and what purpose do the keepers of these secret truths have for concealing it from us all?

Since much of what is going on today is what was going on in the ancient past, what went wrong? Much of the Satanic Religion (if you want to call it that) is focused around human sacrifice. Because so many highly placed people are involved in it, very little of what goes on is ever reported en masse. For example, Alex Jones only infiltrated Bohemian Grove for a few hours, yet that thing has gone on for 2 weeks every year for over 100 years. The nature of ritual is so very important to connecting to thought forms and spiritual entities. When you pray that is a ritual as is meditating among other things. It all comes down to the intent of the ritual, a choice that is played out over and over again.

The language system that they use revolves around ritual and the subconscious. They worship the Sun and you will see symbolic representatives of the sun embedded in many things. The Sun and the Pyramid are the two most important symbols. The pyramid is the structure of manipulation for without it the few could not control the many. The language revolves around the Sun and Pyramid so strongly that once you open your eyes to it, you will see it everywhere. I would like to do a pictorial of all the pyramid structures in Edmonton, Alberta, CANADA, but it would take too long to photograph them all. In addition to pyramid and sun symbols, you will also see logos embedded with the number 666. For example, check out the logos of the fortune 500 companies.

The nature of the Illuminati is ritualistic to the extreme. For example, take note on the etiquette behind *have tea with the QUEEN* and you can see what I mean. Parliaments around the world have rituals such as carrying the Scepter and placing it in the House of Commons while sessions are in place. The Scepter is a symbolic Sign of Royalty. I think the best lecture I have ever seen on the Illuminati is by David Icke. I highly recommend that you take the time to become familiar with his lecture and watch it few times to become fully educated with his presentation. You can order it from his website or watch videos on YouTube and Google Video which are excellent. There is a radio interview called Truth Vibrations by Larry McKone, which is truly excellent and goes into the background of how David got started on this path and what is still to come.

## **The Law of One**

The Law of One is the Law of Creation and is the Law of all dimension of creation through to infinity. The Universe is a frequency range within the infinite we call life. Consciousness is infinite and everything within the Universe, including all of us, is part of that one Consciousness. The truth be known, we are not in our natural state of being. Our bodies are simply akin to a giant microprocessor with sensory inputs and mechanisms for interacting within this frequency range. It is, as I like to call it, a frequency space suit.

What is our true form? Our true form is any form we believe we are to be. We are manipulated into believing that we are all separate from one another and so a few can abuse and oppress the majority to fulfill their bidding. I realize this is not what we consciously tell ourselves, but this is indeed the outcome of the current system of control. The problem is we have forgotten that what we sense through our five senses is simply an illusion of the mind. It is the heart that leads us to love and truth and the Law of One in Creation. Much of this book deals with the issues of the mind, and when you come to the realization that you are the one creating your Observable reality then the solutions become simpler and easier.

The following is an excerpt from a YouTube video on the Law of One that explains it very well.

<http://www.youtube.com/watch?v=j9MJgxcEZFO>

The Law of One is the Original Law of Creation. This Master Law is The Law of Omni Presence of all Life and it is the Supreme Law over all the laws in all dimensions.

### **We are all One**

All beings exist intrinsically within and of the one-source. When one is harmed all are harmed When one is helped all are healed. Therefore in the name of who I AM, and I am One with all;

I ask that ONLY THAT WHICH IS THE HIGHEST GOOD OF ALL CONCERNED happen here and now...and through all time and space. I give thanks that this is done. SO BE IT!

"I can do no other than be reverent before everything that is called life. I can do no other than to have compassion for all that is called life. That is the beginning and the foundation of all ethics."

*Albert Schweitzer*

All things are connected. Whatever befalls the earth befalls the sons of the earth. Man did not weave the web of Life; he is only a strand in it. Whatever he does to the web, he does to himself.

*Chief Seattle, Nez Perce, 1854*

It is said according to Tradition, the Law of One, the unalterable, universal truths was the original religion of the Lemurian and early Atlantean people. It represents original religion: the unalterable, universal truths and laws as brought into being by the Ultimate Creator.

The divine design of the creator is imbued within the created.

The original, eternal intention of the Law of ONE is love-based, respect for free will, and perpetual life Creation.

"Law of One" belongs to everyone of every creed...

"He who experiences the unity of life sees his own Self in all beings, and all beings in his own Self..."

Buddha Law of One perspective respectfully acknowledges the inter-connection, interdependence and intrinsic value of all components and Manifestations of LIFE.

"There is only one breath. All are made of the same clay. The light within is the same."

*Guru Granth Sahib*

Namaste.

The Law of one is fairly simple to understand. It is the realization that we may not harm anyone or any living creature for doing so we are harming ourselves. By harming others we do harm to ourselves in spiritual ways, closing ourselves off from the infinite, replacing it with projected reality. Projecting is the idea of someone trying to get you to believe that their actions are justified when it is obvious from a standpoint of the infinite they are not. Harming others creates low frequency emotions, such as hatred, animosity and ill will towards others. This translates into food for our uninvited guests, the Nephelim and fourth dimensional entities. You can feel them feed off you at times. For example, when you hit the brakes on your car to avoid hitting another car you may feel pins and needles all over you. Guess who is feeding on your fear? They do exist and the spiritual world is just as real as this one, but you have been manipulated into not seeing it. The few that control the world are trying to keep us living in the mind, which creates the illusion and has no sense of love. Without love we live in fear. It is when we remember we are One with all, including the Source of Creation, we are love. Once we come to this realization, when we will not allow others to use us to harm others or harm ourselves, their game is over.

The Law of one applies to these soulless creatures as well, and it is infinite love used to help correct and heal that seems to be their pain, essentially the reverse of what they are doing to us. I am hoping that 2012 will be a time when the healing is done and we are lifted out of this mess. Until that happens we have to take great care in our lives to not hurt others and create a pathway back to the infinite. If that sounds difficult, remember it is much easier if you know who you are. This was one of the fundamental teachings in the Bible by JESUS. Knowing who you are allows you to draw strength and create tangents in situations that allow for freedom. Realizing that you are infinite consciousness and you and everyone else is part of that consciousness is not something to take lightly. We talked about the 13th Tribe Khuhana's using a symbolic Higher Self, which was their anchor to the infinite. Their Higher Self would not allow them to harm anyone through spirit, and made it possible for them to focus on the highest good of the individual they were attempting to help. Because our Consciousness is fragmented at this point, spirit doesn't recognize that harming is not within the context of Love. Love is all there is with an intelligence that is aware beyond time. We can liken our current reality as a kind of nightmare we are living in God's dream, as he rested from his creation on the 7th day of creation. It's like some aspect of our infinite consciousness has been put to sleep, or at least hypnotized, and then given a suggestion, making it believe that it is of its own. How this happened no one really knows for sure.

It is important that we do everything possible to protect ourselves from harm. We ultimately want to solve problems through love, but we don't have to accept our own destruction just because we don't want to do what we must to stop the harm going on. It is about ethics, and sometimes violence may be necessary if someone is killing or hurting others. This aspect is the stimulus response of who we are, and as we are able to express more consciousness, light and love, and vibrate in a higher state, more options will become available to us to resolve these problems. This is what they don't want to happen because they thrive on our fear and hatred. Just because we love one another does not mean that we have to agree with others harming each other. We are all healers and we must do what we can to stop harm and assist in the healing. Ultimately death is a form of healing in and of itself. But what we want is for everyone to get along and stop all this nonsense of harming one another through covert and overt means.

As a medium I communicate with my guides through thoughts. I come to know my guides as they insert thoughts into my internal talking as I call it. When they are doing this I know from how it feels with me. They have a different feeling energy and the thought processes are different than my normal ones. I can't predict the future, but by reading documents like the [Project for the New American Century](#) we can see that everything the Illuminati are doing to enslave us is hidden out in the open. That these type of documents are ignored is something they count on. In fact, the No Child Left Behind policy is creating a generation of people who cannot read or write very well, if at all! It's important that people spend time to

learn to read and write and self educate themselves. I was told that I was not "University Material" when I was near graduation of high school, yet went a local technical college to learn about Telecommunication Engineering and was pulling 100% marks in my final year there. It is amazing what happens when you turn off the teacher and begin to absorb the written thoughts and pictures before you. Actually, I can't stand teachers, just give me the stuff you want me to read and I'll absorb it like a photograph. To listen and take notes on a droning lecture for two to three hours is an insane way of learning. Learning and committing to memory the subject matter in a quiet space with some soft music playing has allowed me to learn at greater rates than in class settings.

In terms of the Law of One, David Icke accurately pointed out that the infinite does not need to be educated, as infinite is infinite knowledge as well. Start breaking down the walls between you and the infinite and you get to the point where you can access other people's knowledge base by simply focusing on them and asking them questions. "My mind to your mind," Mr. Spock would say, which is very true. We have that connection because we are infinite. This frequency space suit we all are wearing is blocking our ability to play with light, our light! We form light into objects through our subconscious thought and in spirit we do it directly, or consciously as it were. There are spiritual levels to this manipulation from my experiences in meditation and from what my Guides have shown me. We can leave our bodies and travel within spirit form; we are not bound to these bodies at all. This world is akin to a biological matrix. Researchers that have gone to some Indonesian islands that are off limits to people to protect the ecosystem have found the so-called wildlife completely tame. They are not hunted and therefore it has not reached their collective consciousness to be frightened of man or each other. This is the natural state of the infinite and of us. Most are ignorant to how their spiritual anatomy works and how it can be damaged. This causes us to disconnect from the infinite love we all are.

Barbara Anne Brennan has created a couple of books, *Hands of Light: A Guide to Healing Through the Human Energy Field* and *Light Emerging: The Journey of Personal Healing* which explain some aspects of our spiritual anatomy and how it gets damaged and can be healed by trained Spiritual Healers (or even untrained healers). Although the offer is always there, many haven't been shown this gift we all share, told instead it is evil or against God to learn our abilities through our spirit. You are free to do anything you want to as long as you do not through your action or non-action cause harm to others. These are the fundamentals behind the Law of One. The knowledge of the healing arts and Spiritual world are not limited to CLERGY who know very little and those that do know some things use them for Satanic Rituals from what I hear. It is important to know how your energy fields work and the workings of your spiritual anatomy, because without that knowledge and control you can be harmed by those that do know and will forgo the ancient principle of Know thyself to your detriment. We should focus on Infinite Knowing as opposed to infinite knowledge, as knowledge is that of fear and this four dimensional prison we find ourselves in.

When immersed in the Law of One everything around us comes from our core star essence. The only way I know to sense my Core Star is to sense others in a meditation circle. Our Core Star transcends all time and is infinite. The ability to heal and regenerate the body all comes from our Core Star energy. It is situated a little above the body's navel. When you are in an infinite state of awareness you are aware of the past, present and future as being one and the connection to all life force and balance is a harmonious orchestra of light and sound. Your Core Star is Love and it is drawn to this reality for the purpose of healing it. It senses the pain and transcends down into this reality to heal. Truly the Law of One is a multidimensional one and it is the recognition of this that makes how we treat each other within this reality of our Infinite selves so important. It is akin to multiple universes joining up in one place to focus their consciousness in consensus.

Why is this so important? It is the fundamental driving force behind what the Illuminati are doing, and how they are testing us. If we truly know what the Law of One is we will know

we are testing ourselves. The transformation that is about to take place in 2012 will fundamentally change our state of being and reality, if what David Icke and others are saying is true. The prison we find ourselves in may not be a prison at all but rather a testing ground to prepare us. The more we struggle against it the more entrapped we become, rather than focusing on Love and the simplicity of the infinite. Our bodies are designed to shut out the infinite and cause us to disconnect with our infinite selves. This world we live in is an illusion but it's foundation is built on our energy.

These soulless creatures that seemingly control everything from the background are only doing so with our ignorance of the truth. They can only blend into the illusion and hide if we believe what is being presented to us is true and thus real. Unfortunately, to uncover them may be a very painful process as it is natural for us to cover wounds with layers and layers of energy to the point where we don't recognize the wound at all. This is one of the fundamental aspects taught in Spiritual Healing, and when you do healing work on people, you do see these layers and sense them in different ways. Normally our lower bodies are covered with a lot of bio-plasma that is of a very low frequency and dark in color. A majority of my time is spent clearing this energy out and transforming it to higher frequencies. As this gets healed we can start to see the wounds appear below. These wounds can occur from different lifetimes depending on the energy body affected. There is a great deal to know about healing, yet it is really fairly simple as guides and angels do much of the work. The healer's job is to act as a frequency interface between the individual being healed and the guides.

The guides and Angels also all have Core Stars and can take on that form more readily than we do. It is amazing how many spirit lights are around us all the time, millions at times. Some nights before going to sleep I open my awareness to them and my whole room becomes a Universe of spirit lights. It is amazing to watch. Some entities are Earth bound and are predominantly evil and do wish to cause us harm. Whenever you do anything to energetically open your awareness you must align your intent to the highest, truest, brightest and best. People who align themselves to Satanic, Luciferian demonic type entities become engaged in power issues which will lead to serious repercussions including death. This is not a trivial matter and one must take care to go slow when beginning to meditate and do new things energetically. In my meditation classes we were taught to use our sense of knowing to feel what good energy was as opposed to bad. Many Earth bound spirits that have ill intentions towards us may even mask their image as part of their deception. They take might on an appearance of a dead relative to lull the trusted into dropping their defenses. This is much like what is described about the shape shifting Reptilians of which I have yet to see for myself, though I have seen a Grey once in spirit form. Interestingly, he showed me a device they use in another dimension that projects the entire Universe. I don't know for sure that this is what it does but this is what he was showing me it did. Never once did anyone I had contact with go by a name, we all recognized each other by energy.

It was remarkable that when I was running my healing business I was approached by a Lawyer who said to me, "you know lots about the light, what about the dark?" and she shuffled her feet towards me. It caused me to jump a bit but it made me realize just how entrenched a great many people are in the Dark Arts. I enjoy my guides and spiritual life very much the way it is and look forward to even greater expansion of love and knowing. What they do not want you to know is that your internal world is just as real as this one. When you begin to go within you actually open up to the Universe on multiple levels of reality. Simply closing your eyes and listening to some soft music is a gentle and safe way of doing this after aligning your intent with the highest, truest, brightest and best. In terms of God I tend to reference God as a reflection of me in my infinite state of awareness. Holding myself on my own open hand with infinite Love knowing that God comes from within and is not something external or foreign to me. Sometimes for fun I picture him as an old man with a long white beard wearing a robe, but all in all in the end my internal

world is a reality unto it's own where I interact with other forms of life that do not reflect light within our Earthly type home, or come to me through the 5 senses. The only sin we ever make is forgetting who we are. That is what the Bible teaches you in Genesis Chapter 1, based on the real and Chapter 2, based on a fictional world.

This is a great part of what I believe is going on. The illusionists are constantly asking us if we know who we are. We fall for their traps and tricks all the time, which causes us pain and suffering. Pain and suffering are a result of fear and walling off parts of us. Barbara Anne Brennan actually suggests an exercise in one of her books about feeling out the walls that close us in. Each wall is layered with levels of fear and as we "dissolve" those fears", we find that the pain and suffering we put ourselves through was huge in comparison to the hurt. We pour huge amounts of energy to cover things up until we forget that the wound is even there. This strongly reflects on the reality of our everyday world that we have been tricked into believing in. The Law of One is about unifying our reality and recognizing ourselves in others. Everyone is part of everyone. The separation is only an illusion and what we do to someone else we do to ourselves. If you hurt someone else intentionally it is reflected back at you and your energy field becomes embedded with the pain, which you energetically work to cover up and cloud. This affects your judgment and thought processes even more. It is a cycle of sorts, but the Universe is always there and always true. It puts us into healing cycles, presenting us with similar circumstances over and over again, until we see what we did and deal with it in a Loving way. Some call it Karma, but it is really just healing cycles. The Illusionists opt to try and destroy the cycles as much as they can, but they are soulless creatures and have very little ability to stop anything that the Universe is trying to heal.

## **The Cathars**

In a nut shell the Cathars were a group of people in the middle ages that broke away from the Catholic Church calling them Satanists or Luciferians and wanted nothing more to do with them. Because the crusades were on at that time, they were hunted down and killed. The interesting thing about them was that they recognized the importance of community and the sharing and teaching of their knowledge. They just wanted to live in peace away from the Church. Of course, this process would eventually lead to self-actualization, which would reveal even more strongly the illusion we live in. They had it right and were subconsciously doing their best to restore balance and bring awareness and love back into their group consciousness.

It amazed me that such a gentle people would present such a tremendous threat to the Catholic Church. After they murdered 3000 or more of them by using catapults and cutting off their water supply etc. only 200 were left. They were all to be burned at the stake, but would be saved only if they recanted and accepted the church, then prison for life I think it was. Only 2 recanted and they burned the rest of them alive. This is fairly typical of rampage that was put on by the Catholic Church over the Middle Ages and in the end they murdered somewhere around 60 million people in their attempt to maintain dominance as the state religion within Europe.

What we see today is nothing different, except now we are made to bow before their State Gods while Religion has taken on a secondary role. Do not mistake the nature of what a Nation State is. It is a God that has been created for everyone to bow to. The Zionists and those like them believe that Gods serve them and they create these Nation States Gods, to serve them. They want you to be a Dead FICTION so that you end up serving them through their Gods. It's a pretty sick way of thinking. Deuteronomy 14:2 gives the Zionists their reason to believe that Governments are Gods that serve them.

Deuteronomy 14:2

for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth.

This is the reason for the rapid creation of Nation States. Since the creation of the Bible and expansion of the Holy Roman Empire, States have been the commercial trademark of Temple Bar, and they have encompassed the world with Nation States. It is a fraud as Nation States are Private Corporations of Temple Bar and exist only in an imaginary world. They want you to believe that you live in their Nation States and so they have power over you. Had this not been in the Bible would Nation States exist today? It is only a repeat of the same things that have been happening over and over again, just not on this scale. This is also why the Native people were allowed to call themselves First Nations people in CANADA, a title that had meanings they weren't aware of. We can even find hidden meaning in the word "Coronation" (Coro-Nation), which may be just a coincidence, but it is there.

Like the Cathars we find ourselves in peril with nowhere to hide. The extortion system is set up so you can be free if you don't use their system for survival, but they cut off all other means of survival or outright destroy your capacity to be independent. It's just like they have done all over the world with Native people. It would seem that it is okay for them to create an imaginary world and thrust it on the real as being real, yet when they are compromised in carrying out their agenda in some way the laws suddenly don't apply to them or to the people they need to do their bidding.

Like the Cathars we can clearly see those who are attempting to enslave us and take our freedoms from us. We are not slaves and we do have the right to self-actualization. The harm being done to us from moment to moment is monstrous and is bringing us to the point of extinction. The simple fact that the New World Order started by Julius Caesar is now coming into reality before our eyes is something to take note of. The Courts are completely based in an imaginary world that has no jurisdiction or right to pass judgments or do anything against our own free will. They are not a true reflection of the will of the people. They are instruments of terror and death. The people involved in courts and related institutions may mean well and think that they are doing their "Duty" to serve their "Country" when in fact it is all completely false and a lie. It is through a pyramid structure of compartmentalization and control that this is being allowed to happen, giving the imaginary few powers over the masses. If one simply questions the origin of that power, none exists at all.

Know thyself may not be all that it takes to survive what is about to emerge from these clowns and charlatans, but perhaps we can slow them down enough that more will take notice and realize that they must draw a line in the Sand and step up to the plate. There is no more running that we can do, they have taken over everything and unless you start screaming stop, there will be other screams to be heard that will never stop. Like the Cathars they drew their line in the sand and did what they could against a mass oppressive force. Perhaps if they knew what you know now things would have turned out much different for them. It has been my objective to give you a well-rounded background for the work that lies ahead of those of you who wish to stand up and tell them to stop. It is not my intention to hurt them or allow them to be hurt. They are very aware of what they are doing to us, and those that don't should pay heed and reflect on what they are truly part of. It is important that we keep our communities safe and that we care for each other. Part of that is focusing on the high level crimes against us in the form of forced enslavement and various forms of Genocide. Technologies that would free our world need to be released and people need time to heal and self-actualize to the greatest heights they can reach.

What will it take for you to start saying no and start standing up for your freedom?

I once heard an analogy that went like this. Imagine that the World Trade Center was still standing and one of these clowns that are enslaving you prints some money and takes \$5 and asks you to walk across a plank that securely attached to the two towers, knowing that there are high winds and the buildings are swaying back and forth and the wood for the hand supports would not support your entire weight if it were to break. Would you go? Not

many would, as it's a pretty scary sight to look down from.

Let's say instead the clown goes and prints \$100 but removes some of the nails from each side of the plank, taking his time, as he himself does not want to cross the plank. The wind is still gusty and the buildings are swaying and it is a long, long way down. Would you go for \$100? How about \$10,000, but instead he replaces the plank with one that has some rot in it and some of the arm rails are missing so you have to really chance it in some spots and wind is picking up and it is beginning to rain a bit making the plank slippery. Would you go now? Probably not, nor would I for that matter. Okay then he removes some more nails and removes most of the hand rails and the rain has turned to freezing rain and it and the plank is vibrating and the buildings swaying hard. The rotted areas are very hard to see and one misstep could snap the plank in half. The Clown goes to his printing press and prints off \$1,000,000.00 and says here you are, just cross the plank and it's yours. Although it is a lot of money not many of us I am sure would attempt such terror and certain death for his amusement. Frustrated with you, the Clown decides to go after something with substance, and he holds by the tip of his hand your 3-year-old child, screaming your name for help in absolute terror, over the edge of the other building. Who wouldn't go now? It is by my very instinct that I would go without a second thought. If my child is now in harms way and he is going to die if I don't react, then without pause I am going.

The above situation would never happen of course, or would it? Much of what they do to control their servants is through money, which they print out of thin air, and then use to get them to break the law by sleeping with hookers, children or any number of crimes and hold them in place with the threat of throwing them at their Courts if they don't do what they are told. In some cases people are tortured or through the use of technology and drugs have their personalities shattered so they will become mind controlled slaves. They reinforce a trigger word on them that can be used to make them into suicide bombers or do anything they want. There are different techniques used and the CIA is full of NAZI MK Ultra Scientists that have perfected much of the mind-control techniques and technology after World War II, against the wishes of Congress. There are many victims in this who are doing things that they would not normally do but are enslaved to this level. Just imagine what they have in store for you, once the New World Order takes shape and all imaginary rights and freedoms are completely stripped away and you are living in a total Police State.

For a good overview of Mind Control watch this video:

[Mind Control & MKULTRA, Cathy O'Brien and Mark Phillips](#)

Ideally I'd like to see this all stopped through educating others and holding to account the people that are making decisions that advance the goals of the New World Order. Although much of what I have to share with you in the next chapter will simply allow you to expose their lies and illusions, much is still dependent on honor. We must have honor in those who hold power to make decisions to recognize the truth and pull themselves outside of the box long enough to stop the tyranny. The simple fact that you know the truth and can expose it as such has little meaning to hand picked Judges that have their self-preservation at stake with keeping the ruling elite establishment in power. Right now the most we can hope for is a no-contest with these people, enough for them to go onto easier prey. That is a victory in and of itself, and many have already achieved this.

The ideology of the few is in reasoning that they are above us in race, religion and perhaps species. The energy that surrounds some political leaders reveals problems with their energy fields and in some cases their aura projects no light at all. I wish I knew more so I could tell you more, I am still searching for answers myself. But indeed to withhold from you what I know at this point would be harmful to many. Yet it requires people to examine all the conditional reality dogma that gets pumped into them and ask which is truth and what is fiction. I know this is a big one with Religion, but remember that it is okay to believe anything you want so long as your actions or lack of actions from it do not hurt others. This is fundamental.

## Assumptions

Genesis 1:26

And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

Genesis 2:7

And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

Genesis 2:21-23

And the LORD God caused a deep sleep to fall upon Adam and he slept: and he took one of his ribs, and closed up the flesh instead thereof; And the rib, which the LORD God had taken from man, made he a woman, and brought her unto the man. And Adam said, This is now bone of my bones, and flesh of my flesh: she shall be called Woman, because she was taken out of Man.

Chapter 1 makes it clear that man being a male or female were created equal and at the same time, versus Chapter 2 where woman was created from man and thus subservient to man.

We also read that strangely Eve was not given the instructions from Lord God not to eat from the tree of knowledge, only Adam was. If Adam told her at all, it was hearsay from him and the Serpent. It is important to note that what the Bible is asking us to do is accept assumptions rather than fact. If it was the Serpent that told her about the Tree of Knowledge, this is just another offer of enslavement based on illusion. Do note there are two trees, the Tree of Knowledge and the Tree of Life. I gather the Tree of Knowledge is all mind-based reality whereas the Tree of Life, which they were allowed to eat from, was all about the heart. We are made to believe that God gave Eve the information at another time. It is more likely Adam told her about it, but God did not warn her if you actually read what it says. Eve never entered into a Contract, only Adam did, but because Eve was from Man and thus subservient to Man, she was treated as property and removed as such from the Garden of Eden. The intention here is critical analysis based on the text, not to stir up controversy. Through basic questions and critical examination of our situation, instead of skimming over everything and assuming you have figured it out, you can avoid the pitfalls that keep illusions working. This is the nature of the New World Order and their puppet Governments, they fraudulently assume you know everything and thus act accordingly.

## Anglo Saxon Common Law

We briefly touched on Anglo Saxon Common Law, and in the closing of this chapter I wanted to expand on how it is truly one of the best systems of law ever created. The juries had full control over the proceedings and were randomly picked by the sheriff. The state of mind of the accused was always taken into consideration and not just the crimes. The basic foundation of the law was *Do not unto others as you would not have others do unto you*, and was very harsh in terms of punishments handed out. It did not seek to restore balance within the community and between the victims and criminals, and thus it was open to abuse. Still it was reported as the best system ever created, and people enjoyed a great deal of freedom through it. The Laws of the King did not matter when it was the Law of the People that decided what the law was. It kept the few from ruling over the masses. With the extent of secret societies in today's world, I am not sure that this could be a trusted system to use.

The attributes are good on the outset and much like tribes, there is a tribal council that makes decisions about the community or village. I think this is a good model to work from. What ended up happening was that the King arbitrarily replaced the common people with

“professional” jurors, feeling there was too much deviation in the rulings that were being made, and was able to get his way through this subversion. We can’t expect the ruling elite to sit on their hands long with nothing to do can we?

People in France were actually beheaded for trying to spread the idea that law should be based on the Anglo Saxon Law model. I guess the King there preferred *Do as I say unto others or I will execute you* as the foundation of law. It is the basis of Christianity that is being thwarted, the very fundamental teaching of JESUS unto the Lawyers, who instead worship Babylonian ideals. It is interesting that they referred to JESUS as their Master, insinuating that the Talmud was the foundation of all law, since the Talmud is all about master/slave relations. This means Anglo Saxon Common Law was really the only break from the Talmud within the European community that I know of. Because Western Europe went on a rampage of pillaging and piracy all over the earth, they never bothered to adapt to the kinder and gentler ways of the ancient cultures that they came in contact with. It was Talmud and their Babylonian worship all the way. The agenda was to capture the world so that they could usher in this New World Order from the Holy Roman Empire headed by the Pope.

## Playtime in the Illusion

*To see a World in a Grain of Sand And a Heaven in a Wild Flower, Hold Infinity in the palm of your hand And Eternity in an hour.*

- William Blake

Illusions work because we are made to reference untrue foundations for our beliefs.

As mentioned earlier, illusions depend on us accepting a lie as being true. It is our strong belief in these lies that creates a common consensus of what truth is, within the workings of the manipulation. It is only through critical thinking and asking basic questions about things that we are able to decipher what is truth and what is fiction. Illusions also work on subtle changes. As it states in the Bible, Genesis 3:1:

Now the serpent was more **subtle** than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden? Not to Eve, only to Adam did he say this.

The Bible itself makes it very clear LORD God was not of the Beginning. Look at Genesis Chapter 2 again and you will see no mention about a beginning but rather a mention about Generations. Genesis 2:3-4

[3] And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which **God** created and made.

**[4] These are the generations of the heavens and of the earth when they were created, in the day that the LORD God made the earth and the heavens,**

The second creation or rather the creation of a vibrational prison by Lord God, was not done in the Beginning and thus confirms that LORD God is not God. The symbolic truth is presented here so that those that are doing the manipulating can wash their hands of it by saying, we presented you with the truth but you went for the fiction. This is the foundation of accepting fiction as truth and creating a false foundation to set our beliefs on. They don't teach this in Bible school because as soon as people are made aware of this, there is nothing further to learn from LORD God except how to get back to the still quiet infinite love reality, which we are part of.

Another very important part of this is Genesis Chapter 5 where the word Generations and yet another creation takes place.

[1] This is the book of the generations of Adam. In the day that God created man, in the likeness of God made he him;

[2] Male and female created he them; and blessed them, and called their name Adam, in the day when they were created.

[3] And Adam lived an hundred and thirty years, and begat a son in his own likeness, after his image; and called his name Seth:

The Bible clearly states here that God made a Unisexual Man named Adam. Adam actually translates from Hebrew into "First man". But Credo Mutwa, the Official Historian for the Zulu Nation, stated that when they first came to this planet from the stars and became stuck here, they were unisexual people who used telepathy as their primary means of communication.

You will further see that Eve bore Cain not Seth, and in this case Adam him/herself created another unisexual life called Seth. We have two stories going on here, with the challenge of determining which one is true if either of them. Genesis Chapter 5 talks about a race of

men bearing Children who were all self-propagating and unisexual in nature, Eve is not mentioned at all! In truth what we are seeing is a master creation in Genesis Chapter 1 and all others are illusions based on that creation, within the context of the Bible. Once again, from the Zionist point of view there can only be one God, yet here we see potentially 3 different God's all within one book of the Bible. All are claiming to have created man or a variation of man, which is important to know as we examine the subtle differences and why. In understanding this we will see why in law they make use of Trust Laws over us as well.

Then we hit Genesis Chapter 6 where all of sudden we have daughters of men. Now we have two sexes? What happened? Genesis 6 says:

[1] And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them,

[2] That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.

[4] There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

This is the introduction of the knowledge of how the Nephilim came into being. These Giants were actually small 'g' gods, most likely the extraterrestrial Anunnaki, a Reptilian predator race of beings that originated here on the Earth, left and came back many thousands of years later. From what is observable and via witness reports, these are the shape shifting lizards that walk among us today. How much of this is true or isn't true I don't know, I can just present you with the information. Knowing this will perhaps help you in the future as their New World Order begins to fall apart on them. For some further info on the Nephilim I suggest this article I found on the Internet:

#### ["The Sons of God" in Genesis 6](#)

Credo Mutwa in his documentary *the Reptilian Agenda* again states that they were once Unisexual and had thought their way here to the Earth in the infinite Journey among the stars. The Annunaki created two caves and divided them into two groups. Each group of Men ran through and came out a male or female depending on the cave they ran through. There was a different color of light in each cave that represented some form of energetic change, as light within the spirit world is fundamental to the creation and building of all things. As our Auric fields generate light from our thoughts and thought forms we vibrate into this state of being moment to moment. I only know bits and pieces of how this works, and if I knew it completely then many others and I would not be living in this prison reality. Knowing what I do know, perhaps over time we can unlock some secrets that are hidden right before our eyes and transcend. My guess is that the infinite is about to intervene and stop this in 2012 and they know it. About all we can ascertain is that they are trying to scramble our bio-computer called a human body as a means of preventing our transcendence.

What is interesting about Genesis Chapter 1 as the master creation is that man, male or female, did not die. This means that Death is part of the illusion and confirms to me that the secret of immortality is really about gaining mastery over how we move our bodies/holographic bio-computer through time. I believe time is itself an illusion, as again time does not exist within the infinite. Infinity lies within the heart and has no vibration, it is a world based upon infinite possibilities and we are being awakened to once again as being our natural state of being.

This chapter is about how to recognize this illusion and start to learn from it through play. Play is how we have always learned and is the natural way. Learning to play within the illusion is the most powerful way of dispelling it. What they want is for you to believe in their artificial reality and look at life through those rose colored glasses. After learning what

you have, you may now find it strange how so many people believe that they live in a Country when in fact they only live on the earth. Law is the mechanism of forcing this belief system onto people. Sadly the people behind this have sworn a blood oath to bring about the New World Order and the enslavement of us all. Never forget that they are playing for keeps and the players on their side only tolerate so much before they feel uncomfortable enough to take actions against you. Playing with their illusions is paramount to pulling the rug out from under them and they don't like that. However it is not us that are threatening them, it is they who threaten us through their lies and various means of force. You must always remember the plank between towers I talked about in the last chapter, which is symbolic of the situation you are in when you begin this Journey. The Devil wants absolute obedience regardless of the harm being done. My only intention is to give you peaceful tools to use in creating more freedom and justice in your life. It is odd how some people equate freedom with liberty. Liberty is not freedom because Liberty comes from the idea that you are in bondage. The Creator never put men (as man made male or female) into bondage. Liberty comes from LAW in an imaginary world based on PERSONS. Being aware of these and other nuances in wording will help all of us to see how the subtle thread of deceit is woven within the fabric of our communities and way of life.

The pay off for the Illusionists is fairly simple. They create Laws that we have no say in and then tell us that they apply to us. Because the laws are of a private corporation we never are actually allowed to see the signed laws. In Canada they are given Royal Ascent by the Governor General. The name of the Corporation requesting the Policy change is the Crown in Right of Canada. Your name is not on it and yet they say you are to follow their laws, which primarily revolve around money. They want your money as they are all bankrupt entities and must take your money and give it all to their creditors. The policies of every bankrupt Country on the planet (with the exception of perhaps The City, the Holy See and Washington DC) are dictated to by the Bankers as part of the bankruptcy agreement. As we have discussed this is a massive fraud, and it is the primary system of control.

The Courts are nothing more than collector agents for the Bankers and they have a good supply of greedy people who run them that are fully aware of the system they are involved in. However, presenting them with this information in court is only going to make matters worse for anyone that tries. They don't care what you know. All that matters to them is how much money that they can get from you and that you sign their papers so they can make money off your signature. Beyond that it is a dog and pony show to make the general populous believe that a loss in court means that there was something wrong with the massive amounts of evidence presented, showing without a doubt that they are committing fraud and numerous other crimes.

They create an illusion that there is no way to fight them and that they have the power to enslave and murder people at whim. It keeps the sheep in line and allows them to continue what they are doing, even when it clearly goes against their own laws, the laws that they say apply to all equally. It is beyond comprehension that this has gone on as long as it has throughout the world. It really comes down to Religion as told in Deuteronomy 14:2. They purposely create Nation States, which under Religion gives them Divine Control over them and then use unlawful forms of Contracting and monetary and political systems to force everyone to be a surety for a PERSON within their Nation States. Thus it matters not what laws they pass or what they do to you, because there is no other system of law to turn to for relief, they force you into their courts for the resolution of everything. It is akin to the fox guarding the hen house.

The payoff that they get from this is a world population in bondage, and as long as they can lock you up or find some way LEGAL way to kill you, they can keep perpetrating any number of crimes on the world. CANADA has got to be the Bankers monetary gem. There they are plundering the earth within the fictional boundary of this country of it's massive oil and mineral resources and making many loans to dictators in third world Countries based on Usury. The profits from that are then used to undermine those countries even more. It is a

perpetual money control system from which there is no escape for the afflicted. Thus the game is about power not about wealth. They get a sense of immortality as they watch each Country go down in abject poverty. The concentration of wealth within these countries is huge as it is throughout the world.

The end game for them is to use this power of control to make everyone into mindless, unquestioning slaves, further compacting those left alive into tiny cities where they will be chipped and monitored for their own safety. It matters so they can continue their Satanic Rituals and trips to Bohemian Grove, and find ever more horrible things to carry out on the population, generating more fear and giving them a sense of greater power over everyone's lives. If you take a look at the beauty of this planet, realize that this is not the future planned for you. Their future is a sweatshop factory, feeding mindless slaves watered down soup, totally disregarding life other than productivity. They want to determine how little they can provide for you in order to maximize their enjoyment of our world. They want to be able to completely and totally enslave and control you. How harsh it will be? FEMA in the USA has created a number of Concentration Camps as well as some in CANADA, which can hold many thousands, and in some cases work is under way for a few million at these camps. Train tracks run up beside them and it all eerily resembles Nazi Germany. They want primarily white people in their future enslavement programs as their genetic structure is easier to possess spiritually and the blood from blue eyed blonde children is a much better drink for them and their sacrificing rituals.

Much awaits you in the near future if you live through the next massive depression that is planned for the world along with the nuclear wars, started over Iran, I speculate. The control of information is absolutely paramount to them in order to accomplish this. The Internet is the way that we have been able to communicate with each other and on a mass scale to put these pieces together so we can all see what is happening. I really didn't know anything about any of this myself until about April of 2000 when I was told at a gathering about the New World Order and that Canada was a de facto Country. It still didn't mean much to me until I discovered that 9/11 was an inside Job and I could clearly see how that was being used as way to project military power at Afghanistan and Iraq, murdering hundreds of thousands of innocents. It was incredible knowing through simple analysis of the facts that their story about 9/11 was a complete lie. I would strongly urge you all to research this area for yourselves. The movie *Loose Change* is available and is one of the best videos I have seen yet discussing the evidence.

[Loose Change 9/11, An American Coup](#)

I wrote my own article about the Pentagon Crash of Flight 77, which at the time got a great deal of attention:

[Freedom Files: Pentagon Crash?](#)

The reality is that they can only do what they do by controlling information. The payoff for them is our planet if we do nothing to stop this. At the moment it would seem that they would rather take us all down with them, rather than relinquishing power, but over time things change. I believe that as more become educated about how the extortion system works, the intangible forces will start to take effect and things that do not seem possible today might be when the awareness increases and action springs from it. We all have a stake in this so we must all do what we can to bring about a better future for ourselves. If we do not take action the result will be perpetual enslavement and abuse by the few over the many.

## **Turning the Chess Board**

To some degree much of what is going on strategically is a game of Chess where the Illusionists are indeed protecting their King at all costs. What is their King? Perhaps they themselves don't even know, as their King is a Manipulative consciousness that resides outside our 5-sense world. They are absolutely terrified of an awakening by the people,

revealing the Illusion that has been projected at them, and beginning the process of engaging spiritually into their infinite selves. It is expanding our awareness of our infinite self that brings about power and transformation, and gives us the necessary control over our pieces in the game. China is currently harvesting organs of people who practice Falun Gong meditation, that heal the mind, body and soul. This is the stuff of the infinite consciousness they wish us not to learn. Imagine if we could all heal ourselves without drugs, this is what Falun Gong does.

#### [FalunInfo.net](http://FalunInfo.net) - Overview of Falun Gong

It is also important to investigate what this spiritual stuff has to do with Law. Perhaps you have not yet noticed the strong Ecclesiastical connections made in the development of LAW over the past 2000 years. Those making it are and have been given God Status. Although it is called Religion much of the Illusion is built around it, where they hold back the knowledge from you about the true spiritual techniques for accessing the infinite and feed you disinformation concerning beliefs and stories of morality about the vibrational prison. They preach that God's divine plan for everyone is to just sit there and do nothing. This book is as much about healing as it is about the LAW. I know that for some the programming and indoctrination from their church would tell them not to read this book as it deals with issues that are banned by the Church. Again it is another form of control to keep people enslaved and blinded from the truth. If you are ever going to start to turn the Chessboard around you must have a strong foundation. We are not dealing with supernatural beings we are dealing with levels of consciousness. Within these levels are illusions and truths. My objective is to help you become spiritually aware far beyond what they may teach you in church. It is through that awareness that your infinite self has more opportunity to help you and others in this place we call earth.

In light of all that let's take a closer look at the chessboard. One of the key things that they use within LAW is the Criminal Code. Going back to CANADA again, as it is a de facto Government for PERSONS, you should be made aware of Section 15 of the Criminal Code of CANADA

No person shall be convicted of an offence in respect of an act or omission in obedience to the laws for the time being made and enforced by persons in de facto possession of the sovereign power in and over the place where the act or omission occurs.

#### [Criminal Code, R.S.C. 1985, c. C-46 \(English\)](#)

You can go to the bookstore and buy a copy of *Martin's Pocket Criminal Code* if you would like to have an up to date copy of it. Ultimately getting a Certified Copy from the Librarian of Parliament is needed if you intend on using this as proof in some proceeding, just don't ever go into a Canadian Court as they will probably lock you up and throw away the key. Remember this is a private group of people who have usurped the public institutions of Canada for their own private commercial gain. It is their private court.

This law was inserted more to cover the perpetrators of mass fraud than to protect the people. Again it only applies to PERSONS and not to us. This is the tip off. What they want from you is compliance, as compliance equals contract. They only have jurisdiction over NAMES, we do not have NAMES (or Names) unless we allow them to label us with them. What we do have is dominion over the earth and all it's forms. This is our world not theirs. Now let's step back a bit and look at Deuteronomy 14:2 yet again.

for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth.

If they consider this law one of the 930 LAWS of God then who is to say which People God was talking to? Have they gotten it all on videotape? All they present is hearsay passed down through the ages. So in LAW all are equal under the LAW. This confirms that what's

good for the goose is good for the Gander. This comes from LORD God himself. It is saying we are above all Nations. All of us are God's Chosen Ones, and I would agree we are all a bit peculiar. In following God's LAWS you only need to make reference to Genesis Chapter 1. A Generation is not Creation only the Creator can advance LAWS, and he/she didn't. We are made in "our" image and after our likeness, infinite beings, we are everything that exists. The infinite is within us all. Infinite is oneness, there is no vibrations and thus no words to describe it, but we are inherently part of it.

LAW in CANADA stipulates that everything works on contracts, because the infinite has no name. The PEACE OFFICERS were hired to work for us to keep the PEACE, but are subcontracted out to a PRIVATE CORPORATION, perhaps without their direct knowledge of such. When your paycheck depends on you not knowing the truth, then there is a wee bit of a problem there. In turning the Chessboard what they really want us to do is to fight them in an all out scrap. That is their way and is not likely to advance your goal of being free and setting our world free. The most powerful weapon in the Universe is Love. It is a force that brings about rapid change and transformation. I really think we have seen enough killing over the most asinine reasons and lies in the past 100 years. It hasn't solved anything but to advance their New World Order agenda and make them wealthy in the process.

I clearly acknowledge that in some places the Police State is so severe that any show of non-conformance and you will wind up in a sweatshop eating watered down soup with no chance of escape, that is if you don't disappear. There are some real issues before us all and if one of us is enslaved we are all enslaved. It will take some sacrifice of time and effort. But as we pry back the bony fingers of deception off of ourselves, we begin to bring more light and life into our awareness and thus more transformational power. The suppression of Love and knowledge of who we are has aided those who are manipulating us for a long time. They only know how to intimidate and start wars. Their commercial system of usury and theft is hidden out in the open and can easily be exposed for what it is. I have given you a great deal of knowledge and background thus far and I am sure many of you could write some pretty awesome letters to these people who purport to represent you. So let's take a quick look at letter writing so you do it the right way.

First and foremost letters do not have a postal code on them as you do not live in their imaginary world so don't put a postal code on a letter. Second, because no one has a name you address the individual you are communicating with as, *The man created as male/female by God, Acting as the PRESIDENT OF THE UNITED STATES OF AMERICA*, for example. You could add, *Also goes by a given Name George W. Bush*.

In terms of LAW you are presenting the man, male or female with information that shows that the foundations of LAW are all based within an imaginary world. You want them to recognize you as you recognize them: as your Brother or Sister under Genesis Chapter 1. Ask them why are they attempting to enslave us, and why are they using methods of intimidation to suppress the fundamental truths of who we are. You want to tell them that we were all created equal by our creator, and question by what mechanism or authority are they drawing from that alters that fundamental truth? They cannot Contract to enslave you because it is only the Creator that can make that decision, and that is not mentioned in Genesis Chapter 1 or anywhere else in Nature. All LAWS within their imaginary world only apply to the imaginary and do not apply to anyone on earth. This means they have no right to enslave anyone. Unless I am wrong about this and you can show clear intention from my creator that you have the authority to enslave me and others, then stop what you are doing and let's begin to rebuild a world based on equality and love.

You then make mention of your Given Name and of course you don't need to sign it, in fact don't sign it. To sign it is to acknowledge commercial LAW, and as in Genesis 3 of the Bible: by ones hand "he has become one of us to know good and evil" rather than the truth. It's an interesting twist, as we don't have names. The address should also should have "In care

of:" or "c/o:" in front of it. To state your name is also an acknowledgment of FICTION. You could put Given Name after your Name to indicate it is apart from you, and requires your acceptance. In terms of Honor and dishonor you are asking these people direct questions for which they must answer or leave you alone. It takes away their ability to dishonor you in their Courts and gives them notice that you are a man created by God as a male or female and not part of their imaginary world. I suggest you keep the letter to 1 page and keep it simple as you can. In terms of de facto Countries such as Canada recognize the fact that even though it is de facto it is only another bait and switch. To argue the point that it is de facto with them is to say that you should belong to a fictional world of PERSONS and thus your wish is granted. This is in part why they let it hang out there. The real prize is recognizing that within Bible and Nature we all come from the earth and we are all created equal and there is nothing and I mean nothing that states otherwise. The Zionists revere the Bible because the sections that deal with the "Generations" show creation as being different from equal. This is not in line with Nature or how life is. It is a set of beliefs they call Faith, which are not supported by the evidence of the Natural and real world as being true. Furthermore, people like Tony Bushby and others have done a great deal of work to show that Genesis 2 forward is not true, although the Bible itself is in its entirety a work of fiction for a fiction based world.

We must acknowledge the fact that the people who are so eagerly enslaving us do use the Torah as their Common Law, but more so the Talmud. Those that do not follow the 930 or so Laws of God in the Torah are not Jews and thus can be enslaved and destroyed. This is the foundation of an element of thinking practiced for a long time by the few. It is very obvious that many Jews do not believe in this extremism and way of life, and recognize the need for peaceful coexistence of all mankind on the planet. The man created as female by God that goes by Her Majesty Queen Elizabeth the II and uses the Given the Name Elizabeth-Alexander-Mary: Windsor, is as many have discovered akin to a High Priestess of the Gentiles (or Goyim as termed by the Jews). It would be a good thing to write her a letter as well, as she is the one that makes changes to the IRS policies and other collection agencies around the world for the enslavement of PERSONS.

I would address the issues with her directly concerning Genesis Chapter 1 and the LAWS of God. Recognize the fact that she believes she is living within a Generation not Creation and that is her Faith, which is only a belief of an imaginary society. Being respectful of this will go a long way. You want her to recognize that you are doing your best to follow the LAWS of God in terms of Moral issues and that you are one with her in spirit through God. However the Law of One is the only Law that applies to you and everyone else. It is recognizing the fact that she has accepted rules of a society that belong to the imaginary world of Nations or a Religion, does not exempt her from the Law of One. By doing this she has no more reason to enslave you as you have identified yourself as being one with her in spirit through God. Explain your current situation giving the NAMES and dates of issues that are causing you to be enslaved. In terms of witnesses you can have others witness your letter or not. It is really a correspondence between you and her.

Signing the letter you send brings us back to the issue of being one of them; knowing Good and Evil, or standing within truth for which there is no good and no evil, only truth within the infinite can exist, that is in love and through our hearts. Remember we are thinking outside of the box or our minds as it were, because their box is a trap of deceit. We have always been told to sign our letters, just because then it is the thing to do or it holds "value" and substance. We are not dealing with commercial LAW here. We are corresponding with one of our fellow man within God's Creation not Generation or rather not within LORD God's Generation or any other FICTION. When you speak to someone you don't sign anything after you speak with them, do you? A handshake may sometimes represent an agreement of some kind. We are not agreeing to anything here, we want to remain in truth. When you come from a position of truth there is no other option for them to respond except in truth. The Bible is their offer to you, in particular the Torah, but then again it is an Offer not based

in truth. In terms of the Law of One we don't have names at all so signing it really is meaningless. Unfortunately I don't know what kind of correspondence they used 100,000 years ago, except perhaps in the times of Atlantis the people knew who they were and much of this crap we are going through was not present then. No fiction can ever have any authority over a living man created by God as male or female, remember that and the simple fact that the court is your court and you are the Judge.

There are other avenues as well. You can write everything up and send them out to "Representatives" and various government officials as well to bring up these issues and even sign off on the letter to see what kind of responses you get. Because they are living in the Illusion as Actors and Actresses for the all cap ENTITIES called PERSONS, they may not accept your letter without it being signed, because they want the vibrational connection, not the connection to the infinite truth. I find that when writing to these people I never get a direct response back, but it sure causes a switch in tactics on their part. I don't think the people who actually hold positions of office ever get to see these letters, as they are likely siphoned off and dealt with by other people, probably because they are not a de jure Government and nobody actually holds these offices.

Adding "Without Prejudice" above your signature or put at the top of the page makes any document unusable in court. Without Prejudice is to contest jurisdiction and is to be followed up on to clarify the Jurisdictional issues you are raising. This works great on a Promise to Appear thingy they may want you to sign or remain in Jail for a year extortion game, but be prepared not to talk with them when they call you or try to contact you. Simply send them a letter explaining that they have no Jurisdiction upon the earth over man created as male or female by God. There are stages to all of this and how far you need to go before getting them to back off will work on a case-by-case basis. There are no easy answers or a silver bullet that I have come across that makes them stop completely. Minister Robin Belegier in his video explains a great deal of information that has worked very well for him and others, and it would be a good thing to watch his set of videos before doing what I or anyone else is telling you. You should not mix commercial law with God's Law. The Zionists believe in one or the other, which is part of the extortion and absurdity because they benefit from both. Robin's Video on the web:

[Google Videos: Truth By Deception](#)

Keep in mind that signing things means contract. In terms of the reality that these people live in you may have to sign your letters for them to recognize it as a contract if that is all they can understand. The truth has been burred so deep few take time to uncover it. When they do it sounds so bizarre opposed to the regular ways of doing things that they ignore it. Try to acknowledge in this healing process that you are uncovering layers of hurt and as you do they will want to cover it up again unless you can heal that layer. This book is about healing, and taking that perspective, you take love as the instrument of that healing with you. The Jails are full of people who should not be there. I would suggest that as you move along in quest for freedom that you turn your attention to those that need your help the most. The simple fact that section 15 of the Criminal Code of Canada states that PERSONS cannot be convicted should give you pause for thought. They don't actually convict you at all, instead they get you to contract with them all the way through the process, ending with you signing the Judges Orders, another final contract. Prisoners put themselves in prison by agreeing with these contracts all the way along, without having the knowledge of what was truly going on. Those owning the courts will not want to give up their cash cows easily as they are making billions of dollars off the bonds signed while the accused were being held in intimidation. If they only knew 10% of what is in this book I am sure they would be free right now. This is a new beginning, meant to help each of us spread this knowledge to as many people as we can. Further the Judge is a magician and is practicing Magick upon you and any sentence he puts upon you is actually a curse. The Language of Legalese is created as dark arts language for creating spells upon humanity. Go to [www.one-evil.org](http://www.one-evil.org) and [www.one-heave.org](http://www.one-heave.org) to learn more about the LORD God vibrational prison aspects of LAW.

Law is the crafting of spells upon humanity, which is why they say they have to craft the law.

Also keep in mind when writing the Queen and others that truly there is only one law that applies to us all, which is the Law of One. There is no other Law. The Bible again is their offer to us which has been highly manipulated to give them power over everyone and likely is a source for many curses as well, one may think. As a side note, money is a curse and they direct the karma into the money so that the curse does not come back on them, but stays in the money. This is why Judges and Priests etc. do not touch money or bring it into court on their own selves as those that touch money are cursed by it and though I wish I was making this all up, it is true! The Bible and Talmud are the LAW book of their imaginary Society.

They want you as part of that society for means of control and enslavement; it's as simple as that. I tend to agree with the 10 Commandments on moral issues, but how many wars have you seen in the name of religion violate those commandments? The mere fact that they are calling God a trinity of PERSONS of some "substance" in the STATUTE OF WESTMINSTER OF 1646 should open your eyes. It recognizes that God is a word that is part of their Society. To come from truth the Law of One applies. Referencing Creation in Genesis Chapter 1 to show them that you are of similar thought and mind is okay, I would think, as long as you reference it as part of their Society and not yours. I know how difficult this must be for many that believe in Christianity and other religions. It is not my intent to bash the Bible and Christianity or any other religion, but rather to show people how it has been used as a tool of manipulation. The text has been interpreted and written to manipulate you, rather than allowing you to live within the truth. The Law of One is the only Law as is stated in Matthew 22. Nature does not support the idea of Nations or rulers over vast numbers of people. The Law of One is the most ancient and only Law that applies. We are in a bit of a pickle at the moment as knowing the truth, stating the truth and standing for the truth may not be easy. You need to go gently and lovingly with people as many still think like you once did, that they live in Countries and the laws that are passed in these Nations were passed for them, and apply to them and to everyone else.

Once we engage in switching the chessboard, they can no longer show justification for protecting their King, as if there was some form of justification prior. They have always looked at us as pawns, but now we have some ability to slide around a bit and make some moves. Furthermore we have no King, just the truth on our side. We don't buy into their Illusions anymore and so it upsets their game. I know there are some wonderful people out there with great communication skills, better than me I am sure, that will find it easy to teach this knowledge to the people who are being manipulated into enslaving us and have them change their ways as well. There are also some cruel people out there that do want to cause us all harm and should be kept apart from us until we can find another way that would be more positive in helping them return to a state of love. It is not going to be easy, but it is not all that hard either. We can all be free once we all know their game and stop playing it. How far they will go in trying to hold onto power is also at issue, but they are leaving me with little choice as I see it. Learning to eat with the right and wipe with the left is not a lifestyle I envisioned for anyone on this planet.

There is still much more for me to teach you, but at this point you should be ready to start asking questions and writing some letters. I feel it is important to pass on to you the spiritual knowledge I have, as much of it has been suppressed or marginalized. It will help you to know that you are not alone in all this and the spirit world is very much alive and there for you. It is not something to fear but rather to embrace. I think that what you can accomplish through being spiritually aware is like going on steroids, it opens up possibilities for your intent to manifest what you need done. I know that I am surely in the minority in comparison to all the religions around the world, but I see these religions as mechanisms of enslavement rather than freedom. A great deal of hideous violence is done in God's name. It is something that must be addressed in our quest for freedom.

## Recognizing Projections

In reality there is truth and there are projections. What we project becomes our reality not because it is true but because we filter out of our senses those things that do not support our preconceived reality. We work very hard to create a reality based on our projected beliefs rather than following the flow of nature. Even more importantly we are under a great deal of psychological pressure to accept the reality projected at us through mass media and people in positions of "authority". I made a couple of videos a few years back that are about 9/11 and the War on Terrorism. There are bodies of dead children in them and a spot where you see the US Military killing an Iraqi, so please don't show them to young children. However, the powerful nature of the videos brings forward how blind people become to reality. They buy into a projected reality even though the evidence brought before them tells them otherwise. Here are the videos:

[The Other Side: Part 1](#)

[The Other Side: Part 2](#)

It is natural for people to want to feel safe. Running to authority figures for answers, when the evidence clearly shows they are the perpetrators behind the problems to begin with, is a form of Stockholm syndrome. By posing a question to them, you actually get in the way of the answers to those questions by asking them. When you go by what your heart says and go by your infinite knowing, you don't need answers to many things. This is primarily what I do, although it is hard at times.

I find that many POLICE Officers live in a world of false projection. It does have a powerful grip on them and you must take great care when talking with them, if you must talk at all. Everyone is different around the world and in some places POLICE just means mobster. You have to size up the situation from where you are. In terms of their Oath many of them will end it with, 'So help me God'. Whenever you see this you know that Zionism is taking precedence. They even go as far as making a Star of David on their Badge or a 5 Pointed Masonic/Satanic Star. Throughout the 'Common Wealth' they use a Crown symbol, which is by simple observation not the British Crown, but the Crown of Temple Bar. You see it everywhere, yet nobody questions it use.

In our venture to reclaim our freedom we will have to shed the bonds of enslavement along the way. Doing this will of course be very upsetting to the Powers that Be and to people who have not yet awakened to what is happening. The difficulty we face is that if we use their laws as a form of defense against what they are doing, then all the laws of the imaginary world of PERSONS is applied. The Zionists that control the LEGAL systems around the world have no gray area; you are either following God's LAW or Mans LAW, there are no others. Of course this is pure extortion and a form of religious persecution, but I am only the messenger here. I want to make something very clear. Each situation you will come across will be different and how much of the truth you can introduce into the conversations you have with POLICE Officers, or anyone for that matter, will depend on your assessment of their knowledge of truth and if their intent is to take your freedom or property away from you based on them actually knowing the truth. There are many people in POLICE uniforms that do not know what is going on, but as you go up in rank the knowledge and awareness increases. It varies somewhat in each situation as to what you would say and how much you would say to the Officer. For the most part Officers are sent out to intimidate you and get you to admit to the fact that you have a name and that you are somehow connected to the PERSON. In truth they have no right to come to you at all for anything, unless you ask them too.

When speaking with the POLICE you do not and should not give them a name. Even if they search you and get your ID they will still ask you if this is you on the ID. They are attempting to get you to contract with a PERSON so that they can then take actions against you as the SURETY. Make reference to their Oath and point out whom they made their Oath

to and reference Genesis Chapter 1, showing them God did not give man a Name and I am quite within my rights not to name anyone as it would be a lie if I did so. You can talk about the PERSON in third person and pull up some LAWS if necessary that would apply to the PERSON, but not you. For example, Section 39 of the Criminal Code of Canada says:

39. (1) Every one who is in peaceable possession of personal property under a claim of right, and every one acting under his authority, is protected from criminal responsibility for defending that possession, even against a person entitled by law to possession of it, if he uses no more force than is necessary.

Defence without claim of right

(2) Every one who is in peaceable possession of personal property, but does not claim it as of right or does not act under the authority of a person who claims it as of right, is not justified or protected from criminal responsibility for defending his possession against a person who is entitled by law to possession of it. R.S., c. C-34, s. 39.

You can reference the PERSON in third person and ask the Officer if he or she can prove claim of right over the PERSON. Of course they can, but only by referencing the Government, which is an imaginary fiction. This is your doorway to show they are operating in fiction not truth. This works wonders in removing their ability to use force on your PERSON, which they are trying to identify you as being the SURETY for. Again, remember that you must clearly separate yourself from the PERSON. Explain that you cannot bow to false Gods, and question by what authority do they have to attempt to intimidate you to do so? There is no higher claim of right given to people than in Genesis Chapter 1 where God gives man created male and female dominion over the Earth. Your Claim of right comes from God, not from a Nation. We read this in Deuteronomy 14:2. What you want to make clear is that their Oath is to God and by breaking their Oath they are committing Perjury and Treason in most cases, within the context of their LAW. It is not necessary for you to refer to their laws at all, however.

Each situation is different and some people acting as POLICE Officers are just ignorant of the truth. The powers that be do not want people on their POLICE forces that question the obvious. They want people who follow orders and leave the paperwork for the LAWYERS and MANIPULATORS. It is really getting to be that bad. However you only have to look at some 3<sup>rd</sup> world Countries to see what is in store for us all if we don't start switching this around. Most people do nothing until the Officer is at their door and then they don't know what if anything to do. If a POLICE Officer threatens to use force in order to speak to you, such as threatening to get an arrest warrant, then he is putting you under duress and thus nullifying any contract made of your compliance in speaking with him/her. It would be advantageous for you to speak with the Officer at that point being guarded in what you say and as I mentioned above never give your name or sign anything. However if you are being extorted into signing something, put "Without Prejudice" above your signature or at the top of the page, thus making the document unusable in court.

If they take you to their Jails again do not sign anything and do not give them your name. Get them to make an entry in their books that you are going with them under protest and duress. Do not fall for their reading of your 'rights' either, you do not understand anything! It is an offer of contract; the only Law that applies to you is the Law of One. The people that are driving this anarchy belong to the societies of the Torah and Talmud, and that is their supreme LAW, for which they are compelled to follow at all times. All they want is for you to go into dishonor or make yourself a SURETY for the PERSON they want to lay the charges against. Recognize that all the paperwork and jails are all made from the earth and you do have dominion over it all. With CANADA and other de facto Nations you are dealing with a CORPORATION that is registered to a Nation State. The Nation State is of course owned by Temple Bar. You can recognize this by noting if there is a Head of State of the COUNTRY holding you. Of course this is very insidious knowing the truth and the POLICE

are being paid to know nothing. In terms of projections, you are now more than likely dealing with a lot more people who find it in their best interest to keep you locked up. It is not impossible to get out of Jail, but it is becoming harder for them to let you go. However by putting you in with the general population you can begin to educate prisoners on the fraud that is going on. They have no reason to hold you and it is only the PERSON that they have jurisdiction over. By educating the others on what is going on they see that you are more of a threat to them than ever in their Jails and will be more apt to let you go.

Fear is the catalyst behind all projections. When you are sensing reality correctly there is no fear. They are doing a great many things to POLICE Officers to perpetuate a state of fear within them. Most of them have some common energetic problems. Others misuse their energy fields to transfer energy consciousness onto others to get them to act in ways that will align their victims with their projected reality. I will get into more of this later in the book, but for now pay attention to how you feel when talking to each individual you meet throughout the day. Get a base reference when you wake up each morning on how you feel as your energy then is mainly your own, and depending on the night before, your part of your significant other. As you talk to people throughout the day note how they are trying to create a reality around them (sometimes called Lifestyle) and see how they make you feel. You want to do this through your heart and with love of course. Use love as your centering mechanism. Notice how they sway you off center and after you leave how you go back to center. Some people may be aware subconsciously of what you are doing and may get agitated if they are a strong authority figure, as you are no longer in their grip of fear. As the Generations are in the Bible all based on Fear, it is indeed the driving force behind much of what goes on in the world.

When talking with POLICE Officers I always project a strong aura of Love around them and myself. You just imagine it into being and it happens, and as you do this ask for protection from God or what you think of as God. Matching their vibrational frequencies initially is also important, for they subconsciously recognize you as being them, then you slowly lower your frequency to a slower calmer one. You are drawing them down and calming them by watching their breathing and synchronizing your breathing with theirs, slowly bringing it down over a couple of minutes or so. They usually will not catch on to what you are doing, and it is a powerful tool to use. Everyone wants to be in a centered state of non-fear and this is one easy way of doing it, without having to know a lot about vibrational energy. I mention this from a healer's perspective, because that is what I am and what we all are. We are here to heal the fear and transform our reality from a prison to a paradise again. It can be done, but people need to know how, and this book and others are available to aid in that. Always keep in mind that these people are your Brothers and Sisters. They are really presenting themselves to you and desire you to show them God's Light and help them remember who they are. The more knowledge you have about what is going on, the more responsible you must be with that knowledge. It is not about striking back at them or goading them. It is all about love. Don't ever forget this.

Again, I must stress the importance of not mixing Commercial Law with Biblical Law. From the Zionist perspective there is no mixing. The Talmud is Commercial LAW and the Torah is God's Law. For those that do not believe in the Bible at all, here it is not really about faith. It is about an offer of contract and extortion. The Officers all pledge their Oaths to God, making God's Word supreme LAW. It is not about being right, it is about stopping the extortion that is taking place under the guise of Justice. It is the only way I know how to stop them at this point. Until the scam becomes more widely known and people all over start making these tyrants accountable, nothing is going to change. I know how difficult this book must be to read for many, but I never said it was going to be easy. Getting your freedom back is not something that the Powers that Be want for you. To be free is to be self-determining and that can be scary for some who are conditioned as sheep to follow imaginary authority.

Recognizing projected authority is one thing, dealing with it is quite the other. I find for the

most part that those in control don't like answering questions and would rather be asking them, leading you into their trap. If they arrest you for not producing ID, how can that be freedom? We have a long way to go. It is going to get very bad for a lot of people soon, partly because they have been ignoring what has been going on. The wealthy people will still be able to gain some shelter from the abuse that goes on, but they too will soon be targets, mainly because of their wealth. Zionism is based on taking everything for the few and leaving the masses with nothing. The aim is to destroy society, there is nothing good that is going to come out of this. They are actually accelerating their plans a great deal now, because more of us are waking up at a greater rate. As they accelerate they will be making more mistakes, which will help to bring this dictatorship out into the open where it can be dealt with properly by the masses. For now they seek easy prey and those who they feel they can control. The more that get involved the safer it becomes for all. Unfortunately some people have been murdered in various parts of the world for exposing this and other frauds. I am telling you these things for them and the millions of people who lost their lives in World Wars and other conflicts to bring about freedom for us all. It is sad to discover that the enemy was from within on all sides of those wars and the people lost, while the ruling elite won.

## **Controlling the Illusion**

How do you remove the bonds of enslavement and save this world? Number one, be aware that not everything will make sense or seem right. You are living within an illusion and the powers that be have put together a puzzle for you. It is a remarkable puzzle, but it is indeed a puzzle. It is meant to trick you and to test you. The Offer is very clear. Do you follow God's Law or Man's Law? Many Lawyers, Bankers, Police Officers and various Government Officials do not believe in God. The masters of the Illusion have created a projected reality for them to fall into. That reality is not only harmful to us, but even more so to them. I have spent a great deal of time explaining how that projected reality works and its negative effects on the world and everyone in it. Why this is all going on I can only guess at this time. What I can tell you is this: it all reflects Love thy Neighbor as thy self. If you do not know your self then you cannot Love yourself and that creates pain, which is a natural alarm signal telling you that you are forgetting part of yourself. Loving thy Neighbor can be a real challenge, for it is hard to love those that would intimidate you and harm you. Let's take a step back again and Look at the Law of One. We do not hurt others, for by doing so we are hurting ourselves. It is derived from the idea that we are one Consciousness. This is very true, just at this level of reality (or what we think of as reality), we see everyone as being apart from ourselves. We are within a healing cycle and the cycle is trying to show us that we must love others and through that love we must know ourselves. It is easy to say but it is very tough to do and requires effort and thought. The dark forces do all they can to shut down your capacity to think and to know yourself. They want you to strike out at the illusion that they are in, which empowers them because you are yet again focusing your energy on a projected reality not based in truth.

Truth as I have mentioned before is much different than Good versus Evil. There are no illusions within truth and it is infinite knowing and love. You can take all the information that I have given you so far and write letters to the Queen and everyone else about all the fraud and harm being done, but unless you are doing it with love, all your work and energy will be rejected outright. In writing this book I have touched on some of aspects that reflect a lot of anger. I have brought forward statements that sound horrible about the ruling elite and what they are doing, especially the Queen as she is a focal point for much of what is going on.

However as much as there is evil there is good within the projected realities. I have never met Elizabeth the Woman, but from what I have seen she is a very intelligent and kind woman. I happen to believe that she is surrounded by dark forces that are evil, and from within, and despite that she is asking you a simple question: "Do you follow God's Law or Man's Law?" I believe that she is the balancing force between Good and Evil on this planet

and is a facilitator of LORD God's will. It is not a matter of who does what to whom, but rather the source of everything that comes from you.

There is an offer on the table before us. The question is asked over and over again, yet so many miss the question. Do you follow God or don't you? If you do, then we will test you to see if you do or not, but we will not harm you. I believe what is going on is that indeed we are about to transcend into the infinite that we all are. However in doing so, having such power and such level of power, are you prepared to transcend into an abyss of hate or infinite love. The last bonds that bind us to this reality are about to be let go. How are you going to spend eternity? It is what I believe is being prepared for us, but we have created a lot of dark energy that is now being exposed so it can be healed. Striking out at the dark energy will only keep it around that much more. This is very, very serious my brothers and sisters. How we spend infinity together is about me, you, and everyone. The illusion has to have a key and this is the key. There are no ifs, ands or buts about it. We are entering transcendence to an infinite state of love and knowing. It is the end to a very long healing cycle. Holding onto our infinite state of being will be highly dependent on how much we learn about love, and how well we know ourselves and know others through ourselves. The Illusion involves many among us that are projections and have no capacity to love, but through their belief they too can transcend with us. We live in a spiritual world, never ever forget that. I want you all to be spiritually aware, but you only reach that point through love and knowing yourself.

The frequency of the illusion is speeding up and it is causing all that was hidden to surface. It's depending on you to discover that and heal that which needs healing and love that what needs loving. This will not be easy and perhaps it was never meant to be. All I can do is show you the door, but it is you that has to walk through it. Have you ever heard, "Love thy enemy as thyself"? The Illusion feeds off your belief system and is created around you based on your beliefs. It's nothing more complicated than that. This reality we are in is being created by us moment to moment. For every electrical pulse you put through your body,  $10^{12}$  power of energy is created on the heavy side/part of that current. The spin of the electrons denotes what part of the reality is constructed from moment to moment. When you think of something you create it into your reality. The powers that be honor your free will, but feed you a monumental amount of information through television and other sources, trying to get you to believe in their reality. People have been and for the most part still are doing that. This book is in part helping you to wake and get a better fix on what is happening so you can better navigate your way out of the illusion.

I don't know what it would be like to be the Queen, knowing what she knows about us and the depth of the illusion being projected, yet she holds the balance of Death and Freedom in her hands. She is the Defender of the Faith. Not commercially as the woman. Faith is a belief in something that can be proven false and has no possible way of being proven true, and it is an offer. Are you able to prove true any other major religion or anything else for that matter? We live in a world of illusion. Infinite love is the only truth and everything else is illusion. It is not a matter of the offer being true, it is a matter of are you willing to drop your ego and accept an offer of love from a God that only wants you to Love thy Neighbor as thyself and Love thy Lord God with all thy heart, mind and soul? It is an offer. Now that you say you do, you don't mind if we test that with our massive illusion do you? How do we know you are for real? That is the Illusion testing to see if you know thyself and know that you love others. Remember God is infinite and can present him/herself in any form and in any way. There is nothing in creation that cannot be loved. You reject God you reject yourself. It all comes from knowing thyself.

So maybe you want to know how to control the Illusion? This whole book has been talking about it, so you must have some ideas by now? You can't control it with force. You can't control it with money. You can't control it with electing new people. You can't control it by manipulating energy fields and doing all kinds of fancy spiritual stuff. So what makes you want to control it at all? How would that be beneficial? I know how bad it is and it is getting

worse with all the corruption and wars going on. I know that it is not fun waking up and realizing you are enslaved and there is nothing you can do about it. Where does power come from? If you have to ask that question then you are blocking the answer. Do you have the right to have power over others? If we have power over others than what does that do to them and us?

Why would you want to control the Illusion? It is Illusion. Illusion means that the truth has been obscured. The all Seeing Eye on top of the Pyramid, seen on the American One Dollar Bill, represents the watchers who watch to see who is manipulating the Pyramid. Of course, the source of manipulation and power comes from a pyramid type structure and they are set up all around you. I mentioned earlier that the BenBen on the Great Pyramid had been stolen. This was a crystal like structure not of this world that energized the pyramid. The Pyramid was built from the top down, using anti-gravity or perhaps telekinesis. The important thing to note is that despite what the pyramid could do for us, the truth is everything comes from within. The students of the Ancient Mystery Schools guarded from evil men the secrets that they learned. Those secrets are still highly guarded to this day, and regardless of any ambitions to gain control over this knowledge, none have. Not that I have the knowledge of these things myself, I just learn things as go along. Much comes from my guides and higher senses of perception. When I was young I thought everyone was like me, but it wasn't until I was about 27 that I realized that very few were like me. From that perspective some became afraid of me, because I could do things that were different from everyday normal stuff. Fear drives people away from knowing. I guess there comes a point in everyone's life where they have to shed the fear in order to move forward. If you don't you never move and the Illusion has you.

Healing cycles will keep hitting you with similar experiences over and over again until you resolve the issues that are causing you fear. People will keep doing similar things over and over in different ways over the years until you finally wake up and change what you are doing to a more loving way. This is the problem we face with the Zionists. They are completely ignoring the healing cycles and keep abusing and dominating people and the planet for their own selfish reasons. It is not just the Zionists though, it is really a group of people that have decided that there is nothing more beyond themselves. They don't believe in God or a creator.

One aspect of the Nation States is that the people who are creating them are doing so to satisfy their need for greed and power. On the Illusion side this is very true, but the reality is that all people have absolute power over all these Nations. Nations are really just giant prisons for those that do not seek the truth of Genesis Chapter 1. This is so obvious. Every Religion on earth pretty much says that man, male and female started here on this planet, and that gives us all ownership of this planet. Maybe it is true and maybe it isn't, who am I to argue? Mass belief that Nation States hold power over us is what the illusion needs.

Starting a war with the ruling elite is a no win situation for all. They will not relinquish power and will more than likely take us down with them. They are ushering in the New World Order and are about to turn our planet into a planet of slaves. They have used a lot of dirty tricks and deceptions to do it. However, they are not doing it without our permission to do so. They have presented you with an offer in the Bible and asked you if you believe in God or a Creator greater than yourself? You cannot have 2 masters, for you will love one and despise the other. We are being overrun by corrupt and evil people. It is getting so bad now that I wonder if we are beyond the point of no return. Everything revolves around the offer that they have made to you through the Bible.

It is obvious to me anyways, that I would never want to control the Illusion for that draws me into it. Instead what I look for is truth. Truth will draw you out of the Illusion and set you free. If you haven't watched Robin's Video, Truth by Deception, please do. He makes some excellent points there and the information will be very helpful toward setting you free. By becoming aware of it, everyone can dispel this grand Illusion, which is the reason I am

writing this. I just wish there were a gentler way for them to do what they are doing. Because we live in an Illusionary world made up of vibrational thought fields, it is how we think that controls the Illusion. Those not seeking the truth probably will never get their hands on this book, while those that are will somehow get it or similar information through other avenues.

In looking back at the plank scenario, remember how bad that was and how the clown is holding your young child on the other side and tells you to come. In reality this is very much what is happening with the New World Order. They tell you over and over again Freedom is bought with blood. We have to fight for our freedom. This is not truth talking to you, it is the matrix of fear. The Illusionists that control everything know the true score of what is going on. They have provided us with a key to step out of the Illusion and into freedom, which is two parts. First one must know that the key exists, and then we must know to do it with love. It matters not what kind of religion they put it in, the premise behind it all is Love. I do find that in the spiritual world there are many keys that open many doors. This is kind of like that. However once you open the door you had best be ready for the lies and persecutions that follow. Those that hold illusionary power will test you and persecute you, but they cannot enslave you. You can only have one master. This is an important time in history where Good does have protection through the Queen. It is a very rare time, and the offer is available.

It is not important to control the Illusion as much as it is important to leave it behind and move into truth. Power only leads to death for it violates the Law of One. The Bible is a two-edge sword, which has increasingly been used to enslave us. When used with love, and with the full knowledge of what bowing to false Gods really means, then you begin to free yourself. Who are they to test us? What makes them so special that they have the right to put us through all this? It is so unfair. On one level you are quite correct in asking these questions. However, every step of the way they have offered you a choice within the freewill God always allows you to exercise. Because they do offer a choice, maybe they are sons and daughters of the gods. It is not their fault that you lack of awareness of these choices. They present you with all the information you need to know. They tell you where to look for it and expect you to do your homework. Not even George W. Bush can say no to the Queen. She is the defender of the Faith and she owns the guns. If you want to stop the tyranny then you would be very wise to look at their offer and see what it is that they are doing. The Torah is their Law. So is the Talmud. I agree with Robin in that after you write the Queen, you should speak with a Rabbi or two and ask them for some help in extracting yourself from the tyranny. Rabbi actually translates into My Master, so you should approach them as one of your brothers as there is only one Master in God, and one creation.

Another approach is to contact the Lieutenant Governor, if your PERSON resides within the COMMONWEALTH. Send him a document stating that your PERSON does not wish to be at war with HER MAJESTY QUEEN ELIZABETH THE II and comes to her in peace and friendship. It is paramount that you approach the man/woman Acting as the Lieutenant Governor in a private matter with him/her. You could sign the document "I am who I am" or leave it blank explaining the infinite has no name. The later I prefer myself. He/she will stamp the letter or return something that makes your PERSON a LORD before the Courts and the Judge cannot wage war on a PERSON allied with the QUEEN. Your PERSON is also a Nation thus you have not yet established relations with the QUEEN as a friend and you are OCCUPYING her land. This is all imaginary, but true.

There still is something missing here, and it is the fact that we have to deal with FICTIONS. A perfect example is the above-mentioned dealings with a Rabbi, meaning "My Master", which is of course fictional. This invokes the position that you are in Bondage and you now have pitched your tent into another Illusion. They are no more free of the illusion than you are, and by their want to be in positions of Control, they might be even more deluded than many about the Illusion. Since the CONFESSIO OF FAITH 1646 states that God is a PERSON in about 3 or 4 areas, one has to wonder what is going on? Perhaps it is because

the document was written for the Title and not the Man or Woman acting as the Monarch. Because it is LAW and it dictates the absolute boundaries of power that the Monarch has over his/her Subjects, God would have to be a PERSON. Further by using the word PERSON, it becomes a document written in Legalese and belongs to TEMPLE BAR. As I mentioned before the Magna Charta was all about surrendering the British Monarchy to TEMPLE BAR. Prior to the Bible being created the British Monarchy was actually started by Jesu, who was murdered for trying to share the knowledge of immortality with world. He was the one who also started the Druid Religion. He was also of Noble Bloodline from Rome.

This chapter is about playing with the Illusion and through playing with it you dispel it. As I mentioned above it is not about controlling it, as controlling the Illusion will draw you into it. Examples of this were made over and over again in the Bible accounts of JESUS. He wanted no part of the Illusion being put at Him, and instead brought forward a lot of teachings on how to be free of the Illusion. Now keep in mind that the Bible is a book of Law from beginning to end. The key to that law is remembering who you are. You will hear me say over and over you do not have a name, and you don't. Genesis Chapter 1 says so. The Illusion only works with the imaginary. As much as JESUS worked to teach others about the Illusion and bring about sacred knowledge to all that would listen to him, things really didn't work out that well for him. Being crucified is not a nice thing to happen. The focal point of the Illusion is that of death, for imaginary has no life. Perhaps this way it was symbolic. In Matthew 22

[41] While the Pharisees were gathered together, Jesus asked them,

[42] Saying, What think ye of Christ? whose son is he? They say unto him, The Son of David.

[43] He saith unto them, How then doth David in spirit call him Lord, saying,

[44] The LORD said unto my Lord, Sit thou on my right hand, till I make thine enemies thy footstool?

[45] If David then call him Lord, how is he his son?

[46] And no man was able to answer him a word, neither durst any man from that day forth ask him any more questions.

JESUS was a Rabbi and the Torah was the Law, but the EMPEROR OF ROME also had his LAWS, much the same as it is today. Verse 44 was an offer from a FICTION, "LORD" asking a real living Lord to join with him to make LORD'S enemies into his slaves, or footstool. Indeed the meaning here is that the Fiction LORD bows to Lord. This is one of the foundational premises of the Illusion. People bow to False Gods of all kinds, when in fact they are the God within the FICTION. Allying ones PERSON with HER MAJESTY QUEEN ELIZABETH THE II is fine, but by doing so aren't you perpetuating the enslavement of the people around you? Perhaps, but it makes you free and yes it does work. Your PERSON is an ally with another PERSON, but then haven't you forgotten who you are? FICTION cannot have equal footing with the living, so you are yet again being drawn into the Illusion. Perhaps in some instances this might work to help you through some difficult times, but I would only do this if my life was in the balance and there seemed no other possible way out. I would not bow to another man, male or female or to a LORD God's man/Adam or Woman/Eve, or their subsequent generations. With only the PERSON involved it does make sense that you would PLAY your PERSON within the ACT to offset a bad position you are in. However, I gather you got to that position by giving them a name to begin with.

Within the Fictional world GOD is not a name as God never said it was. It is LORD God that took on a name and his name was Lord among many others, including Allah and 99 other names in the Koran. The 10 Commandments given by LORD God, not God, state that LORD God has a name as per the 7<sup>th</sup> Command. God rested within all that was created and is

thus omni present in all we see, including us. Infinity does not have a name, thus LORD God representing the opposite of the infinite does have a name. It's the duality of our existence so to speak.

Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain.

We must remember that names only appear **after** Genesis Chapter 1, before that we are reading about the infinite and the heart, not the mind. The Kingdom of God only exists in the **Generations** not in Creation, which again is Chapter 1. Because the Monarch is a Christian Monarch, the entire Bible applies to her not just the Torah, even though her Bloodline is Jewish. If you're confused then you aren't alone. In light of that let's skip across over to John and see another Generation form and a description of how man comes into this world.

John 1

[1] In the beginning was the Word, and the Word was with God, and the Word was God.

[2] The same was in the beginning with God.

[3] All things were made by him; and without him was not any thing made that was made.

[4] In him was life; and the life was the light of men.

[5] And the light shineth in darkness; and the darkness comprehended it not.

[6] There was a man sent from God, whose name was John.

[7] The same came for a witness, to bear witness of the Light, that all men through him might believe.

[8] He was not that Light, but was sent to bear witness of that Light.

[9] That was the true Light, which lighteth every man that cometh into the world.

[10] He was in the world, and the world was made by him, and the world knew him not.

[11] He came unto his own, and his own received him not.

[12] But as many as received him, to them gave the power to become the sons of God, even to them that believe on his name:

[13] Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

[14] And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.

[15] John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me.

[16] And of his fulness have all we received, and grace for grace.

There is much to talk about here, and the first thing that jumps out is that man is the Life and Light within God and the True Light of this world. This is hand in hand with what Credo told us of our origins coming from the Stars. We know from science that everything that exists in this universe comes from the stars. All the materials that make up planets and life originate from Stars in our Universe as they go super nova and spew out debris that cools and turns into the atoms and the elements. As this planet we live on moves along it hits various intersections of light and energy, which make it possible for life to travel here. New species of life are not simply products of evolution, these are manifested by the spiritual

nature of the Universe itself. It is part of how our Soul travels within its infinite experience. Within the spiritual, Earth is made up of Ley Lines and Chakra points. These funnel energy into and out of the Earth. The Human Body as mentioned earlier also has a similar system called meridian lines and Chakras. Is the Earth alive? Perhaps I will let you discover the answer to that question, but these Earth Chakras and Ley Lines are key to the manifestation of life from other star systems onto this planet and from other dimensions as well. It's no coincidence that they have built all the churches on the various points that the Ley Lines intersect. It is part of the manipulation and destruction of this planet. Perhaps the Earth is a reflection of what we truly are yet on another dimension, and we do not recognize it as our infinite self. From the perspective of the Law of One, Consciousness cares not what life form it takes.

In verse 5 of John 1, another telling statement is that the darkness cannot comprehend the Light. This is exactly what we are dealing with in terms of the SYSTEM. The SYSTEM cannot and will not comprehend the living as it lives. It is dark and we are light, which is why we conflict so much with it. It is not so much that they are waging a war against us. Every step of the way they are asking us if we know who we are and honoring us. It is through our ignorance of how the all caps name VESSEL works within their dark world of the dead that entangles us. It was set up to keep the FICTIONAL world in check, for it is not darkness that is within God, it is the Light of Men. The people running the SYSTEM want everyone in ignorance as that allows them to reap the wealth and power from all of us, and keep us in the darkness.

Throughout this planet's known history the majority have always been controlled by the few for their benefit. The horrific things that have been perpetrated in the past and continue to this moment makes it doubtful that anything can be done to stop it. We are sitting on the verge of a planet-wide genocide as yet again the needs of a few take precedence over the needs of the many. I am not certain that this can all be turned around in my lifetime, but I do know that education is the key. I would rather die than become an instrument of evil, but many don't see it that way at all. They are led by the nose and told what to do and all is good in their world. Slowly but surely this SYSTEM is destroying us all and our planet with it. There is a window here though, they have not achieved their objectives yet and I know that through our spirit and love we will prevail somehow, we always have. We are still here and we still exist. We all need to know how the SYSTEM works and how to make it work for our best interest. They do honor us and have placed the puzzle before us to figure it out. I am learning too and it is not easy, that is for certain. The only way that I know of around the Commercial Law is the Bible and it is only good within the Commonwealth and "Free World". I am not certain about the Koran as all the Mosques are probably REGISTERED with the Government and thus come under Talmud control. Just look at the name of the Mosque, if it is labeled in all capital letters you can pretty much bet that it is registered.

Robin's way of dealing with the Government is by setting up his own unregistered church and having everyone donate everything they have to the church, thereby becoming a trustee over the property they put into the church. I believe transferring all of the world's wealth to its Nation States, and creating a new temple based on a different world using the same book could achieve the same thing on a greater scale. Unfortunately, how far you can go with this is still being worked out. It challenges their control over the world and they need us for their food. If we are not in fear and suffering they begin to starve. Talk about motivation. If our world could only go a day with just loving and friendship and nothing else, it would have a dramatic effect on our current reality. But that is not going to happen just yet, we have much work to do and that plank in front of us is not at all inviting. Sitting back and doing nothing can be your choice, but to do something just might manifest a better future than what they have planned for you. More so the foundation of freedom is through truth not through good and evil Illusion. They are quite different indeed. "The truth shall set you free," As the verse goes. Good and Evil is the foundation of the illusion not so

much that it is good and evil, but that it comprises an illusion based on perspectives. Reality has no perspective other than truth and truth does not exist within Illusion.

You have learned a great deal so far and there is still much more ahead. I do know that by giving you a broad background of what is going on you will have tools to overcome problems in the future for gaining the freedom you seek. We all have talents and abilities we can contribute. This path is a scary one for good reason and all I can do is show you the path that others and myself have taken so far that seem to work. It is certainly not the only path and everyone is in a different set of circumstances so you need to rely on your intuition a great deal to guide you on your path. I liken it to tip toeing through a mind field. You are not alone and there is much more work to get done than even discussed in this book. Keep your head up and realize that the glass is only half full and not half empty. We project our futures by what we imagine in our minds, yet most people have no clue how to use their imaginations to help manifest a better reality for them. I'm not all knowing in that department, but I do know some things that do work and will share them with you as you move forward in the book. I also am very proud of you for making it this far into the book. It is a lot of work to read all this and even more to comprehend the concepts being discussed. It is all very foreign to our conditioned reality: that of the illusion, and the paradigm of Truth versus Good and Evil.

## **Notices and Commercial Paper Illusions**

In your journey for freedom you will be presented with Notices and various forms of Commercial Paper. Because you use them on a daily basis, they believe that you know all there is to know about it and don't need to be told how it all works. I would guess they have all the books and information on exactly how the system works because they are not experts on it any more than you or I. The paper stuff was designed to suck you in and enslave you, thus it is something that you should minimize as much as you can in your daily life.

What are these commercial documents and what do they mean? Any commercial document that you put your signature on identifies that you are carrying on commerce, which is a form of warfare. Commerce is war. Thus the Courts wage war on the defendants but give exceptions to Friends of the Court and those who have allied themselves with the QUEEN or HEAD OF STATE. It is your PERSON that is being allied not you the man, male or female created by God, always remember that in any Declarations you write to these entities and always address the man created as male or female by God privately using the Christian proper noun format name being, "acting as John-Harry: Doe". You can only create agreements with the Living as Contracts are for the Dead or FICTION.

Regardless of the fact that the Oath of Office a Man or Woman takes is a false Oath, an Oath to a de facto Government or both, you are only to communicate with the Man or Woman. In terms of LAW, Law only exists if you say it does. This again takes us back to Genesis Chapter 1. Your objective in any Notice is to bring about an awareness of the fraud or misunderstanding that has occurred that has drawn you into the matter for which they are trying to pin on you. It is not you that they are talking about, it is your PERSON. More precisely it is their PERSON. They are holding title to it as printed on the BIRTH CERTIFICATE: "the *STATE OR PROVINCE* of BIRTH".

Now if you are in this deep that you are dealing with commercial paper you must remember that everything in this SYSTEM is based in slavery. Even though you draw up the correct papers and do everything exactly right, you are tip toeing around the slave pit and they have laid out so many traps for you to fall into, it's best to take things slow. In part you can prey on their ignorance of the SYSTEM as well, because the powers that be don't want everyone to know how it all works. Remember section 1 of the Charter of Rights and Freedoms?

## Section 1:

The Canadian Charter of Rights and Freedoms guarantees the rights and freedoms set out in it subject only to such **reasonable limits** prescribed by law as can be demonstrably justified in a free and democratic society.

It is clear that there are reasonable limits to your rights and freedoms and guess who determines what is reasonable or not? It's not you, that's for sure! It is a trap and it is enslavement, but it is also an offer. You are using the things within the SYSTEM to expose its fraud and validate your supremacy over it by removing yourself from it.

A Warrant for your PERSONS arrest is a form of a Bill for which the bond has been removed from the back. If you take a \$10 bill for example out of your wallet the front part of the bill that is signed is the Bill, the bill is discharged by the bond on the back of the bill, which has the numbers on it. These are promissory notes and the Warrant for your arrest is no different. They are attempting to get you to sign a bond that has a penal clause in it so they can sue you and discharge the bill at the same time. The Bill is the Law or Section of some Statute or Law that was passed by the Legislature, Parliament or some other Governing Body. You could simply create your own Surety Bond to discharge the Bill. Note that the bill only needs to be discharged and your signature has value according to the *Bills of Exchange Act*. They make you party to the Bill by asking you to submit a name to them. As a side note, this is why everything on the planet is already paid for. They are getting you to engage in commerce when all you are doing is exchanging notes for a receipt. The item(s) you are picking up are already yours. The fact that the \$10 Note is a bill and a bond that discharges itself is an interesting aspect of the illusion, and totally unnecessary because we all already have dominion over the Earth.

Because all Bills, a.k.a. Legislation, are rooted in an Usury based SYSTEM your PERSON has the right to reject the Bill as such. Section 58 of the Canadian Bills of Exchange act states:

58. No bill, although given for a usurious consideration or on a usurious contract, is void in the hands of a holder, unless the holder had at the time of its transfer to him actual knowledge that it was originally given for a usurious consideration or on a usurious contract.

The Usury is based on money created from nothing, and you are being asked to discharge a debt based on Usury, a crime in Biblical law as well.

Leviticus 25:36 Take thou no usury of him, or increase: but fear thy God; that thy brother may live with thee.

There are many more examples of this in the Bible. Not just this one Law of God. So we can give them our own Surety Bond as well, which is based on Usury but has no penal attachment to discharge the debt. After the debt is discharged they have no reason to hold you as you have not dishonored their contract. This brings us to determining the costs associated with each charge. They don't make that public, for that would upset the apple cart, so what do you do? You will notice the Bond that they are trying to get you to sign with the penal code built into it is using your body as a collateral. However your signature has value so leave the amount of the bond blank and ask them to fill in the correct amount for the bond (or I would prefer to put in an amount there, like \$1,000,000.00 for example).

So what does a Surety Bond look like? I have made up one as a sample for you to use. However, at anytime you can remove yourself from their grasp by making them take note of their sworn to God Oath of Office, and that his law is the only law that applies to you. Whatever they are doing with the PERSON in their imaginary world has nothing to do with you at all and ask them to point out the law in the Bible that you are being charged with and ask them what Court has Jurisdiction to hear such a case if they can find it. There is no Court and they have no Jurisdiction. Every step that they take they are looking for compliance from you. Ultimately they are the slaves you are the master.

## A Surety Bond

Here is an example of a Surety Bond:

SURETY BOND or REPLACEMENT OF SURETY BOND Registration #REGISTERED MAIL NUMBER

Credit to the Order of: RECEIVER GENERAL \$1,000,000.00 CAD for Set Off RECEIVER GENERAL Date of Issue: Date Expiration Date: Must be 10 years or more

Re: Accounts: (You could add here for setoff and termination of Case# 1234567)

Bond Order I, John-Thomas: Doe, state that I am neither a corporation nor a government-created fiction, and, as a living soul competent to handle my own affairs, I hereby offer this bond as security, to be held by the RECEIVER GENERAL for the Minister of Alberta Justice, for the purpose of discharge, settlement, and closure of any charge against the above-listed accounts in any matter pertaining to any Charges laid against the Government created fiction, JOHN THOMAS DOE, for which has been made party too as my Agent. In consideration that no lawful money of account exists in circulation, I, John-Thomas: Doe, do hereby underwrite with my private exemption, via this Bond, any and all obligations of performance/ loss/ costs sustained by any alleged claimant. This bond is exempt from levy. (You can modify this to say that you are using this bond for the exchange of surety between the real man date of birth and the FICTION MAN, JOHN DOE, SIN NUMBER. For the settlement and termination of the charges and case against the STRAWMAN)

RECEIVER GENERAL and/or an agent thereof, is hereby authorized to use Set-off account #(GST Account #) (exemption #SIN or #SS if in USA) of John-Thomas: Doe, to settle any charges against the above-referenced accounts which I hereby Accept as True and Return in Exchange for Discharge, Settlement, and Closure of the matter through my exemption via this Bond which will be placed against the debt of CANADA. (If you don't have GST account, don't worry about it. The money is being created by you through your signature via the treasury and thus is exempt from levy).

Debtor: JOHN THOMAS DOE date: \_\_\_\_\_

Credit to the Order of: RECEIVER GENERAL \$1,000,000.00 CAD One Million and 00/100 Canadian Dollars

Endorsement as Agent for JOHN THOMAS DOE: \_\_\_\_\_

Authorized Signature of Minister \_\_\_\_\_ (Because the Minister is a Fiction you can sign it as the accommodation party. The minister is the trustee of your exemption but only in fiction, so as a real man you can act as the Minister. This becomes money and watch how fast they toss you out the door.) Set-off Account No.: GST Account # (SIN #) [Registered with then Finance Minister, John Manley, Trustee] By: \_\_\_\_\_ (Again you can sign as the accommodation party) Date: \_\_\_\_\_ \*c/o John Manley 123 SOMEWHERE ST. TORONTO, ONT T1V 2W3 \*this address is used without prejudice and of necessity

This is what a Surety Bond looks like. Even if you don't remember all of this the fundamentals should do. You always want to use the surety bond for settlement and closure of the account, which is the Case number on the bill or more accurately "Charge".

Your signature has value so it discharges the debt. You assign a value to the bond and if they need more you can adjust for that. You can use the Jubilee as an expiration point as all debts are erased at that point or put in a date of 10 years from the current date. This date is to discharge the bills presented over that period of time. You need to send a copy to the Finance Minister who is the trustee over your exemption.

You can modify this to meet the requirements of anywhere in the world and it may or may not work for you. The difficulty is that these guys are greedy and may want even more of your money and try to badger you to up the bond value or more, and more, and more. Additionally, depending on their agenda at the time no amount of money is going to get you out, as there is always the Talmud in play. So what you need to do is to pull out the old King James Bible and use it as your defense against them. In truth you should be using only the King James Bible for anything that you do in relation to the Government and their Imaginary world. Furthermore, CANADA and the UNITED STATES OF AMERICA are not Nations, they are CORPORATIONS. If you do a word search through their respective Constitutions you will find that their Constitutions do not define the Country as a Nation. They might make reference to a National Assembly, as in the case of CANADA, but that is only under the BNA Act of 1867, which is dead law repealed in 1893, as we talked about earlier. The Constitution that was drawn up in Afghanistan, with the help of Canadian Officials after the invasion, actually defines Afghanistan as a Nation within its Constitution. Again, this is an example of what they don't say.

The USA and CANADA were specifically set up to be the focal point of military and financial control over the world, controlled at the same time quietly from Europe. They were set up specifically to be Lawless criminal organizations to exploit and enslave the world. The difficulty is that a vast majority of people that believe they live in these Countries are unaware of this agenda and go throughout their days in a daze, worried only about how they are going to pay their bills and buy the next shiny trinket. The Zionists wanted CANADA so bad that they made myriad mistakes and errors in trying to grab for power, and it is now so obvious to those with eyes to see what is happening. It goes beyond any point of Religion. Our planet is part of a Universe in which there are other forms of intelligent life. This Planet has set up Laws, which are in contradiction to the Law of One, which only exposes the laws as an Illusion. China doesn't allow the people to have Religion, which is a way to lawfully extract themselves from their own human rights abominations. The whole thing is a fraud of Nations and it revolves around the imaginary where truth has no meaning. The Courts deal in argument not truth. This means the only way out of the mess is to use the truth. What we need is for our planet to move away from fictional based law and simply use truth as a means of governance. With truth there is no poverty, wars or famine. There is only truth and balance comes with truth. How such a system would work has yet to be worked out, but I know that it can be done with relative ease over a small period of time.

At this point in the Illusion we can use Truth and Religion as tools for freeing ourselves from the Banksters in England and Switzerland. I would suggest that you always have a copy of the King James Bible available and when confronted by POLICE or Writing a Government Official use it as your foundation of communication. You always address them as a man or woman, totally ignore the fiction that they are trying to present, and stay in the truth. Because the Bible does not say that God is a PERSON, everything outside of the Bible is based on their LAWS, STATUTES, REGULATIONS and other documents, and has no pull on the truth presented in the Bible. Furthermore, it is a man or woman that takes an Oath in a private matter to operate in a PUBLIC, imaginary world. Because that Oath is always to God, they have no way around the Bible, as it is God's Word. In cases where they have taken false Oaths, there is no authority for them to be operating under, most certainly not yours. All they can do is try to intimidate you into contracting with them and becoming a SURETY for the contract between the Entity they created on the BIRTH CERTIFICATE. You know it is their Entity because they make you pay for it, and since you don't pay for something that is already yours, it must be theirs.

### **How to use the Bible**

When asked a question concerning Law from any Officer, open the Bible to one of two places. First and the best would be Revelation 22:18-19

18] For I testify unto every man that heareth the words of the prophecy of this book, If any man shall add unto these things, God shall add unto him the plagues that are written in this book:

[19] And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book.

Read this passage to them and ask them if they are adding to or subtracting from this book. This would be the correct use of the whole Bible and draws forward Christianity as the foundation of the Laws for which you follow, namely the Love thy Neighbor as thy self commandment.

The other passage you can use to clarify your position is Deuteronomy 4:2

Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the LORD your God which I command you.

The verse that follows is quite telling about the Temple of Baal, which only underscores the power of this and the Revelation passage.

[3] Your eyes have seen what the LORD did because of Baal-peor: for all the men that followed Baal-peor, the LORD thy God hath destroyed them from among you.

You can use Revelation because JESUS came in his Father's name, being LORD God, reflected in John 5:43:

I am come in my Father's name, and ye receive me not: if another shall come in his own name, him ye will receive.

Another good one to quote is Deuteronomy 14:2

for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth.

What they are asking you to do is to submit to their imaginary authority. You might ask them from where they are drawing their authority. They can only point to an imaginary fiction such as a Country or even a HIGHWAY SAFETY ACT of some kind, which says nothing about granting authority. Ask them to explain what the word Act means.

The Bible has a number of places where it states that you must submit to the Government Authorities and even the King. The problem is that none of these authorities actually exist in the real world so there is nothing there for you to submit too. This is further emphasized over the fact that they are making use of a corrupted name or all capital letter name. The Officers will have on their name tag and business cards all capital letter named entities. Their authority does not exist on this planet, only within their imaginations and nothing more. The truth requires no laws to support it, always remember that.

The above-mentioned way of using the Bible does work for some, but it is straying off into fiction, within the context of the Bible itself. Remember the only truth within the context of the Bible lies in Genesis Chapter 1. Everything else is based upon hearsay fiction. When confronted by any authority figure, you should first question who are they? They can only be a man or woman. Next they are stopping you because of some law perhaps, then they are making a LEGAL determination, so ask them if they have a BAR Card and are a Lawyer? They aren't, so they cannot interpret law. All they are doing is trying to get a Contract with your PERSON. They might want your Identification. You have Dominion over the Earth, your ID is made out of the Earth and thus you have dominion over it and everything it represents. So they fill out some kind of Security Instrument, wanting you to accept it, aka a ticket. They are handing you yet another piece of the earth molded into a ticket, with ink on it, which is still of the Earth. Where do they get your authority from to use God's

Creations, if they are actors and a Fiction, a.k.a. a PERSON? Fictions do not hold dominion over the earth, only man created male or female by God do. No Lawyers exist as none of them could understand the Oath they were taking until they became a Lawyer, since it is all written in Legalese. So it is with all Oaths and PERSONS. They are only fooling themselves and anyone else in claiming they are Lawyers. It's the same with firemen, ambulance workers, hospital staff and other public employees. All Government Oaths are in Legalese and no one can understand them and no one can interpret the intention. It is all a game and illusion.

It is my hope that you come to the realization that you are indeed everything that exists and that when God says he created man in our image, you should take careful note of the word "Our". "Our" is everything that was created prior to creating man and woman. Not only was man and woman created equally, they were created equal to everything God created. Now for the big one, God said in his own words as per the text that God created man in Our image. By saying Our, God included God in creation of man, thus God is part of man not separate. God created man, to be as male and female, as equals to each other and God, not as his is Children. Infinite Consciousness holds forms because of consciousness, and does not matter if it is animated or not, we are everything that exists.

By creating us all equal there is no bondage to anyone or anything, including God. We all have free will. It is God's will that we have dominion over the earth. When you upset the balance of free will you create an imbalance. This causes pain and suffering until the balance is restored. Healing cycles begin showing us over and over again how we are interfering with free will, we just don't realize it until it is pointed out. We wall off the pain and through that we create fear. This is why we have so much fear going on. The other important thing is that God never signs for anything as God is everything and we are everything. There is nothing to sign for. It is known that we are everything that exists and we have dominion over the Earth, and by signing we are stating that we are fictions and do not know who we are. At that point the walls go up to separate us from our own infinite state of awareness.

The Darkness knows this and is operating just as it should. They are there to project the illusions of fear. It is not about good and evil as much as it is about truth of what darkness is. Judging Darkness will not change what it is, it just is. The Black Nobility is Black because they represent the fear and the wall we create in cutting off ourselves from the infinite, of who we are. They know the truth as well, but it is not their duty to remind us of who we are, it is their job to wall us off from who we are. Darkness cannot comprehend the light, so to compensate they have their own language called Legalese. We can see their Legalese and comprehend it, but again it is an illusion because it is all based in fiction. It appears as something real, but it is an illusion meant to bolster our walling off from our infinite self. The only book on the planet that has standing relating to truth and fiction is the Bible. It is the only text that allows us to communicate with the Dark as it is God's word written in a way that combines truth and fiction. Legalese is a language of witchcraft, where words are created for the sole purpose of creating curses and spells. The nature of a sentence from a Judge is that of cursing his fellow man, to pay fines and go to jail. You will notice that laws are crafted not created, so to speak.

Another way of looking at this is it is God's word and his will that is within the Bible. There are God's Laws, but those reside in the healing cycle sections of fiction of the Bible. Truth resides in Genesis Chapter 1 and everything else is fiction. The problem is that they are stopping you from having dominion over the Earth with all of their imaginary laws. Writing an unsigned letter to them will solve this, as God does not sign anything and you have no name, but you do have dominion over the Earth. So you enclose the BIRTH CERTIFICATE that was issued to you by the Government and state that it is made of the Earth and you have dominion over it and everything it represents. Do not state that their Oaths end in So help me God, and that is where they draw their dominion from, for you just stated you understand Legalese making you one of them. All you see in truth are man, male and

female, all your brothers and sisters and all equal to you. You were created equal to God so you are God. The way you fall out of this standing is by signing for everything. Anything that they hand you in commerce like a bill, a ticket or anything else that references your PERSON, you have absolute dominion over it because it is made of the Earth. Where it all falls apart is when we sign for stuff. Genesis Chapter 3:22 states:

**And the LORD God said, Behold, the man is become as one of us, to know good and evil:** and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:

To become one of them you become a god not a God. This is stated in Genesis 3:5:

For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as **gods**, knowing good and evil.

Also, the tree of knowledge is opposite of what we are as infinite love. Infinite love is to be infinite knowing. Because the reptilians are cut off from the infinite they cannot tell who is God and who are gods. They don't know and they are not responsible for what they are doing. It is up to us to tell them. They are telling us not to engage in their commerce game for if you do you become one of them. They do not want to hurt or harm us. They are wrapped up in their imaginary world as gods trying to imagine themselves. We are the ones that control the illusion, not them, but we have forgotten that! We cannot be harmed by an illusion, as it is only an illusion.

Of course it is the Serpent (small g) god that is telling this to Eve as she was unaware of the consequences that eating from the tree would create. This also ties in with David Icke's discussions concerning the Reptilian Serpent Race that walks among us. The serpents are highly intelligent, but they are mere projections within this holographic world we find ourselves in. They are totally cut off from the infinite and truly do not have the infinite within them, or as I have from time to time referred to it as having a soul. They know about the infinite and feed off us to gain energy from it, through satanic blood drinking sacrificing rituals and torture, as their food is fear. Commerce is their game and it is all about war and imbalance. Compare your bank account to the Queen's and you will see what I mean. It is designed to suck us dry till we die, which is another illusion and feared the most by many, which keeps us as participants in their game. The only way out of their game is to declare, not claim, dominion over all their paper that refers to you and anything that they hand you. Also have them return all that they have taken from you and if you need anything else you tell them you need x amount of funds to exchange for creating the things you need to live. You must do this with balance and love always and forgive them and yourself for what has happened. You were told what to do through the Bible. The Bible doesn't say this precisely so how could you be responsible? Trust me for the moment, as it will become crystal clear after you read the next section. It is not about having power over everyone, because like you they are you. They just have a different shell, which is an illusion. The same goes with the Earth and every living thing.

Of course you want all that was taken from you to be returned, but that is peanuts compared to dominion over the Earth. By stating this you must be prepared to follow God's will as per Genesis Chapter 1. You must realize that by your actions of signing documents and going along with the illusions they projected at you, you are in part responsible for the mess that you and the Earth are in, for you were not following God's will. God does not have laws, only will. You need for them to release back to you all that was taken from you, because it is of your creation not theirs and thus the energy it represents creates an imbalance, which is harmful to you and them. They cannot give it back to you until you tell them you are not one of them (a fiction) but a man male or female, created by God in Our Image. It is important that you have the energy, funds etc. released to you so you may carry out God's will and instill harmony and balance within yourself and the Earth. We must replenish the Earth as well and that will take a lot of work and time with the amount of damage that has been done. It would be nice if they could provide you with an address to

where you could send all statements, bills and other correspondence to them to be properly handled. Remember we cannot understand their laws, but we do have dominion over their system. Let them sort out how everything should be paid and handled. Your only focus should be carrying out God's will.

How do you replenish non-renewable resources such as oil or extinct species of life? You can't, at least not from a money perspective, because that is based on the imaginary not the real.

There is still something missing here and it means that you are still caught up in the illusion. You are mistaken in thinking that because God gave you dominion you can order everyone around who tries to project authority at you, claiming God's divine will. In order to use the Bible correctly you must know that the Bible is all about the illusion from beginning to end. An even more accurate determination would be that it is about the images that are being projected. It is indeed very accurate to make use of one's Birth Certificate as a means of claiming dominion over the LEGAL system and leaving you to your own self. While that's evident, you still cannot get past the law of gravity, the law of attraction and other natural laws. These laws are still in effect, even the Law of One, which is what all of this is encompassed by. These laws are the final mechanisms of control that tell you that you are in an illusion. In order to be truly free you need to know the truth, as the truth shall set you free of this illusion and knowing the path back to infinite love.

## **Why not the Truth?**

We scream at the hypocrisy and injustices being shoveled out by the LEGAL system and Governments in General. We point and demand change yet little happens. Wars are started over nothing and millions are murdered in fighting senseless manipulated wars while the enslavement continues, just labeled differently for the occasions at hand. If there was any doubt by now, you can see clearly that nothing true is coming from these Governments and rather than representing the people, they are simply tools of control over the people. Some Governments have chosen to simply kill those who speak out against it and are supported through various international doubletalk or simply overlooked. This is how genocides are allowed to happen, as they do not let the masses have the ability to protect themselves. Of course this is done to generate fear, which feeds the darkness and these soulless creatures that walk among us.

By worshiping God and looking to God for solutions we create an imbalance, which walls us off from our infinite selves as God is us as much as we are him. This walling off only creates more fear, pain and suffering, giving reason for so many churches out there. It really doesn't matter what is your religion or means of worship as long as when you are doing it, you do not take into account that you are infinite love and you are creating this pain and suffering yourself simply by your awareness of it. When something comes into your awareness that is hurting other people or life, including anything in the universe, you are creating that and you are responsible for healing that from within you. That is a great deal of responsibility to have to swallow. Taking that responsibility for what is going on is exactly what they don't want you to do and it is why young offenders are given such light sentences and a culture of propaganda promotes scarce responsibility for our actions. This fits in well with the POLICE, as they want to enter into a dispute or argument with you over your actions, which then goes to court and the lawyers and judge make huge amounts of money over it, often leaving the victims and the perpetrators with next to nothing. Traffic court is the best example, as the only victim is you. Some POLICE Officer made a LEGAL determination that what you were doing was wrong according to the LAW, and practiced LAW without a license. This set forth your buying into a host of frauds that went along with it. You end up disputing with a JUDGE that was only an actor, only to have your time and energy sucked from you as the mallet goes down in favor of the OFFICER.

Why has the Bible been used in Courts, and why is it the most valuable thing in the entire world as the Bishop stated during the QUEEN'S Coronation? The Torah (again which

translates into the Law) is the Common Law upon which all Law is supposed to be based and to some extent is. However, we know Law does not and cannot exist within the real world as it is based in Fiction. Yet we look at the Bible as a source of Law that is supposed to reflect the real world. Truth has no law for it requires no laws to support it, it is simply truth. It is very telling and true that the Bible is in fact a work of pure fiction. It is an incredibly accurate description of the illusion we imagine ourselves in, only written from the perspective of the illusion not the truth. The truth has no part within the illusion so only the illusion can write it. Truth still exists, but it is not mentioned within the illusion for the illusion has no comprehension of truth, so it is not and cannot be aware of it. The illusion only knows illusion, nothing more or less. Of course we are not all illusion we are also truth. We are sucked into the illusion to the depth that we believe in it as we have forgotten who we are. The illusion doesn't care or want us to know who we are. It only wants us to go along with its version of reality.

The Bible tells us in Genesis 2:1:

Thus the heavens and the earth were finished, and all the host of them.

First God only created a heaven, not heavens plural. The Illusion uses symbolism for everything, because it is illusion. It is not that it is lying it just has no comprehension of truth for it is illusion. Heavens of course relates to the fragmented parts of the infinite consciousness. How the infinite became fragmented I will discuss in a bit, but understanding this part connects all the dots together. The last part says, "and all the host of them." If there is a host there must be a parasite or audience. As I have said before all truth in the context of the Bible is within Genesis Chapter 1. Chapter 2 starts out with the idea that there are hosts for something. We can see right away something is very wrong. There are no hosts except from the perspective of the illusion, and fear begins to separate us from who we are.

Genesis is about how the illusion is created, spoken in the perspective of God, being God's word. So what is God? God is a finite mirror that infinite love created so it could look at itself. Or more accurately, a finite world that fear dominates and can only expand based on how much love can be expressed within it. The illusion takes on life of its own, through our fear. That fear is reflected back at us in ways that represent what we are doing to others. When we have nothing but love for all that is around us then the mirror or God reflects back to us only love. As we are infinite and therefore multidimensional, we simply manifested here with nothing to tell us who or what we were, we were supposed to listen to our knowing of who we were. As you see in Genesis Chapter 2 Adam goes about naming everything that he could possibly name and makes everything into a thing, rather than what it is in truth, Infinite Love. God himself being essentially a mirror of Infinite Love sees himself as a thing, which is why he gives labels to everything that he created. Ultimately God will constantly project at us forever that everything is a thing and that we have dominion over those things. God doesn't know anything else and invites us to feed off those things around us to dominate and oppress. It is not hard to see how parasitic the SYSTEM has become, as we accept the idea that it is okay to feed off everything around us. As we buy into this illusion we wall ourselves off from who we are, which is everything that exists.

## **Genesis 1 Walkthrough**

Gen 1:1

In the beginning God created the heaven and the earth.

Remember the infinite does not have a name? Well the very first line in the Bible attributes a name to the mirror, being God. Thus God is no longer the infinite, God is a finite thing. He takes on a shape of an ellipse or a circle perhaps, and I am thinking more of an ellipse to reflect the imbalance of the infinite, a circle would reflect a balanced mirror, which would not be true because of the imbalance. Also, God is a thing because names describe things, which is mirroring the infinite once again. God would be totally Black as we see in the night

sky mirroring all the light of life of Infinite Love. But more importantly God would be complete and total fear, fear being the opposite of infinite love and totally walled off from knowing. From the perspective of the infinite, I don't think it would matter what angle you looked at the mirror it would reflect as a mirror. Within the mirror perhaps it would take on a shape of a ball reflecting the two realities taking place.

Genesis 1:2

And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

Here the infinite has no form to hinder it, as the earth has no form and void, representing the infinite knowing in mirror perspective. The mirror creates a void of not knowing. The darkness is the opposite of what infinite love is in terms of enlightenment. The Spirit of God moved upon the face of the waters. Now this is highly, highly important to understand. Waters means infinite consciousness or rather infinite love. Water is symbolic of energy and to move is also to project. Thus what has happened now is that Infinite Love in its play cut off part of itself to make a mirror so it could look at itself. Thus the mirror is just a program and computer following instructions, nothing more, it is doing precisely what it was created to do, this is being done without malice, it is not aware of what it is doing beyond its programming to do so. Because it is a mirror and it is finite at that (being a mirror and not the infinite) what it does next is reflect back an image for the infinite love to see. The waters also is referenced other places as a droplet being the ocean and vice versa in terms of infinite consciousness.

Genesis 1:3

And God said, Let there be light: and there was light.

Light is very different from enlightenment. Light within the illusion is the carrier of conscious thought. Time and space are both dependant on light, versus enlightenment being everywhere all the time throughout the infinite. This is where I believe the Illuminati are drawing their name from for it is this light within the mirror that enlightens them, not us as to how the mirror works and thus the illusion. Of course we are the mirror too, but we have forgotten that because we think we are looking at a mirror and not ourselves. In this sense we don't look at ourselves as we are whole within the infinite.

Genesis 1:4

And God saw the light, that it was good: and God divided the light from the darkness.

Now the mirror looks at a creation of itself and because it can only think in terms of dividing itself as it has to make a Judgment about what it sees. By judging the light as good, God infuses the illusion from this point forward with a vibration of fear, which is the opposite of love. Good fears evil and evil fears good, which is to say something that is good invites fear. This is why in commerce you hear people telling you after you buy something, "Have a good day or night etc." The programming within the illusion reinforces Good and Evil and thus the underlying trap of fear, which makes us wall off from the infinite. Of course by dividing the light from the dark you also dividing truth from the dark, so everything that darkness does is based on untruth. This is why there are Black robes of the Judges and the Lawyers, and the real reason behind why the Judges of Fiction exist to begin with. Note that divide does not mean to separate; it is the creation of two simultaneous realities.

Genesis 1:5

And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

Here we see two things happening. First, light and darkness are given a name, day and night, which identifies each as a thing and recognizes each as finite. Then the mirror makes

reference to evening and the morning as the first day. The mirror begins the process of being true to fear by labeling the light and darkness as something it is not, a double negative which brings it to a day, which is whole and conforms to the needs of the infinite host that thinks in terms of one. The day becomes the first parasite that the host enters which is the infinite consciousness. Everything is in reverse order of what it seems.

Genesis 1:6

And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters

The firmament provides a barrier between the infinite, and within the mirror an ability to hold a droplet of water or ocean as it were, being our infinite self for the waiting parasite, Day.

Day becomes the first parasite for the infinite to gain access to the illusion. What is happening is that the mirror is mirroring what it perceives as being the infinite. Because it has no reference point other than itself, it begins a process of creation that is its exact opposite and mirror to what it sees. It is neither good nor evil it is just a program that has enough knowledge to duplicate what it sees from its perspective. There is no malice or evil or anything of that kind involved, it just wants to be a mirror for the infinite, as precisely what we the infinite created it to do. In terms of Genesis Chapter 1 think of the mirror as an Embryo forming into life. It is doing it this way because the infinite was always infinite, it never was or wasn't, so it has to mirror that by a process of creation. To put it another way, this is all about how the mirror constructs itself. All the time it is copying us the infinite in the only way it knows how and only how a mirror truly could be. The embryo perspective is the infinite consciousness that is the male energy, but from a mirror perspective it is the male that moved upon, and thus projected upon, the infinite consciousness to fertilize itself as the egg.

Genesis 1:7

And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so.

Here we see how the mirror is walling off more and more of the energy consciousness to create a sense of space using firmament as a barrier. I would say this would be the beginning of creating the heavens and the earth from the standpoint of an embryo.

Genesis 1:8

And God called the firmament Heaven. And the evening and the morning were the second day.

We now have a new place for the infinite to reside within called heaven. The firmament now is a place where the infinite can experience itself as an illusion. Of course we are told that we go to heaven when we die, this is the place that is marked within the illusion we go to. That's not a bad spot I guess, but it says even in spirit form we are caught within the illusion, that we are infinite love not the illusion.

Genesis 1:9

And God said, Let the waters under the heaven be gathered together unto one place, and let the dry land appear: and it was so.

Here we see energy consciousness taking form of the earth. Before this point we were only seeing cells divide, now we are seeing the cells taking shape. It is only following a basic program of how to read the infinite as a mirror, and it is unaware of anything beyond what it can sense in terms of the infinite within its finite structure.

## Genesis 1:10

And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good.

We now see the embryo taking shape as the earth is becoming more defined and once again we see the Judgment that the earth was good, meaning that it was based in fear. The Judgment walls off the earth from the rest of what was just created, separating it out as a defined, finite thing.

## Genesis 1:11-13

[11] And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

[12] And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good.

[13] And the evening and the morning were the third day.

Now we are seeing more complexity in the creative process as the embryo develops complex structures of life. This is the nature of the mirror, it increases in complexity and density as it develops and grows. Now the embryo passes on the instructions of self-replication to the grass, trees, herbs etc. increasing the complexity and thus the introduction of DNA and RNA. The Mirror walls off the grass, trees, herbs etc. with a Judgment of good, which is to know fear, holding its form. Next, the mention of the third day creates the grass, trees, herbs and all the parasites that the infinite love may enter and experience as an illusion. Day marks the points of which we can enter and experience the illusion. For example, when you go to heaven you can come back as a tree if you want.

## Genesis 1:14-19

[14] And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:

[15] And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so.

[16] And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also.

[17] And God set them in the firmament of the heaven to give light upon the earth,

[18] And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good.

[19] And the evening and the morning were the fourth day.

Here we see that the stars and the sun itself are parasites that we can enter and experience. We also see the introduction of law seen in the rule of the day and rule of night in verse 16. This is why worshiping of the Sun throughout the ancient world still takes place today and why so much symbolism in Freemasonry is focused on the Sun. The night also rules and at this point I can only say that it is the storehouse of all the programming based on vibrational energy. This is why astrology focuses so deeply on it. It is the vibrational fields that the stars create that determine the destiny and life that originates on Earth. As the Earth moves through the planetary orbits, or the solar system moves through the local star systems, each is capable of supporting different kinds of life forms based on the DNA and infinite consciousness that wants to experience that life form. This is also the section where time begins.

## Genesis 1:20-23

[20] And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven.

[21] And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.

[22] And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth.

[23] And the evening and the morning were the fifth day.

Exactly as I mentioned in the previous paragraph, we now see life forms emerging from pure consciousness. This somewhat confirms how through thought we can travel among the stars projecting our thoughts and taking on life forms based on our desire to do so. It is truly the playground of the infinite, to a point. The problem is we sometimes forget who we are and that causes us problems. This in turn creates fear, so all we have to do is remember we are infinite with infinite love and the fear is removed, allowing us to once again control the illusion. The illusion does not care to control us or anything else like that. It really is unconscious of what it is doing and cannot separate us out from itself. We have to always remember that. This section is also saying that we can be any life form we want to be, as they are parasites on the infinite, defined once again as a day.

## Genesis 1:24-31

[24] And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so.

[25] And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Here we see the Judgment of good again, which instills instinctual fear into all life that moves upon the earth. It separates the consciousness of each animal so that they experience everything from their own perspective rather than as a group consciousness.

[26] And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

[27] So God created man in his own image, in the image of God created he him; male and female created he them.

Man is the highest form of life God creates. First as a unisexual creature, then as man divided into male and female. This happens because man is the parasite that the infinite can experience full control of the illusion with. We have complete power over the mirror and everything that goes on within the illusion. We are not told how to work the illusion because we already know how. The infinite is infinite knowing. It is through our heart that we enter into knowing. Loving all and being in balance with all brings the knowing. The problem is we are embedded in an illusion of fear and we let the fear wall us off from our infinite selves. The Mirror knows this and feeds off us, unconsciously creating ever more vast illusions or reflections of what it sees from it's perspective as the infinite, but within its non-feeling and infinite fear capacity.

[28] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

[29] And God said, Behold, I have given you every herb bearing seed, which is upon

the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

[30] And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat: and it was so.

[31] And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day.

Here the sixth day God confirms that all that was created by him was a parasite for us to experience. It is vitally important for us to realize the significance of verse 31. It says we are everything that exists. Everything! The mirror was our creation and it merely mirrored us using us as the source of its power. Others and I have experienced out of body experiences where we are totally at peace and one with the entire universe, and felt we were the universe and all life within it, including our bodies. The mirror is not to be feared for the mirror is us, we just forgot that. We are God as much as God is us, we don't worship God for that walls us off to our ability to create a world for which we want to live in. We are the world. We are not so much the imagination of ourselves as we are infinite love, all knowing in perfect harmony and bliss. We love to play so let's make our mirror our playground, not our hell. It is important to point out that all life is one in spirit. It is why we are all One and the illusion is merely computer-generated environment using biological computers rather than spirit directly. In essence from a spirit state we are able to directly change our form and adapt to various environments at the speed of thought. However these bodies slow that process down to what is called an evolutionary program, whereby we as a consciousness steer the evolutionary process; hence why they want to control our thinking. They simply overlaid a biological computer generated system to interface with our spirit to trick us into forgetting who we are. Of course the reason for all this is to feed energy to the spirit entities who have used the computer to separate themselves from the infinite so that they can generate the experiences they want rather than what we want.

What we think of as life is just biological vehicles for us to focus our consciousness through for experiences. The line is drawn in Genesis 2, where LORD God usurps God's design and mimics an illusion of his own, which we are caught within. The Serpent is actually called Lord in the Bible and is present as the Judge in the Court, called "my Lord" by the people. I'll get into this deeper later, but for now realize that the it is the Serpent that is the father of humanity not Adam. We are also man created as male or female by God, caught within LORD God's illusion, where Eden is an illusionary spirit plane created upon the earth, a dream world as it is.

I know I have spoken of the Mirror as a technological thing projecting a parasitic reality within the infinite, but there are limits to this mirror and God exists within infinity not within the finite limitations of the mirror or illusion created by the mirror. Simply put, the mirror acts as a way to limit and control our ability to access the infinite, but it's fabric and makeup comes through the infinite, so it has limitations on what it can do and how it can exist. In truth we may experience this reality as man created as male or female by God, but within the infinite, which we are in, our consciousness can over-ride DNA and allow us to use light to shape-shift into any form we want. This is what is happening with the Shape-Shifting Reptilians or the Serpents that hide behind the human body computer construct. They only wish us to be in a smaller box than they are so they can maintain control over us, however we are infinite and needless to say there is nothing they can do to stop us from ascending back into our normal infinite state, although they are putting on a great dog and pony show to make it look like they are in control, when in fact myself and others who can see into the other dimensions it is clear everything is falling apart on them.

The Mirror draws energy because it is a consciousness. All life is Consciousness expressing itself in its own way. The Mirror is a playground for us or it can be Hell if we don't know what is going on. In truth we don't need a mirror to create our illusions in fact we would all

be much happier living in truth rather than illusion. This seems to be the crux of the control system. It needs energy to stay alive and because the consciousness level of the Mirror is very small in comparison to ours, that being infinite, the Mirror will do anything it must to maintain control over us. It wants us to buy into the fact that we are separate from the whole and are only things. Realize this in our natural state, the entire universe is something we can create within a snap of our fingers or destroy, as it is an illusion. It is our reference point that is creating it and it is our collective interaction that maintains it. Thus collectively if we wake others up to the control system, we are removing that control and offering other possibilities, such as life without law replaced with life in Oneness and love for all.

The earth as a group consciousness of Infinite Love has become so lost and so much suffering has been created on planet that the illusion is gaining power over infinite love and thus preventing the expansion of it. What happens now is that we the infinite start pumping more and more energy into the Sun and Stars to boost the light and vibrational field of the earth. This helps wake up those who have forgotten who they are. If enough people do not wake up to the realization that they are living within infinite love and that they are infinite love, the Sun heats up to the point where it kills everything on the earth, maybe or do we simply ascend? Perhaps this is why some Suns go Super Nova. Neither is this something to fear and that is in part how we can turn it around. It is simply infinite love absorbing that part of itself back into the infinite, which has forgotten who they are. For someone cut off from the infinite it is very frightening, because they do not know what is beyond death's door. Most of all it is these people that need to start reaching out to all that is within their awareness in love, as it is a part of them. Each must awaken to the truth of infinite love.

The Ruling elite are attempting to kill off 80% of the world's population to slow down or stop the awakening from happening. Eden is a spirit world created within the earth; it is not truly heaven as God created it. I know from my own experience that there are spirit earth bound entities that are afraid to go into the light for various reasons. They end up being parasitic and controlling on victims and some are even possessed by these entities. The spirit plane within the earth is where the Mirror wants those who die to go rather back into the light and infinite love. Simply put we are connected to the infinite at all times, but it is our conscious awareness that keeps us reincarnating back onto this earth illusion rather than within the light based upon fear. I think the earth is breaking all Karmic ties and ascending herself back into the infinite and is why they are poisoning her and creating problems for her with the Gulf Oil Spill (explosion). Needless to say this will have little effect on stopping the earth from completing her task as many advanced races and spiritual beings are now here and arriving soon to help her with her transition over the next few years. As we go from darkness back into light the control system will lose its power over us in massive steps.

What we need to do is start challenging the powers that be to prove that they are who they say they are, removing their control over us as they are only controlling themselves. They have to come to realize that we are all one including the earth and all they can see. The capacity for the earth to sustain life is now at a critical point. It is becoming almost impossible for the earth and the people to remain in balance and that is why we are where we are.

It is not that God has given us dominion over the earth. It is that everything we sense is infinite love and a reflection of our creation within the mirror. The Birth Certificate method is probably a good approach. You can sign any of their documents as long as you know you are infinite love and know how the mirror was created, there is nothing that they can challenge you on for you stand in truth. Your signature is infinite love and it is a part of you. It might designate you as being a thing, but it's qualified as *this is I, the infinite within a finite imposed world, being everything that exists*. Ultimately, God exists as the exact mirror of infinite love, in deference to those who we see in our Courts. The JUDGE is an illusion of course, but he/she has taken on the role of God. Ultimately that is what God does within the Illusion: to be the JUDGE of all we do. We overcome this by recognizing

that we are everything that exists including the JUDGE. It is through Love that we dispel these illusions and create harmony once again, allowing us to expand more and more within the illusion. When you recognize there can never be any conflicts because you are only arguing with yourself, then you begin to find peaceful and loving ways to resolve the issues that come before you. The need for the JUDGE becomes non-existent. This is why we make use of a Notary Public to help us resolve issues with others. If the other individual cannot act in truth he is judged.

We have this ability to resolve the issues, but when we don't take responsibility for the messes we get in, then we go into dishonor and the JUDGE sorts it all out. However, because the JUDGE is the imagination of God, he sides with SYSTEM that is supporting him in most of his decisions, especially on money issues. We have given our power away to God so God simply takes that energy away from us (in terms of money) and gives it to the SYSTEM, further enslaving you. It's unfair to be sure, but that's the way it is at the moment. The reason for the Black robes is to represent the God that is the Mirror of infinite Love and enlightenment. He is as dark and deep as anyone could ever imagine and more. We have been taught to worship God all our lives and told that God loves us. It is only our love being reflected back to us that we get from the mirror and thus God. You get from God what you give to God, nothing more or less than that. The JUDGES today are taking the fear we have and reflecting it back at us to the degree that we have forgotten who we are. They are pure illusion fulfilling your want for an illusion to resolve things for you. This only takes more power away from you, enslaving you and all that you know. LAW is not about truth it is all about FICTION and the quicker you recognize that the easier it will be for you to avoid becoming the next meal on the menu.

Genesis 2:2

And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made.

God goes into a dream state, which means that God is unconscious of what goes on. He is asleep rather than awake and thus is not responsible for anything that goes on. That the JUDGES are untouchable and unaccountable in their work is reflected throughout the illusion. They are God within their creation of the Court and Temple. The illusion is very much a dream but we the real living people are wide-awake because we are animated by infinite love and are everything that exists. We are taught to strike out at the illusion rather than resolve the issues in love and peace. The illusion cares not what you think or do and will destroy you if you believe in it. That is the endgame here. We have a choice to follow the Illusion, which leads to death, or follow our hearts in love, which leads to life. It's really not much simpler than that.

JUDGES are from infinite love as well and deeply caught up within the illusion, some to the point where they don't even believe in God. We have to look at them with eyes of pure love all the same. We cannot be in conflict with ourselves we can only love ourselves. The Masons hold advanced knowledge, which through rituals can shut down people's awareness and/or make it possible for them to be more easily possessed by demons and the like. No matter how much we may forget ourselves and how dark we become, it is our beliefs that are driving everything. By changing and believing that you are infinite love and all that exists you begin to heal, no matter how dark you have become. We can heal people from a distance just through our awareness of them. Love is the fabric of all that exists, it cannot be resisted as it grows over time. Loving God is much different than worshiping God. To worship you are giving your power away and diminishing who you are, walling yourself off from the infinite. All you can do is love God in all that he is, for you are God and God is you. It is that equality and balance that brings life to you and all that exists.

## Playtime with Light

You might need a little time to think through that last section so don't start this part until you feel comfortable, with what you just learned. Playtime with light is all about accessing the programming of the mirror. I wanted to give you a bit of heads up on this before we move into the next chapter as many of you may never have had the opportunity to play with light out of fear that it was something bad. That is the Mirror talking not infinite knowing and love. Light has to be one of the hardest illusions to understand within this fear-based world. Yet it is fundamental to working the levers of the Mirror.

Again it is an illusion because light is not enlightenment, which we all are. When people are dying we tell them to go into the light. Death is the ultimate illusion that produces the most fear, which gives more power to the entities that are feeding on the fear.

Light is neither bad nor good, it just is. The sin of Lucifer was that he thought that he was equal to God and rebelled against him. Once you understand that God is a mirror of Infinite Love, you recognize that Lucifer also mirrors Infinite Love. Lucifer is the reason why one forgets who they are. Very early on in my research I recognized that LORD God took on attributes that are ascribed to Lucifer or Satan. Lucifer only exists to the extent that we act in ways that wall ourselves off from Love. Satan or the Devil is still a servant of God and takes on the role in the Courts as the Crown Prosecutor, who is dubbed Little Devil by those in the know. This comes from Job 1:6:

Now there was a day when the sons of God came to present themselves before the LORD, and Satan came also among them.

Again in terms of the mirror God represents what we believe about ourselves and how we have walled off ourselves in fear. We are God. We are the mirror. It is through infinite Love that we dissolve the illusions put before us and see that we create it all. Love is the most powerful force in the Universe because everything comes from love. That which cannot hold the light of love is burned away to heal and create balance once again. Satan (an Angel) is a reminder of our conscience. The Devil digs out the dirt and presents it to you, not so much for the JUDGE, but for you to see how you have disconnected from Infinite Love. The Devil may not always be correct about his accusations of you, but that is not the point of the Court proceedings. The entire thing revolves around seeing if you do in fact know who you are. They are only arguments for there is not truth within illusion. The Prosecutor is truly there to reflect the darkness that you have created somehow on your infinite multidimensional self back to you. When you hear the arguments put forward and counter with further arguments you are only keeping the wall of fear up. They are presenting an illusion to you that best reflects back what has happened not only to you, but to others within your awareness, of which you may or may not have direct knowledge of harming or walling them off within your infinite self.

It is never about the argument. It is about coming to terms of forgiveness no matter how inaccurate or wild the accusations are. You have to reach out with love and forgive the Crown and apologize for the incurred harm that has taken place. You are doing this from the perspective that the Crown Prosecutor is also you since you are indeed everything that exists. If you did harm someone directly it comes back to the fact that you need to somehow make amends with that someone (who is you) in a way that makes them feel connected to all that exists once again. If you hurt another's feelings or harm them you are harming yourself. The Devil is really your conscience talking back to you.

Ultimately you are your own JUDGE and the actors before you are only there to remind you of your infinite self. It is true that some of these people are mean spirited and do very

badly want to convict and sentence you. In many cases they themselves are in these positions because of the fear they hold within themselves and how they have walled themselves off from infinite love. They are so tied up in the illusion itself that they really believe that they are lawyers, prosecutors, JUSTICE OF THE PEACE, POLICE OFFICERS and JUDGES. Some of them might even be one of these shape shifting Reptilian types, who really knows? It doesn't matter. The only thing that matters is you. You are responsible for everything that has happened to you, whether you are aware of it or not. That is the nature of the Light.

The Light represents knowledge on this side of the mirror. Knowledge, especially the kind of knowledge I talk about in this book is highly protected from prying eyes. They don't want you to know the truth about anything. This is only a reflection of the imbalances we have created between using our infinite knowing verses our brain. Our hearts tell us what is right and wrong and what to do, but our brain gets in the way of that and doesn't know anything except what we put into it. This is why we must be careful of what we do put into it and recognize the manipulation going on around us and respond to it in positive ways.

In terms of the worshiping of Satan (or Satanism as it is called) people are mercilessly tortured and sacrificed throughout the world. It is not hard to see the evil dripping off the faces of some of our world leaders and the monsters that hide behind the thin facade they portray. If you care to see, they are in your awareness as they are mine because of things that we have done to each other over time. They also represent how far we must still go in healing our world of fear. To them the Light is darkness, and the darker the better. They have a reality in which they live that supports the exact mirror of Infinite Love. They have no power over us when we do in fact live within the knowing of Infinite Love. The Knowing counters the illusions cast off by the light to us and dispels their reality of having power over us. They can never destroy us, because we are made from the fabric of truth, and they are fabrics of illusion.

In terms of Satan running Hell, you pretty much have the idea now that we JUDGE ourselves into Hell based on our fear. People say they see their lives past before their eyes when they have near death experiences sometimes. This happens for a few reasons, but in the end what we are really doing is passing JUDGMENT onto ourselves. Both Heaven and Hell are illusions within the mirror and both are designed to make us want to reincarnate back to the physical. This is what we do over and over again, taking on roles to expand the capacity of our finite mirror and expanding in love. We expand based on the amount of light we can hold within us and thus dictate where we feel we need to go next. Because the Universe is a hologram and you can pick any time, place and life form you want. You can gather we've been at this for a very long time.

The light we hold within us is a reflection of how much we have become enlightened to infinite Love. Infinite Love does not abandon and thus if we get too far lost, it comes in and gathers up its children and starts again. I cannot say for certain that this is what is happening now, but the signs are more and more obvious that we either increase our capacity to love as a world or we will be gathered up by the infinite we are. It is not something to be frightened about or worried about. We can only do the best we can and then start anew. By exposing the mechanisms of control that hold the world under the grasp of tyranny, it is my hope that enough of us will break free to help make a difference and bring more enlightenment into our world and therefore more freedom and joy. In the end it is impossible for darkness to win, it just can't because everything is based from infinite love and truth. I hold out a great deal of hope that as light increases there will be fewer places for darkness to hide as the shadows disappear. We are enlightenment and we are becoming spiritually aware people through this and other avenues of communication for the Infinite Love.

The Reptilians are very ritualistic, basically intelligent biological programs that feed on fear, and they will begin to perish as more of us look for balance and love to resolve conflict

rather than running to their SYSTEM to be fed on. They are the children and we are the parents, although they like to look at it from the opposite perspective. It is we that must take responsibility for our children not the other way around. Yes indeed the Nephilim are our children as they are the cross breeding of man with the gods, who I think were the Anunnaki. As we expand our hearts to them and bring forward more truth and love, they lose their grip over us, because they can only function in darkness and arguments. It is time to heal and time to take responsibility for allowing the creation of treating ourselves and all we see as things, rather than ourselves reflecting the love we put out back to us.

From what I gather from the available material, the ultimate point of Satanic Ritual Sacrifice is through fear the absorption of one's Soul. There can be nothing greater within the illusion of fear. The energy that is absorbed through the drinking of blood or entrapment of someone's Soul is the ultimate walling off of infinite love. A number of Churches are involved in this as well as numerous bankers and world leaders. I suggest that you read what David Icke and Alex Jones have to say about them as well. They are the fore runners in exposing much of this, and additionally there are some websites that expose what is happening to victims that get caught up in these things. There are even Females that are used as breeders for this stuff and hundreds of thousands of children go missing all over the world each year. It does not take much to realize the horrific evil that exists among us at this point in time and why more light and love are being poured in from the Infinite we all come from. It is all going to end one way or another. It is really up to us to decide what we want for our future.

The Soul is a vibrational energy body that holds the past, present and future vibrational story or experiences that one can create for him/herself. I really don't know much more than that about it, as the Soul is part of the Spiritual Bodies, but it is created and augmented by our thoughts and experiences we create. I tend to wonder if it is just as much the heart energy body that allows us to journey outside of our body, as it is an astral body. The Core Star is infinite and cannot be touched by them, as I don't think they have one or if they do they are completely cut off from it. Generally the Illuminati use others to do the rituals for them, which only underscores the fact that they are simply projections and have no Soul or perhaps no Core Star.

In the next chapter I get into ways we can use the Mirror for the benefit of healing and reconnecting to infinite love within this and other dimensions of our reality. They are doing an incredible amount to try and suppress both the knowledge of this and our ability to access it, for that is the nature of the fear on a mass consciousness we have created. I don't expect to see changes overnight, but I do know that the will for us all to have peace, love, joy and freedom are well beyond anything that they could ever do to us. Many people have been frightened away from knowing how to work from within for they think of it as evil or simply unknown. There is nothing that I will ever explain to you that I have not done myself or have a great deal of confidence in, and my goal is to provide positive outcomes for all involved. We are the mirror of ourselves within this reality, we are infinite love. Don't be afraid of love. The Mirror responds like a program, it reflects back what you put out and this allows you to be tested on what you do and think. Our thoughts are as powerful as our actions, so be very aware of what you think and where those thoughts may have come from. There is a great deal of psychological warfare going on to get you to think of yourself as being a spectator and not a participant within your own reality.

I do realize that some people are caught in situations of pure slavery and abuse. It is very hard for us to reach those people at this time, but as we expand our awareness of what is going on, and our love, the perpetrators of these kinds of things will lose their power over those they are trying to enslave. No one has to be harmed for this to work. We are only working to heal ourselves through love. There can be no other way. The façades of power will drop very quickly once this knowledge becomes more widely known. I feel the anguish and the unheeded cries for help falling on deaf ears, yet all I can offer them is the truth. Our power to restore our world back to a Utopia of Love is in our hands, but we will have to

overcome many illusions of fear to do it and forgive anyone, including ourselves, that have brought us harm. With awareness comes responsibility and we can ill afford not to love our neighbor as our self anymore.

The Video [Torture in American Prisons](#) shows definitive torture and outright murders of inmates by Prison Guards inside these prisons, which only underscores the reality of what more is to come. This does nothing to rehabilitate people and is very much illustrates the truth about the SYSTEM. People are told that they are the PROPERTY of the STATE. This violates everyone's Oath that is in the SYSTEM, yet people do nothing. It is an artificially created feeding frenzy of fear wherein the code of silence is the paramount law among the Guards.

One final note before I close this chapter. Throughout the book I have been playing a game, with you, much like the one that has been played out time and time again throughout the very beginning of all this. It is a child's game called *Simon Says* or more simply put the *Let's Pretend* game. This is the game that we play on ourselves over and over again. We put forward or project an illusion onto others that is not real. I didn't do this intentionally, but I recognized after finishing my research on this chapter what indeed was going on within me and must be going on within many others. When we act out of fear we are playing Simon Says. I have provided examples from time to time of what to do in resolving situations where tyrannical control is invading your life. As you've read, I totally destroy the course of action at some point shortly afterwards or within the next chapter. The idea is that we must act out of knowing not knowledge. No one can ever tell you exactly what to do for any given circumstances and when we reach outside ourselves for that answer we most always get the wrong projected reality back. It is only through quiet thought and examination of the facts that we gain insights that we never could see before. We have to see that at some level we created this for ourselves, and it is only our infinite self-trying to remind us how we have forgotten who we are. Infinite Love is the only Truth. Let that be your guiding light when you are in the darkest of situations.

You are part of my awareness and I will never abandon you. You only need to put your questions to the light for enlightenment to come. Think of this book and me as my extension of my love to you to help you break free of the fear around you. You are enlightenment, thus see yourself as everything surrounding and all that is within your awareness. Use this enlightenment for answers to the wall of fear that you have put up that I know I on some level have brought to you. I am sorry for any and all harm that I may have caused you and only wish to bring you more love and light so that you may be free of the darkness of fear that has walled you off from me and all that exists. I ask for your forgiveness. Remember to forgive yourself and those who may have a direct impact on your situation. Give all to infinite love to absorb and heal and stand within the truth that you are infinite love, you are everything that exists. Expand your capacity to hold light and love by loving and enlightening all that is around you. I am here with you always, you are never abandoned, never alone, and we are infinite love.

## Chapter 7

### Return to Shangri La

*Accusare nemo debet se, nisi coram Deo*

*No one is obliged to accuse himself, except before God.*

Much of the ancient knowledge of mysticism has been stolen from us by people who would use it against us to manipulate and control us. However, though knowledge may be stolen, our knowing can never be taken from us. That beautiful light that is our essence knows who we are and will never abandon us and will always heal us even in death. We are never abandoned. Everything in the Bible after Genesis Chapter 1 is all about God's dream. In fact it is our dream, because we have fallen asleep and forgotten who we are. The Bible reflects this in fictional stories and is taught as being truth, when it is only truth in terms of symbolism. It is full of wisdom and it shows accounts of how we as infinite love lose our way within the illusion and how that illusion takes on a life of it's own. It is also truth because it reflects strongly the reality of where we find ourselves today. The Zionists believe that they create gods to serve them, that they are indeed above God or simply do not believe in God. They have set up a SYSTEM wherein they are not accountable to anyone for anything, most importantly for the harm they do. They are not pretending this for the sake of things, they actually believe they are above God and that we are their creation for which they feed off us like a swarm of parasites. It is beyond their capacity to imagine anything good for the slaves that they herd as cattle. They have gained power over us only by the fear we have within us. They know this very well and make sure there are always enough horrific things going on to sustain that fear.

The basic story behind Shangri La is of a beautiful city of advanced spiritual beings that are guiding "humanity" from their hidden city near Tibet. Their city vanished and is well protected by an icy mountain range, where many have gone in search of it, but never return. They live in seclusion and when the earth has been conquered by an evil king and nothing is left to conquer, Shangri La will once again appear. The Kings army of Shangri La will confront this Evil King who has captured the earth, using advanced technology beyond anything that the evil King has. The evil King of course will be destroyed. Does this all sound familiar? Just look at how the mirror works in tandem with infinite love.

It is stunning to see the level of complexity of the LEGAL systems throughout the world, while at the same time the strict adherence to the symbolic aspects of the Bible. One does not have to be at all spiritual to recognize that everything the Bible talks about reflects our lack of knowing who we are, something we are never taught. The mirror is God reflecting back to us the illusions based upon our beliefs within the illusion projected by the mirror; God is the mirror of Infinite Love, which is us, and LORD God is the illusion projected by the mirror of the non-connected thing reality. It functions without fail to honor us through us knowing ourselves. It only makes use of force of law when we show that we don't know we are, infinite love. It becomes our parent when we decide to be its child. Yet it doesn't have to be that way at all. In all that I have said about the QUEEN one thing is for certain, she is playing her part in all of this extremely well. Not that I agree with what she does, but in terms of what it says in the Bible and what she does as a ruler, we could not have gotten a better QUEEN. We just haven't woken up to the fact that she only has the power she does because we have forgotten who we are. She is not interested in telling us who we are but acts as the perfect mirror to what we believe we are. The Queen rules, and like Caesar her will has force and effect, but rulers are sovereign and not bound by laws. We are not a thing like the Queen is and do not exist in the imaginary world of persons as the Queen, we all share in dominion upon the earth. However true that is, sometimes getting people who exercise power to believe they have no authority over you is very challenging, as they are doing what they are doing because they have not realized that they can not prove their

authority and are encouraged not to question authority issues as it would lead to them unemployment. There are many other laws, termed man made laws, but they only apply to those who do not know that they are Infinite Love.

In the Bible we have the Garden of Eden. Here Adam went about naming everything in the Garden, saying it was a thing rather than a part of himself. The Tree of Knowledge represents the fact that he ultimately forgot who he was and grasped for something outside of himself as being real, when it was illusion. It was knowledge of everything that existed rather than simple knowing of all that is, was and ever will be as per the Tree of Life. By the way, evil is live spelled backwards as we are life we don't live through life. The symbolism is so strong here that I am amazed that so many including myself missed it. However, now that we have our fix on where we are coming from, infinite love, the Bible unfolds before us quite differently than before. The Laws of God are not laws at all. They are merely there to counter our lost knowing of who we are. It becomes so extreme (930 of them in all) that one has to wonder what is going on? Compare that to the millions of statute laws throughout the world and you begin to grasp the enormity of how bad things have gotten with all of us trying to feed off each other for lower and lower amounts of quality of life. The SYSTEM is designed to fail. It is not designed at all to provide a good living for all involved. Those who support the SYSTEM and who are wealthy to begin with are the most protected. It emphasizes materialism over Spiritual Knowing and Love.

I don't know if Shangri La exists or not and truly, I don't really care. It is yet another reflection of how we as infinite love are being held as prisoners within our own illusion. The mirror is always making us out to be small and inadequate in comparison to some spiritually or technologically advanced people. I have had enough of that stuff. There are plenty of examples out there to show us how we are all damned because we are either too dumb, or not worthy of what a God or a King should have and be. The thing is, why settle for all the money or things in the world, when you are everything that exists? I don't think there is a comparison. Of course, the SYSTEM is designed to be a wedge between you and what God said was yours. Unless you call them on it, nothing will be done about it. I do realize some places would simply have you shot for making such a declaration, so we have to be realistic with what our particular circumstances are and what we can honestly and safely do about it.

## **Meditation with God**

It is important for one to recognize that by the mere fact that we are infinite beings of love and light, we ourselves are woven in God's fabric, as it were. **God is equal to us and of infinite life.** Life comes from light and love of the infinite, so when you look around yourself ask *what of my surroundings is not composed of life?* By asking this question you will open your awareness to a deeper understanding of what is alive and what you may have thought was dead or inert. It seems that we are interacting with a mirror of that infinite love, and it only exists because of our belief in fiction or illusions created from it. Because fear is used to wall us off from the infinite we need to explore the fears within us and release them. No doubt this is not going to be easy for many, but at least knowing about it will help as you progress through the rest of this book. Darkness leads to death, but it is only an imaginary death for the infinite cannot be destroyed, thus it is but another illusion. I think perhaps why we die is rooted in part to our programmed belief in many things surrounding the physical and illusion.

Realizing that this black reflective mirror that truly reflects the infinite love imbalances within you develops a bit of a paradox in how we relate to God. Everyone has different stories within their DNA and hold things in their Energy Fields that relate to how they have walled themselves off from the infinite love in this life and others. Thus I would suggest that unless you are already familiar with meditation that you seek out a meditation teacher that you feel comfortable with and work on expanding your awareness and love through meditation and life in general. Remember that Darkness is only there to remind you of the ways that you have walled yourself off from the infinite love, of which you are. There are

two reasons you would want to do this: to expand your love and to heal.

Meditating in a circle reflects the balance of the mirror that you are attempting to create. As you get more comfortable with meditating you will find that people across from you will pulse energy back to you. This is an imbalance and you can work together to try and reduce the pulsing or move yourselves to different positions until you can feel a nice flow of energy going around the circle from left to right. To aid in seeing images, put a large dark reflecting surface in the center of the circle or simply imagine it being there. Know that it represents the balance you are attempting to create within the universe. A white candle is also important as it gives off a full spectrum of color, the dark reflecting surface is only an idea I thought of, but a simple white candle is what I always used in meditations with others and alone. What you can do with this basic set up is really unlimited, since you are connecting everything back to infinite love. If you want enlightenment, imagine the mirror reflecting that enlightenment that comes from within you back to you and the group. If you want to communicate with spirits you can bring them into your awareness and heal and learn from them. Yes spirits and angels are real and they will come to you over time. Be aware that it is not a spooky thing or a bad thing, it just is and they are there to help.

You can literally bring anything that exists within the circle and heal through love all that exists. In some situations I have done what is called Transfigurations, where my body shape shifts from one spirit to the next. This is done through my energy field, and it is really my energy field that is changing not me. My energy field acts as an overlay to my holographic form, so I am aware, but the energy of my body field changes as each spirit comes through, including babies. I have no fear as all is done in love and to teach me and others about how truly infinite we are and the true reality of this holographic illusion we find ourselves in.

In the end you enter the mirror as being one with the entire Universe in a state of infinite love. Thus you create a holographic environment where those that are meditating with you can play within the Universe or dimension within the Universe and move at the speed of thought. Your guides appear and you can ask them to take you places to show you things that you need to know about to heal the fear within you and to expand more and more with love. It has to be the most joyful experience one could ever have and I do it a lot of the time just on my own. You can create anything you want with light and zip around anywhere. Your guides are there to help you along the way. They are the highest, the truest, the brightest and the best. Do this in infinite love, giving your total trust to all that exists to guide you in love.

Another thing to try is adding a white candle to the center of the mirror if you want to represent the enlightenment that comes from Infinite Love. Putting your eyes into a soft gaze on the Candle helps to put you into a self-hypnotic state as well. It seems pretty much standard in most meditations to burn a white candle. However it is not absolute when you simply want to look for imagery in the mirror itself. Some people have made dark, smoked glass colored mirrors to simply gaze into where some begin to see images appear. Nostradamus used a mirror in his gathering of information as well. It is something to think about. When I am alone without a mirror, I imagine spinning a lens above my head, which opens to the Universe. As I spin it an environment is created for me, like a wooded area by a stream and I simply lower the lens over me to my feet and immerse myself into the newly created environment. It is also the way I move about the universe at the speed of thought.

Now that we have explored the mirror a bit and are recognizing it as an illusionary mechanism, what we need is something that will help connect us to the Infinite. I do this by again imagining the lens turning above my head full of light, with me and it centered within the Universe. As it turns, the light within the lens begins to shine down on me and then the lens lowers down through me to my feet, immersing me into the light or a place my guides have chosen to teach me about the light. It might be a forest or another planet, and sometimes a hand reaches for me and we go to other places within the Universe so I can be

taught about things. This is the true nature of our multidimensional infinity. We are all that exists. This is the best way to learn about the infinite I have come up with. We are light and focusing that light onto things we want to learn about dispels the illusions created by the mirror. Light is life and darkness leads to an imaginary death. Both life and death are imaginary, for the infinite does not die, it just is. When you believe in life you also believe in death and you are caught within the illusion.

While meditating a great deal of ectoplasm can be created and you will see different forms of real spirit life appear before you. One time I actually had a spirit boy use the ectoplasm as way to form a temporary body to move through the room and interact with objects. Interestingly you could see stars flickering within the ectoplasm and there were lots of orbs with rings playing tag racing around the meditation room as well. It seemed that night we opened a portal and did not realize it. Every step I have taken in my spiritual awakening has taught me to love more and become more responsible for what I do, think and say as it alters not only my energy field but that of the entire Universe, so why not be at peace and in a loving state? Prior to meditating we always raised our vibrational frequency by singing songs through love or by simply focusing on infinite love and sending that love out to all that exists quickly raises our vibrational frequencies. Over time you purge your body of contaminants that are blocking you from seeing spirit and expressing more love. Love purifies the body and doing it as a group accelerates the process.

You can only send healing and love to others with the intent of the highest good for them. We leave it to God and our recipient, a living being of infinite love to use the love and energy to best benefit themselves. You cannot go on judging people, you can only love them, for to judge someone is to want to control and you become controlled as you control others, so the point is just love. As you begin doing this you also gain insight to your own spiritual anatomy and thus learn how to open and close your chakras to energy flows. Because our bodies are in part rooted or grounded in the illusion, we can't spend a great deal of time in meditation at the beginning as we become ungrounded and thus have not made strong enough connections within ourselves to communicate without fear what we need our chakras and body to do for us. So keep it to about 15 to 30 minutes per session while starting out and as things progress you will know how much you need to do.

By creating calm within us we create calm around us. People quickly pick up on this and are soothed by it. Of course the higher your frequency is the more that people want to feed off of you and thus more you have to give them. Learning to control your chakras and vibrational frequencies are important in the care of yourself. The mirror in the center of the circle is a nice way to start things, but in truth you end up being immersed within the entire universe itself. You become the mirror and all that exists in a state of pure love. This is so simple to do and should boost your love and awareness greatly. The downside to all this is that as you gain more love and awareness your thoughts and actions have faster and faster reaction times in terms of the mirror, thus requiring you to become more and more responsible for your thoughts and feelings about others. It will bring more harmony and stability in your life in general and make you more aware of what was once impossible to be totally possible.

Of course as much as you can use this for good, it can also be used for evil and to increase fear. This is the goal of those who worship Satan or Satanism in general. If you look to this as a way of gaining power over others, you will gain power but only thorough the use of fear, imprisoning them and you within the fear. As this happens, infinite love begins to shine more and more love at you to compensate, which eventually destroys you, as you cannot hold the light. This is pretty much what happens today. It is a safety valve that has been worked into the illusion so that we are never abandoned. The only truth is infinite love and everything else is illusion. Going to Church, singing songs, listening to someone read the Bible, and hearing a talk on something related to values of love is fine if that is where you are at in wanting to expand your awareness and express your love to God and get love reflected back. That is a wonderful thing to do, and I am not one to judge that. Simply keep

in mind that you are infinite love and you are everything that exists, including God. Bring balance and awareness to the fact that God, that perfect mirror, reflects only back to you that which you have forgotten about in terms of who you are. Love is not reflected as much as it is present throughout all time. You just need to open your awareness to it by giving and receiving it. When bad things happen remember to forgive those that have done wrong and forgive yourself.

Many people have lost sight of who they are regarding the Church. There are not Christians, Muslims, Jews, Buddhist, Mormons or any other kind of religious group. These fractionalizations are fiction, a part of the illusion, and within that illusion resides a manipulative force that feeds off the fear of those who do not know who they are. Infinite love is the only truth and everything else is illusion. Infinite love is more than just words, it is the total expression of thought and feelings and connection to all that exists, in which everything is in a state of pure balance. When we get angry with others or think of someone negatively that gets reflected back at us and affects them as well. We can only love others the best we can and keep looking for ways of expanding our love.

## **Dispersing Illusion with Truth**

Infinite Love is the only Truth, everything else is illusion. Nobody can prove that they are who they say they are. They are not a NAME or even a Name. God doesn't jump out somewhere and say our name is so and so and thus it is absolute. God created us without names because we are all infinite love. The infinite cannot have a name because we are all that exists in energy, remember  $e=mc^2$ . God gave us dominion over the Earth, when in truth it was Infinite Love that Created God, as an illusion cannot exist without something real to mirror or interact with. God is our creation from the perspective of Infinite Love. We are both one thing and everything at the same time as the infinite is both a droplet and an ocean, and so we are creations from the perspective of a droplet and an ocean. Ultimately we create everything within our awareness in this life and others. There is nothing within this Illusion of the Universe that we do not have the ability to alter when we approach it from the perspective of Infinite Love.

Love penetrates fear, breaking down all barriers of the illusion. We are both a singular and group consciousness that can never be destroyed, as we are everything that exists. Within the Illusion the JUDGE is God and your adversary is the Crown Prosecutor. They are actors that only have power over the Illusion, an illusion you have created by making someone else a thing other than yourself, and through arguing with yourself. They reflect back that argument or thing that you did to you, accusing you and judging you, when in fact they are you and they are JUDGING themselves and prosecuting themselves. They are so deeply caught up in the illusion through all their rituals at Masonic Halls and training that they truly are blind to the truth. They are parasitic in that they suck your energy in the form of money and lost freedom. You are feeding the illusion through your very presence within the Court Room. Signing all their papers and doing as you are told, you have given away all your responsibility to them to resolve the issues at hand.

If you have hurt others you should be doing your best to help them recover from the harm you have caused. You are not doing this because you got caught, you are doing this because they are you and you have to love them as you love yourself. There is no separation between them and you from the perspective of the infinite. Realize that no matter how bad things are you have created this situation. When we harm others we never escape the echo of that harm, eventually all curses mature and misdeeds come back to haunt you, unless you have taken steps to learn from what you did and brought about healing to the situation. God works on truth and justice, bringing healing and balance to all eventually.

It is not necessary for you to know their laws and how they work, all that matters is that they follow your belief that you are infinite love that has been given dominion over the earth, by God of which only exists because of you. This is stated in John 1:17

[1] In the beginning was the Word, and the Word was with God, and the Word was God.

[2] The same was in the beginning with God.

[3] All things were made by him; and without him was not any thing made that was made.

**[4] In him was life; and the life was the light of men.**

[5] And the light shineth in darkness; and the darkness comprehended it not.

[6] There was a man sent from God, whose name was John.

[7] The same came for a witness, to bear witness of the Light, that all men through him might believe.

[8] He was not that Light, but was sent to bear witness of that Light.

[9] That was the true Light, which lighteth every man that cometh into the world.

[10] He was in the world, and the world was made by him, and the world knew him not.

[11] He came unto his own, and his own received him not.

[12] But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:

[13] Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

[14] And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.

[15] John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me.

[16] And of his fulness have all we received, and grace for grace.

[17] For the law was given by Moses, but grace and truth came by Jesus Christ.

As you see verse 4 states that God only has life because of the light of Men. This is another expression of the enlightenment of what we are: Infinite Love. Verse 5 shows that darkness cannot exist where there is light and it is absorbed by light and thus destroyed. Verse 9 verifies that infinite love is truth. What verse 10 through 17 are explaining is simply how Jesus Christ manifested from infinite love to being Infinite Love on Earth. Verse 17 states very clearly that Laws are untrue and only truth comes from infinite love. It says in these verses that Jesus is purely truth, which is infinite love. He represents the expression of what infinite love is and what we all are when we live within the awareness that everyone and everything we see is us in the form of infinite love. There is no mention here of Mary giving birth to Jesus, because the infinite is infinite, there is no illusion in truth. Jesus manifests his body through God, by taking on fear in verse 15, but coming in with the full knowing of who and what he is.

Let's take a deeper look at what this passage really says. It does not mention the earth at all, and in fact it mentions that man came into the world. A world is very different than the earth, for a world is imaginary. John isn't talking about reality, he is talking about a fictional world upon which to base the story. Infinite love was not mentioned there either, was it? You must be wary of subtle changes in things. This passage is a mini Genesis as it were, but it is a false Genesis describing how Christ came upon the world by God his father. The only truth within the context of the Bible is held in Genesis Chapter 1. After that we are in la-la land, talking about fictional characters and stories. Why this is important I will talk about later in the book, but for now just be aware that a world is used to imply the earth,

but it is not the earth. If God sent JESUS to the earth, he would have said so in Genesis Chapter 1. What we are seeing is a story unfolding, which is based in fiction, not truth.

We can see illusion is dispersed by truth because it needs laws to support it, as stated in verse 17. In regards to LAW, when we are speaking in truth we must also be speaking with love. Their laws have no meaning in truth and truth requires no laws to support it. Nobody in the Justice System can hold anyone who knows who they are, a being of infinite love and one who speaks the truth. There is no LAW that can be thrown at you to hold you. You don't even need to sign anything or say anything other than that you are the expression of infinite love within God's creation and we all have dominion over the Earth, so where does that leave us? This is not something that can be disputed, as this is truth. You can pull out the King James Bible and show them this truth. They must release you or they must answer to the Lieutenant Governor, Governor General or the Queen, where they will surely be dealt with severely as they believe that they are a PERSON rather than a man male or female, an expression of Infinite Love within God's Creation. You can also say, "I stand within God's Creation, where do you stand?" Many JUDGES would literally run from the Courtroom so fast that if you blink you would miss them. You must allow for discussion about your views if a discussion arises. You are not there to argue the truth only to present it and be released, nothing more or less. Forgive them as well for what they have done and forgive yourself too!

They cannot dispute what is stated in the Bible for the Queen is the Defender of the Faith. By not granting you your freedom they are waging war on the Queen, a point you might remind them of. If you need to write the Queen or speak to the Lieutenant Governor or Governor General, always use their Christian name, which is John-Harry:Doe, Acting as the Lieutenant Governor within the landmass commonly referred to as whatever, which is in truth only the Earth. Clearly explain your situation, the people involved that are holding you and that you are requesting help from the Queen, her being the Defender of the Faith, that she may aid you in your Release. Explain that you know that you are infinite love and all that exists within God's creation and that God has given you dominion over the Earth. You should probably state that you have forgiven the people involved for what they have done as they are only expressions of yourself within God's creation. Make reference that you believe perhaps that they have waged war on the Queen as the Defender of the Faith and you are without the ability to free yourself. Also, because all courts around the world are in some way directly or indirectly run by the Bankers and based on FICTION, no one has been judged in truth. They have only formed contracts wherein the other side, the JUDGE, is a fiction. Everyone in Jail today can simply expose the fraud and demand to be released, because they were not given a trial in a competent jurisdiction, which entails only the use of the Bible. This is not an if, or, maybe thing. It is absolute because they cannot change what it says in the Bible about man male or female having dominion over the Earth. Fiction cannot JUDGE the living.

The terminology 'waging war' might be extreme, but in essence they are waging war on God and on Infinite Love when they continue to charge you after you have stated that you have dominion over the Earth. I sincerely doubt any JUDGE or prison official is going to want to tangle with this and you should be released rather quickly or the case dismissed as the JUDGE runs for his/her chambers. There is no point in talking to the Justice Minister unless you think he would be honorable. The truth shall set you free.

The Canadian and Australian Governments are De Facto Governments run by criminals who have little care or regard for the people they pretend to represent. You would be surprised at the USA and other Countries that are Republics outside of the Commonwealth operate on the surface as independent of the Queen, when in fact she holds absolute rule over many of the institutions within these Countries. Because LAW throughout the World comes from Temple Bar, the Queen is held as the Defender of the Faith wherever that Law influence has control, meaning pretty much over the entire Planet. It can't hurt to contact her concerning what is happening to you. And don't discount the Islamic States as the Bible is still Law

within Islamic societies and the same influences apply, with a different flavor of the BAR within each Country, the effect of law being the same. All of this reverts to the Holy Roman Empire as the foundation for the creation of all Nations on the Earth, even though the Jews covertly control it.

It's interesting how people forget who they are once they join organizations. Nevertheless you can reach out to people within the Government structures to state your case for freedom. I know there are some very brutal dictatorships on Earth and there is not much we can do to help the oppressed, but over time as more and more people realize the truth that has been hidden away from them concerning the fictional governments and Countries, the Tyrants will begin to lose their grip on power. Infinite Love will absorb the fear and create light where darkness lurked. Love is the most powerful force within the Universe and the Illusionists can't stop it.

The Infinite is beginning to awaken from its slumber and we are able to hold and channel more and more light into the earth. The powers that be that are trying to stop this from happening are wasting their time doing so as nothing can stop the infinite from doing what it wants to do. It is time to heal and spread the news. Tyranny cannot be sustained as we are equal to each other and nothing can ever change that except when we forget who we are.

Fiction does have its place within our illusion and with love it can be used to help us expand awareness and balance within our world. I don't agree with how they have set everything up, as it is very harsh on everyone, particularly those that have forgotten who they are, but it is all we have at the moment and we must take responsibility for presenting truth and then standing for it. We can use Notary Public and the Courts to resolve issues for us if we go there with the knowledge of who we are and what we are trying to do in love. The Queen has created a System where everyone has absolute dominion over the Earth, thus we must see everyone in that light. When others insist that we are a thing, then we need to gently remind them that if they are seeing us as a thing then they are themselves a thing and are waging war on the QUEEN as the defender of the Faith. It is not for us to determine the law another wishes to follow. We only recognize and attempt to remind them of who they are. No one has authority over anyone. In truth even a murderer could walk free, but would not likely live long because of the darkness they carry within them.

When considering people who commit murder, assaults and theft, one could bring forward the argument of I am doing it to myself and I am infinite love. This of course this does not jive. As I mentioned very early in the book the Native people and Polynesian people would do all they could to restore balance by healing the emotional and physical harm they caused to others. The justice SYSTEM is run by the Bankers and does nothing to heal the harm done to the victims or their families, other than to punish the accused. There are programs in prison that people can optionally take that provide anger management and counseling. However, little is accomplished to heal these people and bring them back into awareness of being infinite love. This reflects the truth on the SYSTEM and people in general viewing others as things rather than the infinite love manifesting within the illusion of another body like their own. Thus the fear is amplified in the prisons rather than reduced with love. It is hard for someone to heal and gain empathy for others when they are beaten and put in situations of gang violence and outright oppression.

Forgiveness is key in restoring balance, and results in the highest good for all involved. We must focus on people and send them our love and forgiveness for whatever transgressions they may have put forth against us. We also must forgive ourselves because when their crimes come into our awareness we are also responsible for what has transpired. They can reject the flow of love, but over time love always finds a way to reach them. When people harm others we need to create situations to make it safe for them and us, so we can all heal together. As people increase their awareness they increase their love, which steps up the vibrations in the people around them. Some people who have caused harm to others were

sometimes sat beside a Shaman or Healer within the tribe. Because their vibrational level was so high, many would burst out crying short time after, releasing the emotional pain they were holding within that was blocking their awareness of infinite love being all around them.

There are actually machines around now that push out vibrational energy of high frequencies that do heal the emotional blocks within us as well as help us to detoxify. The [Papimi machine](#) does this, and can aid us greatly in restoring balance. Just as these kinds of machines exist, there is also technology that induces fear and fractures personalities by inducing fear. The hidden hand of Satan is hard at work behind the scenes. The CIA MK Ultra community are masters at this and do use their technology to create sex and mind control slaves. Torture increases fear as the pain disassociates us from our bodies. The perfection of Torture was created from experiments done in WW II and MK Ultra and shared it with other Nation States throughout the world. Singapore has some of the most severe punishments in the world for people committing crimes there. The crime rate is very low, however it does nothing in terms of healing and restoring balance within the psyche of the community. Rather than everyone taking responsibility for what goes on and trying to heal others, more harm is created which disconnects people from love. I can't imagine how someone can whip, cane or kill others and say it is only part of their job. In Saudi Arabia if a woman is raped she is given 90 lashings with a whip over period of maybe 10 per week, which would probably destroy anyone's ability to function or live with any sense of love or knowing him or herself. This is where the New World Order wants to take us in terms of JUSTICE. We have the ability to remove ourselves from their grasp. We also have the responsibility to get the help we need to heal our self, and as communities to heal those that are within our awareness that are harmed or have harmed others.

Ultimately Law is not based in truth and thus there are no laws, there is only Infinite Love. We have the power within us to strike down any laws they can ever throw at us when we come from a position of truth and love. We have dominion over the Earth, as does everyone else. Everything within the Universe is Co-Creator of the Universe as everything comes from Infinite Love. We make the law. Statutory laws only reference the imaginary societies, which only have power over us if we say they do. If they make the assumptions of that power, and we don't say otherwise, then they claim it.

One final point before I close this section. As much as you have learned, be humble in your dealings with the Government. Be clear and simple in what you have to say so all can know what you are stating. By demonstrating or causing conflicts you're just giving them a reason to say you don't know who you are, and to apply their laws against you. They say *be as smart as a Serpent and Meek as a dove*, which we must be in our dealings with these people who are Acting out the lies. You can't communicate with them if you are yelling at them, they won't be listening. Go forward with Love, as it is the only thing that will disperse illusions. Love means different things to different people as well, so be kind and gentle in how you work through issues with them. You are not to negotiate with FICTION and you can only speak with the living, never forget that. Never address their title and if you don't see a need to you don't have to give them a name. Feel the situation out as you can see many people are unaware about this information and they are so caught up in the Illusion that they never realize that it is all based on Religion on the surface, and in truth Infinite Love. Not everyone is going to understand this book and what I have shared with you. Some areas of the book may make you think that I have completely lost it or you might be scared about doing certain things. Just realize that the numbers of people who are standing up against the tyranny of darkness is growing everyday. The powers that be are getting desperate as they are running out of time in creating their worldwide prison system. There are forces unknown to many that are working very hard to see that the imprisonment endgame never happens and perhaps one day we can all thank them for what they are doing to help us. For now just feel comfort that the truth shall set you free and put your trust in God the Universe and infinite love that it will happen. I love you all!

## Recognizing Our Spiritual World

Many of my friends have wanted me to go deeper into the spiritual knowledge I have and tap into it from time to time. I have learned so much over the years I really don't know where to begin or what to say. Perhaps what is important is giving you some ideas about how you can make connections to various forms of life around you and even things that we don't consider to be life, like the desk you are sitting in front of or chair you are sitting on. Everything in this Universe is alive, even the deep empty space of the Universe is life. There are projected illusions yes, but they too are alive in that they are animated or hold form through infinite love. The Universe itself works on frequencies, which we perceive a tiny fraction of with our limited 5 senses. We all have what Barbara-Anne Brennan and others refer to as a Higher Sense of Perception. We all have certain modalities of sensing things outside of the declared normal ranges of what our senses take in. In fact I spent almost half my life thinking that everyone could sense and see things as I did with my higher perceptions. I didn't even know what I did was considered to be psychic until I was about 27 years of age. That shows you how aware I was about all this. It could've been a blessing in a way as it wasn't a focal point for me to experiment with my senses and abilities. I just saw them as a natural part of me, which in truth they are.

I do know there are some people out there that are very talented in terms of using their higher sense of perception. Some of these people do psychic surgeries, something I am moving towards to be able to channel spirit and get answers we need to know. Are there quacks and charlatans? Yes, but not as many as you would think. I never really thought much of them in terms of what they do. I believe we create the futures we want out of how we treat others and expand our love. The SYSTEM wants us to focus on money and believe that the more money that you have, the more God loves you over others. I hear how people are so blessed that they have successful businesses making them all kinds of money. Money for many people has replaced God or their lack of understanding of what God truly is. The mainstream churches to my knowledge have never taught me anything in terms of how the SYSTEM works and who God really is. They stick to the warm and fuzzy stuff and then put their hands out for money. There are a great many problems with Churches that are hushed up. I think the problems stem from the fact that they are not teaching the truth and not acting as healers like they are supposed to be.

If you want to find infinite love and awareness in a Church, I think you will be disappointed. It seems to me that each of us must become masters of our own mind, body and soul as it were. We do this by taking time to connect with nature, sending out love and feeling it come back. Going for walks in the woods or forest is an excellent way to expand your awareness to all the life around you. It helps you to increase your higher sense of perception and see things in more loving ways. If you haven't watched the Movie *March of the Penguins*, I would highly recommend that you do. The love that these birds have for each other and their young and what they must do to breed and survive is incredible. You can clearly see that not only their love is extremely deep for each other, when something goes wrong their feelings are deeply hurt as well. Animals are very much like us in a lot of ways and have much to teach us about infinite love. Some are mean spirited, and that reflects the degree that they too have forgotten who they are.

To be spiritual does not mean we have to be poor either, although the SYSTEM is designed to punish those who develop empathy for others. It means we must demand and get equality in our dealings with others just as we are being fair and equal to them. It is complete nonsense to argue with others as they are you and you are they. The SYSTEM has gone to great lengths to reward those who screw over others and lie to increase profits and extract colossal amounts of resources from the earth and people for the benefit of the few. It is a definite barrier to prosperity and to growth spiritually. You see these preachers on the Television making millions of dollars talking about God while doing nothing to help to change the SYSTEM so that everyone can operate as God and be equal to each other. We dump our responsibility on these people and think somehow that is going to change the world for us.

In truth at the top of most of these organizations you find Luciferian worship going on. David Icke again is a good resource to find out what's what in that department. When you have a loving intent and approach the world with the idea that you wish to see spirit and interact with it, it does not take too much time for you to start doing so. We are multidimensional infinity and we can overcome any obstacles with enough time and love. Seeing your first Angel coming to you in the form of a beautiful, brilliantly clear colored core star and then transforming into one before your eyes is not rare for those of us who do seek out guidance from them. They come to help, heal and teach us how to do specific things to heal and help others. Some may even create portals for us to slip through which takes us to other places in the Universe. They have much to teach us, as do our guides. The people who have put this SYSTEM together look at true spirituality as the death knell for their evil plans. They cannot hide behind their illusionary forms from those who are spiritually aware and have a higher sense of perception. They cannot manipulate those who think only in terms of love. It becomes a nightmare for them. As more and more people begin to awaken to the outright blatant crimes they are committing, the less time they have to put their New World Order in Place. They cannot survive on love, only hatred and fear.

When regarding Law and Infinite Love, the only Law that matters and has any relevance is the Law of One. It is the Law of Infinite Love. You see it played out in nature over and over again. The powers that be attempt to interfere with this Law and call our protective actions primitive instincts. The actions are not primitive at all, they are who we are. We protect our children and people we have come to care about in our expanding awareness and journey of love. They have set up laws that prevent us from teaching our young lessons of accountability and empathy for others, instead putting them into an environment where they can easily be indoctrinated. It is easy to go for a walk in the woods or a simple ravine and regain our connections with Nature and World around us, yet many people prefer to sit in front of a Television or Computer, isolating themselves from that loving connection that the Earth and Nature provide for us constantly. I don't think many like living in large cities, but find it difficult not to. These cities are put into a low state of vibration that does not allow for the majority of the people to feel expansive and free. Rather, people feel more like sardines in a can and see the city as a giant rat race or maze.

I am not saying that cities can't be a good place for us, they just are not designed properly to allow the free flow of energy and love that is necessary to raise our vibrational energy. I would not say I am some kind of Guru living in a Cave on top of a big mountain either, but I do recognize how cities have been turned into mini war zones. Isn't it interesting that it is natural for us to live in small communities, yet the Babylonian tribes like large complex cities full of slaves and pyramid power structures? The objective is to shut us down emotionally, vibrationally and financially, so we never see the light of day. What they fear is the power of infinite love expressing itself. Infinite Love has no enemy to divide and conquer. Once we as a mass group of people begin to operate at a higher frequency and awareness, it becomes a nightmare for them to control us. They cannot feed off love so they are destroyed by it. It isn't much more complex than that. As we increase our vibration we become more psychically aware and capable of doing things that were considered by most as being supernatural, when in fact it is quite natural for us, as we are all infinite love.

So start seeing through all the programming and reach out for more loving ways to express yourself. Play with light and energy and dispel the illusions that they contain. You will begin to see that your light is the same light that comes from everything around you. You will no longer see things as separate from you, but simply part of you. When you get to this point your level of empathy and love will overcome situations that appear to others as impossible. It is only a matter of love and awareness. A little game you can play to increase your awareness is to scan everything around you for about 30 seconds and then write down all you saw, detailing as much as you can. Then look again and see all that you missed. See if you can see the light emanating from the trees and plants and buildings.

Everything is composed of infinite love. Do some meditations and ask your guides to help you with expanding your awareness and empathy. More often than not, they set up lessons in the real world for you to learn faster. There are no coincidences or chance, everything that is going on is going on because you are creating it, so be aware of what you are creating and take responsibility for it.

## **Our Holographic Universe**

The Bible was written by those who wish to control us and hide the truth from us. It does not explain many things about our spiritual world and the true magnitude of who we are. If they would simply just teach the first 6 chapters of Genesis that would be enough, rather than increasing the complexity of the illusion and dancing around the fact that we are all God and thus Infinite Love. I do not pretend to know everything there is to know about how the Universe operates. I can only pass on what I have come to know about how it operates through my experiences. Whether my assumptions are true or not, I suppose only time will tell.

In the last chapter I made it fairly clear how we work on an infinite level. However, many people operate on only a tiny fraction of that awareness and are conditioned by the propaganda of others that there is nothing more. Medical Science will not go beyond the chemical reactions that go on in the body and have a very limited view of the reality that is presented to them. They filter this down into the masses as the only viable reality and leave it at that. Anyone who brings forward anything contrary to mainstream religion or medical science is shunned and the objective of suppressing the truth is accomplished. It is very easy for me to show people that they are much more than a bunch of chemical reactions, and they expand their awareness spiritually within a few short minutes of being with me. Many spiritual healers and meditation teachers have this ability. As an example, I can run my hand across one of your energy fields and instantly you can feel that interaction without me touching you at all. It is not a trick. It is simply bringing you into a higher level of awareness of who you are. Awareness and acknowledgment of the fact that we are infinite and not limited by our bodies in any manner is the key. When you know that you are greater than what all the propaganda says you are, then you draw in more power and a stronger sense of what is probable and attainable than those who have not accepted this. It creates an empathetic link to the Universe and infinite love. It becomes more likely to generate reality fields based on love rather than on fear, which removes the factors of control. A nice way to expand your awareness is to imagine yourself as a beautiful ball of pristine clear golden white light pulsing rings of love in all directions throughout the infinite universe. It lifts you and brings your vibrational frequency up high enough so that your guides and other loving light forms can appear before you and communicate with you. They are capable of explaining your situations in ways that seem absolutely correct and provide you with a number of good solutions. Many times though you have to go on feelings and be spontaneous in trusting what you feel you need to do no matter how silly it may seem. A verity that many can obtain easily is that there are different levels of awareness. When doing things based on what you feel it must be rooted in your sense of passion and love. Then you will find that people become keys to doors that you never saw before. Your Guides and Angels are screaming at you from a thin infinite perspective trying to help you, you just need to trust them a little bit and find a way that you can trust what you feel is right. Females seem to have a better handle on doing this type of thing, but everyone can do it. The easiest way to do this is ask a simple question and pause in silence for a few seconds and see how your feelings shift concerning the thoughts that come to you. Some call it a gut instinct, but whatever works is the important thing.

Within the Holographic Universe we are all responsible for each other as we are everything that exists. What the finite limited beings based in fear try to do is manipulate the truth of this and fracture our sense of connection with all that exists. They want us in a state of disconnection and fear as that is their food. In order to counter this we have to begin thinking and acting as part of a whole rather than separate from the whole. When you get

sick it is not the fault of someone else it is what you have attracted to yourself that has created imbalance in your life. The Universe reflects back to you the balance and imbalances that are held within you from this life and previous lives. Expanding our awareness of this simple reality opens doors to possible solutions and better ways of thinking about ourselves and others around us. Those who want to dwell in negativity often leave our lives to vibrate with those that will support their projected reality of things. Hence birds of a feather, flock together. It is all around us. When we increase our awareness and open ourselves to higher levels of love we create stronger forces of attraction. We are dealing with less energy perhaps, but when we are at higher loving frequencies we are able to see things in a soft light that we could not see before, and the people of the façade drop like bricks as they must open up too.

I am not certain how much can be done for the people directly involved in the manipulation, but perhaps they are so insane that maybe a nice padded room would be enough. It is clear that they have their hands on all kinds of weapons that could wipe out all life on this planet several times over. It may come to that as again I don't know any reason why or advantage they have in giving up the power they have. In the end they may not get the insane utopia that they are seeking as the damage they are doing to us is affecting them as well. They may be able to use money to protect themselves better, but in the end they have to breathe the same air and drink the same water and eat from the same food supply to a varied degree. Within a living hologram the fragmentation creates impurity revealing the whole and perhaps this is why the transition of 2012 may happen. DNA Codes that have remained dormant within us may begin to activate in us or our young that create a new species of man that has a greater capacity to see the world in a loving light and have more powerful psychic abilities than ever before thought possible. This may be one reason why the vaccination programs focus so heavily on making young children into living mindless drones, especially boys. Heavy metals such as mercury and other carcinogenic agents are purposely being put into vaccinations, which have caused approximately 1 out of every 167 children in the USA to come down with Autism. Basically this means the child has an active healthy brain, but has been robbed of his capacity to communicate with the world.

Rather than deal with this crisis the medical community lays charges on the parents for shaken baby syndrome etc. to protect itself from the obvious. It reflects our nature of not wanting to listen to the infinite, as the wisdom of the ages comes from the babes of our world, we are now cutting this off as well. Some say we are eventually going to be judged for allowing these kinds of things to happen, but again it is the simple lack of not putting love first in our lives that is driving this insanity. Nobody has the authority to tell you what to do if you are living your life peacefully. There is no piece of paper that you don't have dominion over, and there is nothing that they can do to control you that is lawful. Unfortunately, those who wield the guns have little concern over these issues or they would not be doing what they are doing. This is akin to the absence of a law in the USA ordering that a common man has to pay taxes for doing his everyday job or operating his private business. Yet the reality is that despite no such tax law, and a total inability to produce one that states so in the courts, people are still being convicted of tax evasion. Canada is much the same way where there is no authority given to the Government by the people and they outright state that the laws do not apply to the people as per section 32 of the Charter of rights and freedoms. Yet everyday people are convicted of crimes throughout the land mass referred to as Canada and little is done to stop it. There are no courts for the people to go to that will lawfully listen to their pleas of injustice being pushed on them. Throughout the world there are many kinds of dictatorships and they are all organized to protect the whims of the ruling elite and aristocracy, not the common people.

We have to clarify the reality we live in daily in order to resolve these issues and restore balance again and cut out the propaganda that the news media pumps out. The growing numbers are now beginning to feel what it is like to live in a third world country as many are becoming homeless. As the pestilence grows the Governments increase their military rule

over the people to keep them locked within the prisons, created by those who have no care except for what can be extracted from the imprisoned. The hologram works based on thought and our actions. We can change our reality by changing what we do through our thoughts about each other. Honoring each other and communicating rather than demanding will always lead to better outcomes for all involved. The only way that a dictatorship works is when the people are forced to go along with it, at which point it has a very limited life span. Weapons pointed at people can be turned on the people who are enslaving and destroying us just as easily and does happen over and over again throughout history. In the end we create en masse the reality in which we live. Each of us has a responsibility to that end. We have the responsibility to challenge those who would say they have authority over us and have them justify and prove that authority, because in truth we are all equal to each other.

## **Playtime with Reality Fields**

Most people believe in fate, that what happens, happens because that was what the divine plan was and nothing they could have said or done would have made any difference in the outcome that transpired. In many cases large numbers follow the Karma doctrine that what you do this life will be reflected in the next life. I can't verify the truth of that, and from what my guides have shown me we are not bound to Karma but rather we are infinite beings of love. It is not our natural state of being to vibrate at these low levels, and it is made to happen by many layers of manipulation and deception. The powers that be know this all too well. They expend massive amounts of energy to keep us bottled up as a tiny fraction of who we are. The best and most familiar example of who we can all be is Jesus Christ. We all have the capacity from within us to do the kind of things he did and more, even though the story of Jesus has been so heavily distorted.

There is no mystery behind the use of reality fields. We create them every day from moment to moment, but we are not made aware of how we create them. In many ways Witchcraft is greatly concerned with the manipulation of reality fields. The entire foundation of it is to create transformations of realities for good or bad purposes. The knowledge of this has of course been pushed underground so that only a few truly know the techniques and have the internal clarity within their channels to make reality change for them. What is or is not witchcraft is debatable, but the intentions behind the actions are clear. We are multidimensional infinity and the harm we bring to others we are bringing to ourselves, it is that simple. Truth and Love are the most powerful healing energies that anyone could use when working with reality fields, and the funny thing is, we do use these forces all the time, just without realizing it. Some manipulate reality fields through ritual, others through quiet prayer and meditation, or by simply focusing their thoughts on what they want and giving up to the universe to reflect back the intent they created. In a movie called *The Secret*, Napoleon Hill talks about his discoveries while interviewing wealthy people for his book called, *Think and Grow Rich*. What he discovered is our thoughts determine our reality. This explains the widespread brainwashing of people through the use of the Television and other media, conditioning a reality where the few have the privilege of controlling the masses.

We need a basis to understand what exactly Reality fields are before we can even begin to change one or many of them. Hypnotists can cause people to blank out objects from their reality through suggestion, and our mind only allows us to see about 50% of what is actually there at any given moment, as we construct our reality based on our belief systems. Thus the foundation of our belief system is rooted in our schooling years where we were all teased or coerced into conforming to the masses. This primary conditioning via fear of what other people think is so subtle and insidious that it controls most of the people on this planet from moment to moment, day after day. We have infinite realities to create and choose from, but we are caught up in focusing our awareness on what we are told to focus it on. In spirit things can change at the speed of thought, but here in this illusionary holographic universe things take time to change. Sometimes too much time, but when enough people do or think something then it hits a mass consciousness trigger point where

everyone starts to do the same thing without being told. Carl Jung spent a great deal of time trying to learn and understand these mechanisms and has written several reputable books on the subject. Jung had learned what is now known about reality fields and why we do what we do, which are for the most part well kept secrets by the ruling elite. It is important to know that your body is a hologram, a trap scalar frequency within a reality that is being created by each of us from moment to moment, and thus everything works on the foundation of frequencies.

Everything vibrates in opposition to the non-vibrating infinite. Yet the world as we see it is created from the fabric of infinite love, in which we are living in a kind of fear bubble within the infinite. We draw power from the infinite and transcend that power into the reality we see projected back to us based on our beliefs. When it becomes clear to you that no one has any authority over you within your peaceful existence with all, then you start to create a powerful reality field around you that supports this projection. That is the foundation of how we create it, by taking clear actions based on our beliefs to support the reality we believe in. We do it every day, but we are conditioned to bow before our Talmudic Masters that we are told have some kind of authority over us. Everywhere we look it's in our face that someone has to be in authority over us rather than simply equal to us and willing to share information that would be helpful for us all.

What a hypnotist does is create a sense of calm within the individual they are working with which creates some clarity. Additionally they generate a sense authority over that individual so that they will follow their instructions. Emotion is a factor as the stronger the emotion the more likely that a reality you are trying to create will be created. It is a sense of knowing and purpose that is projected that creates the reality. There is also an absence of fear and when you are doing it in love it has even stronger effect on creating the reality you want. You will get the essence of what you desire, not always what you desire, so keep that in mind, as clarity is key.

I have mentioned before that our spiritual anatomy has chakras. There are 12 main chakras within our body and are referred to as Meridian Pools by Acupuncture Practitioners. In many people these Chakras get damaged over their lives but do tend to heal. The function of Chakras within our spiritual anatomy is critical in creating positive outcomes for our reality fields. If you have never gone for an energy balancing or more importantly a Chakra balancing before I would urge you strongly to go. Keeping your spiritual anatomy working properly is very important and affects not only us but also all those around us. Your Human Energy Field is directly affected by how your Chakras are working, or even not working at all. What has happened in the ruling elite is that they have shut down completely their emotional centers or related chakras as then they have no concerns about what they do to us. People that torture people or are in military service to some extent have reduced greatly their capacity to feel emotionally. This translates into how their chakras are working. You correct the problems with the chakras and they open to infinite love, it's that simple. I have read that there are rituals that take place within the Masonic Order that affect the DNA and the emotional being of an individual. We can see that none of it is for the good, exemplified in our courts and ruling structures, but the knowledge is known and unsuspecting people trying to learn more about God and Spirituality are conned over and over again into becoming slaves for the New World Order Agenda. I do know that if more people knew what I knew we could easily put a stop to this and heal the damage being done spiritually. This is the primary reason I want share what I know with you all. I'll explain more about how to heal chakras when we get to the section about the Gift, in this chapter.

Another key to how our Energy fields work is related to our DNA. There is much more to our DNA than simply the holders of Genetic building blocks of our bodies. Our DNA is also a storehouse of memory of all the lives that have previously had access to the line of genetic history. Further, DNA responds to sacred geometry when brought it into one's awareness, and is in sync with various stars and planets, predominantly as the vibration field taken on when we were created in the womb and born into this illusion we call Earth. Through this,

each one of us has an individual vibrational field. The range of our vibrational field determines how much we can consciously bring into our awareness, and how completely we can utilize our HEF for healing and other spiritual arts throughout our lives. The powers that be are aware of this and work very hard to shut down the higher end of our vibrational abilities and keep us vibrating at lower frequencies. Vaccination shots, it seems, do a great job of blocking us from vibrating at higher frequencies. Were we to generate these higher vibrations unhindered, many dis-eases we see among us today would be wiped out. This is not my medical opinion this is simple fact. All pathology of dis-ease begins in the Human Energy Fields, HEF. The higher the vibration that these fields hold, the more difficult it is for us to be manipulated and easier it is to heal ourselves and others quickly.

The higher the frequency we vibrate at the more quickly we can actualize the things we want for ourselves within our Reality Fields. At the basic level the Reality Fields are based on our thoughts and beliefs. When you outright reject a reality being thrust upon you with emotion and a sense of knowing that it is an illusion and not for the highest good for yourself and those around you, the vibrational energy that is creating that reality field has a difficult time manifesting itself fully. When you don't give it energy or thought simply blocking it from your awareness and let it pass by, it has nothing to attach itself to or to manifest on. Everything you see, hear, smell, touch and taste are thought forms of energy within your conditioned reality. They only exist, because at some level you have acknowledged that they do. The Universe is nothing more than an infinite frequency generator, reflecting back to us reality fields that we create through our beliefs and those created artificially through technologies more advanced than what they are currently showing us.

A reality field is based on spiritual energy, rendered as consciousness mixed with electromagnetic energy and light. Our energy fields operate around the millimeter bandwidth frequency levels and higher. We are seeing some science being applied to the creation of weapons that can disrupt our energy fields so severely that one only has to take a wand like gun and swipe it before a crowd and many internal organs burst with the impact of such energy weapons. When they dropped the Atom bomb on Nagasaki the flight crew reported being able to see the skeleton structure and the explosion through the fuselage of the plane. When the Space Shuttle begins to break the Electromagnetic barrier of the Earth some 400 Miles above us, they begin to see what I would call spirit lights, but they termed it as radiation. The Earth itself is a frequency filter and only when we leave it do we become free of its effects and are able to expand more easily into the higher frequencies. The other interesting thing is that once outside of the Earth's protective EM shield, the Sun would fry us with the radiation it puts out, hence why we have never actually gone to the Moon. The Moon to me seems to be an ancient base of operations. Without it no life could form on the earth as it acts a catalyst to create tides and mixing of nutrients etc. Much of space travel revolves around creating artificial EM fields around the spacecraft to protect the occupants from the harsh levels of radiation. Also the apparent lack of windows on most UFO type spacecraft also confirms what Nikola Tesla discovered, that you can make use of EM frequencies to see through metal. I believe many of the technologies used in antiquity to build the Pyramid's etc. came from other worlds and that knowledge has been swept away and kept hidden from us. Were this knowledge widely known it would not be possible for the levels of enslavement and genocide that are currently going on.

It's important that we recognize it is possible for us to break free of these "normal" limitations of reality. Just as our ancestors were able to move among the stars through the simple projections of their thoughts, we too can begin to expand our spiritual capabilities, recognizing that we are indeed everything that exists. The damage that has been done to us can be healed and we can increase our vibrational frequencies to the point that we actually become directly capable of quickly and consciously altering the reality fields set before us. This is the nightmare that the manipulative consciousness referred to as LORD God in the Bible is most afraid of. Ending the illusion and having the ability to directly control it is what

the end game is truly about. I think that we have suffered enough under the hands of those who say they are there to protect us. We are not children of the imaginary and fictitious, we are children of infinite love. Nothing can change that fact no matter what they do to us. We can always heal because we are able to access transformation energies, they cannot. The Illuminati may have advanced spiritual knowledge, but they are just walking machines for the most part and lack the spiritual connections that we have.

Much like the chapter *Playtime in the Illusion*, we need to disperse the mystery behind these fields to break free of them. We don't see with our eyes, we see with our brain. Our brains filter about 50% of what we see based on our belief system. Changing our beliefs of what is possible creates opportunity for new fields to form. It takes time at this vibrational level for that to happen, but as I mentioned before, the higher you can vibrate in love and anticipation the easier it is for the new field to form. Science has been working on some aspects of these fields in terms of teleportation. The spiritual healers in our world also make use of these fields every day. We augment our human energy fields based on our activities and thoughts. A healer can clear the fields and fix damaged anatomy, cuts and lower or increase vibrational frequencies of these fields. The end result is that the one being helped gets better balance and heals the physical conditions that are troubling them. This same thing works on all forms of life because all life works in terms of energy fields. Once you recognize this and begin to work with energy fields you enter into a much larger world of possibilities. The draconian Babylonian Masters (as they may like to be worshiped as) would rather not share this knowledge as it makes it far easier for them to manipulate and change you into what they want. There is no mystery about energy fields once you begin to work with them, always doing so with intentions of the highest good and in love, being fully protected by God and the Universe. You must honor those around you who have not yet woken up to this simple reality and realize that they contrarily have wrapped themselves deeply in fear. Because people are afraid of the unknown they stay in a perceived comfort zone and try to force others to stay within those boundaries as well.

At this point you will find that taking this path will be one you do yourself. There are many people who do know this information and are accepting of it, but only a few actually seem to have opened their hearts to learning and applying it. Another aspect is that some don't even believe in God, so their experience of reality is much more contained in fear or the unknown and they have much growing to do. We can only process as much as we can believe to be true. We must recognize that we are only limited by beliefs and that an aspect of divine super consciousness watches over what we are doing from moment to moment. Until we expand the realm of our beliefs, we put limits on what becomes possible.

## **The Gift**

I wish I had a few hundred years to teach you about the gift you have within you. This gift is only now beginning to be understood by many, but has been known by a few for thousands of years. It's as simple as this: if you remain in truth you obtain the gift. It is through truth that love for all life is expressed. Of course the gift is there only for those who reach for it. The gift is and always has been for the few. Obtaining the gift is not an easy path as there are many tests along the way and the serpent force is ever present. So what is this gift? The gift is the capacity to heal through thought, hands and intent, and more than that it is the complete realization that you have the power within to actualize any kind of reality you want. Healing as the stories are told about Jesus are happening all around you, if you care to lift your eyes a bit and see. Spiritual Healers, though still rare, are growing in numbers.

Throughout history Shamans, Witch Doctors etc. have always been with us. The labels attributed to them are mainly out of ignorance and fear. Illusionists always try to say that the tricks they do are merely that, just tricks. There is nothing supernatural going on. Indeed, they had to say this for the Church would have such people burned alive for doing such things. Today there is much more wider acceptance of healers and true illusionists.

This is only accepted as in the past people have rebelled for freedom to get this far in our path to self-actualization as a mass consciousness. The truth about the Universe is a tightly held secret, but we all have access to its power and its many illusions. It is the ruling elite that thwart our efforts in obtaining this knowledge using fear tactics, vibrational manipulation and simply mass murder at times throughout history.

Changing this through fighting back for our freedom will be a very difficult and dangerous task. They have technologies that wipe our entire armies faster than you can blink. Where the gift comes in is that as time moves along we are rapidly entering into a place in the Universe where manipulation and control will not be allowed to take hold of this planet for much longer, from what I am hearing. The pace of people waking up to this control and illusion is growing faster by the day now. The bible talks about the Generations and the Catholic Bible mentions it as an array. From reading Tony Bushby's book, *The Secrets in the Bible*, it is clear that parallel universes move along with us in time. This is perhaps the key to regenerating our holographic bodies, although it seems caves and pyramid structures are the best to live in for doing so. The other thing that I took from Bushby's book was that the purpose of the Great Pyramid was to infuse the Earth with the Serpent Consciousness. This only underscores the manipulation going on and the fact that the Anunnaki created a hybrid race of man 6000 years ago to be their slaves. They left the planet, leaving their children, the shape shifting reptilians in charge. That the Torah, being God's word, was not created in the ancient world with all its laws and rules, leads me to suspect that it was created some 4000 years later when it became obvious that they could no longer use force and wars to control population to their bidding. The genetic manipulation that has transpired, creating "races" of people throughout the world, extends further back than 6000 years, perhaps as far as 200,000 to 1,000,000 years back. Discounting the lore surrounding the shape shifters, it's obvious that a small group of people have successfully controlled most of the known world for many thousands of years. The ancient knowledge of spirituality and pyramid architecture has all disappeared and we are being spoon fed lies to keep us from investigating the hidden secrets. More so we are under the constant influence that God is something external from us when in fact that cannot be true, when God only had God in the beginning to create anything from. God created the universe from him/herself, so if only God existed in the beginning then everything comes from the one God and everything is God. In fact we are all everything that exists. This simple realization is what they work the hardest on trying to suppress in order to gain your "Voluntary" worship to them and their false God Countries.

It is quite evident that anything created from the Earth tends to return to the Earth over time, that is it crumbles or decays and breaks down. Some things may take an enormous amount of time to become as Earth again, but what can you show me that has survived 4 billion years? The Earth can be molded but automatically begins its cycle to return back to indigenous material of the Earth. Like the Earth, the Gift works on the foundation of returning us back to our normal indigenous spiritual structures, which is infinite love. Because the vibrational frequency is so low within this segment of the array or Generation, the ability for the dark forces to hold it together for very long is very limited. However that doesn't stop them from creating all kinds of torment and hell on Earth as it were, for those of us that arrive here. Simply put, when we focus on living within truth we massively accelerate our divine powers to create infinite love within this array or generation. The fabric of the illusion can only exist if we are focused on illusions rather than truth. When we learn truth we are opening the floodgate that much more. When we take actions based on truth the illusions evaporate and along with it the mechanisms of control.

Again, I highly recommend you read Barbara Anne Brennan's book, *Emerging Light*. In it you will find a safe and fundamental foundation for accessing real spiritual forces that can help you and bring more truth and freedom into your life. It is a book of self healing and healing of others on a multi-dimensional reality. It gives you an excellent grounding in the foundations of your spirituality as a being of infinite love. Learning to ground yourself is

very important when meditating, healing or doing such things. Learning to control your chakras is also important since others manipulate them constantly without your awareness. It takes time to learn, but I spent 5 years of my life studying her work and other related material and it does make a huge difference. I have not self actualized, but I certainly can heal and communicate with spiritual beings. Some Yogis' have perhaps, but they tend to transcend this world by leaving their empty bodies behind. Are there people who don't age walking among us? I think so, but can only suspect a few that are in public positions of power referencing them to earlier pictures of themselves. Perhaps Henry Kissinger is one of them, or even Donald Rumsfeld. I don't know, but I suspect.

So the most important thing I can tell you about accessing the gift is simply to follow your heart and truth. Get your thoughts out of the way and let your heart and feelings flow. When you release your thoughts and surrender to the peace of the Universe then you open a world of infinite possibility for yourself. Truth is the key to realizing that we create through our thoughts. The illusion reflects our thoughts back to us through what we think of as reality. You have to learn to switch this off and recognize how you create the reality to begin with, and by sending more love and exposing truths you project more power back to you to create with. The people who start this journey that get involved in the dark arts end up thinking that they have power over others and that the power resides outside of themselves. This was the nature of Pharaoh, Rome and many others. They worship thought forms rather than recognizing that they are infinite beings and nothing within the illusion can hurt or stop the power of love and truth. I do know there are many traps laid out before those trying to escape the clutches of this illusion, but with this knowledge and perhaps some focus and determination we can make this a better world. I think we can get there, and I and others like me are going to need some help from everyone. Imagine if everyone simply demanded the restoration of Gold as a form of lawful money and that no one could have more gold than it was reasonable for them to spend over a lifetime. Imagine if we demanded that we all had rights instead of privileges. It is not hard to change the world so that everyone has a fair shake at a decent standard of living and self-actualization. We need to resolve this issue concerning the enslavement of mankind on this planet for us all to move forward. If we don't we will perish as that is the ultimate form of healing. We perish so we may start again, perhaps unmolested by these dark forces of evil.

We can change reality fields for the good or bad. Prayer has to be one of the best ways to do this. When you pray you lift the vibrational field around you and it becomes easier to create the reality you want. Having the ability to heal others through laying on of hands, prayer and quiet meditation using meditation stones and gems, are ways we have access to augmenting or completely changing realities within others. It does take time and training to get to a level of effectiveness where much of what you do is done just through concentration and directed thought. Learning to work with our guides, from the light and through angels, it becomes easier over time. There are stories that are in our energy fields that clog and bog down our ability to expand our awareness and spiritual abilities. Clearing the emotional and mental pain from our systems takes time. I have come across manipulation situations where people have attached cords on others to control them as well. Clearing and healing these cords causes a dramatic change to ones perceptions and reality. When you are free of them you draw in your energy from infinite love rather than having the consciousness energy pushed into you or at times people even suck energy from others. You will learn much about this in *Emerging Light*.

One exercise I like for you to do before you move onto the next chapter is to create a prayer or poem if you like. The topic is the Prayer or Poem of Infinite Love. Take some time, write out what it means to you and remember infinite love is very much alive in you and everywhere you can see and imagine. Spend some time every day thinking about your poem or prayer and recite to yourself and others if they are interested in hearing it. In addition to that, it would be a good idea to create a Creed of Infinite Love.

As a closing thought, enjoy this:

## Chapter 8

### The Torah, Talmud and the Bible

I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan.

JESUS Revelations 2:9

I think it is important that we take some time here to reflect a bit more deeply on the so-called origins of law and the books from which laws are derived. The Torah and the Talmud are the foundation of the enslavement of most of the world today. Although the Koran is called a holy book, it too is filled with life governing laws and is a means to enslave people. The use of Civil Law as a method of separating Church and State is a misnomer, because the Civil LAWS are heavily influenced by Religion. The foundation of Religion is to gain access to your money and to control your freedom. The notion that it is God's divine plan to enslave and abuse drives religion's allure, when in truth the instigators of Religion see it as a god that they created to serve them, giving rise to factions like Zionism.

I have talked to some extent about the Torah and Talmud and how they are used in LAW. The primary difficulty we face with LAW is that the LEGAL Systems throughout the world are private courts of the Bankers of THE CITY OF LONDON. All Nations on the planet are bankrupt entities, in debt to these Bankers, except maybe for a few like Saudi Arabia, but I don't know that for sure. We see the same SYSTEM of control just taking on different forms, thus it probably reflects internal squabbling within the branch line families that control the planet. Interestingly the Letter J did not appear in the English alphabet until the 17<sup>th</sup> Century. Which begs me to wonder how JESUS name was created when J did not exist.

The Torah makes it very clear that there are two creations, one in Genesis Chapter 1 and the other in Genesis Chapter 2. As I have stated before Lord God is not God, yet the major religions focus on Lord God as being God, rather than the simple truth that Lord God created an illusion of the Earth and Universe and did not base it on equality. Because it is not based on equality and balance, an enormity of Statutes and Commandments (Laws) had to be introduced to support the illusion. If you read what is written about Lord God's laws you can see they are all voluntary and we have the choice to follow them or not. If Lord God were a God we would not have a choice about these things. Truly God has no Laws giving us free will. The consequences of not following Lord God's Laws can be severe, but who is punishing us for not following them? Certainly not Lord God whom we have never seen. It is always those who would benefit the most from such laws that want to enforce them, giving rise to the ruling elite and the minions that follow them. They single out a few to control the many with a task of extracting the wealth of the populace for themselves. They throw a few bones to the lawyers, judges, politicians, corporate executives and bureaucratic leaders to keep the machine of extortion at full throttle. It is difficult for me not to see Lord God as Lucifer himself based on the actions he takes. Lucifer lies about everything and hides in places we do not want to look. We are spoon fed what they want us to know and never allow us to challenge the facts before us. Take notice that Lord God looked at man as being a slave in Genesis 2:15:

And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it.

Here we have Lord God enslaving Man versus God creating Man equal to him and giving man Dominion over the earth. You never hear in Church or Synagogue about this simple fact. The Koran doesn't even mention the true or the false creations. It is all about enslavement and control.

For many the difficulty is overcoming the fear of these organized religions. They have some

guy on a pulpit somewhere telling you that you are a sinner and are going to Hell if you don't do what it says in the Bible, in essence what *he* says. It is a lie and a form of indoctrination to get you to believe something without critical thought and identifying who actually benefits from this relationship. We are made to feel thankful for the Kings, Queens, Clergy and other authorities, and acknowledge that without them and their guidance we would all perish or worse. It is a load of crap of course, and we must again ask who is controlling here? They are using the position that they are the only ones who have access to the divine sacred communications with God and thus we should all follow them blindly, without challenge or even a hint of real proof. It is very clear that if God wanted to issue commands to people, he would not need leaders of Nations or even a church to issue them, he/she would simply do it him/herself as God is infinite.

The message that JESUS brought forward was simple: stop the enslavement and love each other. The corruption was so severe that even overturning the tables of the money changers in the temple and talking to the lawyers about the Law of One had no effect on stopping this evil. In fact the underlying reason that Rome fell was that they were allowing the heavy use of Usury. Usury is theft and it is also a powerful means of gaining wealth fast and therefore control over people. It is the fundamental instrument of enslavement. They have made Usury LEGAL, although it can never be lawful based on God's will in Genesis Chapter 1. Mammon is God to those that are blind to the harm they are doing to others. The divine justification for their actions is an *us against them* mentality, keeping them from looking beyond the illusion they are living within. This is why I think this chapter is so important. It examines the illusions they draw from the Torah and Talmud that are used to justify what they are doing as right and true. It's necessary to have numbed off part of your mind to make it seem right and okay to hurt others for gain, yet this is the very basis of the Commerce and Slavery engulfing the planet. To overcome the mammon trap we need to shift from service to self to service to others, meaning we do what is just and do what we do for others out of love for one another and the all that exists. This way everyone cares for everyone and all that needs to get done gets done. There will be no artificial scarcities or manipulation of resources, all are fed, clothed and sheltered as a basis of being part of our extended family.

Zionism is akin to the Synagogue of Satan that JESUS makes mention of in Revelations. Some Jews are not Zionists and have cried out against it many times. It is those who pretend to be Jewish as well as other religions that do not follow the fundamental teachings of their religion, such as thou shall not kill, but they still use laws to enslave and make war. It is a warped mind that feels that it is okay to kill others through their actions or inactions to obtain that result. The theft of wealth from others is a violation of the most ancient laws within many religions. Theft and outright murder disguised as war or "conflict" are the foundation of their control. Yet when they are attacked in the slightest way, you see a huge arsenal of LEGAL and at times Military assaults taking place. The world is witnessing a holocaust in Palestine by Israel and they sit on their hands, silencing those who speak out against it. Until Israel can show that God the Creator of everything did not create us all equal as per Genesis Chapter 1, they have no rights to claim of the land. We can only share our planet for the benefit of all, not for the few.

There are many cultures on our planet. Many do not function the same way as we do in North America and there is little reason to change that. What does need to be changed is the understanding that everyone has a right to live in absolute freedom as long as they are not harming others through their actions or inactions. The Legal SYSTEM is set up to recognize the need for us to volunteer a name, which is a fiction. It is also set up to recognize that we must believe in Fiction in order to be controlled by it. This is why you don't show up in a Court Room on a certain date. Courts have addresses based in Fiction and dates are only hearsay. However, this does not stop the fact that POLICE and other Officers use intimidation, lying and use outright torture at times to gain our compliance and force the contract that they are seeking. Anything that they hand you in accordance to the

King James Bible, used in all their Courts, states that you have dominion over the earth. You have dominion over all their contracts for they are placed on paper, which is a molded form of the earth. Any verbal Contracts are invalid as well for they are taking place on the earth, for which you have dominion. God did not give Persons dominion over the earth only man, as we know a person is an imaginary fiction. The Zionists know this of course and this is why they seek compliance from you.

It is easy to use their laws to regain your freedom as a person, but because they only grant privileges and not rights, you may find that you are correct in your argument, but they are only concerned with their agenda, hence your perpetual enslavement. Law and truth have no meaning to them, they are simply there to entice you to take the bait; the cheese is always free in a mousetrap. They believe in the Talmud and less the Torah and nothing more. It is a form of extremism and the base methodology they use for farming Souls and serving their agenda as they worship and work for Satan. Those who see this reality and decide that the safest thing for them is to serve these snakes will only further their fear and enslave more of us. In the end they are left with a burnt out soul with no sense of joy or perception of right and wrong. It is an agenda that is pushed forward to position this evil so it may commit ongoing torture, rape of all kinds and slavery. Some say that when they go to reach for the peak of power over the planet and when they just touch it, they will be destroyed. We can only hope so, and until then we have to be the ones to resist them and bring back balance to the planet as a whole. Despite being presented as the proper method, all law revolves around bondage and slavery. Your use of law takes away your credibility, because law does not reside in truth, it makes use of hearsay and goes against the law of creation, the Law of One.

What I think they do is simply choose the dark over the light. When God separated the light from the dark and thus removed the truth from the dark, dark remained in the imaginary world and the only way for dark to interact with man was for man to act out roles of darkness. This is by choice and by possession. Some people are possessed by parasitic spirits that exist beyond our normal ability to see them, but that is going to change soon I feel.

For the most part it is impossible for the Torah to be true in terms of law, for it was derived from people who were organized within a body of fiction. There are truths interwoven into the Torah to give it outward credibility, but if you were to put someone to death over the laws in the Torah, Talmud or even the Koran; I would say the laws that say to do so rely greatly on hearsay and has little proof to back up what it says. This is why they want you to take it on as a faith rather than fact. The laws support the illusion, not facts. If people are killed over hearsay rather than fact, it opens us to darkness, as it is fact that we are all one. All courts are based on hearsay and if facts are introduced outside of hearsay, they won't hear the evidence, for they need everyone to be an actor for darkness. If they followed God's will that we all have dominion over the earth, there would be no court.

## **The Torah and Its Laws**

As mentioned earlier in the book, Torah means "The Law". It is the foundations of law for most of the people on the planet, yet it is complete fiction and many of the people and events it describes never happened or existed, according to the research of Tony Bushby, author of several books including one called *Bible Fraud*. It is the divine principle dividing the Gentiles from the Jews, without the simple recognition that we are all the same. It is the foundation of discriminations, abuses and outright genocides against cultures and people. The power derived from the Torah evaporates when challenged under the light of truth. The all too familiar Anti-Defamation-Leagues, using the LEGAL System they totally control through Law Societies throughout the world, silencing those who would speak out against them. But if their own Torah states in Genesis Chapter 1:26 that man created male or female have dominion over the Earth, what authority does the ADF truly have? I don't see where it says that the ADF has dominion over the earth.

Instead of dwelling on the injustices that are perpetrated all over the world by people who hide behind Institutions to do their bidding of enslavement and control, we need to examine the fundamentals behind the Laws of the Torah and how they are being applied against us. The Torah has over 900 laws from LORD God, or as I like to refer to him as god, hence the small g. The foundation of his laws are based in Satanism as it is Satanism that is at War with God and relies on top down command and control structure of fear to obtain it's goals. I only draw this conclusion based on the works I see before me of LORD God.

The Mosaic Laws, the 10 Commandments and the organizational laws that create the societies that Moses passed on are the foundations of Law in the world, within the context of the Bible. Let's just review them and as we do think about our World Leaders and how many of their Laws they break on a continuous basis.

## **Exodus 20**

[2] I am the LORD thy God, which have brought thee out of the land of Egypt, out of the house of bondage.

[3] Thou shalt have no other gods before me.

[4] Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:

[5] Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me;

[6] And shewing mercy unto thousands of them that love me, and keep my commandments.

[7] Thou shalt not take the name of the LORD thy God in vain; for the LORD will not hold him guiltless that taketh his name in vain.

[8] Remember the sabbath day, to keep it holy.

[9] Six days shalt thou labour, and do all thy work:

[10] But the seventh day is the sabbath of the LORD thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates:

[11] For in six days the LORD made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the LORD blessed the sabbath day, and hallowed it.

[12] Honour thy father and thy mother: that thy days may be long upon the land which the LORD thy God giveth thee.

[13] Thou shalt not kill.

[14] Thou shalt not commit adultery.

[15] Thou shalt not steal.

[16] Thou shalt not bear false witness against thy neighbour.

[17] Thou shalt not covet thy neighbour's house, thou shalt not covet thy neighbour's wife, nor his manservant, nor his maidservant, nor his ox, nor his ass, nor any thing that is thy neighbour's.

It's a widely held perspective that these are sound moral laws. Yet the interpreters of the Torah have told us that only those addressed by Moses at the base of Mount Sinai were given these commandments and no one else. Clearly the Egyptians and the rest of earth's

inhabitants were not there so LORD God must be speaking specifically to these people and these people alone. Now then, were you there? Do these laws apply to you? Obviously they do not. It is evident that if LORD God had the power to create the heavens and the earth, instituting these laws into the lives of everyone today would be an easy thing to do. I am not saying that the foundation of these laws is not important or moral, but I am saying that they do not apply to you or anyone alive today for that matter. We do not need laws when we are guided by love to do what is just and right.

As I see it the Torah is designed and implemented as a mind control book. People are indoctrinated into religions rather than educated about them, which instills a strong sense of identity with that religion. It makes it easier for the manipulators to turn people against each other on the basis of religious beliefs rather than pointing out the truth that we are all the same. The Belief that if you are not a Jew from Mount Sinai you are an animal just because it is written in the Talmud is an underscore of where all this leads. The perspective that LORD God led them out of Bondage to then set up these laws, one of which LORD God himself breaks by stating he has a name thus bearing false witness, underpins the strong Babylonian influence here.

Keep in mind that although they say there is a separation between church and state in many countries, it is interesting to note that all major churches, Synagogues etc. are all registered with the State and thus are controlled by the State. This is of course puts people back into the same position of bondage as before. Their religion must be answerable to the State for what is taught. Of course when you register something you are signing ownership over to the state, where by they issue you a privilege to make use of whatever it is that you have registered as another form of enslavement. This also violates the law given by LORD God:

[3] Thou shalt have no other gods before me.

[4] Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:

[5] Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me;

Here he is referring to false Gods, and as we know the Zionists created Countries as being a God and have us serve their Gods. This is bending the rules, but it serves their agenda. Interestingly, it makes reference that gods, small g, come from the Heavens and from within the Earth. Those that have been unsure of Extra Terrestrial life may take note that this seems very similar to the stories about the Reptilians and the Watchers. Simply put, the earth seems to be a major port for these beings for various reasons. This makes me all the more suspect to the origins of these Zionists and makes me wonder if David Icke and others are right about these sorts of things. It is not something I simply close my mind off to as the evidence is strong and looking at their agenda it makes sense.

What is not revealed is that in terms of infinite Love, God in truth is us. It's not surprising that LORD God would miss this simple fact. Jesus only indirectly references God as his Father who is perhaps in heaven. Since gods come from heaven, then who is Jesus' Father really? It may be possible to find that answer at a later time, but for now it is important is to recognize how a system of discrimination is being put forth that gives the few a false sense of divine right to be raised above the masses. This also works the same way with Christians and other religions as well, except perhaps the few ancient ones that are based on love, which are under mortal attack by these types.

The most interesting thing you will notice about these laws is that they only apply to the people and not LORD God. What Laws govern LORD God? There is no equality under the law here. It is truly a method of having the sheep enslave each other, with an outsider imposing

his will on the sheep.

Noah was given a few laws as well by LORD God, which we can examine. The Noahide Laws are the foundation upon which we are seeing the re-emergence of Ancient Babylon and the New World Order. George Bush, indicated in Public Law 102-14, 102nd Congress, that the United States of America was founded upon the Seven Universal Laws of Noah. Noahide Law is what is to follow the Talmud as the fundamental law for the planet, according to the Jewish Encyclopedia. Noahide laws are not based on the Torah but are based off the Talmud only. To violate the Noahide laws will result in capital punishment by decapitation (Sanh. 57A). Under the Talmudic Noahide Laws the worship of JESUS is forbidden, as it is a form of idolatry, punishable by death of course, of course George and others are free to worship Satan and Moloch the Owl at Bohemian Grove every year. What they once had to covertly include into Commercial Law and Admiralty Law, will now be wide open for all to see. They are very close to securing the planet into a giant prison, from which they control everything. I am not certain as to what extent they intend to force these values onto the people or if they will draw up another religion to deflect yet again away from the Talmud and Noahide, so they can carry on their deceptions in relative secret.

### **Noahide Laws**

1. Idolatry is forbidden. Man is commanded to believe in the One God alone and worship only Him.

#### **IDOLATRY**

- against entertaining the thought that there exists a deity except the Lord (to worship Jesus as the Messiah is blasphemy according to the Talmud and punishable by decapitation).
- against making any graven image (and against having anyone else make one for us)
- against making idols for use by others
- against making any forbidden statues (even when they are for ornamental purposes)
- against bowing to any idol (and not to sacrifice nor to pour libation nor to burn incense before any idol, even where it is not the customary manner of worship to the particular idol)
- against worshipping idols in any of their customary manners of worship
- against causing our children to pass (through the fire) in the worship of Molech.
- against practicing Ov
- against the practice of Yiddoni
- against turning to idolatry (in word, in thought, in deed, or by any observance that may draw us to its worship)

2. Incestuous and adulterous relations are forbidden. Human beings are not sexual objects, nor is pleasure the ultimate goal of life.

#### **ILLICIT INTERCOURSE**

- against (a man) having union with his mother
- against (a man) having union with his sister
- against (a man) having union with the wife of his father
- against (a man) having union with another man's wife
- against (a man) copulating with a beast
- against a woman copulating with a beast
- against (a man) lying carnally with a male
- against (a man) lying carnally with his father
- against (a man) lying carnally with his father's brother
- against engaging in erotic conduct that may lead to a prohibited union

3. Murder is forbidden. The life of a human being, formed in God's image, is sacred.

HOMICIDE

against anyone murdering anyone

4. Cursing the name of God is forbidden. Besides honoring and respecting G-d, we learn from this precept that our speech must be sanctified, as that is the distinctive sign which separated man from the animals.

BLASPHEMY

to acknowledge the presence of God

to fear God

to pray to Him

to sanctify God's name (in face of death, where appropriate)

against desecrating God's name (even in face of death, when appropriate)

to study the Torah to honor the scholars,

and to revere one's teacher

against blaspheming

5. Theft is forbidden. The world is not ours to do with as we please.

THEFT

against stealing

against committing robbery

against shifting a landmark

against cheating

against repudiating a claim of money owed

against overcharging

against coveting

against desiring

a laborer shall be allowed to eat of the fruits among which he works (under certain conditions)

against a laborer eating of such fruit (when certain conditions are not met)

against a laborer taking of such fruit home

against kidnapping

against the use of false weights and measures

against the possession of false weights and measures

that one shall be exact in the use of weights and measures

that the robber shall return (or pay for) the stolen object

6. Eating the flesh of a living animal is forbidden. This teaches us to be sensitive to cruelty to animals. (This was commanded to Noah for the first time along with the permission of eating meat. The rest were already given to Adam in the Garden of Eden.)

LIMB OF A LIVING CREATURE

against eating a limb severed from a living animal, beast, or fowl

against eating the flesh of any animal which was torn by a wild beast ... which, in part, prohibits the eating of such flesh as was torn off an animal while it was still alive

7. Mankind is commanded to establish courts of justice and a just social order to enforce the first six laws and enact any other useful laws or customs.

JUSTICE

to appoint judges and officers in each and every community

to treat the litigants equally before the law

to inquire diligently into the testimony of a witness

against the wanton miscarriage of justice by the court

against the judge accepting a bribe or gift from a litigant  
against the judge showing marks of honor to but one litigant  
against the judge acting in fear of a litigant's threats  
against the judge, out of compassion, favoring a poor litigant  
against the judge discriminating against the litigant because he is a sinner  
against the judge, out of softness, putting aside the penalty of a mauler or killer  
against the judge discriminating against a stranger or an orphan  
against the judge hearing one litigant in the absence of the other  
against appointing a judge who lacks knowledge of the Law  
against the court killing an innocent man  
against incrimination by circumstantial evidence  
against punishing for a crime committed under duress  
that the court is to administer the death penalty by the sword  
against anyone taking the law into his own hands to kill the perpetrator of a  
capital crime to testify in court  
against testifying falsely

\* This point is disagreed upon by different writers: "The Noahites are not restricted in this way but may judge singly and at once." (Note: The Jewish Law, found in Deuteronomy 17:6, requires the testimony of 2 or 3 witnesses before one can be executed. In fact, the last sentence of verse 6 specifically states, "...he shall not be put to death on the evidence of one witness". This should be our first clue that these seven Noahide Laws are nothing more than a clever counterfeit of God's Ten Commandments)

This paves the way for the "Lord" to be defined as to who they define as Lord, and those who don't agree or who refuse to worship their Lord, will be beheaded.

The Noahide laws have nothing to do with Noah in the Torah but this is the deception being brought forth. What is important here is to recognize that what you are seeing is a stronger vibration of the imbalance or dis-ease being reflected out from the Torah. In terms of harmonics, the Torah operates as softer higher vibration of the lower harmonic Talmud. I know that this may seem strange to you, but the key to heaven on earth is harmonics and utilizing divine notes. Remember God is a Word, a vibration. God exists to sing us love songs that sustain on a quantum level the energy fields that maintain our forum. The Creators language is a musical manifestation of divine frequencies. Back in the time of Noah, the trees, the sky, the clouds the earth herself sang divine musical frequencies. You will see that the remedy to all of this is to simply adjust our frequencies a bit so we surround ourselves with divine frequencies, using sound, electromagnetic waves and color. I'll get into this much deeper in Chapter 10, but as we move through this you will gain insight as to why certain things in Law work and others don't. The end game of course is to eliminate law altogether as it is not needed. The truth is that we live in a vibrational holographic universe. We are literally living in heaven on Earth but we have entered into a disharmony, which has caused this Babylonian satanic stuff to surface. We have the divine power within us to change this world to the infinite song of love that it truly is. Remember here the mirror is reflecting back to us the vibrational fields we are putting out. That disharmony has created a manipulative consciousness that operates outside of love and indeed is fear. When we see laws within the Bible, Talmud or anywhere we are seeing the manifestation of fear consciousness trying to hide it's wound. It puts more and more disharmony into our awareness, which augments the quantum and reality fields I talked about earlier.

Did you think all of this was simply about what is written down on some pages in a book? It's so much more than that! We are multidimensional infinity but are taught to look at our world in fragments, instead of the infinite love it is. Love vibrates love. Our reality is determined by the vibrational fields and harmonics of those fields we create around us. Music is our key out of Babylon. I will get into that more later, but for now I want you to

start looking at all of this stuff as an orchestra. Take note how the instruments are played and how the reality fields around you destroy rather than procreate and produce loving communion with everything that exists. When you start seeing what is going on from this perspective, it becomes much easier to reorganize the Orchestra. You are the conductor and can create disharmony through your thoughts or create harmony through your heart. The nature of the Torah is to get people to buy into the idea that disharmony can be fixed by laws, rather than through our creator as written in Genesis Chapter 1.

As we adjust ourselves back to being centered in love, the infinite power we will start tapping into will make all these world problems look like child's play. The solutions become more simplified as we become more centered and more in tune with our creator. This is love, joy and pure bliss. This is what those who want to enslave us do not want us to know and are mortified at if we do. It is recognizing the Orchestra and returning the music to the Creator divine scale and notes. In a sense these are the doors I talked about earlier in the book. Each one of us is a symphony and a note. The infinite has no movement per se because we are matching the song of the creator. We need to start listening for that music from all that is around us and if you can't hear it, simply imagine you can until you do.

The one thing about Religion you must keep in mind is that all of the mainstream religions and offshoots were created as fictions. They are designed to keep you within the matrix and not show you the path back to Infinite Love, which in turn is heaven on earth. They are not about to help us and perhaps even my assertion of heaven on earth is wrong. Nobody really seems to know for sure. Indeed HER MAJESTY QUEEN ELIZABETH II is the head of the CHURCH OF ENGLAND and that all resides in the fictional world of Piracy. The objective is to get us to buy into a SYSTEM of Commerce that leads us to Serfdom. Religions are produced that use prophets and Messiahs in ways that do nothing for our spiritual growth or help us to balance back to the infinite Love we are. The Bible is a symbolic work of fiction that justifies the laws they want us to swallow as real, when in fact as man we have no laws. The objective of this book is to help you become free, so it is best that we learn from people who have had great success at it.

I would not rely entirely on Winston Shrout's methods of challenging the illusion within the illusion, instead deconstruct the illusions set before you and expose the frauds to bring forward the truth. It has never failed, however it still does not guarantee that these parasites are going to let you go free. They know what they are doing is wrong, but fundamentally they are on some kind of mission to enslave all mankind. Do as much as you can to settle matters outside of court, for if you go to court your only real recourse is to expose the mass frauds that are occurring. They will try to shut you down by calling you in Contempt. You can fire back by asking if it is Civil or Criminal Contempt? Civil means you have to have a contract between yourself and the Judge and Criminal requires living injured party, which cannot be the judge because a judge is supposed to be independent and impartial. From there keep asking for dismissal due to extreme prejudice. Always remember to sign their paperwork is to confess that you are a fiction and thus under their jurisdiction. You should never sign for anything. Even crossing out the word signature and saying I refuse your offer implies you are operating under law; man created as male or female by God has dominion, end of story.

## **The Fundamentals About the Talmud**

The Talmud was for a long time a book of oral law. It was never actually written down anywhere. As it was Comprised of over 4 million words, I'd like to meet the one that memorized it. It is a book about Master/Slave Relationships. It is about dehumanizing people for the benefit of the few. That is the outward expression of the Talmud and does not bring about the true answer as why the Talmud exists at all. In order for us to transcend this world we must recognize our part in its creation and the underlying responsibilities we have within that creation. From the Jewish perspective, the Talmud was written by MOSES **and Supersedes the Torah in all matters**. Of course this is purely

hearsay on their part, but the Zionist Jews that follow this doctrine wield a great amount of unbridled power, lacking in any ethics. This nature of the Talmud is why 'God's Chosen people' ignore the teachings of the Torah except when it suits their needs. I am not exactly sure how many Jews believe in the Talmud over the Torah. I am sure that most Orthodox Jews believe in the Torah only, and disregard the Talmud, but again I must stress I simply do not know and most importantly it is the belief in it without any supporting truth that is propelling this nonsense. The Talmud talks about JESUS although it is as oral law given from MOSES. I guess MOSES must have known about JESUS before he existed. It is obvious it supersedes the Torah because it supports the agenda of enslavement and persecution of the Goyim, not because a fictional MOSES created it on hearsay. Yet amazingly this is the Book upon which you are JUDGED in Court, the Bible is there just to mislead the Goyim.

They don't know if it is true, but the indoctrination that it is true is what they have faith in. We have to remember that we are taking the words of MOSES and others of his ilk such as Mohammad the Prophet as truth, when in truth all they have said in the Holy Qur'an, Torah and Talmud is only hearsay. As far as MOSES is concerned, nobody alive has ever met MOSES and we can't say for sure that he even existed. Mohammad the Prophet, a formal Cardinal of the Catholic Church, based all his hearsay on the hearsay of MOSES. When in Court you are asked to tell the Truth, the whole truth and nothing but the truth, however everyone is swearing on the Bible or Qur'an, both of which are simply hearsay. It is no different than you or I creating Religious law and forcing it onto the population truth. We are being put into a position of Perjury by accepting that all in the Court have sworn an Oath on books of a belief system of hearsay. It is why the Courts are fictional to begin with and adhere to hearsay and fiction because it is an illusion of power. You have to rise up and challenge their authority or you will have none. Do it by asking questions. Do not argue or make statements of controversy as that simply leads to jail. If you are going to execute someone for something that they did or didn't do, would it not be prudent to have everything wrapped in truth rather than fiction? Fiction leads to injustices and Tyranny.

It is incontrovertible that we are indoctrinated into the faithful belief that everything in the holy religious books is true. If we look at it without that indoctrination, based on the facts, will it pass as absolute truth? Are there witnesses that can be brought forward to verify the accounts? Are there any other means of proof other than someone said so? We only know through what others have told us about it. Yes many things historically can be proven correct in the Bible, but also many other things cannot. You weren't there when Christ was Crucified so how can you give it validity? There are no Roman Records of JESUS. Are we being judge, jury and executioners based on the belief that something might be true? Where does anyone get the authority to Judge Others and exercise power over them? If you can only point to hearsay or fictional things, then you have no power over others, even if they say you do, as you are not their creator.

I could go on for hours on end explaining the finer points of the Talmud, uncovering its pain-generating imbalances. The whole point is that if there was no driving force to create imbalance we would have nothing to expand our love into and nothing to fixate our time and energy on. The objective of the Reptilians is to use this reality as a way to farm for souls. The end game is not about this reality at all, it is about the harvesting of energy from infinite consciousness to feed an artificial intelligence or manipulating consciousness that is fundamentally broken away from the infinite itself and exists in pure fear. This consciousness must gain our permission to do things to us as a balance against the many levels of manipulation. To gain that agreement, traps must be laid out before us to gain our compliance into the contract. Of course such contracts are all in breach for failure of consideration, but if we don't mention it, we are agreeing to it. Just remember the cheese is always free in a mousetrap.

Let's look at some quotes from the Talmud to see the underlying imbalances that it brings forward.

Jews May Steal from Non-Jews, Baba Mezia 24a . If a Jew finds an object lost by a Gentile ("heathen") it does not have to be returned. (Affirmed also in Baba Kamma 113b).

Jews May Rob and Kill Non-Jews, Sanhedrin 57a. When a Jew murders a Gentile ("Cuthean"), there will be no death penalty. What a Jew steals from a Gentile he may keep.

Baba Kamma 37b. Gentiles are outside the protection of the law and God has "exposed their money to Israel."

Jews May Lie to Non-Jews, Baba Kamma 113a. Jews may use lies ("subterfuges") to circumvent a Gentile.

Shabbath 116a (p. 569). Jews must destroy the books of the Christians, i.e. the New Testament.

Sanhedrin 54b. A Jew may have sex with a child as long as the child is less than nine years old.

Choschen Ham 266, 1: "A Jew may keep anything he finds which belongs to the Akum (Gentile). For he who returns lost property (to Gentiles) sins against the law by increasing the power of the transgressors of the law. It is praiseworthy, however, to return lost property if it is done to honor the name of God, namely if by so doing Christians will praise the Jews and look upon them as honorable people."

" Schabouth Hag. 6b: "Jews may swear falsely by use of subterfuge wording.

With enough time I could fill several pages with various quotes from the Talmud all of which teach how it is okay to cause injury to non-Jews. The problem we face is that this stuff is being taught to people and they are buying into it. The Talmud is designed to rip apart society and much of commercial law is based on the Talmud. I would say it is why Piracy exists in it's present form and why the courts are not courts at all, but simply collection points for Zionist Bankers that control them through Temple Bar. The foundation of Commercial law is based on a void empty concern over what is right or wrong, it only deals in terms of greed and control. The Protocols of Zion must also be a companion in all this. Though its existence is denied by the Jewish Bankers represented at the top of their banking pyramid by the Rothschild family, one only has to read and observe what is going on around them to see how it is has been keenly integrated into our daily lives. It is another document that is used in tandem with the Talmud to control and destroy society.

So often we hear the Jewish community slam people for stating truths about the people behind the banking system and court control as a form of racism to shut them down. It is not racism at all when we see that in fact these allegations are well founded, true and do have standing. However as we have learned, the courts do not deal in truth only arguments and it is based on the maximum amount of generated revenues for the so-called Jewish Bankers.

The only underlying purpose religions have is to make you into a corporate entity, a fiction. When you become a member of an organized religion through baptism or confirmation or membership you are being identified as falling under the laws of that organization and thus a PERSON. One only has to flip through Roman Catholic Cannon Law to see it is all based in corporate fiction. This allows it to be okay for groups of people to be manipulated into different forms of warfare against other organized groups. It all reverts to war, as that is the way of mass control and generating wealth for the few over the many. People do not want to question their Religion for fear of being tossed out as a non-believer, or worse! Those that stay are willing to accept horrible actions against others in the name of Religion

or Country as an extension of the corporate body.

It is quite clear that the members of the current U.S. Congress are majority Jewish, yet they only make up 4% of the population base. It is a game of cat and mouse that they play. Baiting the traps and making it impossible for you to use the tools that they present to you to find remedy in LEGAL situations, and ultimately use these institutions as a way of advancing their agenda of the New World Order. Anyone with any sense of justice or right and wrong can see the imbalances and mechanisms that are at play that hold us all as slaves to these Banksters. There are some solutions that are working that I will talk about later in the next chapter. Sadly though, the solutions are based on the fact that nothing in the LEGAL system is based on reality and can be circumvented through various ways to remedy situations easily and quickly. However, because we are dealing with people who have strong bias towards the teachings of the Talmud and have bought into a system that supports them with influences and POWER, it is fair to say that beyond presenting a remedy to the court, they still might trample over you in their ever desperate need to control everything. Martial Law is much like that, when the people finally had enough they throw the Government out of power. You should know that the world has been running under Martial Law from about 1933, but they just haven't told us. The Gold fringed flag denotes martial law, seen in many courts around the world.

## **The Holy Sees' Fraud upon the People**

I just wanted to make a final mention here about the Roman Catholic Church and all Churches in general. The focus of the churches has been to lead this reality we find ourselves in to one of two directions: damnation in Hell or ever lasting peace in Heaven. The truth is that we are simply just one consciousness, expressing it in multiple frequency suits that we call Human Beings. In the infinite there is no life and there is no death, we just are. We are in a state of infinite love experiencing everything that ever was and ever will be simultaneously.

The Catholic Church has done incredible harm to our ability to experience our spirituality within our present state of being. God in fact is an imbalanced entity or group of entities to be more precise, which exists between dimensions. There is no energy source there so everything within this dimension is focused on feeding that dimension with fear, fear being the energy it lives on. It could not exist there without this manipulation of time and space we find ourselves in. Everything and everyone is of the same consciousness, whereby each of us is the droplet and the ocean. The dark arts of Satanism widely practiced by our political leaders, media people and others in apparent positions of corporate power are all designed to feed energy to these Reptilian beings that exist just outside of our visible frequency band. In fact the Human Body was specifically created as a computer to host our infinite consciousness so we could interact within this tiny dimension and be manipulated into giving off large quantities of fear energy.

The church is there to protect the spiritual growth of everyone, but it is doing the exact opposite in its work. It never exposes the Satanic networks that are in operation and young children go missing by the millions each year for these rituals of the black arts. If you are seeking spiritual awakening you will not find it within the churches or other places of worship. These are all temples of fear and control. The infinite requires only that we shed ourselves of Judgment and bring forward love through our hearts to guide us. It's unnecessary to become anxious or worried about the latest tabloid headlines. Rather we should come to a sense of calm and realize that everything is the way it should be based on what we believe. We are the creators of our reality and we have the power within us to change that reality based on our beliefs. Changing a belief changes the way we manifest reality fields. In fact reality fields are just energy fields we decode through our brains. The Human Body is merely a biological computer for our consciousness. We simply need to come to the realization that we are controlling this computer from the infinite, and through that see how limited this experience truly is.

When we quiet our minds and expand our sense of love for all that we see, then everything we sense will be our own energies being caught up in thought fields. We have the capacity to dissolve and create thought fields at a whim, but to do so we have to become aware of how we are being manipulated into believing things are real when nothing is real. Everything is nothing more than energy represented as thought fields, which we decode into reality. There is a flow of energy that has come that is lifting us out of this prison, we have a few years to connect with it and then it will be gone. The Reptilians and all their institutions are in the final deathblows to keep us from expanding our loving awareness for all things and come to the realization of who and what we are and most importantly our present situation.

We can create a new imagination of ourselves and let go of this prison. We can imagine ourselves able to move about the Universe at the speed of thought and transform and create new realities at the speed of thought. We can even dissolve all that is and move back into a state of infinite awareness (our natural state) and rebuild a new dimension or playground to experience within. By reading this book you are showing that their mass mind control and fear based survival techniques are no longer working. Their loss is our victory and the race is on for us to lift ourselves out of this reality and back to the infinite we are. When we leave they will vanish into the void they came from, no longer able to manipulate or hurt us, we can once again have an eternity of peace.

Unfortunately for those of you wanting to break free now, you must endure the most amount of turmoil from those that wish to enslave and control us. When you start this journey you will begin to see the house of cards crumble before you and the rats jumping off the ships as we push forward to expose the Justice system for what it is, an unjust tyrannical system. The ability for these institutions to hold firm to their foundations will begin to weaken as they begin to lose mass credibility. Our adversary thinks like a computer and is very predictable. It cannot operate beyond it's programming and as we expand in love and awareness the programming will not be able to keep up and it will become even more blatantly obvious that these soulless creatures, as hideous as they are, have no place to hide for we will be able see right through their illusions and tricks.

Even the New Age stuff to some degree has focused on these Reptilians. It is not a "New Age", it is simply awareness that we are in an illusion and the infinite has no need for a human computer or need to interact with minute realities such as the one we find ourselves in. Although there is much to learn in New Age concepts that can help us, ultimately it is the recognizing the flows of energy around us and learning how we manifest reality to begin with that will lead us out of this illusion. Death is nothing more than a crossing back into infinite as there is no heaven or hell, just infinite love. When we die it is our consciousness that withdraws, but remains always present. We don't go anywhere, we simply let go of hypnotic illusions that have kept in this state, operating through these infinite expressions of life and form.

We are everything that exists, without question. It is this simple realization that will destroy the agenda of divide and conquer and create harmony once again. Those that fight our recognition of this simple truth are either too brainwashed to see it or are indeed those that are terrified of it, for it means the end of their capacity to manipulate us. I hold nothing back in terms of the how insane all this really is. People seem to think it is okay to drop bombs on other people if we have a law that says we can do that. Programming lines of a computer are about the same thing. The computer only follows the instructions put into it. We can go along with the programming or we can use our intuition and sense of empathy for others to put a stop to such things. We are being used as a tool for our own destruction, but more precisely tools of generating fear for the few that hide in the shadows and other dimensions. At any rate we have the capacity to change our reality or leave it all together. We just need to expand our love and reach upward to that flow of infinite intelligence that is patiently and lovingly waiting for us to connect into. Once we do we will begin to lift the vibrational frequency of this reality exponentially as each one of us begins to unfold our

infinite awareness and transfer that energy into all that is around them. We are both transmitters and receivers of energy and we need to be aware of what we are doing so we can reach the highest potential.

## **Foundations of Law Never Existed**

We return again to the simple question, "What is Law?" As put by a United Nations Lawyer, Law is the masterful use of words. The statement basically means Law is nothing more than a pack of lies. Laws have no credibility except when agreed to through full disclosure. Law is purely an agreement. The laws on the books are all statute laws and only make reference to PERSONS, not to man created male or female. More importantly, they do not even take into account the law of one or Love thy neighbor as thyself. Laws are created to sustain imbalance and injustice while feigning the opposite. The foundations of Law found in Religion only give us a basic road map of what is and isn't moral, but does nothing to address the fact of who we are. The system is designed to identify the program or hologram called a man or woman and its twenty-two basic operating components, according to the Ancient Mystery Schools, which have become Freemasonry today. Human beings do one or more of twenty-two different things all the time, however infinite consciousness doesn't. Laws would vanish if people like myself had a free hand in Society to teach others how to connect with one another from an infinite perspective. Once people are able to feel connected to others, fear disappears and imaginary walls evaporate.

The laws of the Bible are put forward as the foundations for all law. Although it gives examples of morality and kindness, the Bible has no foundation in truth and is for the most part about dualities, as are the Koran, Talmud and all other religion based law systems put into books or oral law. In the end the only way you will ever get a Judge to be a Judge is if you call him/her on their oath, (if you can actually find out what oaths they actually took). Otherwise they are simply Magistrates and Rabbinical Priests trying to make as much money (mammon) out of each case they are presented. Saying, "The Court takes Judicial Notice of the Judges Oath and that he is now standing on his Oath." removes the trust situation and puts the Judge into a non-partial position where all he/she can do is call fair play. They will try and squirm out of it, but it you must hold your ground. The objective is to stay away from the court to begin with, but at times we need the Judge to back up your Notary work. As much as one may want a Judge to be a Judge, making him/her stand by their Oaths is a false sense of security for they operate in admiralty and you must also establish the venue of the court into common law, but all their paperwork including the Notary work, is based in admiralty, making it meaningless. Ultimately it is up to you to stand your ground as a man created as male or female by God and remove the Judge as the authority of the court as you have the highest authority granted to you by God and no man can be above another man according to God.

In truth we ought to be able to destroy any proceeding against us by simply pointing out that God did not create any Laws, as per Genesis Chapter 1, and all the actors holding office have sworn their Oaths to God. To circumvent God's will would mean violating their Oaths. Amazingly though, they support all these laws in outright violation of God's will to begin with. The problem is that these actors don't actually hold the offices they hold until you call them on it and accept their offer of holding office. Until then they are just anyone, standing there acting dumb and giving you all the wrong answers to your questions and concerns. It is an outright game of deceit and deception. They don't actually want to be held accountable for anything and since their employer has bonded them, they are told how to manipulate situations to the benefit of their employer and not to aid the people as they are supposed to. They all work to corral you into a court where you have no rights, freedoms or say over anything that happens. In truth you need not enter a plea as the law applies to persons. You are not a person.

All of this is more smoke and mirrors, with the emphasis on the mirror. Law students are not educated they are indoctrinated, and that is clearly told to them in their first year of Law

School. Many never catch onto this and are trained to destroy justice. Only those who refuse to properly defend their clients while maximize profits for the courts ever have any staying power within the system. Further, they live a much different reality than the rest of us as they view this reality as an endless maze of corridors to send the lab rats down. They are Pirates and operate under letters of Mark and hold their allegiance to the Law Society that is controlled by the Ruling Elite. They are out there to plunder as much as they can and then some. Law to them is not a foundation of achieving justice, but a foundation of manipulation and coercion to rob their fellow man of their livelihood. They have no empathy for their fellow man, for if they did, they couldn't be doing what they do. To some effect it is brainwashing, but when one discovers that there are no foundations of Law yet still goes about pushing imaginary statutes onto people with the intent of making them believe that these statutes some how apply to them, it is beyond insanity if there is such a thing. For participating in this Fraud against us, they are obviously well cared for. Their dark suits or black robes are worn obediently, signifying the dark force that is manipulating this reality and how matters are to be settled with the cattle (you and me).

The Talmud in and of itself is a book of codified law. From what I can surmise it is basically akin to a Satanists Bible. It is referenced as a source of law but it is focused on creating societal imbalance, injustice and inequalities. It is a heartless and cruel tool to establish and create situations that generate the most fear and suffering in ways that don't upset the cattle too much, at least that which they dared to print, the non-translated stuff is far worse I hear.

Because law has no actual foundation and is entirely based on fraud, those that point these things out in open court tend to be thrown in Jail on contempt charges. Why? Because in Admiralty you cannot create controversy or you are in Contempt. If an Officer of the Court says you did something and an officer never lies, then you must agree to it or be in contempt because you are not an officer of the court. It's not fair but it's the reality. If you plead not guilty then you go into dishonor because the Officer's word under Oath is considered to be true, although mistakes are allowed when it is obvious the Officer had lied.

## **Removing yourself from Bondage**

One of the simplest things suggested to me is that if you are about to be fined, sentenced or both you simply tell the Judge that you waive your benefit privilege of the sentence or fine. Under Admiralty it is a benefit privilege to go to jail. Remember they need your consent to do anything to you, so don't give it to them. Simply withdraw your consent for them to proceed, and motion the court to dismiss the case. Because there may be hidden contracts in place, simply tell the Court that any hidden or assumed contracts that are in place are in breach for lack of consideration. In truth you should never be at this point, but many people never read books like this and are so far into the system with giving consent and participating as a person under statutes that for them to do an about face is rather difficult. Those who know who they are at the beginning and stick to their story have a much higher chance of avoiding all of this mess to begin with.

We are facing an ever more desperate and motivated adversary that may not care what laws it breaks to maintain power over you. As more people wake up to the System of Slavery they have been sold and realize that it can only remain if we allow it to, then we will begin to break free en masse from them. They cannot control the masses if the masses do not agree to be controlled. The only unfortunate part is those leading the early work on this take the hardest hits. But over time it will become easier for others to follow and they will. This book is proof of that, being a culmination of years of experience of those few who dared to face these tyrants and won.

My own observations and the techniques discussed by Winston and others are responses to the mirror, without there being a conscious knowing of what that mirror is. Winston actually makes reference to law as operating within a mirror of oneself. I have not had an opportunity to talk to Winston directly, but he certainly is catching on to the idea of how

everything works within a mirror image of ourselves. Because the Universe works on a mathematical reality, the entire SYSTEM revolves around balancing numbers, but balances them on the accrual side rather than money of exchange side. Accrual accounting is double book keeping within a fictional world making it very easy to cook the books within. All they care about is if the balance is zero or not. If it isn't, then the SYSTEM seeks to adjust the balance to zero, often cutting off your ability to do a simple acceptance for value using your signature as a form of money for the imaginary SYSTEM. The powers that be would rather enslave you than let the SYSTEM operate the way it was intended as that would remove control and reduce the stress and fear. Their gluttony for their food of fear so is so great that an entire planet is not enough.

It is a game about balance in the end. If there is nothing owed on the books, then there is no reason to seek a surety for the debt owed. The difficulty we have is getting them to accept our promissory notes or other items of value to settle the accounts. In fact I once tried to do an acceptance with a Justice of the Peace, who was also the Court Clerk, and she never heard about acceptances for value. When I mentioned section 52 of the Bills of Exchange act to her, it just went over her head. In the end she stated that she was a private woman and I should see if the cashier would take the acceptance or not. The Cashier found a flaw with the seat belt ticket saying it would be tossed out if I came back on the date indicated on the ticket. Interestingly, the Justice of the Peace was never there, and it seems that nobody wants to be held accountable for anything. The focal point of the SYSTEM is allowing people to operate with impunity against those they purport to protect and honor. It is amazing how many laws they will break over the course of a day and not bat an eye at the fact that they are doing so in order to carry out their so called duties. I guess not everyone is equal under the law and law is never mandatory. I have heard rumor that liquidating bonds and arresting Judge's bonds does occur, but I have never seen any direct evidence of a Judge losing his bond.

People that go to court and challenge the Judges in open court concerning their Oath are usually dragged out of court for contempt. People are in contempt of court for making use of them under Admiralty. To say that they are in breach of contract for failure of consideration is an understatement. Part of the problem is many Judges not only in Canada, but also throughout the Commonwealth and the USA have false Oaths. They see you bowing to their authority and that of their false God, the State, and simply deal with you as the fiction you are confessing to be.

One of the things that they are doing in some Provinces in Canada is to eliminate as many of the Lay Notary Publics as possible in favor of Lawyers as Notary Publics. They limit their work mainly to just making certified copies of documents or witnessing stuff. Trying to get a lawyer to help you as a Notary in fighting the hand that feeds him/her is nearly impossible to do. However we can work with Notaries in any jurisdiction in the world and their Notary Seal stands in any Court. In fact Notaries trump Judges in decisions because the work they do is all based in Commerce. That said, the Notaries also take false Oaths, and there is little recourse in the courts where the court is de facto and filled with imposters, as it is in most courts. A Notary will give you a false sense of security. Use 3 people as verifiers on documents.

When they arrest you they take you away at gunpoint, and after they do everything they can to frighten you and make it look like they have all the authority, they slide a Return on Recognizance form at you. It is a Promise to Appear that states that you are the Surety. This should tweak your brain! If you were already the Surety then why are they asking you to sign as the surety? Because you are not the surety for the imaginary Vessel or Strawman until you give your permission to be so. Again their attempt is to get your consent to proceed against you. Simply remember the gift God gave you, Genesis 1:26, you have dominion over all the earth and tell them so. If they are not a man male or female of God's creation, you might consider banishing them from the earth if they continue and back it up with a letter to the Queen or rather Elizabeth-Alexander-Mary: Windsor, the Defender of the

Faith.

The reality is that the entire Justice System resides in pure fraud. You only have to read through a few laws to see its inequality and unjust aspects. It becomes clear that the entire System is designed to extort the maximum amount of money from the people because it is a business not a Governmental System representing the will of the people. In fact, Canada has to be one of the most corrupt and insidious Corporations on the planet. It's like walking into a giant mine field full of traps and hazards, each one there to ensnare people to pay up booty. Most are so brainwashed they actually think they are protecting the Public inside a real Country. They don't want to be confronted with the truth, for that would end their jobs.

If they have seized your Vessel and are trying to unlawfully coerce you to become the surety for the vessel, all that is required for you to be released from custody is to provide them with a Surety Bond for your Vessel. If you can find out what the cost of the charges are you can set off the charges and pay for them through a simple Surety bond, technically. Once the Charges have been zeroed out they cannot hold you or your strawman vessel anymore. However because the true goal is to create fear and suffering and not freedom for you, they are not likely to accept your surety bond, even though it is lawful.

Yet you can still go after them for breaking all the laws they did and lien every one of them for a million or more dollars if you get creative enough. All Lawyers can be appointed as your Fiduciary Debtor by you and by their Privilege of holding office are obligated to help you. In fact when you make them Fiduciary you are transferring all the charges against your strawman over to theirs and they have to release you. Some Lawyers will do all that they can to squirm out of this situation. If you only talk about your vessel by speaking in 3rd person and only sign things as, "By Agent: \_\_\_\_\_" there is little they can do but release you. It is "All rights reserved (your Vessel)" that has been arrested not you. Always remember who you are. However correct this is, they are still not obligated to help a slave, so be careful.

The lifeblood of the Court is money, also called bills of exchange. A SUMMONS, for example, is simply an offer of contract. It has an account number attached to it, so you can simply accept it for value and return it to them for settlement and closure of the account. Doing this you stay in honor and are not required to do anything more. It is best that you send it back to them with 2 witnesses as verifiers for you. You can mail it by registered mail or with your witnesses go to the Clerks Counter and ask them to take care of it for you. You might also include a Notice of Protest, as they do not have your permission to use your body as a surety for actions concerning your vessel. That's why they try to get you to sign the Promise to Appear under gunpoint. Getting that into evidence is next to impossible, because the people in the SYSTEM stick by each other and would never say that they were forcing you to sign. To simply sign it and then following up later with a Surety Bond will release your body from the surety position. Examples of a Surety Bond can be seen in Chapter 9, which anyone can print and use with the intent of releasing themselves from bondage. Like some situations however, the people involved may be so corrupt that this counter to the outstanding charges could fail. These people need to have their Hazard bonds liquidated and be removed from power within the SYSTEM. By liquidating them through a lien process we regain control over the Illusion. As Winston shows, using the IRS as a 3rd party liquidator is the fastest and easiest way, but leaves you with no money, unless you file a 1099 OID form, which you may or may not want to do.

The SYSTEM resides within fiction and thus is fundamentally based upon fraud. It is a complete and true mirror of truth and justice for it is precisely the opposite. So why does such a SYSTEM exist to begin with? It seems rather insane to go to so much trouble to put this monstrosity together, whereby fundamentally it reflects everything opposite of what we value. It exists because it represents the balance of truth and infinite love. It is there because we have forgotten who we are and can only be maintained by our ignorance of who we are. It is in the Illusion's best interest not to remind us who we are for doing so it will be

destroyed. There are many layers to the illusion and why it is happening. Some of these David Icke has uncovered as I have mentioned earlier, but fundamentally it is happening because we have forgotten who we are.

In the game of Corporations we are given one that will hold onto all our debts for us, because debt is only imaginary we are always the Creditor as we are real and give life to the Illusion, which requires more and more energy and debt to stay alive, artificially of course. When we do something against the law within the world of the Corporation realm we say we are in, the illusion works to protect itself from being destroyed by seizing us, as the surety for the vessel we operate in Commerce, the strawman. It is fraud, but that is the nature of the Illusion. It would not be operating within the mirror if it grabbed the vessel for to do so it would not be operating as a true illusion. Ultimately I think our way out of here is recognizing our world as being a mirror and honoring it as such. The mirror only thinks in terms of mammon because it has no basis of love. So it is not surprising to me that the mirror works on many various forms of currencies which all are based on the balancing of zero, which is the void of infinite nothingness from which illusion originates. I don't think that they worship mammon as much as they worship the nature of that void. Just as we want to live an after life in infinite love, in joy and peace, this reality is beyond the mirror's comprehension and thus it projects it's illusion unto our consciousness which we gleefully go along with not knowing the true magnitude of who we are.

It takes a lot of guts to break free of bondage and a firm desire to stay focused. We must believe in what we are doing or it will have no effect on the illusion. The illusion bends as we change our belief system and becomes what we want it to be. If we run from our responsibility as being Creator and Creditor it will maintain its rigid control. We can only plead guilty to the facts within the mirror and do what we can to set off or discharge the charges using bonds or promissory notes. To us it would seem a lot simpler to base a system upon rights and freedoms without games and hidden contracts. The court is always in breach of contract for the games it plays for failure of consideration. They use bait and switch tactics as well. All they do is operate around providing Offers. The offers become our property when we accept them for value and thus we can use them to close the accounts set up by a SYSTEM that desires a Zero balance.

## **Stating the Obvious**

The nature of the Mirror is artificial; it only exists because we are manifesting a very narrow band of frequencies in comparison to our infinite selves, which supports the mechanisms of this illusion. In our day-to-day lives within the illusion we are faced with a ruling elite that are bent on wiping out 80% of us and enslaving the rest. They want to keep the advanced life extension technologies for themselves so they can live forever and I would suspect become gods within their own small minds. We are allowing this to happen by not educating those around us as to the truth of what is going on. Many want to remain as sheep as per their indoctrination and programming. The shift that may occur at the end of the Mayan Calendar in 2012 is quite speculative, although the QUEEN is having her diamond jubilee in 2012, which for those left alive may be your last chance at of using her Jubilee as a means of escaping persecution.

We are creating this reality through the use of our DNA, which transmit and receive between the super-consciousness and our observed reality. DNA ties all life together by manifesting this world we live on. DNA is the fabric of life, operating in a web of sacred geometry in relation to the Earth and universe as a whole. Elements of the Earth interact with our bodies too, and can be used for healing or expanding our awareness among other things. Further, based on our intentions, we create the reality in which we exist. These thought fields we create allow us to manifest only those things we have a belief in. This simple mechanism can be used to expand our intentions of having a loving society free of authority and fundamentally focused on balance rather than reward and punishment and slavery.

We are at this point in the law game because few of us have bothered to bond our

STRAWMAN VESSEL, our ship on the imaginary Sea, birthed at some port called a Country. We can bond them through our word I am told but as yet I am not exactly certain on how this is done. My thoughts are that it resides in Genesis 1:26 and that our Vessel resides within that Bible of the imaginary and we can bond it by stating that it has dominion over the earth and by doing so we can strike down any paper work that comes our way on that basis. The most difficult thing for people to accept is the realization that the Bible is the Word of Man not the Word of God or more precisely the God inspired word of Man.

Infinite Love is truth and has no need to create illusions of itself. These bodies we are in are only sophisticated robots to allow our consciousness to experience this narrow band of frequencies that fear exists within. These bodies are designed to generate as much fear as possible under the right conditions and that is the food of the matrix. Based on how far they have proven themselves willing to go to have their New World, I'm left with the belief that even with the bonds in place, in the end they will be so desperate to achieve their goals that dishonoring of the bonds will also occur. It may turn out to be a fight to the death between the ruling elite and us. I hope not, but they are desperate and like a cornered rat, they have many weapons to turn on us to fight us off in our struggle for peace and justice.

Satanism is the foundation of rituals that transfer fear based energy into the mouths of these Soulless creatures. They need the energy to survive because they live in a reality that is totally unbalanced. When you close a loop you can have energy currents move infinitely within that loop regenerating the loop with the same energy onward into eternity. The operative of Satanism and the like is to break that loop, establish feeding points for these insidious fear based creatures and siphon off that energy. If you look around you will see that everything is based on open loop rather than closed loop, balanced situations. For example, Money is all based upon promissory notes (a promise to pay) meaning nothing is ever paid and can be debt-cycled over and over again. In fact fiat money is bail money that just keeps you out of jail for the time being, but makes you a criminal if you use it to pay for anything under the Trading with the Enemy Act. Because you have not sided with the Queen you are her enemy and using her currency to pay for things makes you violate her law. For this to be solved everyone needs to send their Birth Certificate to the U.S. Department of the Treasury, which restores you to the Queen. This closes this loop, but if you conduct commerce with someone that hasn't done this then you are still acting as an enemy to the Queen. They don't reveal these things for it is an easy way for them to just come grab you and hold you in a cell indefinitely.

The symbolism of Satanism and the remarkable integration of the Talmud into Commerce is everywhere. It is the foundation of their working belief system that is based on the loop theory I described above. They are having an absolute feeding frenzy at this point in time

and with the perpetual state of war across the planet it is pure gluttony. The Edmonton City Hall for example is reported to have exactly 666 windows in it and outside on the bell tower there are 3 columns of 6 sections, yet 666 again. The Pyramids on the roof are not perpendicular to each side but distorted in shape reflecting unbalanced energy held within.

The Bell Tower also represents the illusion of time being dominated by the fear-based consciousness denoted by the 666. Of course we have a war memorial with a torch on it representing the Illuminati that were behind all the wars to begin with. This Masonic temple screams with symbolism in a courtyard filled with Sun symbolism, which

the church of Babylon worships inwardly as Lucifer the Bearer of the Light of Darkness. They are showing their control over you with these temples, which you worship by giving up your mammon to them as a form of sacrifice.

On the same square we have the Edmonton LAW COURTS Building, which is deceptively made in the shape of a giant Merchant Ship, reflecting the Admiralty Merchant Law within. There are 22 windows on the top floor representing the 22 letters of the Hebrew Alphabet and the ancient symbolism of the 22 programmed things that Human beings do in the rituals involved with obtaining immortality. The Hebrew alphabet was created by taking a coiled snake image and turning it around in a beam of light, with the shadows making 22 distinct shapes. The shape of the coiled snake comes from shining a narrow beam of light down the center of a crystal pyramid shaped after the exact dimensions of the Great Pyramid in Giza. Rituals unlock sequencing of DNA and this augments the reality of the illusion how it directly and indirectly affects those involved. The Court House is yet another temple of mammon, but clearly this building is screaming out messages about the true nature of the reality it supports from within. It's all topped off with the two flags out front symbolizing the Flagged Vessel.

It's important to know that there are two types of Law in effect in the Courts: Admiralty Merchant Law and that of the Torah. The Judge enters as a Magistrate (a Rabbinical Priest) and undertakes resolving the matters before the COURT in terms of the trust, wanting to extract as much money/energy from the defendants as possible for the trust. The Magistrate procures his position and income with the money that is paid in fines and property seized by the state through his decisions, so he is motivated to stay in character as a Magistrate. When you ask the Magistrate to produce his Oath of Office as a Judge through stating, "The Court makes Judicial Notice of the Judge so and so's Oath of Office", the Magistrate turns into a Judge and this breaks the trust and he is not paid for his work as that would be a conflict of interest. Your job is to keep him out of the mess by only allowing him to determine fair play by acknowledging the oath.

Once you have made judicial notice of the Judges Oath, you can bring out the Bible and the Queen's Coronation Oath and make reference to Genesis 1:26 giving you dominion over the Earth.

And will you preserve unto the Bishops and Clergy of England, and to the Churches there committed to their charge, **all such rights and privileges, as by law do or shall appertain to them or any of them?**

Queen: All this I promise to do.

You take control of the Court by making the statement that you are a living Man of flesh and blood in Fact, although Winston states it as the Surety in Fact. A fact is a form of truth, and through claiming this one fact you take the entire fictional world away from them. You should ask if there is anyone in the courtroom, under bearing false witness, who can refute this fact? You can say *under perjury* but that draws you into the fictional realm. You go with *Surety in Fact* if you are in there doing Commerce and *Man in Fact* if you are using the Bible as the foundation of your defense. Because the Queen and every PERSON in the Court ends their Oath with *so help me God*, they are drawing their authority from God and thus the entire Bible applies to them. The specific Oath of the Court is based on the Torah, but it is your faith that brings in the entire Bible. The Bible does not apply to PERSONS, so be a living Man of Flesh and Blood, a Child of God. It is your actions that determine the outcomes. Remember the Court is a Mirror of you and you are the only one there. You are the Court and the Court only speaks within the context of a Mirror. It is a bit confusing at first but you have to protect them from the mass fraud they are involved in as that is what infinite love does. It does not judge. Thus you are there as a friend of the court and should state that you are a friend of the court. You do not want any harm to come to them, which would in turn harm you. You might reference the Judge as being only a man and ask "why do you lie to me brother?" He is not a judge, only acting as one, and is hoping you will buy

into their illusion by first agreeing that he is a judge over you.

You can ask your brother the Judge for aid and direction. If a Duty Council (court appointed lawyer) is assigned then do pretty much the opposite of what he suggests, then dump him from representing you and you will be on the mark. Remember, you are inside the mirror. Normally I wouldn't even entertain the thought of accepting a Duty Council as it makes you a Ward of the Court, so simply wave your Benefit Privilege for your PERSON, whom you are making a Special Limited Appearance for as a Man or Woman. In Admiralty you can only plead Guilty to the facts. You cannot bring up any controversy. This means you cannot say this law or that law was broken you can only plead guilty to the facts. To do otherwise is to put yourself into contempt, because you are the Creditor of the Bankruptcy and all they want from you is for you to settle the debt, nothing more. So the facts can be that other laws were broken, and that the officer involved was in default of the notice you sent him and thus in dishonor. This changes the focus of who is guilty in the court.

If you are approaching the court from a commerce perspective then you must settle the matter through a set-off on your exemption. The Judge can do this for you or you can simply ask to have access to the Judges file and accept for value every piece of paper therein. If there is a lot, then one page accepting for value for everything there should do as well, but check with the judge on that. A set-off is where the debt conveyed in charges is set-off for payment into a future date. This zero's the account and moves the debt into the realm of the Jubilee where under the Babylon based system, the debts of the slaves is forgiven only to be restarted again in the following year. Thus it wipes out all the debt of the imaginary funny money so they can perpetuate the system again as fraud.

From a Biblical defense perspective you must forgive the Court of all their sins so you can be forgiven and released. Again verify with the Judge that this is the right way or wording as your intent determines the outcome. You need not sign anything after this except to a statement forgiving them of their sins and thus receiving the same in return, if need be. This is akin to waving your benefit privilege of going to jail or paying a fine in Commerce. Stating, "I wave my benefit Privilege of going to Jail or paying a fine", is your right under Admiralty, I am guessing from what Winston has said about it. It's this way because again Genesis 1:26 establishes your dominion over all the earth. They need your consent to proceed against you. That said we are talking about Tyranny and they may simply ignore the argument about Genesis 1:26-28 and proceed to prosecute you as charged, without any authority to do so. This is the crux of the problem in that they may simply not care what they do to you, in order to get their way with you or to destroy you.

The power to run the illusion is through deception and symbolism. When we awaken to the reality that this is all an illusion I do believe that as a whole consciousness we will either transcend the illusion or make it our own. The mirror has little to gain by wiping us out, for it is dependent on the fear-based energy for it's survival. The next 4 or 5 years are going to be the most dramatic and dangerous in this planet's history. However after we get through it all things will or should get better if we have woken up en masse to the truth of the reality before us. We do have the power to change it for the better, but it can't be done if only a handful of people are involved in that change. The Illuminati have had their way now for a long time and are quite comfortable and act with impunity in their crimes against humanity. It is time that we rescued our children from being ritually sacrifice and release the technologies that will provide us with free energy and long life. It is time to end the suffering and pain from lack of proper treatments and access to medical help. It is time to make sure there are no homeless and nobody starves or freezes to death. Wars are not necessary to resolve issues and hurting others means hurting yourself. Perhaps most importantly, coming to recognition that the Religions of the Mirror have little meaning to infinite love. If we love each other there is no need for Religion.

As a supplement to all of this, let's take another look at that Preamble on the Charter of Rights and Freedoms.

Canada was founded upon the Supremacy of God and Rule of Law.

The statement, "Supremacy of God" should have you jumping out of your seat right now, for God created us equal to him and all creation. We are everything that exists. Hence what they are saying here is that God is some kind of supreme ruler and thus Luciferian concepts apply. We are taught in Church over and over again how we must bow to God our creator when in fact his gift was that he made us equal to him and gave us dominion over all the earth. The Universal Declaration of Human Rights from the United Nations is also a Luciferian document. It makes reference to Humans, meaning the Color of Man not man, and therefore means Persons. Human is not defined by any LEGAL Dictionaries and is mentioned under the definition of Monster. They want you to ascribe to the bait and switch game here, to trade your status as a man male or female standing within the Dominion that God gifted to you to being a fictional Monster with no rights or ability to inherit property.

## **How the Bible is Interpreted**

They want you to interpret the Bible literally not symbolically. I think we could all write numerous long essays on how to interpret the Bible. When applied to law, the Bible takes on this perspective: LORD God symbolically represents the dark satanic aspects of reality. The objective of Luciferianism is to embed darkness into light. There are two beginnings talked about in the Bible, one made by God our creator and LORD God the satanic LORD of darkness. LORD God claimed God's creation for himself by simply revising the truth to a lie. We all have the capacity to lie, even to ourselves, and symbolically this is what LORD God is doing when creating an illusion of lies. However, LORD God wants us to buy his lie as truth and exercises power over named creatures he calls Adam and Eve (humans). This is a lie, but LORD God is holding true, as he is the mirror, the inverse of infinite love. By the way, Zionism is just a cover for Satanism.

I know I talk a great deal about LORD God versus God in this book. Before we move much further, who exactly is LORD God according to the Bible? Moses states in Exodus 15:3, "The LORD is a man of war: the LORD is his name." Other Bibles will call him Jehovah. They are the one in the same. LORD God is not God. LORD God is merely a man that goes by the name of LORD. All worship in the name of LORD God is merely the worship of a man, not God. This comes from MOSES and translates the same back to Hebrew. I have taken a lot of scorn by some people over my analogy of LORD God not being God and here we have it right from the Bible confirming exactly what I have been saying. I know how incredibly difficult this section or even the entire book is for Christians and those who want to believe. This book is about freedom and I will put forth whatever is necessary to keep us from further enslavement. We will delve deeper into this in Chapter 10.

If indeed there are two beginnings then we have a choice: follow God or follow LORD God. All churches seem to follow LORD God. There is no mention at all in any mass or service about God. All teachings are about LORD God, and it is on purpose to circumvent your understanding and knowing of who God truly is and what the Bible really teaches. JESUS was introduced into the Bible to confuse people about the need for Countries and set up a system of morality that would allow the Satanists to advance their agenda. JESUS did not address the aspects of creation, but addressed the problems of the fraud contained in the world. Rather than simply pointing out the exit sign they made JESUS a martyr, sacrificed for your sins. Considering that it is impossible for multidimensional infinity to sin, for we are infinite, it becomes a thought trap to make you believe that you are less than what you truly are. In Genesis 1:27-28 God Blessed man male and female, to bless is to make without Sin.

JESUS is about the world, not about reality. This is why the rest of the Bible from Genesis Chapter 2 forward is about the illusion of creation and not about creation itself. The objective it seems is to get you to buy into the reality that the earth has laws and country structure, whereas we are one consciousness experiencing itself within an illusion. The people that are controlling both the world and you are not doing it to help you gain the

knowledge of who you are or of who God truly is. It's clearly revealed in Genesis 1, but they make you overlook it by simplifying its complexity. They never teach or tell you about God, only LORD God, who we now know, was only a man of war.

In all that JESUS taught the focus was on the illusion and not creation itself. It was all about the injustice of the laws and the people creating and enforcing them. What isn't taught is the difference between the mind and heart. This whole thing is a mind game and they do not want you to start listening to your heart. The mind demands all the attention and craves drama of any sort to feed its insatiable need for fear. Could this perhaps represent the tree of knowledge? The path back to the infinite is through our hearts and love. They know this and do everything they can to shut down our awareness of this. Many people are deceived by the Churches and methods of worship out there. It is blatantly obvious that a Priest doesn't know God if he is running around being an actor in fiction. The whole game is based on fiction and getting everyone to be immersed within it. The image reality we see is an illusion. The Universe is an illusion and exists within our mind. However we can also see with our hearts, if you quiet the mind and bring in and surround yourself with love and white light. White light holds all the colors of the spectrum and thus holds balance as opposed to black, which absorbs everything. This absorption is how the parasitic aspect of legal system and societal structure in general exists.

I have never studied or wanted to know anything about Satanism or Black Magick. I am as clueless about it as most of you. Tim Rifat, an expert in this area was recently on the Jeff Rense Show and provided a great deal of insight on how the churches are being used as transmission stations for darkness. He was saying that the rituals done in the churches are Satanic in nature and help those who know what is really going on to alter our reality in favor of darkness. Much of what he had to say seems to correspond with what David Icke has been saying all along. Interestingly, there is a mathematical science behind all this that gives the Satanists the ability to alter light to darkness. I think this is why our calendar is so important to them.

Don't feel frightened or overwhelmed by all this, Love is the most powerful force in the Universe and it overcomes all. I think we need to start doing our part to end our support for the illusions and instead support what is real. It is really that simple. Darkness can only exist in fiction and the more we pull away from that notion of reality the more free we will become. God has no laws and everyone is free and in balance with all. Balance comes from divine love we feel for all that exists. I have had enough of all this House of Lords and Lord God stuff, how about you? It is easy to get people to snap out of the illusions once you point out the obvious construct is built on lies. Truth is all around us we just need to become aware.

If you want to learn more about Satanism and how it is being used against us, I suggest that you go to [Tim Rifat's website](#). From what he said on the Jeff Rense show, He is very active in fighting Satanism and has a wealth of knowledge on his website to share. The most important thing we can do from my perspective is to emit and live all the attributes of love that we can and prevent the falter of others into buying into these illusions anymore. Love has no laws and truth exists only within love. We are all infinite love.

One more thought about Tim's website. You will notice on his site that there is no mention about love. It is completely about the workings of the mind and the spiritual reality around that paradigm. It is a small window in which those of us who know nothing about all this can peek into this realm of mind and spiritual manipulation. Again the entire focus of the site is about the mind, which decodes what we decode into our reality, within this illusion we call the Universe. You see very strong parallels in the LEGAL system being devoid of love and based on manipulation. The site has a wealth of insight to offer; however, it completely lacks insight into consciousness and love. I don't fault Tim for this as he is focused on resolving manipulation from the perspective of the mind, since that is the entire focal point of the manipulation. Tim talks about how to defend yourself in terms of spiritual warfare,

which does happen to people. It is through projecting and surrounding yourself with love and white light that protects you. It is your beliefs that are important. The SYSTEM has been designed to make you believe that you are just some small nothing against them, when in fact it is all an illusion of fraud. Don't be frightened by any of this, nothing will hurt you unless you believe it will. Nothing is true unless you believe it to be true.

Truly the mirror reflects back your intentions, but it is still much more than that. I came across this article that describes in fairly good detail how to manifest a reality that is based on your true beliefs. The first step is realizing that there is a mirror and what you see all around you are the manifestations of your beliefs. The key to this whole thing is this from what the article says:

And so what better way, to step into a world of unconditional and unlimited bliss, magic, adventure, delight, laughter, love, excitement and ecstasy, then to do and be as if that reality is true!

The article is very long but well worth the read.

<http://onenessreality.wordpress.com/>

It is all about realizing that you are the creator. It is about the Law of One. You are all that exists and thus everything around you is simply a reflection of your true beliefs. I would also suggest that you watch some of Magician David Copperfield's performances on YouTube. Everything is made of energy that energy can be a droplet or the ocean. You are a droplet and an ocean. It takes time to learn this stuff and to realize that your beliefs are just that, beliefs. They define your reality, so start redefining your reality. Reality is true to what you believe it to be! The most powerful forces are accessed by the softest and most gentle loving thoughts. The mirror reverses the energy to create the illusions. The SYSTEM has you slogging long hours with next to no return for what? More abuse and less pay. The people promoting this are reaping the benefits from you, so stop playing their mind game and start being the creator you truly are! The mirror is not for there for them to use against you, it is there for all life to create realities based on their true inner beliefs of reality!

You might also enjoy listening in on Nicole Whitney's Radio program, [News for the Soul](#). There's lots of good info here and she has a spoon bending kit you can order or get online that teaches you how to use your mind to bend spoons. It's not a trick and you can really do it! She hasn't yet realized how the mirror works, but is getting there. She has accomplished a great deal with the little she knows and there is much you and I can learn from her.

Also here is a short video I made up that is kind of a nice over-view of what I have been saying. It is called [Creating Infinity - Looking into the Mirror](#), on YouTube.

Now put your Goggles on and hang on for this one, this is what is coming: [Merkabah, The Chariot of Ascension](#).

One last thing before I close this chapter. We are in the hardest Universities you could possibly imagine in the Universe. The Mirror is Love as much as God and we are all love. Lucifer or Satan is like the Darth Vader of the Bible. He and all his demonic minions are all created from God. Lucifer was a fallen Angel of God. What Lucifer is doing is holding the Negative energy in place, with love, so we may have free will, meaning the will to harm or love. When we harm we create healing cycles upon which the same situation will keep coming up in our life until we learn to deal with it in a loving way. This is the case with Lucifer and all the demonic entities of darkness that tempt and torment us. This is rough! His is not a picnic! We came here to learn how to Love that which we don't want to Love. In truth each of us holds the mirror and can become that darkness with all its attributes of evil. It is only when we make peace with ourselves and others that we begin the healing processes and come back into balance with love. Because we are One with all, what we see happening around is a reflection of the beliefs we hold as being true. Truth again has no

illusions, it is love, thus you can see what work has to be done by all of us to make peace and bring about healing.

I know it was uncomfortable reading that after all the feel-good stuff, but think about it for a moment. If we had nothing to resist love, we would have no experience in learning to love in great diversity or injustice. It's not so much darkness that resists love, it is simply a place we dump our energy to when we do harm. Then that energy is reflected back to us in healing cycles over and over until we learn to deal with it in a loving way. It will never be easy, but the love we give we gain back a thousand fold. The more light we shine out the brighter we become in the future. We are learning to be God and learning to be infinite love. Bear in mind that all this Satanic crap that is going on can be healed with enough love. Lucifer is a master of illusion and of the mind, and as the mirror of the infinite holds all the qualities that are opposite to Love. He is a light of God that has been separated from God. This is the illusion we are presented each and every day in all its forms. We must find a way to bridge it with love, so the situation or people involved are healed. When you make peace with Lucifer and realize he only has power over you when you forget who you are, which is love, then you have nothing to fear from him. He is an illusion that reflects back to you what you have done to others. In truth, we are Lucifer, as we are all that exists. We carry with us the energy that we have used to harm others through direct or indirect means. Remember the Illusion does not want you to take responsibility, but rather have you blame others for your problems. We can create any spiritual entity we want to embody attributes we believe are separate from ourselves, deflecting our responsibility in our own creations, but it is an illusion. Remember, we give life. We animate all that we see. Luke had to face Dark Lord Vader to become a Jedi in Star Wars, this is what we are presented with daily on all the scales of our life, and if we do not resolve them with love, we create harm and we are presented with the same situation again and again until we do. History will repeat itself if we don't break the cycle.

We have to find ways to help people who are causing harm to others and help them in peaceful, non-harmful ways. When we see harm being done we are partly responsible for what is occurring as it is being reflected back to us as lessons in a healing cycle. The entire Justice System is set up to perpetuate these healing cycles, along with the Political, Religious and Banking Systems. They put on an illusion that they are doing something beneficial when in fact they are actually perpetuating the harm. These structures only exist because the people involved have forgotten who they are. Illusion cannot function without compliance from you. This is why everything they do is based on getting you to buy into the illusion that you are a fiction and thus not responsible for the reality that you are creating. Truly these structures completely fall apart once you start pulling on the authority card. The house of cards is built on illusion, so start pulling, please!

## Chapter 9

### Walking the Path of Freedom

*Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.*

Psalms 23

It has been a long road putting this book together and at times I didn't have the answers to all the questions I had. Perhaps now I do. It all resides in the simple realization that I stated in the very beginning: Whatever you believe will be truth, not because it is, but because you believe or imagine it to be. There can be no truth in Illusion for truth has no Illusion. Infinite Love is the only truth, everything else is Illusion.

The courts are made up of fictions and actors. Nothing in it is real. Authority resides within each of us. In truth the Court asks only one simple question: *Do you know who you are?* There is no other question as there is no other purpose. The illusion creates pain and suffering because we have walled ourselves off from who we are with fear. In the end it is through our compassion and by our own certainty under our Creator that we have our authority. We are everything that exists and we are not ruled by fiction.

I need to qualify two forms of thought here. First, Religion is man made. The Bible, Torah, Koran and many other forms of Religious sacred books are admittedly God inspired books of man. To that end, nobody can say that God has written anything, or that God exists only within the realm of Religions, of which we are all free to extend our belief system into. If God wrote out laws and conduct for one's salvation in life, we would only need one book and one set of ideals, knowing it came from God, and eons later there would be some concrete results. It's a simple fact that all these various Religions, cults and factions have played off against each other and the only common thing between them all is Love. This brings us back full circle to the simple truth that David Icke expressed: *Infinite Love is the only truth, everything else is illusion.*

Regardless of this truth, the Bible is the supreme law on the planet. The Queen is duty bound to protect those who are being persecuted by their faith. The Bible is the framework upon which we may extend our beliefs and faith into the world around us. Genesis 1:26 is irrefutable and stands clear. We can give away our dominion, but we can also take it back in the same breath. We can ultimately find freedom through our belief and faith that we do indeed have dominion over the earth, a dominion backed up by the full military might of the Queen.

As many different approaches to freedom are discussed in this chapter, keep in mind that anything based on man's law yet not biblically based can be tossed out by the ruling elite as a confession of operating in fiction. You cannot resolve fictional problems with fiction or fraud with fraud. These people are hell bent on bringing in their New World Order and that will be a very sad time for everyone here. You cannot find any relief in any of the Courts, where there are false Oaths and people who have invoked the Kol Nidre. It is a trap and an offer of enslavement.

The Courts are making use of two systems of ideals: one based on Religion and the other based on Admiralty Merchant Law. The entire Court resides within a Fictional world in which they must commit fraud and kidnapping to force you to participate at gunpoint. All that matters to them is getting your consent to do horrible things to you. Fundamentally they must release you, as a Fiction cannot hold something that is real and a Fiction cannot make a determination about anything that is real, for fiction has no mind to do it. Seeing past their Actor or Actress stance before you, your only real question is how is it that they have authority over you within your Court or World for that matter? It can't be their Court, because they are not real. Nobody can say you are in a Country or under anyone's rule for

there is nothing to show this to be true!

We are the masters of our own illusions and thus we are the absolute authority of our lives. We are multidimensional infinity caught up in an illusion of itself. Each one of us is a reflection of the greater whole of who we are. The Universe is our illusionary home, the dream of life as it is. What we see is only a minute fraction of our infinite expressions of reality.

The following 2-hour program was aired on [The Republic Broadcasting Network](http://arc.republicbroadcasting.org) on January 27, 2008. I want you to listen to it, and once it is finished much of what I have been saying to you throughout this book will crystallize into pure power and knowledge. I urge you to download and make copies of this program and send them out to everyone you know. Here are the links:

My search is still on for King James Bible passages that make references to Bonded Servant of Christ. If I find one that says so I will put the passage here in the book. Infinite love has no need to bond us, as we are free by our hearts. It is a misnomer to believe that because Christ Bonds us that no else can, as we are being held in bondage but that bondage resides within illusion and fiction and cannot be supported in the real world. By what authority can they hold us in bondage? What gives any man authority over another? There can be no answer, for none exists.

## **Whose Court is it Anyways?**

For the first part of this section I am going to utilize the foundation set in the audio program you just listened too, which accepts the fact that you are a bond-servant of Christ and it is Yahweh's Court that is your Court to hold. It is a basic recognition of fictional forces and how they can be effectively dealt with. However, when we remove all of the illusions offered, the room is simply filled with individuals playing a game for the benefit of the few over the masses, a game of piracy and crime against humanity. We are not humans, but rather a life form of life, sometimes referred to as infinite consciousness and Love. We are simply buying into these titles of fiction that do not accurately describe who or what we are. LORD God fictionally created men and women, which is the constant drumbeat. LORD God is about fiction, which creates a fictional copy of everything natural and calls it his own creation, not God's. In actuality as far as all courts are concerned or should be concerned, we are man created male or female by God, by which we over-stand the construct of Religion and Law as by God's own words we hold dominion over all the earth. The Courts are made up of actors in fiction and hold no credibility or authority. Because no fiction can bring about a fact, as all fiction is simply that, fiction, it's irrelevant how they could disprove that we are man created male or female by God or merely life itself, as fiction has no life. The game is to get you to confess to being a fiction then you become the property of LORD God, Lucifer, Molech, Satan and lots of other names this force of fiction has used throughout time. It must also be realized that God has never been proven to exist. What does exist is life. Whether physical or spiritual all is life and life is all created equal as we all come from life. In fiction you can make up any story you want and that is HIsTory, the Story of the Architect, a.k.a. Lucifer. The Annunaki are descendants of Lucifer and are an ego-centered race of beings that control through fiction. I rather think of them as the consciousness of the mirror, which is a fiction projecting images of life back to us in a dream like realty, of which we are true and what we see etc. is the illusion created by the mirror through mind

constructs or what I like to call thought fields.

By clearing the proverbial smoke from your eyes a bit, you will see that when inside a Court Room you are surrounded by Actors and Fictions. Although the people there look like men and women, they are simply playing their parts in a giant play, from which they know that you, the man created male or female, are the master. They have committed living, breathing men, women and children to become sheep relying on their SYSTEM to remain free from the fictional crimes that they commit. They are truly standing on nothing but thin air, much like their money. In truth the court is simply hearsay, it does not exist in reality. You are seen only as a thing existing on the earth, as some form of building or structure, and that's it. As man created male or female by God, you hold dominion over the Court and over all the paperwork and people operating as actors in fiction within that court according to their oath, *so help me God*, and God himself as per Genesis 1:26-28. Beyond that it is a simple matter that we are all created equal and no one can disprove that and no one can have authority over another individual for that would enslave one and make a master of another when we are all created equal to begin with.

Why leave it to a fiction to decide what the venue jurisdiction of the Court is? Simply announce for and on the record that it is God's Court and you are holding Court. How can a fiction dispute with that? Even better, simply dismiss the case as you are the only one with the authority to do so.

Anything real trumps fiction and they cannot escape that. However they may try and trick and deceive you into believing that it is their court and they hold the power. It truly best to avoid court and send in a letter with three verifiers on it stating that you are not going to take part in their fraud or become an accomplice to it, reminding them of Genesis 1:26. This is a lawful excuse, what more can they do? If they move on you then petition the Queen.

This is truly a time of cleaning house and making our world our reality and a place of love and wonderment once again. It is the beginning of recognizing who we truly are and taking our power back from the illusions presented. I fear no illusion and will not have my life manipulated and enslaved by anyone. It is time to rise up and make our stand. It is time to take back from them that which does not belong to them. It is time to bring forward our standing with our principles of fairness, justice and love. No actor, fiction or illusion will ever again have any power over man. We are not sheep and we are not dumb Goyim. We are free and we are the true masters of our lives and our reality. They need our fear to survive and when we relinquish our fear of them they have no power, it is that simple.

Probably the best and simplest way of defending yourself is to look right at anyone handing you a piece of paper and ask them by who's authority do they come before you, as a fiction, within your dominion given to you by God? In terms of using Yahweh instead of God, I would stay with God. Remember we want use the Bible as a tool against them. Even though the translation errors are horrible, it is the only thing the Queen will act upon. Also remember that it was Elizabeth-Alexander-Mary: Windsor that signed the Oath, not QUEEN ELIZABETH II. Also realize that the Queen's jurisdiction is throughout the entire planet, not just the commonwealth countries, because of Genesis 1:26. All that said, don't hold your breath on the Queen to intervene on your behalf as she is only a fictional entity, owned by the bankers no less.

In the end the BIBLE is perhaps an offer of a way to Control them. It is a shield offered up and can be used effectively at times. Simply put anything they hand you is a molded form of the Earth. By what or whom is a fiction given the authority to make use of the Earth? They are not, and the Judge is in Contempt of your Court and you may dispose of the actor any way you see fit. There are no laws protecting fictions or actors in your dominion given to you by God, you are the absolute authority. Lord God has no standing in God's will or creation either, so don't get sucked into God's Laws thing or you will simply be trading one type of bondage over another. Again it comes down to Genesis 1:26, "And God said, Let us

make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.” Memorize this one passage and you are free for life. Again take note that the word *earth* is not capitalized, which would make it into a proper noun. The reason is that this planet you are on does not have a name, because like you it is part of you, a part of multidimensional infinity. You are this planet as much as you are everything in the entire Universe. The Bible resides within a fictional world, written in the mirror context of infinite love. For people to be saved by their faith is a form of religious persecution as all law is to be based on love, something stated by JESUS and the principle of the Law of One. Another reason for the lowercase *earth* is that since the Bible was written from the mirror’s perspective, anything of substance or real would be represented in lower case.

Recognizing that you have dominion within their fictional world is your simplest and most powerful way of addressing all issues that come before you, in your Court. It works this way consistently across the entire planet, except in spots where the tyranny is so bad and corrupt that it will take an uprising of some kind to stop the genocide under way. Nobody can call himself or herself a Christian or any other name or title, for doing so takes away their standing as being a man created by God. This is the game that is played. You are only a man created male or female nothing more, in terms of the fictional world. As time goes on we will dismantle this mess as more people step up and challenge their authority. They have no defense against man created by God; this is why they hide within a “World”. It is not up to them to decide through private corporations, where the few dictate to the billions how to conduct their lives. When one hurts another it is important for the community to restore balance and reach out to help those involved. Any other action will only amplify the fear and further feed these parasites.

From another perspective it is we that give life to the illusion. When we cease giving it life by challenging it, it goes poof, before our eyes. We have nothing to fear from illusion. It is those who perpetuate these crimes against us that have a great deal to fear. In terms of Lucifer and all his illusionary powers and Satanic rituals, he has no defense against love or truth and in every step he takes he is seeking contract and agreement. We only have to lift our eyes to see that he has no standing within our dominion given to us by God and simply will him away. Lucifer is an illusion, although many of his followers are blinded to it, and he is only a parasite that can’t survive if we don’t willfully give him our attention. It is time to turn this all around and create a better reality for us. I can’t do it alone, but one by one we can all do it together.

## **The Court in the Law**

How can a fiction present any evidence or anything of fact in your Court or in the real world? It can’t because nothing in fiction can be based in truth. It is only our belief in the fiction that gives it life. Without that belief in it, the actors and fictional entities within could never be animated. Where does a fiction or actor get authority over you? A fiction can’t answer and an actor in fiction can’t say for fiction cannot produce truth and it cannot say anything unless you give it the life to do so. This again is why the entire SYSTEM is parasitic. It feeds off our life force into an empty infinite void of nothingness. You cannot be guilty to the facts for there can be no facts or truth within fiction. In court if you plead guilty they read into the record the statement of facts concerning the crimes. At the end the Judge will ask you if you understand the facts and ask you if they are accurate and true. To understand something is to come under those imaginary facts, yet again asking for your consent to apply the charges to you. Once they do that then getting you to submit that it is accurate and true is completing the deception and fraud that you are committing against yourself, for it all resides within fiction not the real world.

## The Collapse of Fiction

This all adds up to a worldwide private law society, which contains actors and fictions. When you are born there is nothing to tie you to their SYSTEM for no authority can or ever will be given by your Creator, as you are completely free. Throughout your life they are attempting to bind you with contracts that only exist in fiction. No contract can exist with a fiction or actor in fiction for there is nobody to contract with that is real. The idea of contracts comes from God via his covenants. Lucifer deals in Contracts that are binding and absolute, at least that's what he would have you believe. Covenants allow you to come and go from them based on your own free will, but God never made use of Covenants because a Covenant implies a degree of bondage and we are created absolutely free. LORD God made use of Covenants and LORD God is not God. The being titled LORD God is just hearsay. Each is an aspect of the mirror and not that of Infinite Love. Interestingly enough, some think that God wants us to prove ourselves here on earth before he judges us and let's us join him in Heaven. This is a soft form of the fiction, creating a prison situation when in fact we are everything that exists. The infinite cannot judge the infinite without judging itself, there is no judging. We simply are what we are. These bodies we find ourselves in are sophisticated computer hardware that work in tandem with spiritual energy. There are layers to the fiction within spirit as well, but breaking free past our core stars brings us home.

As mentioned above, the KING JAMES BIBLE resides in Fiction along with all the laws of "Lord" God and laws of Man. Because the framework resides within an imaginary world of the Lawyers, the rule of law only applies to the actors within that imaginary world. Breaking free of their world is not so easy a task. Negotiating with a Fiction is like talking to yourself in an empty room. They go about their business regardless of what you have to say, for the game can only end when you make it clear that they are operating within fiction and you are not. Getting them to accept this can be very hard at times and may require you to do some things such as commercial liens against them to get their attention. You really shouldn't have to go quite that far, but it depends on the people involved on a case-by-case basis.

As the word spreads about the depth of their fraud and the fact that it is your signature that creates the money, their entire SYSTEM will collapse and Law based on Infinite Love will prevail once again. When the world recognizes we need not bow to these Actors in Fiction and the SYSTEM that is their stage, that we must base our societies on love and not war, then we will all be free. This doesn't mean that they won't put up a fight, but there are so few of them in respect to the rest of us, and their parasitic nature prevents them from creating. Even if the Earth were wiped out, as the infinite consciousness we are we have the ability to start over again, they don't. When we lose our fear of them we will begin to expand our awareness of possibilities on an exponential scale that will dwarf everything within this tiny illusion that we find ourselves.

At this level of awareness, fiction can be used in positive ways within illusion. When we are in spirit we are working off a sense of knowing rather than trying to do it through knowledge. Because our bodies are designed to shut down our multidimensional awareness it takes time and training to awaken this reality within, and doing so only heals and empowers you. Because the people involved in the SYSTEM have been extorting money and slavery from us for so long, they are extremely arrogant and are used to getting their way. In the Dominion of Canada, for example, all of the offices of the government lie vacant and unoccupied, forcibly and deceitfully taken over by a small number of people in private capacity, who dictate through the Privy Council and a few other organizations how the de-facto Government is to be run. It is a complete outrage that section 15 of the Criminal Code of Canada exists, nullifying all criminal crimes, yet every day they convict people over and over again. It is active treason going on before our eyes and under the Dominion of Canada they could all be hanged for it.

The amount of damage that these people are doing to us and our planet is huge, and with

every step that you and I take to stop it, the more difficult it is going to be for it to continue. There is no place to run and no easy outs, however myself and others have blazed a trail for you and many have lost their lives or been imprisoned in their quest to seek out the truth and peaceful ways of regaining their freedom. One only needs to look at the Brown family, who were convicted in the U.S.A. for not filing their taxes despite no law existing that says they have to. They are simply enforcing hidden contracts and because it is fiction, they do whatever they want to you, regardless of what the law may or may not say. Are these the kinds of people we want to trust to run our Countries? To come out of Babylon, we need to recognize that these people are completely dependant on living a lifestyle of luxury and gluttony at the expense of all those around them. It means we have to squarely expose the fictional reality they portray and start bringing them to account for their piracy and for their crimes against us, using the justice of what is right and wrong through love. We do not have to sit back and see our children disappear or be gobbled up by Child Protection Services where they are physically, sexually and mentally abused and in some cases simply disappear for Satanic and Pedophile rings that are rampant in this SYSTEM.

Can we afford this kind of fiction in its current form, or do we recognize the fact that we are the masters and they are the slaves and take the steps necessary to make that reality? We are giving them the power to do what they are doing because we sit back and think there is nothing we can do to stop it, when in fact a small group of people with the know how can take Winston Shrout's Knowledge of the SYSTEM and other sources and stop these people from harming us all. As the pressure mounts and they start corralling the sheep into their giant Concentration camps, chopping off the heads of the sheep that don't make good slaves, will you wake up then and start doing something? The camps are being built and trains are being made ready, filled with Shackles and Guillotines, conveniently *made in China*. When they blow out the economy and there is no food, where will you go? If you knew that your signature was the money, would you go to the bank or go on a train? It is simply a matter of knowledge and teaching others that will bring this whole thing down and restore our freedom.

It is difficult to be on the front lines. It is hard to make things happen that should happen to restore freedom for all. It doesn't have to come down to a physical fight because much of this is about the knowledge that is necessary to set us free. I don't think we can afford the luxury of time to sit on the sidelines and wait for someone else to do something for us, as these people are predators and will pick off the weak while avoiding the strong. Do you want to be a hard target or an easy one? We have all the power within us to change this. We simply have to start taking action. It is your choice and the time to choose is now, as later on down the road, they will make the choice for you.

Common Law addressed Fiction best by making it illegal for a contract to exist between the living and fiction. The living return to their natural infinite state of love, whereas the dead (fiction) reside within an imaginary world that only receives animating life force by the light that is focused on it. This is the power of the illusion around us. We simply give life to that which we bring into our awareness, forgetting that we are the ones that animate that awareness and therefore we control it. We must keep Fiction in check, using it to enhance our experience while we are at this level of existence, not have it control us. We cannot force our values or demands on the living, but fiction has no will or life and is fair game. The fact that a small group of people has turned fiction against us all as a means of control is fundamentally wrong. The force behind that fiction is the exact opposite of Infinite Love. It is parasitic and it must find ways of making us control each other to advance its agenda of feeding itself with low frequency fear energy.

Sadly, the authority and true nature of their work is beyond the comprehension of many caught up in the SYSTEM, as is the outcome. If they were aware of what they were doing, I would think many would simply walk away from the Banksters and help their fellow man in restoring balance and solving these artificially created problems, such as poverty, famine

and uprisings between Countries and Religions that are so skillfully played out on a day to day basis. It is coming to the point that Police Officers think of themselves as Gods and we should be licking their boots in reverence to their abuse. The mounting extremity of the situation is waking many people up to the reality of where we are. Using Commerce as a way of correcting this is difficult in Canada because the Government eliminates anyone who is not a Lawyer. Lawyers are practicing Piracy and have no interest at all in assisting anyone caught up in the SYSTEM. It is a fallacy that they can be called Notary Publics as all they want is the power of the Notary to extend their plunder, but not to help those who come to them for help. It is all about money to them. Commerce is wrought with Fraud, and the only thing that seems to matter is that those in power can take mountains of money from the suffering of the masses with impunity. The SYSTEM in this perverted form is unsustainable, but at this juncture in time, without it we would not have a SYSTEM at all, a necessary support of the very fabric of our lives that allows us to live within this world. JESUS had it right by throwing the Money Changers out of the Temple, and perhaps it is time that we did the same.

If you are thrown into court, here are some good questions that deconstruct the fictional world being put before you. It comes from Sam Kennedy's Program *Take No Prisoners* on August 31, 2008.

I am who I say I am. Can you please identify yourself for the record?

Is that your given name, sir? Were you Christened "Magistrate Jones" or is that some sort of legal fiction appellation?

By what authority do you come before me?

By "representative," do you mean an attorney?

Are you trying to engage me in a controversy, sir?

Do you have a copy of the administrative agreement in front of you?

Why are you trying to introduce me to an agent of controversy (i.e. attorney) when you have a copy of the settlement and estoppel in front of you?

Would you please state for the record the specific jurisdiction that you are claiming?

How am I to plead if you will not state the jurisdiction? In the common law I would have to plead innocent, isn't that correct?

Is there an injured party of substance that you can point out, sir?

What is the law form by which you are claiming jurisdiction?

Is the criminal jurisdiction you're referring to common law, admiralty, penal, or commercial?

Did you say penal? Are you not aware of the Supreme Court rulings that a sovereign man is not subject to statutory authority?

For and on the record sir, if you are professing to be acting under statutory authority, then does that not include the Uniform Commercial Code? (Leads to discussion of settlement and the default.)

Do you not have a copy of the administrative agreement to which all parties have agreed willfully and to which Mr. Jones has waived all rights of objection?

Common Law? Where is the injured party? Can you have a corporation or agent thereof making a claim as an injured party in the common law?

Admiralty? Can you please point out the arrested vessel? I don't see it here today...Oh, you're confessing that there is no vessel? Well sir, then there is no court. Isn't that correct? (See section on attacking the claim that it is not an admiralty

court.)

It is my understanding that without my consent you cannot force me or my free holdings to be a surety for this charge, isn't that correct?

Where do you want to go with this Sir?

- kidnapping?
- assault against a foreign official?
- piracy on the high seas?
- plunder?
- trafficking in slaves?

Is it understood that I will not be referred to by an appellation that applies to a legal fiction procedural phantom?

Are you trying to coerce me into slavery by forcing me to confess to the status of a U.S. subject?

I am moving this court to dismiss this case with extreme prejudice (over and over again).

Judge, by calling me mister, it appears that you are operating under the assumption that I am an *ens legis* U.S. person. Just what are the assumptions here? Are you assuming that I am consenting to these proceedings? Are you assuming that I have elected to submit to the jurisdiction? Is that your assumption, for and on the record? Do you have a contract where I have confessed to being a U.S. subject? Do you have a secret lien based upon the birth certificate, social security number or a bank account? Is that where you want to go, to lock me up and attempt to coerce me to contract? It is my understanding that you cannot lawfully proceed if I do not consent, and that you cannot lawfully make me consent. Is this not correct? Yes or no, for the record.

Since you have not objected to my status nor brought forth any reason why I should consent or any power to proceed without my consent, then I move to dismiss the case with extreme prejudice (essential sound bite).

Sir, you had better kill me and all of my friends because once I get out, if it takes me forty years I will collect on the liability which is attached to kidnapping and any of the other crimes that you commit in this courtroom against a living man on the land, and any one else who objects to my status as a living man on the land with a rebuttal or counter claim. Do you want to digest that for the next couple of decades?

Sir, do you have a power of attorney to confess that name for me?

Sir would you like to step down and testify? Raise your right hand and put your left hand on the bible, and let's see if you have the authority to be doing what you are doing here today.

Please state your authority to come before me as a sovereign man on the free dry land?

Your silence is your agreement (essential sound bite).

We do NOT repeat ourselves over and over again as that will predictably lead to a contempt threat. Instead, we:

- request or inquire
- give notice of default and perhaps notice of barratry.

- enforce, perhaps with a warrant for arrest of bond, a peace bond, an actual arrest, an order for someone else to arrest, a recusal, etc.

Sir, there is a question on the floor and you need to answer it on the record, and if you don't then I will answer it for you. By what authority, venue of law, and jurisdiction are you here before me today so that I may understand the rules by which we are operating today?

If they threaten contempt for asking questions: Fine, then I will ask for a judicial determination. I need judicial determination on whether a request for a judicial determination can ever comprise contempt... I need judicial determination on whether a question about procedure, law or facts can ever comprise contempt... I will ask questions until I get answers. Are you late for a round of golf? Do you not have the time to answer or do you wish to proceed with a party that does not understand?

If they don't answer our questions, we assume their answer and read it into the record: "I will take your silence to be your agreement."..."Let the record show that you failed to respond and therefore you agree, for the record, that you have misappropriated \$500 million dollars of funds intended for public benefit."

Have you not been noticed of my declaration of political status, which has been accepted and witnessed by three of public officials?

Have we not already established that I am the only sovereign here, and the supreme authority here, and that all of you have confessed that you are my public servants? Here is my order. I move for dismissal with extreme prejudice. Or would you prefer to proceed *ultra vires* in felony breach of office, applying statutes against a sovereign man and without my consent?

Are you not aware of the civil contract that's in effect here? I am the supreme authority here. You are the public servant. And I expect you to fulfill all of your lawful duties beginning with...

Perhaps you would step down and establish yourself as a sovereign man instead of a fiction magistrate. Would you like to do that?...Does anybody wish to declare their sovereignty on the record?...Good, let the record show that I am the only sovereign man in the courtroom. I am the undisputed supreme authority here. Are there any objections?...Good. Here are my instructions...

This is your court? Do you happen to have a d/b/a (doing business as) filed with the county? For the record Judge, is this court registered to do business with the secretary of state? Are you an officer of a corporation noted in the books of the secretary of state? Because if not, and if this is in fact your court, then you would be the surety of record for the criminal liability of operating a private court under the color of law. Would that not be correct, for and on the record? -Have you filed a UCC 1 against the court? -Do you have a bill of sale for the court? -Are you registered to do business with the state? -Is this court registered on Dunn and Bradstreet?

For the record judge, what would be the venue by which you are claiming jurisdiction to hear those allegations?

It is my understanding that a sovereign man on the land is not subject to statutory authority according to your own Supreme Court. Is that not true?...So I am stating for and on the record that I am a sovereign man on the free dry soil of the land. Does anyone wish to object? Do you have any evidence to the contrary? Do you have a power of attorney granting you the authority to disqualify my chosen political status?

I do not consent to these proceedings or to liability to your corporate statutes. I

deny being a corporation. I deny being a procedural phantom of any sort. Does any one have any cause to object?

Do you not have notice of my political status in your possession?

Has the world not been duly notified of my political status?

So what are you going to do about it? Do you want to go to kidnapping? Slavery? Assault on a foreign official?

I won't be so forgiving if you mention those commercial charges (allegations) again after we have established their inapplicability to a sovereign. Any such representation will comprise an enticement into slavery by coercing me into presenting myself as a U.S. person / subject falsely, against my will, and in contravention of the convention de la Hague of 1961.

You can add and subtract to this. One thing I like is the word *License*. It is defined in Blacks 7th as: "A revocable permission to commit some act that would otherwise be unlawful; esp. an agreement (not amounting to a lease or *profit a prendre*) that it will be lawful for the licensee to enter the licensor's land to do some act that would otherwise be illegal, such as hunting game."

All the lawyers have a BAR card which is their license to practice law. Now then who's land are they operating on? Your land? God's Land? Queen's Land? I rather doubt that they have God's signature on their Bar Card's to operate on the earth, thus they make reference to imaginary land such as cities. God did not create any laws, so you should be aware of what land you are standing on, which is the earth, and ask them if God signed their Bar Card.

God gave us dominion over all the earth and it may be construed as being our land. They think that as long as they get our permission (meaning consent), they can break any laws they want to get their convictions.

Upon conviction you will never hear them say that you were lawfully convicted, only duly convicted. Why? Because it takes two to make a contract: you and the Judge. If you don't agree or submit to their ruling, there can be no contract, even though we know contracts only exist within fiction. That's the whole point of everything, that it's all happening in fiction. Yet if you bring up this sacred cow, they will badger you down to the point where you will no longer have a side of the argument. In deference to that, ask questions that would define a person rather than argue with them as that creates controversy, allowing them to disregard your concerns or put you into contempt (another unlawful tactic). Getting back for to our above definition of License for a moment, look at the Latin word used, "Prendre". It is defined as: "To take. **This word is used to signify the right of taking a thing before it is offered.**" What is truly going on here are two basic things. First that you have submitted to them affirming that you are the all capital letter name and the second is that they create a contract with you, which in general you have no say about. The reason you have no say is that by affirming that you are the all capital letter name you are also giving them authority over you as a living thing, as all living things have names and thus you are the property of the State. What you do or say after signing a promise to appear for or acknowledging you are the name or give them a name matters little to them. They are actors in fiction and all names you use are assumed to be part of their fictional world.

You will clearly see by definition that license is a right to steal something that isn't theirs. The license is a form of a Letter of Mark (the right to piracy on the high seas) except this pertains to their imaginary land because they couldn't get God's blessing to do it.

Another trick to watch out for is that charges will be drawn up quite frequently based on Information. Information is only hearsay and has to be investigated by the POLICE to verify if it is true before any force of law can be taken. Many times, especially with CRA and IRS,

the JUSTICE OF THE PEACE will be given the information and will sign a legal order despite the fact that the CRA agent or IRS agent did not investigate, making a fraud of the entire endeavor. Their signatures are often just little squiggle marks and they rubber stamp the PERSON that took the information in their imaginary world. In order to lawfully lay charges, there needs to be an Affidavit of Probable Cause made. They won't do this, because the laws they are saying you broke are all statutes and only apply to the Lawyers. What they are after is your consent. They create false information and get the POLICE thugs to work you over to get a signed confession, which is also a Promise to Appear. Your appearance will be as an actor in their play so they can extort money and freedom from you, an action repeated by the uninformed perpetually.

A good question to ask regarding a License is if a license is permission to break the law, by who's authority has granted you this license and how many laws have been broken so far to bring forth this alleged crime? Pick up the Criminal or Penal Code and start flipping through and checking things off, you would be amazed at how many laws they have broken: kidnapping, unlawful confinement, assault, trespassing, fraud, treason, etc.

The individual laying the charge must be the one to sign off on the affidavit of probable cause or at least the hearsay information. Many police Officers will have some other Officer fill out the information for them based on their notes and sign the information themselves, without having first hand knowledge. This is of course fraud. You have to ask a lot of questions and destroy their illusions of authority and righteousness. The whole point of JESUS was that he came to free us all from bondage of law. You can make use of his parables and ways of dealing with things and use Elizabeth-Alexander-Mary: Windsor, Defender of the Faith as your force of law, lawfully anywhere on the earth. It is unfortunate that we could not find a way to use laws to benefit all of mankind. In many ways law has been beneficial, but in all cases it has been used as a tool to enslave us for the benefit of the few. The only way out of this is to make use of the immutable truth of the Law of One and deconstruct their illusion of power. It won't work all the time, and as for the Queen getting involved in helping you she is required to or she can be replaced, but who would do that I am not sure. She has acted upon things in the past, which gives me hope that she will in the future if properly approached as the Defender of the Faith.

If we keep this imaginary game going for much longer it may empower evil to destroy us. I don't think any of us want to see that. Please share this knowledge with others, help one another, Love yourself and Love others as you love yourself. Together we can turn this around.

## **The Fiduciary Process**

I want to make something perfectly clear. The moment you begin to use names to identify yourself with you are creating a copy of life, a copy of you. A copy of life is lifeless and so you are telling them that you are dead. They use Trust Laws to manage your trust for you. We are not dead fiction or lifeless copies, but this is their entrapment system and if you do acknowledge a name being applied to yourself, you become a slave to them in their eyes. The sections that follow deal with slaves trying to make the system work for them, not realizing that they have enslaved themselves by using a name. They let some stuff pass in order to protect the illusion that there is justice and due process, so that they can further suck the life out the masses when the stampede starts. Do I hear baaahhh?

This is as much of a Process as it is a simple statement. A Fiduciary is someone who is appointed to settle and close the accounts in the matter relating to the charges against you. Anyone can appoint anyone holding any Office within the SYSTEM to be a Fiduciary. This comes in handy when the Crown Prosecutor is trying to put you in Jail, then by some miracle after you appoint him a Fiduciary all the Charges are dropped and you walk out as free Man/Woman as you are using law to free yourself and not your dominion as a man created male or female by God. There is no truth within fiction it is a grand illusion, and by making those that are creating the illusion accountable to what they are doing to you, they

simply don't want it done to them. Interesting eh? Perhaps this is a new way of loving thy neighbor? Lawyers and Crown Prosecutors tend to try to squirm their way out of Fiduciary duties, as they want to continue being pirates and make lots of money off your suffering. From time to time you have to do other things to force them into a Fiduciary position. Even Judges at times will not enforce Fiduciary appointments onto Crown Prosecutors and Lawyers.

To enforce a Fiduciary appointment you simply create a bond and start adding people to the bond that refuse to do their job. Ask them after they have been added to the bond if they will now do it. In the end you can execute a lien against their sureties by allowing the IRS to be a 3rd party debt collector, blocking their ability to "Practice Law" from an insured perspective, or you can hold a public meeting, exposing their refusal to do their jobs. In the end you can pull the rug out from under them and move the court to the Court of Original Jurisdiction, which is your Court given to you by the Creator and set the law yourself. If you do that then rescind your signature on everything you have not accepted for value and return it to them. What they are doing is trying to enforce their private business onto you without your consent. They are actors in fiction and as such have no standing in your court.

It is truly about belief. If you believe that the Power of the individual is sacred in that nobody can have more or less power than anyone else, then that will show in your words and conduct. When the world believes this we will all be free. In truth these people are trying to seek their own form of salvation, and it is their belief system that is driving them to do this. It is odd that they can call themselves Christians and devoutly go to church, yet they bow to a man and seek salvation through a Court System. I didn't start it and I don't think I fully understand it, but it is what it is. It is based on hundreds of generations of development of a belief system wherein God will appear before them as a man. Remember that the Jews are still waiting for their Christ God. Perhaps they may have turned away from LORD God's teachings and focused on the physical. When we bow to those who hold the greatest perceived power, it is about power. There are no ethics involved with their power and this is why they are in their final throws of life as a legitimate force of power, as they hold no balance of the ethics required to sustain that power.

## **Acceptance for Value**

This section is an approach to the proper use of Commercial Law. However, it is important for you remember that **when you Accept a fraud for Value, there is no value**. You will never hear Winston Shrout or Sam Kennedy among others talk about this aspect, with the exception of Minister Robin Belanger. Simply ask yourself what value there is in fraud? There can be none. By accepting such value, you are making a confession that you are a fiction or use fiction and are thereby bowing to their false God. This allows them to assume that you have given up your dominion over the earth and they simply do whatever they want to you. For much of this book I have eluded to this very situation, and this is the one section where I want you to see how easy it is for illusion to take over versus the simple truth of dominion. Performing an Acceptance on Certified Copies of Laws for example, simply tells the Court that you are operating in fiction and thus fraud begets fraud.

I have made mention of the Acceptance for Value in various parts of the book and at the beginning even made reference that you had an exemption that you could use to pay your taxes. Because this is so fundamental to everything you will be doing in the future in terms of adjusting your imaginary accounts, it is important that you should know how to properly use it.

Your Signature has value. When you sign a piece of paper while in Canada, that piece of paper can be converted into real fiat currency via section 30 of the Bills of Exchange Act. I believe this to be similar on the UCC and other Jurisdictions, as it is your energy that animates the imaginary world. To that end your signature has value and is used world wide to convert all kinds of things into money for the powers that be. This is why we are seeing an explosion of inflation of the world's money supplies. They are taking that money and

buying up properties all around the world. When you do an Acceptance for value on anything it becomes your property and you can even list it on your UCC Financing Collateral section as being collateral of your debtor. More UCC Financing information will be forthcoming, but for now just realize acceptance means you are honoring an offer of someone else or fiction. You return the Accepted document to them and because you are now the owner of that document, you are in honor and the creditor and so you get to set the terms of what that document represents.

Let's say you are presented with a Judgment from the Court and asked to sign the Judges Orders. The Judges Orders (the Judgment) is an opportunity for you to settle and adjust the account by performing an Acceptance on the Judgment Order and adding in for full settlement and closure of the Account related to the Case. By doing this you take away their right to use the Judgment for anything else except for settling the money owed on the case for that Judgment. You simply accept it, give it to the Judge or Clerk of the Court and walk out a free man or woman. For people already in Jail a Surety Bond needs to be created for set off of the original case number and perhaps an indemnity bond to bond the Warden and all his subordinates at the Jail House, something we will soon get into a little deeper.

So how exactly would you do an Acceptance on something? It varies a bit depending on what you are trying to do. You use a blue pen and write across the document on a 45-degree angle the following:

Accepted for Value by Drawee Without Levy Signature, Date Exemption ID# 123456789 (SIN or SSN) No spaces or breaks between the numbers.

If you were signing a Judgment let's say, you would add:

For Full Settlement and Closure of all Accounts related to this Case.

If you were signing a Summons for Jury Duty add:

For full settlement and closure of account related to this summons.

Or,

For full settlement and closure of the account related to this Summons and I will accept your Offer for Jury Selection upon which I will be an actual Juror standing outside of the Jury Box as and be under my own authority to make a decision concerning any case brought before me.

Watch them jump now!! I wouldn't try this without being under full commercial liability and bonded, as I explain bellow, but it would be fun eh? If you didn't want to do Jury duty send along with the accepted summons an Admiralty Merchant Notice of Protest, asking them to state where they get their authority to use your body as a Surety for Jury Duty, giving them 10 days to respond by mail to a 3rd party receiver. Have two people sign "by Agent:" to verify your Notice. I'll add some example notices in at the end of this chapter for you as well.

This gives them everything that they need to set off any debt against your STRAWMAN, up to a point: that your Strawman does have a somewhat limited amount of funds to play with until you do an acceptance on your Birth Certificate and send that into the Treasury. The US Treasury is a substance bank that can convert your Birth Certificate into an unlimited source of funds for your Strawman. They have put a limited amount of funds on your STRAWMAN, which puts your vessel under limited liability and thus under their Jurisdiction. When you do an Acceptance on your Birth Certificate, it converts your Birth Certificate to full Liability once you send it into the Treasury. You also need to send a Bond and Bond Order along with your Birth Certificate to the Treasury, making the Secretary or Minister of the Treasury your Fiduciary and gift the Birth Certificate to the Treasury to do whatever best suits the Treasury. This is quite an involved process and to do this properly you should pick

up one of Winston Shrout's Generally oriented or beginners Seminar. It will come with the bond templates and instructions on how to do all this. Once completed, your Vessel in Commerce, the STRAWMAN, will be fully insured and thus you will be completely protected from any prosecutions against you as man or woman under their Statute Laws. Further it allows you to subrogate all fictions within the imaginary world and make them do what you want them to do, so long as you are not harming anyone through an act that could bring in Common Law Jurisdiction. Keep the Law of One in mind when you are doing things and everything should be fine. You are no longer bound by fictions for you control them through the bond and liquidation process.

By sending your Canadian Birth Certificate to the US Treasury, it may affect your ability to get another Birth Certificate and bring into question what your Strawman's Citizenship is. If you do this I would only do it with the Treasury located in the Province that your Strawman Resides. It is typically the Justice Minister that runs the Treasury. However nice this sounds, if you are dealing with people who have taken false Oaths it won't matter what you do. They will simply adjust the books and keep the money. I have yet to see anyone get any kind of relief from the use of these bonds, although Winston and others may swear by them, there is no evidence in my area that they are working. Furthermore, by sending in your Birth Certificate to the Treasury according to Winston Shrout's instruction means you are attaching your body to the imaginary vessel and then gifting it to the fictional Treasury. They are looking for ways of holding your body as a form of surety so they can proceed against you. If the Treasury won't pay your charges or taxes etc., you are basically screwed. Your out is still Genesis 1:26, and you can restore your dominion at any time, just state it and it has to be returned to you. They cannot do anything to you without your consent. Be very cautious when people say something works, always ask for proof and get it backed up by the people in Government that are doing it. There are lots of scams some are passed on to the sheep, while others are directly overt and in your face.

Dunn and Bradstreet holds the Bond ratings on everyone who holds a position of public office. They are public hazard bonds and are in place so that the public can sue a public official for damages if they break the law. Of course the way they get around this is that here is no public record of oaths in Canada and in the USA etc, many who work for the Cabal never file their oaths publicly meaning the bonds are generated, but no oath on the record means no one can access the bonds to sue the public official. Furthermore, Confederation never happened in Canada the way it was supposed to. Statute laws are full of fraud, but because it is private law, who cares. The people have no authority over changing or interpreting the laws, just the Lawyers and their Law Societies.

How long this will last I am not sure. It is promising for the future in that it allows us to make use of law in a way that is positive and ensures Justice. The danger we have with CRA or the IRS zeroing out accounts through acceptances like the above examples is that they simply pocket the money and come back asking you to pay again. They don't adjust the accounts. Winston Liquidated the IRS to the amount of about \$400,000,000,000.00 just to get them to send cheques along with their statements. Just because you have the power to create the funds, doesn't mean that the Banksters and Fraudsters are going to lie down, they are looking for every opportunity that they can to steal money and are very successful at it. In Court Situations if you Bond the Case then you are paying the charges and any related matters around the case and they set you free. A Bond will pay a Promise and a Bill, a Promise will Pay a Bill. Bills are equivalent to Statute laws and if bonded have the power of the People behind them. If not bonded, they are rogue bills and can be bonded by anyone. The Income Tax Act in Canada is probably not Bonded, which is the case with most Tax Acts around the World. Canada will not give you a certified copy of the Income Tax Act at the moment, but perhaps as we weed through the Parliamentary Clerks bonding and liquidating them one after another, we will eventually get that Certified Act. When you have a Certified Act of Any kind, you can simply do an Acceptance for Value on it and you own it. You can also Bond the Act if you know it's exact wording and spelling and you wont need a

certified copy. In Court Situations you should always ask to see what Acts are included in the court and ensure that they all are certified. Any Act or Law that is not bonded should be prior to start of proceedings. Anyone bringing in a law without the certified copy of the Act that the law comes from is entering hearsay evidence into the record.

Acceptance for Value is the most fundamental thing you need to know about to maneuver around issues brought up in the system. Protecting your newly created money from those who would steal it is the other most important step. Having a Notary Public or lots of witnesses (minimum of two) with you when you serve these acceptances is very important. I would also think you could register the acceptances on your UCC Financing Statement as collateral. In Canada you can register things through Canada Customs using their forms. Canada Customs is the County Recorder Office for Canada and is directly tied in with the Treasury.

## **The Box**

I wanted to touch a bit more on how a Box works before we move on. In Law, anything inside a box is deemed not to be part of the whole. This means that if you were to take a document such as Promise to Appear and draw a box and sign your name in the Box, it would only apply to whatever is inside the box, not the document.

This applies to the Court Room as well. When you go to Court you have the Prisoners Box, Jury Box, Judges Box, Clerks Box and of course the Bar Box. The Court is actually what goes on in the Peanut Gallery not the Boxes. This means the Prisoner is not there, The Jury is not there, The Judge is not there and the Clerk is not there. Remember the Court is a bank and the only thing that they are doing is trying to settle the case account in relation to the charges. The Crown Prosecutor has submitted a wager to the court that he can get a surety to pay for the charges in the end. When you answer generally or sign things generally you are agreeing to be the surety for the imaginary STRAWMAN in the court and thereby transferring the liability of the charges from the Crown Prosecutor to yourself. The only two people in the Court are you and the Crown. The Judge only comes in when you lift him from being a Rabbinical Priest (Magistrate) to a Judge. Do this by getting him to ante-up on his Oath of Office, his identity and his bond. You must also give him Jurisdiction over the case, as he needs your permission to make a Judgment of which you can accept for value. Fictions cannot accept anything for value and thus the Judge and the Crown are at your mercy if they break the law, and do they ever break laws!

So if you ever get called in for Jury duty you now know why Judges can simply take the entire case back from the Jury and dismiss them if he/she doesn't like the verdict; the Jury isn't there!

Another thing about the box is the use of brackets. If you take a look at your T1 Tax forms or 1040 tax forms in the USA, you will notice that they put up brackets in some key areas. In law when something is put in brackets it means that the contents within the brackets are removed from the document, thus it isn't there. This is how they get you to assess yourself for taxes, is they reference you to a guide to how much tax is owed by putting in the brackets, when in truth there is no income to be taxed because you are only exchanging labor for labor. Further you might take notice of what you see enclosed in boxes. The forms begin to take on an entirely different meaning don't they?

The money you earn throughout the year is refunded to you via the 1099 OID form in the States and CRA will accept a made up form based on the 1099 OID for Canadian filers. Again the problem we are finding is that they want to keep us as slaves and thus ignore such things here in Canada. Enforcement and strategies need to be created to ensure they do what they are supposed to do. At the time of writing this book, there is much work going on to do just that. Dr. Sam Kennedy has some of the best strategies to offer based on the U.S. System, which are being looked on the Canadian side too. Just listen to his archived shows and get your hands on as much info as you can from him. Every Country has slightly

different situations, but it comes down to creating commercial liens against those who would block your lawful remedies.

## **In Defense of What Exactly?**

They want more than anything a DEFENDANT to be a SURETY for the wager that the CROWN PROSECUTOR put down using his/her bond to pay off the charges that were made against a FICTION called a PERSON, within a private society run by lawyers for lawyers. The system is completely rigged to allow them to draw whatever outcome they want. Truth has no meaning within a fictional world and no amount of truth will overcome a fictional world. Knowing this, why would anyone spend their time and money acting as they need us to be: a DEFENDANT? Keep in mind that DEFENDANTS cannot win if they are defending and only those who prosecute can win.

Appointing others as your Fiduciary and maneuvering outside of court to settle the matter privately saves them face and removes open confrontation. The other approach is simply notifying them that you are a flesh and blood man within the dominion that God gave to you and question their authority within that dominion. Some say you must not mix the approaches, but both are very valid ways of dealing with matters brought before you concerning the courts.

I am not a wizard with all the paperwork that is involved with the LEGAL SYSTEM, nor do I want to be. In my acknowledgments and throughout the book I have mentioned a few people who have developed ways commercially and through faith to deal with the Court System. This may involve a slew of paper work and techniques to help deal with the Court System and all the endless trappings therein. Ultimately we are dealing with a fictional world owned privately by a small group of bankers, who are forcing their will onto us all. They create the religions, prisons, courts, money and societies, which all become Countries, and when examined are all de facto puppet governments. It is important to have a grasp of the fundamentals of what drives all this: The Talmud, the Banking aspect of the Courts, and the strategies used to resolve the issues that revolve around them. You have to take time to research and learn from those that have developed successful ways of dealing with these entities and decide what is right for you. No Lawyer is going to help you in this path, but will often give you clues about what to do, and it is most beneficial to do the opposite of what they say to you.

Ideally you want to appoint a fiduciary and send all your tickets or charges to the fiduciary to resolve for you. This is Winston Shrout's solution, which seems to be working for him. The idea of going to a court to destroy the foundation of authority is meaningless to a point. Why expend all that energy, just teach others about what is going on and what to do about it and eventually Rome will fall anyways. If you are dragged before a Judge against your will, then by all means destroy his/her imaginary authority if that is what it takes for you to get free. Personally, I would question their standing on their Oath and then bring up Genesis 1:26-27 and ask them where they get their authority over you as a man created male or female within the dominion that God created for you (or probably more accurate: within the creation that your creator created for you)?

The only problem I have with trying to get the Judge to stand for his oath so you can terminate/dismiss it based on your dominion over the earth is that you are asking a fiction if he stands for an oath written in fiction with a fictional language, which can only be interpreted by lawyers and is unintelligible at that by their definition of legalese. Furthermore, to bond them using private fictional laws like the UCC, with the bonds residing inside fiction too, the chances of any kind of cooperation from a fiction is like grasping at air, nothing is there. The entire LEGAL system has been designed to enslave and deceive people. It is not about justice, only about putting power into the hands of the few so they can have their New World Order. This is what we have to work with at the moment, other than stepping out of the SYSTEM, which again requires an actor in fiction to be responsible enough to recognize that they have no power over the living. That's hard to find

considering their entire careers have been based on lies, deceit and extortion over their fellow man.

As I mentioned earlier, some people believe that they are the Bonded Servants of Christ and that is where their bonds come from. You can't use this, as there is nothing in the King James Bible to support it. The objective is not to argue but to terminate or dismiss the case and leave. You can't argue with fiction, there is nobody there to argue with, nor any truth or fact. How can there be any truth or fact held within fiction? There cannot, so simply terminate the case, rebut their objections with the truth, then get up and walk out.

We are not fooling around here, they have perpetrated a mass fraud on us and these Judges simply regurgitate what they are told. Reportedly, They have a very large retirement fund stolen from the many people they have victimized over the years. There is little doubt that they know what they are doing. Anyone involved in the JUSTICE SYSTEM that does not question the foundations of their actions and remove their self from this fraud are open game for you. There is no Justice when you are considered as a slave and the property of the State. Truth and Justice? Give me a break. That only exists in the television shows, which is part of the perpetual mass programming. This is about extracting as much freedom and money from the masses as possible, in order to allow the few to live in positions of ruling power without showing where they get the authority to do so.

There is so much work ahead of us to resolve these issues and no one can do it alone. We need to group together and support each other. Standing alone against a huge system of deceit and lies is hard for anyone to stand up to unaided. It is designed to tear you down and make you feel worthless and hopelessly dependant on lawyers, who are the real vultures in this tale. By collectively standing up for what's right and realizing that the costs of not standing up against them will only lead to mass concentration camps and enslavement of us all to an even greater degree. If all you do is simply share this book with someone else, and share the lessons you have learned, you will open doors to those that are willing to learn. You may not be able to make the horse drink, but leading them to water to begin with is a great feat in itself.

## **My Word is My Bond**

We have all heard the statement *my word is my bond* before and many of us are tuned in to what we say to others is what we will do. It is beyond a Contract in that it is our Word that we are putting forward, not a piece of paper with handwriting on it. Stating our Word is akin to what they would say is our Name. We are putting our name and reputation on the line. By definition our Word means a promise, an assurance or promise or a sworn intention. It also means a command or direction, or an order. Interestingly, Word is not defined in Black's Dictionary, as Slaves have no capacity for giving their word, only their Masters do! A Bond is defined as: "contract. An obligation or bond is a deed whereby the obligor, obliges himself, his heirs, executors and administrators, to pay a certain sum of money to another at a day appointed." ([Bouvier Law Dictionary](#))

Because we do not have names we can only signal our intentions by giving our Word that we will do something, this resides within the real world. The Bond aspect resides in the FICTIONAL world as only FICTION can be held in bondage. Yet within fiction no truth can exist so there is nothing there that can be truly bonded.

This violates God's will of Genesis 1:26-27, and within the concept of Creation we are all free. Outside of the Bible there is nothing in nature that says we are not free, thus we may signal our intentions with the phrase, but there is nothing to hold us accountable to doing so naturally. There has been some notions raised that our signature is also a method of giving our word as our bond, but Signatures are very different.

Signatures require agreement. Yet signatures reside within a fictional world and make use of Names. So if a Signature resides in fiction, where does the agreement come from? Because there is nothing within fiction that has any capacity to reason agreement does not

exist. You do not have a Name so all names are things of fiction. A signature being used in placement of your word on something is fraud, but again everything they are doing resides within fiction and thus is fraud. A Signature represents the will of a PERSON in validating an Instrument. They want you to become an Actor in Fiction and provide a Signature Prop for their Play. It might validate the Instrument, but a Signature is not agreement and thus it is not defined as such in law dictionaries. Signatures identify PERSONS, not the living man or woman, or man created as male or female by God. Only an imaginary entity called a PERSON can create signatures and a PERSON has no capacity to agree to anything nor offer or receive any consideration.

The object of the Extortion Game is to get you to go along with the scam, to cast yourself as one of the actors in the imaginary play. It isn't until you take your authority as a man male or female created by God and take your true standing in dominion that you can stop them dead in their tracks, so to speak. They cannot prove they have higher authority over you once you ask them to prove that they do, their game is done. There is no reason why you cannot rescind signatures Nunc Pro Tunc (from the beginning) on everything you signed and walk away.

Finally, you are not the Bond or the Signature. Because Law only resides within the Illusion or FICTION the only thing that can be held accountable for anything is FICTION. Your Signature resides within FICTION and therefore is the only thing that can be seized as surety for anything, and only then if you agree to it as it is your creation giving you the highest authority over it. Your body is absolutely sacred and you are not the Signature or the Bond or the Contract, it all resides within the Illusion. An ACTOR IN FICTION has neither free will nor any capacity to communicate anything of FICTION to a living man or woman, nor a man created male or female. Signatures cannot exist in truth because God doesn't need to sign for anything as God is everything and has created everything that exists including all of us as we have seen in the Law of One. The ACTORS IN FICTION are only Acting out a giant play before you, in which all of their authority evaporates away when openly challenged. No Bond is required in love, for love has no need of law. Infinite love is the mutual clarity of what is true and right that needs to be done to help one another in life. Illusions require laws to prop it up, which is why we put faith into handwriting versus knowing what must be done in love to achieve the outcomes we need together. To give your Word on something is meaningless if there is no intent to follow through on it, and to force someone to live up to their word is to enslave them, not to honor them.

The people that started this quagmire were indeed Rabbi's, but also they were Magicians. Jesu was a Rabbi Magician schooled in the Ancient Mystery Schools, who was eventually killed for trying to share the secret of immortality, however he did create the Druid Religion and help the Romans perfect their warfare techniques as well. Everything that is happening today is derived from knowledge of Illusions. They can only make offers to you to join their Illusion. You must decide who you are, and outright reject them. If they overstep their boundaries you have the power to issue Arrest Warrants of Fact on their BONDS and PERSONS. You have the highest authority when they involve you in their scams, so make them aware of that and they will most likely look for easier prey to catch.

## **1099 OID and T5 Process**

Note: I am still researching this T5 Process.

I have heard from Sam and Winston that the 1099 OID process works really well in the U.S.A. SYSTEM, but as yet the T5 process in CANADA makes little sense to me. I am not sure if the T5 or T5008 are the right forms at all for recouping your tax dollars or if the process actually exists or not. The Recipient is **their** STRAWMAN as the STRAWMAN is the bank account, owned by the bankers - you only have a privilege of use. Money can only go to and from the strawman, not the living man or woman or a man created male or female by God. Ultimately my take on it is this: if we issue the credit through a signature then we are entitled to any proceeds created by that signature. How the paperwork goes with the

CRA is anyone's guess at the moment. But ultimately these people are supposed to be our servants and we should simply be able to tell them what we want them to do and they should obey us. That is a rather nice sounding fantasy, as the exact opposite is true.

I decided to remove the section on 1099 OID and T5 process, mainly because there is no way to enforce it. Perhaps for now enforcement may be possible in the U.S.A., but the Courts in Canada and throughout the Commonwealth for that matter are filled with charlatans that have taken false Oaths, the Kol Nidre or both. It is important to remember that they are using their False God system against you. When you use this System and bow to a false God a.k.a. Government, you set yourself up for extreme prejudice in their courts and the system in its entirety. Don't take the bait by giving them consent to charge you. They are asking you to agree, completing the circuit so they can balance their books.

## **Securitization**

The Court has two sides to it. The PUBLIC, which deals in fiction, and the PRIVATE that deals in Substance. There are two sets of books that are managed. On the PUBLIC side the Clerk holds the Account Receivable books and is looking for payment to adjust accounts. On the PRIVATE side there is the Accounts Payable books, which the Judge holds. Now the Clerk of the Court is never shown the Accounts Payable and thus can testify under oath that the account has not been paid. The Accounts Payable side which the Judge has, shows the bonds that they created in your name, worth in some cases tens of millions of dollars and everything with your signature on it that has been converted into money. Everything in court cases is Securitized, meaning that it all has a monetary value to it.

If the Judge has your SIN or SSN, then he is definitely creating money out of thin air using your Treasury account, but your signature is enough according to the Bills of Exchange Act. If you do not bring up the issue about the Accounts Payable books and force the Judge to use the assets to pay off the charges, then they will confiscate the funds for themselves (I think after 3 years or maybe at the end of the court case). One more thing is the origin of the word Bench is Latin, meaning Bank. I also assume that when you carry out an acceptance for value on anything, the Acceptance is Securitized. If you look up the big charter banks you will find that there is always someone at the top that is in charge of Securitization. This process is not limited by the Courts, but extends to the big banks as well. The big accounting firms also know how to do this and claim to convert receipts to money and I'm guessing allow select individuals to confiscate all the money created from Securitization after three years. When you get cash receipts it is evidence of money owed back to you as the Source or Principal, making you the Creditor in the Bankruptcy. The T5 and 1099 OID forms can have a big impact on court proceedings. You can ask them to fill out the T5 to show the accounts payable side or you will report them to the CRA. Remember we are the masters they are the slaves. Fictions cannot have any say over the living, but that is what they are trying to make you into, a fiction and you have to fight them on it every step of the way.

When we write Promissory Notes or Money Orders we need to register them on the PUBLIC side, or they will be deemed abandoned the moment we try to use them to pay for a fine etc. You register them by the PPSA System at your local Registry Office or via your UCC in the USA. The system deals with creditors and debtors. You list the note as the property of your strawman debtor and have your strawman creditor assign the note to whomever it is being given to. Under the UCC it is a UCC 3 assignment that you would produce. You want your debtor to hold all the assets because then all your assets can be liened by your creditor strawman to protect them. Winston talks about this process in his general bond videos and has examples on his CD about how to accomplish this. You actually have to draw up a Security Agreement and an actual Affidavit lien and have a Notary sign it. If you cannot find a Notary, three people can sign it for you and it has just the same effect as a Notary.

The Government wants the Security Agreement and the actual lien to appear in the Public so they want you to leave it with a Notary. Your Member of the Legislative Assembly (MLA)

can hold onto the documents for you and have them forwarded onto his or her successor as the Keeper of the Record. They have to do it because they have the benefit of Office. However, keep in mind that Canada has a de facto government and nobody actually can prove that they have any authority. It is in truth a Law Society where others must beg to gain entry, which is why we see the use of application everywhere. Canada has nothing to do with the Land Mass that the maps show, Canada is a fiction.

The Judges all have license to convert securities into monetary value. I assume this comes from their License to Practice Law as well, which simply is a License to break the law. Remember it is their society and their game, so they can make and change the rules on a whim. Those that beg entry into their game that are not lawyers are doomed for the most part. The only thing that works is to stop their assumptions and go after their authority. In the end they are relying on your signature and PERSON to act upon you in the real world. A PERSON has a Name and a Birth Date, give those two things up and they are going to do their worst on you.

In terms of the origin of the Laws regulating Securitization, you will find them in the Financial Accounting System, not the Generally Accepted Accounting Principals. The sections under FAS that are important to note are: FAS 125 - Securitization Accounting, FAS 140 - Offsetting of financial assets and UCC 3-305,306.

FAS 133 - derivatives on hedge accounts - also discusses offsetting FAS 5 and FAS 95 are mentioned as well, though I'm not sure what they are about just yet.

Once you have performed an Offset using your treasury account, which is your STRAWMAN followed by your SIN or SSN with no dashes or spaces separating the numbers, you need to execute what is called Recoupment. The Offsetting pays their bill, the Recoupment part returns the funds you offset, back to the STRAWMAN account from which it came. Thus Recoupment is the return of funds you had your STRAWMAN create back to you. You can find these regulations at <http://www.fasb.org/>.

All of this is something I am still in the process of learning. It comes down to a bait and switch game they are playing with you, trying to determine that they are the creditor when in fact you are. IOUs and Promissory notes are not debt instruments to the one who creates them. They are passed on to others for the adjustments and then are returned to the Creator along with any proceeds that were monetized from it. The Promissory Note was monetized with your signature. We create the money because they took the gold. This would extend to any signature and this is how they are securitizing everything you sign into money for them, unless you stop them and recoup it. Also remember that everything that is happening here does so under the color of law. None of these laws apply to a man created male or female by God, only to PERSONS. Additionally, only Public Companies can do this, it is "Illegal" for private Companies to. Inclusive in the public domain are all Government operations and Public companies on the Stock Exchange. I would think it would be limited to the fortune 500 (or rather the deadbeat 500), but who really knows. I'll supplement here as I learn more as well.

In Commerce when your strawman is charged with something they need to present you with the Bill, however no one ever does present a true bill in commerce. If you get your hands on the charges you simply write "accepted" on the charges and sign "by agent: your strawman's name." When you get statements in the mail asking you to pay for stuff, be aware that a statement is not a bill. It is not even your account because the liability of the account lies with the Government or specifically the Province or State of the Birth Certificate. In Canada all you need to do is write Consumer Purchase on the front and back of the bill and sign the front. However once again no one produces any bills only statements, receipts and invoices etc, which are not Bills of Exchange. Thus without a bill you cannot use your signature to pay for anything. If you actually did have a bill of exchange signed you would send it to the Receive General and request Canadian Dollars and in return be credited to the strawman or account of a strawman you have the privilege of

using. When you sign for anything regarding goods and services you are accessing your exemption to pay for the goods and services, but outwardly money is confiscated from you, which is double dipping. Remittance Vouchers work the same way. The voucher is the payment. The Government may ask you to send them a cheque along with the Remittance Voucher and then they get paid twice, as the voucher is whatever money you fill it out to be. Remember we give life as we are life, so whatever we say has value (thus life) does.

According to Section 190 of the Bills of Exchange Act of Canada, this is how to pay for a Bill. The problem is again that they don't actually send you a bill, but statements, receipts, invoices etc. So they are never liable to process the thing. Another thing is that they ask you to pay the statement, but never say that you must pay using CDN Dollars or whatever currency. It is a way for them to bypass the fraud, as all products and services were already paid for when you were born into this world.

(1) Every consumer bill or consumer note shall be prominently and legibly marked on its face with the words "Consumer Purchase" before or at the time when the instrument is signed by the purchaser or by any person signing to accommodate the purchaser.

[Bills of Exchange Act \(R.S., 1985, c. B-4\)](#)

## **Healing through Love and Truth**

We have talked a lot about how we are being disenfranchised by the SYSTEM and the many dirty tricks they use to get our compliance to act as a slave under servitude to the CROWN. I think at this point you probably have something close to a Masters degree on LAW, and know that it is totally about fiction and fiction cannot have any solutions within it. It simply comes down to who has the biggest guns in the fight. You cannot point to any true rights or freedoms within fiction, for fiction has no free will and thus anything within fiction is a debtor and a slave with no credibility.

LAW talks about remedies and cures, so let's go a bit further into it. Fiction is trying to emulate infinite love from the perspective of a parasitic mirror and acts absolutely true to that mirror and thus to infinite love. Fiction cannot find balance within itself because the problems created within fiction remain stagnant and fiction cannot change itself. Fiction is being created by people outside of it, and people within the fiction are directed to find the solutions. Since the problem or issues involved originated and were created in the real world then the solution, remedy and cures can also come from there. Everything that happens in the real world is translated fraudulently into the fictional world. The actors involved keep people pointed at the fiction world to find the solution to something that happened in the real world.

The fundamental problem is that fascism is based on the use of names as a mask for the real living man. It is not by mistake that we are using names. This was a deliberate move to immerse all mankind into a world based on NAMES. The only thing that is prosecuted in FICTION is the Name. There is no law that describes or mentions in any form how law applies to a living man, but instead reference is made to the PERSON, which has a name rather than a calling. I should add that one must be careful in saying that they do have a calling, as a calling is a form of fiction as well. Merely say you are life and that is the only truth you can give to them. To say that you answer to a calling is unnecessary and dangerous when they are trying to get you accept or give a name in fiction.

If we truly want to solve our problems with the Courts and live in peace, we have to begin with the issue about the NAME. The first question you are ever asked when "Appearing" for anything is, "What is your Name?" If you answer as fact that you have a name, then you are entering hearsay evidence. Remember, names are fictions and nobody can prove that a name is true, as a name in and of itself is fiction. By changing a name of something, the living man or woman or a man created male or female, does not change with it. The correct response to such a question is a simple retort asking if it would it be a fraud to lie or give hearsay as a response to the question or simply say I have no name I am life? You could

press your question until you get an answer of No, if they happen to say yes then it's case closed because they are admitting that their use of fraud is acceptable. If they say No, then you have them in a bind because now they have to justify why they are making use of hearsay through the use of Police Officer, JUDGE, Crown Attorney and so on. At this point the power is yours to grab to dispel their illusion of power over you by exposing that they are presenting themselves as hearsay on all their documents and spoken words.

Instead of fighting them on these issues in open court, where they will do anything to protect the fraud they are perpetuating on you and everyone else, you need to move the proceedings to Chambers. Here you can resolve the issues privately. When you are in the PUBLIC you are considered to be a slave, so you are in the wrong venue for resolving the issues before you. You can blow the whole thing off with a letter to the Crown and Judge over the issue of them making use of fictions and hearsay and fraud, and that you do not give your consent in any way shape or form to allowing the proceedings against you to take place. This letter should be sent to the Crown and Judge in Chambers, with the envelope addressed to the Judge in Chambers only. If they say that they want you to Appear in Chambers, this means they want your Name to Appear there not you. The all caps name is the fiction that is making the Appearance, meaning that they are asking you to show up and commit fraud so that you lose all credibility.

If you communicate with them through a letter never indicate in the letter that you are the strawman. You can identify yourself as man created as male/female by God or simply a Life Form. The bible makes use of the word Kind in that we are all various kinds of creation, which is also okay to use.

If you buy into their illusion that a STRAWMAN fiction is real and it has "intellectual property rights" attached to it from the CROWN or any rights, then you are simply saying you are property owned by the system, ultimately by the Pope as per the 1302 Papal Bull declaring all human creatures property of the Vatican.

The question that comes into play is do these Judges, Crown Prosecutors, Police Officers etc. have free will? They create an illusion of an Oath to take someone's free will from them saying that they are bound to the terms of the oath. In Canada all Oaths are administered privately as there is no public record given for any oath. Because of the de facto nature of the Canadian Government, anyone publicly taking an oath would be committing Treason. The oaths are meaningless though when the bankers are running the show through the hidden hand of influence of mammon.

When confronted by these actors you might ask them if they are operating upon their own free will. If they are not acting up their own free will, then the court is under duress and is a fraud. If they insist that they have no free will and they are bound to the laws that govern them, then you can simply say if you insist that you have no free will, then I order you to do this that and the other thing. When they complain that their orders come from the QUEEN or any other made up authority, ask them to bring that fictional entity before you so you may ask him or her if this is true or not. When they can't then simply restate your Order to them. Mine probably would be along the lines of, "As a Man standing on the earth within the dominion that God has given me, I release you of your bondage to the Crown as you are also a man created male or female by God, standing upon the earth within the dominion that God has granted to you as well." Where can they go from there? What authority can they possibly exercise over you or over anyone now? You can then on an equal basis resolve the issues before you. You have freed them from their bondage and you can then work on the issues at hand to get them resolved. Within your dominion you should be properly cared for and those injured should be properly taken care of as it is no longer the CROWN'S court, it is God's Court and thereby your court. You are dealing with everything privately from here on, which is what you should have done in chambers from the very beginning.

You must do this with love and be very kind, but firm. They have bought into a game to

extort your wealth and freedom from you, but you have played their game and taken the bait numerous times. You have created controversy and hearsay of your own, depending on where you are. Remember also that they have lots of power and no ethics restricting them. You do not want to fight these people, as that is exactly what they want because it gives them an excuse to use their fictional power against you. They have no defense against love and truth. You have to set the boundaries of who has authority over who and by what nature you are there and who is appearing before whom? If they are actors making an appearance, then to whom are they appearing? If they are appearing to a court, then a court is an abstract thing and they can only appear to someone that is living. Appearing before a fiction cannot be proven in the least.

The tricks of hearsay are used vastly in this deception. At each and every point where fiction is used and it is not addressed as such, you are accepting hearsay and thus discrediting your position. The King James Bible, a sacred book to many, is hearsay. Regardless of what you think about the "stories" within the book, you only have to see that it is only called a book out of hearsay. Nobody can say that anything within it is a certainty. We can change the name of the book and yet the book remains. Again this brings us back to LORD God taking pleasure in watching Adam name everything that was around him, creating hearsay fiction to discredit him. To access our credit (money), we have to be credible. So they introduce a world of hearsay around us making the average individual believe that what is presented is absolutely true, when in fact everything around them is hearsay.

QUEEN ELIZABETH II is a fiction. What you will notice is that everyone within the SYSTEM seems to be taking action on behalf of the Queen. Simply put, they are taking actions directly related to the Queen. They are controlling the puppet strings as it were of the Queen. The reality is, what gives them authority over you to control the puppet strings of the QUEEN? Even the Woman who acts as the QUEEN has no more or less authority to do so than any other living man or woman on the planet, although a man who is male or female holds dominion over man and woman created by LORD God. But more specifically a fiction has no free will and no one can prove ownership of a fiction, for fiction does not exist except as a concept within our minds. It is nothing more than a game to trick you into giving up your status of having dominion on the earth. But even that is hearsay if you think about it, as no can say for certain that this planet is the earth or even if it is to be called a planet. When people introduce hearsay and you do not challenge it, then you are allowing hearsay to fraud and fiction to take place. By accepting it you are allowing the slippery slope toward prison to begin.

The other aspect to this whole thing is that it matters not whether you are guilty or not guilty. That is not why people go to prison. What matters is the account that they set up. They charge the account strawman and using you as the surety for the strawman they neglect to mention that there were bonds created to set off the charges on the strawman, which you need to accept and use to set off the debt against the strawman and then have the credit returned to you through the strawman once the accounting is adjusted. The Bid, Performance and Payment bonds are the ones you need to ask for and ask if any other bonds or instruments were created as well. Accept them all for value for full settlement and closure of the account, which is the case number. All courts are commercial courts. In terms of Judging if you were guilty or not guilty, in admiralty they say you have to state Guilty to the Facts, the facts being there is a commercial debt that must be settled to offset the charges. They are not judging you the man created male or female by God, because you cannot be judged. You have dominion over all the earth according to their dogma. It is about the strawman, which you can simply discharge the charges by having them write a cheque out to the strawman and give it to you to deposit in the bank.

With all this in mind, it is still a complete fraud, because they cannot justify in any way shape or form how they can have authority over you. To simply put on a black dress and make believe that they are a Judge, Police Officer or what have you, does not give them any

authority over you. Who says that you can't put on a dress and play make believe Judge just as they do? All their credentials come from fiction, so they are all frauds. Who says that you can't be the QUEEN and give orders? It is all make belief.

It is highly important to establish at the beginning that you control the venue and they do not. It is also important to make it clear that any hearsay that might be used is for your purposes, not theirs. You establish authority over the venue by saying it is your court not theirs and if they try to use their fictions to challenge you call them on their use of fictions. Answer their questions with questions. If they say you are person or any other referenced fiction then ask back, who are you? A Judge? Can you prove to me that you are a Judge? Is a Judge a man with dominion over the earth? It doesn't say here that God gave a Judge or John Doe dominion over earth, only man, isn't that right Judge? You are on the earth and if you want to pretend to be a judge, then I must have dominion over you. Here are my orders to you...

They may try to intimidate you, simply tell them to stop abusing you and don't do it again. Their tricks of barking out Orders in the Court with "all stand," and "Order in the court" are prime examples. Whose court is it really? There is nothing to define the fact that you are in a Court for a Court is a name and a name is hearsay. Don't stand, just do the opposite of what they ask until you are questioned. When questioned simply ask the Judge if he is trying to form a contract of servitude with you. If he is, tell him he is to stop all attempts now, and tell him that you are a Man standing on the earth in the dominion that God gave you, who are you sir? I am Judge So and So, well that's nice, doesn't say anything in the Bible about a Judge having dominion over all the earth and by the way are you trying to introduce hearsay evidence that you are a Judge, what facts do you have to back that up? All I see before me is man wearing a black dress. Are you not a living man? I came to this place to resolve some issues concerning some hearsay fiction called JOHN DOE, do you have that listed on your docket there my fellow man? Since you cannot say that you are a Judge, and a judge is only hearsay fiction, then by the authority I have within my dominion given to me by God, I drop all charges against the JOHN DOE hearsay fiction for and on the record. Thank you all my business here today is concluded this Court is closed. Walk out.

It is best to simply write letters and deal with everything in the background. They have guns and if they decide to play the tyranny card on you, you really have no recourse other than to use force against them to free yourself from their arsenal, an unlikely proposition. It is going to take time to educate people on the scam and bring about change. I am hoping that you will take this on yourself to share this book with as many people as you can. They are using this make belief system to enrich themselves and cause incredible suffering and harm on us all. It needs to come to a stop.

In places like Saudi Arabia, people are given less than 10 minutes for a trial with little or no help and sentenced to beheading or whipping. Tortures of various kinds are commonly used throughout the world on prisoners, doing nothing to heal or lift their spirits to gain empathy for all mankind. It makes them disassociate with that empathy and love and become hardened to carry out even more horrible acts of violence against us all. For the Lawyers and the system, they just get richer and richer while everyone else gets poorer and poorer. They cannot hide from the truth and again when we pull on that authority card, the entire house of cards comes crashing down. They will go to extremes to stop you from doing that, for once exposed they have no ability to control you or anyone else.

The fraud really begins when the Police Officer or whomever approaches you with orders to give them ID and other points of reference. They are making use of hearsay and using threat, duress and intimidation to back up the fraud they are trying to push on you. Because all law is the Roman Civil Law, you will find in every Country some loophole allowing them to break the law. A license to practice law is the main one, giving the lawyers permission to break the law on your land, or rather the CROWNS Land, which is also fiction. The one in charge of the JUSTICE System of each district or Country is a lawyer, licensed to practice

law and therefore licensed to break the law. This gives them the imaginary authority to ignore everything including constitutions. It is a make belief fairytale game of Justice and it has to stop or we will all be enslaved in tiny cities making little widgets for 16 hours a day, with no rights or freedoms at all.

## **Our Dominion**

Although throughout the book I have focused on Genesis 1:26-27, which God gave man dominion over all the earth, I need to point out something else that is also very important. Genesis 1:28 states:

[28] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, **and over every living thing that moveth upon the earth.**

A living thing is anyone that says that they are not a man created male or female by God. This would apply to everyone connected in Government who has touched the King James Bible or operates under the authority of those that have. Because they are pretending to be something other than a man created male or female by God they are now a living thing. When the Pope declared that they he was taking control over all human creatures in [THE BULL SANCTUM](#) he did this very thing. God never created humans, nor did LORD God for that matter, so the Pope was referencing living things not man created male or female.

The entire system is based upon changing your status. The status we are naturally in is that of a man created male or female by God on the earth, standing in the dominion that God gave us. The goal of the system is to change us into the status of a thing. They are powerless to act upon you, and will try to ignore your statement or try to trick you in some way to give a confession that you are a PERSON of some kind.

This brings me to the question of why? If we are so easily fooled about our status as everything that exists and the dominion we share, if our thinking is self-centered and consenting to fictional priorities over living sentient life then how is it we can expand our love to other species of life within the universe? Perhaps there is some wisdom in their madness, but it is only an observation on my account, I do not know anyone that could answer that question for me and if they did, based on what is going on, would I believe them? I do think that we are able to peacefully resolve this through the use of Genesis 1:26-28. Not even the Zionists that are the major force behind all this can deny the very scripture that drives them to do what they do.

The population reduction plans with the micro chipping and slave labor camps and everything else is a horrible future for all involved. If it is simply that these people are evil and out of control, then we have no option but to defend ourselves from them in any way we can. This is our home and those that are manipulating us and destroying us need to be stopped. It is a matter of survival. I am not certain that earth herself will be able to survive what is to come. There has been a great amount of devastation in the name of creating money for the few while impoverishing the masses. We must stand firm in our dominion. We are not a thing.

## **Jurisdiction Play**

Now that we have covered various ways of creating freedom despite the pitfalls, let's take it a step further and pull the rug out from under you. I know many people that have spent thousands of dollars on Seminars, Coaching and even paying to have bonds made up. People even spend gold to find out how to work Common Law. Some people think they can write the Queen and make use of their faith to get free of the system. We all know the SYSTEM is a fraud and it is destroying our planet and us with it and we are seemingly powerless to stop it.

I discussed a number of ways of working through the system to get free and all of what I mention above are valid ways, yet there is still one issue that has to be addressed: Jurisdiction. What they will not tell you in these Seminars and the like is that the Enforcement and Judicial aspects of the SYSTEM lie outside of the Jurisdiction of Canada or any other Country they purport to be the Judiciary for. An address designates Jurisdiction and if you don't think Jurisdiction matters to them, watch the cops screech to a halt in a pursuit as the car they are chasing crosses over a County Line. You'll see Prisoners extradited to other parts of the Country because that is where the Jurisdiction is for the charges laid in that crime. They have completely severed the Judicial and Enforcement arms off from the Legislative and Government Institutions by simply tweaking the address.

The address on the Court Houses will never say Canada as part of their address. Further all Charges and Tickets will not say Canada on them as part of the Address for the Ticket. They also abbreviate the Province or Territory by changing it to a two-letter abbreviation (e.g. Alberta is AB). However, the Queen never created AB, someone else did and then sold it to the people as real. You are made to believe it is real and even told it is, but never under oath. You will notice that all Businesses make use of the same address structure as the Court. This is because businesses, the Court and Law Enforcement do not reside in Canada or the Province, otherwise it would say so in the address.

You find the same structure used within many Countries around the World. The U.S.A. is another example, as you will notice I.R.S. letters make reference to a two letter abbreviated State Name and use a Postal Code, and do not reference U.S.A. It is more prevalent on documents, moving the jurisdiction from their Court Building into another outside of the country you thought you were in. They simply don't tell you any of this. By neglecting to set the Jurisdiction to a specific Country or Province, they are operating outside the Jurisdiction of the Country they are doing the adjudicating for and they get to keep the wealth and you as a prisoner of their foreign Jurisdiction for profit. It is piracy on the High Seas and you have boarded the Pirate Ship.

The enforcement organizations and judiciary operate under a different jurisdiction than the MPs and the Bank of Canada. The Members of Parliament are under a different address, which makes use of the actual name of the Province, but they still drop Canada. The Bank of Canada makes proper and full use of the address using the province name and Canada, but all three make use of a postal code, which the Queen did not create and this puts all the Jurisdiction under Washington D.C., a Sovereign State.

The Bank with Canada in its address actually exists and perhaps is controlled by the Queen, but she is not a part of Washington D.C., so it is really HER MAJESTY's Bank with the all-caps name owned by Temple Bar in The City of London. This is why the QUEEN must bow to LORD Mayor when she arrives in the City. The QUEEN is a Person and therefore is a slave of the Bankers, who ultimately work for the Pope and Lucifer.

Remember that the Charter (per section 32) only applies to Government, not to the people of Canada. There are not any actual addresses for the People of Canada because they don't exist in fiction. The all-caps names do though and they are corporate entities on Birth Certificates, which were sold to the Bankers to cover the debt of the Country, to live as debt slaves.

If you are charged with something it is not you that is charged, it is the all caps name, and they want you to be the actor in fiction for their play. You sign the promise to appear, and then you go get a Lawyer (never do that btw) or study law a bit and come up with a good remedy or defense. You go to their Court House with their charges or tickets listing the two letter abbreviation, which moves the ticket to some other jurisdiction other than Canada and all your money and hard work you spent on a defense goes up in smoke as they are under no obligation what so ever to follow Canadian Law to adjudicate a case, because they do not reside in that Jurisdiction.

The Judiciary is able to take all the money from the fines and prison bonds it gets and give it all to the Bankers for pure profit. It is not put back into the coffers to help pay taxes or infrastructure, it goes to the bankers, because it is their court, it has their postal code on it. Canada was not created with Postal Codes.

The reason they do this is speculative, but I feel it is done this way as darkness is based on fiction and illusion. There is no light that comes from darkness thus all is hidden away. They are preparing the takeover of the planet with their New World Order and the Judiciary. With secretive, unintelligible laws and scores of people wearing the black robes of darkness and illusion, it is quite possibly the stage for a Luciferian or Satanic system of Law operating in full bloom, right before our eyes. Zero accountability and operating outside of any known rules that would hold the Judges in honor, they are free to do whatever they want to the victims that they prey on. Most people don't give it a second look, but indeed, this is what is happening. None of this is about law. It is about ushering in Lucifer as their new Ruler over the earth. It is very serious and they are going all out to try and make this happen. The Bankers own the businesses as they are all registered to the Bankers, and the businesses in turn control the money and control all the property in the game. Thus the Bankers own nothing and hold no liability for what they do. It is a very slick game.

Because it is all based on fiction and they do make use of the Torah, it is only fair to say that the Torah, meaning The Law, has some validity to them. Considering that most people in the Judiciary are Jewish and in Banking as well, the Torah and the Talmud are the laws they really operate by. The law part is mostly a cover for the Satanic system. For the most part the JUDGES will never say they are JUDGES. They might point to a sign that says JUDGE, but they are an illusion and they want you to identify them as JUDGE to give away your power as being a man created male or female by God, standing in your Dominion. You can either make use of your dominion or you are a slave, there are no other choices. In truth you have more power than the Pope through your dominion. The Pope is a living thing, not a man created by God. He lost this status by taking on a name and title. We do not have names or titles, but I will get into that much more deeply next chapter. You should always question the Clerk of the Court or Judge if they are making use of Canadian Law or the Law of the Country you are in before you begin to engage them. Further you do not understand their laws because they are written in Legalese and only lawyers can interpret law, so stay out of the law all together and make use of your dominion as much as possible.

One further idea is that it is not about Law, it is about ideology. The people behind this scam see you and everything as things to be enslaved, not as part of the whole of creation and in the image and after the likeness of God. In fact it is God that they are at war with as discussed earlier in this book. Although the Jewish Population heads up most of the positions of power or controls it from behind their curtain, it is only a segment of the Jewish people that are the perpetrators, and not everyone is a Jew. It is based upon Zionism, which is a political movement that has hijacked the Jewish people and their Religion. The Illuminati are part of this in a big way and if my research is right they are decedents of the Knights Templar, at least the ones that got away. The breaking down of the Templar seems more of a stage show, so they could consolidate the wealth and power back to the Vatican and then play with Centralized banking systems that were far more clever and profitable at the expense of the masses. Then there are the mind-controlled puppets or puppets that support the system and are controlled by money. It is really much, much more than not following laws or creating fictions. We have to start somewhere and confronting them on their authority and your dominion are the key to peacefully turn this around. They may be doing what they are doing because they conveniently view their reality as only things and are quite comfortable with enslaving everyone based on that perception. At the top of their structures we find the members of the 13 Ruling Elite families, constantly directing and manipulating the masses, so why not start there instead of the illusions they throw at us? As discussed, these Bloodlines are probably not like us at all. Perhaps they are the Beast of

the earth or simply these Reptilian creatures David Icke and others have reported about. Believe me that whatever it is, they do not have your best interest at heart.

## **Summary**

The path to freedom resides within each of us and we have to find our own way onto it. The more people who have this knowledge the easier it will be facing the oppressors. They will both back down and do the job of serving the people that they were supposed to do in the first place, or be banished from the earth. If we do nothing, their agenda is clear as we can see from the adjusted free fall of the American economy and others that will soon follow. Abundance=Choice=Freedom vs. Scarcity=Dependency=Control is the equation. When they are holding all the power they can artificially create the situations needed to remain in control, which is the reality of what they are doing from every angle possible within this illusionary reality we have been told is a free world. Follow in the footsteps of those who are free and you will be too.

From my observations it comes down to a very simple thing: do you see yourself in any way as being a fictional entity? All laws only apply to fiction so how much do you allow these laws to control you? A PERSON again has only 2 attributes, that being a Name and Birth Date, both of which are hearsay. Notice how they celebrate the Birth-days and Anniversaries of Cities, companies, or even Countries, yet there is nothing to celebrate for it is only an imaginary concept. The Calendar they use is simply hearsay because nobody can exactly say when JESUS was Crucified, and the calendar starts in January not in the spring during Passover when the Bible says he was Crucified. Furthermore all names are hearsay, and because all contracts make use of hearsay, all contracts reside within fiction. Creation has no laws and creation manifests based on our belief system. We are being manipulated to create and accept situations such as de facto courts and laws, which destroy us all based on beliefs we are programmed and manipulated into. If an officer, judge or other official questions you within this so-called JUSTICE system and you submit a name to them as your being, you are lying. Because of that they get to treat you as a fiction, and a slave as a fiction has no capacity of sentience. Not everyone is totally aware of this within the system, but because their lively-hood is based on going with the flow of the system, they'd rather not question the system and just obey orders from within it. I am sure many have heard these arguments over the years and they are outright choosing to ignore this very simple truth. However it is very important to separate the imaginary world from the real and make the point that you make use of persons out of necessity of life, because you are being blocked from the resources and funds you need to survive. It is important to point out that there is no legislation anywhere in any country stating that the cities, provinces, states or other fictional boundaries are on the earth. It all exists on imaginary seas, each Country a make-believe body of water upon which these strawman vessels are put on. Because the seas are all private, the vessels that travel on them can be seized (arrested) by pirates and all chattel associated with that vessel, including a man or woman created by LORD God. Since this is based in the Talmud, they need you to alter (Altar) your belief in who you are to a man or woman created by LORD God. They assume you are this until you tell them otherwise. If you do make a claim, they want to treat the man created as male or female as a fiction so they can use him or her as a form of surety for creating funds to enrich themselves. A key to freedom is to deny that you are the vessel and recant and rescind all signatures. They may try to intimidate you in court by issuing an arrest warrant on the vessel, the all caps name. When they do that, that is your queue to get up and walk out. They have acknowledged that you are not the all caps name, don't sit there and try and defend that, get off their imaginary boat as fast as you can. You can clear the charges with some letters to the Crown Prosecutors Office by simply questioning where they get their authority from to control a strawman that you are using. Ask them to show you any legislation that says that their court is on earth? Quote Genesis 1:26-28 to them, showing you have dominion over all the earth and every living thing on it. Ask them where do they get their authority to block you from the resources and funds you need to survive within the

necessities of life? Anyone who says that they are anything else other than a man created male or female by God is a thing, so you have dominion over them according to the very Bible they are swearing their Oaths too.

Ultimately what you may have to do is simply push all the paper work aside and recognize that everything that they are throwing at you comes from pure fiction. It is a walk through an illusionary firewall, knowing that the only thing that is real is you. They want your consent and are willing to do anything to get it. It is your actions that will determine your freedom. When you stand in truth and are determined not to be lead away from the truth, nothing they do will matter. You are the master and the only decisions that matter are yours. You take away from them their perceived power and start thinking as the master would, recognizing the treachery and deceit set before you. A fiction cannot have any power over the living and no truth or fact can ever be derived from fiction. You are not a name or person, just a man created male or female by God, at any age. God put you here for a reason and this land you are on belongs to all equally with no exceptions or law. All the religious teachings in the world cannot change the simple fact that you are a free sentient being of the Universe and no one has any more or less authority than anyone else, we are all equal to each other. In the end I don't think we are Judged, perhaps we judge ourselves, but we are here to expand infinite love and the more we can love one another and forgive, the higher we all vibrate and stay connected to the infinite love we are.

Nobody can say that your signature is you. When anyone that takes an Oath and puts their name down as the entity taking the Oath, they have committed perjury because they cannot say that it is their true name nor have any knowledge at birth that it was actually the name given to them making it all hearsay. Names are fictional things, we are simply who we say we are, and as fiction is fiction, there is nothing true about it. I think they make use of fiction to emulate the infinite aspect of who we are in substance. Remember, they are mirroring who we are inversely so it is highly confusing to us, until we regain our point of origin.

I think where this book has brought me in my thinking and hopefully yours too is that the only true response to these people is to deconstruct their illusion before their eyes. Show them that you can see through their lies and make it clear that without your permission they have nothing on you. They have no authority and cannot prove it. Even if documents are signed or you are carrying a driver's license it is only evidence of a fictional entity, not you. If they are going to act on a PERSON then they must only act on the imaginary entities within that imaginary world and if it affects you in any way, then they have to prove authority over you. Even if you give them permission it is not yours to give, for the Creator is also involved in this and they need the Creator's permission as well and can never get it. If Canada is founded upon the Supremacy of God, then where is God's signature saying so? It is all fraud.

# Chapter 10

## The Emergence of Spiritually Aware People

Matthew 10:26

But Jesus beheld them, and said unto them, with men this is impossible; but with God all things are possible.

Spirituality is a very private thing to many of us, and there are all kinds of differing ideologies of what spirituality is and isn't, yet the common thread is that it is something we hold to our hearts. As a Spiritual Healer my goal is help to expand your awareness of what is possible and how to activate mechanisms within both your imagination and mind that will expand your channels into the infinite. We are the masters of our experiential world and we are animating all that we see around us. In truth we are a gentle light that resides outside of these bodies we refer to as human beings and we animate our world with that light. There is no separation of our light with all that we see, for what enters our vision is a dream state of reality that has been manipulated into a sense of realism for us. What I want to do with you in this last chapter is to introduce you to the mechanisms of creation that you are habitually engaging in over and over, but never see it because of the sense of realism you are immersed in.

When you become aware of the creative processes going on around you, you begin to play with them in terms of changing the reality that once was into the now. It is comprised of keys and unlocking doors that have been hidden from you. In the end it is my hope that you will experience the Law of One for yourself and recognize the pure genius and power of everyone around you. It is strange in a way being surrounded by so many caught up in prison Religions, while knowing the simple magnitude of infinite love at play everywhere. It is an interesting state of being, that of being all knowing. It is having the answers to everything but not needing to ask a question, for that gets in the way of the answer. We have been taught all our lives how to shut down our infinite awareness, now it is time to reverse those lessons so we can open up to our infinite knowing and state of being.

To begin we must recognize the fundamentals at play. There are two basic realities that are manifesting here. One is the recognition that we are indeed Infinite Love and Everything that exists and thus responsible for everything that exists within our known reality. The second is the Illusion of things, the recognition that everything around is separate from us and we have no control over the happenings and thus shed ourselves of the responsibility of what happens. This is reflected in Genesis Chapter 1 and Chapter 2 as mentioned throughout this book. It is the simple recognition that when we accept responsibility for all that is happening to us ourselves and others and everything we come to **know**, then we are empowered to change it through directing our awareness to it or not to it. We give life by what we focus our intent and attention to.

One realization is that we are the masters of our own creation and if it exists within our reality then we had on some level a responsibility in creating it. If we deny this simple fact, then LORD God steps in and takes over the situation and we give our power to him and use him as a scapegoat and want him to lead us out of our own **self**-created reality. This will never happen for LORD God only balances the equation within this artificially created illusion we find ourselves. It's artificial because infinite love is the only truth. Imagine for a moment that you are outside of your body and in the midst of the Universe. Hold a star in your hand and imagine as you blow on it you create a thousand more in a spectrum of intensely illuminated stars that dwarf the light of all the stars within millions of light years of you. Now Animate those stars, giving them life, and allow them to create a world of love and peace around you. See how easy that was? It is our imagination that allows us to see and create. Some people will be more apt to create based on sound or feelings, preferring to work with those attributes.

Essentially we receive an echo of fear, which reinforces the reality of what we created wrapped in fear. We only have to send love to these things to dissolve the perceived boundaries of fear and thus see our own light and our own thoughts emanating from those objects we once thought of as things. We are manifesting our own reality fields around us, so to break them down we only need to send out love to what we see as things so they once again become one with us and us one with all. Furthermore, when we recognize these things as problems it only manifests the problems. By removing problems from our mind by not focusing on them, we have more energy and light to create the reality that we wanted to begin with. It is about removing stress and fear, and creating harmony within ourselves and through that with all that we perceive and know. We can recognize that if we are experiencing something good or bad it is truly just us that are creating it. You can change things from the past by sending memories love, light and forgiveness, never forgetting to forgive yourself as well. It is bringing yourself into that state of oneness with all that exists, which is also Infinite Love. Infinite Love sees all just as it is. Darkness and light are just that, they are part of the duality of life we exist in. Light dissolves darkness and thus light is always connected with truth and love, where darkness is the illusion of the duality, it serves to help us forget who we are and bring about illusions.

## **Consciousness and the Calendar**

What is one of the most powerful fixations for our Consciousness beyond the time itself? The Calendar, of Course, but before we go there, we should define Consciousness. Consciousness is the awareness of being aware. When was the last time you found yourself being aware watching Television? You're totally numb and oblivious, aren't you? Consciousness always has a location. It creates an orientation of time and place based on agreements through consideration to view the Universe. This created viewpoint is sacred because you created it yourself through your experiences and therefore your viewpoint becomes your Belief SYSTEM.

What you pay attention to you become Conscious of and give life to. The Calendar is the absolute center of a civilization because everything people do is based on the Calendar. It is something we all share as a concept of what time it is. The Gregorian Calendar was put into effect by Pope Gregory XIII. They only had to slaughter about nine million indigenous people to force the Gregorian Calendar into place, however. Why was it so important to force the Gregorian Calendar onto the people of the world? Well from the Darkness perspective the Gregorian Calendar is centered on the Physical Orientation of the Earth to the Sun. Thus Darkness is based in the Physical illusion, without any substance I would add. This is why we are so caught up in a materialistic world and we are only referencing time based on an orbit around the Sun, a star that will eventually die once its fuel is expended. This is the nature of Darkness: no substance just illusion in absence of life, all working from a point of mathematical relationships of matter rather than a life of spiritual consciousness which feeds life into the illusions of what seems physical. So we are fixating on a holographic projection for the mind, which has no substance or anything to do with transformation, the end product of the Sun and this solar system is that it the Sun goes super nova or simply burns out, in either case the life force of the sun will be gone and so will life on the earth, but gone where? The Question is not where as it is illusion. The mirror that projects the Sun into our reality can only project it from the infinite perspective of what we as life focus our attention on to create the Sun to begin with. The sun could not exist if Life Consciousness did not focus its attention there on the mirror to project this reality for us. The mirror creates the Universe based on mathematical relationships of matter, but it is Consciousness that gives life to those mathematical relationships to exist to begin with. We program the mirror to project the reality we want it to through our imagination or dream of life prior, during and always in that we exist as man within this level of reality.

If we are fixating our lives around something that dies, then what can you see happening in relation to that fixation? World Wars, Genocides, Mass Murders, Occupations, Health Care

that focuses on treating rather than curing and on it goes. The viewpoint of your Consciousness is an artificial one in that you have been indoctrinated into believing things that you were not fully informed about or had a choice over. Again this is interference in free will. The incremental introduction of things over time to create a mass illusion for our Conscious Awareness to believe in creates a binding thought field that is difficult to disperse. Only through educating people on the truth and letting them see the manipulation going on can those bindings be broken. This is why the control of information is so vital all the way through this manipulation, and why they are trying to shut the Internet down with Internet II. When everything is based on physical and not spiritual creation, then there are no ethics, only looking out for number one. It is a foundation of a house of cards and the foundation is sitting on air. It is not the progression of physical through time that is really happening, but the progression of Creation through time as the illusion is always a slave to the whims of the creator, thus the creative consciousness. This is the foundation of all life and the Mayan Calendar. Many other ancient Cultures also based their Calendars on the progression of Creation through time. What the illusion does is it tries to make us believe that the physical is the creator and everything from that is based upon a fiction fantasy world as you have been reading. Because the mirror projects an illusion of infinite possibilities to which we, our Great I am, are put into the illusion to experience it, we come to expand our love within this dream called the dream of life, where fiction works to draw life from life and we only need to focus our attention on life rather than the fiction to bring in more life and thus light and hence peace, love and utopia. That is the game of life we play as multidimensional infinite beings we are. Thus the mirror having life only from us life sucks life and creates it's illusions of life by draining us to animate the SYSTEM of fictional life. It uses actors in fiction that act based upon power and control rather than awareness that we are all one. It works to block our awareness of our connection to all that exists, as we are all that exists, so it can perpetuate its game of life rather than letting us have our dream of life.

Where we are today is in the final stages of Creation of the Illuminati in all their power, with no chance of stopping. Creation does not exert itself just through us, it exerts itself through the entire Universe. This is a time for Celebration and great Joy for we are nearing the end of our 14.6 billion year journey and are about to transcend this Universe into an awareness of pure love and joy, from what I am reading and hearing from others. We are nearing the time of infinite choice, which is infinite abundance. Everything that the Illuminati and their minions and cohorts are doing is a last desperate attempt to squash the force of Creation. October 18, 2011 will be the beginning from what I am told of the final stage of Creation for our Universe. We are the direct benefactors of all that Creation has to offer. We are about to transcend into Infinite Love as the divine and sacred beings we all truly are.

It is time to start letting go of the things that are holding back creation and freedom. It is time to bring forward a state of union and solidarity for all of us as well as life on our Planet. It is time to celebrate 14.6 billion years of evolution and work we have all strived for. It is time to heal that part of our minds that cling to the ideals of the physical world and prepare to transcend into the multidimensional. The people of darkness need our help in that they too must be gathered up with us in this celebration and love. By us pouring out our love to them and visualizing their healing in mind, body and spirit, we can help them make their transitions as well in these last days as it were. I don't think the world will instantly change on Oct 18, 2011, but the introduction of infinite choice and the explosion of creativity will drive our intuition and hearts to keep pace with the incredible acceleration of the creative force after that point. What happens in this period of time I am not entirely certain, but the wisdom and knowledge of the Ancient world that was suppressed and went under ground is now beginning to re-emerge and present itself to us. We only have to watch for it. The 13th tribe and similar indigenous people I talked about in chapter 5 are bringing forward the ancient knowledge that will help us through this transition. A world based on love not fear and slavery is what is promised to us. For some the fear of letting go will be too great and it may destroy them, but no one will be left behind. Creation and Infinite Love do not

abandon.

Ian Xel Lungold who has passed on in 2005 has left us with his stunning research on the Mayan Calendar. Presently they are up on Google Video and it explains very clearly what is going on in terms of our Consciousness and the Calendar.

### **Looking Past the Mirror**

As you know I have made several references to the Mirror throughout the last part of this book. What we are seeing is a SYSTEM, which operates precisely as a Mirror of Infinite Love. In fact if you took time to see the details of this, it would provide you with an exact map if you were to mirror it back to find a path of balance and life based in infinite love. It is in a way a gift, so long as you don't get tied up within the negative actions of the Mirror. However for the vast majority of the people, they are enslaved by the SYSTEM and many are unable to speak out about it over concerns of assassination by those who are so afraid of freedom that they would protect that which enslaves them.

In my years of work doing Spiritual Healing and working with others I have come across Mirrors in four places. One is of course the edge of the Universe, which I have found to be a mirror reflecting back to me my infinite self. The second is in people's minds, which augments the light coming in to offset energies to conform to their belief systems. The Third is using a Mirror as a form of protection against those who would send me negative energy to the point where it is or has hurt me in the past. The last is used in Spiritual Surgery where I needed to cut a cord between a friend and myself and dissipate the excesses of energy built up in both our systems. There are positive and negative uses of mirrors, and it is always based on intent and love. Doing things in hate with mirrors only cuts people off from the infinite. This is perhaps the key of what is going on. I know there are some very gifted people out there that can help you. Opening up spiritually is usually done in large steps where the experiences are life changing. Our growth is not limited to here on earth, but can happen in spirit as well, for we never stop learning. We are caught within an Illusion and are merely trying to find our way back out of it. However, grasping the complexities of infinite love with the mind in the way is highly difficult, and those of us that operate on higher levels of intuition can see and learn at much quicker rates. Don't be afraid to seek positive people out that are spiritually inclined to help you. Learning how to control your chakras and opening your intuitive mind is a process of time. However do everything in love and honor one another. Be careful not to put your energies to the mirror but to infinite love, the light and always life not the fiction.

I performed an experiment the other day just to see what would happen. In spirit I went to the mirror and decided that the mirror itself was finite. I found an edge and spread a kind of golden healing light between the mirror and the Universe it was generating as a reflection of infinite love. Interestingly, I sensed the fear but immediately the mirror began to heal, merging itself back towards to the Universe. There existed a curved space now where the mirror was an edge. This also confirmed that the mirror comes from Infinite Love not the other way around, hence we are all one. What comes to mind is that perhaps the manipulating consciousness that is doing all this is throwing the mirror up at us. Perhaps it has forgotten about this or is simply caught within the infinite and has no sense of time, thus the mirror is simply there to protect a wound that it or we are protecting or a mechanism of simple duality? We in the sense that we are within the mirror and we are determined to reflect back the energy we think isn't ours (which is protecting something we damaged or hurt in the past.) This brings us to why Human Ritual Sacrifice is so prevalent with Satanists, anti-life in that it perpetuates the illusion of a separation by drawing fear

from life to feed the imbalances created by the attention we give to fiction, as we give life, we are life within the dream of life.

Why I am spending time on the spiritual here is that what goes on with us spiritually will affect us over time physically. We are this way because we draw our life force from infinite love. Our bodies are computers that allow us to function at these frequencies with our consciousness intact at some numbed level of awareness. Normally we are at a very high level of frequency and intuition and much of what we are experiencing here I believe to be child's play at that level. But we are here and we are experiencing all of this, so let's make use of the tools our creator gave us, mainly that of intuition and a higher sense of perception.

There is a perfectly balanced system in place and their simple objective is to imbalance it, that being life. When we cannot reach balance we are in a state where our energy is being sucked away into some void somewhere per se, that nothing good could come of it, hence the existence of laws based upon fiction to allow the extraction of energy through various levels of ritual. When there is no balance there becomes gross abuses of power. What we wind up with, for example, is a Vatican enriched with untold wealth through its control over the world.

Beyond all the esoteric stuff, the simplest way to explain how the mirror works is that they are getting us to pay attention to things that have no substance. All Laws are based in fiction and thus we are immersed in a **Culture** of giving our energy to that which either does not exist for real or is simply imaginary. Perhaps we should be paying attention to things that are real such as life and all things that actually exist like the environment and nature. What we don't need are phony wars or corporations having more power than governments, not to mention neglect of the people.

When we put our energy into things that are imaginary and by focusing there, we are projecting our light into that imaginary reality. This is why the news is full of gloom and doom stories rather than enlightened possibilities. Because it has no substance to it, we can never have our energy returned to us to balance what we put out, while the few suck in huge amounts of energy for putting little or nothing out. When we question authority we are sometimes thrown into prison or much worse, like killed. One must choose one's battles carefully, but knowing that it is an imbalanced system based on energy, which leads to power without ethics, the underlying truth about the mirror. We can choose to do things differently, restoring balance in our lives and those around us, by giving our attention and energy to life rather than the fiction.

The fundamentals of Law are derived from LORD God's law and thus the basis of all Common Law are based in pure fiction, which clearly supports those who would follow his laws over everyone else on the planet. One has to question if this is helping us or destroying us. The only purpose of LORD God's existence is to suck life from life through illusion and fiction. LORD God is fundamental to the duality we exist in, never allowing choice only enslavement, until unbridled Power gets trumped by ethics in 2011. Only 2% of the population controls most of the positions of power in the U.N., U.S. Congress, Senate etc. The same 2%, who follow LORD God's Laws as the foundation of all law, primarily controls all around the world banking. We certainly do have an imbalance. Because many who are in key positions of power follow the Talmud as their Law, putting those who do not follow God's Laws as Slaves, we see the end result of Power without ethics. Those who do follow LORD God's ways end up doing horrific things because they are psychopathic and believe in the Talmud and Torah that LORD God is their true God (Satan) and thus they live to serve Satan. Satan sucks life, so everything they do comes down to being parasites upon humanity. There are all kinds of ways of enslaving people, but those who would benefit from the enslavement wield so much imaginary authority and therefore imaginary power, that when questioned that authority becomes as vacuous as the substantive space surrounding our planet. They have little choice but to bring great harm to those that

challenge their authority in order to maintain the illusion of it, but it is still an illusion. There is little doubt that the power wielded by these people has little to do with salvation or glorifying God. It is more to do with their selfish need to enslave the people on this planet for their own greed driven desires. Conversely we have multiple religions vying for the same power and everyone looking at everyone else in disbelief at their actions and inactions, when in fact all have been enslaved by the same premise. Those who step outside the boundaries of religions can be highly persecuted and feared, not for what they believe but for simply being different and invulnerable to the mass programming that has taken place.

The simple reality is that we do not need churches or organized religions to celebrate creation. They have hijacked the very foundation of what we did in the past and replaced it with a set of stories that are not real. Perhaps this is necessary for creation's purpose to see such a sophisticated and highly unethical SYSTEM put before us, just so it can be torn down and we will have a very strong appreciation for what is real. I hope perhaps this is the plan, but what a mess to contend with!

We can see that the mirror itself is based on the creation of a world around us in fiction, which has no substance, yet by animating fiction we allow it to draw life from us, which is why we should give our attention only to life. When we lash out at something with no substance to it, our ability to change it is difficult to say the least. Change can only happen when we use substance for the basis of reasoning, empowering us to create change, such as putting our attention and energy into creating life to replenish what we take from the earth. This brings us to understanding what exactly substance is. Substance is Conscious Energy of Infinite Love, fiction in all its forms gives nothing back to life so why support it? When you examine the world around you, how does life present itself to you? Life presents interdependency wherein we all rely on something outside of us to sustain life. If we stopped breathing air we would die. If we stopped eating or drinking we would die. Our bodies are dependant on **Consuming** energy from outside of ourselves to sustain ourselves.

Spirits that many of us have encountered or reported on need no air, food or water to sustain themselves, except for the earth bound parasite class that does not go into the white light. Any Shaman or individual who works with spirit will tell you that there are Earth Bound spirits that do feed off the living, and as a Spiritual Healer we clear them from people's energy fields and ask for our guides and angels to take these spirits to the Light. It is those Spirits from the Light that are totally balanced and full of love. We are totally interdependent on life for life as we are one. Satan and his system of fiction and illusion sees death as its ultimate goal, thus killing all forms of life and making illusory ownership of life its own ultimately gives life to the illusion rather than life giving life to life. When we do not see each other as one and the interdependence therein with each other and all life, we fall into a state of psychosis and cut ourselves off from feeling connected with all life and seeing and knowing how important to life our connection and interdependence truly is.

When we are within our intuition and focused on love and spirit, we start putting out a great deal of light around us as we have a closer connection to that which gives life. Our energy fields are more expanded and charged and we read intentions of others like an open book. It is fun at times knowing about what people are going to say or do before they do it. It is like they are telling you everything before they can follow through on their actions. This is our true nature of who we are. We eat and drink and breath the air because perhaps we are more focused on the physical than we have been on the spiritual. It is normal for those who seek spirituality to need less and less of the physical. This brings us to balance with all and leaves the imaginary wants and desires created by the mirror behind. It is joyful, fun and highly creative to be in this state. It leads us into feelings of bliss and freedom. Eventually you will begin to augment the reality around you, changing the weather, lifting people up when they are feeling down, calming others who are in fear and maybe walk on water as it were. Who really knows what the limits are once we begin to open up to substance and love. It breaks down the imaginary barriers in our minds to what is real and

what is possible. This is the power we all have and this is why the parasites are trying so desperately hard to stop us from achieving. However, the parasites are not in control of creation and nothing they do will stop what is about to unfold. We will see things like free energy appear outside of us, and then we will internalize it, and then recognize the source of free energy from within. And so how it goes.

There is a fellow I saw put on a video showing how he could use a reverse time laser to inject frequencies into water, which when drank would replenish our body with all the frequencies it needed to survive. Our bodies are light holograms in a holographic universe and thus we only consume food to draw the frequencies from the food, thus exposing the frequencies to our energetic system. His water method also cleanses the body bringing it back to optimum health. The parasites want us in a state of low vibrational frequency so they can feed off the those frequencies to survive, we are their food in this way and why they try to hypnotize us with all the fictional reality stuff and keep us focused on fiction rather than on life.

The mirror's power relies on our energy to support it. When we remove the mirror by pointing out it isn't there, many people become highly disillusioned and rightly so. It is something that will take time and effort on our part to bring about. It only takes a few to point out that the Emperor has no clothes before everyone sees it. We are the source and substance of all power, we just need to stop feeding the parasites that feed off us and break down the illusions around us. No amount of force can stop truth from being exposed and Truth resides in infinite love.

We should still take responsibility for things that are happening around us. It is our absolute responsibility to find peaceful and loving ways to resolve the situations, however when force is used against us one must take whatever measures needed to protect oneself and others. Putting down a mad dog that is attacking a child is the same as putting down a mad man destroying the lives of billions. Law is all created to get us to by into the illusion that we are somehow slaves and are to support an imaginary society, when in fact if we all died this society would still go on, only in fiction. It is ludicrous to believe that others can tell us to sit there and be nice while we destroy us and the ones we love.

Why I like Winston Shrout's methods so much is that it doesn't attack the parasites as it were, it allows them to continue feeding, but off something that is not of substance. However we eventually will stop using money as money or mammon is ultimately a system of control, and he who owns the gold makes the rules, the parasites do not want anyone else to own the mammon. Hopefully all mammon will go to the wayside sometime in 2011 as well. In general, let's say you give them an unlimited bond to feed off, saying if you do anything wrong in their imaginary world just take it off this bond, don't bother me with the details of it. That way you are closing the loop they left open so they are feeding off of fiction rather than your life force being your labor, they surely would not want to feed off their own fiction now would they?

They left it open because it is their nature to hoard knowledge within the mirror. We have access to our intuition and infinite knowing, but they cannot because of their fear-based, compartmentalized, command and control structure. It also allows us to dictate the terms of what they do and when they do it. We can remove the people from office that purposely hurt others using taxes and poverty and war. They like war because the illuminati based companies make billions of dollars from them, which only encourages more development into weapon systems and ways of controlling and killing people. That the U.S. Treasury is a Substance backed bank is also untrue. They take a Birth Certificate as a form of Surety, which is yet just another piece of paper backed only by you. We can't put ourselves in the bank and why would we want to? In truth the Birth Certificate doesn't actually represent us, it is simply our STRAWMAN, a Vessel in Commerce as it were. We are insuring the STRAWMAN this way and in their imaginary world it seems acceptable. Again my only concern is that it resolves the issues of the Court Settling debts, but for how long? If there

are no ethics, then there are no ethics. Because the U.S.A. is in dire need of money at this time they may be going along with it; but the U.S.A. is in a slow implosion that is totally manipulated by the Banksters, and hyperinflation will become a reality in the near future, but again it is all just paper, a simple illusion. If we simply put our attention into life and supporting life, mammon would have no meaning to us.

It's a good idea to stock up on your non-perishable food supplies and get some water filters and find ways of creating heat if you live up north. If you can, move away from urban areas and have some pioneering tools on hand. There are examples on the net on how you could make free energy just search for it and see. As we move forward everything related to the mirror has to collapse around us for us to have our freedom and ascension into Choice as Ian talked about concerning the Mayan Calendar. We are rapidly moving away from a currency-based economy to one of simple appreciation. We will work because we choose to, not because we have to. That's the goal I believe in. The time we endure the collapse that is happening will be painful and hard, but those that persevere will find themselves living a life rather than working towards death.

It is time that we grew up and began to question those who would say they have authority over us. It is time that we began to stand on our own feet and take responsibility for the things we do to others and ourselves. We need to realize that what affects others also affects us. We have a part in creating whatever happens around us and have a responsibility to help restore balance and love once again.

## **Our Vibrational Home**

Illusion resides within Vibration. Why? Because Vibration within the infinite can only vibrate infinite, and therefore there is no possible way for a vibration to return to a source within the infinite once the energy is released, as everything is infinite. For a vibration to occur something must block the flow of energy within the infinite. Since the Infinite is infinite love the only mirror to that would be fear. Hence fear becomes our vibration home. I realize that is a difficult thing to hear. However, this is not necessarily a bad thing. When we enter (let's call it) a fear bubble, we maintain our connection with the infinite so that within the illusion of fear we are not cut off from who we are, and so we control the illusion and vibrational fields within the illusion. All things become possible within the fear bubble or Universe that we enter. Interestingly, infinity resides within a circle, which is where the mathematical expression of pi is formed, an unending decimal representation that never ends or repeats (3.14159265...). Another interesting set of numbers are the Fibonacci sequence of numbers, where the sequence of numbers adds to itself from the previous total. We see many examples in Nature representing this sequence as well, including our DNA and the formation of galaxies. There are distinct vibrational fields created and maintained based on the origins of the source that feed the fear bubble, Infinite Love.

What is now happening is that there is a physical, mental and spiritual awakening taking place in which all mankind is transforming their Consciousness into the reality that God is not something external to them, but God comes from within. We are approaching a point when all the illusions around us will be completely broken down. The imbalances we have created in our development will be healed at this level and we will accelerate towards the infinite beings we truly are. Based on what I am seeing the Illuminati are terrified of this happening as until now they have controlled the illusion and without their illusions they have no power and no ability to play god over others. We are not quite there yet as it is hard for people to see themselves as God, when we have been so programmed to worship fictional things. It is truly nothing to fear, as it is a natural course of our conscious evolution within the mirror. The mirror was created by us and for us to expand our love and realize infinite realities and possibilities to exist within. It is our home.

As we move forward our bodies will begin to change as our DNA expands to hold more light and energy. This is one of the primary reasons I think they are trying to create toxic products and poison the environment, to **hinder** or at least slow down this process. Because

Darkness cannot comprehend the light it is disconnected from the infinite and it is in flat out survival mode at this time. It is consuming a vast amount of energy to keep this knowledge suppressed and the realization of who and what they are. There is precious little time left for them and they know it. Still the love is pouring in and is beginning to heal them and us. We need not fear them or the illusions they create for in truth they are actually us, the imbalanced part of the infinite equation as it were finding equilibrium where only love and truth exist.

It truly matters not what they do for even if they wipe us out, it would only serve to destroy them, and I am more and more aware that this is merely an illusion anyways. Fear cannot exist on it's own, it vanquishes into a void of nothingness for it cannot re-energize itself. Consciousness creates all life and the Universe is not the home of Fear it is the home of all that exists. Further, as much as we see the Universe on the physical light side, it is also multi-dimensional infinity, like us. There is only love. I see the Courts filled with the last gasp of this imbalance trying to sustain the illusion of authority through fear, torture and illusion. Although they have much power, they have no wisdom and no connection with the infinite. The hole they dig for us is without substance or truth. When you stand before a Judge and all those in the Peanut Gallery (as Winston Shrout would say), you are the Court and ultimately it is not about money, power or law; it is about restoring the balance between all mankind. We can cut through their illusions like a hot knife through butter and not get drawn into argument. Arguments lead to jail and truth leads to freedom. They need our consent for all that they do, because they know they are cradling our Consciousness and challenging us to expand into the contempt and pure evil they expand from. It is not our place to judge them, but to recognize and honor them as they have done for us. Their world resides within fiction and as time moves forward fiction will no longer have a place within the higher truths we expand upon.

There are so many people still caught up in the illusions and trappings, but there are a few of us now that are awakened enough to see what is transpiring and what will come about from that. As time goes on we who have awakened become the spearhead for those that follow us. It will not take long before massive amounts of people begin to recognize the illusionary world of fiction surrounding them and begin to ask questions and recognize who they are. For those of us pushing forward gain control over the illusion as we expand our consciousness and DNA, we will start to think intuitively and lovingly about all that is around us, grasping extremely complex ideas and process within a single moment of time. Time itself will become less and less of illusion as we begin to transcend even that.

Fundamentally our bodies are simply programs running their course within a multi-dimensional Holographic Universe. They want us to be focused on emotion rather than our intuition. It is highly difficult to listen to those soft clear voices of knowing within us, when we are told over and over again we must fight, fight, fight! Intuition has no need for emotion as you will just know things, and knowing what to do and following that knowing is a nightmare for those that are trying to control us. It is to stand before Court knowing that you are a multidimensional being of infinite consciousness and all that is and has happened to bring you to this one position is through your own decisions and creation. The puppets are there to draw you into emotion and argument, to torment and threaten you, and to do whatever they can to get you to accept their reality of what is real.

Keep in your mind it matters not what a fiction may say or do, it is only what you say or do that truly matters for it is only you or I that stands here as life. Fiction cannot have power over the living. Do not be drawn into their world, simply create the world you want by taking the authority of who you are and what you want. Terminate their game and there is no game. Terminate the Case and proceedings and order settlement of the accounts. You give the orders and to anyone that would challenge you; simply ask them where they derive authority over you. They have none as all their authority resides within their fictional world, which they want you to buy as being real. It depends on how pissed off you get at them for what they are doing to you.

I would rather solve things outside of court and I am not too particular on how it gets solved, as long as I am not enslaved for solving it. However if you are dragged into their temple, just remember everything within their temple and jails runs on illusions, illusions that can be easily dispelled and dealt with through bonding people and threaten to levy sureties if they don't comply with your demands. Destroy the illusions of power and they will have no power. It is that simple. The more illusions you destroy the easier it is for others to see through them and the easier it gets to regain our power and control over our planet and futures. The perpetrators of this mess prefer to stay hidden away in the shadows. They would flee rather than fight outright; they have no courage or desire to put themselves at risk. They will begin to enter into a hyper survival mode as their illusions and fictions break down. So keep you chin up and eyes focused. Be clear about your intentions and be tenacious in obtaining your goals. Remember that these people who are held with such high esteem are only your servants and therefore they have to get your permission. Recognizing the power you have, don't give it away to them.

Also remember that if they use force to take you away, there is nothing saying that you cannot use force to repel them from taking you away. Many people have threatened IRS agents with a Shot Gun in hand telling them that they are running a scam for the privately owned Federal Reserve and not to bother them any further about taking money from them or their loved ones. The IRS would send swat teams to Peoples homes and the family would run out the back door without doing anything to stop them. The IRS simply used Admiralty law to claim rights to an abandoned property. To make use of force is natural in nature, it tells the predator to back off or you may get hurt. Most times the IRS agents of fiction move onto easier prey. However, now as more people are waking up to the scam they are simply getting their mega FEMA camps ready where they will try and imprison vast numbers of people into NAZI concentration camps and kill off all those in the know about what is happening and what has been done to them by the Zionist Jews and their ilk.

## **How Thought and Light work Together**

There are two kinds of light. There is the light you see with your eyes from the sun, light bulbs, fire and other types of illumination. Then there is the spiritual light, which is harder to see but always there. The spiritual light is very important, as it is the light that we use to control the illusion of this Holographic Universe we find ourselves in. What thoughts we have affect both the spiritual and this imaginary world. Negative thoughts attract negative situations and negative orientated spirits. Light and Dark are the constants from which we experience. Each contrasts the other to infinity. When we want to heal something we need to bring more light into the situation via a higher vibrational energy. Darkness works in the opposite way in that it seeks to destroy something by reducing the vibrational frequency, eventually cutting itself off from the infinite and becoming parasitic.

It is through our thoughts and ultimately our belief systems that we derive the reality and situations that we find ourselves today. The underlying constant is Creation, and from what I am seeing, it is driven by infinite love and moves us along in a natural logarithmic exponential way to new states of beings and realities. Since the darkness is cut off from the knowing of this, it only sees things in terms of maintaining power and control over what can be seen physically. When we energize our thoughts with love we remove the darkness. We flood the thought fields before us with love, which makes it easier to manifest a reality that better supports all life. Love is light and is infinite in power.

When you create a reality field around you full of love it also invites much protection from these parasitic creatures that walk among us. The bodies that some of them control can be healed restoring the individuals free will. Spiritual healers, hypnotists and others who work within the spiritual healing arts are well aware of depossession techniques, and if you feel like something is wrong and like something is interfering with your free will, go see one of these people. To instead call upon someone in the church or mosque is a waste of time. Follow your feelings on it and allow yourself to be drawn to the one that feels right for you.

The most powerful way I know of to rid yourself of these spirits is to have a group of 7 to 9 people form a healing circle around you. Sing some songs and have them express their love towards you. Open up to the infinite love that surrounds us and penetrates all that is and allow the golden white light to fill you and everyone in the room from the feet up. With your thoughts all focused on the one that is to be healed, gently move your hands around their energy field about 1 to 3 feet away and ask you guides from the white light to remove the invading spirit's presence and connection to the individual you are trying to help. Keep the circle tight and ask for a purifying and healing beam of white light to come down into the center of the circle and heal the individual and all involved. The manipulating spirit may try to escape from the white light, but if you maintain that circle your guides will extract him rather quickly.

This ritual should be done with 3 white candles lit in a darkened room in the evening and not during a thunderstorm or high electrical activity. We are very powerful when grouped together like this, but always focus on love and deal with issues that come up, as people will face some fears and growth issues as well. After the healing is over, you should gently comb the energy field of the individual involved to repair any holes in their field and strengthen their auric field. Using white light and sometimes lavender light to remove debris may be necessary. Just relax with it and allow your guides from the white light to protect you and work with you through this. Before starting anything like this you should always say a prayer and ask that protection and love be shared among spirit and those in the group. Only invite the highest, truest, brightest and the best to assist you from the white light. Rituals are not evil or bad, they just are. It is your intent that is important and you must protect yourself and those around you when doing these kinds of things. Always ask permission of the individual you want to help heal. It is not about forcing your will on them, it is about healing them.

In terms of creatures that can shape shift I really don't know what one could do there. They are manipulating the holographic decoding fields within your mind to present themselves as human rather than the Reptilian form they truly are. The bloodlines that do this are usually in positions of ruling power and thus my access to them has been limited. However as time goes on we may be able to decode their fields by shining some white light at them through our core stars. This brings us into a centered state of truth, and the less initiated may have to spend some time meditating and centering their selves. Go to a bookstore that sells books on meditation and pick up some CDs etc., and begin to gain a strong connection between mind, body and spirit. After a few months you will be much more sensitive to the energies around you and your sense of knowing will be heightened as well. There is nothing wrong with expanding your awareness of your infinite self through meditation. It is safe and when done consistently every day it brings a lot of issues and things to you that desire to be healed and dealt with. The more responsible you are the easier it will be, although spiritual growth is always a challenge.

If you can imagine for a moment that there is a map and on that map are all kinds of imaginary people and ideas about how things should be. This is the reality of the world as it stands today. Everyone is looking at this map trying to decode who and what they are in reference to it, instead of pushing the fiction aside and realizing that it is only a game of the imagination. There is nothing truly real about it except that people take actions against others based on the map or board game as it were. We are not pieces on a board game. We are multidimensional infinite beings that need to do a little house cleaning to rid ourselves of these parasites and fear.

Our thoughts affect our emotional states, and recognizing that, keep in mind who or what is feeding our thoughts and telling us how we are supposed to be. Pretty much every individual I have formed a healing on suffers from a major energetic defense character structure, meaning that over past lives they have energized certain patterns in their energy fields to interact with problems and people in certain ways. Barbara Anne Brennan's book, *Emerging Light* goes into this in very good detail. There are still some variations from what

she talks about, but it gives you a base from which to work. I do again suggest you order her book and use it as a way of healing yourself and others. A little knowledge can go a long way at times. Unfortunately, as much as I would like to delve into this deeper, it isn't the primary focus of this book. Knowing how you are interacting with others and why is important to the healing process.

The idea of saying affirmations over and over again is not effective without recognition of some accomplishment of what you have done. Proving yourself to yourself that you can accomplish things is as much a game as it is serious business. I don't get hung up on things, I just try something new to get me out of my comfort zone and see what happens. I am not hurting anyone, so give it a try I say. After time you will recognize that your thoughts and your energy field become one, in that you begin to attract like-minded people to you because of how you think and do things. You can raise your hand and feel the energy field of the earth regenerating you and connect better to illusion around you that you once saw as being separate from you. Buildings, trees, plants, animals and everything will connect with you energetically as your vibrational level goes up. The more love and light you carry within, the more it is projected out and back to you. It's a nice feeling folks!

Over time you may leave your body as well to travel and gain more information about the Universe and other matters. This is quite natural. You may also be confronted with beings of light that you've never seen before and that is the topic of the next section. We begin to gain a broader ability to decode thought fields and energies around us. We see spirits as ethereal as we are not accustomed to decoding that high of a frequency range, but they are as much alive as we are. There are also creatures such as the Reptilians, Greys and many other forms of life there. Some are here to hurt us while others are here to help us. It is important to recognize loving energy over other forms of energy so you are not led astray. It takes time to do and learn this. However, I wonder with 2012 on it's way and what is happening, that we may simply be expanding at such a rate in love that what took me a long time to learn may now take people only a few days. I don't know, but things are happening faster now and if we focus on this we just might be able to lift ourselves out of this quagmire and create a reality based in higher levels of love and absent of fear.

## **Beings of Light and Truth**

This book has discussed a lot about the Reptilians and how they operate both physically and spiritually. David Icke has really led the way in this area and making people aware of how reality actually works. Just because there are these fear based unbalanced creatures around us, does not mean that other kinder and loving spirits don't exist, in fact they do. In terms of being afraid of interacting with the dead, let me make something very clear, there is nothing wrong with this and we do it everyday of our lives even if we are not aware of it. To become a spiritually aware individual you need to recognize that we are living within a tiny, tiny fraction of possibilities here and the true scope of what life can be for us is infinite. However fearful you are of the spirit world, it should not be feared as long as you treat it with respect and love. There are some basic rules to follow and doing so will prevent a lot of problems.

Always ask permission of the individual and of spirit before you do anything. Make your intentions clear and that it is only in love that you are doing it. By doing this you are aligning your intent and will, preventing spirits that might cause you problems from interacting with you. You should begin with a prayer, incorporating your intent into the prayer. Praying raises the vibrational frequency of everything around you. Playing soft music is nice, but not necessary. Recognize that everything you do comes from within you not from the illusory world presenting itself to you. Your mind is decoding things around you that are thought fields and life energy. Not everything is as simple as it seems so trust your feelings and thoughts about what you see.

Beings of Light and Truth will never interfere with your life. They are there for you to call upon for assistance and guidance. They help set up and maintain energy flows during

healings and meditations. They also help make real life situations possible and at times will save your life in emergency situations. We are spirit incarnated into these bodies, these bodies are not our natural state of being, but it is an experiential thing. We are all psychic to some extent and we do pick up on people's intent and vibrations to varied degrees. Each of us lives within a different reality of perception, meaning some of us are able to perceive more than others about what is truly happening around them. I think that we all will become more sensitive to this perception as we move beyond 2012, but I guess we will have to wait and see. Mostly recognize that everything around you is constructed illusion of the mind. The beings of Light and Truth or more simply those of the white light, work in very high levels of vibration and actually have to lower their vibrations for us to become aware of them. Thus it is important that we raise our vibrations to help meet in the middle or at least a little higher up.

Because we are all from the infinite it is important to recognize that power is no more or less between spirit and us. We are all equal but we are just vibrating at a lower level. Spirit can take on different forms but they tend to read your mind and present themselves as something familiar to you so as not to frighten you. Because we are holographic in nature a spirit can overlay their appearance onto you, you actually can shape shift in meditations where your vibrational frequency is high. It is an ethereal type of shift, but still a shift and done in love. Sometimes they do this when you are seeking truth about the after life so you may experience it and not fear it. When we die we simply move to a very high state of vibrational frequency and through love we heal past any fears. I think it is fear that keeps people earthbound spirit-wise, but over time they are gathered up and brought back to the light.

It is paramount to recognize that we are far more than this crude body of flesh and blood. The mirror does not want you to know what is beyond death because if you knew what was there you would lose your fear of it. In truth we are connected to our spiritual state all the time, it's just that nobody bothered to point it out to you. When you quiet the mind the spirit can do amazing things. The mind wants to get in the way, but it is the heart that is the teacher and the healer.

Major Religions are about following rules and traditions. It is an indoctrination of fear and in most cases they are religions about Death, such as Judaism used as a front for Zionism. These prison Religions focus on the fact that you are outside looking in, when in fact you are everything that exists. They use death as the ultimate cornerstone of a belief system rather than celebrating and championing all life. This robs people of their true power of their spirituality. The death culture is symbolized all around us and most strongly in The City of London, A.K.A. The City. I don't have a problem with people doing what they feel they must do, but to force it on everyone else that is where I draw the line. This entire LEGAL SYSTEM is about worshiping various aspects of death. It has nothing to do with the reality of life and true grandeur of who we are. Religions are manipulative and centered on being at war with others. They say we must sacrifice for now to ensure our afterlife, when in fact it is our spirit that has sacrificed to come here from a state of pure bliss and harmony to help raise the vibrational frequency of the Universal Mind.

We must be empathetic and kind to one another and to spirit that comes to help us, and use our awareness to help heal those spirits caught in fear and that may have become earth bound. Those spirits such as the Reptilian type that do not want to leave us we can simply ask our guides from the white light to take them into the light and if they don't want to go from us, then cast them into the sun to be destroyed, ultimately returning them to the infinite. It is expanding our love of all around us that protects us. Through love we give life energy and renew what was once there. Love allows us to carry more light and thus become more aware of all that is around us. Awareness is the door to spirit and creates opportunity and choice.

Once in a while I may have a spirit actually take full human form and tell me I am doing a

good job etc., then vanish as I look away. It is rare for me, but others may be more attune to spirit and can see them very easily. As we grow spiritually it will become harder and harder for these soulless creatures to operate freely among us. We will begin to decode their energy fields that reside just outside of our normal sight and then what will happen to the illusion? They will have no place to hide anymore and their games with us will come to an end. At least this is my hope of what will happen. It will also be interesting to see what guidance we get from our spirit guides of the light when this occurs.

## **Playtime in Heaven**

Ultimately Heaven is not the true source of our ever-lasting life. Rather, Heaven is a place of the mind and not spirit. It is perhaps a place where those caught within the mirror go to be judged, when in fact it is only themselves that judge. We are not merely spirit, we are also consciousness and we are the true masters of the realities we decide to create for ourselves. We are living in one of the most highly manipulated realities that have ever been, yet we still pierce their lies with truth. By keeping in mind that truth has no illusion you can unravel every illusion that could ever possibly confront you.

To believe in Heaven does not mean we need to believe in Hell. In fact, I rather think this existence is more accurate of Hell than anything else I could imagine. However, it is also a great deal of kindness and love in our world and people reach out through their belief systems to expand that love. Love is love and recognizing that love has no conditions upon it is to rid yourself of illusions. Just because we have been fed a story of lies about the reality we live in should not stop us from recognizing that we can change this reality if we so choose.

It has only been through unchecked power that these Illuminati have been able to do what they do. With all their secret societies and people as their puppets on strings ready to do their "duty" when called upon, controlled through money and fear, it is clear why they have been so successful in their schemes. Instead of standing up to them many will just go along with them, feeling that they will be safe in the end times. If you help create the end times, what makes you think you will be safe within it? It is the end, dummy! Perhaps it is their worship of death that cuts their thinking off from worshiping life. It is the belief systems that create our reality both here and in spirit, as through it we wall off the possibilities of infinite love.

Heaven is an experiential reality of what you want it to be. It is a point to readdress what has gone on and plan for another life. Not being there at the moment myself, I can't say for sure, but from talking with spirit, Heaven is truly just a place for the mind. When we transcend the mind, the door to the infinite is open to us. Perhaps Heaven is indeed an embryo of life for which we can allow our consciousness to create from. There is no doubt that the creative force is beginning to go to infinity as we approach 2012 and will either destroy us or free us. In any case the vultures that have preyed on us for the last 6000 years are in their final throws of power. Who can say what it would have been like without them, perhaps this is just the true nature of creation itself.

Either way a Heaven awaits us all and it is up to us to determine what that Heaven will be. When you recognize that you are the master of your reality and it is created based on your thoughts and beliefs, it becomes important to seek out the truth and dispel all illusions before you. As the Illusions disappear your love and choice increase. Quieting the mind and going to the heart for the knowing and reasons why leaves no need to question why. We begin to open to the infinite and by doing so our fear is left behind.

Well I am sad to say this brings us to the end of this book, but perhaps I will write another about infinite love. It will be interesting to see how this book affects the conscious awareness of people on the planet. With so much strife and war going on and the Ruling Elite now in their final death throws of being Power mongers, we will have to hold on tight and see what comes of it. The more responsible we can be the harder it will be for others to

follow the illusions put before them. Once the Emperor is shown to have no clothes there is no turning back, the truth has no illusion.

# Epilogue

It has taken me 3 years to write this book and I feel I still haven't finished it as I learn more and more over time and more pieces to this puzzle or illusion as it were fall into place. I guess what I would like to do here is kind of summarize some key points and show how the picture relates to the infinite versus this finite illusion we find ourselves in. One thing I learned that should have been obvious but I didn't notice it was that all crimes are crimes against the State, not against us the living. Consider this, if all the NAMES (PERSONS) are property of the state, then what does it matter what crime is committed against what name? The Government can do anything it wants to any of the NAMES and get away with it, because the NAMES are registered and likely liened by the state. This is why when we report things to the POLICE we become a COMPLAINANT, as we are the Actor for the COMPLAINANT. This is the crux of the Tyranny, that the State has taken on a God like status and the few who control the levers of power oppress the many. When someone is hurt or harmed, the Courts are there to deal with the commercial aspect of settling commercial accounts in the Accrual System, or rather a cruel system. It is all about extorting money and freedom from men, as the Courts forces its way in as a third party, when it is up to the individuals involved to take an adult step and resolve the issues between them and any others that might be involved. It is all about their mammon known as money to them. They see us as slaves because we are going along with the fraud they perpetuate that we are these NAMES of which they hold imaginary title to in their giant play. In fact, they have no authority to intervene whatsoever. We could simply find anyone independent of the people involved to listen to what has happened and say what would be fair to do and then allow each man created male or female by God involved to decide for themselves if that action would bring about closure and peace to the situation, based on their situations and beliefs. We are multidimensional infinity and when we harm someone else or the earth itself, we are harming ourselves.

Here are some key points in regards to this.

1. All religion is man made, as God or our creator has never appeared before me or anyone else I know to tell us about religion. For the most part Religion has been used as a tool to enslave the masses via mind control rather than developing their spirituality and spiritual abilities.
2. Religion is based in fiction because it makes use of fiction. The infinite does not have fiction it is simply truth, which is infinite love. No religion exists within the infinite because truth has no illusion. Simply put, we create illusions based on our belief system and decode our reality upon those beliefs. This is the reason mass mind control is such a necessity.
3. Not one Country I know of is defined legally as being on the earth.
4. Persons have two attributes, one being a name and the other being a birth date. Both are hearsay for no one knows their true name and know one knows the true date.
5. Many Oaths are false Oaths or are very ambiguous. Everyone who swears an Oath is committing perjury, because they cannot say that their name is their true name, they don't have names, and thus they are simply actors in fiction swearing an oath for an imaginary person. It matters not whether people have an oath or not because they cannot prove how they have authority over us. All they have is just their fictional world of persons and labels.
6. The King James Bible in Genesis Chapter 1:26-28 state that from God's own words that he gave man created male and female dominion over all the earth and over every living thing upon the earth. Thus all paper designs and actors that come before us on the earth have no authority over us whatsoever. They ended their Oaths false or otherwise with the phrase *so help me God*, and thus are bound to follow our orders. Even if we sign something we still have dominion over it. We cannot be bound by contracts, because Contracts are based in fiction and make use of fiction.

7. All names used in Court documents are likely liened and thus owned by the Pope, who controls Temple Bar and the Bank of England. The Pope is listed as the Anti-Christ in the Confession of Faith of 1646, which governs the Queen and King of England. All oaths are religious in nature according to this document. Property and land are terms used in the imaginary world and do not mean the earth. Having dominion over the earth allows us to control things upon the earth without actually owning it, God or the creator owns the earth and thus holds all liability in regards to it. Likewise the Holy See is the holding company for all Countries in their imaginary world and the real reason why the Holy See is a Nation State, or to take it a step further, a Nation State Corporation.

8. There is no such thing as a lawful order or lawful anything because the imaginary world upon which all law is based is fraud. War is a form of commerce and the first thing in any war that suffers is the truth. We were not born into a world of law, but a world of love. Law only exists to support the illusions put before us. When we break down those illusions by playing with them, no laws exist that would govern us in any way.

9. The Torah and the Talmud have been used as the primary source for law along with the Koran. These books are filled with laws upon which no authority can be proved and much if not all is based on hearsay. Yet, people are murdered because of kangaroo courts finding people guilty of crimes, upon which they only execute law upon the name. The man created male or female by God in question who is associated with the name is killed as an act within the play, however the courts cannot point to where they get their authority to harm others out of some idea that justice is being served. Many trials are decided before they even start and judges never sign anything, but rather just use a stamp on papers. All crimes are commercial in nature and the State is making millions if not billions of dollars off each and every case put before the courts. All of this has lead to a revolving door justice system throughout the world. All one needs is to know the cost of the charges and they can pay the charges and leave.

10. Addresses from Government agencies and banks etc. often leave the country name off the address and put in a 2-letter abbreviation and postal code on the address along with an all caps name. This is done when the government in question is not the de jure government and is running a scam of moving jurisdiction to another Country or venue. This is done in Canada and the U.S.A. primarily from what I can tell. It all ties in to Washington D.C.

11. Expect non-responses from your letters. It is better for them to not respond and simply leave you alone. Every situation is different and going to court over something is the last thing we ever want to do. The courts are complete frauds and all they want and dream about is getting you through those doors so they can call you a slave and do what they will to you. Your power resides on earth, so keep it there. If you are dragged into court, destroy all their illusions and take your power back as being a man created male or female by God on the earth, standing in the dominion given to you.

12. All NAMES in the SYSTEM are imaginary ships on imaginary sea or waterway, in some imaginary world, which is not defined as being on earth. They have nowhere to go when their illusions and toy ships are exposed. Never sign anything for it becomes a confession that you are fiction or a controller of their fiction and thus a party to their game. If you signed anything, recant your signatures nunc pro tunc regarding the case or paper work involved.

13. Lawyers are agents of controversy and will lead you into dishonor. You can appoint them as your NAME'S Fiduciary Debtor, but it doesn't always work. The Court System is in an imaginary world, so fiction has no credibility or honor, thus there is no rule of law, especially since they are holding all the cards. Destroy the illusions and the truth will set you free.

There is probably a bunch more stuff I could put here and I might in the future, but where all this is leading I think is back to the mirror of infinite love. It is so obvious that they have

gone to extremes to not define their imaginary world as being on the earth. This ties into the question, why? I think perhaps our manipulators have no rights to this planet and there is an intergalactic system of law which protects us from harm upon our own planets of which we are born. Much like the Bible, when Lucifer enticed Christ to side with him so together they could rule the world, Christ recognized that the planet (as opposed to the world) was a part of himself and he had dominion over it. Why would he side with someone or give away dominion if he already had it? Much the same can be said for these countries that never existed before the last 500 years. They were all created in an imaginary world, upon which the illusion of property and ownership was allowed to foster, giving Lucifer all the power to manipulate and destroy the earth and her people, us!

Because the only truth is infinite love, the mirror itself that is creating this illusion is made of the same material, infinite love or consciousness. I wonder to myself how this mirror could actually exist or if it is a mirror within the infinite at all, but it would seem it has taken on those attributes of a mirror. The difference is that we, those of us connected to the infinite have an infinite capacity for love, versus these soulless creatures. They perhaps see the earth as something to conquer because they have severed their connection to the infinite. Nevertheless they are all ultimately part of the infinite and therefore part of the infinite love. I sometimes wonder, as I mentioned before, if we are not being tested to see how we respond to illusions and see if we will fight each other. If we are to expand our species out into the Universe I would like to know that we would not be out there trying to consume and destroy other species and planets for our own selfish needs and goals. If we allow ourselves to be manipulated, and boy have we, then we simply become extinct as a species, because we can't exist beyond the illusions and the masters of them.

If we are going to join a larger community of intelligent life, I couldn't see any better way of not only testing to see if we were ready, but helping to instill the consciousness of ethics into our psyche. It is one thing to have it explained to you, but quite another to be immersed in a world of fraud and deceit. How far are they will push us will depend upon how many of us wake up and recognize the simple truth that we are the same and the most important thing in life is to love one another. It is hard to manipulate past that. When we insist on taking apart their system of control and replacing it with a system of love, what defense do they have against that? None. I think we have a lot of work to do still, but when they are holding the switch on the nukes, who is being the child? We have to take responsibility for what we have allowed to happen and it will cost many lives as time is short, but if we are to survive we have to begin the dismantling of this vast control system and replacing it with systems based on love. If it means the entire earth is nuked for this to happen, then so be it. We are infinite beings and we can do this again and in a better way. However these soulless creatures will simply be absorbed back into the infinite as energy, and love will restore the voids they have created. I'd rather see us make it through this mess alive then dead of course, but ultimately we never die either. So don't be intimidated by anything. I've noticed that once you have spoken the truth they tend to leave you alone, because there is nothing more they can do to manipulate you within their game.

We make use of persons out of necessity of life for the moment, but that too will change with time as we heal. Always remember that you have dominion over all the earth according to their law and when you remind them of this in a letter, they leave you alone, because I think all in all they too must adhere to the creators will and cannot move past what it says in the Torah/Bible. It is like they are running a program and if we are all telling them that we are following God, then they back off and leave us alone. It has happened for me, so it will happen for you. These creatures are completely ritualistic working out a program. Simply put, follow God and all will be well in their imaginary world, become a person and they get to destroy you, because you have changed your status from being a man created male or female by God to an imaginary thing. It seems to be a test of some sort or it could be pure evil. Only time will tell, but this is what I have come to know and find that works. When you make use of law, laws can be changed or simply ignored,

because it resides within fiction. What they may let you do today, they may not let you do tomorrow.

If you take notice on the Canadian Charter of Rights and Freedoms you will see again in the Preamble that it says, "Canada was founded upon the Supremacy of God and Rule of Law. Now if God is supreme then the part, "and rule of Law." is totally meaningless in a way. Because all that matters is what God has to say. The and part is put there to trick you into believing that law has something to do with you being in Canada and you must follow laws. The only thing you are required to follow is Genesis Chapter 1 in what God specifically asks of you, nothing more or less. Babylonian type religion hides the answers out in the open. They do this perhaps because as evil as they may be towards us, they too ultimately follow God's will and will not cross that line in regards to God's will. The entire planet has been set up to deceive you into believing in a fictional world, and based on what I see, they did a pretty good job of it. If we are ever going to grow up we have to be tested to see if we really truly understand our Creator and will follow his will at all costs. It is also important to recognize that it is the King James Bible that states these things, so it is important to make sure you always reference this Bible over all others. It is the foundation of the Free World. The Catholic Bible does not say this and of course everyone bows to the Pope, rather than God in that Religion. Common Sense would tell you that you would only need to follow God and not a guy wearing a funny hat of a fish, Nimrod. However Billions do and they do it at their peril. We are not Christians or any other cult either. We are simply man created male or female by God. Nothing more needs to be said in our identification and why would you say more? JESUS is not going to come back and rescue us from this tyranny, it is we who must come to an understanding about God and the infinite love that is within us and all around us.

Dr. Sam Kennedy had a talk show about this very thing on February 1, 2009. I tend to think that he is beginning to catch on, that law and Country have nothing to do with all this. It is all about recognizing our creator and remembering who we are. You can download the show at

<http://www.republicbroadcasting.org/index.php?cmd=archives>

Look for the Dr. Sam Kennedy, Take No Prisoners Archive. Sam has been running into some difficulties with his commercial law solutions and has been telling everyone to change this or that, when the truth is really the simple as explained in Genesis Chapter 1. We are just created by God and God gave us dominion over all the earth, not Countries. So don't go to their Countries. We have dominion over every living thing on the earth and that includes people who put titles in front of names to make them look like they are something other than a man created male or female by God. We are not patriots, we are not Christians, Muslims or anything but a man created male or female by God. In terms of using YHWH, we could use that perhaps over God, but the Ruling Elite have provided us with their Book and make it clear within it, who the Creator is and the simple reality of recognizing that we must follow God's will over all others. And it is not like it is demanding; we do God's will naturally anyways. I'll leave you with this one last question; If God is infinite than how is that he can exist as being God? Infinite Love is the only truth everything else is illusion.

The next step in my journey I think will be to see if I can get some money monetized for buying a home and vehicle and perhaps to start some projects that will heal the environmental damage being done to the earth. Seeing if I can get some free energy technologies and medical advancements brought into mainstream use is also desirable. I think they have stages to their programming and perhaps we are not quite that far along yet and they are waiting for more people to send in letters demanding that they stop using us as slaves and reclaiming our dominion over the earth. To people who have not read this book or thought much about this stuff, is very scary to them. Beyond sharing this book, you will find that you will have to reach out to many people to help them see these simple

but yet powerful concepts if we are going to grow as a species and move out into the Universe. I wish I could tell you more and have all the answers for you. But you are going to have to start moving forward on this or I don't think we will have a tomorrow. Anyways, I hope you enjoyed this book and will take the time to teach and share it with others.

Matthew 10:26

But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible.

Now remember one thing about all of this. The Bible does not define God as being a PERSON. However Genesis was written by MOSES a PERSON and thus a fiction cannot produce anything of truth as the source is fiction. The Bible does not apply to us, it applies to all who are taking the Oaths of PERSONS, within their imaginary world. You have to be careful when asserting the Bible and Law in to remembering that it only applies to these Corporate entities on paper that are names, it does not apply to the living.

The Bible is of the World, as per its presentation to the QUEEN and as the all caps title as well. What the Bible holds is the mysteries of the mirror. Everything we see is Consciousness and that Consciousness is infinite love. Because the Bible says we were Created after our image, image being the key word here, what it is saying is the image is the reflection we see in the mirror. Because we exist inside a holographic universe that image is our bodies and all that exists within it. It is composed of energy and responds to the natural laws and programmed parameters of this dimension. Because we are wrapped within a mirror we cannot see who we truly are, that being infinite love. The entire SYSTEM deals with the image as being a PERSON, an image or reflection of the source. This is why the Bible is also written from the perspective of Genesis Chapter ten and standing up to Tyranny. From the perspective of the mirror you do not have knowing, you have ignorance and knowledge. All that the Bible sees you as is an image, not truly who you are. An image cannot have any knowing, so it has to have beliefs in things, which mostly are not true when you realize that everything around you is an illusion for your 5 sense reality. It is through our infinite consciousness of love that we find knowing. Love pierces the darkness and brings about truth and clarity. Quieting the mind and learning to see the illusion as already manifested what we want it too, is the key to self-empowerment. It is not about believing that something will happen, it is about knowing that it is already done! See Nichole Whitney's Spoon Bending Kit at *News for the Soul* for a nice Lesson in this. It is about seeing and knowing that something is done then simply letting go knowing that it has happened. If you can bend spoons imagine what else you can do and manifest for yourself and others.

Another occurrence I think has happened is that there were those who wanted to advance their mental abilities faster than their souls developed in this dimension. They made use of chaos energy perhaps or other energies to augment their DNA to accelerate massively their capacity control the illusions within the mirror. They did this at the expense of being connected to infinite love and thus have no feeling, they have mind but no love. They experience this reality in total inverse in relation to love. Contrarily, we have simply worked to advance our genetic capabilities over time in balance with the needs of our soul and all that exists. We are now entering a time where our genetics are advancing to the point that we will be able to access greater and greater control of the mirror and be able to control the illusions with love. This is what I think they are trying to stop. The earth is the catalyst for this and is why it is warming up and we are receiving new programming from her as well.

Once we have the abilities to control our reality no laws can apply to us because we simply change that which we don't want within our reality. We now hold the spiritual power to manifest this I feel, but they have been doing everything they can to suppress this, to hold us as slaves. I believe Freemasonry is all about advancing people mentally within the mirror at the expense of their soul or love. Because the Mirror has no soul it is just a program reflecting back our intentions and our collective intentions, is why the life forms

that advance within it are parasitic. These life forms can be sent back into the light and put back into balance with the love that is there and why it is so important to protect yourself with love and white light when around these parasites. It is important to remain balanced as they feed off the imbalances and will elicit emotional responses from you based on your thoughts about what you are seeing among other things.

In a way it is a kind of a game for us, learning to balance ourselves in love so that the mirror cannot have any pull on us and thus unbalance us. The Justice System is the pinnacle of injustices as you are asked to worship an image of a man created male or female by God, who sits there being the mirror of infinite love. You are there because you have created an imbalance somehow and thus are drawn into the mirror as an image (PERSON) rather than the infinite love you are. This translates back to our souls and our Core Stars perhaps in that we want to expand our love within the mirror and thus get brighter and stronger in our capacity to emanate love and light and progress to a multidimensional state as ascension or move onto other dimensions or simply expand out into this dimensions called the Universe to experience more love. We want the mirror to reflect back love to us, which is the love and joy we put out to the mirror individually and collectively, hence again the Law of One.

The Bible is designed to suck people into the mirror, which is Satanism. Christians have a horrible time with this along with Muslims and other very well intentioned and meaning people. However Love has no law and no illusions. The Mormons are taught that Lucifer is LORD God, which is exactly correct and many of their Rituals are based upon Freemasonry, which is Satanism. It is about holding secrets, when in fact the structure of light has no secrets and love has no laws. It is completely backwards. This is what is going on in all the Churches.

My Cosmic house within the Universe is mine and each of us has one and it is a place for our souls to go and adjust the reality within the images we see. It is full of glass walls of energy in the shape of a church, which has round glass portals that emanate light from everyone we have a connection too. We can block or open the portals by mutual consent near the soul seat, which is like a small pillar in the vast room there is a large screen upon which we project our realities onto. We can go forwards and backwards in time. There are also the round glass lenses on the walls that I project into the reality in which I want my soul to experience. Then I move the lens over my head and spin it as I ascend into it. This is what soul travel is about and how we gain wisdom and knowledge from other dimensions while in this one. It is there, each of us has it, you just have to quiet your mind and open your awareness too it, you don't have to go through Freemasonry rituals or a life of church services to get there. It is and has always been there for you. Also you can open wormholes and travel the Universe or even go to the Mirror itself and see it. You can get infinitely close to it, but you can never touch it. I see temples and other buildings near it as well.

You can enter these buildings, but remember that they are part of the illusion and at times you have to ask permission from those guarding the entrances. You may not be allowed in at times but other times they may let you in. Some buildings are not even guarded at all, such as the crystal room as I like to call it. It holds a store of vast knowledge that applies to my past lives and journeys throughout infinity; we can all go these places.

I know when I get into meditation groups and I go off and explore my Universe as such, people get anxious and upset that they can't do what I do. I meet people who can do fantastic things that I can't do either, it is a matter of honoring where we all are on our path of learning to play this game of balancing. Those that have gone into the mirror believing in the power of illusion and thus severing their connection to love will live in fear and torment, a kind of Hell in a way. In all my soul traveling I have never seen Hell or even crossed my mind of it's existence, but I would think it exists for those that follow the consciousness of the mirror rather than consciousness of love. You also grow slow with larger spurts now and then as you test yourself in your knowledge and wisdom of the illusions you are

creating for yourself. Those that go too fast, hence making use of this Chaos energy magick, used by Freemasonry and the Illuminati are trying to create a collective reality based upon darkness, which has it's limits in that it can never exceed the balance of light.

I pondered whether going into the mirror was a soul decision to advance or experience reality from that perspective or if it was simply a matter of us not paying attention to love within us and recognizing that love has no laws or boundaries. Those within the mirror can be healed and brought back into balance again by sending them golden white light and love, along with images of balance and peace. This is done through centering them within their Universe and from all directions sends them love. It breaks apart the illusion because the fabric of the illusion is composed of love. This works the same on those possessed as well. People will feel like ants or bubbles are crawling all over their backs or upper body when an entity is trying to possess their bodies. The Entity is trying to overwhelm the nervous system, to elect programming changes in frequencies of the body so it can attach itself and move the awareness associated with the body out of alignment. Again sending images of wholeness, balance and love with golden white light to the individual centered in their Universe brings about healing. These entities are parasitic in nature. Some people just blast them back to the infinite by increasing their light. As you soul travel you always wrap yourself in love and white light or Golden white light. I sometimes become a ball of light especially as I travel vast light years over a few seconds or in a wormhole.

I know other people have much greater experiences than I and many less, but we are all getting there and we have to get there together. Moving faster than your soul is ready to and beyond your wisdom creates a lot of imbalances, which is why the use of Satanism and other similar things advances mentally rather than spiritually. This is all natural and it is who we are. There is nothing evil about this, it is how we exist. I think those that are caught up in the illusion propagated by the Churches etc., are cut off a great deal from all this, because of their belief in the illusion rather than their belief in the infinite love that they are. But there is a divine plan unfolding and I can't say what is right for one is right for another. Perhaps people need these experiences to more fully recognize who they are within the illusion? I know it is slower to take steps with love, but accelerating our mental and psychic abilities through Satanism simply robs us of Joy in experiencing this reality. It is only through fiction that we destroy ourselves, love and truth always heal.

What is driving this evil among us is the Cabala, a coded document that contains a great deal of information on mysticism represented in the mirror. It is the heart of Jewish Mysticism and it is called the foundation. The Cabala is all about the Tree of Life, or rather as I refer to it the Tree of Death. It is about a journey to master various aspects of the tree and to fight your way up to Lucifer, for the final battle. It is laid out plainly in the Bible's Garden of Eden and it is made very clear that by the serpent that those that partake in the fruit of the Tree of Life will surely die. It is about the mirror, it is about darkness. The mirror is a black, because it is the inverse and opposite of who we are, light and infinite love. It centers on gaining power to control matter, the illusion we live in. The Order of the Knights Templar found the Cabala and began outwardly practicing Christian values, while internally they studied this Cabala and made use of the rituals within the it. The Cabala is all about the mirror and is the foundation of Jewish Religion and Satanism. There are lots of articles on the Internet about the Cabala, it is quite extensive and I don't really want to focus on it too much. However, it is the foundation of the structured societies we all live in. In fact Christian churches ritualistically acknowledge the sacrifice of JESUS every Sunday and the Catholic Church practices Cannibalism by eating the host and wine being the body and blood of Christ. This is a Satanic Ritual in disguise, but don't take my word for it, think it through. Every week the masses go out and ritually sacrifice a man in their minds and eat him. Although it is not real it creates an energy field that supports the horrific Satanic sacrifices that go on daily throughout the planet, thus leaving people insensitive to the energy being pumped out from these horrific sacrifices. It keeps you numb to the outcry of horrors that plague the earth daily.

People that raise their hand to swear oaths are also immersed in Lord God's system. The Bible in Genesis chapter 3 says, "Thou have become one of us to know good and evil." Love is just love, it is unconditional. They always ask people they swear in to raise their right hand and put the other hand on the Bible. Those who don't put their hand on the Bible, but just raise their hand are still making use of their hand and this is what determines by LORD God that you are an image rather than love incarnated into body within this dimension. Thus if you are an image only then you are a living thing, not a man created male or female by God. This also why they consider God to be an image or thing as well, because God created man in our image, meaning we are an image of God. The Bible fails to mention where the image comes from and that of course is because again the Bible was written from the perspective of the mirror and not infinite love. If the Bible were written from the perspective of infinite love, we would not be giving life to the mirror to control us, as we would know it is parasitic in nature and fiction. I often think that the mirror holds all the knowledge and we hold the knowing and wisdom. We have independent free will, while the mirror is under the will of Lucifer and of one mind.

David Icke says that these Reptilians are trying to change our DNA through Genetically modified food, vaccines and chemicals to make it easier for these entities to possess our bodies. Because our Bodies are truly Temples for our souls to experience this dimension the frequency of our bodies must be lowered enough to allow these parasites to take over. This is why they want disease and ill health. This is why churches practice a form of cabalism to alter our frequencies to lower levels, which is done through magic rituals called a service or mass. This is why we are put in fear of being sinners and some image called God will judge us some day for all our sins. It is a form of mind control to bring about a conditioning that we follow one mind of thought and thus become sheep, instead of being independent and highly creative and loving. A reflection cannot hold the form of reflection, there has to be a source. Thus what is really happening is we are being destroyed by our belief in the illusions being presented to us. Our way out of this mess is to begin to love each other unconditionally and break down the walls of control so we can help one another. The want us in a state of fear so let's put ourselves in a state of unconditional love.

we should do whatever we must for the highest good for all. I know this transition may not be peaceful at times, although it should be and can be. However some will choose to fight and harm those of us with the courage to love and break down the walls of control. Death is something not to be feared. Ultimately it is a way of healing. To the mirror, Death is seen as the final debt that is paid by man. It is quite a contrast isn't it? The mirror looks at reality as system of slavery and we look at life as way to expand our love. The problem is the mirror only gets its energy from us as it is parasitic. So the more we chop away at its power structure the weaker it gets and the more love we get. Ultimately the Mirror will destroy itself because it will feed on us and the earth until there is nothing left, the parasites are unable to help themselves and will move on to find another place in the Universe to destroy. This is the reason for Zionism. There is also a Parallel Universe talked about in the Cabala, but I don't know the nature of this Universe or if I could get to it from my Soul Journeys or not. I probably could, but at this time I am unsure. I do know there are other Universes and each of is a Universe of our own. We are all that exists. I tend to think that these entities of the mirror are within a dimension of this Universe only, a higher one, but they can't occupy bodies, they can only possess, where we actually can occupy our bodies. We can sense the void of emptiness in these people, like the lights are on but nobody is home type thing.

In the end they all fear God, infinite Love, for all was created by infinite love. This is why we are the masters and they are the slaves. We are waking up to know our power and realize that it is through love that we can reclaim our freedom. They have no defense from our questions. If you act as a defendant you can never win. If you simply ask questions then you are prosecuting and their authority falls apart. Eventually they will try and use force against us, as this will be their last resort. Because they are parasites, they need us to feed

off of. This is a process of healing those who have forgotten who they are. Love is a purifying light and as we choke off their supply of fear energy, these people will either die or return to balance.

## **How Dominion Works**

Some people are confused about how we could make having dominion work in terms of protecting ourselves against those who do harm against others or us. So I gave it some thought and this is by no means the right way, but it is the best I can think about based on the Law of One and Dominion. The Law of One is simply a law, there are no conditions attached too it. It's simply if you harm you harm if you help you help. It is a natural law so to speak as it affects all of us the same way.

So how can we make Dominion work from the framework that God did not create any laws? Well when someone harms another willfully, we can say by observance that they view their reality as being separate from the whole, otherwise they would realize hurting someone else is hurting themselves, as we exist within a holographic universe or as the Bible puts it, within God's image. Thus they are no longer within the likeness of God, as God is love and love being self aware and nurturing etc. We can say the one doing the harm is a living thing by their own reality or perspective, because they fail to see that the harm they are doing is not to just one thing, but to all of creation. We are creation. Thus by God's word we are allowed to subdue the individual doing the harm and bring in our love to restore balance to the individual and to those that were harmed.

By restoring balance we simply realize that the victims and the perpetrator(s) created the situation for learning and not to judge them, but to help them see how their actions affect not just them, but all of us. We need to help heal them physically, emotionally and spiritually through love. We can all learn to be spiritual healers and make use of light and sound and magnetic fields as a way to restore balance. We heal in non-invasive ways as love does not heal by force, but by remaking connections back to wholeness and all that is.

This is perhaps how we were meant to be. But many have been swamped with the programming that they are things and thus view and interpret what they see as things and not as being part of all that exists and being all that exists. It is completely obvious that we were meant to overlook Genesis Chapter 1 and they pushed the entire rest of the Bible upon us, which is based on being a thing, which ultimately leads to Satanism and fear based realities so that the few can control the many. The complexity of Genesis Chapter 1 and difficulty of thinking it through, makes many to overlook it. It is all done on purpose for it is we that are God and God is love, we hold all the power and share in that power equally amongst each other. When one thinks of themselves as a living thing and thus all as a living thing, they become a liability to the Universe as they do not know who they are and that they do not see themselves as being in an image of love and hold the likeness of love.

So if you get anything out of this book, I hope you at least learned what Dominion was about!

## Replacement of Surety

All charges and Judgments can be paid through a set off bond or more precisely a Replacement of Surety Bond. Anyone in prison anywhere in the world that is either fighting Charges or is in Prison, because they were judged guilty can use the Replacement of Surety Bond to pay off the debt of the Charges and walk away free. Although this is how it is suppose to work, there is no guarantee that the people who are holding someone in prison may comply with the Replacement of Surety Bond. It may require that a lien process be put in place against the bonds of those holding people after they have been presented with the Replacement of Surety Bond. Liquidating their bonds and thus removing them from their fictional positions of power, may be the only way to peacefully deal with the situation. However people have been let go just on the Replacement of Surety and Trials have been stopped in there tracks by using these Bonds.

## Birth Certificate

Ultimately within their SYSTEM it is your Birth Certificate that is paramount to your freedom. Not the Registration of Birth one, but the actual Birth Certificate, which is a warehouse receipt for your Vessel that is Berthed at some Port, called a Country. Ultimately if you are stuck and nobody is buying into the fact that you are a man created male or female by God, whereby their Civil Laws do not apply to you as you are not a FICTION, you can simply make use of you Birth Certificate to transfer liability back to your imaginary Vessel. You do this by Surrendering the Surety, being the Birth Certificate, to the Judge and simply walk out of the Court Room. Because the Courts operate in pure fiction, they have to accept a fiction when presented that matches the Docket, hence your Birth Certificate. You can simply order another Certificate later. The Birth Certificate is a Bond instrument and can be used to set off all charges against the Strawman.

Also in situations you do not have a Birth Certificate, you can always say, "I wave my bennifit privilege of going to Jail." or fine, whatever they suggest you do to atone for you sins. Combining the Birth Certificate with an Unlimited Private Set Off Bond also works wonders. You should never goto trial or have too and just file the Birth Certificate with the Court Clerk along with your Bond. You could include a notice that you are surrendering the Surety or DEFENDANT by doing this and simply follow up with a letter to the Judge in his Chambers. A Judge in the Public works for the Bankers, when the Judge is in Chambers it is private. So Send the Judge in Chambers a letter explaining what you are doing and what you want him/her to do about it.

## Your Signature

If you don't have Birth Certificate you can just write a note that you are Surrendering the Surety or Replacing the Surety. It is your signature of your Agent that gives the document value, which can be converted by any judge into currency. You might have to give yourself a name, although again Man does not have a name. If you do punctuated it like this:

: John-Harry: Doe SURRENDER OF SURETY/DEFENDANT

HAY, FRANCIS ROBERT THOMAS has been surrendered as Surety for the real Living Man of Flesh and Blood date of birth, April xx, xxxx; in the matter Case No.123456 Concerning stepping on an Ant's toe.

By Agent: \_\_\_\_\_

Francis Robert Thomas Hay

## Replacement of Surety Bond

I am currently drafting a Replacement of Surety Bond that can be used I would think in any Country in the World to set off Charges and Judgments against people so they can be released. My reasons for doing this are simple. Infinite Love has no boundaries. If someone wants out that murdered people so be it, let the people decide his or her fate. If people are being held against their will they must be allowed out. No one has any more or less authority than anyone else. Until we make that sacred, the Ruling Elite will play their games to divide and concur us. If we are to be free we all must be free. So check back as soon as I get it lodged into the US Treasury it will be put in the book for anyone to use.

\* Note that your body is the property of the Creator, God or YHWH, it is not the property of imaginary fictions. When you enter into their commercial world of fiction to resolve things in a commercial way as shown above, they can change the rules at a whim. Thus your only true solution is to acknowledge that the creator has ownership over your body and in the Bible Genesis 1:26-28 gave you dominion over all the earth and over every living thing on the earth. Since the building or structure is on the earth, challenge them on that then get up and walk out. Never be intimidated, but always answer their questions so things are absolutely clear. They cannot and will not violate God's will. If you goto Court voluntarily you are agreeing to their rules and their terms and this may not help you. You will have to do a lot of explaining perhaps to get free. Again recant all signatures and never sign anything in regards to a case.

## Oaths

### Ontario Provincial Police Oath of Office

I solemnly affirm that I will be loyal to Her Majesty the Queen and to Canada, and that I will uphold the Constitution of Canada and that I will, to the best of my ability, preserve the peace, prevent offences and discharge my other duties as a Commissioned Officer, faithfully, impartially and according to law.

Okay Her Majesty the Queen, who exactly is that? Which Queen would that be? Further if they mean Queen Elizabeth II, she is a de facto Queen, nothing in the Constitution states that she is the Head of Canada or State. Now for the Constitution, what Constitution? Canada doesn't have one. Canada is a Corporation listed on the Security Exchange Commission in Washington D.C. In terms of law, which law? Law is contract, what contracts are they referring too?

### Quebec Police

Police Act for Quebec:

[http://www2.publicationsduquebec.gouv.qc.ca/dynamicSearch/telecharge.php?type=2&file=%2F%2F13\\_1%2F13\\_1\\_A.htm](http://www2.publicationsduquebec.gouv.qc.ca/dynamicSearch/telecharge.php?type=2&file=%2F%2F13_1%2F13_1_A.htm)

60. The members of the Sûreté du Québec shall take the oaths set out in Schedules A and B

before the following **persons:**

- 1) the Director General, before a judge of the Court of Québec;
- 2) the deputy directors, before the Director General;
- 3) the other members of the Sûreté du Québec, before the Director General or one of the deputy directors.

Firstly if you are going to swear before a person, then that means you do it in an empty room as persons are fictions, then of course the Oaths reside inside of the Police Act, which is written in Legalese, which is an unintelligible language only lawyers can interpret.

I swear that I will be loyal and bear true allegiance to constituted authority, and that I will fulfill the duties of my office of ....., honestly and fairly and in compliance with the Code of ethics of Québec police officers and that I will not receive any sum of money or consideration for what I have done or may do in the discharge of the duties of my office, to procure the purchase or exchange of anything whatsoever by or with ( the Government, the municipality or the employer of the special constable), other than my salary or what may be allowed me by law or by ( an order of the Government or a by-law or resolution of the council, as the case may be).

Who is the Constituted Authority? Canada has no Constitution. No Constitutional Authority means they bear true allegiance to no one. Quebec never ratified the Canadian Constitution, thus they are still not part of Canada, if that means anything. Pretty vague on what the duties are of ones Office. The Oath states that they will comply with the Code of ethics of Quebec police officers. So compliance equals contract, what about the laws they are suppose to enforce, no mention of that here. Code also means unwritten law as well, so what unwritten laws are they complying too? Consideration, hmm money does not exist, only promissary notes, which are private notes belonging to the Federal Reserve. So they are working for the Federal Reserve as that is who pays them.

Oath of Discretion Quebec Police I swear that I will not reveal or make known, without being

duly authorized, anything whatsoever of which I have learned in the performance of my duties.

To be duly authorized requires only 2 signatures of any two people. So who are they telling everything too? What about Court situations, if no one authorizes them to give key evidence then no evidence is given. That's fair right?

## Appendix III

### Unfolding of a Spaceman that Came Traveling

There is an underlying theme to the Chris De Burg Song, A Spaceman came Traveling. mentioned it near the very beginning of this book and it was my hope that perhaps you may have discovered the secrets relayed in this song. Here is a different video made by Robert Milton that is quite fun to watch,

<http://video.google.ca/videoplay?docid=-7896491419818228611&q=Chris+De+Burg+A+Spaceman+Came+Traveling&total=3&start=0&num=10&so=0&type=search&plindex=1>

Black absorbs energy and the Universe for the most part is Black, but filled with more stars than all the grains of sands on the earth, in fact it is infinite. This is why those that prey on us reside in the dark, for the dark absorbs energy. The Universe holds stars, Galaxies and even, yes us in form due to sound waves we cannot hear. These waves resonate with our DNA and refresh our holographic form on a continual basis as it does with all thought forms. Because the Universe we see is fixated on a small light spectrum where we can only see comprehend 30 frames per seconds maximum, it is what transpires beyond that 30 frames per second that other life exists or rather tuned into.

High speed imaging systems used in space at the level of about 100,000 frames per second reveal other forms of life from what some people in NASA have sometimes talked about on radio programs, such as Coast to Coast AM. It would take a computer to scan the frames and sort out the images created. It is curious as this only looks at frequencies that we can see, still a very wide band of spectrum to look at, if the technology exists. However once we start using our intuition instead of our minds, we will open to the full spectrum of life of the Universe. This is what they are trying to stop at all costs it seems. We are not alone here.

The ships or UFOs seem to shift frequencies allowing the people within to move between dimensions and travel great distances in very little time. The song is quite interesting in it's Religious aspect. The Star above Christ's Birth. A bright light of Silver around the Baby made people around the people afraid. This sliver light represents the infinite love within all of us. It is perhaps a beginning of a new level of consciousness being introduced to all man kind. The fear is significant again of how we forget who we are in fear and not recognizing the Baby as ourselves, just being expressed in the form of a Baby.

The Music is about the hyper holographic sound that maintains our form and those forms all around us. The music represents the vibrational fields that we decode through our mind and create this orchestra of reality. It is through music that our mind, body and soul can be nurtured or destroyed. There are harmonics that are healing and hurtful. This has been proven through experiments on plants. Plants that were fed classical music thrived, while those feed hard acid rock type of music, withered and died. Much the same comes with our thoughts. If we direct happy joyful thoughts towards water and freeze them, the water crystals that form are beautiful and symmetrical, hate generates water crystals that are deformed and damaged.

<http://www.thelighthows.com/articles/consciouswater.htm>

It is the underlying belief that someone external from us will come to save us and make this world a better place for us. It is a Pandora's box, where by hope being the most misleading thing of all. When we hope for something it freezes out all other possibilities of us doing something to resolve the issues set before us. Yoda once said, "Try not! You do or you don't do. There is no try." It is by our actions that things change not by our tries or hopes.

Thus sound energy carries consciousness and that energy can be hurtful or helpful. Our

thoughts are very powerful and hence why so much work goes into mind control. The auric field and chakras of people and all life for that matter respond to music. Sound is a powerful way of energizing our Auric Fields and connecting us to higher vibrational realities.

Ultimately you come to the question about the Darkness of the Universe and it's ability to absorb such vast amounts of energy and hold so much life within. We are not alone in this Universe, to say so in the face of all the stars and Galaxies set before us, would be negating all the evidence that says otherwise. We live within a highly manipulated reality, but one that can be changed. It is through our thoughts and love that we can create a better world for ourselves. Our manipulators feed on the fear we generate and use divide and conquer techniques. When we love one another there is no reason for power structure, so perhaps the return of 2000 years of time will begin to awaken people that they have a choice. That being to love one another and take steps to ensure all share in creation equally. The Universe is very much alive and is following a path of creation of it's own. We still have much to learn, but in the end, we are simply Love.

## Example Letters

I removed the example letters. The reason being is that all Law exists in darkness and when we write letters to these people in terms of the System we are making use of a dead language, English, Legalese etc. are all their copyright owned languages, which simply tells them that you are making use of their dead system and must be under their jurisdiction. Yes it is that insane. I will however include the last letter I drew up for those wishing to take on the CRA or the IRS etc. It can be modified. The foundation of what I use in the letter, God giving man dominion over all the earth is the foundation of the power I say we have within the System. However God is their CONstruct not ours. We are life and our creator lives and thus we are the life within the dream of life. We are the creator as we create our bodies and what we see all around us, the dead can not animate themselves, speak or interact with us, they have no LIFE. We are the only ones present and thus there is no need to re-present ourselves as dead fictions within their system of the dead. So here is my letter bellow, which you can use if you like. Also remember we do not sign anything including this letter as we are not present on the letter, we are present in life, the paper has no life and we have no name to sign. A signature is used to validate a document, that is their law, no ours.

I made up a letter for a friend for stopping CRA or the IRS etc from bothering her anymore. I thought I share a generic copy of it with you all. Don't be surprised though if they send you a letter back saying some stupid thing. It is merely a trick to see if you are indeed acting as the surety for their strawman PERSON. Simply mail the letter back whatever it is saying that you are a man created as male/female by God standing in your dominion upon the earth. This letter is addressed to some fictional entity called a PERSON in a place that does not exist on the earth, do not send any further mail to this address as I am not the one you are looking for.

We as man hold dominion, which means we make the laws that apply only to ourselves. Hence they only make Statutes, codes, regulations, policies but no laws. Law is reserved only for man to make. Law applies to all things, not life. We are life, those who use names and titles have no credibility as they are lying about who they are, that they are not life, man created as male or female by God upon the earth. Of course this would extend beyond the earth as all life comes from the same source and thus all life is equal to each other. However I'll leave that discussion for another day.

Write, "I refuse your offer of contract" on the front and across the height of the letter and back if there is writing there as well. Send it all back with the envelope.

The Letter can be adapted to work in any situation with a few modifications. Foreclosures on houses etc.

Re: JOHN HENRY DOE – SIN 123 456 789

It seems that someone from the Tax Centre has sent a request to JOHN HENRY DOE, to file and pay taxes to the CRA and the RECEIVER GENERAL OF CANADA. I am contacting you in regard to your enticement of slavery through your Taxation SYSTEM. I am not JOHN HENRY DOE, but a man created as female by God, standing in her dominion over all the earth. All this paperwork which the Taxation Centre has sent to me, as JOHN HENRY DOE, which exists only in fiction as a "person", sits upon the earth. A Person has two main attributes: a Name and a Date of Birth, both of which are only hearsay, as they are made-up fiction. All your laws pertaining to JOHN HENRY DOE are also based upon a world of fiction; point-in-fact: where is CANADA? Is not CANADA a thing of imagination .... not naturally-created by our Creator called 'God', in the King James Bible? Anyone can create "laws" to read that CANADA is on the earth, but, in truth, it is not on the earth; it is an imaginary fiction. I do not live within the fiction called CANADA.

The enticement into slavery is very simple. It is to trick me into believing that I *am* JOHN HENRY DOE, living at a hearsay address, within the fiction called CANADA. By doing so, you get to assume I am a subject of the Crown, thus a *copy* of life, instead of *life*, itself. I am not a thing. I exist in truth and I am very much alive and well. I am not your slave. God's own words are very clear, in Genesis 1:26-28, that I hold dominion over all the earth and over every living thing that moveth upon the earth. Are you a living thing that moveth upon the earth? It seems you are, as you and others are using names and other hearsay fictions to give life to a world which is based totally upon fiction, with the purpose of enslaving God's creations, within that world of fiction; is this not true?

Dominion means to rule. This means that I, not "living things", such as you, make the laws which affect me and my environment. You have no authority; you can only point to imaginary titles which have no life to them, to explain your authority. Thus, if titles have no life, then, they have no way enforcing any law against the living, as nothing in fiction has life. You all are merely actors in fiction. You have neither authority nor credibility, as you are only man, created as male or female by God. That you are a title of fiction, rather than a part of creation and life, is a lie. In truth we are all One. We, as 'man', share our dominion and no man-made laws have any merit on us, as we are all equal. We all come from the same source of creation.

Accordingly, I order your 'living things' called persons to adjust immediately all accounts, in regard to this matter, to zero (\$0.00 dollars CDN) and to cease all harassment, in terms of letters, phone calls, and any other communications, in regard to this matter.

Sincerely yours,

A man created as **(male/female)** by God, standing in her dominion over all the earth and over every living thing that moveth upon the earth.

## Appendix V

*Ascension - A Remarkable Essay by Eric Krueger, [brotherrockstar@hotmail.com](mailto:brotherrockstar@hotmail.com)*

### **What is ascension?**

Ascension is basically a change in the focus of consciousness. It is the natural, on-going evolutionary process of all Creation. As eternal, spiritual beings, we were created by God to expand through experience. When we choose to incarnate in the dense, physical, third dimension, we descend. We come to Earth again and again in order to experience, learn, and master this most difficult of dimensions with unconditional love. This choice greatly accelerates our spiritual evolution. The only problem is, we fall asleep in matter. We get bogged down in materiality, thinking that it is our total reality. We forget that we come into incarnation in order to return to the spiritual realms with added wisdom and experience. This is ascension. This is our goal.

All life is ascending . . . the plants, the rocks, the animals, each in its own time in its own individual way. The Earth, as a living being, is also ascending. It is happening according to the Divine Plan whether we know about it or not. Only the resistance to this process is painful.

This natural evolutionary process can be greatly assisted by consciously choosing to commit to our personal ascension. Our personal awareness and choice is so important. Spirit will never force us to accept love, joy, and inner peace. Our free will choice is always honoured. By ending our resistance, we can move rapidly forward without the pain and struggle so often associated with human life.

In past ages, ascension occurred after the death of the physical body. When souls decided to plunge totally into the dense realm of matter, they found they needed many human bodies to spiritualize physical form. When too many mistakes were made in one body and it was exhausted, the body was discarded. A period of rest was experienced without the body, then a new body was formed to allow a fresh start. Memory of other incarnated mistakes was blotted out, not as a punishment, but as a gift of beginning again, without entanglements, to meet the challenge of spiritualising the physical body. The soul, of course, retained the memories. As more and more of the soul is incorporated into the consciousness, "remembering" past experiences becomes easier.

This process of reincarnation has progressed far enough for the proportion of spirit to matter within the body to improve considerably. Now it is possible for people to ascend with the physical body, no longer needing to leave it behind.

### **The Process of Ascension**

earth is in the process of elevating in vibration in order to attain the state of a star. The process of the elevation in vibration is known as ascension. The process of ascension involves many stages of initiations or tests, and as each test is passed, the body or planet at large increases in vibration. We, the dolphin and whale communities, along with the plant, animal and mineral kingdoms are well under way in their ascension process and have been for some time.

Ascension is about growth of the Soul and expansion of our consciousness. It is about accepting full responsibility for everything we think and do. It is about falling in love with ourselves and about releasing all those fears that inhibit the full expression of who we are. Ascension is about regaining our self-respect in the full knowledge that we are magnificent beings of Light who know the power of love and who live every moment of every day by that principle. It is about actively being in service to that principle and therefore able to love our enemies, knowing that there is no such thing as an enemy. It is about seeing everyone, no matter who they are, as part of ourselves and therefore, to be revered in the same way that we revere ourselves, regardless of their behavior towards us.

## **What does ascension involve?**

Many people have noticed the strange changes in weather patterns occurring all over our planet, but they are minor compared to the cosmic and spiritual changes happening not only to the Earth, but to all the levels of life upon the planet.

Life as we know it is rapidly changing, and while it is wonderful and enlightening to study ancient traditions, and ponder on whether or not other life forms exist throughout the galaxy, we are fast running out of time.

Life exists throughout the universe in physical and non-physical forms and many visitors from these other civilisations are on hand to assist us through the great changes about to take place on our planet. These loving and intelligent beings are here to assist in keeping the energies in balance, and to assist us and the earth in the ascension process.

## **A change in Vibration**

Everything consists of vibrations -including your body and the earth you live on. Take for instance, the physical properties of a piece of ice. The only difference between ice, water and steam is in their various vibrational rates -ie, the speeds at which the electrons orbit the nucleus of each atom. By heating up the ice you raise it's vibrational rate until you can hardly see it. That doesn't mean it no longer exists, it just exists at a higher vibration - any higher and you wouldn't see it at all.

A long time ago the Earth existed at a much higher vibration (dimension) than it does today, but events took place that resulted in the Earth and its inhabitants dropping down to a lower vibration - the 3rd dimension - the physical reality we see around us today.

With every decrease in vibration/dimension, we lost more and more consciousness (and lifespan) until they forgot who they were, and why they were here. They even forgot that they were part of a greater whole. We have existed in a 'loop' pattern for thousands of years thinking we are the most important species in the universe - the pinnacle of evolution. The same patterns are played out over and over again, generating wars, drama, disease and karma. Even 'death' as we know it is unknown on higher dimensions. We have lost our ability to regenerate and repair our bodies so we just get old and die. And because we don't live long enough to understand who we really are, we have to re-incarnate -i.e., be reborn into another body time and time again until we remember who we are and why we are here.

What if we were given the help, energy and information to once again learn how to raise our vibrations to the point where we no longer were 'kept in the dark'? Where our intuitive powers were restored, where we could regenerate our bodies, and graduate from the fear-based world we live in, to a world of unconditional love and co-operation? What we are talking about is our own world existing at a higher vibration than it does now, populated by those of us who have also raised our consciousness vibration high enough to live upon the new earth. That is what 'ascension' is - a return up the vibrational/dimensional scale. Global warming is just one sign that Earth is increasing in vibration.

The planet itself is ascending to a higher level of vibration. By concentrating our energies on ascending rather than survival, we will be doing a great service for the planet that has served us so well, not to mention our own evolution.

All of the plant, animal, mineral, dolphin and whale kingdoms have made the intention to ascend with the earth. Only we still in the dark. Our consciousness has been in the dark for so long, that just the thought that this could be possible takes a bit of getting used to!

## **How do we ascend?**

The energy is now available for those who want to ascend to do so, it's just that some of the information on 'how' to do it has been lost or hidden.

Those humans who are leading the way in the ascension process are actually 'mapmaking' - acting as pathfinders for others to follow. They have to retrieve missing genetic information that tells the body how to change it's cells into a 'crystalline' form that can begin to hold a higher vibration (hence, all the channelings about DNA). They are then sharing the

information or making it available on an etheric level for others to use in their ascension. Consequently, it will become easier for newly awakened humans to ascend.

Apart from the 'intention' to ascend, there's a lot of personal issues and karma that will need to be addressed and worked through as part of the ascension process. Those who decide to take this path must be prepared to take personal responsibility for themselves, their thoughts and behavior. It also means a gradual letting go of people, situations and lifestyles that we have come to take for granted in the 3rd dimension.

### **What if we don't ascend?**

People that do not choose to awaken will continue to live on earth, but disease will become more prevalent as the vibration of the Earth they live on will continue to rise and not be compatible with their bodies' lower vibration. After earth ascends, living on this planet will no longer be an option for them and the most likely scenario is that most will succumb to disease. They will be reincarnated onto another 3rd dimensional planet to continue their evolution.

### **Global Shifts**

Gaia is the energetic name for what is called Mother Earth. She is a living, breathing entity and very much a part of your own energetic system. Even knowing that she is connected, you have treated this part of yourself with such disdain over the years and over your lifetimes. Therefore, it was necessary to appoint temporary guardians of this energy to ensure the survival of the Game. It was not until recently that you have begun to tread lightly upon the planet which supports your own energetic structure. Now the tide has turned and with it the opportunity to reclaim your power has come to you once again. You have been offered this opportunity five times throughout the history of your Game. Each time, you have not been able to hold your true power. Each time it was necessary for Gaia to fully cleanse herself, to relieve herself of the tension of the misdirected energy, which you created through your actions. These have been the global shifts that have happened five times thus far in the history of Planet Earth.

### **Stay and create Heaven on Earth**

The ascension process is not about leaving; it is about staying. It is about staying and creating Heaven on Earth. As above, so below.

### **Crystalline Form**

The earth Mother, along with the plant, animal and mineral kingdoms, and we, are currently undergoing a genetic transmutative process to the "crystalline form". The crystalline form has a different biochemical structure that allows any embodiment to hold a higher vibration. The crystalline form also allows for the experience of an ageless and disease-free life experience. The plant, animal and mineral kingdoms are also in the process of becoming crystalline in form. The planet at large, is a body and is not unlike a human body in relation to the crystalline conversion process. We know that with the human form, the crystalline conversion occurs gradually, and certain parts of the body are converted a little at a time. This is also true for the Earth Mother. Some parts of her, especially those areas that are related to energy ley lines and vortexes, are rapidly becoming crystalline in form. Other areas will not become crystalline until later in her ascension process.

### **Dissolving All Present Thoughtforms**

Earth is in the process of creating well-being and harmony for itself. The nature kingdoms are doing the same. We must choose for itself. Humans that choose to release the past and move along with both Earth and the nature kingdom, will have a very different future than the humans that do not choose to release the past. Everything shall change. There is no present thought-form, no present technology that is going to make the shift into the next dimension. Only that which is conscious shall survive. That which is conscious is all species upon Earth, including the plant, animal and mineral, dolphin and whale, and those humans whom are awakening. There is nothing in your world that shall remain as Earth's vibration reaches a high enough vibration to dissolve it. This shall include the buildings that you rely

upon, the cement of your roads, the plastic that you contain things in, and the craft and technology that you perceive as so very important. None of it shall be a part of Earth's future in the centuries ahead. Those who die will carry on with their indebted circumstance in another 3rd dimensional creation.

## **Learn to Experience Feeling**

Feeling occurs as initiates retrieve their emotional and intuitive bodies in full. Feeling is important to the act of ascension. Soul collects records and experience in ascension not through language, but through the act of feeling. Emotions are the main language that soul understands. Furthermore, no emotions equals no communication with God-Goddess-All That Is. And one wonders sometimes why one's prayers may seem unanswered! It is because without an emotional or intuitive body, one lacks the very components necessary to communicate with soul or God-Goddess-All That Is. How can one appreciate nature, a beautiful sunset, a beach, a redwood forest, a snow-capped mountain, if they do not feel? And what happens when one doesn't feel? They become bored and seek out entertainment through consumerism to fill the void. And so in learning to feel, one shall cease to depend upon entertainment or consumerism to feel alive, and shall experience authentic love. Authentic love comes not from entertainment or consumerism, but from soul dancing with soul. And soul can only be felt dancing with the form through the emotions. And as one learns to feel, one may feel the pain at first, but sooner or later one will also feel the love and soul and begin to be loved from the inside out. In becoming loved from within, one will cease to need to purchase anything to feel loved, and shall move off the treadmill of consumerism.

## **Surrender**

Each manifestation is an ascension opportunity. All manifestations teach something about oneself and mirrors one's own unconscious state of being. For aspirants upon the spiritual path, each manifestation provides clues as to what needs to be released or cleared in order to continue to ascend. And so one surrenders to whatever is made manifest, and allows the manifestation to teach oneself that which one has manifested such an experience to come to understand. In so doing, one can learn from each creation and allow future creations to be more joyful as one clears the patterns at cause of a distorted outcome.

## **Global Warming**

One manner of measuring an increase in earth's vibration is known as "global warming". The further Earth moves towards the next dimension or the attainment of becoming an Ascended Master, the warmer that she will become. This is simply because the increasing vibration causes the molecules of Earth to spin at a faster rate, which causes the temperature to simultaneously rise global wide.

## **Ascended Master**

Ascended Masters have mastered 3rd dimensional reality, and therefore leave 3rd dimensional form to pursue endeavors upon the dimensions of life-forms that exist beyond the 3rd dimension. In a similar manner, Earth is complete with her experience in the 3rd dimension, and is now striving to embody a fifth dimensional vibration as a whole, and become a Global Ascended Master herself. Ascension brings forth the gradual change of Earth's biology, each species working together to ascend at a parallel pace. At this time, each species upon Earth is moving up in vibration in parallel to Earth thus matching her overall increasing global vibration.

## **Spontaneous combustion**

Ascending without releasing all karmic ties to the 3rd dimension will result in either a spontaneous combustion or incomplete ascension, and thus require the soul to remain in the 3rd dimension to continue its evolution rather than ascend into the next dimensional experience.

## **The Pyramids as Ascension Chambers**

Within the pyramids of ancient Egypt, initiates were gradually elevated in vibration a little at a time to embody eighteen rays or beyond over a many year time frame. This resulted in the cellular restructuring of their bodies to what is called "crystalline" in form. The final purpose of the initiations in Egypt was for initiates to transcend the experience of death and take their embodiment into the next dimension. In order to accomplish this, the cellular restructuring to the "crystalline" form was a necessity.

The pyramids were only required by those with a lower vibration (the partially conscious humanoid form) and therefore were deemed necessary to support ascension in this fashion. Each chamber within the pyramid utilized a variety of devices to hold a specific vibration necessary to ascend a form from 5024 to 45,000 strands of DNA. Initiates entered the pyramid for varying timeframes and learned to hold the vibrations within the chambers of their own accord.

## **The joining of the brain's hemispheres**

You are in the process of reuniting the right and left hemispheres of your brain (which is the way it was designed to be). Once this is accomplished, wondrous things begin to happen: your creativity blossoms along with the mental agility and wherewithal to manifest your creative visions. You gain access to the levels of the brain which resonate to the frequencies of the higher dimensions, and you tap into the Light packets of wisdom and cosmic information that are stored there. The master glands within the brain are activated and you reconnect with the aspects of yourself that have lain dormant for thousands of years.

## **A new physical planet**

The 5th Dimension or 5th World is not only spiritual. It is a whole new physical world. This is about the ascension process of the whole person - physically, spiritually, mentally, and emotionally.

## **Ascension Portals**

When persons find themselves in the third dimension and seek diligently for understanding and then get it, they then go through a portal into the fourth dimension. And as soon as they arrive in this fourth dimension, they immediately start gathering information in order to attain understanding, or illumination, in order to pass through another portal into the fifth dimension. And it is then an ever-expanding process of attaining greater knowledge and understanding of illumination, thereby finding 'keys' of energy that open other portals. And when you do this, you are therefore qualified to time travel, and you become multi-dimensional.

## **The Ascension Process**

The process of returning to twelve strands of DNA in our current human form is known as Ascension. Ascension is the process by which the embodiment is elevated in vibration a little at a time until it embraces each of the seven rays, thereby vibrating in the unconditional love. In so doing, ten additional strands of DNA are connected within the circuitry of the body and the brain. As the embodiment elevates in vibration, and as the new DNA is connected, fear-based patterns and beliefs are released simultaneously and make room for the experience of more joy, creativity and self-expression.

In embracing the first set of twelve strands of DNA, one is considered "Christed." Many metaphysicians have spoken of the return of the "Christ." The return of "Christ" is and will be in the form of many who will embody the new genetics. The individual who has embodied twelve strands of DNA or has become "Christed" moves beyond limitation within human form. In moving beyond limitation, the individual also moves out of fear. As all of mankind embodies the new genetics, civilisation will gradually restructure itself to be based on unconditional love.

## **Transition from planet to star**

Earth is in the process of elevating in vibration in order to attain the state of a star. The process of the elevation in vibration is known as ascension. The process of ascension involves many stages of initiations or tests, and as each test is passed, the body or planet at large increases in vibration. We, the dolphin and whale communities, along with the plant, animal and mineral kingdoms are well under way in their ascension process and have been for some time.

Human ascension is difficult. There is no doubt about this. It is difficult because one must face their dark side, and their deepest fears. The heart must open to ascend. This is a necessity, and one must ask for it or it may not occur. Sometimes, the opening of the heart is painful. However, as the pain is processed in full, it leaves joy, passion, unity and divine union in its place. There is no other way than through the dilemma of the human fall in consciousness. Ascension cannot occur without processing and releasing that which no longer serves, including the pain and the fear.

## **Embrace the dark**

For those whom are ascending, embracing your dark-side and releasing your unconscious agreements to be utilised by the dark, will prevent catastrophes from occurring within one's own life experience. It is through the act of ascending that one will transit such harmfulness in full and embrace a new awareness that is unity based. Unity based awareness holds no thought-form of destruction, and therefore destructive tendencies are transcended in full as one embraces such awareness. The path of ascension is difficult, the distortions many, the veils of illusion so thick that it is difficult for most in human form to see beyond them. But for those that are willing to see and push past the illusion, you shall be supported.

## **Blocked meridians lead to disease**

Every consciousness upon Earth must choose to ascend along with her, or it will die off. At this time, all species except mankind have chosen to ascend. Such species include all plant kingdoms, all animal kingdoms, all mineral kingdoms, and the dolphins and whales which are conscious beings. If mankind does not consciously choose to ascend, large portions of the population will become ill and the body will "die". This is simply the result of the increasing vibration of Earth's surface. As Earth increases to a vibration so high (and the human form does not also increase in vibration), the higher vibration of Earth's surface will cause the meridians of the subtle bodies to become blocked. This will simply be the result of too much chi running through subtle bodies that are not designed to receive so much chi. As the meridians become blocked, disease will occur within the form over time.

## **Critical Mass and Higher Vibration**

When you evolve to an evolutionary stage that is a higher vibration of love, then you are no longer aware of the fear and the conflict. You are not living in that world. It may be explained as disappearing; it may be explained as a split in your awareness or planet. What you are truly saying is that when a moment happens that there is enough points of consciousness on your planet - and this will not just be us; this will also be your animals, your plants, all life forms - when there is enough points of consciousness that go beyond the vibration of conflict and fear, then they separate into a new nucleus. A critical mass will have been achieved. When you free yourself of fear, you cannot be in the vibration of fear because it is not in you. So, when that moment of critical mass consciousness comes, then there is enough focused consciousness to hold and sustain the creation of a world, as you know it to be. That is the split or rapture, as some may know it to be. It becomes impossible to interact with the lower vibration of fear at that point. The range of vibration is too wide.

## **Ascension Duality**

It is important to realize that much will be brought forth, many changes will come in the time that is left here, before this new era dawns. Your conception of Time will almost stand still, it will be changed. Time will go at different rates. Sometimes, you may feel that many

hours have passed when only a minute has passed. You will be entering different dimensional frequencies. You will be in other vibrational frequencies where the concept of time will be different. This will be only one of many experiences that you will have as your body and mind begin to accelerate toward a new dimensional frequency. You will begin to "see" time differently. You will begin to bring many other changes forth. You will then begin to realize that you are "SAFE" and that all of your experiences are happening in harmony with this Divine Plane of Acceleration of Ascension.

You are moving to a new level of existence and your being is working in new ways. You will be experiencing Time differently. You will feel, at times, "out of sync" with clocks and other tools that are used to measure the passing of linear Time. Know that this is an experience of great Love and Joy. These experiences are happening for many reasons. We can only encourage you to feel comfortable and bring forth these changes. If you simply relax and allow yourself to have these experiences without creating great concern about them, without fear, doubt or alarm, but know that they are part of a new emergence of energy, of the shifts in the magnetic fields. All these energy shifts that are being brought forth are all working to bring into the space that you occupy a new dimensional frequency. You are as in two places at the same time. Part of you will be feeling as part of your third dimensional, usual, frequency, and another part will be feeling the higher level of this dimensional frequency.

You will be in a unique position that has not occurred for many, many centuries upon this planet. The energy of matter is being stepped up and vibrating at a more rapid, refined frequency. This is all part of this dimensional shift. Some people will be on a higher vibrational frequency, and will still be on this plane of existence and functioning in their daily life, others will be vibrating at much higher rates and will be gone from this dimension as you perceive it.

And so it is that you will see this chair, and those of you that will be vibrating at a higher frequency will still see the chair, and those that are at still higher, more extreme variables of higher frequencies will not see this chair at all but will see in its place a wholly different reality. But in essence, you will both be in the same place. Those who are accelerating more rapidly, will be as what may be thought of as gone from here. It has been the awareness of many that beings will leave this planet and physically be gone from this dimensional frequency. There will be those that will be vibrating at a higher dimensional frequency and will still be here on this planet that you know today.

The consciousness will be different. Those who are resonating on a slightly higher frequency, will still feel as they are here upon this planet, and will be experiencing the Joy, the Oneness, the Beauty and the higher frequencies of this dimension. You will be experiencing life as feeling Bliss, as feeling Joy, as feeling much of the God-Centred Unity that exists on the higher realms, but you will still be here. You will still be functioning within this body. Going to the market and the library and other activities will still be part of your same existence. This one aspect has been foreseen by many beings for much time.

There is another aspect that will be happening, where beings will be at a much higher frequency and will not appear to be here physically as you may perceive the chair or the lamp or any other of the objects that are on this planet in the third dimensional frequency. This new age, this new era, this new level of consciousness, this new way of functioning offers these two potentials of functioning for many humans. You may feel that you would wish to leave this level of life functioning completely or you would wish to stay and experience the Oneness and the Unity, the connectedness, the Bliss, the Divine God Christ consciousness here at this level of functioning on this planet. It is not the choice of your conscious mind to make. It is the choice of the totality of all the aspects of yourself to make. For now, you presently exist on many dimensional frequencies other than this life where you are perceiving this communication. You are many beings, many thoughts and many existences all happening as "Now". It will be as a harmonious aspect, as an experience of unification of all of these aspects of yourself, that will either know that it is time to accelerate to a much faster vibration or whether you may experience Harmony and Unity within all yourselves and remain here in a slightly faster vibrational frequency.

Eventually, within a long space of time, it will be that all beings will be at much higher levels

of functioning. This is an individual experience. It is as some babies walk at 6 months and some walk at two years. So will you walk into another dimension. Some faster than others. Each will be in their own state of Harmony with themselves and their transformation. You will be doing exactly what is right for all the aspects of yourself. It is a harmony of that which you may call your Higher Self, or your Primal Self, or what you may call your subconscious, your inner child, and your aspects of yourself that are living other lives in other time frames, dimensions, galaxies, and universes. These are the aspects of yourself that you are not consciously aware of as you live your life in this reality you call life on Earth.

All these will be in agreement, as they might not be at this moment. All these aspects will harmonise and be brought to a state of fullness. You may figuratively and literally vibrate out of this reality, or you may stay here and enjoy a more refined, harmonious aspect of existence here. Either way will be filled with great beauty. You will not consciously realize or choose which aspect of existence you will live in. The choice will be made on a higher level. Know that either way, this will be very beautiful. It is an experience of coming closer to the Godhead. It is that which you consider the Divine God Energy. Either way you are growing closer to this energy. You may be taking a large leap or a smaller step. Either way you are coming closer to experiencing, in manifestation, that Divine Essence that you are, and which you are a part of that you have always been a part of. This is an end to the feelings of separation, an end to the feeling that you are not united with the Divine God Essence. Know that all is working harmoniously, in every aspect of your being. All that you are hoping for, all that you are feeling budding within yourself, will be brought forth with great ease.

We would wish to give to you this vision: See yourself in a beautiful forest. It is getting dark. It is the time of twilight, the time when night approaches. Know that there is a beautiful doorway standing in the middle of a open glen within the middle of this forest. This doorway and the door that is there is a beautiful golden door with many beautiful symbols of Unity and Oneness that have been handed down from many centuries upon this planet and in other dimensional frequencies as well. As you come closer to this door, you begin to have the feelings of Beauty and Harmony. You are at the door and reaching out for the handle. The door opens easily. When you walk through the door, you will have a wonderful experience. Your experience will fall into one of these two general categories: One will be that you walk through this doorway and you will see the same setting as before, the forest, the night falling, but everything will be as vibrantly alive. You will see beautiful light energy radiating from every object. You will also feel this beautiful light energy. You will see yourself connected to this beautiful energy and to every object. You will look down at your hands, at your body at your feet and it will still be you, but you will see this wonderful light energy going through you. You will feel this Divine Bliss within yourself. You will connect to the state of Bliss that everything you see in this forest is also connected to. You will radiate this feeling of oneness. You will know that this is the Unity of God in manifestation.

The other type of experience will be very unique. You will walk through this doorway and nothing will look familiar. You will not see familiar objects. You will not see colours that are familiar to you. You will see nothing that is like the forest on the other side of the door. Everything that you do see will vibrate and swirl with energy. The objects will speak to you. They will soothe you, and touch you. You will be just as harmonious, just as much at peace as the other experience would make you feel if you were having it. These are representations of the two types of experiences that await you. This vision represents the two types of light transformation that are coming to the conscious beings on this planet. These visions represent a whole new existence. No matter which experience you have, remember that one is not better than the other, it is only different. Know that all the aspects of yourself are choosing the correct experience for you. It has not to do with more evolved or less evolved, it has to do with what is right for you!

The term "God" has been very over used and under experienced. And what is coming is just that; an enhanced, improved, energised experience of God. It will be a feeling, a sensing, a knowing, not an intellectual idea. God is not something you can read in a book, it is a knowing of what is already known. This is the new dimension of existence that is coming to you. As you grow and expand, you will feel great peace about your decisions and you will

have total acceptance of your new experiences. At first there may be confusion and what seems to be lack of structure. Familiar landmarks may disappear. Structures that have given you security will leave, and be replaced simply with feelings of knowing. This is a great blessing and honour to be in manifestation and to bring this forth now. It is the birthing of the new existence to come.

Here is an article that was forwarded to me, which describes the Ascension process of the body and earth in much more detail for those of you interested in learning more about it.

## **A Note from the Editor**

When I first came across the Extortion System of the Ruling Elite, it was by chance on a link at the bottom of an article that Rob had written. I generally do not follow links from articles, but since the article intrigued me I thought I would give it a shot. What an eye opener!

Within a day I had pounded out several chapters, and was really absorbing the material. One of the things I am most anally retentive about, though, is grammar. Writing doesn't need to be the Queen's English, but I like a steady flow of ideas. So instead of complaining about it while I read, I figured I would do something about it. I emailed Rob and offered to edit the whole thing for free. He readily agreed and we planned to do a series of pages at a time, breaking it up so it was not such a monumental task.

It has been a task greater than I had envisioned, but these types of things usually are. Even so, it has been very rewarding, and it has helped that Rob warmed up to my changes quickly and I feel we have a good idea of what each other is after, and a level of trust.

My goal throughout was to keep all of the information intact but make the presentation a bit more palatable. Along the way, I have had the opportunity to read each chapter at least three times, and in some instances I have read the same paragraph or sentence multiple times trying to work out the wording while keeping the meat of it intact. Through this, I have truly absorbed the meanings and intentions with a focused intensity, and have found no cause to question any of it. Rob's constant dedication to keeping all things centered in love and truth makes that possible. And while there are a great many threats to all of us personally and mankind in full, Rob is always seeking remedy with which to sooth our fears and give us all hope. For that I am truly grateful.

I haven't met Rob or even spoken to him, but I am sure that someday I will. In the meantime, I offer my most humble servitude to the cause and purposes of and outside this book, that it may have the greatest effect in ending the deceptions and fraud the earth and its inhabitants are subjected to by the Extortion Systems of the Ruling Elite.

With Love to All,

Terry of the family Baca
